LAX was built to handle 40 million passengers and 1 million tons of cargo per year. Currently, 67 million passengers and 2.4 million tons of cargo pass through LAX per year. All the freeways are becoming parking lots for LAX traffic.

There is no way that Los Angeles can adequately address or mitigate 98 million passengers and 4.2 million tons of cargo by 2015 via the expansion of LAX.

2. The EIR does not adequately address nor mitigate health issues. The EIR does not adequately address nor mitigate the air pollution from the passenger airplanes, the cargo airplanes and the freeway traffic due to LAX. The EIR does not address nor mitigate the increase in cancer and respiratory ailments due to jet fuel and automobile and truck exhaust.

Anyone that lives within 10 miles of the LAX airport has potential legal causes of action to sue for cancer and respiratory ailments.

3. The EIR does not adequately address nor mitigate the noise pollution due to the passenger and cargo airplanes and the freeway traffic due to LAX. The EIR limited the study of noise levels to 65 db. The EIR is inadequate. The noise levels exceed the 65db levels in all of the surrounding communities: Westchester, Inglewood, El Segundo, Manhattan Beach, and Playa del Rey.

Today the noise level in Westport Heights of Westchester exceeds 65 db twenty fours a day due to LAX excess passengers and cargo. Eight years ago the noise level dropped below 65 db after 8 p.m. to 6 a.m. due to LAX. LAX has failed to address noise pollution.

4. The EIR does not adequately address nor mitigate LAX safety of air space. The recently released FAA report indicates that LAX is the worst airport in the United States regarding near miss collisions. LAX has experienced 33 near miss collisions in the last four years. The limited

airspace is dangerous. Common sense tells you that increasing the concentration of airplanes flying in and out of LAX will open the doors to civil actions against the FAA, LAWA and SCAG due the breach of their fiduciary duty to protect the passengers and the people who live in the vicinity of LAX. Expansion of LAX will only increase the liability, damages and deaths due to the concentration and centralization of airplane passengers and cargo in such limited air space.

5. The EIR did not address the issue of risk from earthquakes at LAX. If LAWA, the FAA and SCAG proceed with the expansion of LAX to centralize and concentrate the passengers and cargo from all of Los Angeles County, Orange County and San Diego County, what will happen if there is a Northridge@ size earthquake at LAX? The LAX Master Plan for Expansion puts Aall our eggs in one basket@ for the entire Southern California region. This is ludicrous. This is a breach of your fiduciary duty. The ARegional Solution@ to airport expansion is the only solution to diversify the risk from catastrophic disasters. Southern California=s entire economy would be destroyed when LAX is hit by a Northridge@ size earthquake.

6. The EIR did not address, incorporate nor mitigate the traffic congestion, noise, health, and safety issues that are the result of the development of the Howard Hughes project, Playa Vista project, Ballona Creek project and the Marina del Rey project(s). These four (4) developments are going to have a massive impact on the entire Westside of Los Angeles and the South Bay Areas. The LAX Master Plan for expansion and the EIS/EIR have failed to address the impact of these four developments on LAX. Again, this is ludicrous.

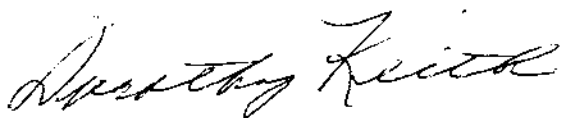

7. The LAX Master Plan for expansion does not address the fact that two (2) billion dollars will be wasted to demolish Westchester and Inglewood prior to the expansion of LAX. LAWA owns LAX, Palmdale and Ontario airports. Since the land in Palmdale and Ontario was purchase a long time ago why waste billions of dollars?

8. Orange County (El Toro airport, etc), San Diego County and the inland empires should be held responsible to provide airport facilities for passengers and cargo that are destined for that region.

I hope James Hahn, Mayor of Los Angeles, will fulfill his promise to stop the expansion of LAX.

The FAA, LAWA and SCAG has a fiduciary duty to address all these concerns. Try the regional airport approach. Stop the LAX expansion plan.

Sincerely,

Re: Los Angeles International Airport Master Plan Draft Environmental Impact Statement (EIS) / Environmental Impact Report (EIR)

Dear Mr. Ritchie:

I am requesting that the Federal Aviation Administration (FAA), Los Angeles World Airports (LAWA), and Southern California Association of Governments (SCAG) terminate the expansion of LAX. I oppose the LAX expansion alternatives A, B, and C.

I am requesting that the ANo Action/ No Project Alternative@ for LAX Master Plan be approved.

I am requesting that a ARegional Solution@ be developed for airline passengers and airline cargo. Centralizing all the passengers and cargo from Los Angeles County, Orange County and San Diego County into LAX is ludicrous. Centralization of all the passengers and cargo into LAX is not feasible. The LAX draft EIS/EIR does mitigate nor address the issues adequately. Now is the time that each region should develop and accept responsibility for airplane passengers and airplane cargo.

I am requesting that the ARing Road@, AArbor Vitae Interchange@, and the AAirport Boulevard Connector Road@ which are development plans for the LAX expansion be terminated. The development of the ARing Road@, AArbor Vitae Interchange@, and the AAirport Boulevard Connector Road@ will not soive nor adequately mitigate any of the issues that the LAX draft EIS/EIR proposes. The development of the ARing Road@, AArbor Vitae Interchange@, and the AAirport Boulevard Connector Road@ will destroy the residential communities of Westport Heights, Westchester, and Inglewood.

My requests are based upon the Los Angeles International Airport Master Plan Draft Environmental Impact Statement (EIS) / Environmental Impact Report (EIR).

The LAX draft EIS/EIR does not adequately address nor mitigate the following issues:

1. The EIR does not adequately address nor mitigate traffic congestion. Traffic congestion on the 405 Fwy, 105 Fwy, 10 Fwy and the 101 Fwy have not and can not be mitigated. The freeways have become parking lots due to the excess LAX passengers and the cargo. For example, the EIR states that traffic congestion on the 405 Fwy exists between 7 a.m. to 9 a.m. and 3:30 p.m. to 7 p.m. These statements are false. The traffic congestion on the 405 Fwy exists from 6:30 a.m. to 11:30 a.m. and from 2:30 p.m. to 7:30 p.m. The 405 Fwy is bumper to bumper with traffic congestion all day long due to the excess 27 million passengers and the 1.4 million tons of cargo that exceed the capacity that LAX was built to handle back in 1966.

LAX was built to handle 40 million passengers and 1 million tons of cargo per year. Currently, 67 million passengers and 2.4 million tons of cargo pass through LAX per year. All the freeways are becoming parking lots for LAX traffic.

There is no way that Los Angeles can adequately address or mitigate 98 million passengers and 4.2 million tons of cargo by 2015 via the expansion of LAX.

2. The EIR does not adequately address nor mitigate health issues. The EIR does not adequately address nor mitigate the air pollution from the passenger airplanes, the cargo airplanes and the freeway traffic due to LAX. The EIR does not address nor mitigate the increase in cancer and respiratory ailments due to jet fuel and automobile and truck exhaust.

Anyone that lives within 10 miles of the LAX airport has potential legal causes of action to sue for cancer and respiratory ailments.

3. The EIR does not adequately address nor mitigate the noise pollution due to the passenger and cargo airplanes and the freeway traffic due to LAX. The EIR limited the study of noise levels to 65 db. The EIR is inadequate. The noise levels exceed the 65db levels in all of the surrounding communities: Westchester, Inglewood, El Segundo, Manhattan Beach, and Playa del Rey.

Today the noise level in Westport Heights of Westchester exceeds 65 db twenty fours a day due to LAX excess passengers and cargo. Eight years ago the noise level dropped below 65 db after 8 p.m. to 6 a.m. due to LAX. LAX has failed to address noise pollution.

4. The EIR does not adequately address nor mitigate LAX safety of air space. The recently released FAA report indicates that LAX is the worst airport in the United States regarding near miss collisions. LAX has experienced 33 near miss collisions in the last four years. The limited

airspace is dangerous. Common sense tells you that increasing the concentration of airplanes flying in and out of LAX will open the doors to civil actions against the FAA, LAWA and SCAG due the breach of their fiduciary duty to protect the passengers and the people who live in the vicinity of LAX. Expansion of LAX will only increase the liability, damages and deaths due to the concentration and centralization of airplane passengers and cargo in such limited air space.

5. The EIR did not address the issue of risk from earthquakes at LAX. If LAWA, the FAA and SCAG proceed with the expansion of LAX to centralize and concentrate the passengers and cargo from all of Los Angeles County, Orange County and San Diego County, what will happen if there is a Northridge@ size earthquake at LAX? The LAX Master Plan for Expansion puts Aall our eggs in one basket@ for the entire Southern California region. This is ludicrous. This is a breach of your fiduciary duty. The ARegional Solution@ to airport expansion is the only solution to diversify the risk from catastrophic disasters. Southern California=s entire economy would be destroyed when LAX is hit by a Northridge@ size earthquake.

6. The EIR did not address, incorporate nor mitigate the traffic congestion, noise, health, and safety issues that are the result of the development of the Howard Hughes project, Playa Vista project, Ballona Creek project and the Marina del Rey project(s). These four (4) developments are going to have a massive impact on the entire Westside of Los Angeles and the South Bay Areas. Re: Los Angeles International Airport Master Plan Draft Environmental Impact Statement (EIS) / Environmental Impact Report (EIR)

Dear Mr. Ritchie:

I am requesting that the Federal Aviation Administration (FAA), Los Angeles World Airports (LAWA), and Southern California Association of Governments (SCAG) terminate the expansion of LAX. I oppose the LAX expansion alternatives A, B, and C.

I am requesting that the ANo Action/ No Project Alternative@ for LAX Master Plan be approved.

I am requesting that a ARegional Solution@ be developed for airline passengers and airline cargo. Centralizing all the passengers and cargo from Los Angeles County, Orange County and San Diego County into LAX is ludicrous. Centralization of all the passengers and cargo into LAX is not feasible. The LAX draft EIS/EIR does mitigate nor address the issues adequately. Now is the time that each region should develop and accept responsibility for airplane passengers and airplane cargo.

I am requesting that the ARing Road@, AArbor Vitae Interchange@, and the AAirport Boulevard Connector Road@ which are development plans for the LAX expansion be terminated. The development of the ARing Road@, AArbor Vitae Interchange@, and the AAirport Boulevard Connector Road@ will not solve nor adequately mitigate any of the issues that the LAX draft EIS/EIR proposes. The development of the ARing Road@, AArbor Vitae Interchange@, and the AAirport Boulevard Connector Road@ will destroy the residential communities of Westport Heights, Westchester, and Inglewood.

My requests are based upon the Los Angeles International Airport Master Plan Draft Environmental Impact Statement (EIS) / Environmental Impact Report (EIR).

The LAX draft EIS/EIR does not adequately address nor mitigate the following issues:

1. The EIR does not adequately address nor mitigate traffic congestion. Traffic congestion on the 405 Fwy, 105 Fwy, 10 Fwy and the 101 Fwy have not and can not be mitigated. The freeways have become parking lots due to the excess LAX passengers and the cargo. For example, the EIR states that traffic congestion on the 405 Fwy exists between 7 a.m. to 9 a.m. and 3:30 p.m. to 7 p.m. These statements are false. The traffic congestion on the 405 Fwy exists from 6:30 a.m. to 11:30 a.m. and from 2:30 p.m. to 7:30 p.m. The 405 Fwy is bumper to bumper with traffic congestion all day long due to the excess 27 million passengers and the 1.4 million tons of cargo that exceed the capacity that LAX was built to handle back in 1966.

LAX was built to handle 40 million passengers and 1 million tons of cargo per year. Currently, 67 million passengers and 2.4 million tons of cargo pass through LAX per year. All the freeways are becoming parking lots for LAX traffic.

There is no way that Los Angeles can adequately address or mitigate 98 million passengers and 4.2 million tons of cargo by 2015 via the expansion of LAX.

2. The EIR does not adequately address nor mitigate health issues. The EIR does not adequately address nor mitigate the air pollution from the passenger airplanes, the cargo airplanes and the freeway traffic due to LAX. The EIR does not address nor mitigate the increase in cancer and respiratory ailments due to jet fuel and automobile and truck exhaust.

Anyone that lives within 10 miles of the LAX airport has potential legal causes of action to sue for cancer and respiratory ailments.

3. The EIR does not adequately address nor mitigate the noise pollution due to the passenger and cargo airplanes and the freeway traffic due to LAX. The EIR limited the study of noise levels to 65 db. The EIR is inadequate. The noise levels exceed the 65db levels in all of the surrounding communities: Westchester, Inglewood, El Segundo, Manhattan Beach, and Playa del Rey.

Today the noise level in Westport Heights of Westchester exceeds 65 db twenty fours a day due to LAX excess passengers and cargo. Eight years ago the noise level dropped below 65 db after 8 p.m. to 6 a.m. due to LAX. LAX has failed to address noise pollution.

4. The EIR does not adequately address nor mitigate LAX safety of air space. The recently released FAA report indicates that LAX is the worst airport in the United States regarding near miss collisions. LAX has experienced 33 near miss collisions in the last four years. The limited

airspace is dangerous. Common sense tells you that increasing the concentration of airplanes flying in and out of LAX will open the doors to civil actions against the FAA, LAWA and SCAG due the breach of their fiduciary duty to protect the passengers and the people who live in the vicinity of LAX. Expansion of LAX will only increase the liability, damages and deaths due to the concentration and centralization of airplane passengers and cargo in such limited air space.

5. The EIR did not address the issue of risk from earthquakes at LAX. If LAWA, the FAA and SCAG proceed with the expansion of LAX to centralize and concentrate the passengers and cargo from all of Los Angeles County, Orange County and San Diego County, what will happen if there is a Northridge@ size earthquake at LAX? The LAX Master Plan for Expansion puts All our eggs in one basket@ for the entire Southern California region. This is ludicrous. This is a breach of your fiduciary duty. The Regional Solution@ to airport expansion is the only solution to diversify the risk from catastrophic disasters. Southern California=s entire economy would be destroyed when LAX is hit by a Northridge@ size earthquake.

6. The EIR did not address, incorporate nor mitigate the traffic congestion, noise, health, and safety issues that are the result of the development of the Howard Hughes project, Playa Vista project, Ballona Creek project and the Marina del Rey project(s). These four (4) developments are going to have a massive impact on the entire Westside of Los Angeles and the South Bay Areas. The LAX Master Plan for expansion and the EIS/EIR have failed to address the impact of these four developments on LAX. Again, this is ludicrous.

7. The LAX Master Plan for expansion does not address the fact that two (2) billion dollars will be wasted to demolish Westchester and Inglewood prior to the expansion of LAX. LAWA owns LAX, Palmdale and Ontario airports. Since the land in Palmdale and Ontario was purchase a long time ago why waste billions of dollars?

8. Orange County (El Toro airport, etc), San Diego County and the inland empires should be held responsible to provide airport facilities for passengers and cargo that are destined for that region.

I hope James Hahn, Mayor of Los Angeles, will fulfill his promise to stop the expansion of LAX.

Los Angeles, CA 90009

Re: Los Angeles International Airport Master Plan Draft Environmental Impact Statement (EIS) /  
Environmental Impact Report (EIR)

Dear Mr. Kessler:

I am requesting that the Federal Aviation Administration (FAA), Los Angeles World Airports (LAWA), and Southern California Association of Governments (SCAG) terminate the expansion of LAX. I oppose the LAX expansion alternatives A, B, and C.

I am requesting that the ANo Action/ No Project Alternative@ for LAX Master Plan be approved.

I am requesting that a ARegional Solution@ be developed for airline passengers and airline cargo. Centralizing all the passengers and cargo from Los Angeles County, Orange County and San Diego County into LAX is ludicrous. Centralization of all the passengers and cargo into LAX is not feasible. The LAX draft EIS/EIR does mitigate nor address the issues adequately. Now is the time that each region should develop and accept responsibility for airplane passengers and airplane cargo.

I am requesting that the ARing Road@, AArbor Vitae Interchange@, and the AAirport Boulevard Connector Road@ which are development plans for the LAX expansion be terminated. The development of the ARing Road@, AArbor Vitae Interchange@, and the AAirport Boulevard Connector Road@ will not solve nor adequately mitigate any of the issues that the LAX draft EIS/EIR proposes. The development of the ARing Road@, AArbor Vitae Interchange@, and the AAirport Boulevard Connector Road@ will destroy the residential communities of Westport Heights, Westchester, and Inglewood.

My requests are based upon the Los Angeles International Airport Master Plan Draft Environmental Impact Statement (EIS) / Environmental Impact Report (EIR).

PFJ00009

The LAX draft EIS/EIR does not adequately address nor mitigate the following issues:

1. The EIR does not adequately address nor mitigate traffic congestion. Traffic congestion on the 405 Fwy, 105 Fwy, 10 Fwy and the 101 Fwy have not and can not be mitigated. The freeways have become parking lots due to the excess LAX passengers and the cargo. For example, the EIR states that traffic congestion on the 405 Fwy exists between 7 a.m. to 9 a.m. and 3:30 p.m. to 7 p.m. These statements are false. The traffic congestion on the 405 Fwy exists from 6:30 a.m. to 11:30 a.m. and from 2:30 p.m. to 7:30 p.m. The 405 Fwy is bumper to bumper with traffic congestion all day long due to the excess 27 million passengers and the 1.4 million tons of cargo that exceed the capacity that LAX was built to handle back in 1966.

LAX was built to handle 40 million passengers and 1 million tons of cargo per year. Currently, 67 million passengers and 2.4 million tons of cargo pass through LAX per year. All the freeways are becoming parking lots for LAX traffic.

There is no way that Los Angeles can adequately address or mitigate 98 million passengers and 4.2 million tons of cargo by 2015 via the expansion of LAX.

2. The EIR does not adequately address nor mitigate health issues. The EIR does not adequately address nor mitigate the air pollution from the passenger airplanes, the cargo airplanes and the freeway traffic due to LAX. The EIR does not address nor mitigate the increase in cancer and respiratory ailments due to jet fuel and automobile and truck exhaust.

Anyone that lives within 10 miles of the LAX airport has potential legal causes of action to sue for cancer and respiratory ailments.

3. The EIR does not adequately address nor mitigate the noise pollution due to the passenger and cargo airplanes and the freeway traffic due to LAX. The EIR limited the study of noise levels to 65 db. The EIR is inadequate. The noise levels exceed the 65db levels in all of the surrounding communities: Westchester, Inglewood, El Segundo, Manhattan Beach, and Playa del Rey.

Today the noise level in Westport Heights of Westchester exceeds 65 db twenty fours a day due to LAX excess passengers and cargo. Eight years ago the noise level dropped below 65 db after 8 p.m. to 6 a.m. due to LAX. LAX has failed to address noise pollution.

4. The EIR does not adequately address nor mitigate LAX safety of air space. The recently released FAA report indicates that LAX is the worst airport in the United States regarding near miss collisions. LAX has experienced 33 near miss collisions in the last four years. The limited airspace is dangerous. Common sense tells you that increasing the concentration of airplanes

flying in and out of LAX will open the doors to civil actions against the FAA, LAWA and SCAG due the breach of their fiduciary duty to protect the passengers and the people who live in the vicinity of LAX. Expansion of LAX will only increase the liability, damages and deaths due to the concentration and centralization of airplane passengers and cargo in such limited air space.

5. The EIR did not address the issue of risk from earthquakes at LAX. If LAWA, the FAA and SCAG proceed with the expansion of LAX to centralize and concentrate the passengers and cargo from all of Los Angeles County, Orange County and San Diego County, what will happen if there is a Northridge@ size earthquake at LAX? The LAX Master Plan for Expansion puts All our eggs in one basket@ for the entire Southern California region. This is ludicrous. This is a breach of your fiduciary duty. The Regional Solution@ to airport expansion is the only solution to diversify the risk from catastrophic disasters. Southern California=s entire economy would be destroyed when LAX is hit by a Northridge@ size earthquake.

6. The EIR did not address, incorporate nor mitigate the traffic congestion, noise, health, and safety issues that are the result of the development of the Howard Hughes project, Playa Vista project, Ballona Creek project and the Marina del Rey project(s). These four (4) developments are going to have a massive impact on the entire Westside of Los Angeles and the South Bay Areas. The LAX Master Plan for expansion and the EIS/EIR have failed to address the impact of these four developments on LAX. Again, this is ludicrous.

7. The LAX Master Plan for expansion does not address the fact that two (2) billion dollars will be wasted to demolish Westchester and Inglewood prior to the expansion of LAX. LAWA owns LAX, Palmdale and Ontario airports. Since the land in Palmdale and Ontario was purchase a long time ago why waste billions of dollars?

8. Orange County (El Toro airport, etc), San Diego County and the inland empires should be held responsible to provide airport facilities for passengers and cargo that are destined for that region.

I hope James Hahn, Mayor of Los Angeles, will fulfill his promise to stop the expansion of LAX.

The FAA, LAWA and SCAG has a fiduciary duty to address all these concerns. Try the regional airport approach. Stop the LAX expansion plan.

Sincerely,

Re: Los Angeles International Airport Master Plan Draft Environmental Impact Statement (EIS) /  
Environmental Impact Report (EIR)

Dear Mr. Kessler:

I am requesting that the Federal Aviation Administration (FAA), Los Angeles World Airports (LAWA), and Southern California Association of Governments (SCAG) terminate the expansion of LAX. I oppose the LAX expansion alternatives A, B, and C.

I am requesting that the ANo Action/ No Project Alternative@ for LAX Master Plan be approved.

I am requesting that a ARegional Solution@ be developed for airline passengers and airline cargo. Centralizing all the passengers and cargo from Los Angeles County, Orange County and San Diego County into LAX is ludicrous. Centralization of all the passengers and cargo into LAX is not feasible. The LAX draft EIS/EIR does mitigate nor address the issues adequately. Now is the time that each region should develop and accept responsibility for airplane passengers and airplane cargo.

I am requesting that the ARing Road@, AArbor Vitae Interchange@, and the AAirport Boulevard Connector Road@ which are development plans for the LAX expansion be terminated. The development of the ARing Road@, AArbor Vitae Interchange@, and the AAirport Boulevard Connector Road@ will not solve nor adequately mitigate any of the issues that the LAX draft EIS/EIR proposes. The development of the ARing Road@, AArbor Vitae Interchange@, and the AAirport Boulevard Connector Road@ will destroy the residential communities of Westport Heights, Westchester, and Inglewood.

My requests are based upon the Los Angeles International Airport Master Plan Draft Environmental Impact Statement (EIS) / Environmental Impact Report (EIR).

The LAX draft EIS/EIR does not adequately address nor mitigate the following issues:

1. The EIR does not adequately address nor mitigate traffic congestion. Traffic congestion on the 405 Fwy, 105 Fwy, 10 Fwy and the 101 Fwy have not and can not be mitigated. The freeways have become parking lots due to the excess LAX passengers and the cargo. For

PFJ00010

example, the EIR states that traffic congestion on the 405 Fwy exists between 7 a.m. to 9 a.m. and 3:30 p.m. to 7 p.m. These statements are false. The traffic congestion on the 405 Fwy exists from 6:30 a.m. to 11:30 a.m. and from 2:30 p.m. to 7:30 p.m. The 405 Fwy is bumper to bumper with traffic congestion all day long due to the excess 27 million passengers and the 1.4 million tons of cargo that exceed the capacity that LAX was built to handle back in 1966.

LAX was built to handle 40 million passengers and 1 million tons of cargo per year. Currently, 67 million passengers and 2.4 million tons of cargo pass through LAX per year. All the freeways are becoming parking lots for LAX traffic.

There is no way that Los Angeles can adequately address or mitigate 98 million passengers and 4.2 million tons of cargo by 2015 via the expansion of LAX.

2. The EIR does not adequately address nor mitigate health issues. The EIR does not adequately address nor mitigate the air pollution from the passenger airplanes, the cargo airplanes and the freeway traffic due to LAX. The EIR does not address nor mitigate the increase in cancer and respiratory ailments due to jet fuel and automobile and truck exhaust.

Anyone that lives within 10 miles of the LAX airport has potential legal causes of action to sue for cancer and respiratory ailments.

3. The EIR does not adequately address nor mitigate the noise pollution due to the passenger and cargo airplanes and the freeway traffic due to LAX. The EIR limited the study of noise levels to 65 db. The EIR is inadequate. The noise levels exceed the 65db levels in all of the surrounding communities: Westchester, Inglewood, El Segundo, Manhattan Beach, and Playa del Rey.

Today the noise level in Westport Heights of Westchester exceeds 65 db twenty fours a day due to LAX excess passengers and cargo. Eight years ago the noise level dropped below 65 db after 8 p.m. to 6 a.m. due to LAX. LAX has failed to address noise pollution.

4. The EIR does not adequately address nor mitigate LAX safety of air space. The recently released FAA report indicates that LAX is the worst airport in the United States regarding near miss collisions. LAX has experienced 33 near miss collisions in the last four years. The limited airspace is dangerous. Common sense tells you that increasing the concentration of airplanes flying in and out of LAX will open the doors to civil actions against the FAA, LAWA and SCAG due the breach of their fiduciary duty to protect the passengers and the people who live in the vicinity of LAX. Expansion of LAX will only increase the liability, damages and deaths due to the concentration and centralization of airplane passengers and cargo in such limited air space.

Re: Los Angeles International Airport Master Plan Draft Environmental Impact Statement (EIS) / Environmental Impact Report (EIR)

Dear Mr. Kessler:

I am requesting that the Federal Aviation Administration (FAA), Los Angeles World Airports (LAWA), and Southern California Association of Governments (SCAG) terminate the expansion of LAX. I oppose the LAX expansion alternatives A, B, and C.

I am requesting that the ANo Action/ No Project Alternative@ for LAX Master Plan be approved.

I am requesting that a ARegional Solution@ be developed for airline passengers and airline cargo. Centralizing all the passengers and cargo from Los Angeles County, Orange County and San Diego County into LAX is ludicrous. Centralization of all the passengers and cargo into LAX is not feasible. The LAX draft EIS/EIR does mitigate nor address the issues adequately. Now is the time that each region should develop and accept responsibility for airplane passengers and airplane cargo.

I am requesting that the ARing Road@, AArbor Vitae Interchange@, and the AAirport Boulevard Connector Road@ which are development plans for the LAX expansion be terminated. The development of the ARing Road@, AArbor Vitae Interchange@, and the AAirport Boulevard Connector Road@ will not solve nor adequately mitigate any of the issues that the LAX draft EIS/EIR proposes. The development of the ARing Road@, AArbor Vitae Interchange@, and the AAirport Boulevard Connector Road@ will destroy the residential communities of Westport Heights, Westchester, and Inglewood.

My requests are based upon the Los Angeles International Airport Master Plan Draft Environmental Impact Statement (EIS) / Environmental Impact Report (EIR).

PFJ00013

The LAX draft EIS/EIR does not adequately address nor mitigate the following issues:

1. The EIR does not adequately address nor mitigate traffic congestion. Traffic congestion on the 405 Fwy, 105 Fwy, 10 Fwy and the 101 Fwy have not and can not be mitigated. The freeways have become parking lots due to the excess LAX passengers and the cargo. For example, the EIR states that traffic congestion on the 405 Fwy exists between 7 a.m. to 9 a.m. and 3:30 p.m. to 7 p.m. These statements are false. The traffic congestion on the 405 Fwy exists from 6:30 a.m. to 11:30 a.m. and from 2:30 p.m. to 7:30 p.m. The 405 Fwy is bumper to bumper with traffic congestion all day long due to the excess 27 million passengers and the 1.4 million tons of cargo that exceed the capacity that LAX was built to handle back in 1966.

LAX was built to handle 40 million passengers and 1 million tons of cargo per year. Currently, 67 million passengers and 2.4 million tons of cargo pass through LAX per year. All the freeways are becoming parking lots for LAX traffic.

There is no way that Los Angeles can adequately address or mitigate 98 million passengers and 4.2 million tons of cargo by 2015 via the expansion of LAX.

2. The EIR does not adequately address nor mitigate health issues. The EIR does not adequately address nor mitigate the air pollution from the passenger airplanes, the cargo airplanes and the freeway traffic due to LAX. The EIR does not address nor mitigate the increase in cancer and respiratory ailments due to jet fuel and automobile and truck exhaust.

Anyone that lives within 10 miles of the LAX airport has potential legal causes of action to sue for cancer and respiratory ailments.

3. The EIR does not adequately address nor mitigate the noise pollution due to the passenger and cargo airplanes and the freeway traffic due to LAX. The EIR limited the study of noise levels to 65 db. The EIR is inadequate. The noise levels exceed the 65db levels in all of the surrounding communities: Westchester, Inglewood, El Segundo, Manhattan Beach, and Playa del Rey.

Today the noise level in Westport Heights of Westchester exceeds 65 db twenty fours a day due to LAX excess passengers and cargo. Eight years ago the noise level dropped below 65 db after 8 p.m. to 6 a.m. due to LAX. LAX has failed to address noise pollution.

4. The EIR does not adequately address nor mitigate LAX safety of air space. The recently released FAA report indicates that LAX is the worst airport in the United States regarding near miss collisions. LAX has experienced 33 near miss collisions in the last four years. The limited airspace is dangerous. Common sense tells you that increasing the concentration of airplanes

flying in and out of LAX will open the doors to civil actions against the FAA, LAWA and SCAG due the breach of their fiduciary duty to protect the passengers and the people who live in the vicinity of LAX. Expansion of LAX will only increase the liability, damages and deaths due to the concentration and centralization of airplane passengers and cargo in such limited air space.

5. The EIR did not address the issue of risk from earthquakes at LAX. If LAWA, the FAA and SCAG proceed with the expansion of LAX to centralize and concentrate the passengers and cargo from all of Los Angeles County, Orange County and San Diego County, what will happen if there is a Northridge@ size earthquake at LAX? The LAX Master Plan for Expansion puts All our eggs in one basket@ for the entire Southern California region. This is ludicrous. This is a breach of your fiduciary duty. The ARegional Solution@ to airport expansion is the only solution to diversify the risk from catastrophic disasters. Southern California=s entire economy would be destroyed when LAX is hit by a Northridge@ size earthquake.

6. The EIR did not address, incorporate nor mitigate the traffic congestion, noise, health, and safety issues that are the result of the development of the Howard Hughes project, Playa Vista project, Ballona Creek project and the Marina del Rey project(s). These four (4) developments are going to have a massive impact on the entire Westside of Los Angeles and the South Bay Areas. The LAX Master Plan for expansion and the EIS/EIR have failed to address the impact of these four developments on LAX. Again, this is ludicrous.

7. The LAX Master Plan for expansion does not address the fact that two (2) billion dollars will be wasted to demolish Westchester and Inglewood prior to the expansion of LAX. LAWA owns LAX, Palmdale and Ontario airports. Since the land in Palmdale and Ontario was purchase a long time ago why waste billions of dollars?

8. Orange County (El Toro airport, etc), San Diego County and the inland empires should be held responsible to provide airport facilities for passengers and cargo that are destined for that region.

I hope James Hahn, Mayor of Los Angeles, will fulfill his promise to stop the expansion of LAX.

The FAA, LAWA and SCAG has a fiduciary duty to address all these concerns. Try the regional airport approach. Stop the LAX expansion plan.

Sincerely,

Re: Los Angeles International Airport Master Plan Draft Environmental Impact Statement (EIS) / Environmental Impact Report (EIR)

Dear Mr. Kessler:

I am requesting that the Federal Aviation Administration (FAA), Los Angeles World Airports (LAWA), and Southern California Association of Governments (SCAG) terminate the expansion of LAX. I oppose the LAX expansion alternatives A, B, and C.

I am requesting that the ANo Action/ No Project Alternative@ for LAX Master Plan be approved.

I am requesting that a ARegional Solution@ be developed for airline passengers and airline cargo. Centralizing all the passengers and cargo from Los Angeles County, Orange County and San Diego County into LAX is ludicrous. Centralization of all the passengers and cargo into LAX is not feasible. The LAX draft EIS/EIR does mitigate nor address the issues adequately. Now is the time that each region should develop and accept responsibility for airplane passengers and airplane cargo.

I am requesting that the ARing Road@, AArbor Vitae Interchange@, and the AAirport Boulevard Connector Road@ which are development plans for the LAX expansion be terminated. The development of the ARing Road@, AArbor Vitae Interchange@, and the AAirport Boulevard Connector Road@ will not solve nor adequately mitigate any of the issues that the LAX draft EIS/EIR proposes. The development of the ARing Road@, AArbor Vitae Interchange@, and the AAirport Boulevard Connector Road@ will destroy the residential communities of Westport Heights, Westchester, and Inglewood.

My requests are based upon the Los Angeles International Airport Master Plan Draft Environmental Impact Statement (EIS) / Environmental Impact Report (EIR).

PFJ00014

The LAX draft EIS/EIR does not adequately address nor mitigate the following issues:

1. The EIR does not adequately address nor mitigate traffic congestion. Traffic congestion on the 405 Fwy, 105 Fwy, 10 Fwy and the 101 Fwy have not and can not be mitigated. The freeways have become parking lots due to the excess LAX passengers and the cargo. For example, the EIR states that traffic congestion on the 405 Fwy exists between 7 a.m. to 9 a.m. and 3:30 p.m. to 7 p.m. These statements are false. The traffic congestion on the 405 Fwy exists from 6:30 a.m. to 11:30 a.m. and from 2:30 p.m. to 7:30 p.m. The 405 Fwy is bumper to bumper with traffic congestion all day long due to the excess 27 million passengers and the 1.4 million tons of cargo that exceed the capacity that LAX was built to handle back in 1966.

LAX was built to handle 40 million passengers and 1 million tons of cargo per year. Currently, 67 million passengers and 2.4 million tons of cargo pass through LAX per year. All the freeways are becoming parking lots for LAX traffic.

There is no way that Los Angeles can adequately address or mitigate 98 million passengers and 4.2 million tons of cargo by 2015 via the expansion of LAX.

2. The EIR does not adequately address nor mitigate health issues. The EIR does not adequately address nor mitigate the air pollution from the passenger airplanes, the cargo airplanes and the freeway traffic due to LAX. The EIR does not address nor mitigate the increase in cancer and respiratory ailments due to jet fuel and automobile and truck exhaust.

Anyone that lives within 10 miles of the LAX airport has potential legal causes of action to sue for cancer and respiratory ailments.

3. The EIR does not adequately address nor mitigate the noise pollution due to the passenger and cargo airplanes and the freeway traffic due to LAX. The EIR limited the study of noise levels to 65 db. The EIR is inadequate. The noise levels exceed the 65db levels in all of the surrounding communities: Westchester, Inglewood, El Segundo, Manhattan Beach, and Playa del Rey.

Today the noise level in Westport Heights of Westchester exceeds 65 db twenty fours a day due to LAX excess passengers and cargo. Eight years ago the noise level dropped below 65 db after 8 p.m. to 6 a.m. due to LAX. LAX has failed to address noise pollution.

4. The EIR does not adequately address nor mitigate LAX safety of air space. The recently released FAA report indicates that LAX is the worst airport in the United States regarding near miss collisions. LAX has experienced 33 near miss collisions in the last four years. The limited airspace is dangerous. Common sense tells you that increasing the concentration of airplanes

flying in and out of LAX will open the doors to civil actions against the FAA, LAWA and SCAG due the breach of their fiduciary duty to protect the passengers and the people who live in the vicinity of LAX. Expansion of LAX will only increase the liability, damages and deaths due to the concentration and centralization of airplane passengers and cargo in such limited air space.

5. The EIR did not address the issue of risk from earthquakes at LAX. If LAWA, the FAA and SCAG proceed with the expansion of LAX to centralize and concentrate the passengers and cargo from all of Los Angeles County, Orange County and San Diego County, what will happen if there is a Northridge@ size earthquake at LAX? The LAX Master Plan for Expansion puts Aall our eggs in one basket@ for the entire Southern California region. This is ludicrous. This is a breach of your fiduciary duty. The ARegional Solution@ to airport expansion is the only solution to diversify the risk from catastrophic disasters. Southern California=s entire economy would be destroyed when LAX is hit by a Northridge@ size earthquake.

6. The EIR did not address, incorporate nor mitigate the traffic congestion, noise, health, and safety issues that are the result of the development of the Howard Hughes project, Playa Vista project, Ballona Creek project and the Marina del Rey project(s). These four (4) developments are going to have a massive impact on the entire Westside of Los Angeles and the South Bay Areas. The LAX Master Plan for expansion and the EIS/EIR have failed to address the impact of these four developments on LAX. Again, this is ludicrous.

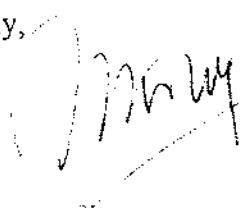

7. The LAX Master Plan for expansion does not address the fact that two (2) billion dollars will be wasted to demolish Westchester and Inglewood prior to the expansion of LAX. LAWA owns LAX, Palmdale and Ontario airports. Since the land in Palmdale and Ontario was purchase a long time ago why waste billions of dollars?

8. Orange County (El Toro airport, etc), San Diego County and the inland empires should be held responsible to provide airport facilities for passengers and cargo that are destined for that region.

I hope James Hahn, Mayor of Los Angeles, will fulfill his promise to stop the expansion of LAX.

The FAA, LAWA and SCAG has a fiduciary duty to address all these concerns. Try the regional airport approach. Stop the LAX expansion plan.

Sincerely,

Re: Los Angeles International Airport Master Plan Draft Environmental Impact Statement (EIS) / Environmental Impact Report (EIR)

Dear Mr. Kessler:

I am requesting that the Federal Aviation Administration (FAA), Los Angeles World Airports (LAWA), and Southern California Association of Governments (SCAG) terminate the expansion of LAX. I oppose the LAX expansion alternatives A, B, and C.

I am requesting that the ANo Action/ No Project Alternative@ for LAX Master Plan be approved.

I am requesting that a ARegional Solution@ be developed for airline passengers and airline cargo. Centralizing all the passengers and cargo from Los Angeles County, Orange County and San Diego County into LAX is ludicrous. Centralization of all the passengers and cargo into LAX is not feasible. The LAX draft EIS/EIR does mitigate nor address the issues adequately. Now is the time that each region should develop and accept responsibility for airplane passengers and airplane cargo.

I am requesting that the ARing Road@, AArbor Vitae Interchange@, and the AAirport Boulevard Connector Road@ which are development plans for the LAX expansion be terminated. The development of the ARing Road@, AArbor Vitae Interchange@, and the AAirport Boulevard Connector Road@ will not solve nor adequately mitigate any of the issues that the LAX draft EIS/EIR proposes. The development of the ARing Road@, AArbor Vitae Interchange@, and the AAirport Boulevard Connector Road@ will destroy the residential communities of Westport Heights, Westchester, and Inglewood.

My requests are based upon the Los Angeles International Airport Master Plan Draft Environmental Impact Statement (EIS) / Environmental Impact Report (EIR).

PFJ00016

The LAX draft EIS/EIR does not adequately address nor mitigate the following issues:

1. The EIR does not adequately address nor mitigate traffic congestion. Traffic congestion on the 405 Fwy, 105 Fwy, 10 Fwy and the 101 Fwy have not and can not be mitigated. The freeways have become parking lots due to the excess LAX passengers and the cargo. For example, the EIR states that traffic congestion on the 405 Fwy exists between 7 a.m. to 9 a.m. and 3:30 p.m. to 7 p.m. These statements are false. The traffic congestion on the 405 Fwy exists from 6:30 a.m. to 11:30 a.m. and from 2:30 p.m. to 7:30 p.m. The 405 Fwy is bumper to bumper with traffic congestion all day long due to the excess 27 million passengers and the 1.4 million tons of cargo that exceed the capacity that LAX was built to handle back in 1966.

LAX was built to handle 40 million passengers and 1 million tons of cargo per year. Currently, 67 million passengers and 2.4 million tons of cargo pass through LAX per year. All the freeways are becoming parking lots for LAX traffic.

There is no way that Los Angeles can adequately address or mitigate 98 million passengers and 4.2 million tons of cargo by 2015 via the expansion of LAX.

2. The EIR does not adequately address nor mitigate health issues. The EIR does not adequately address nor mitigate the air pollution from the passenger airplanes, the cargo airplanes and the freeway traffic due to LAX. The EIR does not address nor mitigate the increase in cancer and respiratory ailments due to jet fuel and automobile and truck exhaust.

Anyone that lives within 10 miles of the LAX airport has potential legal causes of action to sue for cancer and respiratory ailments.

3. The EIR does not adequately address nor mitigate the noise pollution due to the passenger and cargo airplanes and the freeway traffic due to LAX. The EIR limited the study of noise levels to 65 db. The EIR is inadequate. The noise levels exceed the 65db levels in all of the surrounding communities: Westchester, Inglewood, El Segundo, Manhattan Beach, and Playa del Rey.

Today the noise level in Westport Heights of Westchester exceeds 65 db twenty fours a day due to LAX excess passengers and cargo. Eight years ago the noise level dropped below 65 db after 8 p.m. to 6 a.m. due to LAX. LAX has failed to address noise pollution.

4. The EIR does not adequately address nor mitigate LAX safety of air space. The recently released FAA report indicates that LAX is the worst airport in the United States regarding near miss collisions. LAX has experienced 33 near miss collisions in the last four years. The limited airspace is dangerous. Common sense tells you that increasing the concentration of airplanes

flying in and out of LAX will open the doors to civil actions against the FAA, LAWA and SCAG due the breach of their fiduciary duty to protect the passengers and the people who live in the vicinity of LAX. Expansion of LAX will only increase the liability, damages and deaths due to the concentration and centralization of airplane passengers and cargo in such limited air space.

5. The EIR did not address the issue of risk from earthquakes at LAX. If LAWA, the FAA and SCAG proceed with the expansion of LAX to centralize and concentrate the passengers and cargo from all of Los Angeles County, Orange County and San Diego County, what will happen if there is a Northridge@ size earthquake at LAX? The LAX Master Plan for Expansion puts All our eggs in one basket@ for the entire Southern California region. This is ludicrous. This is a breach of your fiduciary duty. The Regional Solution@ to airport expansion is the only solution to diversify the risk from catastrophic disasters. Southern California=s entire economy would be destroyed when LAX is hit by a Northridge@ size earthquake.

6. The EIR did not address, incorporate nor mitigate the traffic congestion, noise, health, and safety issues that are the result of the development of the Howard Hughes project, Playa Vista project, Ballona Creek project and the Marina del Rey project(s). These four (4) developments are going to have a massive impact on the entire Westside of Los Angeles and the South Bay Areas. **Ref: draft Environmental Impact Statement/Environmental Impact Report (dEIS/EIR)**

Dear Ms. Kennedy:

I am writing to you upon the request of Assemblyman Jerome Horton, 51<sup>st</sup> District and on behalf of **Dr. Jynona Norwood of the Family Christian Cathedral**. I am submitting to your office the original copies of the petition, which opposes the expansion of the Los Angeles Airport into the City of Inglewood.

As stated in Assemblyman Horton's letter dated June 29<sup>th</sup> of this year, "this expansion project will have a negative impact on our community". It fails to expose the economic and/or moral impact of the would be "displaced residents" as a result of this expansion project.

On behalf of myself and all the members of the Family Christian Cathedral, we say **NO** to this expansion project as it is of no benefit to our church or our community.

Sincerely,

Family Christian Cathedral

Document:  Draft Master Plan  Draft EIS/EIR

Subsection (if applicable): *1-12*  
Number: *All of the above* Title: *7th Ave ex club*

Comments: *below*

Based on the belief that the proposed LAX expansion will cause: 1) increased noise and air pollution; 3) increase and aggravate existing health effects; 4) decrease in property values due to the aggravation of existing health effects; and 5) a loss of personal comfort and property values due to the aggravation of existing health effects. In reviewing the draft Environmental Impact Statement/Environmental Impact Report (EIS/EIR) for the proposed LAX Expansion Master Plan (the Plan), the following is evident:

*Please send  
letter to Charles  
Make copy for  
my file  
Thank you  
MKK*

1. The dEIS/EIR fails to satisfy federal policy concerning:
  - a. It does not consider alternatives and does not evaluate impacts equitably and reduce risks to human health and the environment;
  - b. It unfairly and disproportionately burdens low income and minority communities that lie directly under the primary arrival flight path with significant noise and air pollution; flights occur directly over the city of Inglewood;
2. The dEIS/EIR fails to satisfy state and federal law because:
  - a. It fails to disclose the economic gain of the Airport as a result of the expansion at the expense of the surrounding low income populations;
  - b. It fails to create jobs in a manner beneficial to the impacted neighborhoods; and
  - c. It fails to balance the economic benefits with the negative impact on surrounding neighborhoods.
3. The dEIS/EIR fails to satisfy existing law because alternatives to expansion have not been adequately explored or considered.
4. The dEIS/EIR does not measure environmental impacts properly because it fails to use the current negative impact as a starting point.
5. The dEIS/EIR fails to comply with Federal air quality regulations because it does not properly measure nor study toxic air pollutants or air emissions as required by law.
6. The dEIS/EIR and Plan does not consider or factor time as a variable when assessing the added health risks, which result from increased passenger travel and traffic patterns.
7. The dEIS/EIR fails to have specific criteria when determining the specific health risks involved in the expansion.
8. The dEIS/EIR fails to assess and consider the impact of air and noise emissions mitigation measures on surrounding neighborhoods.
9. The dEIS/EIR fails to address the negative impact of current air traffic and the recurring damages caused by the Airport's failure to expeditiously mitigate the current negative impacts. With this in mind, the dEIS/EIR should have taken into consideration the cumulative affect of increasing existing negative impacts.
10. The dEIS/EIR fails to properly analyze the traffic impact and propose an adequate mitigation plan, e.g., standing traffic on the surrounding freeways.
11. The dEIS/EIR fails to consider the economic impact on property and housing values as a result of the added noise; especially, the decrease in recreational value of local parks and residential back yards; plus the reluctance of certain businesses to locate within the flight pattern. It should be noted that while property values of homes under the flight path have increased, arguably, the marginal increase of home values in this area continue to suffer. This has a negative impact of construction of additional housing stock within the area and accordingly limits the growth of these communities. Additionally, the negative impact of the Airport limits the type, quantity and quality of homes that can be built in the area. This will serve to impede local communities' ability to comply with Federal Housing Regulations that require replacing housing.
12. Finally, the dEIS/EIR fails to consider the negative impact of increased noise and flights over local schools under the flight path, including interruptions of instructional and recreational periods.

Draft Master Plan

Draft EIS/EIR

Subsection (if applicable):

Number:

1-12  
BELOW

Title:

Comments:

Based on the belief that the proposed LAX expansion will cause 1) an increase in auto and air traffic, 2) increased noise and air pollution; 3) increase and aggravate existing health effects, i.e., asthma, hearing loss, sleep deprivation, etc.; and 4) a loss of personal comfort and property values due to the aggravation of existing nuisances, the following comments are submitted in opposition: In reviewing the draft Environmental Impact Statement/Environmental Impact report (dEIS/EIR) per the Expansion Master Plan (the Plan), the following is evident:

1. The dEIS/EIR fails to satisfy federal policy concerning environmental justice and state law because:
  - a. It does not consider alternatives and other locations that would shift or distribute burdens of expansion more equitably and reduce risks to human health; and
  - b. It unfairly and disproportionately burdens minority and low-income communities that lie directly under the primary arrival flight path with significant impacts of noise and toxic air emissions. (i.e. 25% of incoming flights occur directly over the city of Inglewood.)
2. The dEIS/EIR fails to satisfy state and federal law because:
  - a. It fails to disclose the economic gain of the Airport as a result of the expansion at the expense of the surrounding low income populations;
  - b. It fails to create jobs in a manner beneficial to the impacted neighborhoods; and
  - c. It fails to balance the economic benefits with the negative impact on surrounding neighborhoods.
3. The dEIS/EIR fails to satisfy existing law because alternatives to expansion have not been adequately explored or considered.
4. The dEIS/EIR does not measure environmental impacts properly because it fails to use the current negative impact as a starting point.
5. The dEIS/EIR fails to comply with Federal air quality regulations because it does not properly measure nor study toxic air pollutants or air emissions as required by law.
6. The dEIS/EIR and Plan does not consider or factor time as a variable when assessing the added health risks, which result from increased passenger travel and traffic patterns.
7. The dEIS/EIR fails to have specific criteria when determining the specific health risks involved in the expansion.
8. The dEIS/EIR fails to assess and consider the impact of air and noise emissions mitigation measures on surrounding neighborhoods.
9. The dEIS/EIR fails to address the negative impact of current air traffic and the recurring damages caused by the Airport's failure to expeditiously mitigate the current negative impacts. With this in mind, the dEIS/EIR should have taken into consideration the cumulative affect of increasing existing negative impacts.
10. The dEIS/EIR fails to properly analyze the traffic impact and propose an adequate mitigation plan, e.g., standing traffic on the surrounding freeways.
11. The dEIS/EIR fails to consider the economic impact on property and housing values as a result of the added noise; especially, the decrease in recreational value of local parks and residential back yards; plus the reluctance of certain businesses to locate within the flight pattern. It should be noted that while property values of homes under the flight path have increased, arguably, the marginal increase of home values in this area continue to suffer. **Comments:**

Based on the belief that the proposed LAX expansion will cause 1) an increase in auto and air traffic, 2) increased noise and air pollution; 3) increase and aggravate existing health effects, i.e., asthma, hearing loss, sleep deprivation, etc.; and 4) a loss of personal comfort and property values due to the aggravation of existing nuisances, the following comments are submitted in opposition:  
In reviewing the draft Environmental Impact Statement/Environmental Impact report (dEIS/EIR) per the Expansion Master Plan (the Plan), the following is evident:

1. The dEIS/EIR fails to satisfy federal policy concerning environmental justice and state law because:
  - a. It does not consider alternatives and other locations that would shift or distribute burdens of expansion more equitably and reduce risks to human health; and
  - b. It unfairly and disproportionately burdens minority and low-income communities that lie directly under the primary arrival flight path with significant impacts of noise and toxic air emissions. (i.e. 25% of incoming flights occur directly over the city of Inglewood.)
2. The dEIS/EIR fails to satisfy state and federal law because:
  - a. It fails to disclose the economic gain of the Airport as a result of the expansion at the expense of the surrounding low income populations;
  - b. It fails to create jobs in a manner beneficial to the impacted neighborhoods; and
  - c. It fails to balance the economic benefits with the negative impact on surrounding neighborhoods.
3. The dEIS/EIR fails to satisfy existing law because alternatives to expansion have not been adequately explored or considered.
4. The dEIS/EIR does not measure environmental impacts properly because it fails to use the current negative impact as a starting point.
5. The dEIS/EIR fails to comply with Federal air quality regulations because it does not properly measure nor study toxic air pollutants or air emissions as required by law.
6. The dEIS/EIR and Plan does not consider or factor time as a variable when assessing the added health risks, which result from increased passenger travel and traffic patterns.
7. The dEIS/EIR fails to have specific criteria when determining the specific health risks involved in the expansion.
8. The dEIS/EIR fails to assess and consider the impact of air and noise emissions mitigation measures on surrounding neighborhoods.
9. The dEIS/EIR fails to address the negative impact of current air traffic and the recurring damages caused by the Airport's failure to expeditiously mitigate the current negative impacts. With this in mind, the dEIS/EIR should have taken into consideration the cumulative affect of increasing existing negative impacts.
10. The dEIS/EIR fails to properly analyze the traffic impact and propose an adequate mitigation plan, e.g., standing traffic on the surrounding freeways.
11. The dEIS/EIR fails to consider the economic impact on property and housing values as a result of the added noise; especially, the decrease in recreational value of local parks and residential back yards; plus the reluctance of certain businesses to locate within the flight pattern. It should be noted that while property values of homes under the flight path have increased, arguably, the marginal increase of home values in this area continue to suffer. This has a negative impact of construction of additional housing stock within the area and accordingly limits the growth of these communities. Additionally, the negative impact of the Airport limits the type, quantity and quality of homes that can be built in the area. This will serve to impede local communities' ability to comply with Federal Housing Regulations that require replacing housing.
12. Finally, the dEIS/EIR fails to consider the negative impact of increased noise and flights over local schools under the flight path, including interruptions of instructional and recreational periods.

Based on the belief that the proposed LAX expansion will cause 1) an increase in auto and air traffic, 2) increased noise and air pollution; 3) increase and aggravate existing health effects, i.e., asthma, hearing loss, sleep deprivation, etc.; and 4) a loss of personal comfort and property values due to the aggravation of existing nuisances, the following comments are submitted in opposition:  
In reviewing the draft Environmental Impact Statement/Environmental Impact report (dEIS/EIR) pm the Expansion Master Plan (the Plan), the following is evident:

1. The dEIS/EIR fails to satisfy federal policy concerning environmental justice and state law because:
  - a. It does not consider alternatives and other locations that would shift or distribute burdens of expansion more equitably and reduce risks to human health; and
  - b. It unfairly and disproportionately burdens minority and low-income communities that lie directly under the primary arrival flight path with significant impacts of noise and toxic air emissions. (i.e. 25% of incoming flights occur directly over the city of Inglewood.)
2. The dEIS/EIR fails to satisfy state and federal law because:
  - a. It fails to disclose the economic gain of the Airport as a result of the expansion at the expense of the surrounding low income populations;
  - b. It fails to create jobs in a manner beneficial to the impacted neighborhoods; and
  - c. It fails to balance the economic benefits with the negative impact on surrounding neighborhoods.
3. The dEIS/EIR fails to satisfy existing law because alternatives to expansion have not been adequately explored or considered.
4. The dEIS/EIR does not measure environmental impacts properly because it fails to use the current negative impact as a starting point.
5. The dEIS/EIR fails to comply with Federal air quality regulations because it does not properly measure nor study toxic air pollutants or air emissions as required by law.
6. The dEIS/EIR and Plan does not consider or factor time as a variable when assessing the added health risks, which result from increased passenger travel and traffic patterns.
7. The dEIS/EIR fails to have specific criteria when determining the specific health risks involved in the expansion.
8. The dEIS/EIR fails to assess and consider the impact of air and noise emissions mitigation measures on surrounding neighborhoods.
9. The dEIS/EIR fails to address the negative impact of current air traffic and the recurring damages caused by the Airport's failure to expeditiously mitigate the current negative impacts. With this in mind, the dEIS/EIR should have taken into consideration the cumulative affect of increasing existing negative impacts.
10. The dEIS/EIR fails to properly analyze the traffic impact and propose an adequate mitigation plan, e.g., standing traffic on the surrounding freeways.
11. The dEIS/EIR fails to consider the economic impact on property and housing values as a result of the added noise; especially, the decrease in recreational value of local parks and residential back yards; plus the reluctance of certain businesses to locate within the flight pattern. It should be noted that while property values of homes under the flight path have increased, arguably, the marginal increase of home values in this area continue to suffer. This has a negative impact of construction of additional housing stock within the area and accordingly limits the growth of these communities. Additionally, the negative impact of the Airport limits the type, quantity and quality of homes that can be built in the area. This will serve to impede local communities' ability to comply with Federal Housing Regulations that require replacing housing.
12. Finally, the dEIS/EIR fails to consider the negative impact of increased noise and flights over local schools under the flight path, including interruptions of instructional and recreational periods.

### Comments:

Based on the belief that the proposed LAX expansion will cause 1) an increase in auto and air traffic, 2) increased noise and air pollution, 3) increase and aggravate existing health effects, i.e., asthma, hearing loss, sleep deprivation, etc., and 4) a loss of personal comfort and property values due to the aggravation of existing nuisances, the following comments are submitted in opposition: In reviewing the draft Environmental Impact Statement/Environmental Impact report (dEIS/EIR) on the Expansion Master Plan (the Plan), the following is evident:

- The dEIS/EIR fails to satisfy federal policy concerning environmental justice and state law because:
  - It does not consider alternatives and other locations that would shift or distribute burdens of expansion more equitably and reduce risks to human health, and
  - It unfairly and disproportionately burdens minority and low-income communities that lie directly under the primary arrival flight path with significant impacts of noise and toxic air emissions. (i.e. 25% of incoming flights occur directly over the city of Inglewood.)
- The dEIS/EIR fails to satisfy state and federal law because:
  - It fails to disclose the economic gain of the Airport as a result of the expansion at the expense of the surrounding low income populations;
  - It fails to create jobs in a manner beneficial to the impacted neighborhoods; and
  - It fails to balance the economic benefits with the negative impact on surrounding neighborhoods.
- The dEIS/EIR fails to satisfy existing law because alternatives to expansion have not been adequately explored or considered.
- The dEIS/EIR does not measure environmental impacts properly because it fails to use the current negative impact as a starting point.
- The dEIS/EIR fails to comply with Federal air quality regulations because it does not properly measure nor study toxic air pollutants or air emissions as required by law.
- The dEIS/EIR and Plan does not consider or factor time as a variable when assessing the added health risks, which result from increased passenger travel and traffic patterns.
- The dEIS/EIR fails to have specific criteria when determining the specific health risks involved in the expansion.
- The dEIS/EIR fails to assess and consider the impact of air and noise emissions mitigation measures on surrounding neighborhoods.
- The dEIS/EIR fails to address the negative impact of current air traffic and the recurring damages caused by the Airport's failure to expeditiously mitigate the current negative impacts. With this in mind, the dEIS/EIR should have taken into consideration the cumulative affect of increasing existing negative impacts.
- The dEIS/EIR fails to properly analyze the traffic impact and propose an adequate mitigation plan, e.g., standing traffic on the surrounding freeways.
- The dEIS/EIR fails to consider the economic impact on property and housing values as a result of the added noise; especially, the decrease in recreational value of local parks and residential back yards; plus the reluctance of certain businesses to locate within the flight pattern. It should be noted that while property values of homes under the flight path have increased, arguably, the marginal increase of home values in this area continue to suffer. This has a negative impact of construction of additional housing stock within the area and accordingly limits the growth of these communities. Additionally, the negative impact of the Airport limits the type, quantity and quality of homes that can be built in the area. This will serve to impede local communities' ability to comply with Federal Housing Regulations that require replacing housing.
- Finally, the dEIS/EIR fails to consider the negative impact of increased noise and flights over local schools under the flight path, including interruptions of instructional and recreational periods.

Document: 1-12  Draft Master Plan  Draft EIS/EIR

Subsection (if applicable): \_\_\_\_\_ Number: \_\_\_\_\_ Title: \_\_\_\_\_

Comments: \_\_\_\_\_ Office Use Only

Based on the belief that the proposed LAX expansion will cause 1) an increase in auto and air traffic, 2) increased noise and air pollution; 3) increase and aggravate existing health effects, i.e., asthma, hearing loss, sleep deprivation, etc., and 4) a loss of personal comfort and property values due to the aggravation of existing nuisances, the following comments are submitted in opposition:  
In reviewing the draft Environmental Impact Statement/Environmental Impact report (dEIS/EIR) for the Expansion Master Plan (the Plan), the following is evident:

1. The dEIS/EIR fails to satisfy federal policy concerning environmental justice and state law because:
  - a. It does not consider alternatives and other locations that would shift or distribute burdens of expansion more equitably and reduce risks to human health; and
  - b. It unfairly and disproportionately burdens minority and low-income communities that lie directly under the primary arrival flight path with significant impacts of noise and toxic air emissions. (i.e. 25% of incoming flights occur directly over the city of Inglewood.)
2. The dEIS/EIR fails to satisfy state and federal law because:
  - a. It fails to disclose the economic gain of the Airport as a result of the expansion at the expense of the surrounding low income populations;
  - b. It fails to create jobs in a manner beneficial to the impacted neighborhoods; and
  - c. It fails to balance the economic benefits with the negative impact on surrounding neighborhoods.
3. The dEIS/EIR fails to satisfy existing law because alternatives to expansion have not been adequately explored or considered.
4. The dEIS/EIR does not measure environmental impacts properly because it fails to use the current negative impact as a starting point.
5. The dEIS/EIR fails to comply with Federal air quality regulations because it does not properly measure nor study toxic air pollutants or air emissions as required by law.
6. The dEIS/EIR and Plan does not consider or factor time as a variable when assessing the added health risks, which result from increased passenger travel and traffic patterns.
7. The dEIS/EIR fails to have specific criteria when determining the specific health risks involved in the expansion.
8. The dEIS/EIR fails to assess and consider the impact of air and noise emissions mitigation measures on surrounding neighborhoods.
9. The dEIS/EIR fails to address the negative impact of current air traffic and the recurring damages caused by the Airport's failure to expeditiously mitigate the current negative impacts. With this in mind, the dEIS/EIR should have taken into consideration the cumulative affect of increasing existing negative impacts.
10. The dEIS/EIR fails to properly analyze the traffic impact and propose an adequate mitigation plan, e.g., standing traffic on the surrounding freeways.
11. The dEIS/EIR fails to consider the economic impact on property and housing values as a result of the added noise; especially, the decrease in recreational value of local parks and residential back yards; plus the reluctance of certain businesses to locate within the flight pattern. It should be noted that while property values of homes under the flight path have increased, arguably, the marginal increase of home values in this area continue to suffer. This has a negative impact of construction of additional housing stock within the area and accordingly limits the growth of these communities. Additionally, the negative impact of the Airport limits the type, quantity and quality of homes that can be built in the area. This will serve to impede local communities' ability to comply with Federal Housing Regulations that require replacing housing.
12. Finally, the dEIS/EIR fails to consider the negative impact of increased noise and flights over local schools under the flight path, including interruptions of instructional and recreational periods.

Based on the belief that the proposed LAX expansion will cause 1) an increase in auto and air traffic, 2) increased noise and air pollution; 3) increase and aggravate existing health effects, i.e., asthma, hearing loss, sleep deprivation, etc.; and 4) a loss of personal comfort and property values due to the aggravation of existing nuisances, the following comments are submitted in opposition: In reviewing the draft Environmental Impact Statement/Environmental Impact report (dEIS/EIR) pm the Expansion Master Plan (the Plan), the following is evident:

1. The dEIS/EIR fails to satisfy federal policy concerning environmental justice and state law because:
  - a. It does not consider alternatives and other locations that would shift or distribute burdens of expansion more equitably and reduce risks to human health; and
  - b. It unfairly and disproportionately burdens minority and low-income communities that lie directly under the primary arrival flight path with significant impacts of noise and toxic air emissions. (i.e. 25% of incoming flights occur directly over the city of Inglewood.)
2. The dEIS/EIR fails to satisfy state and federal law because:
  - a. It fails to disclose the economic gain of the Airport as a result of the expansion at the expense of the surrounding low income populations;
  - b. It fails to create jobs in a manner beneficial to the impacted neighborhoods; and
  - c. It fails to balance the economic benefits with the negative impact on surrounding neighborhoods.
3. The dEIS/EIR fails to satisfy existing law because alternatives to expansion have not been adequately explored or considered.
4. The dEIS/EIR does not measure environmental impacts properly because it fails to use the current negative impact as a starting point.
5. The dEIS/EIR fails to comply with Federal air quality regulations because it does not properly measure nor study toxic air pollutants or air emissions as required by law.
6. The dEIS/EIR and Plan does not consider or factor time as a variable when assessing the added health risks, which result from increased passenger travel and traffic patterns.
7. The dEIS/EIR fails to have specific criteria when determining the specific health risks involved in the expansion.
8. The dEIS/EIR fails to assess and consider the impact of air and noise emissions mitigation measures on surrounding neighborhoods.
9. The dEIS/EIR fails to address the negative impact of current air traffic and the recurring damages caused by the Airport's failure to expeditiously mitigate the current negative impacts. With this in mind, the dEIS/EIR should have taken into consideration the cumulative affect of increasing existing negative impacts.
10. The dEIS/EIR fails to properly analyze the traffic impact and propose an adequate mitigation plan, e.g., standing traffic on the surrounding freeways.
11. The dEIS/EIR fails to consider the economic impact on property and housing values as a result of the added noise; especially, the decrease in recreational value of local parks and residential back yards; plus the reluctance of certain businesses to locate within the flight pattern. It should be noted that while property values of homes under the flight path have increased, arguably, the marginal increase of home values in this area continue to suffer. This has a negative impact of construction of additional housing stock within the area and accordingly limits the growth of these communities. Additionally, the negative impact of the Airport limits the type, quantity and quality of homes that can be built in the area. This will serve to impede local communities' ability to comply with Federal Housing Regulations that require replacing housing.
12. Finally, the dEIS/EIR fails to consider the negative impact of increased noise and flights over local schools under the flight path, including interruptions of instructional and recreational periods.

**Comments:**

Based on the belief that the proposed LAX expansion will cause 1) an increase in auto and air traffic, 2) increased noise and air pollution; 3) increase and aggravate existing health effects, i.e., asthma, hearing loss, sleep deprivation, etc.; and 4) a loss of personal comfort and property values due to the aggravation of existing nuisances, the following comments are submitted in opposition:  
In reviewing the draft Environmental Impact Statement/Environmental Impact report (dEIS/EIR) per the Expansion Master Plan (the Plan), the following is evident:

1. The dEIS/EIR fails to satisfy federal policy concerning environmental justice and state law because:
  - a. It does not consider alternatives and other locations that would shift or distribute burdens of expansion more equitably and reduce risks to human health; and
  - b. It unfairly and disproportionately burdens minority and low-income communities that lie directly under the primary arrival flight path with significant impacts of noise and toxic air emissions. (i.e. 25% of incoming flights occur directly over the city of Inglewood.)
2. The dEIS/EIR fails to satisfy state and federal law because:
  - a. It fails to disclose the economic gain of the Airport as a result of the expansion at the expense of the surrounding low income populations;
  - b. It fails to create jobs in a manner beneficial to the impacted neighborhoods; and
  - c. It fails to balance the economic benefits with the negative impact on surrounding neighborhoods.
3. The dEIS/EIR fails to satisfy existing law because alternatives to expansion have not been adequately explored or considered.
4. The dEIS/EIR does not measure environmental impacts properly because it fails to use the current negative impact as a starting point.
5. The dEIS/EIR fails to comply with Federal air quality regulations because it does not properly measure nor study toxic air pollutants or air emissions as required by law.
6. The dEIS/EIR and Plan does not consider or factor time as a variable when assessing the added health risks, which result from increased passenger travel and traffic patterns.
7. The dEIS/EIR fails to have specific criteria when determining the specific health risks involved in the expansion.
8. The dEIS/EIR fails to assess and consider the impact of air and noise emissions mitigation measures on surrounding neighborhoods.
9. The dEIS/EIR fails to address the negative impact of current air traffic and the recurring damages caused by the Airport's failure to expeditiously mitigate the current negative impacts. With this in mind, the dEIS/EIR should have taken into consideration the cumulative affect of increasing existing negative impacts.
10. The dEIS/EIR fails to properly analyze the traffic impact and propose an adequate mitigation plan, e.g., standing traffic on the surrounding freeways.
11. The dEIS/EIR fails to consider the economic impact on property and housing values as a result of the added noise; especially, the decrease in recreational value of local parks and residential back yards; plus the reluctance of certain businesses to locate within the flight pattern. It should be noted that while property values of homes under the flight path have increased, arguably, the marginal increase of home values in this area continue to suffer. This has a negative impact of construction of additional housing stock within the area and accordingly limits the growth of these communities. Additionally, the negative impact of the Airport limits the type, quantity and quality of homes that can be built in the area. This will serve to impede local communities' ability to comply with Federal Housing Regulations that require replacing housing.
12. Finally, the dEIS/EIR fails to consider the negative impact of increased noise and flights over local schools under the flight path, including interruptions of instructional and recreational periods.

The dEIS/EIR fails to satisfy federal policy concerning environmental justice and state law because:             <ol style="list-style-type: none"> <li>a. It does not consider alternatives and other locations that would shift or distribute burdens of expansion more equitably and reduce risks to human health; and</li> <li>b. It unfairly and disproportionately burdens minority and low-income communities that lie directly under the primary arrival flight path with significant impacts of noise and toxic air emissions. (i.e. 25% of incoming flights occur directly over the city of Inglewood.)</li> </ol> </li> <li>2. The dEIS/EIR fails to satisfy state and federal law because:             <ol style="list-style-type: none"> <li>a. It fails to disclose the economic gain of the Airport as a result of the expansion at the expense of the surrounding low income populations;</li> <li>b. It fails to create jobs in a manner beneficial to the impacted neighborhoods; and</li> <li>c. It fails to balance the economic benefits with the negative impact on surrounding neighborhoods.</li> </ol> </li> <li>3. The dEIS/EIR fails to satisfy existing law because alternatives to expansion have not been adequately explored or considered.</li> <li>4. The dEIS/EIR does not measure environmental impacts properly because it fails to use the current negative impact as a starting point.</li> <li>5. The dEIS/EIR fails to comply with Federal air quality regulations because it does not properly measure nor study toxic air pollutants or air emissions as required by law.</li> <li>6. The dEIS/EIR and Plan does not consider or factor time as a variable when assessing the added health risks, which result from increased passenger travel and traffic patterns.</li> <li>7. The dEIS/EIR fails to have specific criteria when determining the specific health risks involved in the expansion.</li> <li>8. The dEIS/EIR fails to assess and consider the impact of air and noise emissions mitigation measures on surrounding neighborhoods.</li> <li>9. The dEIS/EIR fails to address the negative impact of current air traffic and the recurring damages caused by the Airport's failure to expeditiously mitigate the current negative impacts. With this in mind, the dEIS/EIR should have taken into consideration the cumulative affect of increasing existing negative impacts.</li> <li>10. The dEIS/EIR fails to properly analyze the traffic impact and propose an adequate mitigation plan, e.g., standing traffic on the surrounding freeways.</li> <li>11. The dEIS/EIR fails to consider the economic impact on property and housing values as a result of the added noise, especially, the decrease in recreational value of local parks and residential back yards, plus the reluctance of certain businesses to locate within the flight pattern. It should be noted that while property values of homes under the flight path have increased, arguably, the marginal increase of home values in this area continue to suffer. This has a negative impact of construction of additional housing stock within the area and accordingly limits the growth of these communities. Additionally, the negative impact of the Airport limits the type, quantity and quality of homes that can be built in the area. This will serve to impede local communities' ability to comply with Federal Housing Regulations that require replacing housing.</li> <li>12. Finally, the dEIS/EIR fails to consider the negative impact of increased noise and flights over local schools under the flight path, including interruptions of instructional and recreational periods.</li> </ol> <p>c: Jerome E. Horton, 51<sup>st</sup> Assembly District</p> <p>Attach additional sheets if necessary.</p>

Document:  Draft Master Plan  Draft EIS/EIR

Subsection (If applicable): \_\_\_\_\_ Title: \_\_\_\_\_

Comments: \_\_\_\_\_ Office Use Only

Based on the belief that the proposed LAX expansion will cause 1) an increase in auto and air traffic, 2) increased noise and air pollution, 3) increase and aggravate existing health effects, i.e., asthma, hearing loss, sleep deprivation, etc., and 4) a loss of personal comfort and property values due to the aggravation of existing nuisances, the following comments are submitted in opposition: In reviewing the draft Environmental Impact Statement/Environmental Impact report (dEIS/EIR) pm the Expansion Master Plan (the Plan), the following is evident:

1. The dEIS/EIR fails to satisfy federal policy concerning environmental justice and state law because:
  - a. It does not consider alternatives and other locations that would shift or distribute burdens of expansion more equitably and reduce risks to human health; and
  - b. It unfairly and disproportionately burdens minority and low-income communities that lie directly under the primary arrival flight path with significant impacts of noise and toxic air emissions. (i.e. 25% of incoming flights occur directly over the city of Inglewood.)
2. The dEIS/EIR fails to satisfy state and federal law because:
  - a. It fails to disclose the economic gain of the Airport as a result of the expansion at the expense of the surrounding low income populations;
  - b. It fails to create jobs in a manner beneficial to the impacted neighborhoods, and
  - c. It fails to balance the economic benefits with the negative impact on surrounding neighborhoods.
3. The dEIS/EIR fails to satisfy existing law because alternatives to expansion have not been adequately explored or considered.
4. The dEIS/EIR does not measure environmental impacts properly because it fails to use the current negative impact as a starting point.
5. The dEIS/EIR fails to comply with Federal air quality regulations because it does not properly measure nor study toxic air pollutants or air emissions as required by law.
6. The dEIS/EIR and Plan does not consider or factor time as a variable when assessing the added health risks, which result from increased passenger travel and traffic patterns.
7. The dEIS/EIR fails to have specific criteria when determining the specific health risks involved in the expansion.
8. The dEIS/EIR fails to assess and consider the impact of air and noise emissions mitigation measures on surrounding neighborhoods.
9. The dEIS/EIR fails to address the negative impact of current air traffic and the recurring damages caused by the Airport's failure to expeditiously mitigate the current negative impacts. With this in mind, the dEIS/EIR should have taken into consideration the cumulative affect of increasing existing negative impacts.
10. The dEIS/EIR fails to properly analyze the traffic impact and propose an adequate mitigation plan, e.g., standing traffic on the surrounding freeways.
11. The dEIS/EIR fails to consider the economic impact on property and housing values as a result of the added noise; especially, the decrease in recreational value of local parks and residential back yards; plus the reluctance of certain businesses to locate within the flight pattern. It should be noted that while property values of homes under the flight path have increased, arguably, the marginal increase of home values in this area continue to suffer. This has a negative impact of construction of additional housing stock within the area and accordingly limits the growth of these communities. Additionally, the negative impact of the Airport limits the type, quantity and quality of homes that can be built in the area. This will serve to impede local communities' ability to comply with Federal Housing Regulations that require replacing housing.
12. Finally, the dEIS/EIR fails to consider the negative impact of increased noise and flights over local schools under the flight path, including interruptions of instructional and recreational periods.

July 17, 2001

Hilda Kennedy, Public Information Officer  
City of Inglewood  
One Manchester Boulevard, 9<sup>th</sup> Floor  
Inglewood, California 90301

RESOLUTION  
of the  
CARLTON SQUARE HOMEOWNERS ASSOCIATION  
RE: The Draft LAX Master Plan and Draft Environmental Impact  
Statement/Environmental Impact Report

Dear Ms. Kennedy:

The Board of Directors of Carlton Square Homeowners Association along with its members, has passed the following resolution that is submitted in connection with the above referenced matter.

WHEREAS, Carlton Square, a residential development consisting of 470 residences located at 8700 Carlton Drive, within the City of Inglewood, California, and

WHEREAS, the residencies of the Carlton Square Homeowners Association community are situated directly beneath the existing flight path of the Los Angeles Airport, and

WHEREAS, the Carlton Square Homeowners and its Board of Directors are committed to bringing about civic betterment and social improvements by providing for preservation, management, maintenance and care of the architecture and appearance of the Carlton Square community, and

WHEREAS, there currently exists excessive noise air pollution, resulting from the continuous air traffic into and out of the Los Angeles Airport, and

WHEREAS, there are numerous violations the restrictions regarding the hours of take-off and landings by small and large aircraft, and

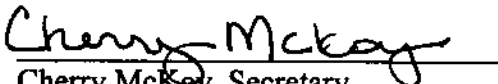

WHEREAS, expansion of Los Angeles Airport would significantly increase (1) the number of take-offs and landing, (2) noise exposure, (3) ground traffic throughout, (4) air pollution, (5) health risk, and (6) a decrease in property values, and.

WHEREAS, the homeowners and residents of the Carlton Square community, evidenced by the attached list of signatures recognize the severe negative impact the proposed expansion will have on their daily lives and on the community.

THEREFORE BE IT RESOLVED, that the Carlton Square Homeowners Association's Board of Directors, who are charged with the responsibility of preservation of property and the enjoyment thereof for the benefit of all homeowners and residents of the Carlton Square community, strongly oppose the expansion plans for Los Angeles Airport.

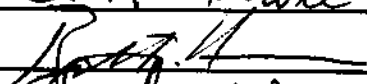

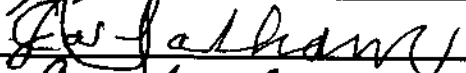

Resolution Adopted this 12 day of July, 2001.

  
John Latham, President

  
Cherry McKay, Secretary

WHEREAS, expansion of Los Angeles Airport would significantly increase (1) the number of take-offs and landing, (2) noise exposure, (3) ground traffic throughout, (4) air pollution, (5) health risk, and (6) a decrease in property values, and.

WHEREAS, the homeowners and residents of the Carlton Square community, evidenced by the attached list of signatures recognize the severe negative impact the proposed expansion will have on their daily lives and on the community.

THEREFORE BE IT RESOLVED, that the Carlton Square Homeowners Association's Board of Directors, who are charged with the responsibility of preservation of property and the enjoyment thereof for the benefit of all homeowners and residents of the Carlton Square community, strongly oppose the expansion plans for Los Angeles Airport.

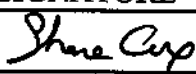

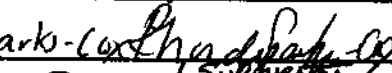

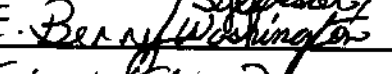

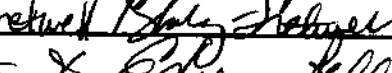

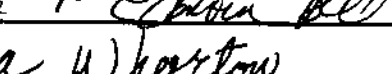

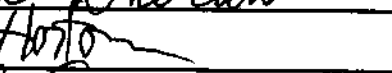

Resolution Adopted this 12 day of July, 2001.

**PETITION REGARDING LAX MASTER PLAN EIR & EIS TO:**

Jim Ritchie, Deputy Executive Director  
Los Angeles World Airports  
LAX Master Plan/Room 218  
P.O. Box 92216  
Los Angeles, CA 90009-2216

David B. Kessler, ACIP  
U.S. Dept. of Transportation  
Federal Aviation Administration  
P.O. Box 92007  
World Way Postal Center  
Los Angeles, CA 9009-2007

Dear Mr. Ritchie and Mr. Kessler:

We the undersigned support the acquisition of the West Bluff of the Ballona wetland ecosystem as mitigation for any loss of habitat for the endangered Riverside Fairy Shrimp recently found at LAX. It is our understanding that the United States Fish and Wildlife Service has approved this mitigation.

The West Bluff has what is probably the very last vernal pool left in the City of Los Angeles. It is shown on the historical maps, and in recent photographs. It is also a critical component of the last large coastal wetland system left in Los Angeles County.

In signing this petition, we are not supporting the expansion of LAX. We are supporting the acquisition of the West Bluff in regards to the impacts of the current operations of LAX.

Please include this petition in the EIS/EIR. Thank you very much.

DISTRICT OFFICE

JUL 13 2001

COUNCIL DISTRICT 6

18 July 2001

Councilwoman Ruth Galanter  
District 6 Councilmember  
7166 West Manchester Avenue  
Los Angeles, CA 90045

Dear Councilwoman Galanter:

We need your help.

The planned expansion of Los Angeles International Airport, including the construction of a new International Terminal, the access to which would be from Pershing Drive, will significantly and adversely affect the residents of this community. If the new terminal is constructed, the airport authorities intend to close Pershing Drive (south of the Westchester Parkway) to vehicular traffic other than that specifically going to LAX.

Consequently, construction of a new International Terminal has the potential of making an already undesirable situation intolerable. Over the past four decades, airport authorities have substituted their prerogatives over the will of the people. Rather than seek more constructive and less destructive alternatives, they have condemned hundreds of local homes through writ of eminent domain. Rather than seek ways and means to lessen the air and vehicular congestion around LAX, they have acted to increase it. Apparently, they intend to again do so.

The attached petition, signed by the residents of this condominium complex, requests your assistance in halting the proposed LAX expansion. In our opinion, it is time for the LAX authorities to behave as good citizens!

Sincerely,

Steve N. Shneider

President, Playa Serena Homeowners Association

Atch: Playa Serena Petition

PFO00001

# Petition

We, the residents of the Playa Serena condominiums, located at 8828 Pershing Drive in Playa del Rey, California 90293, hereby petition our elected officials and request them to act on our behalf to halt the announced Los Angeles International Airport (LAX) plan to build a large new International Terminal, the access to which would be from Pershing Drive. An integral part of the LAX expansion plan is to close Pershing Drive (south of the Westchester Parkway) to vehicular traffic other than that specifically going to LAX.

If this expansion is approved, it will adversely affect the quality of life of everyone in this community. The residents of Playa Serena – and indeed all Playa del Rey – will be inundated with traffic at all hours of the day and night. Going to and from work, school, shopping, religious services, and other essential activities will be much more difficult. Air and noise pollution will rise and property values could decrease significantly.

LAX is one of the world's busiest and most dangerous airports. Vehicular access into and egress from LAX already is difficult and makes commuting in this area very arduous. Rather than seeking to route some of the air traffic to less congested facilities such as the airports in Ontario and Palmdale, California, the LAX authorities have ignored the will of the people and have pushed ahead with expansion plans. If these plans are adopted, they will exacerbate what is already an almost intolerable situation for local residents.

**Please stop the planned LAX expansion! Make the LAX authorities responsive to the will of the people!**

Sincerely,

Jennifer A. Rougias

U.S. Senate Majority and Minority Leader  
U.S. House Speaker, Majority and Minority Leader

Due Date: August 31, 2000

**WE URGE YOU TO SUPPORT THE HALTING OF AIRPORT EXPANSION UNTIL THE FULL HEALTH AND ENVIRONMENTAL EFFECTS OF AIRPORTS ARE KNOWN AND PROPERLY MITIGATED.**

As many as 180 million Americans are affected by aviation-related pollution. This includes aircraft air emissions (including hazardous and toxic emissions), noise, de-icing fluid runoff, and many others. Recent studies have identified serious health problems for people living and working even many miles away from airports, and the Environmental Protection Agency predicts that aviation-related pollution will double, or perhaps triple, within the next decade.

Far more information is needed to determine the full extent of these threats. Existing environmental and public health safeguards do not work.

Please support the halting of airport expansion AND of additional landings and take-offs until comprehensive, objective health and environmental studies are complete. Show your support by opposing the Air Transportation Improvement Act (S.82-John McCain) and FAA Re-Authorization Bill (HR.1000-Bud Schuster).

This petition is sponsored by US-Citizens Aviation Watch Association, which advocates a sustainable, equitable and accountable aviation industry in the U.S. and abroad.

(Update: HS.82 and H.R1000 have now passed Congress. The president has signed The Wendell H. Ford Aviation Investment & Reform Act for the 21st Century (AIR-21) [HR1000] on April 5, 2000, it became Public Law No: 106-181. Your support of this petition is needed now!)

Thank you.

Far more information is needed to determine the full extent of these threats. Existing environmental and public health safeguards do not work.

Please support the halting of airport expansion AND of additional landings and take-offs until comprehensive, objective health and environmental studies are complete. Show your support by opposing the Air Transportation Improvement Act (S.82-John McCain) and FAA Re-Authorization Bill (HR.1000-Bud Schuster).

This petition is sponsored by US-Citizens Aviation Watch Association, which advocates a sustainable, equitable and accountable aviation industry in the U.S. and abroad.

(Update: HS.82 and H.R1000 have now passed Congress. The president has signed The Wendell H. Ford Aviation Investment & Reform Act for the 21st Century (AIR-21) [HR1000] on April 5, 2000, it became Public Law No: 106-181. Your support of this petition is needed now!)

Thank you.

U.S. House Speaker, Majority and Minority Leader

Due Date: August 31, 2000

WE URGE YOU TO SUPPORT THE HALTING OF AIRPORT EXPANSION UNTIL THE FULL HEALTH AND ENVIRONMENTAL EFFECTS OF AIRPORTS ARE KNOWN AND PROPERLY MITIGATED.

As many as 180 million Americans are affected by aviation-related pollution. This includes aircraft air emissions (including hazardous and toxic emissions), noise, de-icing fluid runoff, and many others. Recent studies have identified serious health problems for people living and working even many miles away from airports, and the Environmental Protection Agency predicts that aviation-related pollution will double, or perhaps triple, within the next decade.

Far more information is needed to determine the full extent of these threats. Existing environmental and public health safeguards do not work.

Please support the halting of airport expansion AND of additional landings and take-offs until comprehensive, objective health and environmental studies are complete. Show your support by opposing the Air Transportation Improvement Act (S.82-John McCain) and FAA Re-Authorization Bill (HR.1000-Bud Schuster).

**Halt All Airport Expansion!**

To: President of the United States  
U.S. Senate Majority and Minority Leader  
U.S. House Speaker, Majority and Minority Leader

Due Date: August 31, 2000

WE URGE YOU TO SUPPORT THE HALTING OF AIRPORT EXPANSION UNTIL THE FULL HEALTH AND ENVIRONMENTAL EFFECTS OF AIRPORTS ARE KNOWN AND PROPERLY MITIGATED.

As many as 180 million Americans are affected by aviation-related pollution. This includes aircraft air emissions (including hazardous and toxic emissions), noise, de-icing fluid runoff, and many others. Recent studies have identified serious health problems for people living and working even many miles away from airports, and the Environmental Protection Agency predicts that aviation-related pollution will double, or perhaps triple, within the next decade.

Far more information is needed to determine the full extent of these threats. Existing environmental and public health safeguards do not work.

Please support the halting of airport expansion AND of additional landings and take-offs until comprehensive, objective health and environmental studies are complete. Show your support by opposing the Air Transportation Improvement Act (S.82-John McCain) and FAA Re-Authorization Bill (HR.1000-Bud Schuster).

**Halt All Airport Expansion!**

To: President of the United States  
U.S. Senate Majority and Minority Leader  
U.S. House Speaker, Majority and Minority Leader

Due Date: August 31, 2000

WE URGE YOU TO SUPPORT THE HALTING OF AIRPORT EXPANSION UNTIL THE FULL HEALTH AND ENVIRONMENTAL EFFECTS OF AIRPORTS ARE KNOWN AND PROPERLY MITIGATED.

As many as 180 million Americans are affected by aviation-related pollution. This includes aircraft air emissions (including hazardous and toxic emissions), noise, de-icing fluid runoff, and many others. Recent studies have identified serious health problems for people living and working even many miles away from airports, and the Environmental Protection Agency predicts that aviation-related pollution will double, or perhaps triple, within the next decade.

Far more information is needed to determine the full extent of these threats. Existing environmental and public health safeguards do not work.

Please support the halting of airport expansion AND of additional landings and take-offs until comprehensive, objective health and environmental studies are complete. Show your support by opposing the Air Transportation Improvement Act (S.82-John McCain) and FAA Re-Authorization Bill (HR.1000-Bud Schuster).

This petition is sponsored by US-Citizens Aviation Watch Association, which advocates a sustainable, equitable and accountable aviation industry in the U.S. and abroad.

(Update: HS.82 and H.R1000 have now passed Congress. The president has signed The Wendell H. Ford Aviation Investment & Reform Act for the 21st Century (AIR-21) [HR1000] on April 5, 2000, it became Public Law No: 106-181. **Your support of this petition is needed now!**)

Thank you.

Due Date: August 31, 2000

WE URGE YOU TO SUPPORT THE HALTING OF AIRPORT EXPANSION UNTIL THE FULL HEALTH AND ENVIRONMENTAL EFFECTS OF AIRPORTS ARE KNOWN AND PROPERLY MITIGATED.

As many as 180 million Americans are affected by aviation-related pollution. This includes aircraft air emissions (including hazardous and toxic emissions), noise, de-icing fluid runoff, and many others. Recent studies have identified serious health problems for people living and working even many miles away from airports, and the Environmental Protection Agency predicts that aviation-related pollution will double, or perhaps triple, within the next decade.

Far more information is needed to determine the full extent of these threats. Existing environmental and public health safeguards do not work.

Please support the halting of airport expansion AND of additional landings and take-offs until comprehensive, objective health and environmental studies are complete. Show your support by opposing the Air Transportation Improvement Act (S.82-John McCain) and FAA Re-Authorization Bill (HR.1000-Bud Schuster).

This petition is sponsored by US-Citizens Aviation Watch Association, which advocates a sustainable, equitable and accountable aviation industry in the U.S. and abroad.

(Update: HS.82 and H.R1000 have now passed Congress. The president has signed The Wendell H. Ford Aviation Investment & Reform Act for the 21st Century (AIR-21) [HR1000] on April 5, 2000, it became Public Law No: 106-181. **Your support of this petition is needed now!**)

Thank you.

Far more information is needed to determine the full extent of these threats. Existing environmental and public health safeguards do not work.

Please support the halting of airport expansion AND of additional landings and take-offs until comprehensive, objective health and environmental studies are complete. Show your support by opposing the Air Transportation Improvement Act (S.82-John McCain) and FAA Re-Authorization Bill (HR.1000-Bud Schuster).

This petition is sponsored by US-Citizens Aviation Watch Association, which advocates a sustainable, equitable and accountable aviation industry in the U.S. and abroad.

(Update: HS.82 and H.R1000 have now passed Congress. The president has signed The Wendell H. Ford Aviation Investment & Reform Act for the 21st Century (AIR-21) [HR1000] on April 5, 2000, it became Public Law No: 106-181. Your support of this petition is needed now!)

Thank you.

U.S. House Speaker, Majority and Minority Leader

Due Date: August 31, 2000

WE URGE YOU TO SUPPORT THE HALTING OF AIRPORT EXPANSION UNTIL THE FULL HEALTH AND ENVIRONMENTAL EFFECTS OF AIRPORTS ARE KNOWN AND PROPERLY MITIGATED.

As many as 180 million Americans are affected by aviation-related pollution. This includes aircraft air emissions (including hazardous and toxic emissions), noise, de-icing fluid runoff, and many others. Recent studies have identified serious health problems for people living and working even many miles away from airports, and the Environmental Protection Agency predicts that aviation-related pollution will double, or perhaps triple, within the next decade.

Far more information is needed to determine the full extent of these threats. Existing environmental and public health safeguards do not work.

Please support the halting of airport expansion AND of additional landings and take-offs until comprehensive, objective health and environmental studies are complete. Show your support by opposing the Air Transportation Improvement Act (S.82-John McCain) and FAA Re-Authorization Bill (HR.1000-Bud Schuster).

**Halt All Airport Expansion!**

To: President of the United States  
U.S. Senate Majority and Minority Leader  
U.S. House Speaker, Majority and Minority Leader

Due Date: August 31, 2000

WE URGE YOU TO SUPPORT THE HALTING OF AIRPORT EXPANSION UNTIL THE FULL HEALTH AND ENVIRONMENTAL EFFECTS OF AIRPORTS ARE KNOWN AND PROPERLY MITIGATED.

As many as 180 million Americans are affected by aviation-related pollution. This includes aircraft air emissions (including hazardous and toxic emissions), noise, de-icing fluid runoff, and many others. Recent studies have identified serious health problems for people living and working even many miles away from airports, and the Environmental Protection Agency predicts that aviation-related pollution will double, or perhaps triple, within the next decade.

Far more information is needed to determine the full extent of these threats. Existing environmental and public health safeguards do not work.

Please support the halting of airport expansion AND of additional landings and take-offs until comprehensive, objective health and environmental studies are complete. Show your support by opposing the Air Transportation Improvement Act (S.82-John McCain) and FAA Re-Authorization Bill (HR.1000-Bud Schuster).

This petition is sponsored by US-Citizens Aviation Watch Association, which advocates a sustainable, equitable and accountable aviation industry in the U.S. and abroad.

(Update: HS.82 and H.R1000 have now passed Congress. The president has signed The Wendell H. Ford Aviation Investment & Reform Act for the 21st Century (AIR-21) [HR1000] on April 5, 2000, it became Public Law No: 106-181. **Your support of this petition is needed now!**)

**Halt All Airport Expansion!**

To: President of the United States  
U.S. Senate Majority and Minority Leader  
U.S. House Speaker, Majority and Minority Leader

Due Date: August 31, 2000

WE URGE YOU TO SUPPORT THE HALTING OF AIRPORT EXPANSION UNTIL THE FULL HEALTH AND ENVIRONMENTAL EFFECTS OF AIRPORTS ARE KNOWN AND PROPERLY MITIGATED.

As many as 180 million Americans are affected by aviation-related pollution. This includes aircraft air emissions (including hazardous and toxic emissions), noise, de-icing fluid runoff, and many others. Recent studies have identified serious health problems for people living and working even many miles away from airports, and the Environmental Protection Agency predicts that aviation-related pollution will double, or perhaps triple, within the next decade.

Far more information is needed to determine the full extent of these threats. Existing environmental and public health safeguards do not work.

Please support the halting of airport expansion AND of additional landings and take-offs until comprehensive, objective health and environmental studies are complete. Show your support by opposing the Air Transportation Improvement Act (S.82-John McCain) and FAA Re-Authorization Bill (HR.1000-Bud Schuster).

This petition is sponsored by US-Citizens Aviation Watch Association, which advocates a sustainable, equitable and accountable aviation industry in the U.S. and abroad.

(Update: HS.82 and H.R1000 have now passed Congress. The president has signed The Wendell H. Ford Aviation Investment & Reform Act for the 21st Century (AIR-21) [HR1000] on April 5, 2000, it became Public Law No: 106-181. Your support of this petition is needed now!)

Thank you.

**Halt All Airport Expansion!**

To: President of the United States  
U.S. Senate Majority and Minority Leader  
U.S. House Speaker, Majority and Minority Leader

Due Date: August 31, 2000

WE URGE YOU TO SUPPORT THE HALTING OF AIRPORT EXPANSION UNTIL THE FULL HEALTH AND ENVIRONMENTAL EFFECTS OF AIRPORTS ARE KNOWN AND PROPERLY MITIGATED.

As many as 180 million Americans are affected by aviation-related pollution. This includes aircraft air emissions (including hazardous and toxic emissions), noise, de-icing fluid runoff, and many others. Recent studies have identified serious health problems for people living and working even many miles away from airports, and the Environmental Protection Agency predicts that aviation-related pollution will double, or perhaps triple, within the next decade.

Far more information is needed to determine the full extent of these threats. Existing environmental and public health safeguards do not work.

Please support the halting of airport expansion AND of additional landings and take-offs until comprehensive, objective health and environmental studies are complete. Show your support by opposing the Air Transportation Improvement Act (S.82-John McCain) and FAA Re-Authorization Bill (HR.1000-Bud Schuster).

WE URGE YOU TO SUPPORT THE HALTING OF AIRPORT EXPANSION UNTIL THE FULL HEALTH AND ENVIRONMENTAL EFFECTS OF AIRPORTS ARE KNOWN AND PROPERLY MITIGATED.

As many as 180 million Americans are affected by aviation-related pollution. This includes aircraft air emissions (including hazardous and toxic emissions), noise, de-icing fluid runoff, and many others. Recent studies have identified serious health problems for people living and working even many miles away from airports, and the Environmental Protection Agency predicts that aviation-related pollution will double, or perhaps triple, within the next decade.

Far more information is needed to determine the full extent of these threats. Existing environmental and public health safeguards do not work.

Please support the halting of airport expansion AND of additional landings and take-offs until comprehensive, objective health and environmental studies are complete. Show your support by opposing the Air Transportation Improvement Act (S.82-John McCain) and FAA Re-Authorization Bill (HR.1000-Bud Schuster).

This petition is sponsored by US-Citizens Aviation Watch Association, which advocates a sustainable, equitable and accountable aviation industry in the U.S. and abroad.

(Update: HS.82 and H.R1000 have now passed Congress. The president has signed The Wendell H. Ford Aviation Investment & Reform Act for the 21st Century (AIR-21) [HR1000] on April 5, 2000, it became Public Law No: 106-181. Your support of this petition is needed now!)

Thank you.

**Halt All Airport Expansion!**

To: President of the United States  
U.S. Senate Majority and Minority Leader  
U.S. House Speaker, Majority and Minority Leader

Due Date: August 31, 2000

WE URGE YOU TO SUPPORT THE HALTING OF AIRPORT EXPANSION UNTIL THE FULL HEALTH AND ENVIRONMENTAL EFFECTS OF AIRPORTS ARE KNOWN AND PROPERLY MITIGATED.

As many as 180 million Americans are affected by aviation-related pollution. This includes aircraft air emissions (including hazardous and toxic emissions), noise, de-icing fluid runoff, and many others. Recent studies have identified serious health problems for people living and working even many miles away from airports, and the Environmental Protection Agency predicts that aviation-related pollution will double, or perhaps triple, within the next decade.

Far more information is needed to determine the full extent of these threats. Existing environmental and public health safeguards do not work.

Please support the halting of airport expansion AND of additional landings and take-offs until comprehensive, objective health and environmental studies are complete. Show your support by opposing the Air Transportation Improvement Act (S.82-John McCain) and FAA Re-Authorization Bill (HR.1000-Bud Schuster).

This petition is sponsored by US-Citizens Aviation Watch Association, which advocates a sustainable, equitable and accountable aviation industry in the U.S. and abroad.

(Update: HS.82 and H.R1000 have now passed Congress. The president has signed The Wendell H. Ford Aviation Investment & Reform Act for the 21st Century (AIR-21) [HR1000] on April 5, 2000, it became Public Law No: 106-181. **Your support of this petition is needed now!**)

Thank you.

As many as 180 million Americans are affected by aviation-related pollution. This includes aircraft air emissions (including hazardous and toxic emissions), noise, de-icing fluid runoff, and many others. Recent studies have identified serious health problems for people living and working even many miles away from airports, and the Environmental Protection Agency predicts that aviation-related pollution will double, or perhaps triple, within the next decade.

Far more information is needed to determine the full extent of these threats. Existing environmental and public health safeguards do not work.

Please support the halting of airport expansion AND of additional landings and take-offs until comprehensive, objective health and environmental studies are complete. Show your support by opposing the Air Transportation Improvement Act (S.82-John McCain) and FAA Re-Authorization Bill (HR.1000-Bud Schuster).

This petition is sponsored by US-Citizens Aviation Watch Association, which advocates a sustainable, equitable and accountable aviation industry in the U.S. and abroad.

(Update: HS.82 and H.R1000 have now passed Congress. The president has signed The Wendell H. Ford Aviation Investment & Reform Act for the 21st Century (AIR-21) [HR1000] on April 5, 2000, it became Public Law No: 106-181. **Your support of this petition is needed now!**)

Thank you.

**Halt All Airport Expansion!**

To: President of the United States  
U.S. Senate Majority and Minority Leader  
U.S. House Speaker, Majority and Minority Leader

Due Date: August 31, 2000

WE URGE YOU TO SUPPORT THE HALTING OF AIRPORT EXPANSION UNTIL THE FULL HEALTH AND ENVIRONMENTAL EFFECTS OF AIRPORTS ARE KNOWN AND PROPERLY MITIGATED.

As many as 180 million Americans are affected by aviation-related pollution. This includes aircraft air emissions (including hazardous and toxic emissions), noise, de-icing fluid runoff, and many others. Recent studies have identified serious health problems for people living and working even many miles away from airports, and the Environmental Protection Agency predicts that aviation-related pollution will double, or perhaps triple, within the next decade.

Far more information is needed to determine the full extent of these threats. Existing environmental and public health safeguards do not work.

Please support the halting of airport expansion AND of additional landings and take-offs until comprehensive, objective health and environmental studies are complete. Show your support by opposing the Air Transportation Improvement Act (S.82-John McCain) and FAA Re-Authorization Bill (HR.1000-Bud Schuster).

**Halt All Airport Expansion!**

To: President of the United States  
U.S. Senate Majority and Minority Leader  
U.S. House Speaker, Majority and Minority Leader

Due Date: August 31, 2000

WE URGE YOU TO SUPPORT THE HALTING OF AIRPORT EXPANSION UNTIL THE FULL HEALTH AND ENVIRONMENTAL EFFECTS OF AIRPORTS ARE KNOWN AND PROPERLY MITIGATED.

As many as 180 million Americans are affected by aviation-related pollution. This includes aircraft air emissions (including hazardous and toxic emissions), noise, de-icing fluid runoff, and many others. Recent studies have identified serious health problems for people living and working even many miles away from airports, and the Environmental Protection Agency predicts that aviation-related pollution will double, or perhaps triple, within the next decade.

Far more information is needed to determine the full extent of these threats. Existing environmental and public health safeguards do not work.

Please support the halting of airport expansion AND of additional landings and take-offs until comprehensive, objective health and environmental studies are complete. Show your support by opposing the Air Transportation Improvement Act (S.82-John McCain) and FAA Re-Authorization Bill (HR.1000-Bud Schuster).

This petition is sponsored by US-Citizens Aviation Watch Association, which advocates a sustainable, equitable and accountable aviation industry in the U.S. and abroad.

(Update: HS.82 and H.R1000 have now passed Congress. The president has signed The Wendell H. Ford Aviation Investment & Reform Act for the 21st Century (AIR-21) [HR1000] on April 5, 2000, it became Public Law No: 106-181. **Your support of this petition is needed now!**)

Thank you.

U.S. House Speaker, Majority and Minority Leader

Due Date: August 31, 2000

WE URGE YOU TO SUPPORT THE HALTING OF AIRPORT EXPANSION UNTIL THE FULL HEALTH AND ENVIRONMENTAL EFFECTS OF AIRPORTS ARE KNOWN AND PROPERLY MITIGATED.

As many as 180 million Americans are affected by aviation-related pollution. This includes aircraft air emissions (including hazardous and toxic emissions), noise, de-icing fluid runoff, and many others. Recent studies have identified serious health problems for people living and working even many miles away from airports, and the Environmental Protection Agency predicts that aviation-related pollution will double, or perhaps triple, within the next decade.

Far more information is needed to determine the full extent of these threats. Existing environmental and public health safeguards do not work.

Please support the halting of airport expansion AND of additional landings and take-offs until comprehensive, objective health and environmental studies are complete. Show your support by opposing the Air Transportation Improvement Act (S.82-John McCain) and FAA Re-Authorization Bill (HR.1000-Bud Schuster).

**Halt All Airport Expansion!**

To: President of the United States  
U.S. Senate Majority and Minority Leader  
U.S. House Speaker, Majority and Minority Leader

Due Date: August 31, 2000

WE URGE YOU TO SUPPORT THE HALTING OF AIRPORT EXPANSION UNTIL THE FULL HEALTH AND ENVIRONMENTAL EFFECTS OF AIRPORTS ARE KNOWN AND PROPERLY MITIGATED.

As many as 180 million Americans are affected by aviation-related pollution. This includes aircraft air emissions (including hazardous and toxic emissions), noise, de-icing fluid runoff, and many others. Recent studies have identified serious health problems for people living and working even many miles away from airports, and the Environmental Protection Agency predicts that aviation-related pollution will double, or perhaps triple, within the next decade.

Far more information is needed to determine the full extent of these threats. Existing environmental and public health safeguards do not work.

Please support the halting of airport expansion AND of additional landings and take-offs until comprehensive, objective health and environmental studies are complete. Show your support by opposing the Air Transportation Improvement Act (S.82-John McCain) and FAA Re-Authorization Bill (HR.1000-Bud Schuster).

This petition is sponsored by US-Citizens Aviation Watch Association, which advocates a sustainable, equitable and accountable aviation industry in the U.S. and abroad.

(Update: HS.82 and H.R1000 have now passed Congress. The president has signed The Wendell H. Ford Aviation Investment & Reform Act for the 21st Century (AIR-21) [HR1000] on April 5, 2000, it became Public Law No: 106-181. **Your support of this petition is needed now!**)

Thank you.

As many as 180 million Americans are affected by aviation-related pollution. This includes aircraft air emissions (including hazardous and toxic emissions), noise, de-icing fluid runoff, and many others. Recent studies have identified serious health problems for people living and working even many miles away from airports, and the Environmental Protection Agency predicts that aviation-related pollution will double, or perhaps triple, within the next decade.

Far more information is needed to determine the full extent of these threats. Existing environmental and public health safeguards do not work.

Please support the halting of airport expansion AND of additional landings and take-offs until comprehensive, objective health and environmental studies are complete. Show your support by opposing the Air Transportation Improvement Act (S.82-John McCain) and FAA Re-Authorization Bill (HR.1000-Bud Schuster).

This petition is sponsored by US-Citizens Aviation Watch Association, which advocates a sustainable, equitable and accountable aviation industry in the U.S. and abroad.

(Update: HS.82 and H.R1000 have now passed Congress. The president has signed The Wendell H. Ford Aviation Investment & Reform Act for the 21st Century (AIR-21) [HR1000] on April 5, 2000, it became Public Law No: 106-181. Your support of this petition is needed now!)

Thank you.

**Halt All Airport Expansion!**

To: President of the United States  
U.S. Senate Majority and Minority Leader  
U.S. House Speaker, Majority and Minority Leader

Due Date: August 31, 2000

WE URGE YOU TO SUPPORT THE HALTING OF AIRPORT EXPANSION UNTIL THE FULL HEALTH AND ENVIRONMENTAL EFFECTS OF AIRPORTS ARE KNOWN AND PROPERLY MITIGATED.

As many as 180 million Americans are affected by aviation-related pollution. This includes aircraft air emissions (including hazardous and toxic emissions), noise, de-icing fluid runoff, and many others. Recent studies have identified serious health problems for people living and working even many miles away from airports, and the Environmental Protection Agency predicts that aviation-related pollution will double, or perhaps triple, within the next decade.

Far more information is needed to determine the full extent of these threats. Existing environmental and public health safeguards do not work.

Please support the halting of airport expansion AND of additional landings and take-offs until comprehensive, objective health and environmental studies are complete. Show your support by opposing the Air Transportation Improvement Act (S.82-John McCain) and FAA Re-Authorization Bill (HR.1000-Bud Schuster).

This petition is sponsored by US-Citizens Aviation Watch Association, which advocates a sustainable, equitable and accountable aviation industry in the U.S. and abroad.

(Update: HS.82 and H.R1000 have now passed Congress. The president has signed The Wendell H. Ford Aviation Investment & Reform Act for the 21st Century (AIR-21) [HR1000] on April 5, 2000, it became Public Law No: 106-181. **Your support of this petition is needed now!**)

As many as 180 million Americans are affected by aviation-related pollution. This includes aircraft air emissions (including hazardous and toxic emissions), noise, de-icing fluid runoff, and many others. Recent studies have identified serious health problems for people living and working even many miles away from airports, and the Environmental Protection Agency predicts that aviation-related pollution will double, or perhaps triple, within the next decade.

Far more information is needed to determine the full extent of these threats. Existing environmental and public health safeguards do not work.

Please support the halting of airport expansion AND of additional landings and take-offs until comprehensive, objective health and environmental studies are complete. Show your support by opposing the Air Transportation Improvement Act (S.82-John McCain) and FAA Re-Authorization Bill (HR.1000-Bud Schuster).

This petition is sponsored by US-Citizens Aviation Watch Association, which advocates a sustainable, equitable and accountable aviation industry in the U.S. and abroad.

(Update: HS.82 and H.R1000 have now passed Congress. The president has signed The Wendell H. Ford Aviation Investment & Reform Act for the 21st Century (AIR-21) [HR1000] on April 5, 2000, it became Public Law No: 106-181. **Your support of this petition is needed now!**)

Thank you.

**Halt All Airport Expansion!**

To: President of the United States  
U.S. Senate Majority and Minority Leader  
U.S. House Speaker, Majority and Minority Leader

Due Date: August 31, 2000

WE URGE YOU TO SUPPORT THE HALTING OF AIRPORT EXPANSION UNTIL THE FULL HEALTH AND ENVIRONMENTAL EFFECTS OF AIRPORTS ARE KNOWN AND PROPERLY MITIGATED.

As many as 180 million Americans are affected by aviation-related pollution. This includes aircraft air emissions (including hazardous and toxic emissions), noise, de-icing fluid runoff, and many others. Recent studies have identified serious health problems for people living and working even many miles away from airports, and the Environmental Protection Agency predicts that aviation-related pollution will double, or perhaps triple, within the next decade.

Far more information is needed to determine the full extent of these threats. Existing environmental and public health safeguards do not work.

Please support the halting of airport expansion AND of additional landings and take-offs until comprehensive, objective health and environmental studies are complete. Show your support by opposing the Air Transportation Improvement Act (S.82-John McCain) and FAA Re-Authorization Bill (HR.1000-Bud Schuster).

This petition is sponsored by US-Citizens Aviation Watch Association, which advocates a sustainable, equitable and accountable aviation industry in the U.S. and abroad.

(Update: HS.82 and H.R1000 have now passed Congress. The president has signed The Wendell H. Ford Aviation Investment & Reform Act for the 21st Century (AIR-21) [HR1000] on April 5, 2000, it became Public Law No: 106-181. Your support of this petition is needed now!)

Thank you.

Due Date: August 31, 2000

WE URGE YOU TO SUPPORT THE HALTING OF AIRPORT EXPANSION UNTIL THE FULL HEALTH AND ENVIRONMENTAL EFFECTS OF AIRPORTS ARE KNOWN AND PROPERLY MITIGATED.

As many as 180 million Americans are affected by aviation-related pollution. This includes aircraft air emissions (including hazardous and toxic emissions), noise, de-icing fluid runoff, and many others. Recent studies have identified serious health problems for people living and working even many miles away from airports, and the Environmental Protection Agency predicts that aviation-related pollution will double, or perhaps triple, within the next decade.

Far more information is needed to determine the full extent of these threats. Existing environmental and public health safeguards do not work.

Please support the halting of airport expansion AND of additional landings and take-offs until comprehensive, objective health and environmental studies are complete. Show your support by opposing the Air Transportation Improvement Act (S.82-John McCain) and FAA Re-Authorization Bill (HR.1000-Bud Schuster).

**Halt All Airport Expansion!**

To: President of the United States  
U.S. Senate Majority and Minority Leader  
U.S. House Speaker, Majority and Minority Leader

Due Date: August 31, 2000

WE URGE YOU TO SUPPORT THE HALTING OF AIRPORT EXPANSION UNTIL THE FULL HEALTH AND ENVIRONMENTAL EFFECTS OF AIRPORTS ARE KNOWN AND PROPERLY MITIGATED.

As many as 180 million Americans are affected by aviation-related pollution. This includes aircraft air emissions (including hazardous and toxic emissions), noise, de-icing fluid runoff, and many others. Recent studies have identified serious health problems for people living and working even many miles away from airports, and the Environmental Protection Agency predicts that aviation-related pollution will double, or perhaps triple, within the next decade.

Far more information is needed to determine the full extent of these threats. Existing environmental and public health safeguards do not work.

Please support the halting of airport expansion AND of additional landings and take-offs until comprehensive, objective health and environmental studies are complete. Show your support by opposing the Air Transportation Improvement Act (S.82-John McCain) and FAA Re-Authorization Bill (HR.1000-Bud Schuster).

This petition is sponsored by US-Citizens Aviation Watch Association, which advocates a sustainable, equitable and accountable aviation industry in the U.S. and abroad.

(Update: HS.82 and H.R1000 have now passed Congress. The president has signed The Wendell H. Ford Aviation Investment & Reform Act for the 21st Century (AIR-21) [HR1000] on April 5, 2000, it became Public Law No: 106-181. **Your support of this petition is needed now!**)

Thank you.

U.S. House Speaker, Majority and Minority Leader

Due Date: August 31, 2000

WE URGE YOU TO SUPPORT THE HALTING OF AIRPORT EXPANSION UNTIL THE FULL HEALTH AND ENVIRONMENTAL EFFECTS OF AIRPORTS ARE KNOWN AND PROPERLY MITIGATED.

As many as 180 million Americans are affected by aviation-related pollution. This includes aircraft air emissions (including hazardous and toxic emissions), noise, de-icing fluid runoff, and many others. Recent studies have identified serious health problems for people living and working even many miles away from airports, and the Environmental Protection Agency predicts that aviation-related pollution will double, or perhaps triple, within the next decade.

Far more information is needed to determine the full extent of these threats. Existing environmental and public health safeguards do not work.

Please support the halting of airport expansion AND of additional landings and take-offs until comprehensive, objective health and environmental studies are complete. Show your support by opposing the Air Transportation Improvement Act (S.82-John McCain) and FAA Re-Authorization Bill (HR.1000-Bud Schuster).

U.S. House Speaker, Majority and Minority Leader

Due Date: August 31, 2000

WE URGE YOU TO SUPPORT THE HALTING OF AIRPORT EXPANSION UNTIL THE FULL HEALTH AND ENVIRONMENTAL EFFECTS OF AIRPORTS ARE KNOWN AND PROPERLY MITIGATED.

As many as 180 million Americans are affected by aviation-related pollution. This includes aircraft air emissions (including hazardous and toxic emissions), noise, de-icing fluid runoff, and many others. Recent studies have identified serious health problems for people living and working even many miles away from airports, and the Environmental Protection Agency predicts that aviation-related pollution will double, or perhaps triple, within the next decade.

Far more information is needed to determine the full extent of these threats. Existing environmental and public health safeguards do not work.

Please support the halting of airport expansion AND of additional landings and take-offs until comprehensive, objective health and environmental studies are complete. Show your support by opposing the Air Transportation Improvement Act (S.82-John McCain) and FAA Re-Authorization Bill (HR.1000-Bud Schuster).

This petition is sponsored by US-Citizens Aviation Watch Association, which advocates a sustainable, equitable and accountable aviation industry in the U.S. and abroad.

(Update: HS.82 and H.R1000 have now passed Congress. The president has signed The Wendell H. Ford Aviation Investment & Reform Act for the 21st Century (AIR-21) [HR1000] on April 5, 2000, it became Public Law No: 106-181. Your support of this petition is needed now!)

Thank you.

**Halt All Airport Expansion!**

To: President of the United States  
U.S. Senate Majority and Minority Leader  
U.S. House Speaker, Majority and Minority Leader

Due Date: August 31, 2000

WE URGE YOU TO SUPPORT THE HALTING OF AIRPORT EXPANSION UNTIL THE FULL HEALTH AND ENVIRONMENTAL EFFECTS OF AIRPORTS ARE KNOWN AND PROPERLY MITIGATED.

As many as 180 million Americans are affected by aviation-related pollution. This includes aircraft air emissions (including hazardous and toxic emissions), noise, de-icing fluid runoff, and many others. Recent studies have identified serious health problems for people living and working even many miles away from airports, and the Environmental Protection Agency predicts that aviation-related pollution will double, or perhaps triple, within the next decade.

Far more information is needed to determine the full extent of these threats. Existing environmental and public health safeguards do not work.

Please support the halting of airport expansion AND of additional landings and take-offs until comprehensive, objective health and environmental studies are complete. Show your support by opposing the Air Transportation Improvement Act (S.82-John McCain) and FAA Re-Authorization Bill (HR.1000-Bud Schuster).

**Halt All Airport Expansion!**

To: President of the United States  
U.S. Senate Majority and Minority Leader  
U.S. House Speaker, Majority and Minority Leader

Due Date: August 31, 2000

WE URGE YOU TO SUPPORT THE HALTING OF AIRPORT EXPANSION UNTIL THE FULL HEALTH AND ENVIRONMENTAL EFFECTS OF AIRPORTS ARE KNOWN AND PROPERLY MITIGATED.

As many as 180 million Americans are affected by aviation-related pollution. This includes aircraft air emissions (including hazardous and toxic emissions), noise, de-icing fluid runoff, and many others. Recent studies have identified serious health problems for people living and working even many miles away from airports, and the Environmental Protection Agency predicts that aviation-related pollution will double, or perhaps triple, within the next decade.

Far more information is needed to determine the full extent of these threats. Existing environmental and public health safeguards do not work.

Please support the halting of airport expansion AND of additional landings and take-offs until comprehensive, objective health and environmental studies are complete. Show your support by opposing the Air Transportation Improvement Act (S.82-John McCain) and FAA Re-Authorization Bill (HR.1000-Bud Schuster).

This petition is sponsored by US-Citizens Aviation Watch Association, which advocates a sustainable, equitable and accountable aviation industry in the U.S. and abroad.

(Update: HS.82 and H.R1000 have now passed Congress. The president has signed The Wendell H. Ford Aviation Investment & Reform Act for the 21st Century (AIR-21) [HR1000] on April 5, 2000, it became Public Law No: 106-181. Your support of this petition is needed now!)

Thank you.

As many as 180 million Americans are affected by aviation-related pollution. This includes aircraft air emissions (including hazardous and toxic emissions), noise, de-icing fluid runoff, and many others. Recent studies have identified serious health problems for people living and working even many miles away from airports, and the Environmental Protection Agency predicts that aviation-related pollution will double, or perhaps triple, within the next decade.

Far more information is needed to determine the full extent of these threats. Existing environmental and public health safeguards do not work.

Please support the halting of airport expansion AND of additional landings and take-offs until comprehensive, objective health and environmental studies are complete. Show your support by opposing the Air Transportation Improvement Act (S.82-John McCain) and FAA Re-Authorization Bill (HR.1000-Bud Schuster).

This petition is sponsored by US-Citizens Aviation Watch Association, which advocates a sustainable, equitable and accountable aviation industry in the U.S. and abroad.

(Update: HS.82 and H.R1000 have now passed Congress. The president has signed The Wendell H. Ford Aviation Investment & Reform Act for the 21st Century (AIR-21) [HR1000] on April 5, 2000, it became Public Law No: 106-181. Your support of this petition is needed now!)

Thank you.

Far more information is needed to determine the full extent of these threats. Existing environmental and public health safeguards do not work.

Please support the halting of airport expansion AND of additional landings and take-offs until comprehensive, objective health and environmental studies are complete. Show your support by opposing the Air Transportation Improvement Act (S.82-John McCain) and FAA Re-Authorization Bill (HR.1000-Bud Schuster).

This petition is sponsored by US-Citizens Aviation Watch Association, which advocates a sustainable, equitable and accountable aviation industry in the U.S. and abroad.

(Update: HS.82 and H.R1000 have now passed Congress. The president has signed The Wendell H. Ford Aviation Investment & Reform Act for the 21st Century (AIR-21) [HR1000] on April 5, 2000, it became Public Law No: 106-181. Your support of this petition is needed now!)

Thank you.

**Halt All Airport Expansion!**

To: President of the United States  
U.S. Senate Majority and Minority Leader  
U.S. House Speaker, Majority and Minority Leader

Due Date: August 31, 2000

WE URGE YOU TO SUPPORT THE HALTING OF AIRPORT EXPANSION UNTIL THE FULL HEALTH AND ENVIRONMENTAL EFFECTS OF AIRPORTS ARE KNOWN AND PROPERLY MITIGATED.

As many as 180 million Americans are affected by aviation-related pollution. This includes aircraft air emissions (including hazardous and toxic emissions), noise, de-icing fluid runoff, and many others. Recent studies have identified serious health problems for people living and working even many miles away from airports, and the Environmental Protection Agency predicts that aviation-related pollution will double, or perhaps triple, within the next decade.

Far more information is needed to determine the full extent of these threats. Existing environmental and public health safeguards do not work.

Please support the halting of airport expansion AND of additional landings and take-offs until comprehensive, objective health and environmental studies are complete. Show your support by opposing the Air Transportation Improvement Act (S.82-John McCain) and FAA Re-Authorization Bill (HR.1000-Bud Schuster).

Show your support by opposing the Air Transportation Improvement Act (S.82-John McCain) and FAA Re-Authorization Bill (HR.1000-Bud Schuster).

This petition is sponsored by US-Citizens Aviation Watch Association, which advocates a sustainable, equitable and accountable aviation industry in the U.S. and abroad.

(Update: HS.82 and H.R1000 have now passed Congress. The president has signed The Wendell H. Ford Aviation Investment & Reform Act for the 21st Century (AIR-21) [HR1000] on April 5, 2000, it became Public Law No: 106-181. Your support of this petition is needed now!)

Thank you.

RE: LAX MASTER PLAN EIR/EIS

Dear Mr. Ritchie and Mr. Kessler:

I am writing this letter to support the acquisition of the West Bluff of the Ballona wetland ecosystem as mitigation for any loss of habitat for the endangered Riverside Fairy Shrimp recently found at LAX. It is my understanding that the United States Fish and Wildlife Service has approved this mitigation.

The West Bluff has what is probably the very last vernal pool left in the City of Los Angeles. It is shown on the historical maps, and in recent photographs. It is also a critical component of the last large coastal wetland system left in Los Angeles County.

In writing this letter, I am not supporting the expansion of LAX. I am supporting the acquisition of the West Bluff in regards to the impacts of the current operations of LAX.

Thank you very much,

Dear Ms. Kennard:

The Los Angeles region's economic health depends on LAX's ability to accommodate international traffic. The LAX Master Plan will ensure the continuation of Southern California's economic growth as well as Los Angeles' reputation as a world class city.

We are extremely excited to see the ways the Master Plan will benefit local communities as well as improve safety and LAX's ability to provide travel service both locally and abroad.

We strongly support the LAX Master Plan.

AUDIENCE COMMENTS:

9

1 LOS ANGELES, CALIFORNIA; SATURDAY, JUNE 9, 2001

2 2:30 P.M.

3

4 THE FACILITATOR: WE ARE OFFICIALLY UNDER WAY. I  
5 AM THE FACILITATOR. WHAT THAT MEANS TO YOU IS I AM HERE  
6 TO HELP THE PROCESS. I HAVE BEEN TALKING TO THE COUNCIL  
7 MEMBER RUTH GALANTER RIGHT HERE. ANYBODY KNOW WHO SHE  
8 IS? I DIDN'T HEAR YOU. I AM LOOKING FOR A JOB AS A STAFF  
9 MEMBER. WE ARE GOING TO BE HERE UNTIL ABOUT 3:30 IN THE  
10 MORNING, SO WE HAVE COFFEE AFTERWARDS.

11 I WANT TO MAKE SURE THAT YOU KNOW WHAT THE  
12 SITUATION IS TODAY. SO ONCE I INTRODUCE SOMEBODY, WE WILL  
13 COME BACK TO ME AND TELL YOU THE PROCEDURES. RIGHT NOW I  
14 WANT TO INTRODUCE -- THERE ARE TWO GENTLEMAN AT THE FRONT.  
15 THEY ARE BOTH NICE FOLKS. IT'S MY PLEASURE TO INTRODUCE  
16 JIM RITCHIE. HE IS THE DEPUTY EXECUTIVE DIRECTOR OF LOS  
17 ANGELES WORLD AIRPORTS AND HE IS HERE TO HEAR YOUR COMMENTS  
18 AND TAKE NOTES OF YOUR COMMENTS. AND WE ARE GOING TO  
19 DISCUSS THAT A LOT MORE. THERE ARE A LOT OF PEOPLE TODAY.  
20 I WANT FIRST TO INTRODUCE HIM. GO AHEAD, JIM.

21 UNIDENTIFIED AUDIENCE MEMBER: WHERE DO YOU LIVE?

22 MR. RITCHIE: GOOD AFTERNOON. CAN YOU HEAR ME? I  
23 AM JIM RITCHIE, AS I SAID. I AM PLEASED TO SEE THE TURN  
24 OUT. THIS IS A KEY COMPONENT OF THE ENVIRONMENTAL PROCESS.  
25 YOUR COMMENTS ARE VERY IMPORTANT TO US. WE ARE GOING TO

1 WANT TO CAPTURE AS MANY AS WE CAN AS WE START HERE, SO BOB  
2 WILL GIVE US SOME RULES TO FOLLOW AND I WOULD APPRECIATE  
3 THAT WE ALL WORK TOGETHER SO THAT WE CAN GET AS MANY  
4 COMMENTS AS WE CAN IN THE TIME THAT WE HAVE. WITH THAT, ON  
5 BEHALF OF THE L. A. WORLD AIRPORTS YOUR COMMENTS, YOUR  
6 INPUT ARE IMPORTANT TO US AND IT WILL BE REFLECTED IN THE  
7 PROCESS AS WE CONTINUE TO TAKE THE DRAFT ENVIRONMENTAL  
8 IMPACT STATEMENT TO THE FINAL STAGES AND MOVE FORWARD.  
9 WITH THAT THANK YOU AND I APPRECIATE YOUR PARTICIPATION.

10 LET ME INTRODUCE OUR FAA REPRESENTATIVE.

11 UNIDENTIFIED AUDIENCE MEMBER: WE NEED TO GET  
12 ADDRESSES.

13 MR. DYKAS: YOU WANT THE PANEL TO GIVE THEIR  
14 ADDRESS?

15 UNIDENTIFIED AUDIENCE MEMBER: ABSOLUTELY.

16 MR. RITCHIE: MY ADDRESS IS 23691 VIA HISTORICA,  
17 MISSION VIEJO, CALIFORNIA.

18 MR. DYKAS: MY ADDRESS -- ACTUALLY I OWN TWO HOUSES.  
19 ONE IS 5157 WEST 132ND STREET, HAWTHORNE. I DON'T LIVE  
20 THERE CURRENTLY RIGHT NOW. AND I LIVE IN TORRANCE RIGHT  
21 NOW, 4932 ARVADA STREET. I HAVE A PREPARED STATEMENT I  
22 WOULD LIKE TO READ HERE.

23 GOOD AFTERNOON, LADIES AND GENTLEMEN. MY NAME  
24 IS RICHARD DYKAS. I AM AN AIRPORT PLANNER WITH THE FEDERAL  
25 AVIATION ADMINISTRATION, AMERICAN WESTERN PACIFIC REGION.

1 I WOULD LIKE TO WELCOME YOU TO ONE OF THE THREE PUBLIC  
2 HEARINGS THE FAA AND THE CITY OF LOS ANGELES ARE  
3 CONDUCTING TODAY FOR THE DRAFT ENVIRONMENTAL IMPACT  
4 STATEMENT/ENVIRONMENTAL IMPACT REPORT OR THE EIS/EIR FOR  
5 THE PROPOSED MASTER PLAN AT LOS ANGELES INTERNATIONAL  
6 AIRPORT. TWO OTHER PUBLIC HEARINGS ON THIS SAME TOPIC ARE  
7 BEING CONDUCTED AT THIS SAME TIME. ONE IN MANHATTAN BEACH  
8 AND ONE IN INGLEWOOD. THE PURPOSE OF THESE HEARINGS IS TO  
9 COLLECT COMMENTS FROM THE GENERAL PUBLIC CONCERNING THE  
10 ADEQUACY OF THE INFORMATION DISCLOSED IN THE DRAFT EIS/EIR.  
11 THE FAA AND THE CITY OF LOS ANGELES ALONG WITH THE FEDERAL  
12 HIGHWAY ADMINISTRATION AS A COOPERATING AGENCY HAVE  
13 PREPARED THE DRAFT EIS/EIR.

14 I WOULD LIKE TO TAKE THIS OPPORTUNITY TO MAKE  
15 SURE THAT EVERYONE UNDERSTANDS THAT NO DECISIONS WILL BE  
16 MADE TODAY REGARDING THE PROPOSED PROJECT. TODAY'S HEARING  
17 IS NOT A QUESTION-AND-ANSWER TYPE OF FORUM. OUR JOB IS TO  
18 LISTEN TO WHAT YOU HAVE TO SAY ABOUT THE ADEQUACY OF THE  
19 INFORMATION AND THE DRAFT EIS/EIR. IN OTHER WORDS, IT IS  
20 YOUR TURN TO TALK TO US. SINCE WE ARE HERE TO LISTEN, WE  
21 ARE NOT GOING TO RESPOND TO QUESTIONS ABOUT THE PROS AND  
22 CONS OF THE PROPOSED PROJECT. SINCE 12:00 NOON TODAY THE  
23 CITY HAS HELD A PUBLIC WORKSHOP JUST OUTSIDE OF THIS ROOM  
24 FOR ANYONE TO ASK QUESTIONS ABOUT THE MASTER PLAN, THE  
25 ENVIRONMENTAL PROCESS AND THE VARIOUS PROPOSED PROJECTS.

1 FOLLOWING THE PUBLICATIONS OF THE DRAFT  
2 EIS/EIR FOR COMMENT, THE NEXT STEP IN THE JOINT FEDERAL AND  
3 STATE ENVIRONMENTAL DISCLOSURE PROCESS IS HOLDING THIS AND  
4 THE OTHER TWO PUBLIC HEARINGS TODAY. THIS PROCESS BEGAN  
5 IN 1997 WITH THE PUBLICATION OF A NOTICE OF INTENT TO  
6 PREPARE THE JOINT EIS/EIR IN THE FEDERAL REGISTER. IN JULY  
7 OF 1997 WE HELD A SERIES OF MEETINGS WITH MEMBERS OF THE  
8 PUBLIC AND GOVERNMENTAL AGENCIES TO RECEIVE COMMENTS ON  
9 THE SCOPE OF THE DRAFT EIS/EIR.

10 FOLLOWING THOSE MEETINGS, THE DRAFT EIS/EIR  
11 WAS PREPARED CONSIDERING THE COMMENTS RECEIVED DURING THE  
12 SCOPING MEETINGS AND THOSE SUBMITTED IN RESPONSE TO A  
13 NOTICE OF INTENT. THE DOCUMENT HAS ALSO BEEN PREPARED  
14 PURSUANT TO THE NATIONAL ENVIRONMENTAL POLICY ACT OF 1969  
15 OR NEPA, THE COUNCIL ON ENVIRONMENTAL QUALITY REGULATIONS,  
16 WHICH ARE THE IMPLEMENTING REGULATIONS FOR NEPA, THE  
17 CALIFORNIA ENVIRONMENTAL QUALITY ACT OF 1970 OR CEQA,  
18 AND THE AIRWAY AND AIRWAY IMPROVEMENT ACT OF 1982,  
19 AS AMENDED.

20 FOLLOWING TODAY'S HEARINGS AND THE CLOSE OF  
21 THE COMMENT PERIOD, WE WILL THEN CORRECT AND REVISE THE  
22 EIS/EIR AS NECESSARY BASED ON THE COMMENTS RECEIVED. WE  
23 WILL ALSO PREPARE RESPONSES TO THE COMMENTS WE RECEIVE  
24 AND INCLUDE THOSE RESPONSES IN THE FINAL EIS/EIR.

25 BEFORE WE BEGIN RECEIVING VERBAL COMMENTS,

1 WE WOULD LIKE TO LET YOU KNOW THE GROUND RULES OF THIS  
2 HEARING. FIRST, AS I SAID EARLIER, WE ARE NOT HERE TO  
3 RESPOND TO QUESTIONS ABOUT THIS PROJECT. WE ARE ONLY HERE  
4 TO LISTEN AND TAKE NOTES. WE ALSO HAVE A COURT REPORTER  
5 PRESENT TO ENSURE THAT WE HAVE AN ACCURATE TRANSCRIPT OF  
6 THIS HEARING.

7 FOR ANYONE WHO WOULD LIKE TO SPEAK, WE ASK  
8 THAT YOU TO FILL OUT A SPEAKER CARD, LIKE THIS ONE, AND TO  
9 GIVE IT TO THE PERSON AT THE SIGN-IN DESK. THAT PERSON  
10 WILL BRING THE SPEAKER CARDS UP TO OUR FACILITATOR WHO WILL  
11 CALL THE NAMES OF EACH SPEAKER SO WE CAN PROCEED IN AN  
12 ORDERLY FASHION. SO THAT EVERYONE GETS AN OPPORTUNITY TO  
13 PROVIDE VERBAL COMMENTS, EVERYONE WILL GET THREE MINUTES TO  
14 SPEAK. TO BE FAIR TO EVERYONE, WE ARE NOT GOING TO ALLOW  
15 PEOPLE TO TRANSFER THEIR ALLOTTED TIME TO SOMEONE ELSE. I  
16 ASK THAT WHEN YOU SPEAK YOU GIVE YOUR NAME AND ADDRESS FOR  
17 THE RECORD. WE ALSO HAVE A SPANISH-LANGUAGE TRANSLATOR  
18 FOR ANYONE WISHING TO PROVIDE COMMENTS IN SPANISH.

19 IF THERE IS ANYONE WHO IS UNCOMFORTABLE  
20 SPEAKING IN FRONT OF A GROUP OR IF YOU NEED MORE THAN THREE  
21 MINUTES TO PROVIDE YOUR COMMENTS, WE ASK THAT YOU PROVIDE  
22 YOUR COMMENTS IN WRITING. WE HAVE COMMENT SHEETS, LIKE  
23 THIS ONE, AVAILABLE FOR YOUR USE AT THE SIGN-IN DESK. YOU  
24 CAN LEAVE YOUR COMMENTS IN THE LARGE BOX WHICH IS OUT IN  
25 THE HALLWAY, OR YOU CAN MAIL YOUR WRITTEN COMMENTS USING

1 THE COMMENT SHEET OR A LETTER TO THE ADDRESS LISTED  
2 AT THE TOP OF THE COMMENT SHEET. I WOULD LIKE YOU TO  
3 UNDERSTAND THAT A VERBAL COMMENT IS JUST AS IMPORTANT AS  
4 A WRITTEN COMMENT. SO PLEASE FEEL FREE TO PROVIDE ANY  
5 COMMENTS ON THE DOCUMENT YOU MAY HAVE TO US EITHER VERBALLY  
6 TODAY OR IN WRITING. COMMENTS ARE DUE BY 5:00 P.M. PACIFIC  
7 DAYLIGHT TIME, ON WEDNESDAY, JULY 25, 2001.

8 LASTLY, I WOULD LIKE EVERYONE TO KNOW THAT  
9 EVEN THOUGH WE HAVE THIS HEARING SCHEDULED UNTIL 7 O'CLOCK  
10 THIS EVENING, WE WILL STAY HERE AS LONG AS NECESSARY FOR  
11 EVERYONE TO GET A CHANCE TO PROVIDE VERBAL COMMENTS ON THE  
12 DRAFT EIS/EIR. AS I SAID EARLIER, OUR JOB HERE TODAY IS  
13 TO LISTEN TO WHAT YOU HAVE TO SAY.

14 NOW I WILL TURN THE HEARING BACK OVER TO OUR  
15 FACILITATOR, BOB DORN, WHO WILL COLLECT THE SPEAKER CARDS  
16 AND CALL THE NAME OF OUR FIRST SPEAKER.

17 THE FACILITATOR: THANK YOU VERY MUCH. THANK YOU  
18 FOR YOUR ATTENTION, EVERYBODY. WE WILL GET THROUGH THIS  
19 TODAY IF WE GIVE EVERYBODY THE COURTESY TO BE ABLE TO  
20 SPEAK. WE HAVE MEDIA HERE. IF YOU DON'T GIVE THE COURTESY  
21 AND YOU ARE MAKING NOISE THEN WE HAVE A STENOGRAPHER HERE  
22 WHO IS TAKING EACH AND EVERY WORD, SO SHE WON'T BE ABLE TO  
23 HEAR. WE HAVE, OF COURSE, OUR OWN RECORDING GOING ON. SO,  
24 PLEASE, WHILE PEOPLE ARE SPEAKING GIVE THEM THE OPPORTUNITY  
25 TO SPEAK.

1                   IN THE BACK OF THE ROOM THERE'S HEARING  
2 IMPAIRED HEADPHONES. IF YOU NEED THAT YOU CAN GO AHEAD  
3 AND PICK ONE UP. YOU CAN CHECK THEM OUT. ALSO THERE ARE  
4 INTERPRETERS FOR AT LEAST TWO LANGUAGES THAT I KNOW OF,  
5 MAYBE THREE, IN THE BACK OF THE ROOM. SO YOU CAN ALSO GO  
6 BACK THERE IF YOU NEED THAT.

7                   MY SITUATION WOULD BE TODAY THAT WE HAVE A  
8 THREE-MINUTE CLOCK IN THE FRONT. THAT'S ONLY BECAUSE IF WE  
9 LET EVERYBODY SPEAK TO AN ISSUE AND LET IT GO FOR 10, 20  
10 MINUTES YOU KNOW WHAT IS GOING TO HAPPEN. WE WILL BE HERE  
11 UNTIL THE 3:30 I WAS TALKING ABOUT. IF YOU HAVE ALREADY  
12 DONE A WRITTEN COMMENT, THEN MAKE A SYNOPSIS OF WHAT YOUR  
13 THOUGHTS WERE. TRY NOT TO READ IF YOU CAN HELP IT BECAUSE  
14 THEN IT IS MORE OF A PERSONAL THING IF YOU DO IT FROM THE  
15 HEART.

16                  IF WE ARE HERE AND YOU MAKE A COMMENT AND THIS  
17 IS THE NUMBER-ONE SPEAKER PLATFORM THAT IS THE NUMBER TWO  
18 OVER THERE. IF YOU ARE THE NUMBER ONE, WE WOULD LIKE TO  
19 HAVE YOU COME UP AND I WILL CALL NAMES OF THE NEXT FOUR  
20 PEOPLE WHO WILL BE SPEAKING SO YOU WILL KNOW WHO IS NEXT.  
21 I HAVE THE CARDS RIGHT HERE. IF YOU STILL HAVE A CARD TO  
22 TURN IN, YOU CAN STILL DO IT OUTSIDE. A LOT OF PEOPLE  
23 ARE STILL WANDERING ABOUT THAT. WE WILL HAVE THE CARDS  
24 AVAILABLE AND YOU CAN TURN THEM IN UNTIL 7:00 O'CLOCK  
25 TONIGHT. IF YOU HAVE SOMEBODY ELSE WHO IS NOT HERE BECAUSE

1 THEY ARE WORKING, WHATEVER, YOU CAN TELL THEM TO COME DOWN  
2 AND THEY WILL STILL HAVE A CHANCE TO SPEAK.

3                   WHEN YOU MAKE YOUR COMMENTS, PLEASE EXIT  
4 OUT THE REAR WAY SO YOU DON'T HAVE TO WALK IN FRONT OF  
5 EVERYBODY HERE IN THE FRONT. THE MEDIA HAS AGREED TO IF  
6 THERE ARE PEOPLE HERE WHO THEY WANT TO INTERVIEW, THEY WILL  
7 GO OUTSIDE AFTER YOU SPEAK AND MAKE THE INTERVIEW OUTSIDE  
8 SO YOU WON'T DISRUPT THE PEOPLE WHO ARE TRYING TO LISTEN  
9 INSIDE THE HALL HERE. AS JIM SAID, WE ARE TRYING TO MAKE  
10 THIS WORK FOR EVERYBODY. THIS IS A COMMENT TIME FOR YOU  
11 PEOPLE TO MAKE THE COMMENTS AND FOR US TO TAKE THEM UNDER  
12 CONSIDERATION.

13                   I WILL CALL THE CARDS THREE SEPARATE TIMES. SO  
14 IF SOMEBODY HAS TO LEAVE THE ROOM FOR ANY REASON WE WILL  
15 KEEP THE CARD HERE. IF NATURE CALLS, IF YOU HAVE TO GO  
16 WATCH THE HOCKEY GAME, THE LAKERS WILL BE TOMORROW, AND WE  
17 WILL WIN AGAIN. RIGHT? BY THE WAY, WE HAVE A FLAG THAT  
18 WILL LET YOU KNOW WHEN TWO MINUTES ARE UP. LET'S PUT THAT  
19 FLAG UP IN THE AIR. WE GOT A LAKER FLAG SO EVERYBODY CAN  
20 FEEL AT HOME HERE. AFTER THE END OF TWO MINUTES SHE WILL  
21 WAVE THE FLAG, THEREFORE YOU KNOW WE BETTER CLOSE THINGS  
22 UP.

23                   JUDGING FROM WHO IS HERE, I AM SURE THERE WILL  
24 BE SOMEONE TO YELL AND SCREAM FOR EACH INDIVIDUAL THAT  
25 STANDS UP THAT HAS A CERTAIN FLAVOR OF ATTITUDE. I WOULD

1 SUGGEST IF WE DO THAT IT WILL TAKE A LITTLE MORE TIME, SO  
2 LET'S TRY TO KEEP -- WE WILL DO APPLAUSE MAYBE EVERY 20  
3 MINUTES AND WE WILL CALL FOR AN APPLAUSE AND WE WILL BE  
4 ABLE TO PICK IT UP. OTHER ITEMS WOULD BE WE HAVE 90  
5 MINUTES, EVERY 90 MINUTES WE HAVE A BREAK. SO YOU CAN  
6 MAYBE TIME WHATEVER YOU NEED TO DO FOR THOSE BREAKS AND  
7 THOSE BREAKS WILL LAST FOR FIVE MINUTES. WITHOUT ANY  
8 FURTHER ADO, LET'S START.

9 UNIDENTIFIED AUDIENCE MEMBER: HOW MANY SPEAKERS ARE  
10 THERE?

11 THE FACILITATOR: HOW MANY SPEAKERS? VERY GOOD  
12 QUESTION. WE HAVE NOW RIGHT OVER HUNDRED. IN FACT, RAISE  
13 YOUR HAND IF YOU ARE A SPEAKER. THAT MAY HELP EVERYBODY.  
14 I ONLY SEE 64. THERE MAY BE SOMEBODY OUTSIDE. SOMEWHERE  
15 AROUND 80 TO 100 THAT I SAW. I AM DOING IT WHERE WE  
16 HAVE FOUR PEOPLE AND I WILL CALL OUT THE NAMES, AND HERE  
17 ARE THE FIRST FOUR INDIVIDUALS. I MENTIONED ONE ALREADY.

18 RUTH GALANTER, DICK STANFORD, KELLY MCDOWELL,  
19 THAT'S A COUNCILMAN, AND DEBRA TEARELL. IF THOSE FOUR  
20 PEOPLE, I ALREADY HAVE TWO SITTING HERE I KNOW. WOULD YOU  
21 PLEASE COME AND SIT IN THESE CHAIRS? OUR FIRST SPEAKER IS  
22 RUTH GALANTER.

23 MS. RUTH GALANTER: THANK YOU. LISTEN, I REALLY  
24 APPRECIATE THAT, BUT YOU ARE EATING UP MY THREE MINUTES  
25 HERE. ACTUALLY I WOULD LIKE TO REPRESENT, I THINK THAT

1 THE SENTIMENT OF THE CROWD IS PRETTY CLEAR TO THE HEARING  
2 OFFICERS. LET ME URGE YOU BECAUSE I HAVE SAT THROUGH A LOT  
3 OF THESE HEARINGS, THEY ARE GOING TO HAVE TO SIT HERE FOR  
4 MANY HOURS. IF YOU CAN HELP THEM MOVE THIS ALONG, I THINK  
5 THEY WILL APPRECIATE IT A LOT AND IT IS MORE LIKELY THEY  
6 WILL BE AWAKE ENOUGH TO HEAR WHAT WE ALL HAVE TO SAY. NOW  
7 I HAVE USED UP PART OF MY THREE MINUTES, LET ME GET TO THE  
8 POINT HERE.

9 I AM THE PRESIDENT OF THE LOS ANGELES CITY  
10 COUNCIL AND ALSO THE COUNCIL MEMBER FOR THIS PARTICULAR  
11 DISTRICT. MOST OF THESE ARE MY CONSTITUENTS. I AM  
12 DELIGHTED TO SEE YOU HERE. SOME OF THEM ARE MY  
13 CONSTITUENTS IN SPIRIT ONLY BECAUSE THEY ARE NOT RESIDENTS  
14 OF THE CITY OF LOS ANGELES, BUT ALL OF US ARE EQUALLY  
15 CONCERNED ABOUT THE PROPOSED MASTER PLAN AND THE  
16 ENVIRONMENTAL IMPACT STATEMENT AND REPORT THAT GOES WITH  
17 IT. ACTUALLY, HOWEVER, THE MOST IMPORTANT DOCUMENT THAT IS  
18 HERE TODAY IS THE ONE ON THE WALL OVER THERE. AS YOU KNOW,  
19 THE CITY OF LOS ANGELES IS IN THE MIDST OF A POLITICAL  
20 TRANSFORMATION, A TRANSITION PERIOD, IN WHICH WE ARE ABOUT  
21 TO WELCOME A NEW MAYOR, A NEW CITY ATTORNEY AND CITY  
22 CONTROLLER AND EIGHT NEW COUNCIL MEMBERS OUT OF 15 OVER THE  
23 COURSE OF THE NEXT ROUGHLY SIX MONTHS. WE ARE LOOKING AT  
24 A DIFFERENT WORLD THAN WE LOOKED AT BEFORE.

25 POLITICALLY HERE AT HOME, ALSO WITH RESPECT TO

1 THE AVIATION INDUSTRY. WHEN LAX STARTED THIS MASTER PLAN  
2 EVERYBODY SAID THAT CARGO WAS GOING TO FLY ONLY IN THE  
3 BELLY OF PASSENGER PLANES, THERE WOULDN'T BE ANY CARGO  
4 FLIGHTS ANY MORE. THAT HAS TURNED AROUND. EVERYTHING THAT  
5 WE HAVE TALKED ABOUT, MASSIVE GROWTH IN CARGO FLIGHTS, NOT  
6 JUST IN CARGO THAT IS SHIPPED BUT IN ALL CARGO FLIGHTS,  
7 WHICH MEANS WE ARE DEALING WITH A DIFFERENT CONTEXT THAN  
8 WE WERE BEFORE.

9 WE ARE ALSO SEEING ON THE ONE HAND A PROPOSAL  
10 WHICH IS LOOKED AT IN THIS EIR TO ACCOMODATE, TO LENGTHEN  
11 RUNWAYS IN ORDER TO ACCOMODATE LARGER AND LARGER PASSENGER  
12 PLANES AND YET THE WALL STREET JOURNAL AND THE AVIATION  
13 MAGAZINES ALL SHOW THAT THERE'S AN INCREASING TREND TOWARD  
14 SMALLER PLANES. I AM GOING TO RUN OUT OF TIME IN A MINUTE  
15 -- LESS THAN A MINUTE. I JUST WANT TO POINT OUT THAT IN  
16 THE INTERNATIONAL AIRPORT REVIEW FOR THE FIRST ISSUE OF  
17 2001, THE DIRECTOR OF THE AIRPORTS COUNCIL INTERNATIONAL  
18 SAYS THERE ARE SEVERAL LESS GLAMAROUS BUT ALSO LESS COSTLY  
19 STEPS WHICH CAN BE TAKEN TO RELIEVE CONGESTION. FIRST IS  
20 THE USE OF ALTERNATIVE AIRPORTS, WHICH WE BELIEVE ARE NOT  
21 ADEQUATELY STUDIED IN THIS EIR. MY TIME, PLEASE GUYS.

22 THE SECOND ONE, ANOTHER OPTION IS TO SUBSTITUTE  
23 HIGH-SPEED RAIL FOR SHORT-HAUL AIR SERVICE. THIS HAS  
24 BEEN USED EFFECTIVELY ELSEWHERE. IT IS NOT ADEQUATELY  
25 ADDRESSED HERE. THE THIRD ONE, ALTHOUGH IT BE FAR MORE

1 CONTROVERSIAL, IS THE USE OF SLOT ALLEGATION COMBINED WITH  
2 MARKET PRICING.

3 I BELIEVE, AND I BELIEVE MY COLLEAGUES ARE  
4 GOING TO JOIN ME IN SAYING THAT THE EIR IS FLAWED BECAUSE  
5 IT DOES NOT ADDRESS THE ALTERNATIVE OF TAKING THE  
6 ANTICIPATED GROWTH AT OTHER AIRPORTS. AND L.A. HAPPENS  
7 TO HAVE THE ABILITY TO DO THAT BECAUSE WE OWN A COUPLE OF  
8 OTHER AIRPORTS. FINALLY I JUST WANT TO EXERCISE A MOMENT  
9 OF PRIVILEGE HERE.

10 IN ANNOUNCING THIS HEARING IT WAS ANNOUNCED A  
11 FEW MINUTES AGO AS JOINTLY SPONSORED BY THE CITY OF LOS  
12 ANGELES AND THE FAA. AS YOU KNOW, THE L. A. WORLD AIRPORTS  
13 IS ONE OF OUR NON-COUNCIL CONTROLLED DEPARTMENTS, MUCH TO  
14 MY REGRET. BUT THIS IS A HEARING THAT IS REQUIRED BY  
15 FEDERAL AND STATE LAW AND IT IS BEING RUN BY THE L.A. WORLD  
16 AIRPORTS, WHICH IS A PIECE OF THE CITY OF LOS ANGELES, BUT  
17 THIS IS NOT SOMETHING SPONSORED BY THE MAYOR AND THE  
18 COUNCIL.

19 WE BELIEVE THAT MR. HAHN'S PLEDGE AND THE  
20 INCREASING CONCERN EXHIBITED BY OUR CONSTITUENTS AND OUR  
21 NEIGHBORS DICTATES THAT WE MOVE IN A DIFFERENT DIRECTION.  
22 THANK YOU FOR STOPPING THE CLOCK. THANK YOU FOR YOUR TIME  
23 AND I WILL BE SUBMITTING WRITTEN COMMENTS AS WELL.

24 THE FACILITATOR: SHE WAS ONLY THREE SECONDS OVER  
25 THE TIME. THAT'S PRETTY GOOD. NEXT SPEAKER IS DICK

1 STANFORD.

2 MR. DICK STANFORD: HELLO, HEARING OFFICERS. MY  
3 NAME IS DICK STANFORD. THANK YOU FOR THE OPPORTUNITY TO  
4 TESTIFY TODAY. ALTHOUGH I AM A MEMBER OF THE SOUTHERN  
5 CALIFORNIA ASSOCIATION OF GOVERNMENTS REGIONAL COUNCIL AND  
6 SCAG TRANSPORTATION COMMUNICATIONS COMMITTEE, MY TESTIMONY  
7 IS PRESENTED SOLELY IN MY CAPACITY AS A CITY COUNCIL MEMBER  
8 OF THE CITY OF AZUSA AND FOR THE CITY OF AZUSA.

9 AZUSA IS ONE OF SOME HUNDRED CITIES AND OTHER  
10 ENTITIES THAT RESPECTFULLY REQUEST THE CITY OF LOS ANGELES  
11 TO TERMINATION PLANS FOR LAX EXPANSION AND CONCENTRATE ON  
12 DEVELOPING A TRULY REGIONAL SYSTEM. IT IS BECAUSE OF  
13 THE EXCLUSION OF THIS ALTERNATIVE THAT THE EIR/EIS IS  
14 INADEQUATE. THERE'S A BASIC TENANT THAT EIRS AND EISS  
15 ADDRESS ALL ALTERNATIVES TO THE PROPOSED ACTION. THE DRAFT  
16 EIS/EIS FOR THE PROPOSED EXPANSION OF LAX ONLY ADDRESSES  
17 THREE SLIGHT VARIATIONS OF THE SAME ALTERNATIVE. I HAVE  
18 HEARD THE EXCUSE THAT REGIONALIZATION IS NOT IN THE EIR/EIS  
19 BECAUSE THE AIRPORT OWNER CANNOT IMPACT AIRLINE DECISIONS  
20 ON WHICH FLIGHTS WILL OPERATE FROM WHICH AIRPORT IN A  
21 REGION.

22 AS ONE OF THE EARLIEST EMPLOYEES TO THE DALLAS  
23 FORT WORTH AIRPORT, AS A FORMER COORDINATOR OF FRIENDS OF  
24 AUSTIN, TEXAS MUELLER AIRPORT, AS A FORMER MEMBER OF THE  
25 CITY OF ONTARIO'S BLUE RIBBON AIRPORT COMMISSION AND AS

1 FORMER MARINE CORPS FIGHTER PILOT WHO FLEW IN AND OUT OF  
2 EL TORO I KNOW THAT EXCUSE IS WITHOUT MERIT.

3 THE ONTARIO AIRPORT SERVES A POPULATION MASS  
4 THAT WOULD MAKE THAT AIRPORT MUCH MORE PROFITABLE FOR MANY  
5 MORE AIRLINE FLIGHTS THAN PRESENTLY OPERATE FROM THERE.  
6 MANY MORE PASSENGERS WOULD SPEND CONSIDERABLY LESS TIME ON  
7 THE FREEWAY AND CONCURRENTLY LESS TIME FOWLING THE AIR IF  
8 THE GROUND TRAVEL WAS TO ONT INSTEAD OF LAX. THE BEAUTIFUL  
9 TERMINAL THERE WHICH TOOK ENTIRELY TOO LONG TO BECOME A  
10 REALITY IS PRESENTLY A GHOSTTOWN BECAUSE THE FLIGHTS ARE  
11 NOT THERE. BECAUSE THE MOST CONVENIENT SCHEDULES ARE GIVEN  
12 TO LAX AND BECAUSE RELATIVE FARE PRICING DELIBERATELY  
13 FORCES PASSENGERS TO USE LAX.

14 BURBANK, LONG BEACH AND JOHN WAYNE ARE NOT AT  
15 NEAR THE SOME CAPACITY AS LAX AND PROPOSALS RELATING TO  
16 PALMDALE, EL TORO, AND OTHER EXISTING AIRPORTS ALL PROVIDE  
17 THE BASIS FOR PLANNING A TRULY REGIONAL AIRPORT SYSTEM.  
18 WE RESPECTFULLY RESPECT THAT LAWA AND THE FAA JOIN THE  
19 MANY CITIES, MAYOR HAHN, LOS ANGELES COUNTY BOARD OF  
20 SUPERVISORS, A NUMBER OF MEMBERS OF CONGRESS AND THE  
21 SOUTHERN CALIFORNIA ASSOCIATION OF GOVERNMENTS IN  
22 SUPPORTING A TRULY REGIONAL SYSTEM THAT BE MORE EFFICIENT  
23 AND LESS POLLUTING FOR AIR TRAVEL IN THE GREATER LOS  
24 ANGELES REGION.

25 I AM PICKING UP SOME FRIENDS COMING IN FROM

1 LONDON IN A FEW MINUTES AND I REGRET I WILL NOT BE ABLE TO  
2 BE HERE PHYSICALLY TO SUPPORT MY COLLEAGUES IN EXPRESSING  
3 THEIR FEELINGS, BUT CERTAINLY I AM HERE IN SPIRIT. THANK  
4 YOU VERY MUCH.

5 THE FACILITATOR: THE NEXT SPEAKERS -- THE NEXT TWO  
6 I WILL CALL UP TO MAKE SURE YOU GUYS ARE GETTING IN LINE  
7 IS RATHAR DUONG FROM MONTEBELLO AND COUNCILMAN JOHN GAINES  
8 WILL BE AFTER OUR NEXT SPEAKER, WHO IS KELLY MCDOWELL.

9 MR. KELLY MCDOWELL: THANK YOU. KELLY MCDOWELL FROM  
10 THE EL SEGUNDO CITY COUNCIL. I WANT TO JOIN RUTH GALANTER  
11 IN DRAWING ATTENTION TO MR. HAHN'S PLEDGE OPPOSING LAX'S  
12 EXPANSION. WE ARE LOOKING FORWARD, MY CITY AND THE  
13 COALITION OF ALMOST HUNDRED CITIES, THAT WE LEAD AGAINST  
14 LAX EXPANSION ARE LOOKING FORWARD TO WORKING WITH THE NEW  
15 MAYOR OF THE CITY OF LOS ANGELES TO OPPOSE THIS EFFORT  
16 BECAUSE, GENTLEMAN, FIRST OF ALL, THIS PROCESS IS FATALLY  
17 FLAWED. ONE PUBLIC HEARING HELD SIMULTANEOUSLY IN THREE  
18 DIFFERENT PLACES ON ONE DAY IS NOT AN ADEQUATE OPPORTUNITY  
19 FOR THE PUBLIC TO BE HEARD ON THESE ISSUES.

20 VIRTUALLY EVERY ELECTED OFFICIAL IN SOUTHERN  
21 CALIFORNIA HAS REQUESTED THAT THE COMMENT PERIOD TO FILE  
22 COMMENTS ON THE EIR BE EXTENDED PAST JULY 25. THAT HAS  
23 BEEN REFUSED. THIS IS A 12,000-PAGE DOCUMENT. PEOPLE NEED  
24 TIME TO ANALYZE IT. YOU GUYS TOOK FIVE YEARS TO PREPARE  
25 IT. GIVE US A FEW MORE MONTHS TO COMMENT ON IT.

1                   THIS PROPOSED EXPANSION WOULD GENERATE FAR  
2 MORE THAN THE 98 MILLION PASSENGERS THE AIRPORT CLAIMS  
3 IN ITS EIR. THE CURRENT AIRPORT UNDER ITS CURRENT  
4 CONFIGURATION WAS PROJECTED TO HANDLE 40 MILLION PASSENGERS  
5 AND NOW SERVES 67 MILLION. THE EIR LACKS REQUIRED  
6 MITIGATION MEASURES IN MONITORING PROGRAMS THAT ARE  
7 NECESSARY WITH THE PROPOSED EXPANSION. WE MAINTAIN THE  
8 ENVIRONMENT OF SOCIAL IMPACTS. THIS PROPOSED EXPANSION  
9 WHICH BRING TO THIS AREA CAN'T BE MITIGATED. THERE IS  
10 NO ANALYSIS OF A WORST-CASE SCENARIO IN THIS EIR. THE  
11 POTENTIAL IMPACTS ARE CONSISTENTLY UNDERESTIMATED.

12                   PROPOSED GROUND IMPROVEMENTS, EVEN UNDER THE  
13 NO NEW RUNWAY ALTERNATIVE, WOULD LAY THE FOUNDATION FOR  
14 FUTURE RUNWAY EXPANSION, AND THAT'S NOT ACCEPTABLE TO THE  
15 CITIES NEAR THE AIRPORT. MOST IMPORTANT THE EIR NEVER  
16 SERIOUSLY CONSIDERS THE DEVELOPMENT OF A TRULY REGIONAL  
17 AIRPORT PLAN TO HANDLE THE NEEDS OF SOUTHERN CALIFORNIA.  
18 LET'S DEVELOP AIRPORTS WHERE PEOPLE ARE GOING AND JOBS ARE  
19 GOING. LET'S DEVELOP AIRPORTS TO THE NORTH AND TO THE EAST  
20 OF LAX WHERE THE JOBS WILL BE AND THE MANUFACTURES OF GOODS  
21 THAT WILL BE SHIPPED BY AIR WILL BE PRODUCED.

22                   THERE IS NO SUPPORT PUBLICLY FOR EXPANSION OF  
23 LAX. WE SAY CONSTRAIN THIS AIRPORT TO ITS EXISTING  
24 FOOTPRINT. EXPAND THE 12 OTHER AIRPORTS IN THIS REGION  
25 FROM EL TORO TO PALM SPRINGS TO HANDLE THE AVIATION NEEDS

1 OF SOUTHERN CALIFORNIA. THAT'S WHERE THE JOBS ARE GOING TO  
2 BE. THAT'S WHERE THE PEOPLE ARE GOING TO BE. COME AROUND  
3 WITH THE REST OF US AND SUPPORT A TRULY REGIONAL AIRPORT  
4 PLAN FOR SOUTHERN CALIFORNIA. THANK YOU.

5 THE FACILITATOR: OUR NEXT SPEAKER, DEBRA TEARELL.

6 MS. DEBRA TEARELL: GOOD AFTERNOON. MY NAME IS  
7 DEBRA LYNN TEARELL AND I LIVE AT 340 FALLEN STREET IN PLAYA  
8 DEL REY. I WAS ABSOLUTELY INCENSED AND IN REVIEWING THE  
9 EIR BECAUSE THERE IS NO MENTION OF IMPACT OF THE MASSIVE  
10 PLAYA VISTA DEVELOPMENT. WHEN YOU LOOK AT THE COMBINED  
11 IMPACT OF TRAFFIC, POLLUTION AND METHANE MIGRATION, THE  
12 SITUATION IS ABSOLUTELY INTOLERABLE. THANK YOU.

13 THE FACILITATOR: NEXT SPEAKER IS RATHAR DUONG.

14 MR. RATHAR DUONG: GOOD AFTERNOON. MY NAME IS  
15 RATHAR DUONG. I AM A PLANNER WITH THE CITY OF MONTEBELLO,  
16 1600 WEST BEVERLY BOULEVARD. I AM SPEAKING ON THE BEHALF  
17 OF THE CITY OF MONTEBELLO COUNCILWOMAN NORMA PETRIE, MEMBER  
18 OF THE AIRPORT NOISE COMMUNITY ROUND TABLE, THE CITY AND  
19 MEMBERS OF THE COMMUNITY WHO HAVE EXPRESSED CONCERNS.

20 THE RESIDENTS OF THE CITY OF MONTEBELLO HAVE  
21 LEGITIMATE CONCERNS OVER THE PROPOSED EXPANSION OF LAX.  
22 THE PRIMARY CONCERN EFFECTING OUR COMMUNITY IS THE  
23 OVERFLIGHT ARRIVALS INTO LOS ANGELES. AT THE AIRPORT  
24 CURRENT OPERATION MONTEBELLO RESIDENTS AS WELL AS  
25 SURROUNDING COMMUNITIES ARE SEVERELY IMPACTED BY THE NOISE

1 OF THESE LOW-OVERFLIGHT AIRCRAFT. THE EXPANSION OF LAX  
2 WOULD COMPOUND EXISTING NOISE PROBLEMS WE ARE EXPERIENCING.  
3 MOREOVER, THE EIS/EIR NEGLECTS TO ADDRESS AND ANALYZE THE  
4 OVERFLIGHT PROBLEM OF OUR CITY OF MONTEBELLO, AS WELL AS  
5 OUR NEIGHBORING COMMUNITIES, INCLUDING MONTEREY PARK,  
6 ROSEMEAD AND ALHAMBRA.

7 THE MASTER PLAN IS FLAWED IN THAT ALL NOISE  
8 CONCERNS OCCUR OVER THE OCCASION. IN FACT, CITY OF  
9 MONTEBELLO CITY COUNCIL AND STAFF RECEIVE NOISE AND SAFETY  
10 RELATED COMPLAINT REGARDING LOW-FLIGHT AIRCRAFT ON AN  
11 ONGOING BASIS. THE PLAN TO EXPAND LAX WILL ONLY AMPLIFY  
12 THE EXISTING CONDITIONS. IN ADDITION, THE DRAFT EIS/EIR  
13 AND THE DRAFT MASTER PLAN DID NOT CONSIDER THE REGIONAL  
14 AIRPORT APPROACH TO INCREASING THE NUMBER OF PASSENGER  
15 FLIGHTS AND CARGO LOADS.

16 MOREOVER IN AUGUST, 2000 THE MONTEBELLO CITY  
17 COUNCIL ADOPTED A RESOLUTION SUPPORTING A REGIONAL AIRPORT  
18 PLAN. INSTEAD THE DRAFT DOCUMENT DEEMED THE REGIONAL PLAN  
19 AS ECONOMICALLY UNSOUND AND UNFEASIBLE. IT IS THESE ISSUES  
20 AND OTHERS WHICH MAKE THE MASTER PLAN AND RELATED DRAFT  
21 DOCUMENT INCONCLUSIVE AND SEVERELY FLAWED. THE CITY OF  
22 MONTEBELLO WILL CONTINUE TO REMAIN STEADFAST IN VOICING OUR  
23 CONCERNS, SUBMIT WRITTEN COMMENTS AND OPPOSED TO PROJECT  
24 ALL TOGETHER.

25 THE FACILITATOR: THOSE INDIVIDUALS SPEAKING AFTER

1 COUNCILMAN JOHN GAINES WILL BE MARK BENNER, GUS KHOURI,  
2 RICHARD SLAWSON AND HOLLY GROZA.

3 MR. JOHN GAINES: GOOD AFTERNOON. I AM JOHN GAINES  
4 FOR THE CITY OF EL SEGUNDO. THE CITY OF EL SEGUNDO, LIKE  
5 MANY COMMUNITIES REPRESENTED HERE TODAY, WILL SUBMIT  
6 DETAILED AND EXPANSIVE COMMENTS TO THE EIR. I WANT TO TAKE  
7 A FEW MINUTES TO HIGHLIGHT A FEW OF OUR OBJECTIONS TO THE  
8 PROPOSED EXPANSION.

9 FIRST, THE REPORT HAS NOT CONSIDERED A  
10 REASONABLE RANGE OF ALTERNATIVES TO THE EXPANSION OF LAX.  
11 TWO, THE NUMBER OF ALTERNATIVES ANALYZED IS UNUSUALLY  
12 LIMITED. THREE, THIS REPORT NEVER SERIOUSLY CONSIDERS  
13 APPROPRIATE USE OF THE AVAILABLE AIRPORTS IN THE REGION.  
14 FOUR, THIS REPORT DOES NOT CONSIDER ALTERNATIVES THAT  
15 WOULD RESULT IN IMPACTS LESS SEVERE THAN THE PREFERRED  
16 ALTERNATIVE C. FIVE, NO REGIONAL ANALYSIS OF AIR QUALITY  
17 IMPACT IS PROVIDED. SIX, THERE ARE NO NOISES MITIGATION  
18 MEASURES IN THE REPORT. SEVEN, THE REPORT CONCLUDES THAT  
19 INCREASED TRAFFIC AND ACTIVITIES LEVELS WILL RESULT IN  
20 SIGNIFICANT INCREASED TOXIC AIR EMISSIONS IN ALL EXPANSION  
21 SCENARIOS. HOWEVER, THE REPORT FAILS TO DESCRIBE HOW  
22 THE HUGE INCREASE IN TOXIC EMISSIONS WILL BE ADEQUATELY  
23 MITIGATED. EIGHT, THOUGHOUT THIS REPORT BASELINES HAVE  
24 BEEN INCONSISTENT AND INAPPROPRIATE. SELECTED ALTERNATIVES  
25 HAVE NOT MET WITH CEQA AND/OR NEPA MITIATION REQRUEMENTS

1 AND THE DEPTH OF THE ANALYSIS HAS NOT BEEN SUFFICIENT TO  
2 SUPPORT THE ADOPTION OF THE PROPOSED MASTER PLAN. NINE,  
3 THE PROJECT'S STATED OBJECTIVES HAVE NOT BEEN MET TO THE  
4 PREFERRED ALTERNATIVE AND BIASES OF THE PROPONENTS OF LAX  
5 EXPANSION ARE BLATANTLY EVIDENT.

6 ONE OF THE FUNDAMENTAL REQUIREMENTS OF THIS  
7 PROCESS IS FOR THE LEAD AGENCY TO PURSUE ALTERNATIVES THAT  
8 WOULD AVOID OR SUBSTANTIALLY LESSEN THE SIGNIFICANT EFFECTS  
9 OF THE PROPOSED PROJECT. THIS REQUIREMENT HAS NOT BEEN  
10 MET. THE CITY OF EL SEGUNDO EXPECTS YOU TO ISSUE AN  
11 ENTIRELY NEW EIS/EIR THAT PROPERLY AND EFFECTIVELY EXPLORES  
12 VIABLE ALTERNATIVES AND IDENTIFIES APPROPRIATE MITIGATION  
13 MEASURES TO LESSEN THE ENVIRONMENTAL IMPACTS.

14 BEFORE YIELDING THE PODIUM TO MY COLLEAGUES,  
15 LET ME EXPRESS MY OUTRAGE WITH LAWA AND THE FAA FOR THE  
16 UNDERHANDED, ADVERSARIAL AND COUNTERPRODUCTIVE MANNER IN  
17 WHICH THESE HEARINGS ARE BEING CONDUCTED. IT IS LITTLE  
18 WONDER THAT CITIZENS IN OUR COMMUNITIES LIKE CITIZENS  
19 ACROSS THIS LAND HARBOR SUCH DISTRUST AND DISLIKE FOR  
20 BUREAUCRACIES LIKE YOURS THAT HIDE BEHIND AND DISTORT  
21 GOVERNMENTAL PROCESS TO ACCOMPLISH SELF-SERVING OBJECTIVES.

22 THOUSANDS OF PR CONSULTANTS COSTING THE  
23 TAXPAYERS TENS OF MILLIONS OF DOLLARS, PERSONAL ATTACKS  
24 ON LOCAL OFFICIALS, BUREAUCRATIC OBFUSCATION AND LEGAL  
25 SHENANIGANS SHALL NOT MAKE THIS EXPANSION ACCEPTABLE TO US.

1 REST ASSURED, I WANT TO MAKE THIS CLEAR, EL SEGUNDO AND  
2 OVER A HUNDRED CALIFORNIA CITIES AND AGENCIES COVERING FIVE  
3 COUNTIES HAVE JOINED US IN FIGHTING THIS EXPANSION, WILL  
4 USE EVERY ADMINISTRATIVE LEGAL AND POLITICAL MEANS AT OUR  
5 DISPOSAL TO INSURE THE EXPANSION DESCRIBED IN THIS  
6 MISERABLE PLAN NEVER TAKES PLACE.

7 THE FACILITATOR: THE NEXT SPEAKERS ON THAT  
8 MICROPHONE AFTER WE HEAR FROM THESE WILL BE TOM BRIDLE,  
9 LARI SHEEHAN, SANDRA BAUER AND HOLLY GROZA ON THAT ONE.  
10 FIRST WE HAVE GUS KHOURI. IF YOU REALLY WANT AT THE END  
11 OF SOME OF THESE COMMENTS TO MAKE A NOISE, DO IT WITH YOUR  
12 HANDS. PUT IT UP AIR AND WAVE YOUR HANDS SO WE CAN KEEP  
13 ON TALKING.

14 MR. GUS KHOURI: GOOD AFTERNOON. MY NAME IS GUS  
15 KHOURI. I AM A LEGISLATIVE ASSISTANT FOR ASSEMBLY MEMBER  
16 GEORGE NIKANO UP IN THE SACRAMENTO OFFICE. AS YOU MAY  
17 KNOW, THERE ARE THREE HEARINGS TAKING PLACE TODAY AND THE  
18 ASSEMBLY MEMBER IS AT THE MANHATTAN BEACH AREA. HE ASKED  
19 ME TO READ THE PREPARED STATEMENT THAT HE IS CONCURRENTLY  
20 READING OVER THERE.

21 AS SOMEONE WHO HAS BEEN ACTIVELY INVOLVED IN  
22 REGIONAL TRANSPORTATION ISSUES FOR A NUMBER OF YEARS, FIRST  
23 AS A COUNCIL MEMBER AND NOW AS A MEMBER OF THE CALIFORNIA  
24 STATE ASSEMBLY, THIS ENR AND THE ENTIRE PROPOSAL TO  
25 EXPAND LAX ARE TROUBLING. FRANKLY, THE ENR IS SEVERELY

1 FLAWED, EITHER THROUGH DELIBERATE ACTION OR INCOMPETENCE.  
2 THE BASE LINE USED IN THIS STUDY IS 1996 PRIOR TO THE YEAR  
3 THE NOISIEST PLANES WERE PHASED OUT, THUS ON PAPER  
4 APPEARING TO REDUCE THE IMPACT OF PROPOSED GROWTH.

5 FURTHERMORE THE ENR LACKS ANY ASSESSMENT OF  
6 THE IMPACT OF NOISES FROM FLYOVERS FROM THE SOUTHERN HALF  
7 OF THE SOUTH BAY FROM THE PALOS VERDES PENINSULA. THE  
8 DOCUMENT PAYS NO ATTENTION TO THE NEGATIVE IMPACTS OF THE  
9 PROPOSED EXPANSION ON SURFACE TRAFFIC CONGESTION SOUTH OF  
10 ROSECRANS BOULEVARD. THE COMMUNITIES OF MANHATTAN BEACH,  
11 HERMOSA BEACH, REDONDO BEACH AND TORRANCE WILL BECOME  
12 GRIDLOCKED ON AN ALREADY OVERCROWDED ARTERIOLES JAMMED WITH  
13 LAX TRAFFIC.

14 MORE IMPORTANTLY, THIS WHOLE PROCESS IS  
15 OPERATED OFF THE ASSUMPTION THAT LAX IS THE ONLY OPTION  
16 IN MEETING THE GROWING DEMANDS OF SOUTHERN CALIFORNIA'S AIR  
17 TRAFFIC NEEDS. NOTHING COULD BE FURTHER FROM THE TRUTH.  
18 TRYING TO CRAM ALL OF SOUTHERN CALIFORNIA'S AIR TRANSPORT  
19 DEMANDS INTO L.A. IS MISGUIDED, SHORT-SIDED AND ULTIMATELY  
20 INEFFECTIVE, GIVEN THE OTHER RESOURCES AVAILABLE.

21 PALMDALE AIRPORT CAN HANDLE PASSENGER DEMANDS  
22 FROM THE WESTERN SAN FERNANDO VALLEY AND VENTURA COUNTY AND  
23 THE CITIZENS OF THE ANTELOPE VALLEY WANT THE AIRPORT TO  
24 GROW. ONTARIO AIRPORT HAS THE CAPACITY TO HANDLE AN  
25 INCREASE IN PASSENGERS AS WELL. MARCH AIR FORCE BASE HAS

1 AN EXISTING RUNWAY WELL-SUITED FOR CARGO. ANOTHER KEY  
2 POINT TO REMEMBER IS THAT ANY REGIONAL PLAN MUST ADDRESS  
3 THE FACT THAT SIGNIFICANT PORTION OF THE PASSENGER TRAFFIC  
4 AND 20 PERCENT OF THE CARGO INTO AND OUT OF LAX COMES FROM  
5 ORANGE COUNTY. THAT IS LIKELY TO DOUBLE IN THE NEXT 10 TO  
6 15 YEARS.

7 FINALLY, IN THE SAN FRANCISCO BAY AREA THERE  
8 ARE THREE INTERNATIONAL AIRPORTS. THAT'S SAN JOSE, SAN  
9 FRANCISCO AND OAKLAND. THERE IS ONLY ONE IN ALL OF  
10 SOUTHERN CALIFORNIA. THESE ARE COMPONENTS OF A TRULY  
11 REGIONAL AIRPORT PLAN. AND A REGIONAL AIRPORT PLAN THAT  
12 DISBURSES SOUTHERN CALIFORNIA'S DEMANDS THROUGHOUT ALL OF  
13 SOUTHERN CALIFORNIA IS THE ONLY VIABLE SOLUTION TO  
14 THIS EQUATION.

15 I LOOK FORWARD TO WORKING WITH MY COLLEAGUES  
16 AT THE STATE, LOCAL AND FEDERAL LEVELS, OUR NEIGHBORS  
17 THROUGHOUT THE SOUTH BAY THE FAA AND LAW ENFORCEMENT TOWARD THIS GOAL.  
18 THANK YOU VERY MUCH.

19 THE FACILITATOR: RICHARD SLAWSON.

20 MR. RICHARD SLAWSON: GOOD AFTERNOON, LADIES AND  
21 GENTLEMEN. MY NAME IS RICHARD SLAWSON. I AM THE EXECUTIVE  
22 SECRETARY OF THE 130,000 MEMBER BUILDING AND CONSTRUCTION  
23 TRADES COUNCIL REPRESENTING CRAFTWORKERS THROUGHOUT LOS  
24 ANGELES AND ORANGE COUNTY. OUR OFFICE IS LOCATED AT 1626  
25 BEVERLY BOULEVARD IN LOS ANGELES. I MYSELF LIVE IN

1 TORRANCE. GREW UP IN HAWTHORNE AND AM VERY FAMILIAR WITH  
2 THE ISSUES INVOLVED WITH LOS ANGELES INTERNATIONAL AIRPORT.

3 I AM HERE TODAY TO TELL YOU THAT WE ALSO  
4 BELIEVE THAT THERE IS A REGIONAL SOLUTION TO THE ISSUES  
5 SURROUNDING AIRPORT CONSTRUCTION, AIRPORT EXPANSION  
6 THROUGHOUT THIS ENTIRE REGION. BUT, AS YOU KNOW, IN  
7 ORANGE COUNTY THE FOLKS THAT LIVE AROUND EL TORO MARINE  
8 BASE OPPOSE AN AIRPORT THERE, WHICH EFFECTS THE ABILITY OF  
9 ANY AIRPORT EXPANSION TO REASONABLY BE ACCOMPLISHED TO  
10 HANDLE THE INCREASES IN POPULATION CARGO TRAFFIC THAT  
11 WE WILL SEE COMING WITH THE INCREASE IN POPULATION AND  
12 BUSINESS THROUGHOUT THIS AREA. FOR THAT REASON WE ALSO  
13 SUPPORT MODERNIZATION OF LOS ANGELES INTERNATIONAL AIRPORT.

14 MODERNIZATION OF LAX IS NOT A JOBS PROGRAM BUT  
15 IT MEANS JOBS TO MANY PEOPLE THROUGHOUT THE AREA. THE JOBS  
16 THAT PROVIDE LIVELIHOOD FOR THE FAMILY --

17 THE FACILITATOR: THE CLOCK IS NOT RUNNING. PLEASE,  
18 JUST BECAUSE HE HAPPENS TO BE THE FIRST INDIVIDUAL THAT  
19 WANTS TO MAKE A STATEMENT ABOUT JOBS, GIVE HIM A CHANCE.  
20 WAIT UNTIL HE IS DONE.

21 MR. RICHARD SLAWSON: I SHOULD SAY I'VE ATTENDED  
22 MANY OTHER HEARINGS, PROBABLY 15 OVER THE LAST FIVE YEARS  
23 ABOUT LAX, AND WHEN IT IS OVER ON THE WEST SIDE THE PEOPLE  
24 THAT LIVE IN THIS AREA SHOULD BE CONCERNED ABOUT EFFECTS ON  
25 THEIR AREA. WE DON'T DENY THAT. I LIVE IN THIS AREA AS

1 WELL. I HAVE A REFINERY THAT IS WITHIN A MILE FROM WHERE I  
2 LIVE. THERE ARE ALL KINDS OF ISSUES THAT ARE EFFECTED. WE  
3 HAVE AT LEAST SAME ISSUES COMING UP WITH THE INCREASE IN  
4 CONSTRUCTION OF NEW POWER HOUSES TO PROVIDE ELECTRICITY  
5 FOR ALL THE PEOPLE IN THE AREA.

6 BUT THIS IS AN ISSUE THAT IS TALKING ABOUT THE  
7 ECONOMIC CONDITIONS THAT WE WILL SEE IN THE FUTURE IN THIS  
8 ENTIRE REGION AND WE THINK IT IS AN IMPORTANT ONE FOR  
9 LAX. WE THINK IT IS IMPORTANT THAT IT BE EXPANDED AND  
10 MODERNIZED. PEOPLE OF LOS ANGELES HAVE A CHOICE TO MAKE  
11 ABOUT LAX. IF WE DO NOTHING DELAYS WILL INCREASE. THE  
12 RUNWAYS WILL BECOME LESS SAFE. AIRLINE TRAFFIC WILL  
13 CONTINUE TO INCREASE AND WE WILL LOSE JOBS TO OTHER REGIONS  
14 WHO ARE MORE WILLING AND READY TO ACT. THESE ARE  
15 INDISPUTABLE FACTS OF OUR SITUATION AND THESE FACTS WILL  
16 NOT BE ALTERED BY FANTASIZING ABOUT QUICK-FIX SOLUTIONS OR  
17 PIE-IN-THE-SKY IDEAS ABOUT HOW WE WILL UNILATERALLY DEMAND  
18 AIRPORT CARRIERS TO FLY TO OTHER AIRPORTS.

19 WE CAN'T CONTROL ALL OF THE ECONOMIC DECISIONS  
20 IN THE AIRLINE INDUSTRY BUT WE CAN CONTROL PLANNING OR  
21 CREATIVITY IN SOLVING PROBLEMS AND OUR VISION IS TO WHAT  
22 LAX CAN BE FOR EVERYONE. I AM FINISHING HERE, SO GET  
23 READY. BUT THAT SOLUTION WILL NOT OCCUR WITHOUT LAX TAKING  
24 ITS FAIR SHARE OF THE BURDEN. THANK YOU VERY MUCH FOR  
25 LISTENING TODAY.

1           MR. MARK BENNER: GOOD AFTERNOON. MY NAME IS MARK  
2 BENNER. I AM HERE ON BEHALF OF THE NATIONAL AIR TRAFFIC  
3 CONTROLLERS ASSOCIATION FOR LOS ANGELES TERRA.

4           THE FACILITATOR: ONE MORE TIME.

5           MR. MARK BENNER: MY NAME IS MARK BENNER. I AM HERE  
6 ON BEHALF OF THE NATIONAL AIR TRAFFIC CONTROLLERS  
7 ASSOCIATION FOR LOS ANGELES TERRA. THE CONTROLLERS AT LOS  
8 ANGELES TOWER ARE NOT HERE TO SUPPORT ANY PARTICULAR PLAN  
9 THUS FAR PUT FORTH. WE ARE HERE TO DISCUSS THE SAFETY AND  
10 DELAY PROBLEMS THAT EXIST TODAY. LAX WAS BUILT TO HANDLE  
11 AIRCRAFT THAT NO LONGER UTILIZE OUR AIRPORT. THESE  
12 AIRCRAFT WERE SMALLER, SLOWER AND FAR FEWER OF THEM.  
13 THE AIRCRAFT OF TODAY SIMPLY DO NOT FIT ON THIS AIRPORT.  
14 SEVERAL TYPES DO NOT FIT IN BETWEEN OUR RUNWAYS WHILE SOME  
15 ARE SO LONG THAT THEIR TAILS STICK OUT TO THE TAXIWAYS.  
16 SEVERAL AIRCRAFT HAVE ACTUALLY HIT ON YOUR TAXIWAYS BECAUSE  
17 OF INSUFFICIENT TAXIWAYS WIDTH.

18           THE NEXT GENERATION OF AIRCRAFT WILL NOT BE  
19 ABLE TO TAXI ON THIS AIRPORT. THIS DAY IS COMING SOON.  
20 LAST YEAR 24 HOUR AIRCRAFT CROSSED RUNWAYS WHEN THEY WERE  
21 NOT SUPPOSED TO. OF THESE ONLY EIGHT WERE TERMED RUNWAY  
22 INCURSIONS. THE FACT IS THAT EVERYTIME AN AIRCRAFT CROSSES  
23 WHEN THEY SHOULD NOT HAVE, IT IS A POTENTIAL ACCIDENT.  
24 LUCK WILL DETERMINE HOW MANY OF THESE INCIDENTS WILL BECOME  
25 RUNWAY INCURSIONS AND INEVITABLY ACCIDENTS. LAST YEAR WE

1 WERE LUCKY. SO FAR THIS YEAR THE INCURSION RATE IS MUCH  
2 HIGHER. HOW MUCH LONGER CAN WE BE AT OR NEAR THE TOP OF  
3 RUNWAY INCURSIONS AND CONTINUE TO BE LUCKY.

4 THERE ARE MANY PROBLEMS WITH THE AIRPORT  
5 CONFIGURATIONS THAT LEAD TO SAFETY PROBLEMS. THE RUNWAYS  
6 AND TAXIWAYS ARE TOO CLOSE TOGETHER. WE HAVE FAR TOO  
7 MANY GATES TO ACCOMMODATE THE TRAFFIC. LOS ANGELES HAS  
8 ALLEYWAYS THAT FORCES ONE AIRCRAFT TO BLOCK THE ACCESS OF  
9 TEN WHEN THEY ARE TRYING TO GET TO THE GATES. IT BECOMES A  
10 PROBLEM WHEN WE TRY TO CLEAR THE RUNWAYS. THE PROBLEMS  
11 ARE TOO NUMEROUS AT THIS POINT TO DISCUSS THEM ALL.

12 THE CONTROLLERS AT LOS ANGELES TOWER  
13 UNDERSTAND THIS THERE ARE MANY POTENTIAL PROBLEMS AND  
14 COMPLAINTS WITH EXPANSION. WE ARE NOT SAYING THAT YOU MUST  
15 BUILD MORE RUNWAYS. THAT IS A CAPACITY ISSUE AND AS LONG  
16 AS THE PEOPLE AT LOS ANGELES ARE WILLING TO LIVE WITH THE  
17 EVERMOUNTING DELAYS, IT IS NOT LIFE-THREATENING. NOT  
18 MODERNIZING THIS AIRPORT, HOWEVER, IS NOT AN OPTION. THE  
19 AIRPORT MUST BE MADE SAFE. HISTORY AND STATISTICS ARE  
20 AGAINST US IF WE DON'T. THANK YOU FOR YOUR TIME.

21 THE FACILITATOR: TOM BRIDLE.

22 MR. TOM BRIDLE: MY NAME IS TOM BRIDLE. I AM SENIOR  
23 POLICY ADVISOR IN THE OFFICE OF CONGRESSWOMAN JANE HARMON.  
24 MY NAME IS TOM BRIDLE. SENIOR POLICY ADVISOR IN THE OFFICE  
25 OF CONGRESSWOMAN JANE HARMON. THANK YOU. CAN I FIRST

1 SUGGEST THAT MAYBE IT MIGHT BE A DIVISION OF LABOR IF  
2 SOMEONE OTHER THAN JIM RITCHIE HANDLES THE CLOCK WHO SHOULD  
3 PROBABLY BE PAYING ATTENTION TO THE COMMENTS RATHER THAN  
4 TRYING TO FIGURE OUT HOW THAT WORKS.

5 THE CONGRESSWOMAN HAS SUBMITTED WRITTEN  
6 TESTIMONY TO THOSE PROCEEDINGS AND I HAVE COPIES OF THAT  
7 TIME IF YOU WOULD LIKE TO SEE IT. IT IS ALSO AVAILABLE  
8 ON OUR WEBSITE, WHICH IS WWW HOUSE.GOV/HARMON. YOU CAN  
9 SUBMIT COMMENTS WHICH WE WILL BE SUBMITTING TO LAWA AND THE  
10 FAA ON JULY 25TH OF THIS YEAR. CONGRESSWOMAN COULD NOT  
11 BE HERE IN PERSON BUT HAS ASKED ME TO SUBMIT THE FOLLOWING  
12 STATEMENT WHICH SUMMARIZES HER TESTIMONY.

13 I APPRECIATE THIS OPPORTUNITY TO PRESENT MY  
14 VIEWS. THESE VIEWS REFLECT E-MAILS, LETTERS, PHONE  
15 CALLS AND CONVERSATIONS WITH DISTRICT RESIDENTS WHO ARE  
16 PASSIONATELY CONCERNED ABOUT WHAT LAX EXPANSION WILL DO TO  
17 THEIR COMMUNITIES. THE DECISION WE MAKE HERE TODAY WILL  
18 COST BILLIONS OF DOLLARS, EFFECT MILLIONS OF RESIDENTS,  
19 TRAVELERS AND BUSINESSES. IT IS CRITICAL NOT ONLY THAT WE  
20 MAKE THE RIGHT CHOICES BUT ALSO THAT THE PROCESS BY WHICH  
21 THOSE DECISIONS ARE REACHED ARE THOUGHTFUL, INCLUSIVE, FAIR  
22 AND COMPREHENSIVE. HEARINGS LIKE THIS ARE A GOOD START,  
23 HOWEVER, THREE HEARINGS ON ONE DAY DOES NOT REFLECT A REAL  
24 COMMITMENT TO ACTIVE COMMUNITY PARTICIPATION.

25 ASSEMBLYMAN LUCANO, STATE SENATOR DEBORAH

1 BOWEN AND CONGRESSWOMAN HARMON WROTE A LETTER TO LAW  
2 ASKING THAT MORE HEARINGS BE HELD. WE DID NOT RECEIVE A  
3 RESPONSE. I AM OPPOSED TO THE MASTER PLAN AND SUPPORT A  
4 TRULY REGIONAL APPROACH TO AIRPORT DEVELOPMENT IN SOUTHERN  
5 CALIFORNIA. MY EFFORTS HAVE BEEN AND WILL CONTINUE TO BE  
6 FOCUSED ON THE DEVELOPMENT OF ALTERNATIVE TO THE EXPANSION  
7 AT LAX.

8 A STATEMENT OF PRINCIPLE SIGNED BY MYSELF  
9 AND 12 OTHER MEMBERS OF CONGRESS FROM ACROSS SOUTHERN  
10 CALIFORNIA AND ACROSS THE POLITICAL SPECTRUM OFFERS OUR  
11 SUPPORT FOR A PLAN DEVELOPED BY CONSENSUS ACROSS THE  
12 REGION FAIRLY ALLOCATES BENEFITS AND BURDENS OF AIR  
13 TRANSPORTATION, EXPANDS AIRPORTS WITH UNDERUTILIZED  
14 CAPACITY, DOES NOT FORCE GROWTH IN OVERBURDENED AIRPORTS  
15 AND APPROVES APPROPRIATE GROUND TRANSPORTATION.

16 THE MASTER PLAN IS NOT CONSISTENT WITH THESE  
17 PRINCIPLES. IT DOES NOT REFLECT A REGIONAL CONSENSUS.  
18 IT MAKES LITTLE OR NO EFFORT TO DISTRIBUTE AIR TRAFFIC  
19 IN UNDERUTILIZED AIRPORTS. IT MAKES NO COMPARISONS TO  
20 REGIONAL APPROACHES TAKEN BY OTHER U. S. CITIES. THE  
21 PREFERRED ALTERNATIVE PROJECTS 89 MAP AT LAX BUT FAILS  
22 TO PROVIDE ANY CONVINCING EVIDENCE THAT LAX WILL NOT  
23 BE FORCED TO HANDLE MUCH MORE CAPACITY. IT DOES NOT TAKE  
24 INTO CONSIDERATION PUBLIC INVESTMENT IN MILITARY BASES AT  
25 PALMDALE AND ELSEWHERE IN THE REGION.

1                   IT MAKES LITTLE OR NO EFFORT TO COMPARE THE  
2 COST OF LAX EXPANSION OTHER THAN LAX. IT DOES NOT CONSIDER  
3 SCAG'S RECENT DECISION TO BASE ITS REGIONAL TRANSPORTATION  
4 PLAN ON A SCENARIO WHICH DOES NOT INCLUDE NEW FACILITIES AT  
5 LAX, AND IT DOES NOT CONSIDER THE POTENTIAL ROLE OF THE  
6 SOUTHERN CALIFORNIA REGIONAL AUTHORITY IN DEVELOPMENT OF  
7 EXPANSION AT LAX.

8                   I LOOK FORWARD TO HEARING HOW LAWA AND THE FAA  
9 RESPOND TO THESE CONCERNS AND TO OTHER COMMENTS MADE TODAY.  
10 I WILL SHARE THOSE RESPONSES WITH MY CONSTITUENTS AND I  
11 WILL CONTINUE TO PLAY AN ACTIVE ROLE IN SUPPORTING A TRULY  
12 REGIONAL APPROACH TO SOUTHERN CALIFORNIA AIRPORT NEEDS.

13                  THE FACILITATOR: LARI SHEEHAN.

14                  MS. LARI SHEEHAN: THANK YOU. MY NAME IS LARI  
15 SHEEHAN, ASSISTANT ADMINISTRATIVE OFFICER WITH THE COUNTY  
16 OF LOS ANGELES. I ALSO HAVE THE PLEASURE AT THE PRESENT  
17 TIME OF SERVING AS THE INTERIM EXECUTIVE OFFICER OF THE  
18 SOUTHERN CALIFORNIA REGIONAL AIRPORT AUTHORITY. I AM HERE  
19 TODAY REPRESENTING SUPERVISOR MICHAEL D. ANTONOVICH, WHO  
20 APOLOGIZES FOR THE FACT THAT HE COULD NOT BE HERE. WE  
21 HAVE SUBMITTED WRITTEN COMMENTS ON HIS BEHALF.

22                  THE SUPERVISOR WOULD LIKE TO INDICATE THAT HE  
23 UNDERSTANDS THE IMPORTANCE OF LAX TO THE ECONOMY OF THE  
24 SOUTHERN CALIFORNIA REGION. HE ALSO FEELS THAT THE LAX  
25 NEEDS TO ACKNOWLEDGE THAT IT HAS A VERY SIGNIFICANT IMPACT

1 ON THE COMMUNITIES THAT SURROUND THE AIRPORT AND THAT L. A.  
2 WORLD AIRPORTS OWNS THREE AIRPORTS. LAX IS NOT THE ONLY  
3 AIRPORT IT OWNS. IT OWNS AN AIRPORT IN PALMDALE AND ALSO  
4 ONTARIO AND WE WOULD LIKE TO SEE LAWA FOCUS ON A REGIONAL  
5 APPROACH TO AIRPORTS FOR THE SOUTHERN CALIFORNIA REGION.

6 I WOULD LIKE TO MENTION IF THE BOARD OF  
7 SUPERVISORS WHEN WE HAVE CROWDS LIKE THIS WE ASK THEM TO  
8 RAISE THEIR HANDS. IT GIVES THE SAME IMPACT AND IT DOESN'T  
9 INTERRUPT AND IT IS A LOT EASIER FOR PEOPLE WHO ARE TRYING  
10 TO RECORD THIS. I SUGGEST THAT YOU DO THAT INSTEAD OF  
11 CLAPPING.

12 WE WOULD ALSO LIKE TO COMMENT THAT WE FEEL  
13 YOUR PUBLIC OUTREACH PROGRAM IS FLAWED. ONE HEARING AT  
14 THREE DIFFERENT LOCATIONS ON THE SAME DAY IS NOT FOSTERING  
15 WHAT YOU HAD SAID WAS YOUR INTENT WHICH WAS TO GET THE  
16 BROADEST POSSIBLE PARTICIPATION PROCESS. THE COUNTY, WE  
17 HAVE TWO LADIES WHO ARE GOING TO BE FOLLOWING ME, MS.  
18 SANDRA BAUER AND HOLLY GROZA.

19 THEY ARE CONSULTANTS FOR THE COUNTY OF LOS  
20 ANGELES AND THEY HAVE COMPLETED WITH A TEAM OF CONSULTANTS  
21 HEADED BY A.C. LADEREDO AND ASSOCIATES A REVIEW OF THE  
22 ENVIRONMENTAL STATEMENT AND IMPACT. THEY HAVE FOUND AND  
23 PRESENTED THEIR PRELIMINARY FINDINGS ON THE BOARD OF  
24 SUPERVISORS. THE BOTTOM LINE FINDING IS THE DOCUMENTS ARE  
25 FATALLY FLAWED AND THAT THE PROBLEMS WITH THE DOCUMENTS ARE

1 SO PERVASIVE AND SYSTEMIC THAT THE ONLY PRACTICAL REMEDY IS  
2 TO START OVER.

3 SPECIFICALLY THE SUPERVISOR WOULD LIKE TO CALL  
4 OUT THE FOLLOWING PROBLEMS WITH DOCUMENTS. FIRST OF ALL  
5 SCOPING, AS HAS ALREADY BEEN MENTIONED, LAWA INDICATES THAT  
6 THEY ARE SERVING THE ENTIRE REGION, AND YET THERE WAS NO  
7 CONTACT THAT WE CAN FIND WITH THE COUNTIES OF ORANGE,  
8 RIVERSIDE, SAN BERNARDINO AND VENTURA WHO ARE PART OF THE  
9 SOUTHERN CALIFORNIA REGION. THE EIS/EIR CONCLUDES THAT THE  
10 REGIONAL AIRPORT SYSTEM IS NOT FEASIBLE, AND YET AS I HAVE  
11 MENTIONED, L.A. AIRPORTS OWNS THREE AIRPORTS, AND IF IT IS  
12 NOT FEASIBLE, WHY DID THE EIS/EIR CONCLUDE THAT A CERTAIN  
13 LEVEL OF DEMAND IS GOING TO HAVE TO BE ABSORBED AT OTHER  
14 AIRPORTS OTHER THAN LAX.

15 FINALLY, WE HAVE COMMISSIONED THAT THE COUNTY  
16 STUDY AT PALMDALE AND FOUND THAT PALMDALE AIRPORT TODAY  
17 COULD SUPPORT IN EXCESS OF ONE MILLION PASSENGERS A YEAR.  
18 I WOULD LIKE TO ACKNOWLEDGE THAT JIM RITCHIE, THE DEPUTY  
19 EXECUTIVE OFFICER OF LAWA MET WITH THE PALMDALE CITY  
20 MANAGER AND MYSELF THIS TUESDAY. THEY HAVE AGREED TO  
21 PARTICIPATE IN FURTHER MARKETING ACTIVITIES TO BRING AND  
22 REACTIVATE AIR SERVICE AT PALMDALE.

23 WITH THAT I AM GOING TO TURN IT OVER TO SANDRA  
24 BAUER.

25 THE FACILITATOR: THANK YOU.

1 MS. SANDRA BAUER: I AM SANDRA BAUER AND I AM  
2 SPEAKING ON BEHALF OF THE BOARD OF SUPERVISORS. I WOULD  
3 LIKE TO TOUCH BRIEFLY ON SCOPING ON THE NOISE ANALYSIS AND  
4 ON THE AIR QUALITY ANALYSIS. THE DRAFT EIS/EIR MAKES A  
5 STATEMENT THAT THE OBJECTIVE OF THE PROJECT IS TO PROVIDE  
6 SUFFICIENT AIRPORT CAPACITY FOR PASSENGERS AND FREIGHT IN  
7 THE LOS ANGELES REGION TO SUSTAIN AND ADVANCE THE ECONOMIC  
8 GROWTH AND VITALITY OF THE LOS ANGELES REGION. IT DEFINES  
9 THIS REGION AS A FIVE-COUNTY AREA THAT INCLUDES NOT ONLY  
10 LOS ANGELES COUNTY BUT ALSO ORANGE AND VENTURA AND SAN  
11 BERNARDINO AND RIVERSIDE COUNTIES.

12 IN THIS CONTEXT THE BOARD OF SUPERVISORS  
13 WONDERS WHY DID THE SCOPING EFFORT FOR THIS EIS/EIR NOT  
14 INCLUDE A SINGLE AGENCY FROM THE MUNICIPAL OR COUNTY  
15 GOVERNMENTS OF SAN BERNARDINO COUNTY, OF ORANGE COUNTY,  
16 RIVERSIDE COUNTY OR VENTURA COUNTY. WHY DID THE SCOPING  
17 NOT INCLUDE A SINGLE AIRPORT IN ANY OF THESE COUNTIES. IT  
18 DID NOT INCLUDE BURBANK, JOHN WAYNE. IT DID NOT INCLUDE  
19 THE REGIONAL PLAN, THE AIRPORT PLANNING AUTHORITIES IN  
20 THOSE COUNTIES OR LONG BEACH OR OXNARD.

21 MANY OF THESE ENTITIES WOULD HAVE HAD A VITAL  
22 INTEREST IN PARTICIPATING AND SCOPING FOR THIS PROJECT AND  
23 THEY WOULD HAVE BEEN VERY HELPFUL, I THINK, IN FORMULATING  
24 THE ALTERNATIVES THAT YOU EXAMINED AND THE IMPACTS THAT  
25 SHOULD BE STUDIED IN THE EIS/EIR. THE NOISE ANALYSIS

1 INDICATES THAT THERE ARE 49,000 PEOPLE LIVING WITHIN THE  
2 65 CNEL LINE. HOWEVER, LAWA'S OWN 1966 FOURTH-QUARTER  
3 REPORT INDICATES THAT THERE ARE IN THAT SAME 65 CNEL JUST  
4 UNDER 86,000 PEOPLE. WE WONDER WHY IS THIS DISCREPANCY,  
5 WHICH IS A DIFFERENCE OF ALMOST 37,000 PEOPLE, NOT  
6 EXPLAINED OR EVEN PRESENTED IN THE EIS/EIR.

7 THE NOISE TECHNICAL REPORT CONTAINS A  
8 GENERALIZED DISCUSSION OF THE EFFECTS OF NOISE ON PEOPLE,  
9 CONCLUDING WITH A STATEMENT THAT IT IS ASSUMED THAT  
10 COMPLIANCE WITH THE COMPATABILITY CRITERIA IS SUFFICIENT  
11 TO PROTECT HUMAN HEALTH. WHY IS IT THAT THE EIS/EIR FAILED  
12 TO ACKNOWLEDGE THAT THE EIR IS NOT IN COMPLIANCE WITH THOSE  
13 COMPATABILITY CRITERIA AND WHY DOES THE EIR/EIS OFFER NO  
14 FURTHER ANALYSIS OF THIS ISSUE.

15 WE NOTE THAT THERE WERE A NUMBER OF EXCELLENT  
16 MITIGATION MEASURES THAT WERE IDENTIFIED AND DISCUSSED IN  
17 THE EIS/EIR BUT NOT RECOMMENDED. WE WONDER WHY YOU ARE NOT  
18 PROPOSING TO SHORTEN THE DOWNWIND-LEG APPROACH TO REDUCE  
19 THE NUMBER OF FLIGHTS OVER THE COMMUNITIES OR REASSESS  
20 LIMITING THE OUTBOARD RUNWAYS OR EXPANDING THE SOUND  
21 INSULATION PROGRAM TO INCLUDE THE 60 CNEL OR ELIMINATING  
22 THE EARLY TURNS OVER EL SEGUNDO.

23 I AM RUNNING OUT OF TIME, SO LET ME SAY THAT  
24 THE COUNTY URGES LAWA TO BEGIN ANEW AND TO DO SO WITH A  
25 COMPREHENSIVE SCOPING EFFORT TO LOOK AT APPROPRIATE

1 ALTERNATIVES AND A MORE AGGRESSIVE MITIGATION PROGRAM.

2 THANK YOU.

3 THE FACILITATOR: THANK YOU VERY MUCH. BEFORE WE  
4 HEAR THE NEXT SPEAKER, WE WILL GET RIGHT TO YOU, HOLLY.  
5 PLEASE COME UP ON MY SIDE OF THE ROOM TO SPEAK WOULD BE  
6 RALPH GOLDHEIM, DANIEL WALKER AND DON SCHUMACHER. PLEASE  
7 COME TO THIS SIDE OF THE ROOM, SPEAKER TABLE NUMBER ONE.  
8 REMIND EVERYBODY THAT THE YELLOW CARDS THAT CAN BE PICKED  
9 UP IN THE TABLE OUTSIDE CAN STILL BE PLACED INTO THE BOX  
10 FOR COMMENT UNTIL 7 O'CLOCK. WE ARE GOING UNTIL 7:00.  
11 YOU CAN STILL PLACE THEM IN THE BOX UNTIL 7 O'CLOCK.

12 HOLLY, GO AHEAD.

13 MS. HOLLY GROZA: MY NAME IS HOLLY GROZA. I AM HERE  
14 TO REPRESENT THE LOS ANGELES COUNTY BOARD OF SUPERVISORS.  
15 AFTER A CAREFUL REVIEW OF THE DRAFT EIS/EIR, WE HAVE  
16 CONCLUDED THAT THE ERRORS, OMISSIONS AND INACCURATE  
17 ASSUMPTIONS IN THE DOCUMENTS ARE SO PERVASIVE THAT ITS  
18 VALIDITY IS WHOLLY COMPROMISED. I AM GOING TO TOUCH ON  
19 JUST A FEW ISSUES AT THIS POINT.

20 REGARDING A REGIONAL ALTERNATIVE, THE DOCUMENT  
21 REPEATEDLY ACKNOWLEDGES THAT LAX IS PART OF A REGIONAL  
22 SYSTEM BUT CONCLUDES THAT THE DEVELOPMENT OF A REGIONAL  
23 ALTERNATIVE IS UNREASONABLE. THIS CONCLUSION IS PROVIDED  
24 WITHOUT ANY JUSTIFICATION AND IT DOES NOT MEET THE STATED  
25 PURPOSE AND OBJECTIVES. THE EIS/EIR ALSO CONCLUDED THAT

1 SHORT-DISTANCE FLIGHTS WOULD GO TO OUTLYING AIRPORTS,  
2 BUT THERE IS NO COMMITMENT TO ENSURE THIS HAPPENS. THE  
3 DOCUMENT NEEDS TO EXPLORE THE IMPACT OF THESE FLIGHTS  
4 REMAINING AT LAX, THE WORST-CASE SCENARIO, AND NEEDS TO  
5 INCLUDE AN ALTERNATIVE THAT PROPERLY IDENTIFIES A PLAN FOR  
6 A REGIONAL SOLUTION.

7                   REGARDING ENVIRONMENTAL JUSTICE, THE  
8 ENVIRONMENT JUSTICE DISCUSSION SIMPLY FAILS TO MEET NEPA  
9 REQUIREMENTS AND THE REVIEW DEMANDS ARE MORE RIGOROUS  
10 ANALYSIS THAN IS CURRENTLY PROVIDED IN THE EIS/EIR. THE  
11 ANALYSIS FAILS TO COMPLY WITH NEPA IN THE FOLLOWING AREAS.

12                   PROJECT IMPACTS ARE NOT QUANTIFIED OR  
13 ANALYZED. NO MITIGATION MEASURES ARE DISCLOSED, AND THE  
14 DOCUMENT ASSERTS THAT INFORMATION IS NOT AVAILABLE, WHICH  
15 IS NOT ACCEPTABLE. THE DOCUMENT FAILS TO PROVIDE A  
16 RELOCATION PLAN FOR THOSE AFFECTED BY THE EXPANSION, MANY  
17 OF WHICH ARE MINORITIES. IN ADDITION, THE REPORT DOES NOT  
18 QUANTIFY THE PLAN'S EFFECTS ON MINORITY NEIGHBORHOODS WHO  
19 TAKE EXCEPTION TO THE STATEMENT THAT THESE FIGURES ARE NOT  
20 AVAILABLE.

21                   REGARDING TRAFFIC, THE IMPACT AND FEASIBILITY  
22 OF THE EXTENSIVE CONGESTIVE RELIEF PACKET AND PROPOSED  
23 MITIGATION MEASURES ARE IN NEED OF FURTHER ANALYSIS AND  
24 DISCUSSION. THE DEPARTMENT OF TRANSPORTATION ACT SECTION  
25 DOES NOT INCLUDE THE NO PROJECT, NO ACTION PROJECT FOR

1 COMPARISON.

2 FINALLY, NOT A SINGLE INTERSECTION IN THE  
3 COUNTY UNINCORPORATED AREA WAS ANALYZED. THIS IS  
4 ABSOLUTELY UNACCEPTABLE CONSIDERING THERE ARE SEVEN SUCH  
5 AREAS WITHIN ONE MILE OF THE AIRPORT. THANK YOU VERY MUCH.

6 MR. RALPH GOLDHEIM: MY NAME IS RALPH GOLDHEIM.  
7 I AM A RESIDENT OF WESTCHESTER 8707 LILIENTHAL AVENUE.  
8 WESTCHESTER CALIFORNIA, AS A NEARBY LAX RESIDENT I AM  
9 PARTICULARLY CONCERNED ABOUT THE NEW FAA REVISION OF THE  
10 NOISE ABATEMENT POLICY AND EIR DRAFT AND MASTER PLAN. THE  
11 NOISE OF OVERHEAD AIRCRAFT IN MY HOME IS DISRUPTIVE AND  
12 DRAMATICALLY IMPACTS MY FAMILY QUALITY OF LIFE AND THE  
13 PROPERTY VALUE OF OUR HOME. AVATION NOISE IS A SERIOUS  
14 PROBLEM AT LAX AND IN PARTICULAR THE FAA NEEDS TO DO MORE  
15 TO MITIGATE THE EXISTING SITUATION AND NOT ALLOW THINGS  
16 TO GET WORSE.

17 UNFORTUNATELY THE TRACK HISTORY OF WHAT LAX  
18 HAS DONE SUCCESSFULLY IS TO ALIENATE EVERYONE IN  
19 WESTCHESTER AS THEIR NEIGHBOR. UNLESS THEY, LAX  
20 MANAGEMENT, ARE FORCED TO REDUCE NOISE THEY WILL, AS THEY  
21 HAVE SHOWN TO DATE, CONTINUE TO REPRESENT ONLY THE AIRLINES  
22 INTEREST IN THEIR DESIRE TO EXPAND THAT PASSENGER AND  
23 FREIGHT TRAFFIC. I BELIEVE THIS PROBLEM IS SIMPLY THE  
24 SYSTEM OF A BROKEN REGULATORY SYSTEM INVOLVING AIRPORT  
25 MANAGEMENT IN GENERAL AND I DON'T BELIEVE UNITED AIRLINES

1 AND LOCAL AIRPORT MANAGEMENT SHOULD BE MAKING DECISIONS AND  
2 IMPLEMENTING PLANS IN DIRECT OPPOSITION TO LOCAL RESIDENTS.  
3 WE LIVE HERE AND THEY DON'T.

4 SPECIFICALLY, THE EIR DRAFT IS A SERIOUSLY  
5 FLAWED STUDY AND SHOULD NOT BE USED TO DECIDE ON ANY LAX  
6 EXPANSION, SPECIFICALLY ON NOISE. THE DATA ON THE CNEL  
7 NOISE CONTOURING AND HOW IT WILL CHANGE FROM THE 1996  
8 BASE LINE CNEL MAP TO THE PROJECTED 2015 CNEL MAP IS  
9 INCONCLUSIVE AT BEST. THE CNEL STANDARD OF AVERAGE NOISE  
10 MEASUREMENT DOES NOT TAKE INTO EFFECT SINGLE NOISE EVENTS  
11 AND THEIR IMPACT.

12 IN OTHER WORDS, A VERY LOUD 747 LANDING OR  
13 TAKING OFF IS SIMPLY AVERAGED INTO NORMAL TRAFFIC AND  
14 NEIGHBORHOOD NOISE. CNEL OR SINGLE TRACKING WOULD MUCH  
15 MORE CLOSELY MEASURE IMPACT ON OUR QUALITY OF LIFE AND  
16 HEALTH ISSUES. A REGIONAL MASTER PLAN IS THE ONLY WAY TO  
17 GO. THANK YOU.

18 THE FACILITATOR: IF THESE PEOPLE WOULD STEP UP OR  
19 SIT DOWN IN THE CHAIRS IN FRONT OF THAT MICROPHONE, THAT  
20 SPEAKERBOX. THOMAS BRANTS, KATHY SEXTON AND BILL BARRY.  
21 THERE ARE THREE CHAIRS FOR YOU. WE HAVE DANIEL WALKER.

22 MR. DANIEL WALKER: GOOD AFTERNOON. DANIEL WALKER.  
23 I LIVE AT 7416 WEST 82ND STREET, WHICH IS ABOUT SIX BLOCKS  
24 NORTH OF THE AIRPORT. LIVED IN L. A. FOR ABOUT 37 YEARS  
25 AND RECENTLY MOVED FROM INGLEWOOD TO THE PLAYA DEL REY

1 AREA. A MEMBER OF SIERRA CLUB, SO I CERTAINLY WANT TO SEE  
2 CLEAN AIR, TRAFFIC CONGESTION REDUCED. PERSONALLY HOW I  
3 GET AROUND PAST LAX, I DRIVE MY BIKE FROM PLAYA ALONG  
4 PERSHING TO HUGHES. OF COURSE, NOW IT IS BOUGHT BY BOEING.  
5 I HOPE IN THE CONSIDERATION OF THE MASTER PLAN YOU ALLOW  
6 BIKE USE TO PASS THROUGH THE AREA.

7 I THINK THE REGIONAL APPROACH IS PROBABLY THE  
8 RIGHT WAY TO GO. IT SOUNDS LIKE FOR MY BELIEFS AND SIERRA  
9 CLUB, WE SHOULD CERTAINLY TRY TO HAVE PEOPLE THAT LIVE IN  
10 THE INLAND EMPIRE USE AN AIRPORT FACILITY THAT IS CLOSER TO  
11 THEM. SAME THING FOR PEOPLE OF ORANGE COUNTY. PEOPLE IN  
12 LAX AREA, WE WANT TO BE ABLE TO GET TO OUR AIRPORT EASIER.  
13 THERE ARE SOME PARTS OF THE MASTER PLAN THAT I THINK ARE  
14 GOOD IDEAS. FOR EXAMPLE, THE GREEN LINE. IF WE CAN GET  
15 THE GREEN LINE AT LEAST INTO THE OLD PART OF LAX THAT  
16 WOULD CERTAINLY ALLEVIATE A LOT OF CONGESTION ON OUR  
17 CURRENT STREETS. PEOPLE IN OUR GROUPS THAT I WORK WITH  
18 CERTAINLY SUPPORT GETTING THE GREEN LINE EXTENDED TO LAX  
19 IN SOME FASHION.

20 IN SUMMARY, I THINK THERE ARE SOME GOOD PARTS  
21 OF THIS AND THERE ARE SOME PARTS THAT WE HAVE CONCERN WITH.  
22 I JUST HOPE THAT WE ARE ABLE TO PULL OUT THE GOOD PARTS AND  
23 GET FUNDING FOR THAT AND DISBURSE THE TRAFFIC SO THAT  
24 THE OVERALL POLLUTION FOR THE LOS ANGELES WHOLE BASIN IS  
25 MINIMIZED AND THE TRAFFIC FOR THE WHOLE BASIN IS MINIMIZED

1 SO THAT THE ENVIRONMENTAL IMPACT, WHICH INCLUDES NOISE, IS  
2 SPREAD OUT AND DONE IN THE MOST ENVIRONMENTALLY CONSCIOUS  
3 WAY. THANK YOU FOR THIS OPPORTUNITY.

4 MR. DON SCHUMACHER: MY NAME IS DON SCHUMACHER. I  
5 AM A NATIVE OF LOS ANGELES AND I GREW UP IN MAR VISTA AND  
6 NOW LIVE IN WESTCHESTER. I LIVE AT 8758 CRAYDON. THE FAA  
7 IS DOING A HUGE DISSERVICE TO THIS COMMUNITY. THERE'S AN  
8 AIRPORT RIGHT HERE THAT IS ONLY SUPPOSED TO HANDLE 40  
9 MILLION PASSENGERS A YEAR, BUT THEY ALLOW 64 PLUS MILLION  
10 TO USE THESE FACILITIES. FORGIVE ME IF I THINK YOU LACK  
11 CREDIBILITY WHEN YOU SAY THAT THIS EXPANSION IS GOING TO  
12 HANDLE 89 MILLION PASSENGERS WHEN WE ALL KNOW IT IS  
13 PROBABLY GOING TO BE MORE LIKE 120 MILLION.

14 ANOTHER THING IS THAT SAN FRANCISCO, WHICH  
15 WAS STATED EARLIER, AS WELL AS NEW YORK CITY, ALL HAVE  
16 THREE INTERNATIONAL AIRPORTS IN THEIR AREA. WE NEED TO AT  
17 LEAST DO THE SAME THING HERE. I COULD CARE LESS WHAT THREE  
18 THEY ARE. I AM PROUD OF THE ECONOMIC GROWTH HERE IN LOS  
19 ANGELES. IT IS FANTASTIC. BUT WE NEED TO HAVE MORE  
20 AIRPORTS. WE CAN'T FUNNEL ALL THE POPULATION OF SOUTHERN  
21 CALIFORNIA ALL INTO ONE AIRPORT. IT IS RIDICULOUS.

22 THE OTHER THING IS I LIVE OVER BY WILEY POST  
23 WHERE THIS ARBOR VITAE/RING ROAD IS GOING TO BE CONSTRUCTED  
24 AND THE HOUSE IS BEING TAKEN OUT. WHAT THE RESIDENTS IN  
25 THAT AREA MAY NOT REALIZE, WE ARE TRADING IN A BASEBALL

1 FIELD FOR A CARGO TERMINAL. WHEN YOU TELL US THAT WE ARE  
2 GOING TO HAVE REDUCED TRAFFIC AND REDUCED POLLUTION, WE  
3 WILL HAVE INCREASED TRAFFIC AND POLLUTION BECAUSE NOW WE  
4 ARE GOING TO HAVE SEMIS AND ALL THESE HIGH-POLLUTING DIESEL  
5 ENGINE VEHICLES COMING IN OUR AREA 24/7 TO USE THIS AREA.  
6 THIS IS NOT GOING TO MAKE THINGS LESS. IT IS GOING TO MAKE  
7 THEM WORSE.

8 I THINK I COVERED BASICALLY EVERYTHING ON MY  
9 NOTES HERE, SO THANK YOU VERY MUCH. ALSO I WOULD LIKE TO  
10 SUGGEST YOU DO PAY ATTENTION TO SCAG'S RECOMMENDATIONS AND  
11 USE THAT AS A BASIS FOR THIS REGIONAL PLAN. THANK YOU.

12 THE FACILITATOR: THANK YOU VERY MUCH. WE SURE  
13 APPRECIATE YOU HOLDING UP YOUR HANDS WHILE THEY ARE TALKING  
14 SO THEY CAN BE HEARD. THOMAS BRANTS.

15 MR. THOMAS BRANTS: I WOULD LIKE TO ADDRESS SAFETY  
16 FIRST. HOW MANY PEOPLE IN HERE REMEMBER THE CERRITOS  
17 ACCIDENT? THE AIR SPACE IN LOS ANGELES IS ALREADY  
18 OVERSATURATED. ANY EXPANSION HERE IS SIMPLY GOING TO MAKE  
19 THAT WORSE. WE NEED TO MITIGATE EXISTING SAFETY HAZARDS,  
20 NOT MAKE IT WORSE. AIRPLANE CRASHES ARE EQUAL-OPPORTUNITY  
21 KILLERS, BOTH PASSENGERS AND THOSE ON THE GROUND,  
22 REGARDLESS OF WHAT PART OF TOWN GETS DEVISTATED.

23 NOISE, THERE APPEARS TO BE A DISCREPANCY IN  
24 THE LOCATION OF THE EASTERN END OF THE 65DB NOISE CONTOUR  
25 LINE. THE MULTI-VOLUME DRAFT IN THE PUBLIC LIBRARY SHOWS

1 THE 1996 LINE ABOUT A MILE SHORT OF THE HARBOR FREEWAY  
2 WHILE THE GENERAL PLAN REVISION DATED SEPTEMBER, 1998 SHOWS  
3 THE 65 EXTENDING EAST OF THE HARBOR FREEWAY. IS THIS HOW  
4 MUCH IT INCREASED DURING TWO YEARS OR IS THAT MERELY A  
5 DISCREPANCY. AS TRAFFIC INCREASES IN LAX, BOTH THE AIR  
6 TRAFFIC AND THE NOISE IS GOING TO INCREASE ALL OVER TOWN,  
7 NOT JUST IN THIS VICINITY.

8 GROUND TRANSPORTATION. I HAVE RECENTLY BEEN  
9 DRIVING TO CLAREMONT ABOUT ONCE A WEEK IN THE MORNING AND  
10 EVERYTIME I SEE THE TRAFFIC HEADING WEST ON THE I-105 AND  
11 I-210, I AM GLAD I AM HEADING EAST. THAT'S ONLY GOING TO  
12 GET WORSE IF WE TRY TO JAM ALL THAT TRAFFIC INTO LAX.  
13 THAT'S NOT JUST IN THIS VICINITY. THAT'S ALL OVER TOWN.

14 THE IDEA OF THE EXPANSION FOR LAX WILL BE GOOD  
15 FOR BUSINESS IS A MYTH. THE EXISTING GRIDLOCK WILL SEND  
16 BUSINESS ELSEWHERE PROBABLY RESULTING IN A JOB LOSS FOR THE  
17 AREA. HOW MANY BUSINESSES ARE GOING TO BE DISPLACED BY LAX  
18 ACQUIRING ADDITIONAL REAL ESTATE. THAT'S MORE JOB LOSS.  
19 HOWEVER, AT PALMDALE JOBS ARE JUST AS IMPORTANT AS THEY ARE  
20 AT LAX AND THE POTENTIAL FOR GROWTH IS MUCH GREATER.

21 I AM NOT GOING TO HAVE TIME FOR EVERYTHING  
22 HERE, BUT I WANT TO ADDRESS THE ALTERNATIVE MYTH OR FARCE.  
23 DURING THE CONSTRUCTION PHASE, EVEN THE CURRENT LAX  
24 CAPACITY WILL BE REDUCED DURING THAT CONSTRUCTION. HOW  
25 MUCH MORE SAFETY PROBLEM IS THAT GOING TO CAUSE. THAT'S

1 NOT ADDRESSED IN THE EIR EITHER.

2 TO SUMMARIZE THE IDEA OF FURTHER EXPANSION  
3 FOR LAX IS EXPENSIVE, DANGEROUS AND TEMPORARY. EVEN THE  
4 LAX MASTER PLAN SAYS THAT IT IS GOOD FOR UP TO 2015. WHAT  
5 IS THAT? PALMDALE? WHY DON'T THEY DO IT RIGHT THE FIRST  
6 TIME.

7 THE FACILITATOR: FOR INFORMATIONAL PURPOSES, LET ME  
8 GIVE YOU A QUICK LIST OF WHO IS COMING UP AFTER THE NEXT  
9 SPEAKERS. DAVID STEPHAN, MICHELE VERTUCCI, VALERIE  
10 VELASCO, JACK HOBART, DENNIS ZANE, DENNY SCHNEIDER, JOE  
11 LAWLESS. THE NEXT ONE IS KATHY SEXTON.

12 MS. KATHY SEXTON: MY NAME IS KATHY SEXTON. I LIVE  
13 AT 8101 NAYLOR AVENUE IN LOS ANGELES. I AM NOT AN  
14 ENVIRONMENTALIST. I DON'T KNOW EXACTLY HOW ALL THESE  
15 FIGURES IMPACT US EXACTLY, BUT I DO KNOW WHEN I AM TOLD  
16 THAT THE LEVELS IN THIS AREA ARE EXTREME TODAY. I AM TOLD  
17 THAT BY THE YEAR 2015 WITH THE AIRPORT EXPANSION, THEY WILL  
18 HAVE NO FURTHER ADVERSE EFFECT, I KNOW IT IS A LIE. YOU  
19 DON'T HAVE TO BE AN ENVIRONMENTALIST TO KNOW THAT THAT DOES  
20 NOT ADD UP.

21 THE EIS/EIS HAS NEVER CONSIDERED A PLAN FOR  
22 REGIONAL AIR TRANSPORT. THERE IS NO MENTION OF THE PLAYA  
23 VISTA DEVELOPMENT. THE PLAN NEEDS TO ADDRESS HOW TO LESSEN  
24 THE ENVIRONMENTAL IMPACT ON OUR AREA. I AM CONCERNED ABOUT  
25 MY HEALTH, THE HEALTH OF MY FAMILY, THE HEALTH OF MY

1 NEIGHBORS.

2 MR. RITCHIE WHO LIVES IN MISSION VIEJO, I  
3 WOULD BE CONCERNED ABOUT YOUR HEALTH FOR THE NUMBER OF  
4 HOURS THAT YOU NEED TO SPEND IN THIS AREA AS WELL.

5 THE FACILITATOR: BILL BARRY.

6 MR. BILL BARRY: GOOD AFTERNOON. MY NAME IS BILL  
7 BARRY. I AM A RESIDENT OF WESTCHESTER. I LIVE ON 90TH  
8 STREET. I WOULD LIKE TO MAKE A COUPLE OF POINTS. ONE AS A  
9 GENERAL OVERVIEW OVERARCHING COMMENT, AN IMPRESSION ABOUT  
10 THE MASTER PLAN AND THE ENVIRONMENTAL IMPACT REPORT. IN  
11 READING IT I AM STRUCK BY THE FACT THAT IT IS WRITTEN TO  
12 JUSTIFY EXPANSION, NOT TO ANALYZE THE RISKS OF EXPANSION.  
13 I THINK THAT'S BECAUSE THE LAWA AND DEPARTMENT OF AIRPORT  
14 HAVE A BUILT-IN CONFLICT OF INTEREST IN THE WHOLE APPROACH.

15 THE DEPARTMENT OF AIRPORTS IS A PROFIT CENTER  
16 FOR THE CITY OF LOS ANGELES AND IT HAS EVERY INCENTIVE IN  
17 THE WORLD TO MAKE SURE THE EXPANSION HAPPENS IN LAX AND NOT  
18 SOMEWHERE ELSE IN THE REGION. THAT IS WHY THE WHOLE REPORT  
19 IS FLAWED. IT REALLY ISN'T A FAIR ANALYSIS OF THE REGION  
20 BECAUSE THEY DON'T WANT IT TO BE A REGIONAL SOLUTION, THEY  
21 WANT IT TO BE AN LAX SOLUTION.

22 THERE ARE A COUPLE OF POINTS IN READING A  
23 SUMMARY OF THE EIR. A NUMBER OF THE MITIGATION FACTORS ARE  
24 PROPOSED FOR THINGS THAT THE DEPARTMENT OF AIRPORTS HAS NO  
25 CONTROL OVER. YOU ARE NOT GOING TO CONTROL WHETHER THE

1 GREEN LINE GOES TO THE AIRPORT. YOU ARE NOT GOING TO  
2 CONTROL WHETHER FREEWAYS ARE IMPROVED. AS IT EXISTS NOW  
3 THE STATE BUDGET IS ALMOST ALL GONE AND THE GOVERNOR IS  
4 TALKING ABOUT TRANSFER OF FUNDS FROM THE HIGHWAY FUND TO  
5 THE GENERAL FUND. ANY MONEY THAT MIGHT HAVE BEEN THERE FOR  
6 FREEWAY EXPANSION IS PROBABLY GONE FOREVER.

7 THE EIR REPORT, I THINK, DOES NOT ADDRESS  
8 THE HEALTH RISKS FOR PEOPLE WHO ARE CLOSEST TO THE AIRPORT  
9 WHERE THE EXPANSION IS REALLY GOING TO IMPACT. I THINK  
10 IT'S A GOOD IDEA TO MITIGATE HEALTH RISKS OVER ON HARBOR  
11 FREEWAY. I'M A LITTLE MORE CONCERNED ABOUT 90TH STREET.  
12 I THINK THAT'S WHERE PROBLEMS ARE GOING TO OCCUR, NOT FAR  
13 AWAY.

14 THE WHOLE ANALYSIS OF JOBS AND BUSINESS I  
15 THINK IT FLAWED BECAUSE THE REGIONAL EXPANSION IS GOING TO  
16 OCCUR SOMEWHERE. THE GENTLEMAN WHO WAS TALKING ABOUT THE  
17 UNION JOBS, THEY WILL OCCUR SOMEWHERE. THEY DON'T CARE.  
18 THEY ALL DRIVE TO THE CONSTRUCTION PROJECT ANYWAY. AND THE  
19 BUSINESS IS GOING TO WORK WHEREVER THEY CAN WORK. THE JOBS  
20 WILL BE WHEREVER THE AIRPORTS EXPAND. THE WHOLE ANALYSIS  
21 FOR WHY L.A. SHOULD BE EXPANDED FOR JOBS AND BUSINESS IS  
22 FALSE. THAT ASPECT OF THE PLAN WILL BE TRUE NO MATTER  
23 WHERE THE EXPANSION OCCURS.

24 FINALLY, I OBJECT TO THE WHOLE ANALYSIS THAT  
25 WE HAVE CREATED AN IMPOSSIBLE SITUATION THEREFORE WE SHOULD

1 EXPAND TO FIX IT. IN MY VIEW, LAX ON THE WESTERNMOST PART  
2 OF THE REGION IS NOT BEST POSITIONED, AS THE SUMMARY SAYS.  
3 NOT BEST POSITIONED FOR THE TRANSPORTATION. PROBABLY WORSE  
4 POSITIONED AS FAR AS THE TRAFFIC FLOW IN THE CITY GOES.

5 THE NO-ACTION RISKS ARE OVERSTATED. AIRPLANES  
6 AND CARS AND POLLUTION RISKS ARE IMPROVING WITH TIME. SO  
7 IF NOTHING HAPPENS AT LAX ONE WOULD ASSUME THAT THE HEALTH  
8 RISKS WOULD GO DOWN. I HAVE LIVED IN THIS AREA FOR A LONG  
9 TIME ANTICIPATING LESS NOISE AND LESS POLLUTION FROM THE  
10 AIRCRAFT AND NOW IT LOOKS LIKE THAT IS GOING TO OCCUR, YOU  
11 ARE GOING TO EXPAND AND MAKE IT WORSE.

12 LASTLY, IT IS AN INSULT TO THE COMMUNITY  
13 TO HAVE A VEILED THREAT THAT MITIGATION EFFORTS WILL NOT  
14 OCCUR UNLESS THERE'S AN EXPANSION. THANK YOU VERY MUCH.

15 THE FACILITATOR: THANK YOU VERY MUCH. APPRECIATE  
16 IT. WE HAD A COUPLE REQUESTS FOR INTERPRETERS AND IF YOU  
17 NEED AN INTERPRETER YOU CAN GO OUT TO THE TABLE OUTSIDE.  
18 AND SECONDLY, MAKE SURE THAT YOU HAVE A CHANCE TO GO OUT TO  
19 THE WORKSHOP IF YOU HAVE NOT DONE SO. THEY ARE GOING TO  
20 CLOSE UP IN ABOUT 20 MINUTES. IF YOU WANT TO HAVE THEM  
21 STAY LONGER, YOU CAN ASK THEM. BUT RIGHT NOW NOBODY IS OUT  
22 THERE. IF YOU DO WANT TO GO OUT TO THE WORKSHOP AREAS  
23 BEFORE YOU SPEAK, PLEASE DO SO.

24 THE NEXT SPEAKER IS DAVID STEPHAN

25 MR. DAVID STEPHAN: I AM DAVID STEPHAN. I LIVE IN

1 THE CITY OF LOS ANGELES. TWO SUBSTANTIVE MATTERS, ONE  
2 PROCEDURAL. THIS CRETINOUS PLAN WOULD NOT BE SO DANGEROUS  
3 IF IT WERE MERELY COMPRISED BY THE FOOLS WHO MADE IT UP.  
4 HOWEVER, SUBSTANTIVELY IT IS FAR WORSE BECAUSE IT IS  
5 OBVIOUSLY MADE UP BY NAVES. THEY ARE FAR MORE DANGEROUS.  
6 FOOLISHLY IN ONE OF THE MOST THINLY POPULATED AREAS WITH  
7 THE VERY LOW AVERAGE POPULATION DENSITY, THIS IS AN ATTEMPT  
8 TO CONCENTRATE TRAFFIC AT ONE POINT IN AN AREA. THERE ARE  
9 PLACES RANGING FROM POINT MUGU, GEORGE AIR FORCE BASE,  
10 NORTON AIR FORCE BASE, MARSH AIR FORCE BASE, EL TORO MARINE  
11 STATION THAT COULD BE DEVELOPED AS AIRPORTS THAT WOULD  
12 SPREAD AND DISBURSE THE TRAFFIC.

13 LOOK AT WHAT LAX PROPOSES TO DO. PASSENGER  
14 TRAFFIC MAY GO UP CONSIDERABLY MORE THAN HUNDRED PERCENT.  
15 FREIGHT TRAFFIC WOULD GO UP BY MANY MULTIPLES. THAT WOULD  
16 RESULT IN INCREASED TRAFFIC OF TRUCKS, INCREASED POLLUTION,  
17 AND A GREAT CONCENTRATION OF THAT TRAFFIC IN ONE AREA. THE  
18 INLAND EMPIRE, VENTURA COUNTY, THE HIGH DESERT, THESE ARE  
19 AREAS THAT ARE EXPANDING WHERE FREIGHT COULD BE DISBURSED  
20 AND TRUCKED FROM THERE. IT WOULD BE CLOSER. IT WOULD NOT  
21 CONCENTRATE TRAFFIC IN ONE AREA.

22 PASSENGER TRAFFIC SIMILARLY. PEOPLE ARE  
23 MOVING TO THE INLAND EMPIRE AND VENTURA COUNTY AND THE HIGH  
24 DESERT. PEOPLE CAN FLY IN AND OUT OF THOSE AREAS AND GO  
25 QUICKLY TO AND FROM THEIT DESTINATION. THIS IS A MEASURE

1 THAT IS OVERALL DESIGNED TO CONCENTRATE IN AN AREA THAT  
2 CRIES FOR DISBURSAL. ON ITS FACE IT IS FOOLISH. BENEATH  
3 THAT IT IS DRAWN UP BY NAVES.

4                   HOWEVER, ONE FINAL MATTER. WHEN I CAME HERE  
5 TODAY I CAME PREPARED TO SPEAK AGAINST THIS PRESSURE.  
6 WHEN I LISTEN TO THIS AUDIENCE OF BROWN SHIRT BULLY BOYS  
7 BULLYING OF THOSE PEOPLE WHO OPPOSED THEM I THINK OF  
8 KRISTAL NACHT. I THINK IF YOU GET THIS SHOVED UP YOUR  
9 NOSES IT WILL BE BECAUSE OF THE WAY YOU TREATED PEOPLE AND  
10 YOU GET WHAT YOU DESERVE. YOU ARE AN UNRULY MOB WHO SHOWS  
11 NO RESPECT TO THE FREEDOM OF SPEECH TO THOSE WHO OPPOSE  
12 YOU.

13                   THE FACILITATOR: AFTER THAT, MICHELE.

14                   MS. MICHELE VERTUCCI: I AM MICHELE VERTUCCI. I  
15 LIVE AT 5891 WEST 77TH PLACE HERE IN WESTCHESTER. I AM  
16 AGAINST THE LAX MASTER PLAN. I THINK THE EIR IS A FLAWED  
17 REPORT. I DON'T THINK LAWA HAS TAKEN INTO CONSIDERATION  
18 HOW THE ENVIRONMENT WOULD BE IMPACTED BY THE AIRPORT  
19 EXPANSION OR AIRPORT IMPROVEMENTS. I FEEL WHAT THE LOS  
20 ANGELES WORLD AIRPORTS REALLY WANTS IS MONEY AND MORE  
21 MONEY. IT IS A SHAME THAT THEY WOULD PUT MONEY OVER  
22 COMMUNITIES AND THE ENVIRONMENT. SO LET'S SUPPORT A  
23 REGIONAL AIRPORT PLAN. THANK YOU.

24                   THE FACILITATOR: VALERIE VELASCO.

25                   MS. VALERIE VELASCO: GOOD AFTERNOON. I AM A

1 RESIDENT AND I LIVE AND WORK IN PLAYA DEL REY. I AM  
2 PRESIDENT OF THE ALLIANCE FOR REGIONAL SOLUTION TO AIRPORT  
3 CONGESTION. I WANT TO THANK YOU FOR COMING OUT THIS  
4 AFTERNOON TO LISTEN TO OUR CONCERNS AND DESCRIBE TO YOU THE  
5 INADEQUACIES OF THE ENVIRONMENTAL IMPACT REPORT. THE  
6 PURPOSE OF AN EIR IS TO DISCLOSE IMPACTS. THE EIR PRODUCED  
7 BY LAX AS PART OF ITS MASTER PLAN IS INADEQUATE AS IT TRIES  
8 TO MASK THE REAL IMPACTS OF AIRPORT EXPANSION ON THIS  
9 COMMUNITY AND OTHER COMMUNITIES.

10 THE EIR UTILIZES THREE SEPARATE AND DISTINCT  
11 BASE LINES FOR THE IMPACT OF THE PROJECT. EACH IS EMPLOYED  
12 SELECTIVELY WHERE IT WILL SERVE TO MINIMIZE THE  
13 ENVIRONMENTAL IMPACT ISSUE RATHER THAN BEING USED  
14 CONSISTENTLY, THE SAME BASE LINE TO OBTAIN TRUE  
15 MEASUREMENT. THIS BECOMES A DISTORTION OF THE EIR.  
16 AN EIR IS SUPPOSED TO CONSIDER A REGIONAL RANGE OF  
17 ALTERNATIVES TO THE PROJECT. BUT THIS EIR NEVER CONSIDERS  
18 THE USE OF AVAILABLE AIRPORTS IN THE REGION AND NEVER  
19 CONSIDERS THE ALTERNATIVES THAT WOULD RESULT IN LESS SEVERE  
20 IMPACTS IN THE PREFERRED ALTERNATIVE SCENE. THE EIR DOES  
21 NOT PROVIDE ANALYSIS OF WORSE-CASE SCENARIOS WHICH  
22 EXPANSION WILL SURELY PRODUCE.

23 ACCORDING TO LAWA'S OWN PROJECTIONS  
24 ALTERNATIVES SEE AN INCREASE OF 31.6 MILLION ANNUAL  
25 PASSENGERS OVER CURRENT OPERATIONS OF 67 MAP. THAT'S A

1 54 AND-A-HALF PERCENT INCREASE OVER CURRENT AIRPORT  
2 OPERATIONS. LAWA SAYS THAT TO ACCOMODATE THIS 54  
3 AND-A-HALF PERCENT INCREASE THERE WILL BE AN INCREASE OF  
4 ONLY 44 TAKEOFFS AND LANDINGS PER DAY, AN AVERAGE OF TWO  
5 ADDITIONAL OPERATIONS PER HOUR. THESE PROJECTIONS ARE  
6 ARTIFICIALLY LOW BASED ON ASSUMPTIONS ABOUT FLEET MIX.  
7 LAWA BASES THEIR NUMBERS ON PURE SPECULATION OF USING  
8 BIGGER PLANES WHICH MAY NOT EVEN BE BUILT IN THE FUTURE.

9 THERE ALSO ARE PROBLEMS WITH THE ALREADY  
10 HIGH NOX EMISSIONS. THE AIRPORT WILL GENERATE MORE TRUCK  
11 TRAFFIC. IT WILL GENERATE 56,881 18-WHEELER HEAVY DUTY  
12 TRUCKS PER YEAR, AN AVERAGE OF 156 TRUCKS PER DAY. HEALTH  
13 EFFECTS ARE GOING TO BE ASTRONOMICAL. WE NEED TO HAVE  
14 CURRENT AND TRUE HEALTH STUDIES TO DETERMINE WHAT THE TRUE  
15 IMPACTS ARE, EVEN OF THE AIRPORT AS IT IS TODAY.

16 ALSO, THERE ARE EFFECTS OF WATER USAGE WHICH  
17 NO ONE HAS ADDRESSED. THE EIR HAS A LETTER FROM DWP WHICH  
18 SAYS WE WILL PROVIDE MORE WATER FOR THE AIRPORT IF IT  
19 EXPANDS. WE DON'T KNOW WHERE THE SOURCE OF THAT WATER  
20 IS COMING FROM. WE THINK IT IS GOING TO BE TOILET TO TAP  
21 THAT WILL COME FROM THE VALLEY. I THINK THE VALLEY WILL  
22 NOT BE VERY HAPPY ABOUT THAT.

23 I URGE YOU IN AN AREA IN A STATE WHERE WE ONLY  
24 HAVE ONE INTERNATIONAL AIRPORT FROM HERE TO THE MEXICAN  
25 BORDER, YOU MUST CONSTRAIN LAX TO ITS CURRENT CAPACITY AND

1 DEVELOP A TRULY REGIONAL APPROACH. WE INTEND TO HOLD  
2 MAYOR-ELECT HAHN TO THE PLEDGE HE SIGNED AGAINST AIRPORT  
3 EXPANSION. THANK YOU VERY MUCH.

4 THE FACILITATOR: THANK YOU VERY MUCH. JACK HOBART.

5 MR. JACK HOBART: HI. I AM JACK HOBART. I AM A  
6 SCIENTIST AND LONG-TIME WESTCHESTER RESIDENT. A LOT OF  
7 PEOPLE HAVE STOLEN MY THUNDER ABOUT THE REGIONAL APPROACH.  
8 I JUST WANT TO SAY, IT SEEMS LIKE SORT OF A DIVIDE-AND-  
9 CONCUR MENTALITY TO FOCUS ON LAX WITH NO GUARANTEES OF  
10 ORANGE COUNTY PARTICIPATION AND NO OVERALL APPROACH. I AM  
11 CONCERNED IN ADDITION TO NOT USING 40 MILLION AS A BASE  
12 LINE, I AM CONCERNED WITH SOME OF THE PAST ENGINEERING  
13 ACTIVITY THAT HAS GONE ON LIKE YOU SEE IN THEIR PLAN.

14 IT HAS GOT HOLLYWOOD WELL WITHIN THE 60-MINUTE  
15 RING OF COMMUTE HERE, BUT THE GREEN LINE IS SCHEDULED TO  
16 TAKE 90 MINUTES TO GO FROM HOLLYWOOD TO HERE. I TRIED  
17 TO USE IT TO PICK UP MY BOY FROM WHERE HE WORKS. ALSO,  
18 EVERYBODY IS FAMILIAR WITH THE FIASCO AT THE END OF THE 105  
19 FREEWAY WHERE IT TOOK A CARNAGE OF CAR WRECKS WHERE THEY AT  
20 LEAST PAINTED TWO LANES IN AT THE OFFRAMP. IT SHOWS THEY  
21 PURPOSELY NARROWED IT DOWN TO ONE LANE FOR LORD KNOWS WHAT  
22 REASON. IT SEEMS LIKE THE PLAN IS REALLY SORT OF LET'S  
23 COMPETE WITH ALL THE OTHER REGIONAL CENTERS AND BE THE  
24 SOUTHERN CALIFORNIA FOCUS OF EVERYTHING AND DENVER AND  
25 DALLAS, THEY ARE NOT USING INNERCITY AIRPORTS, THEY ARE

1 EXPANDING ON VERY LARGE OUTSIDE REGIONS. SAME WITH NEW  
2 YORK AND WASHINGTON.

3 AS FAR AS PRODUCING JOBS, WE DON'T WANT TO  
4 HAVE A MANHATTAN ISLAND WITHOUT THE SUBWAYS WHERE EVERYBODY  
5 IS LOCKED IN. WE ARE NOT RECOGNIZING THE FACT THAT IT  
6 TAKES JUST A FEW PERCENT INCREASE IN TRAFFIC TO SUDDENLY  
7 CHANGE FROM FLOW TO TOTAL GRIDLOCK. THAT IS NOT  
8 REPRESENTED THERE.

9 AS FAR AS SOLUTIONS GO, ONE PART OF THE PLAN  
10 THAT I THINK REALLY HAS TO BE FOLLOWED, THAT IS THAT WE  
11 SHOULD ENCOURAGE THE USE OF THE HIGH CAPACITY JETS AND WE  
12 SHOULD MAKE THE WAITING A LITTLE SAFER. I WAS TOLD BEFORE  
13 THE MEETING BY A STAFF MEMBER THAT WITH DEREGULATION  
14 EXPANSION IS INEVITABLE. ALL YOU CAN DO IS INFLUENCE  
15 THE PROCESS. IT SEEMS TO ME THAT WE HAVE SEEN THAT  
16 DEREGULATION DOES NOT WORK FOR BANKS AND ELECTRICITY.  
17 MAYBE WE NEED A LITTLE BIT MORE REGULATIONS TO ALLOW THE  
18 AIRLINES TO GET TOGETHER AND BROADEN THEIR SCHEDULES, FORCE  
19 THE USE OF ORANGE COUNTY AIRPORTS FOR ORANGE COUNTY PEOPLE.  
20 FOR AIRLINES TO BE ABLE TO MOVE THEIR SCHEDULE AROUND  
21 WITHOUT LOSING THE PERCENTAGE OF AIRLINE TRAFFIC THAT THEY  
22 CAN CARRY. AND WHY NOT ALLOW CARGO TO BE SHARED WITH  
23 PLANES USING THE AIRPORT BUT TOTALLY ELIMINATE THE  
24 DEDICATED CARGO FLIGHTS HERE.

25 LET THE LONG BEACH AIRPORT HANDLE THE HARBOR

1 TRAFFIC. ALL OF THE GROUND INFRASTRUCTURES OUT AT ONTARIO.  
2 LET ONTARIO HANDLE THE DOWNTOWN AND EAST L.A. CARGO  
3 TRAFFIC. THIS HUGE COST OF EXPANSION. WHY NOT JUST USE  
4 A SMALL PORTION OF IT TO HAVE A LOW-COST RAIL SYSTEM TO  
5 PALMDALE AND A SHUTTLE INFRASTRUCTURE THERE. THAT WOULD  
6 BOTH ALLEVIATE GROUND TRANSPORTATION AND ENCOURAGE THE USE  
7 OF THE PALMDALE AIRPORT. AND REGULATION WOULD ALLOW MORE  
8 FAVORABLE COST INCENTIVE TO MAKE THE COST OF FLYING TO  
9 THESE OTHER AIRPORTS A LOT MORE AGREEABLE TO EVERYBODY.  
10 THANK YOU.

11 THE FACILITATOR: DENNIS, GO AHEAD.

12 MR. DENNIS ZANE: MY NAME IS DENNIS ZANE. I WANT TO  
13 SAY I HAD A GREAT TIME TODAY WORKING WITH ALL OF YOU HERE,  
14 MARCHING FOR JUSTICE IN WESTCHESTER. I AM A FORMER MAYOR  
15 OF SANTA MONICA. I KNOW THAT I AM SPEAKING HERE FOR  
16 MY COMMUNITY WHEN I ADDRESS THIS ISSUE. I AM ALSO A  
17 CONSULTANT TO THE CITY OF EL SEGUNDO AND TO ARSAC. I HAVE  
18 BEEN WORKING ON THE ISSUE OF REGIONAL ALTERNATIVES TO  
19 EXPANSION FOR QUITE SOME TIME. I FEEL THAT THERE ARE  
20 ISSUES RAISED EARLIER BY OTHER SPEAKERS I WOULD LIKE TO  
21 ADDRESS, SO I AM GOING TO SIMPLY SUBMIT MY WRITTEN REMARKS  
22 IN WRITTEN FORM AND TRY TO ADDRESS THESE OTHER ISSUES.

23 IT WAS SUGGESTED EARLIER THAT RESISTANCE TO  
24 DEVELOPMENT OF AN AIRPORT AT EL TORO MIGHT FORCE US TO  
25 ACCEPT AN EXPANSION AT LAX. I FIND THAT ASSESSMENT WHOLLY

1 UNANALYTICAL AND RATHER INSULTING. IT FAILS TO ACKNOWLEDGE  
2 THAT 15 TO 20 PERCENT OF THE TRAFFIC AT LAX ARISE FROM OR  
3 IS HEADED TO ORANGE COUNTY. IT FAILS TO RECOGNIZE THAT  
4 RESIDENTS AROUND LAX HAVE ALREADY DONE THERE FAIR SHARE AND  
5 THEN SOME. AND IT IMAGINES THAT THE WILL TO RESIST IN  
6 ORANGE COUNTY IS GREATER THAN THE WILL TO RESIST AROUND  
7 LAX. I CAN TELL YOU THAT IS A FALSE ASSUMPTION.

8 ANOTHER SPEAKER SPOKE ABOUT SAFETY AT LAX,  
9 WHICH TRULY IS A PROBLEM, THE PROBLEM THAT HE SPOKE OF.  
10 HOWEVER, A MASSIVE 16-YEAR CONSTRUCTION PROJECT A PERIOD  
11 DURING WHICH AIRPORT CONGESTION ON AND OFF THE AIRPORT WILL  
12 BE VERY, VERY SEVERE, DURING WHICH RUNWAYS WILL HAVE TO  
13 BE TAKEN OUT OF COMMISSION IN ORDER TO BE LENGTHENED AND  
14 ALTERED ONLY WILL WORSEN THE SAFETY PROBLEMS HERE.

15 THIS IS A PROBLEM THAT NEEDS TO BE ADDRESSED  
16 NOW, NOT OVER A 16-YEAR PERIOD DURING WHICH THE PROBLEM  
17 GETS WORSE. WE NEED TO BEGIN NOW TO DIVERT AIR TRAFFIC TO  
18 ONTARIO AND THE OTHER REGIONAL AIRPORTS THAT ARE ANXIOUS TO  
19 PLAY A SIGNIFICANT ROLE IN THIS REGION'S AIR COMMERCE  
20 ECONOMY. WE HAVE NO RIGHT TO ASSUME THAT LAX SHOULD BE  
21 THE MONSTER HUB FOR SOUTHERN CALIFORNIA. WE HAVE BETTER  
22 ALTERNATIVES.

23 I ALSO WOULD LIKE TO SAY THAT THE CREDIBILITY  
24 OF THE EIR IS CERTAINLY AN IMPORTANT CONCERN. IT IS FAR  
25 MORE IMPORTANT THAT WE ASSURE THE CREDIBILITY OF THIS

1 PLEDGE. I WOULD LIKE TO READ IT TO YOU.

2 "I, JAMES K. HAHN, ASSERT THAT THE MASTER PLAN  
3 PROPOSED FOR THE DEVELOPMENT OF LOS ANGELES INTERNATIONAL  
4 AIRPORT SHOULD NOT BE APPROVED BY THE BOARD OF LOS ANGELES  
5 WORLD AIRPORTS AND SHOULD NOT BE SUBMITTED NOR APPROVED  
6 BY THE CITY OF LOS ANGELES. LAX SHOULD BE CONSTRAINED  
7 TO OPERATE SAFELY WITHIN THE CAPACITY OF ITS EXISTING  
8 FACILITIES. LOS ANGELES MUST TAKE IMMEDIATE STEPS TO  
9 ENSURE SIGNIFICANTLY INCREASED UTILIZATION OF THE  
10 UNDER-UTILIZED CAPACITY AT ONTARIO AIRPORT AND PALMDALE,  
11 WHICH L. A. OWNS. THE CITY OF LOS ANGELES, INCLUDING LOS  
12 ANGELES WORLD AIRPORTS, SHOULD WORK TOGETHER WITH THE  
13 COMMUNITIES AND COUNTIES OF SOUTHERN CALIFORNIA AND THE  
14 FAA TO DEVELOP A TRULY REGIONAL AIRPORT PLAN FOR SOUTHERN  
15 CALIFORNIA THAT DEVELOPS BOTH THE PASSENGER AND CARGO  
16 CAPABILITY OF THE OTHER COMMERCIAL AIRPORTS IN THE REGION  
17 SO THAT THEY MIGHT HELP THE NEEDS OF OUR GROWING AIR  
18 COMMERCE MARKET PLACE."

19 THAT IS THE PLEDGE OF THE MAYOR-ELECT. THAT  
20 IS THE PLEDGE WE EXPECT HIM TO LIVE BY. WE BELIEVE THE MAN  
21 IS AN HONEST MAN. WE BELIEVE THAT THE NEW MAYOR WILL LIVE  
22 BY THIS PLEDGE, AND WE HOPE THAT YOUR DELIBERATIONS WILL  
23 LIVE ON THAT EFFECT AS WELL.

24 (WHEREUPON, AT 4:00 P.M. THERE WAS A CHANGE IN COURT  
25 REPORTERS.)

1 THE FACILITATOR: I'D LIKE TO MAKE AN  
2 ANNOUNCEMENT REAL QUICK, THAT IF YOU HAVE YOUR NAME  
3 CALLED AND YOU'RE NOT HERE, I'LL CALL IT AGAIN. IF YOU  
4 GO OUT AND GET A DRINK OF WATER OR WHATEVER, THAT'S  
5 FINE.

6 JOE LAWLESS, PLEASE COME TO THE FRONT. YOU'LL  
7 BE UP AFTER DENNIS SCHNEIDER. ANDREW STEFANSKI, ERNA  
8 EVANS, MARY BOOTH, LISA MARTIN, DAVID BROWN. THERE ARE  
9 CHAIRS UP HERE OR OVER THERE IF YOU NEED TO GO TO THE  
10 OTHER SIDE. JUNE RUBBERS, VIRGINIA O'NEAL. THANK YOU.

11 THE FACILITATOR: DENNIS SCHNEIDER.

12 MR. DENNIS SCHNEIDER: I'M DENNIS SCHNEIDER.  
13 I'VE BEEN A RESIDENT HERE IN THE WESTCHESTER AREA FOR  
14 MANY YEARS SINCE THE EARLY 70'S. I'M GOING TO SUBMIT  
15 EXTENSIVE WRITTEN COMMENTS, AND I JUST WANT TO SUMMARIZE  
16 VERY QUICKLY THE TWO PORTIONS OF CONCERNS. ONE HAS TO  
17 DO WITH OUR COMMUNITY ITSELF. ANOTHER EXPANSION WOULD  
18 BE DEVASTATING TO THIS COMMUNITY. IN TERMS OF THE FACT  
19 THAT EVEN THE L.A. CHAMBER OF COMMERCE -- I'M SORRY --  
20 THE WESTCHESTER/PLAYA DEL REY NEIGHBOR -- THE COMMERCE,  
21 THE LAX/WESTCHESTER/MARINA DEL REY/PLAYA DEL REY CHAMBER  
22 OF COMMERCE HAS COME OUT AGAINST THIS MASTER PLAN  
23 BECAUSE IT IS DEVASTATING TO OUR COMMUNITY. IT REMOVES  
24 ONE-THIRD OF OUR BUSINESS DISTRICT, AND IT WILL EVEN  
25 REMOVE THE ONLY MAJOR GROCERY STORE THAT WE HAVE SERVING

1 THE WEST -- THE EASTERN PORTION OF WESTCHESTER.

2 I STARTED INTO THIS CAMPAIGN TO SLOW THIS  
3 EXPANSION DOWN AND TO ELIMINATE IT TWO YEARS AGO IN OUR  
4 LOCAL AREA WHEN MANY OF US OBSERVED THAT THINGS WERE  
5 FALLING OFF THE WALLS FROM PLANES GOING OVERHEAD, AND  
6 WE'RE NOT EVEN IN THE IMPACTED AREA. WE'RE CLOSE, BUT  
7 NOT QUITE.

8 WHEN I CONTINUED TO GO INTO THIS, I FOUND OUT  
9 THAT THE IMPACT IS EVEN GREATER THAN JUST OUR LOCAL  
10 AREA, AND THE CONCERN IS FOR THE ENTIRE SOUTHERN  
11 CALIFORNIA BASIN. WE REALLY NEED A TRULY REGIONAL  
12 SOLUTION. THAT SOLUTION SHOULD INCLUDE ALL THE OTHER  
13 AIRPORTS. WE UNDERSTAND THAT BECAUSE OF THE  
14 DEREGULATION YOU CANNOT CAP THIS AIRPORT. SO  
15 MODERNIZATION, ALTHOUGH SOME OF THE PROJECTS SOUND VERY  
16 GOOD, EQUALS EXPANSION RIGHT NOW, AND UNTIL THAT HAPPENS  
17 WHERE WE CAN'T ACTUALLY STOP AND CAP THAT, WE REALLY  
18 CANNOT AFFORD MORE.

19 TRAFFIC IS ONE OF THE MAJOR CONCERNS HERE.  
20 POLLUTION IS A CONCERN FOR THE ENTIRE BASIN. IF YOU DO  
21 THE CALCULATIONS, YOU'LL FIND THAT WE HAVE AN  
22 EXPECTATION OF OVER 10 MILLION MORE CARS EVEN WITHOUT  
23 THE EXPANSION. THE FREEWAY ALREADY COMES TO A DEAD STOP  
24 AT MANCHESTER AND BEYOND. WE -- AND EVEN ON WEEKENDS  
25 SOMETIMES. SO WE CANNOT AFFORD MORE TRAFFIC IN THIS

1 AREA. THE POLLUTION IS TERRIBLE. WE ALL KNOW THAT.  
2 IT'S GOING TO GET WORSE.

3 SO I IMPLORE YOU TO TAKE A LOOK AT SOME OF  
4 THESE THINGS AND CHECK SOME OF THE NUMBERS AS WE -- AS  
5 SEVERAL OF US HAVE FOUND, FOR INSTANCE, THE NUMBER OF  
6 PEOPLE IN THE IMPACTED AREA. THANK YOU FOR YOUR  
7 CONSIDERATION.

8 THE FACILITATOR: JOE LAWLESS.

9 MR. JOE LAWLESS: MY NAME IS JOE LAWLESS. I'VE  
10 BEEN THROUGH THIS IN THE EARLY 60'S, AND I LIVE IN WILEY  
11 POST IN WESTCHESTER. THAT'S L.A. AND IT IS THE SAME  
12 STORY BEFORE AS NOW, AND THERE'S A LOT OF GOOD SPEAKERS  
13 TODAY, AND I THINK IF YOU'RE STUPID, YOU SHOULD BE --  
14 UNDERSTAND NOW THAT THEY'VE GOT A STUPID IDEA, THE PLAN  
15 IS. SO TO MAKE IT SHORT AND SWEET, THEY SAY THAT LAX IS  
16 ONE OF THE SMALLEST, IF NOT THE SMALLEST, INTERNATIONAL  
17 AIRPORT IN THE WORLD, IF NOT IN THIS COUNTRY, AND SO  
18 LIKE SOMEBODY SAID, IF IT DON'T FIT, YOU GOT TO QUIT.  
19 THANK YOU.

20 THE FACILITATOR: YES, ANDREW STEFANSKI.

21 MR. ANDREW STEFANSKI: ANDREW STEFANSKI,  
22 ENGINEER AND REALTOR, 7296 WEST 85TH STREET, L.A. 45.

23 I RECOMMEND THAT PLAN AS WRITTEN BE SET ASIDE  
24 FOR THE FOLLOWING REASONS. THE BASICS AND CONCEPTS ARE  
25 FAULTY, UNACCEPTABLE, AND NOT IN THE BEST INTEREST OF

1 PEOPLE OF CALIFORNIA. THEY DO NOT GIVE THE PUBLIC FULL  
2 DISCLOSURES OF MATERIAL FACTS, COSTS, AND LIABILITIES.  
3 SOUTHERN CALIFORNIA WITH ALMOST 20 MILLION POPULATION  
4 AND 160 MILLION ANNUAL PASSENGERS PROJECTED NEEDS AT  
5 LEAST THREE OR FOUR MAJOR AIRPORTS CONVENIENTLY SPACED  
6 THROUGHOUT THE AREA ACCORDING TO A REGIONAL MASTER PLAN.  
7 SUCH PLAN HAS BEEN NOT PRESENTED. WITHOUT IT YOUR  
8 PRESENT PROPOSALS ARE ONLY SHORT-TERM, STOP-GAP  
9 PRESENTATIONS, NOT THE TRUE LONG-RANGE MASTER PLAN.  
10 JUST CROWD MILLIONS OF PEOPLE INTO SMALL CONGESTED LAX  
11 AT STAGGERING AND ECONOMICAL COSTS. IT IS BAD TO BUILD  
12 A MAJOR AIRPORT INSIDE THE DENSELY POPULATED AREA, BUT  
13 IS IT EVEN WORSE TO KEEP EXPANDING IT?

14 HERE ARE SOME FACTS CONCERNING LAX IMPACT ON  
15 HOUSING. RECENTLY "LOS ANGELES TIMES" PUBLISHED AN  
16 ARTICLE INDICATING THAT AIRPORT ALREADY TOOK THOUSANDS  
17 OF HOMES AND DISPLACED SOME 20,000 PEOPLE. THIS  
18 INCLUDES THE CONDEMNATIONS IN EARLY 1970'S AND PRESENT  
19 VOLUNTARY ACQUISITION IN EAST WESTCHESTER. THIS IS NOT  
20 THE END. AIRPORT WANTS TO TAKE MORE. CALTRANS IS  
21 PRESENTLY PREPARING WIDENING OF SAN DIEGO FREEWAY TO  
22 PROVIDE BETTER ACCESS TO LAX. IT WILL TAKE MORE HOMES  
23 AND BUSINESSES. THE WHOLE AREA EAST OF LAX AT THE  
24 HARBOR FREEWAY AND BEYOND IS HEAVILY IMPACTED AND  
25 DEPRESSED BY NOISE AND FUMES. IT AFFECTS PROPERTY

1 VALUES, DISCOURAGES DEVELOPMENT, CREATES HEALTH HAZARDS,  
2 AND CAUSES LOSS OF CITY TAXES WHILE INCREASING COUNTY  
3 COSTS OF TREATING PEOPLE IN PUBLIC HOSPITALS AT  
4 TAXPAYERS' EXPENSE. MANY OF THE PEOPLE RESIDING IN THE  
5 AREA OUT OF THE 500,000 PEOPLE LIVING THERE DO NOT EVEN  
6 HAVE MEDICAL INSURANCE.

7 AS TIME GOES BY, SOME MORE PEOPLE WILL REQUEST  
8 THAT THEIR PROPERTIES BE TAKEN AND THEY BE RELIEVED FROM  
9 NUISANCE. YOUR DRAFT DOES NOT DISCLOSE THIS PROBLEMS  
10 AND COSTS. THEY FAR EXCEED THE BENEFITS. IT IS BAD TO  
11 BUILD A MAJOR AIRPORT INSIDE THE DENSELY POPULATED AREA.  
12 IS IT EVEN WORSE TO CONTINUE EXPANDING IT? THANK YOU.

13 THE FACILITATOR: THANK YOU VERY MUCH. THANK  
14 YOU.

15 ERNA EVANS.

16 MS. ERNA EVANS: ERNA EVANS, 201 WATERVIEW  
17 STREET, PLAYA DEL REY. I MOVED FROM THIS AREA ABOUT 20  
18 YEARS AGO, AND I COULDN'T WAIT TO RETURN A YEAR AND A  
19 HALF AGO. THERE ARE MANY DAYS THAT I WISH I HADN'T. I  
20 HAD NO IDEA THE IMPACT THAT THE PRIOR EXPANSION HAD ON  
21 THIS AREA. THE GENTLEMAN FROM ORANGE COUNTY WON'T BE  
22 ABLE TO RELATE TO SOME OF THESE ITEMS BECAUSE HIS  
23 AIRPORT DOWN THERE HAS VERY STRICT NOISE RESTRICTIONS.  
24 THEIR AIRPLANES MUST EVEN TAKE OFF IN A CERTAIN MANNER  
25 TO MITIGATE THAT NOISE FOR THE RESIDENTS.

1 I RAN HOME A LITTLE WHILE AGO BECAUSE THE  
2 GENTLEMAN WE'RE SUPPOSED TO GET OUR ANSWERS OUT THERE  
3 FROM THE STAFF AND WHAT APPALLS ME THE MOST FROM ALL OF  
4 THIS LITERATURE IS NOT WHAT IT SAYS, BUT WHAT IT DOESN'T  
5 SAY. I DON'T CARE THAT THEY'RE USING GRAFFITI-RESISTANT  
6 PAINT IN THE TUNNEL. I DON'T CARE THAT THEY'RE USING  
7 CERTAIN KINDS OF FUEL IN THE VEHICLES ON THE AIRPORT  
8 GROUNDS.

9 WHAT I'M CONCERNED ABOUT -- AND I ASKED HIM  
10 WHERE I COULD FIND IT IN THE REPORT; THEY COULDN'T TELL  
11 ME -- WAS WHAT THIS IS DOING TO ME. THE GENTLEMAN TOLD  
12 ME -- I RAN HOME AT 2:00 O'CLOCK. I'M A FASTIDIOUS  
13 HOUSEKEEPER. IF I WERE IN A COURT, I WOULD SWEAR ON A  
14 BIBLE. I CLEAN MY WOOD FLOORS SEVERAL TIMES A WEEK. I  
15 HAVE COMPANY COMING. WHEN I LEAVE MY WINDOWS OPEN, THIS  
16 IS WHAT I CLEAN UP FROM MY WINDOW SILLS AND FROM MY  
17 HARDWOOD FLOORS EVERY DAY. HE TOLD ME THE REASON IT  
18 WASN'T ADDRESSED WAS BECAUSE THEY COULDN'T TELL WHAT WAS  
19 COMING FROM JET FUEL AND WHAT WAS COMING FROM AUTO  
20 EMISSIONS. I TOLD HIM IT DIDN'T TAKE A GENIUS FOR  
21 SOMEONE WHO HAD JUST RETURNED TO THIS AREA AND WHO  
22 CLEANED HER HOUSE EVERY DAY AT HER OTHER HOUSE OUT OF  
23 THE AREA TO KNOW THAT THIS WAS NOT COMING FROM  
24 AUTOMOBILES.

25 I LIVE A BLOCK FROM THE BEACH. I CAN'T OPEN MY

1           WINDOWS. I CANNOT SIT ON MY DECKS. I CANNOT ENJOY THE  
2           SOUND OF THE OCEAN. I AM A PRISONER IN MY HOME. I  
3           WOULD LIKE TO KNOW WHAT THIS IS DOING TO ME, TO MY  
4           NEIGHBORS. I WOULD LIKE TO KNOW WHAT THE NOISE THAT  
5           WAKES ME UP AT 2:00 A.M., 3:00 A.M., 5:00 A.M. IS DOING  
6           TO OUR HEALTH.

7                        I READ IN HERE THAT THE GENTLEMAN FROM THE FAA  
8           AND FROM THE AIR TRAFFIC CONTROLLER SPOKE OF SAFETY.  
9           NOWHERE CAN I GET AN ANSWER AS TO HOW MANY FLYOVERS ARE  
10          APPROVED EVERY DAY FROM ANY OF THESE PEOPLE. HE TALKED  
11          ABOUT SAFETY. IF THEY CANNOT HANDLE THE CAPACITY OR THE  
12          SIZE, THEN THAT SIZE SHOULD NOT BE FLYING OUT OF A  
13          HUGELY POPULATED METROPOLITAN AREA. I KNOW OF NOWHERE  
14          ELSE IN THE WORLD WHERE AN AIRPORT OF THIS SIZE IS  
15          LOCATED WITHIN THE CITY LIMITS. PEOPLE SHOULD EXPECT TO  
16          DRIVE 20 TO 30 MINUTES OUTSIDE OF THE CITY LIMITS TO  
17          TAKE THEIR FLIGHTS.

18                       AND THE NOISE LEVELS ARE INTOLERABLE. THERE  
19          WERE SO MANY OTHER THINGS I WANTED TO SAY, BUT IN THREE  
20          MINUTES YOU REALLY CAN'T. BUT MY NEIGHBORS KNOW WHAT I  
21          MEAN, AND I URGE YOU -- THIS WAS A GREAT TURNOUT, BUT  
22          BASED ON THEIR CONSULTANTS, THEIR LITERATURE, THEY'VE  
23          GOT A LOT OF MONEY BEHIND THEM. WE DON'T. YOU NEED TO  
24          GET OUT AND GET YOUR NEIGHBORS TO START A MASS CAMPAIGN  
25          TO GET -- YOU DIDN'T WIN THE LAST TIME WHEN IT WAS 40

1 MILLION, WHICH WAS NEVER 40 MILLION. THE OTHER THING IS  
2 THAT THIS SAYS WHAT THE CAPACITY IS. IT DOESN'T -- IT  
3 DOESN'T PROVIDE FOR LIMITATIONS. IT DOESN'T PROVIDE FOR  
4 ENFORCEMENT.

5 THE FACILITATOR: THANK YOU VERY MUCH.

6 MARY BOOTH. THERE YOU ARE.

7 MS. MARY BOOTH: I APPRECIATE THE RIGHT TO  
8 ASSEMBLE. THAT'S ONE OF THE FIVE -- SPEECH, RELIGION,  
9 PETITION, PRESS, AND ASSEMBLY -- UNDER ARTICLE I OF THE  
10 BILL OF RIGHTS. I BELIEVE IN AN ASSEMBLY RIGHT, AND I  
11 BELIEVE THAT EVERYONE SHOULD BE HEARD WITH NO BOOS OR  
12 ANY OTHER COMMENTS. I LIVE ON THE FIRST STREET IN SANTA  
13 MONICA, OZONE. AS YOU GO NORTH ALONG THE STATE  
14 HIGHWAY, LINCOLN BOULEVARD, IT'S THE FIRST STREET ON  
15 YOUR RIGHT AS YOU'RE GOING NORTH, AND THIS STREET IS  
16 IMPACTED. SOMETIMES I CAN'T EVEN GET TO MY HOUSE  
17 BECAUSE OF THE TRAFFIC ON LINCOLN BOULEVARD, AND MY CITY  
18 HAS NO CONTROL OVER THE TRAFFIC. IT'S A STATE HIGHWAY.  
19 NOW, HOW DO YOU THINK THAT THE AIRPORT'S GOING TO HAVE  
20 ANY CONTROL ON LINCOLN BOULEVARD?

21 I COME EVERY SATURDAY NIGHT TO SERVE AS A  
22 TRAVELER'S AIDE AT TERMINAL ONE, AND WHEN I COME DOWN  
23 LINCOLN BOULEVARD, COMING SOUTH AT 3:30 AND 4:00 O'CLOCK  
24 ON SATURDAY AFTERNOON, I USED TO MAKE IT IN 19 OR 20  
25 MINUTES. NOW IT TAKES ME 29 TO 31 MINUTES ONLY BECAUSE

1 OF THE BOTTLENECK AT JEFFERSON AND LINCOLN, WHICH IS  
2 BEING AFFECTED BY THE PLAYA DEL VISTA PROJECT, AND PLAYA  
3 VISTA PROJECT IS NOT CONSIDERED IN THE EIR/EIS FOR THE  
4 AIRPORT.

5 THE SANTA MONICA AIRPORT RUNWAY IS THE HIGHEST  
6 SINGLE-USE RUNWAY IN THE UNITED STATES. I LIVE ON THE  
7 TAKEOFF PATTERN, AND THE JETS DO NOT HAVE TO CIRCLE OVER  
8 THE PIN MARKED-OFF COURSE. THEY HAVE THE PRIVILEGE OF  
9 COMING IN RIGHT OVER MY HOUSE. THIS AFFECTS THE NOISE  
10 PROGRAM. WE HAVE A VERY GOOD NOISE PROGRAM IN SANTA  
11 MONICA, ONE OF THE BEST, AND IT ABIDES UNDER A 1984  
12 AGREEMENT WITH THE CITY OF SANTA MONICA AND THE FAA, BUT  
13 THESE EXECUTIVE JETS SHOULD HAVE LANDING ENCOURAGED AT  
14 LAX, AND THEY DON'T. SO LAX IS PUSHING THE JETS INTO MY  
15 COMMUNITY.

16 NOW I KNOW I'M ONLY ONE OF 88 CITIES IN THE  
17 COUNTY OF LOS ANGELES, BUT HAVE ALL 88 CITIES BEEN  
18 INVITED TO THE TABLE TO DISCUSS THIS WITH LAWA? I DON'T  
19 THINK SO.

20 AND LAST WEEK I TOURED THE HYPERION SEWAGE  
21 TREATMENT PLANT, AND ALL OF YOU KNOW WHERE THOSE TWO RED  
22 AND WHITE SMOKESTACKS ARE. THAT IS THE PLANT. NOW,  
23 THIS SEWAGE TREATMENT PLANT CANNOT EXPAND IN THE  
24 SOUTHERLY DIRECTION IN CASE -- THIS IS A FACT I  
25 LEARNED -- BECAUSE IN CASE OF AN AIRLINE CRASH. NOW,

1 WHERE ARE THEY GOING TO GO? HOW ARE THEY GOING TO  
2 EXPAND WHEN YOU BUILD THINGS LIKE PLAYA VISTA RIGHT  
3 UNDER THEIR NOSE? THE SEWAGE HAS TO GO THERE, AND IF  
4 THEY CAN'T EXPAND BECAUSE OF THE AIRPORT, WHAT ARE WE  
5 ALL GOING TO DO? HAVE IT BACK UP IN OUR YARDS? WE  
6 DON'T HAVE SEPTIC TANKS ANYMORE. AND IT'S VERY  
7 IMPORTANT FOR THE HYPERION SEWAGE PLANT TO BE INCREASED.  
8 TO BE UNDERSTOOD, THE VOLUME IS INCREASING BY LEAPS AND  
9 BOUNDS.

10 AND I THANK YOU FOR HAVING THE RIGHT TO  
11 ASSEMBLE UNDER THE CONSTITUTION, BILL OF RIGHTS,  
12 ARTICLE I.

13 THE FACILITATOR: OKAY. LISA MARTIN.

14 MS. LISA MARLIN: IT'S MARLIN. YES, I LIVE AT  
15 8900 LILIENTHAL AVENUE, RIGHT UNDER THE AIRPLANES, AND  
16 I'D LIKE TO TALK ABOUT THREE THINGS TODAY, THE FIRST  
17 BEING SOCCER. THERE'S A LOVELY LITTLE FIELD CALLED THE  
18 NEILSEN FIELD, AND IT'S RIGHT THERE UNDER THE FLIGHT  
19 PATH. AND THOSE OF YOU WHO HAVE LOOKED THROUGH THIS  
20 LITERATURE KNOW THAT AS A RESULT OF THESE THREE -- THANK  
21 YOU -- AS A RESULT OF THESE THREE EXPANSION PLANS,  
22 THEY'RE GOING TO EXPAND THE NEILSEN FIELD FROM 5 ACRES  
23 TO 12 ACRES, BUT THEY'RE NOT GOING TO MOVE IT. SO ALL  
24 OF THE PLANES ARE GOING TO BE THAT MUCH CLOSER TO ALL  
25 OUR BOYS AND GIRLS WHO ARE OUT THERE PLAYING SOCCER AND

1           OUT THERE PLAYING BASEBALL AND OUT THERE PLAYING  
2           SOFTBALL.

3                       I READ IN PART OF THE LITERATURE THAT IN THE  
4           NONEXPANSION PLAN THEY SAY THEY DON'T HAVE TO EXPAND THE  
5           NEILSEN FACILITIES BECAUSE THEY ARE EXPECTING A DECREASE  
6           IN PARK USE BECAUSE THEY'LL BE TAKING THE MANCHESTER  
7           SQUARE AND THOSE OTHER PROPERTIES AWAY AS PART OF THE  
8           VOLUNTARY BUYOUT PLAN, BUT I THINK ANYONE WHO'S TRIED TO  
9           SCHEDULE SOCCER MATCHES OR TRIED TO GO OVER TO  
10          WESTCHESTER PARK FOR ANY KIND OF AN ACTIVITY KNOWS THAT  
11          WE WOULD NEED MORE PARK SPACE, IF ANYTHING, NOT LESS.

12                      SO I DON'T THINK IT'S A GOOD PLAN TO CONTINUE  
13          TO HAVE OUR CHILDREN PLAY EVEN CLOSER UNDERNEATH THE  
14          FLIGHT PATH OF THE AIRPLANES.

15                      AND THE SECOND THING I'D LIKE TO SPEAK ABOUT IS  
16          THE QUALITY-OF-LIFE ISSUES THAT HAVE TO GO ALONG WITH  
17          THE NOISE. I HAVE LOOKED AT THE MAPS, AND I SEE THAT  
18          THEY'RE NOT GOING TO TAKE MY HOUSE. THEY'RE GOING TO  
19          TAKE SOME SLIGHTLY TO THE RIGHT OF IT, BUT ON THE OTHER  
20          HAND, RIGHT NOW I'M PART OF THE NOISE MITIGATION PACKAGE  
21          WHERE YOU CAN GET THESE REALLY UGLY WINDOWS AND REALLY  
22          UGLY DOORS, AND THEY'LL TRAP ALL THE DUST AND THE GERMS  
23          INSIDE YOUR HOUSE SO THAT YOU WON'T HEAR THE AIRPLANES.  
24          HOWEVER, THAT DOESN'T MEAN THAT YOU WON'T BE ABLE TO  
25          STEP OUTSIDE YOUR HOME AND HEAR THEM AS WELL. AND I

1 DON'T KNOW HOW THEY'RE GOING TO PUT A LITTLE BUBBLE OVER  
2 MY HOME TO PREVENT ME FROM HAVING THOSE KIND OF  
3 PARTICULATE MATTER AND NOISE IN MY BACKYARD.

4 AND THE THIRD THING I'D LIKE TO TALK ABOUT IS  
5 THE OLD WESTCHESTER PRIOR TO THE OTHER EXPANSION. I  
6 HAVE LIVED IN THE COMMUNITY FOR A REALLY LONG TIME, AND  
7 I REMEMBER WHEN OUR CHURCHES WERE A LOT BIGGER AND YOU  
8 COULD DRIVE RIGHT DOWN SEPULVEDA AND SEE J.C. PENNEY'S  
9 AND BROADWAY AND ALL THOSE WONDERFUL STORES. AND WHAT  
10 DO YOU THINK HAPPENED WHEN THEY TOOK AWAY ALL THOSE  
11 HOMES? ALL THOSE PEOPLE WENT ELSEWHERE, AND THOSE  
12 BUSINESSES DIED. SO I DON'T THINK IT'S A VERY GOOD  
13 MODEL TO SAY THAT WE'RE GOING TO HAVE MORE JOBS. I BET  
14 YOU THAT WESTCHESTER WILL ATROPHY, AND THERE'S A LACK OF  
15 QUALITY HOUSING, AFFORDABLE HOUSING RIGHT NOW, AND IF  
16 YOU THINK THAT TAKING THOSE HOMES AWAY IS GOING TO  
17 INCREASE THE QUALITY OF LIFE, WHERE ARE THOSE PEOPLE  
18 SUPPOSED TO GO? WHERE ARE THEY GOING TO AFFORD TO BUY  
19 HOMES? EVEN IF YOU GAVE THEM 50 PERCENT ABOVE THEIR  
20 PROPERTY VALUES, THEY WOULD NOT BE ABLE TO RELOCATE IN A  
21 SIMILAR COMMUNITY ANYWHERE ON THE WEST SIDE. THANK  
22 YOU.

23 THE FACILITATOR: THANK YOU.

24 ELLEN WEIS.

25 MS. ELLEN WEIS: MY NAME IS ELLEN WEIS, AND I'M

1 A RESIDENT OF WESTCHESTER, AND I HEAR ALSO THAT THERE'S  
2 GOING TO BE MORE JOBS. SO THIS IS REALLY EXCITING.  
3 WE'RE GOING TO HAVE MORE EMPLOYEES AND MORE TRAVELERS  
4 PARKING IN WESTCHESTER STREETS THAN WE ALREADY HAVE.  
5 THE EIR DOES NOT ACCOUNT FOR THAT. EMPLOYEES AND  
6 TRAVELERS PARKING IN OUR NEIGHBORHOODS NOW BECAUSE THEY  
7 DON'T WANT TO PAY THE PRICE. EMPLOYEES ARE ON MY STREET  
8 EVERY DAY. OKAY. SO GREAT. WE'RE GOING TO HAVE MORE.  
9 OH, THAT'S OF COURSE, AGAIN, IF WE HAVE ANY HOMES LEFT.

10 EARLY TURNS OVER PLAYA DEL REY, EL SEGUNDO,  
11 MANHATTAN BEACH, TORRANCE. I WORK WITH THESE PEOPLE.  
12 THEY COMPLAIN. THEY SAY THEY CALL THE PHONE NUMBER  
13 THAT'S GIVEN. THEY CALL THE FAA TO COMPLAIN, AND THEY  
14 SAY, "OH, WE DON'T SEE ANY PLANES ON OUR RADAR SCREEN."  
15 THE PLANES ARE THERE. THESE PEOPLE ARE NOT PSYCHO.  
16 OKAY. SO I WOULD HOPE THAT THE FAA COULD AT LEAST GET  
17 SOME EQUIPMENT TO KNOW WHERE THEIR PLANES ARE TODAY  
18 BEFORE THEY START ADDING MORE PLANES INTO THE AREA.

19 THE FUNDAMENTAL FLAW BESIDES EVERYTHING ELSE  
20 WE'VE HEARD TODAY WITH THE LAX MASTER PLAN, THE ARBOR  
21 VITAE OFFRAMP, THE LAX EXPRESSWAY IS THIS: PEOPLE  
22 AREN'T MOVING ON THE 405 ANY TIME OF THE DAY. TRY TO GO  
23 NORTH. TRY TO -- YEAH, YOU CAN GO SOUTH AT 6:00 IN THE  
24 MORNING, BUT TRY TO COME NORTH FROM ORANGE COUNTY IN THE  
25 MORNING. YOU KNOW, I WORK WITH PEOPLE WHO ARE TRAVELING

1 FROM ONTARIO, ORANGE COUNTY, DOWN TOWARDS SAN DIEGO. YOU  
2 KNOW THEY'RE COMMUTING TWO TO THREE HOURS A DAY. SO  
3 WE'RE GOING TO ADD 50 MILLION MORE PASSENGERS AND  
4 INCREASE THE TRUCK TRAFFIC BY 300 PERCENT, THE CARGO?  
5 THAT WILL GET TRAFFIC MOVING. AND SO LET'S ADD, YOU  
6 KNOW, FIVE MORE LANES TO THE 405, AND IT WILL TAKE A  
7 COUPLE OF MONTHS TO FILL THAT BABY BACK UP.

8 YOU KNOW, YOU CAN BUILD YOUR MODELS, AND JUST  
9 LIKE STATISTICS, YOU CAN MAKE YOUR OUTCOME LOOK ANY WAY  
10 YOU WANT. YOU JUST MODEL IT SO IT LOOKS TO YOUR  
11 ADVANTAGE.

12 PEOPLE WANT TO FLY OUT CLOSER TO HOME. RATHER  
13 THAN TAKING THE PREMISE THAT LAX MUST EXPAND, TAKE THE  
14 PREMISE THAT WHAT IF LAX WASN'T HERE, WHAT WE DO? WE  
15 WOULD HAVE A REGIONAL APPROACH. IT WOULD GREATLY -- A  
16 REGIONAL APPROACH WOULD GREATLY REDUCE ALL THE  
17 MITIGATION THAT WE HEAR OVER IN THAT CONFERENCE ROOM  
18 OVER THERE.

19 IN TERMS OF PUBLIC OUTREACH, I THINK IT'S THE  
20 BEST-KEPT SECRET, THIS LAX EXPANSION. YOU KNOW, YOU  
21 HAVE TO FIGHT TO GET INFORMATION. IT'S A GREAT  
22 INCONVENIENCE TO GO TO THE LIBRARY. YOU GET TO CHARGE  
23 US \$140 FOR PAPER REPORTS, \$61.00 FOR A CD TO FIND OUT  
24 HOW YOU'RE GOING TO RUIN OUR COMMUNITY. AND THEN THE  
25 REPORTS -- I'M ALMOST DONE. THE REPORTS OF THE

1 POLLUTION REDUCTION, AS YOU SAW FROM THE CLOTH, IT'S  
2 AMAZING THAT THE REPORTS -- AGAIN, I GUESS THIS GETS  
3 BACK TO YOUR MODELS AND YOU CAN MAKE STATISTICS AND DATA  
4 LOOK ANY WAY YOU WANT. I'VE SEEN IT HAPPEN. AND THE  
5 FACT IS WE'RE CLEANING MORE AND MORE SOOT OFF, AND MORE  
6 INCREASE IN TRAFFIC IS NOT GOING TO MAKE THAT RAG ANY  
7 CLEANER.

8 THE FACILITATOR: THANK YOU VERY MUCH.

9 DAVID BROWN.

10 MR. DAVID BROWN: HI, MY NAME IS DAVID BROWN.  
11 I LIVE AT 8021 CAMPION DRIVE IN WESTCHESTER. I'VE LIVED  
12 IN WESTCHESTER FOR OVER 30 YEARS. I WENT TO ORVILLE  
13 WRIGHT JUNIOR HIGH, WESTCHESTER HIGH SCHOOL. I'M  
14 CURRENTLY SECRETARY FOR WESTCHESTER VITALIZATION  
15 CORPORATION, AND I'VE LIVED IN WESTCHESTER DURING THE  
16 LAST MAJOR EXPANSION OF LAX DURING THE 70'S, WHEN  
17 THOUSANDS OF RESIDENCES AND BUSINESSES WERE DISPLACED TO  
18 ACCOMMODATE THE GROWTH OF LAX. I SUBMITTED AN EXTENSIVE  
19 COMMENT TODAY, AND I'LL TRY AND SUMMARIZE THIS AS BEST I  
20 CAN. I NEED TO READ, THOUGH, BECAUSE IT'S HARD TO STAY  
21 FOCUSED. THERE'S SO MANY COMMENTS THAT I'D LIKE TO  
22 MAKE.

23 I AM STRONGLY OPPOSED TO ALL CURRENTLY PROPOSED  
24 CONCEPTS AND BELIEVE THAT THE DRAFT EIR/EIS DRAMATICALLY  
25 UNDERSTATES THE IMPACT OF THE PROPOSED EXPANSION PLANS.

1 THE PROPOSED CONCEPTS ARE WELL THOUGHT OUT -- ARE NOT  
2 WELL THOUGHT OUT AND WILL HAVE A DEVASTATING IMPACT ON  
3 ALL AREAS AROUND THE AIRPORT. LAWA AND LAX OFFICIALS  
4 HAVE A LONG HISTORY OF IGNORING SURROUNDING COMMUNITIES  
5 AND CONTINUING TO BUILD AND EXPAND THEIR FACILITIES WITH  
6 OR WITHOUT APPROVED MASTER PLAN. MANY OF THE MITIGATION  
7 EFFORTS CALLED FOR IN THIS ROUND OF EXPANSION PLANS ARE  
8 THE SAME MITIGATION OFFERED FOR PREVIOUS EXPANSIONS BUT  
9 HAVE NEVER BEEN IMPLEMENTED.

10 THE MITIGATION -- THE GROUND TRANSPORTATION  
11 MITIGATION PROPOSALS ARE COMPLETELY INADEQUATE AND MAY  
12 NEVER BE COMPLETED. THE PROPOSED MITIGATION CONCEPTS OF  
13 THE RING ROAD, THE PEOPLEMOVER, THE GREEN LINE SERVICE  
14 TO THE TERMINALS WERE ALL INCLUDED IN THE TRAFFIC  
15 MITIGATION PLANS FOR THE MASTER PLAN APPROVED BACK IN  
16 1980. THE RING ROAD CONCEPT, IN FACT, WAS DEVELOPED  
17 BACK IN THE 70'S. WHAT IS NOW WESTCHESTER PARKWAY WAS  
18 THEN THE 170/LAUREL CANYON FREEWAY, AND PERSHING DRIVE  
19 WAS PACIFIC COAST HIGHWAY. NOW LAWA IS PROPOSING THE  
20 SAME MITIGATION FOR THIS ROUND OF EXPANSION.

21 THE MASTER PLAN OFFERS NO FUNDING SOURCE FOR  
22 THE PROPOSED INTERCHANGE AT ARBOR VITAE AND THE 405 OR  
23 FOR THE PROPOSED LAX EXPRESSWAY AND ANY OF THE OTHER OR  
24 ANY OF THE OFF-AIRPORT IMPROVEMENTS. THEY'RE EXPECTING  
25 CALTRANS TO PICK THIS UP. LAWA IS NOW -- EXCUSE ME.

1           LAWA IS NOT ALLOWED TO SPEND FEDERAL DOLLARS FOR  
2           OFF-AIRPORT IMPROVEMENTS, AND RECENTLY SCAG HAS  
3           WITHDRAWN SUPPORT FOR BOTH ARBOR VITAE INTERCHANGE AND  
4           LAWA EXPRESSWAY IN THEIR TRANSPORTATION PLAN. WITHOUT  
5           THOSE PROJECTS ALL TRAFFIC AROUND LAX IT WILL BECOME  
6           GRIDLOCKED.

7                        I'M NOT GOING TO HAVE TIME HERE. I ALSO WANTED  
8           TO TALK ABOUT PARKING WHICH IS TOTALLY INADEQUATE IN THE  
9           MASTER PLAN, AND THE OPERATIONS PER DAY ARE JUST A JOKE  
10          IN THE MASTER PLAN BECAUSE THEY TALK ABOUT SOMETHING  
11          LIKE 2,279 OPERATIONS GOING ONLY -- INCREASING ONLY 40  
12          OPERATIONS A DAY ON AVERAGE. THIS IS A JOKE. WE'VE  
13          BEEN HERE BEFORE. WE'VE SEEN THE MASTER PLANS CALL FOR  
14          40 MILLION. TO BELIEVE THAT IT'S GOING TO STOP AT  
15          89 MILLION IS TOTALLY UNREASONABLE. THERE IS NO  
16          ENFORCEMENT. THERE IS NOTHING THAT MAKES LAWA STOP  
17          GROWING OR DEVELOP THESE MITIGATIONS. THANK YOU.

18                       THE FACILITATOR: THANK YOU VERY MUCH.

19                       WE HAVE AN ANNOUNCEMENT TO MAKE IN JUST A  
20          SECOND, BUT WE HAVE SOMEBODY WHO'S BEEN GOING FROM VENUE  
21          TO VENUE, SENATOR DEBRA BOWEN, AND CAN YOU JUST LET HER  
22          GIVE A LITTLE QUICK ONE HERE, IF YOU CAN, AND GIVE HER A  
23          ROUND OF APPLAUSE.

24                       MS. DEBRA BOWEN: THANK YOU. SENATOR DEBRA  
25          BOWEN, 28TH STATE SENATE DISTRICT. I'VE COME HERE FROM

1 MANHATTAN BEACH. I'D BE REMISS IF DIDN'T SAY THAT I'M  
2 VERY DISAPPOINTED THAT YOU'VE CHOSEN TO HOLD THIS  
3 MEETING IN THREE VENUES SIMULTANEOUSLY. IT MAKES -- IT  
4 MAKES IT MUCH MORE DIFFICULT FOR COMMUNITY MEMBERS TO  
5 KNOW WHAT MEMBERS OF OTHER ADJACENT COMMUNITIES ARE  
6 SAYING ABOUT THE POTENTIAL IMPACTS OF THIS PLAN AND THE  
7 FAILINGS OF THE EIR/EIS. IT ALSO MAKES IT MORE  
8 DIFFICULT FOR THE PRESS WHO CANNOT BE IN THREE PLACES  
9 SIMULTANEOUSLY. AND EVEN IF YOU'RE NOT HIDING ANYTHING,  
10 YOU CREATE THE APPEARANCE THAT YOU ARE.

11 SECOND, WITH REGARD TO THE SCOPING, I WOULD  
12 SUGGEST THAT YOU IMMEDIATELY ASK FOR A REFUND FOR THE  
13 SCOPING WORK SINCE YOU DID NOT INCLUDE ANY OUTREACH TO  
14 LOS ANGELES COUNTY OR THE PUBLIC AT LARGE REGARDING  
15 PREFERRED PROJECT ALTERNATIVE C NOR DID THE SCOPING  
16 INCLUDE A SINGLE AGENCY WITHIN SAN BERNARDINO, ORANGE,  
17 RIVERSIDE, OR VENTURA COUNTIES. MANY OF THESE AREAS  
18 WANT AN AIRPORT IN THEIR COMMUNITIES TO SERVE THEIR  
19 GROWING ECONOMIC NEEDS.

20 I REJECT THE NOTION THAT THE PEOPLE HERE DON'T  
21 CARE ABOUT ECONOMIC GROWTH IN THE LOS ANGELES BASIN, BUT  
22 WE ARE WELL AWARE OF WHAT IS HAPPENING IN THE SILICON  
23 VALLEY, AND WE DON'T WANT TO CHOKER OUR ECONOMIC GROWTH  
24 ON OUR OWN TRAFFIC. LOOK AT THE CENSUS NUMBERS THAT  
25 HAVE JUST COME OUT. IN THE FIVE-COUNTY REGION THE

1 POPULATION IS GROWING NOT IN THE COASTAL AREAS, BUT IN  
2 BAKERSFIELD, RIVERSIDE, CORONA, ORANGE COUNTY, AND THE  
3 INLAND EMPIRE.

4 I SUBMIT THAT YOU DO NOT NEED 12,000 PAGES OF  
5 ANALYSIS TO FIGURE OUT THAT IT MAKES NO SENSE TO BRING  
6 ALL OF THOSE PEOPLE ACROSS THE ENTIRE LOS ANGELES BASIN  
7 TO GET TO AN AIRPORT. IT MAKES NO SENSE TO CHOKER THE  
8 405 FREEWAY, THE 10, THE 60, THE 5 FREEWAY WITH THE  
9 PASSENGER AND CARGO TRAFFIC THAT WILL BE NEEDED NOT ONLY  
10 TO TAKE THE CURRENT 27 MILLION EXTRA PEOPLE INTO LAX,  
11 BUT ANOTHER 60 MILLION THAT MAY WELL RESULT FROM THIS  
12 PROPOSED EXPANSION OF LAX. AIR FACILITIES SHOULD BE  
13 SITED WHERE THE CARGO, THE BUSINESSES, AND THE PEOPLE  
14 WHO WILL USE THE FACILITIES ARE LOCATED.

15 THE STRUCTURE, THE TRANSPORTATION  
16 INFRASTRUCTURE WILL BE LARGELY PAID FOR BY CITY AND  
17 STATE GOVERNMENTS. IF AIRPORT LANDING AND LEASE FEES  
18 HAD TO PAY FOR THE DOUBLE DECKING OF ALL THESE FREEWAYS  
19 TO ACCOMMODATE THIS TRAFFIC, YOU WOULD ABANDON THIS  
20 PROJECT TOMORROW BECAUSE IT WOULD NOT BE ECONOMICALLY  
21 FEASIBLE.

22 I REJECT THE NOTION THAT THE ONLY WAY THE  
23 NECESSARY TRAFFIC CAN BE ACCOMMODATED IS THROUGH LAX  
24 GROWTH, THE ONLY JOBS THAT WILL BE CREATED BY CONTINUING  
25 TO GROW TRAFFIC AND THE AIRPORT HERE ARE JOBS FOR

1 BOOKS-ON-TAPE READERS FOR ALL OF US STUCK IN TRAFFIC,  
2 AND IF YOU PERSIST IN AN LAX-ONLY STRATEGY RATHER THAN  
3 THE MORE SENSIBLE REGIONAL ALTERNATIVE, YOU WILL ASSURE  
4 JOBS ONLY FOR LAWYERS, PARALEGALS, AND COURT REPORTERS.  
5 I REJECT THE ASSERTION THAT THE REGIONAL ALTERNATIVE IS  
6 UNREASONABLE. THAT CONCLUSION BY ITSELF IS  
7 UNREASONABLE. THANK YOU.

8 THE FACILITATOR: THANK YOU. THANK YOU.  
9 JUST A QUICK ANNOUNCEMENT. IT'S 4:30, AND IT'S  
10 TIME FOR A BREAK, BUT WE'D LIKE TO HAVE A QUICK  
11 ANNOUNCEMENT, PLEASE.

12 MS. LAPONDA FITCHPATRICK: YES. AND NOW WE'RE  
13 GOING TO TAKE A BREAK. WE WILL HAVE TO MOVE FROM THIS  
14 ROOM AND MOVE TO THE ROOM ADJACENT TO THIS LOCATION  
15 ACROSS THE HALLWAY. WE WILL RECONVENE THE HEARING AT  
16 5:00 O'CLOCK. THANK YOU FOR YOUR PATIENCE, AND WE WILL  
17 BE USING SOME OF THE CHAIRS FROM THIS ROOM TO MOVE OVER  
18 THERE. SO WE'D APPRECIATE YOUR EXPEDITING SO WE CAN GET  
19 STARTED. IT WILL ACCOMMODATE THE PEOPLE THAT ARE HERE.  
20 THANK YOU.

21 (WHEREUPON, AT 4:30 P.M., THE HEARING WAS  
22 ADJOURNED FOR A RECESS.)

23 (WHEREUPON, AT 5:00 P.M., THE HEARING WAS  
24 RECONVENED.)

25 THE FACILITATOR: MANDIE SANER; JOEL SIMON;

1        AVERY, LINDSAY, CHELSEA SPANN; JOE MC FADDEN. BY THE  
2        WAY, ONLY ONE OF THOSE PEOPLE CAN TALK. IT'S AVERY,  
3        LINDSAY, CHELSEA SPANN. JOE MC FADDEN, PATRICIA SAENZ,  
4        NEISHA MYERS, ROY HEFNER, STEVEN KNIGHT, SANDRA BRAY,  
5        GARY JOHANSEN, BRAD RAPSOL FROM OSAGE NEIGHBORHOOD, GARY  
6        SCHIVLEY, WENDY APPEL, MINA BHARADWA, HARRY ROSE, ROBERT  
7        YOUNG, JUNE SATTON, PIERCE HORMANN, BRIAN WEISS, CHUCK  
8        YOUNGLOVE, CAROLE HOSSAN, FRANK VELASCO, BRIAN PENNA, SAM  
9        HALPERIN, ELEANOR HOLME.

10                MASADA, IRVING LYON, JUDITH CIANCIMINO, NORA  
11        FRYE, JORGENSEN, BERNARD BUELLER, MELODY, GENE YOUNG,  
12        BISSELL, BOWEN. SENATOR BOWEN. THESE HAVE ALL SPOKEN.  
13        IF I HAVE NOT CALLED YOUR NAME OUT AND YOU WANT TO  
14        SPEAK, COME SEE ME, PLEASE.

15                OKAY. LET'S START WITH OUR SPEAKERS.

16                DR. IRVING LYON.

17                DR. IRVING LYON: MY NAME IS IRVING LYON. I  
18        LIVE ON THE 8200 BLOCK OF GONZAGA AVENUE IN  
19        WESTCHESTER. IN 1989 I RETIRED AFTER 50 YEARS OF  
20        BIOMEDICAL RESEARCH AND TEACHING, AND SINCE THAT TIME,  
21        I'VE BEEN ACTIVELY INVOLVED IN ISSUES AND CONCERNS  
22        REGARDING AIR POLLUTION, AIR QUALITY, WATER QUALITY, AND  
23        THE QUALITY OF OUR FOOD SUPPLY.

24                AFTER WADING THROUGH REEMS OF PROEXPANSION  
25        PROPAGANDA, MY SON DAVID LYON AND I WISH TO EMPHASIZE

1 THE FOLLOWING CONCERNS AND ISSUES.

2 THE RESIDENTS OF WESTCHESTER AND THE  
3 SURROUNDING AREAS CAN SMELL THE UNBURNED JET FUEL AND  
4 SEE EVIDENCE FOR ITS PRESENCE ON OUR HOUSES. UNBURNED  
5 PARTICLES OF FUEL INCLUDING JET ENGINE FUELS HAVE BEEN  
6 PROVEN TO CAUSE SEVERE HEALTH IMPAIRMENTS INCLUDING THE  
7 FORMATION OF CANCERS. WE KNOW THAT THIS IS NOT ONLY  
8 DANGEROUS BUT DEADLY FOR MANY PEOPLE. WHEN WILL LAX AND  
9 FAA AGREE TO ENFORCE STOPPING A FUEL TANK DUMPING OF RAW  
10 FUELS OVER POPULATED AREAS IMMEDIATELY ADJACENT TO AND  
11 SURROUNDING LAX?

12 REGIONALIZATION OF OUR AIRPORT SYSTEM WILL HELP  
13 TO PREVENT LOCALIZED INCREASES IN THE BURDENS OF AIR  
14 POLLUTANTS, ESPECIALLY OF CARBON MONOXIDE, UNBURNED  
15 HYDROCARBONS, AND NITROGEN OXIDES. THE LATTER TWO ARE  
16 VERY INVOLVED WITH SUNLIGHT IN THE PRODUCTION OF  
17 PHOTOCHEMICAL SMOG, WHICH ITSELF WILL ENTRAIN AND HOLD  
18 ADDITIONAL AIR POLLUTANTS.

19 OMISSION FROM THE EIS/EIR OF CONSIDERATION OF  
20 THE CUMULATIVE IMPACT TO PLAYA VISTA AND THE PROPOSED  
21 CONVERSION OF SEWAGE WATER TO DRINKING WATER ON BOTH AIR  
22 AND WATER QUALITY IS SCANDALOUS. WHY SHOULD ANYONE  
23 ENDORSE OR VOTE FOR AIRPORT-RELATED MITIGATION OR  
24 EXPANSION IF THE DUMPING OF UNBURNED FUELS OVER  
25 POPULATED AREAS IS NOT STOPPED? WE LOOK FORWARD TO YOUR

1 ANSWERS.

2 THE FACILITATOR: OKAY. VIRGINIA O'NEAL. IS  
3 SHE STILL HERE? THERE SHE IS RIGHT IN FRONT. AFTER  
4 THIS WILL BE MARTIN CHAVEZ.

5 MS. VIRGINIA O'NEAL: I'M NOT A SPEAKER. SO  
6 FORGIVE ME IF I FLUB. MY NAME IS VIRGINIA O'NEAL. I  
7 LIVE AT 8811 WILEY POST AVENUE, WESTCHESTER. I OBJECT  
8 ABSOLUTELY TO EXPANSION OF LAX AND SUPPORT A REGIONAL  
9 APPROACH TO SERVE SOUTHERN CALIFORNIA AREA. I  
10 INCORPORATE ALL PREVIOUSLY VOICED OBJECTIONS THERETO THE  
11 PLAN AND THE ENVIRONMENT IMPACT. WE AREN'T GIVEN THE  
12 CONSIDERATION THAT IS GRANTED TO THE SPOTTED OWL, BLUE  
13 BUTTERFLY, AND OTHER SPECIES. IT'S TIME THAT PEOPLE  
14 COME FIRST.

15 THE FACILITATOR: HILLARY SELVIN.

16 MS. HILLARY SELVIN: MY NAME'S HILLARY SELVIN.  
17 I LIVE AT 6248 WEST 85TH PLACE IN WESTCHESTER, THE WEST  
18 PORT HEIGHTS AREA.

19 WHY IS IT CALLED THE LAX MASTER PLAN INSTEAD OF  
20 A REGIONAL MASTER PLAN? LET'S NOT MAKE THE PROBLEM  
21 WORSE. THE EIS/EIR IS FLAWED BECAUSE IT DOES NOT  
22 ADDRESS A REGIONAL SOLUTION AND THEN CAN ONLY CONCLUDE  
23 THE ENVIRONMENTAL IMPACT IS TREMENDOUS. EXPANDING LAX  
24 IS IRRESPONSIBLE. ALSO TO STATE THAT THE LAX EXPRESSWAY  
25 WILL MITIGATE TRAFFIC CONGESTION IS NOT REALISTIC. WE

1 KNOW THAT THE 10 PERCENT OF THE PEOPLE THAT ARE ON THE  
2 405 IN THAT AREA, BY DOING AN LAX EXPRESSWAY IT'S NOT  
3 GOING TO CHANGE, ESPECIALLY IF YOU EXPAND LAX. IT WILL  
4 ONLY INCREASE TRAFFIC.

5 MOST MAJOR CITIES ADDRESS THE ISSUES OF  
6 OVERLOADED AIRPORTS BY FINDING REGIONAL SOLUTIONS. WHY  
7 CAN WE NOT DO THE SAME? WE CANNOT CAP THE AIRLINES, BUT  
8 LAX DOES HAVE A LIMIT THAT MUST BE ENFORCED. THE FAA IS  
9 THE SAFETY ARM OF THE AVIATION INDUSTRY. WHY ARE NOT  
10 THEY ENFORCING LIMITS THAT THE AIRPORTS HAVE FOR  
11 FLIGHTS? THESE ARE SAFETY ISSUES. AS THE AIR TRAFFIC  
12 CONTROLLER SAID EARLIER, HE HAS SAFETY CONCERNS. THESE  
13 ARE THINGS THAT SHOULD BE ADDRESSED BY THE FAA.

14 A REGIONAL SOLUTION WOULD COME SOONER IF THESE  
15 THINGS WERE REINFORCED. ORANGE COUNTY SHOULD ALSO  
16 PROVIDE FOR THEMSELVES. I THINK IT'S UNFAIR OF LAWA TO  
17 THINK THAT LAX SHOULD BE THE ONLY SOLUTION. IF EL TORO  
18 CANNOT BE BUILT, THIS CERTAINLY SHOULD NOT BE EXPANDED.

19 IT ALSO CONFOUNDS ME THAT THE FAA AND LAWA  
20 THOUGHT THAT ONE DAY OF PUBLIC HEARINGS WAS ACCEPTABLE.  
21 WE'RE ALSO ENTITLED TO DUE PROCESS. WE DEMAND THAT YOU  
22 PROVIDE DUE AND FAIR PROCESS, AND WE WILL NOT BE SILENT  
23 UNTIL YOU DO. IT IS UP TO EACH OF US TO MAKE SURE OUR  
24 NEWLY ELECTED MAYOR, JAMES HAHN -- WHO I HAVE NOT HEARD  
25 ANY OF HIS REPRESENTATIVES HERE TODAY. SO THAT CONCERNS

1 ME AS WELL -- AND OUR CITY COUNCIL DEMAND A REGIONAL  
2 SOLUTION. THANK YOU.

3 THE FACILITATOR: THANK YOU.

4 MARTIN CHAVEZ. WE'LL CALL HIS NAME SHORTLY.  
5 LYN HOBSON.

6 MS. LYN HOBSON: MY NAME IS LYN HOBSON. I LIVE  
7 AT 8630 STANMOOR DRIVE. I CAME TO WESTCHESTER IN 1947  
8 WHEN I WAS TWO. THAT'S WHY IT CONCERNED ME WHEN 40  
9 ROUNDS OF AMMUNITION FROM MACHINE GUNS WERE SHOT OFF IN  
10 FRONT OF MY HOUSE, WHICH DIDN'T SEEM TO BOTHER ANYBODY  
11 WHEN I LOOKED INTO THE MATTER AND OTHER VIOLENT ACTIVITY  
12 AROUND WESTCHESTER.

13 I'M A GRADUATE FROM UCLA, NOT THAT THAT MATTERS  
14 ANY, BUT I DO DO RESEARCH, AND IN THIS MAP YOU CAN SEE  
15 WHERE THE HOMES WERE TAKEN, AND IT'S WHERE THE MOST GANG  
16 ACTIVITY IN TERMS OF AROUND WESTCHESTER HIGH,  
17 ST. BERNARDS, YOU HAVE THE GANG SHOOTINGS. THERE'S BEEN  
18 ONE PERSON KILLED, TWO INJURED, AND THEN OVER HERE EAST  
19 OF LAX IN THE AVIATION/AIRPORT/LA CIENEGA/ARBOR VITAE/  
20 CENTURY BOULEVARD AREA, AN AREA WHICH WAS ISOLATED FROM  
21 THE REST OF WESTCHESTER, THERE HAS BEEN A TOTAL OF EIGHT  
22 PEOPLE KILLED AND SIX WOUNDED IN GANG SHOOTINGS. I'M  
23 CONCERNED TOO, AND I THINK THE AIRPORT SHOULD BE, THAT  
24 IN DOING MY RESEARCH, THERE ARE SOME 10,000 GANG MEMBERS  
25 IN INGLEWOOD OUT OF 100,000 POPULATION, WHICH BORDERS

1 THE AIRPORT. THERE ARE 3,000 GANG MEMBERS ACCORDING TO  
2 LENNOX SHERIFF'S STATION WHICH IS JUST THE OTHER SIDE OF  
3 CENTURY AND LA CIENEGA, AND THERE ARE 6,000 OR SO GANG  
4 MEMBERS IN HAWTHORNE. AND WHEN I TALKED TO THE HEAD OF  
5 THE SECURITY AT THE AIRPORT AND I SAID, "WHAT IS THE  
6 THING YOU'RE MOST CONCERNED ABOUT, YOU KNOW,  
7 INTERNATIONAL TERRORISM OR WHATEVER. YOU KNOW, WHAT IS  
8 THE WORST THING THAT'S HAPPENED?" AND HE SAID WHEN THIS  
9 INGLEWOOD 13 GANG MEMBER ABOUT TWO YEARS SHOT AND KILLED  
10 AN LAPD OFFICER AND THEN WENT INTO THE AIRPORT, AND IT  
11 WAS A THANKSGIVING WEEKEND.

12 SO WHAT I'M ASKING FOR BECAUSE I REGISTERED  
13 OVER 30 GANGS AT THE HIGH SCHOOL, THIS IS A BULLET SHOT  
14 IN FRONT OF MY HOUSE, AND GOD PROTECTED US BECAUSE NO  
15 ONE WAS HURT, ABOUT FIVE DIFFERENT SHOOTINGS. BUT MY  
16 CONCERN TOO IS IN STUDYING THE -- BECAUSE EVERYBODY SAID  
17 "WELL, WESTCHESTER IS SUCH A VIOLENT PLACE," AND I GO  
18 TALKING TO PEOPLE, AND THEY DON'T HAVE -- THEY DON'T  
19 SPEND HOURS DEALING WITH GANGS AND DRIVE-BY SHOOTINGS  
20 AND ALL THE STUFF.

21 SO I GOT THE STATISTICS FROM LAPD, AND IN A  
22 FOUR-YEAR PERIOD, THERE WERE 20 MURDERS BETWEEN '93 AND  
23 '96 IN WESTCHESTER. NOW, TWO-THIRDS OF THEM WERE ALONG  
24 THE AIRPORT. THEY WERE EITHER AT THE AIRPORT, THE  
25 HOTELS, IN THE ABANDONED AREAS. AND THE ALONG THE BEACH

1           HERE, THERE WERE ANOTHER THREE, AND THEN WE HAD TWO  
2           DOMESTIC VIOLENCE. SO, YOU KNOW, WE'RE NOT A GANG AREA,  
3           BUT THOSE OF US WHO ARE RESIDENTS HERE HAVE TO DEAL WITH  
4           IT. PART OF IT'S THE AIRPORT, PART OF IT'S BUSING, PART  
5           OF IT'S HUD.

6                         AND WE WOULD LIKE AT LEAST TWO GANG JUVENILE  
7           OFFICERS TO DEAL WITH THESE PROBLEMS. IT'S NOT OUR JOB  
8           AS RESIDENTS TO DEAL WITH PROBLEMS THAT ORIGINALLY THE  
9           AIRPORT TOOK THESE HOMES, LEFT THESE VACANCIES. THEY  
10          WERE FILLED IN EVENTUALLY BY EITHER BUSING OR SECTION  
11          VIII AND HAS BROUGHT IN THIS KIND OF GANG VIOLENCE, AND  
12          I WOULD LIKE A STUDY TO BE DONE, AN ENVIRONMENTAL STUDY  
13          AS TO THE CRIME THAT HAS BEEN PRODUCED.

14                        AND IN ANY PART OF THE COUNTRY, YOU KNOW, WHEN  
15          AN AIRPORT TAKES OVER OR THEY MOVE HOUSES FOR WHATEVER  
16          PURPOSE, IT DISRUPTS THE LIFE OF THE NEIGHBORHOOD, AND  
17          WE HAVE NO WAY TO DEAL WITH THESE KINDS OF PROBLEMS.  
18          AND UNFORTUNATELY, WITH WESTCHESTER, LIKE IF YOU TALK TO  
19          LAPD OR TO A CITY COUNCIL EVEN, WHEN ALL THESE SHOOTINGS  
20          STARTED AND WHEN WE TALKED TO THE SCHOOL DISTRICT, THEY  
21          GO, "WELL, THIS IS L.A. THIS IS THE 90'S." AND I GO,  
22          "WELL, I LIVE IN WESTCHESTER, YOU KNOW. WE DON'T HAVE  
23          THIS KIND OF THING GOING ON." SO I HAD TO PROVE TO  
24          PEOPLE.

25                        AND WE HAVE 50 CHURCHES ACROSS THE UNITED

1 STATES, INCLUDING THE CHAPLAIN OF THE U.S. SENATE  
2 PRAYING FOR THIS AREA, FOR THE SAFETY OF ALL OF US WHO  
3 LIVE HERE UNTIL THESE PROBLEMS CAN BE SOLVED. AND I  
4 APPRECIATE NOT HAVING A LETTER RESPONSE SAYING "WELL,  
5 THE POLICE WILL TAKE CARE OF IT." WELL, THEY CAN'T. OR  
6 THAT "WELL, IT'S UP TO THE COMMUNITY TO DEAL WITH IT."  
7 WELL, IT ISN'T. IT'S NOT MY JOB TO DEAL WITH PROBLEMS  
8 THAT ARE COMING IN FROM ALL OVER BECAUSE WE JUST CAN'T  
9 DO IT, AND I DON'T THINK WE SHOULD HAVE TO ANYMORE.

10 THE FACILITATOR: THE NEXT PERSON IS PAUL  
11 ABRAM.

12 IF YOU CAN MOVE TO THE FRONT. THERE ARE SOME  
13 SEATS UP HERE. JOE CUNNINGHAM IS NEXT. JONATHAN  
14 AURTHUR AFTER THAT.

15 MR. PAUL ABRAM: PAUL ABRAM. 8000 OSAGE  
16 AVENUE, WESTCHESTER. I'VE BEEN A RESIDENT OF  
17 LOS ANGELES FOR 37 YEARS, SEVEN RIGHT HERE IN  
18 WESTCHESTER, AND I OPPOSE THE EXPANSION PLAN BECAUSE I  
19 FEEL THE QUALITY OF LIFE FOR ME AND MY NEIGHBORS WILL BE  
20 ADVERSELY AFFECTED. THE INCREASED AIR TRAFFIC OVER THE  
21 CITY IS A REAL DANGER TO ALL OF US, AND AUTO AND TRUCK  
22 TRAFFIC ON THE 405 AND 105, MOST IMPORTANTLY TO OUR  
23 NEIGHBORHOOD STREETS WOULD INCREASE CAUSING GREATER  
24 GRIDLOCK, MORE POLLUTION, AFFECTING ALL OF US.

25 THE INCREASED NOISE HAS AN ADVERSE EFFECT TO

1           OUR STUDENTS AT WESTCHESTER HIGH AND OTHER ELEMENTARY  
2           SCHOOLS, DAY CARE, AND EVEN OUR UNIVERSITY RIGHT HERE IN  
3           WESTCHESTER. EDUCATION IS SPOKEN AS A PRIME CONCERN BY  
4           MANY OF TODAY'S POLITICAL LEADERS. STOPPING THE LAX  
5           EXPANSION WOULD SHOW TO US THAT THESE LEADERS MEAN WHAT  
6           THEY SAY ABOUT EDUCATION FOR OUR YOUNG PEOPLE.

7                         IT HAS BEEN SHOWN THERE'S A SHORTAGE OF HOUSING  
8           HERE IN THE LOS ANGELES AREA, AND MOVING ENTIRE  
9           NEIGHBORHOODS WOULD ONLY INCREASE OUR CITY'S HOUSING  
10          PROBLEMS. HERE IN WESTCHESTER WE USED TO RECEIVE A  
11          BUSINESS DISTRICT, SUPERMARKETS, DRUG STORES, BANKS,  
12          RESTAURANTS, OFFICE SUPPLY STORES, AND THE OTHER GREATLY  
13          NEEDED SERVICES IN THE COMMUNITY. ALL OF THESE  
14          BUSINESSES WILL BE ADVERSELY AFFECTED IF THE LAX  
15          EXPANSION PROJECT WAS TO GO FORTH.

16                        L.A. EXPANSION PLAN WOULD INHIBIT GROWTH OF  
17          OTHER REGIONAL AIRPORTS. IT IS ONLY FAIR THAT ORANGE  
18          COUNTY AND THE INLAND EMPIRE SHARE IN ALLEVIATING AIR  
19          TRAFFIC. AS A LONG TIME RESIDENT AND EMPLOYEE OF THE  
20          CITY OF LOS ANGELES RIGHT HERE AT THE WATER & POWER, I  
21          ASK THAT YOU LISTEN TO THE CONCERNS BY MYSELF AND MY  
22          NEIGHBORS AND STOP THE LAX EXPANSION. THANK YOU.

23                        THE FACILITATOR: THANK YOU.

24                        JOE CUNNINGHAM FOLLOWED BY JONATHAN ARTHUR.

25                        MR. JOE CUNNINGHAM: HELLO. MY NAME IS JOE

1 CUNNINGHAM. I LIVE ON WEST 76TH STREET HERE IN  
2 WESTCHESTER. SURPRISE. I'M OPPOSED TO LAX EXPANSION AS  
3 WELL FOR THE VERY SAME REASONS THAT EVERYONE ELSE HAS  
4 MENTIONED, PEOPLE THAT UNDERSTAND THEM AND CAN DISCUSS  
5 THEM MUCH BETTER THAN I, BUT I'M EVEN MORE DISGUSTED  
6 WITH THE EXPANSION PROCESS EMPLOYED TO GROW THE AIRPORT  
7 AND SAFEGUARDS THE AREA AROUND IT.

8 27 YEARS AGO I FIRST BOUGHT A HOME IN  
9 WESTCHESTER WHEN THE AIRPORT WAS OPERATING ON A MASTER  
10 PLAN THAT CAPPED AT 40 MILLION PASSENGER MILES. TODAY  
11 LAX IS AT -- WELL, ACCORDING TO THEIR CHART, 59.  
12 ACCORDING TO WHAT OTHER PEOPLE ARE SAYING, 67 MILLION.  
13 SO I DON'T KNOW WHAT THE NUMBER IS, BUT THEY'RE DOING  
14 THAT WITHOUT A MASTER PLAN, AND WE ARE HERE TODAY TO  
15 COMMENT ON A NEW PROPOSED MASTER PLAN TO INCREASE THE  
16 TRAFFIC TO 97 MILLION BY THE YEAR 2015.

17 WHAT MASTER PLAN TOOK LAX IN FROM A CAP OF  
18 40 MILLION TO THE EXISTING 59 OR 67 MILLION? NONE. I'M  
19 TOLD WHEN YOU OUTGROW A PLAN, IT JUST FAILS TO EXIST,  
20 THAT IT'S JUST A PLAN. IT'S NOT A MANDATE. SO WHATEVER  
21 WE'RE DISCUSSING TODAY IS JUST A PLAN SUBJECT TO  
22 WHATEVER WHIMS OR WHATEVER HAPPENS IN THE FUTURE. WELL,  
23 IF WE WERE AT 40 MILLION, A PLAN OF 40 MILLION, AND  
24 THEY'RE AN 59 WITH NEXT TO NOTHING, THAT MEANS THAT THIS  
25 98 PLAN IS PROBABLY CAPABLE OF DOING, WHAT, 150 MILLION

1 PASSENGER MILES?

2 SO -- I'M SORRY. THERE'S SO MANY THINGS I  
3 WANTED TO SAY. THERE'S NOT ENOUGH TIME.

4 WHAT'S GOING TO HAPPEN IN THE YEAR 2030 WHEN  
5 THEY WANT TO RAISE THE PLAN TO 250 MILLION? WHAT WILL  
6 IT BE AT? 150 THEN? AT WHAT POINT IN TIME DO WE BITE  
7 THE BULLET AND THE BUILD AN AIRPORT WHERE WE HAVE THE  
8 SPACE TO GROW IT INTO A WORLD-CLASS FACILITY?

9 TODAY, TODAY WE'LL SPEND MILLIONS MORE AND  
10 SEVERELY NEGATE THE -- NEGATIVELY IMPACT THE LIVES OF  
11 THOUSANDS OF PEOPLE OR DO WE TAKE THE INITIATIVE AND  
12 DRAW A LINE AND SAY NO, THAT IT'S TIME TO MOVE TO A  
13 REGIONAL PLAN? WHO REALLY DOES CONTROL THE LAX  
14 EXPANSION? TODAY REPEATEDLY I WAS TOLD BY LAWA  
15 REPRESENTATIVES THAT THEY HAVE LITTLE CONTROL OVER  
16 EXPANSION AND THAT THEY ARE JUST TRYING TO MITIGATE THE  
17 PROBLEMS THAT WILL BE RESULTING FROM THE INEVITABLE AND  
18 UNSTOPPABLE EXPANSION.

19 IT IS MY UNDERSTANDING THAT THE CITY OF L.A. IS  
20 THE LANDLORD, AND THAT MEANS THAT THEY CAN AFFECT THE  
21 ECONOMIC VIABILITY BY WHAT THEY BUILD OR CHOOSE NOT TO  
22 BUILD. I THINK IT'S TIME THAT WE FIND OUT WHO REALLY  
23 IS -- MAKES THE FINAL DISCUSSION. I WOULD LIKE TO KNOW  
24 THAT. IS IT LAWA? IS IT THE FAA? OR IS IT THE CITY OF  
25 L.A.?

1                   NOT A SINGLE PERSON HERE HAS OPPOSED -- EXCUSE  
2                   ME -- HAS SUPPORTED THIS EXPANSION TODAY.   SO WHO'S  
3                   DOING THIS?   WHY ARE WE HAVING THIS MEETING?   EVERYONE  
4                   HERE HAS SAID NO.   I DON'T UNDERSTAND THE MEANING OF  
5                   THIS MEETING.   AND SO I JUST -- I THINK WE NEED TO PUT  
6                   THE PRESSURE ON THE PEOPLE THAT HAVE THE ABILITY TO MAKE  
7                   THE DECISION TO STOP THE PROCESS.   THAT'S ALL.   THANK  
8                   YOU.

9                   THE FACILITATOR:   THANK YOU VERY MUCH.

10                  JONATHAN AURTHUR.

11                  MR. JONATHAN AURTHUR:   MY NAME IS JONATHAN  
12                  AURTHUR.   I LIVE IN SANTA MONICA.   I'M REPRESENTING THE  
13                  BALLONA WETLANDS LAND TRUST, WHICH IS AN ORGANIZATION  
14                  THAT'S TRYING TO SAVE ALL OF THE BALLONA WETLANDS FOR A  
15                  NATURE PARK AND RESERVE.   WE ARE HERE -- WE ARE HERE IN  
16                  SOLIDARITY WITH THE ANTI-LAX EXPANSION FORCES BECAUSE WE  
17                  BELIEVE THAT THE STRUGGLE AGAINST THE LAX EXPANSION AND  
18                  THE STRUGGLE TO PRESERVE THE 3 PERCENT OF THE REMAINING  
19                  WETLANDS IN THIS PART OF L.A. COUNTY ARE PART OF THE  
20                  SAME STRUGGLE AGAINST UNREGULATED DEVELOPMENT AND  
21                  AGAINST THE DOMINATION OF PEOPLE AND INTERESTS THAT ARE  
22                  NOT IN CONSORT AT ALL WITH THE NEEDS OF THE COMMUNITY.

23                  I THINK THAT THE PREVIOUS SPEAKER HAS SPOKEN TO  
24                  THE FACT THAT REALLY THERE IS NO PUBLIC SUPPORT FOR THIS  
25                  LAX EXPANSION, JUST AS THERE'S NO PUBLIC SUPPORT FOR

1 UNREGULATED DEVELOPMENT IN THE BALLONA WETLANDS AND THAT  
2 THE DEVELOPERS AND THE PEOPLE BEHIND THESE PROJECTS HAVE  
3 TO MANUFACTURE A KIND OF ASTROTURF SUPPORT IN ORDER TO  
4 BE ABLE TO GIVE THE ILLUSION THAT THERE IS, YOU KNOW, A  
5 PUBLIC NEED FOR THIS KIND OF DEVELOPMENT.

6 LIKE PLAYA VISTA THE LAX EXPANSION IS A  
7 SUPPLY-SIDE, DEVELOPER, MANDATED PROJECT. THERE IS NO  
8 REAL DEMAND ON THE PART OF THE PUBLIC FOR THIS PROJECT  
9 AS WE'VE HEARD TODAY. THERE ARE REGIONAL SOLUTIONS TO  
10 THE NEEDS OF THE AIR TRAVELING PUBLIC. LIKE PLAYA VISTA  
11 THE LAX EXPANSION FORCES USE THE KIND OF PHONY "JOBS  
12 VERSUS DEVELOPMENT" ARGUMENT THAT REALLY DOES A  
13 DISSERVICE TO THE PUBLIC INTEREST. THE IDEA THAT IF  
14 YOU'RE AGAINST THE LAX EXPANSION, YOU ARE TAKING JOBS  
15 AWAY FROM PEOPLE I THINK IS AN INSULTING ARGUMENT AND  
16 REALLY NEEDS TO BE DEMOLISHED ONCE AND FOR ALL.

17 I DON'T KNOW -- IF PEOPLE WHO CAME HERE AT NOON  
18 OR SO SAW THE KIND OF ASTROTURF DEMONSTRATION THAT WAS  
19 GOING ON OUTSIDE BY PEOPLE TALKING ABOUT JOBS AND EQUITY  
20 AND SO FORTH AS IF ANYBODY WHO'S AGAINST LAX EXPANSION  
21 IS AGAINST THE WORKING CLASS, I JUST THINK IS RIDICULOUS  
22 AND INSULTING TO ALL OF US.

23 LIKE PLAYA VISTA LAX EXPANSION WILL LEAD TO  
24 FURTHER POLLUTION, FURTHER GRIDLOCK, AND ALL, YOU KNOW,  
25 THE ILLS THAT WE HAVE SEEN IN THE HISTORY OF LOS ANGELES

1 WITH NONREGIONALLY ORIENTED DEVELOPMENT. WE ARE HAVING  
2 IN THE MARINA DEL REY, VENICE, PLAYA DEL REY AREA FOUR  
3 DIFFERENT TYPES OF DEVELOPMENT IN THE MARINA, THE LAX  
4 EXPANSION, PLAYA VISTA, AND DEVELOPMENT IN CULVER CITY  
5 THAT ARE BEING NOT REGULATED AT ALL, BUT BEING ALLOWED  
6 TO HAPPEN BY FOUR SEPARATE BODIES -- THE COUNTY, THE  
7 CITY OF L.A., THE CITY OF CULVER CITY, AND THE LAX  
8 COMMISSION.

9 WE'VE SEEN THE RESULTS OF THIS KIND OF  
10 UNREGULATED DEVELOPMENT IN THE DEVELOPMENT OF L.A. THAT  
11 WE ARE THE MOST GRIDLOCKED AND MOST AIR-POLLUTED CITY IN  
12 THE COUNTRY. WE DON'T NEED ANYMORE OF THIS KIND OF  
13 UNREGULATED DEVELOPMENT.

14 THANK YOU VERY MUCH.

15 THE FACILITATOR: THANK YOU.

16 AND JUST SO YOU KNOW, THE ORDER IS SAMLINSON IS  
17 NEXT. JOANNE POYOUROW IS AFTER THAT. TIM CHILTON, TOM  
18 FRANCIS.

19 ART? JOANNE?

20 LAST NAME IS?

21 MS. JOANNE POYOUROW: POYOUROW.

22 THE FACILITATOR: OKAY.

23 MS. JOANNE POYOUROW: MY NAME IS JOANNE  
24 POYOUROW, AND I LIVE AT 83RD AND STEWART IN  
25 WESTCHESTER.

1                   THIS LAX PLAN IS A FLAWED PLAN. I'M NOT  
2                   AGAINST MODERNIZATION. PROGRESS NEEDS TO HAPPEN, BUT  
3                   NOT THIS PLAN. I'M A CPA BY TRAINING AND ACTIVE NOW TO  
4                   BE A MOM, AND I HAVE SPENT CONSIDERABLE TIME ANALYZING  
5                   THIS ENVIRONMENTAL IMPACT REPORT. THIS PLAN CONTAINS  
6                   ERRORS. IT IS BUILT UPON HYPOTHETICALS, AND THE  
7                   UNDERLYING STATISTICS ARE NOT SOUND. FOR EXAMPLE, ON  
8                   BASELINE NOISE, IT'S ALL BUILT ON COMPUTER MODELS.  
9                   THERE WAS NO REAL AIRCRAFT NOISE MONITORING, ONLY ROAD  
10                  NOISE FOR ROUTE 1.

11                  THE EIR IS BUILT UPON A NOISE PRESUMPTION OF A  
12                  WEST FLOW OF LAX. 95 TO 98 PERCENT OF THE TIME. THIS  
13                  IS ABSOLUTELY LAUGHABLE. I CAN SIT AND COUNT PLANES  
14                  THAT GO OFF BACKWARDS IN THE SUMMERTIME. WE CANNOT  
15                  TRUST NOISE PROJECTIONS WHEN THEY'RE BUILT UPON SUCH  
16                  LOUSY BASELINE DATA.

17                  THE 60-MINUTE ACCESS ZONE HAS WAY TOO MUCH  
18                  GEOGRAPHY CLAIMED BY LAWAS AS THE SOURCE OF THEIR USERS.  
19                  A DIAGRAM OF THE 60-MINUTE ACCESS ZONE WITH 2015  
20                  PROJECTED TRAFFIC SPEED CITED BY LAWAS THEMSELVES, IT  
21                  WILL TAKE TWO AND A HALF HOURS FOR MANY OF THESE  
22                  PASSENGERS TO GET TO LAX. I'VE DONE THE CALCULATIONS  
23                  HARDLY WITHIN THE 60-MINUTE ACCESS ZONE OF LAX, PLUS  
24                  MANY AREAS CLAIMED BY LAX AS THEIR TERRITORY ARE ALSO  
25                  SHOWN FOR OTHER AIRPORTS -- BURBANK, LONG BEACH,

1           ONTARIO. AS L.A. BASIN TRAFFIC FREEWAY TRAFFIC WORSENS,  
2           THE DEMANDS FOR LAX WILL BE NOWHERE NEAR WHERE LAWA IS  
3           CLAIMING. PEOPLE WON'T BE ABLE TO GET HERE.

4                       THIS PLAN INTENTIONALLY DISTORTS STATISTICS TO  
5           FALSELY MISLEAD THE PUBLIC. THE P-6 PARKING GARAGE, I  
6           COULD DRIVE OVER THERE RIGHT NOW AND PARK IN IT TODAY.  
7           YET IT IS DELETED FROM THE NO ACTION/NO PROJECT  
8           ALTERNATIVE. WHY? TO MAKE THEIR ALTERNATIVES A, B, C  
9           LOOK GOOD. REALITY IS ALTERNATIVES A, B, C WILL HAVE  
10          EVEN LESS AIRPORT PARKING THAN TODAY, AND THE NUMBER OF  
11          VEHICLES WILL BE INCREASING GOING INTO THAT PLACE. THIS  
12          IS JUST ONE EXAMPLE OF LAWA'S FALSIFICATIONS.

13                      WE CANNOT TRUST THE STATISTICS IN THIS PLAN  
14          UNTIL THERE HAS BEEN A FULL AUDIT OF ALL STATISTICS IN  
15          THIS EIR. THE EIR CONTAINS POSITIONING TO MISLEAD THE  
16          PUBLIC.

17                      THE TRAFFIC ANALYSIS ZONES THAT UNDERLIE THE  
18          TRAFFIC STUDIES ARE FAULTY. THIS PLAN WILL CAUSE  
19          GRIDLOCK THROUGHOUT THE GREATER LOS ANGELES AREA. THE  
20          PLAN CONCEALS ITS TRUE IMPACT ON THE 405 NORTH OF THE 90  
21          AND THE 405 SOUTH OF THE 105. IT CONCEALS THE TRUE  
22          IMPACT ON THE 105 EAST OF HAWTHORNE. THESE AREAS WERE  
23          CITED AS LEVEL OF SERVICE F IN THE EIR, AND THEY ARE  
24          CITED AS THEY ARE SLATED TO RECEIVE INCREASED AIRPORT  
25          TRAFFIC. THAT IS THE EXTENT OF WHAT THE EIR WILL SAY

1 THAT THEY WILL RECEIVE. THE ONLY MITIGATIONS PROVIDED  
2 ARE ONES THAT MAKE THE AIRPORT LOOK GOOD, SUCH AS THE  
3 LAX EXPRESSWAY. IN THEIR EIR THE LAWA EVEN SCOFFS AT  
4 THE IMPACT IT WILL HAVE ON THE 405 FREEWAY AND SAYS IT'S  
5 NOT THEIR PROBLEM.

6 LAWA USES LOSSES AS A SCARE TACTIC. THEY WHINE  
7 THAT WE MIGHT LOSE VOLUME OR AIRLINES TO OTHER AIRPORTS  
8 YET AT THE SAME TIME TELL US HOW L.A. POPULATION AND  
9 ECONOMY WILL GROW. THERE WILL ALWAYS BE A NEED FOR AIR  
10 SERVICES AT LAX. IF THE POSSIBILITIES OF LOSS WERE  
11 REAL, LAWA WOULD HAVE FLOODED US WITH STATISTICS AND  
12 CHARTS, WHAT IF THIS AIRLINE LEFT, WHAT IF THAT BUSINESS  
13 SEGMENT WAS LOST. THEY DIDN'T. THE LOSSES ARE  
14 FICTITIOUS. LAWA USES JOB LOSSES AS A SCARE TACTIC TO  
15 ENLIST WORKERS' UNION SUPPORT FOR THEIR BAD PLAN.

16 THIS LAWA PLAN WILL DEVASTATE NEIGHBORHOODS.  
17 THEY HAVE A RING ROAD OFFRAMP AT EMERSON, AT CLOVERLEAF,  
18 AND DOWNTOWN WESTCHESTER? THEY SNEAK IN ZONING  
19 APPROVALS ON THE SUBDIVISION.

20 THE FACILITATOR: CAN YOU CLOSE PRETTY QUICK?

21 MS. JOANNE POYOUROW: OKAY.

22 BASICALLY WE NEED REGIONAL SOLUTIONS HERE.

23 THIS PLAN IS NOT A PLAN FOR THE REGION. IT OVERDEVELOPS  
24 ONE HIGHLY IMPACTED SITE AND FALSELY CLAIMS THE OTHER  
25 AIRPORTS' LIMITATIONS ARE GREATER. LAWA SHOULD GO BACK

1 TO THE DRAWING TABLE, AND THEY SHOULD WORK WITH OTHER  
2 CITIES TO DEVELOP A TRUE REGIONAL PLAN.

3 THE FACILITATOR: THANK YOU.

4 I'LL BE SENSITIVE. IF SOMEONE WANTS TO KEEP  
5 GOING, WE'LL LET THEM GO.

6 MARTIN CHAVEZ I CALLED EARLIER. SECOND CALL.  
7 ART SAMLINSON SECOND CALL.

8 OKAY. TIM CHILTON. NEXT IS TOM FRANCIS.

9 MR. TOM FRANCIS: MY NAME IS TOM FRANCIS, AND  
10 I'M ALSO HERE ON BEHALF OF THE BALLONA WETLANDS LAND  
11 TRUST, AND I WANT TO START BY SAYING THAT I WAS BORN  
12 HERE. I'M A NATIVE. BOTH MY PARENTS ARE ALSO  
13 CALIFORNIA NATIVES, AND EARLY IN MY LIFE IN THE 60'S, WE  
14 LIVED ON A STREET CALLED DOVILLE AVENUE, AND MOST PEOPLE  
15 DON'T KNOW WHERE DOVILLE AVENUE IS BECAUSE IT ISN'T  
16 THERE ANYMORE, BUT IT WAS IN THE AREA THAT WAS ACTUALLY  
17 TAKEN OVER BY EMINENT DOMAIN BY THE LOS ANGELES  
18 INTERNATIONAL AIRPORT. SO I USED TO LIVE IN PLAYA DEL  
19 REY UNTIL THE L.A. AIRPORT TOOK OUR HOUSE. SO STARTING  
20 THERE, I ALREADY HAVE A RESENTMENT TOWARDS LAX.

21 BUT TO GO ON TO OTHER TOPICS, JONATHAN AURTHUR  
22 COVERED A LOT OF THE THINGS THAT I'M CONCERNED ABOUT FOR  
23 THE LAND TRUST, BUT I'M GOING TO FILL IN A FEW THINGS  
24 THAT I THINK HE MAY HAVE MISSED.

25 ONE IS I'M VERY CONCERNED ABOUT THE CUMULATIVE

1 IMPACTS THAT WOULD OCCUR BETWEEN THE PROPOSED PLAYA  
2 VISTA PROJECT, THE PROPOSED MARINA DEL REY EXPANSION,  
3 THE PROPOSED LAX EXPANSION, AND ALSO WHAT'S GOING ON  
4 WITH THE HOWARD HUGHES DEVELOPMENT. IT DOESN'T SEEM  
5 THAT THERE'S REALLY A REGIONAL PERSPECTIVE HERE ON ALL  
6 THE IMPACTS OF ALL THESE DIFFERENT DEVELOPMENTS.  
7 EVERYONE SEEMS TO HAVE A MITIGATION PLAN, BUT THEY'RE  
8 ALL KIND OF IGNORING EVERYONE ELSE'S DEVELOPMENT. I  
9 THINK THAT'S VERY DISINGENUOUS, AND I THINK IT'S A REAL  
10 SLAP IN THE FACE TO THE PEOPLE WHO LIVE IN THIS AREA.

11 ANOTHER THING I'M CONCERNED ABOUT IS THE  
12 ADDITIONAL NOISE AND POLLUTION THAT WOULD BE GENERATED  
13 BY THE PROPOSED EXPANSION WOULD ADVERSELY IMPACT THE  
14 BALLONA WETLANDS ECOSYSTEM AND THE WILDLIFE THERE.

15 LET'S SEE WHAT ELSE. JUST TO SPEAK OF THE  
16 PLAYA VISTA PROJECT ALONE, JUST THE IMPACTS OF PLAYA  
17 VISTA ON THE 405 IF BUILT AS PLANNED, THERE WOULD BE  
18 28 PERCENT MORE TRAFFIC ON THE 405. IF YOU ADD THIS TO  
19 WHAT THEY WANT TO DO AT LAX, I DON'T I SEE HOW THAT'S  
20 GOING TO WORK.

21 THE OTHER THING TO THINK ABOUT IS LINCOLN  
22 BOULEVARD, OKAY, AND SEPULVEDA. IF PLAYA VISTA IS  
23 BUILT, JUST PLAYA VISTA ALONE WOULD ADD 86 PERCENT TO  
24 THE TRAFFIC ON LINCOLN BOULEVARD. HOW DO YOU MIX THAT  
25 IT LAX? I JUST DON'T UNDERSTAND IT.

1                    THEN LASTLY I THINK THERE WAS A WOMAN EARLIER  
2                    THAT SPOKE ABOUT VIOLENCE, AND I'M VERY CONCERNED ABOUT  
3                    VIOLENCE. IT'S A WELL-KNOWN FACT THAT IF PEOPLE THAT  
4                    LIVE IN A PARTICULAR COMMUNITY DO NOT HAVE A ENOUGH OPEN  
5                    SPACE TO RECREATE AND JUST, YOU KNOW, RELAX A LITTLE  
6                    BIT, THEN VIOLENCE INCREASES, OKAY. LOS ANGELES, THE  
7                    LOS ANGELES METROPOLITAN AREA IS THE MOST UNDERPARKED  
8                    METROPOLITAN AREA IN THE ENTIRE NATION. IT HAS THE  
9                    ABSOLUTE LOWEST OPEN SPACE TO RESIDENT RATIO IN THE  
10                    ENTIRE NATION. OKAY. A LOT OF PEOPLE THINK NEW YORK IS  
11                    VERY DENSE AND OVERCROWDED. WELL, GUESS WHAT? THEY  
12                    HAVE MORE OPEN SPACE THAN WE DO. NEW YORK CITY HAS MORE  
13                    OPEN SPACE THAN LOS ANGELES. SO I JUST CAN'T UNDERSTAND  
14                    WHY WE WOULD BE EXPANDING OVER ANYMORE OPEN LAND,  
15                    SPRAWLING OVER ANY LAND THAT WE HAVE LEFT. ANY LAND WE  
16                    HAVE LEFT WE NEED TO LEAVE FOR THE WILDLIFE AND FOR  
17                    RECREATION. THANK YOU.

18                    THE FACILITATOR: THANK YOU.

19                    DENNIS OLSON FOLLOWED BY WILLIAM CONLIN.

20                    NOT SEEING DENNIS OLSON, WILLIAM CONLIN.

21                    MR. WILLIAM CONLIN: BEAR WITH ME. I'M VERY  
22                    NERVOUS ABOUT THIS. MY NAME IS WILLIAM CONLIN. I LIVE  
23                    BETWEEN ARBOR VITAE AND AIRPORT. MY AREA IS TARGETED TO  
24                    BE TAKEN. I'VE LIVED IN WESTCHESTER FOR 41 YEARS. MY  
25                    HOUSE WAS TAKEN IN THE 70'S. NOW THEY WANT TO TAKE IT

1           AGAIN.  I DO NOT LIKE THAT.  COULD YOU FIGURE OUT  
2           SOMETHING ELSE TO DO?  TAKE A HOTEL, TAKE A BUILDING,  
3           TAKE SOMETHING ELSE.  WE LIKE IT HERE IN WESTCHESTER.  
4           WE DON'T WANT MORE HOUSES TAKEN.  WE DON'T WANT  
5           WESTCHESTER TO BE KNOWN AS LAX-VILLE.  OKAY.  PLEASE  
6           DON'T TAKE IT.  LEAVE IT ALONE.  WE DON'T NEED THIS.  
7           THANK YOU.

8                         THE FACILITATOR:  VERY SHORT BUT VERY TO THE  
9           POINT.

10                        MARY HOLLIFIELD FOLLOWED BY LEN -- GET IT  
11           RIGHT.  THERE'S LEN.  I CAN'T READ THE LAST NAME.  
12           S-L-P-T?

13                        MR. LEN SLOPEL:  THAT'S ME.

14                        THE FACILITATOR:  I'M SORRY I DIDN'T GET THE  
15           NAME RIGHT.

16                        MR. LEN SLOPEL:  I'M LEN SLOPEL AND A RESIDENT  
17           OF LOS ANGELES.  I LIVE ON SOUTH HOLT STREET.  I'M NOT  
18           GOING TO BE VERY POPULAR, BUT I'M GOING TO STAND UP IN  
19           SUPPORT OF THE MASTER PLAN.  I THINK WE DON'T HAVE THE  
20           OPTION OF DOING NOTHING.  I'M MOST FEARFUL OF DOING  
21           NOTHING.  GROWTH IS NOT SOMETHING THAT WE CAN CONTROL  
22           ALL THE TIME, AND HAVING NO PLAN AND JUST ALLOWING  
23           GROWTH TO HAPPEN I THINK IS THE MOST UNSAFE, AND  
24           ALTHOUGH THERE ARE CERTAINLY OPPORTUNITIES FOR  
25           DISCUSSIONS BETWEEN GROUPS ABOUT WHAT THE BEST WAY TO

1 HANDLE THE MODERNIZATION OF LAX IS, I'M MOST SCARED OF  
2 DOING NOTHING. AND I JUST WANTED TO SAY THAT. THANK  
3 YOU.

4 THE FACILITATOR: YOU'RE A BRAVE SOUL.

5 NEXT IS DENNIS OLSON FOLLOWED BY TOMMY BLAIR.

6 MR. DENNIS OLSON: THANK YOU. MY NAME IS  
7 DENNIS OLSON, AND I REPRESENT TWO TRADE ORGANIZATIONS  
8 FOR THE AIRLINES SERVING LAX. THESE TRADE ORGANIZATIONS  
9 REPRESENT ALL OF THE CARRIERS AT THE AIRPORT, FOREIGN  
10 AND DOMESTIC, AND ARE THE ONES THAT CARRIED THE  
11 67 MILLION PASSENGERS LAST YEAR AT LAX. WE ARE  
12 SUBMITTING A STATEMENT IN SUPPORT OF THE MASTER PLAN,  
13 AND I'D LIKE TO READ THOSE VIEWPOINTS.

14 ONE, THE AIRLINES VIEW THE MODERNIZATION AND  
15 IMPROVEMENT OF LAX AS A PROJECT OF NATIONAL AND  
16 INTERNATIONAL SIGNIFICANCE AND WILL ENCOURAGE SUPPORT  
17 FOR THE PLAN AND ITS FUNDING WITH FEDERAL AND STATE  
18 AGENCIES AS APPROPRIATE.

19 TWO, THE AIRLINES RECOGNIZE THE ROLE OF EACH  
20 COMMERCIAL AIRPORT IN SOUTHERN CALIFORNIA IN PROVIDING  
21 AIRPORT CAPACITY AND SUPPORT AIRPORT PLANNING FROM A  
22 REGIONAL PERSPECTIVE AS DICTATED BY MARKET FORCES.

23 THREE, THE AIRLINES ALSO RECOGNIZE THE UNIQUE  
24 ROLE THAT LAX PLAYS IN MEETING THE REGION'S PASSENGER  
25 AND CARGO AIR SERVICE DEMANDS AND SERVING AS A MAJOR

1 INTERNATIONAL GATEWAY.

2 FOUR, WHILE LAX CANNOT AND SHOULD NOT BE  
3 EXPECTED TO ACCOMMODATE ALL OF THE FUTURE AIR  
4 TRANSPORTATION DEMANDS IN SOUTHERN CALIFORNIA, IT IS  
5 ALSO UNDERSTOOD THAT THE UNIQUE LAX INFRASTRUCTURE  
6 CANNOT BE REPLICATED ELSEWHERE IN THE REGION. UNDER ANY  
7 REGIONAL PLANNING SCENARIO, THE LAX --

8 THE FACILITATOR: GIVE HIM A CHANCE, PLEASE.

9 THE AUDIENCE: WHY?

10 THE FACILITATOR: HE'S GOT SOME INFORMATION YOU  
11 MAY WANT HEAR.

12 MR. DENNIS OLSON: UNDER ANY REGIONAL PLANNING  
13 SCENARIO, THE LAX INFRASTRUCTURE SHOULD BE MODERNIZED  
14 AND UPGRADED TO ACCOMMODATE ITS REASONABLE SHARE OF THE  
15 ADDITIONAL DEMANDS.

16 FIVE, THE AIRLINES ALSO ENDORSE THE  
17 MODERNIZATION OF LAX AS A KEY ELEMENT OF THE GROWING  
18 GLOBAL TRADE AND TOURISM THAT BENEFITS ALL SOUTHERN  
19 CALIFORNIA.

20 SIX, THE AIRLINES BELIEVE THAT THE RECOMMENDED  
21 CONCEPTUAL MASTER PLAN PROPOSED BY LAWA IS A REASONABLE  
22 AND NECESSARY STEP TOWARDS A LONG-TERM PLAN TO IMPROVE  
23 LAX SUBJECT TO A FISCALLY RESPONSIBLE FINANCIAL PLAN  
24 WHICH FULLY MAXIMIZES PFC'S, FEDERAL, STATE, AND LOCAL  
25 FUNDING.

1 SEVEN, THE AIRLINES UNDERSTAND THAT ANY MAJOR  
2 IMPROVEMENTS AT LAX WILL INCLUDE APPROPRIATE GROUND  
3 ACCESS, ENVIRONMENTAL, AND OTHER MITIGATION MEASURES.

4 EIGHT, THE AIRLINES ARE COMMITTED TO CONTINUED  
5 PARTICIPATION WITH LAWA IN ALL ASPECTS OF THE LAX MASTER  
6 PLAN PROCESS.

7 THANK YOU.

8 THE FACILITATOR: DO YOU HAVE WRITTEN COMMENTS  
9 BY THE WAY?

10 MR. DENNIS OLSON: YES, SUBMITTED EARLIER.

11 THE FACILITATOR: IF YOU WANT TO BOO, GO AHEAD  
12 AND BOO.

13 THE AUDIENCE: BOO.

14 THE FACILITATOR: BECAUSE WE HAD ONE MINUTE  
15 LEFT.

16 TOMMY BLAIR IS NEXT. TOMMY BLAIR.

17 THE AUDIENCE: HOW ABOUT A REBUTTAL?

18 THE FACILITATOR: I'LL BET WE'LL GET SOMEBODY  
19 THERE.

20 TOMMY BLAIR? WE'VE ALREADY HAD A SAM  
21 RESNICK.

22 WE'VE ALREADY HAD A BUNCH OF REBUTTALS.

23 SHELDON FISHER?

24 THEY'LL BE CALLED AGAIN. SO IF YOU KNOW THEM,  
25 MAKE SURE YOU TELL THEM IF THEY'RE OUTSIDE. BARTON

1 SHARPKIN. I KNOW HE'S NOT HERE. VAL VELASCO HAS BEEN  
2 WAITING FOREVER.

3 THE AUDIENCE: HE ALREADY SPOKE.

4 THE FACILITATOR: OH, OKAY. THEN IT'S JULIE  
5 INOUE. RIGHT -- THERE SHE IS.

6 MS. JULIE INOUE: I'M JULIE INOUE. I LIVE ON  
7 VISTA DEL MAR IN PLAYA DEL REY. I'M HERE IN REGARDS TO  
8 THE VISTA DEL MAR NEIGHBORS ASSOCIATION.

9 WITH RESPECT TO THE OVERALL PROJECT, WE ARE IN  
10 FAVOR OF A REGIONAL ALTERNATIVE TO EXPANDING LAX'S  
11 GROWTH. THIS REGIONAL APPROACH CANNOT BE EFFECTIVE  
12 UNLESS ONE OF TWO THINGS OCCURS: A, AS THE FACILITIES  
13 OWNED BY THE CITY OF LOS ANGELES WHICH SERVE THE SAME  
14 MARKET, ARGUABLY ONTARIO OR PALMDALE, THE CITY MAY BE  
15 ABLE TO ALLOCATE CERTAIN OPERATIONS UNDER A SERIES OF  
16 CASES KNOWN AS THE PERIMETER RULE CASES, DEALING WITH  
17 THE PROPRIETORS' POWER TO ALLOCATE COVENLY-OWNED  
18 FACILITIES; B, BY AGREEMENT WITH ALL INTERESTED PARTIES  
19 INCLUDING PRESENT AND PROSPECTIVE AIRLINE USERS, THE  
20 CITY AND THE DOT, FAA, FEDERAL APPROVAL OF SOME REGIONAL  
21 ALLOCATION SCHEME MIGHT BE OBTAINED.

22 THE LAX EXPANSION PROJECT IMPACT ON PLAYA DEL  
23 REY IN WESTCHESTER IS THE OBVIOUSLY FACTOR THAT GROWTH  
24 ALWAYS HAS AN IMPACT, AND WE BELIEVE THAT THE EIS/EIR IS  
25 CAVALIER IN ITS TREATMENT BY PROPOSING THE MOVING OF THE

1       OUTBOARD NORTH RUNWAY 300 FEET TO THE NORTH. AS WE READ  
2       THE DOCUMENT, THERE ARE ABSOLUTELY NO MITIGATION  
3       MEASURES WHICH WOULD ENSURE THAT SUCH MOVEMENT WOULD NOT  
4       CREATE GREATER NOISE IMPACTS IN TWO RESPECTS. ONE, THE  
5       OPERATIONS ON THE OUTBOARD RUNWAY MAY BE CLOSER TO  
6       HOMES. TWO, THERE WOULD BE INCREASED OPERATIONS ON THE  
7       INBOARD NORTHERN RUNWAY WHICH WOULD BE PROMOTED BY THE  
8       GREATER SEPARATION BETWEEN THE TWO RUNWAYS.

9               THE BASIS FOR THE REPORT'S CONCLUSION THAT NO  
10       INCREASE OF NOISE WOULD OCCUR IS THE ASSUMPTION THAT THE  
11       OUTBOARD RUNWAY WOULD BE USED ALMOST EXCLUSIVELY FOR  
12       ARRIVALS WHERE THE NOISE TO THE NORTH ON THE WEST END IS  
13       MINIMAL. UNLESS WE HAVE A BINDING COMMITMENT TO SUCH  
14       UTILIZATION, THERE IS ABSOLUTELY NO ASSURANCE THAT IT  
15       WILL BE MAINTAINED IN FACT.

16               THE REPORT ALSO FAILS TO ADEQUATELY TAKE INTO  
17       ACCOUNT THE NOISE IMPACTS OF THE INCREASED OPERATIONS OF  
18       LARGE WIDE-BODY AIRCRAFT ON THE INBOARD NORTHERN RUNWAY  
19       WHICH WOULD BE ALLOWED BY REASONS OF THE RUNWAY  
20       RELOCATION.

21               WE FEEL THESE TWO MATTERS ARE POTENTIALLY  
22       SERIOUS FLAWS FOR OUR COMMUNITIES OF PLAYA DEL REY AND  
23       WESTCHESTER. WE UNDERSTAND THAT UNDER THE FEDERAL LAW  
24       THE CITY OF LOS ANGELES CANNOT BAR ANY OPERATIONS AT ITS  
25       AIRPORTS. THE ONLY LEGALLY PERMISSIBLE CONSTRAINTS ARE

1 THOSE WHICH ARE CAUSED BY FACILITY LIMITATIONS. SO IN  
2 THE CASES OF LAX, GIVEN THE DEMAND PROJECTED IF YOU  
3 BUILD IT, IT BEING THE LAND SIDE OR AIR SIDE  
4 IMPROVEMENTS, THEY WILL COME, AND THEY WILL USE IT.

5 WE, THEREFORE, GO ON RECORD ON THIS 9TH DAY OF  
6 JUNE 2001 TO OPPOSE ANY LAX IMPROVEMENTS WHATSOEVER AND  
7 SUPPORT FEDERAL, LOCAL, REGIONAL PLANNING. THANK YOU.

8 THE FACILITATOR: NEXT IS LINDA PIERCE FOLLOWED  
9 BY KENT STRUMPELL.

10 KENT STRUMPELL.

11 MR. KENT STRUMPELL: KENT STRUMPELL,  
12 WESTCHESTER. 6483 NANCY STREET IN WESTCHESTER. I GREW  
13 UP IN WESTCHESTER. I WENT TO OSAGE AVENUE SCHOOL, AND I  
14 WANT TO CRITICIZE THE ADEQUACY OF THE EIR BECAUSE OF ITS  
15 FAILURE TO EXPLORE VIABLE ALTERNATIVE TRANSPORTATION  
16 MODES, NAMELY HIGH-SPEED RAIL. MANY OF YOU MAYBE SAW  
17 THIS SIGN AND WONDERED THE RELEVANCY OF THIS WAS. I  
18 WOULD LIKE TO EXPLAIN TO YOU AND TO THE GENTLEMEN FROM  
19 THE AIRLINE ASSOCIATION, IF YOU'RE NOT LEAVING, SIR, I  
20 GOT A BUSINESS OPPORTUNITY FOR YOU.

21 ANYHOW, EXPANSION OF LAX IS NEEDED TO OR IS  
22 BEING CONSIDERED TO ADDRESS OUR TRANSPORTATION NEEDS,  
23 AND A BIG PART OF OUR LOCAL TRANSPORTATION IS REGIONAL  
24 TRANSPORTATION. IN FACT, THE EIR STATES THAT FULLY  
25 31 PERCENT OF AIR TRAFFIC, DOMESTIC AIR TRAFFIC AT LAX

1 GOES TO JUST FIVE WESTERN CITIES -- SAN FRANCISCO,  
2 SACRAMENTO, OAKLAND, SAN JOSE, AND LAS VEGAS. ALL COULD  
3 BE SERVED BY HIGH-SPEED RAIL.

4 THE EIR ACKNOWLEDGES THAT THERE IS A CALIFORNIA  
5 HIGH-SPEED RAIL AUTHORITY FUNDED BY THE STATE WHICH IS  
6 NOW STUDYING TO IMPLEMENT A SYSTEM OF HIGH-SPEED RAIL  
7 TRANSPORTATION THROUGHOUT THE STATE. THE EIR ALSO  
8 ACKNOWLEDGES THAT THIS SYSTEM WOULD SERVICE SAN  
9 FRANCISCO, SACRAMENTO, SAN DIEGO, BAKERSFIELD, PALMDALE.  
10 THAT'S WHAT'S BEING ENVISIONED. THE ENTIRE 700-MILE  
11 SYSTEM COULD BE CONSTRUCTED IN ABOUT 10 TO 15 YEARS.

12 WHAT THE EIR DOES NOT STATE IS THAT HIGH-SPEED  
13 RAIL HAS FAR LESS IMPACT ON OUR COMMUNITIES THAN  
14 AVIATION DOES. IT DOES NOT COMPARE THE ENVIRONMENTAL  
15 IMPACT. IT DOES NOT INDICATE THAT HIGH-SPEED RAIL HAS  
16 ZERO EMISSIONS WHERE IT PASSES THROUGH OUR COMMUNITIES.  
17 IT DOES NOT HAVE THE HUGE NOISE FOOTPRINT OF AVIATION  
18 AND IS FAR MORE ENERGY EFFICIENT. NONETHELESS, THE EIR  
19 HAS DETERMINED THAT HIGH-SPEED RAIL IS NOT FEASIBLE OR  
20 PRACTICAL PRIMARILY BECAUSE IMPLEMENTATION WOULD TAKE 10  
21 TO 15 YEARS, AND APPARENTLY THE AIRPORT IS LOOKING AT  
22 VERY SHORT-TERM NEEDS UNFORTUNATELY. BUT WHEN WE'RE  
23 CONSIDERING THE EFFECT THAT THE EXPANSION OF LAX WILL  
24 HAVE ON OUR REGION, 10 TO 15 YEARS IS NOT VERY LONG AT  
25 ALL TO BE LOOKING AT VIABLE ALTERNATIVES.

1                   THEREFORE, AN EIR THAT DOES NOT INCLUDE THE  
2                   HIGHLY DESIRABLE AND VIABLE ALTERNATIVE OF HIGH-SPEED  
3                   RAIL IN ASSESSING HOW WE SHOULD MEET OUR TRANSPORTATION  
4                   NEEDS IS NOT AN ADEQUATE DOCUMENT. I SUGGEST THAT LAX  
5                   AND THE AIRLINE, WHOSE REPRESENTATIVE JUST LEFT, REALLY  
6                   MAKE A COMMITMENT TO EXPLORING HOW HIGH-SPEED RAIL CAN  
7                   BE A VIABLE COMPONENT OF MEETING OUR TRANSPORTATION  
8                   NEEDS INSTEAD OF JUST FOCUSING SOLELY ON AVIATION. I  
9                   SUGGEST THAT THE AIRPORT AND THE AIRLINES GET INTO THE  
10                  HIGH-SPEED RAIL BUSINESS. THANK YOU VERY MUCH.

11                  THE FACILITATOR: LINDA PIERCE. I BELIEVE I  
12                  ALREADY CALLED HER. JUDD WINNER? ROBERT FEIST?  
13                  SALVADOR FORGADAS? MURIEL GREEN. I THINK I SAW HER  
14                  EARLIER. MURIEL GREEN.

15                  WE WILL CALL THESE NAMES AGAIN WITHIN FIVE  
16                  MINUTES, AND THE LAST TWO THAT I CALLED BEFORE WAS  
17                  MARTIN CHAVEZ, LAST CALL. THIRD CALL. ART SAMLINSON.  
18                  WE'LL KEEP THESE NAMES. IF THEY COME IN LATER, WE'LL  
19                  LET THEM SPEAK.

20                  GUS SIAMES.

21                  MR. GUS SIAMES: EXPLAIN TO THESE PEOPLE,  
22                  EXPLAIN WHY WE WERE MOVED AS CATTLE INTO THIS SMALLER  
23                  ROOM. HALF OF THE PEOPLE HAVE GONE HOME. REAL NOBLE  
24                  ONES REMAIN. AND RUTH GALANTER WENT HOME IMMEDIATELY.

25                  MY NAME IS GUS SIAMES. BUILT OUR HOUSE, MY

1 WIFE AND I, IN 1949 BECAUSE THE AIRPORT WAS HERE AND  
2 BECAUSE THE POLITICIANS WERE NOT HERE. THEY CAME AFTER  
3 COUNCILMAN TIMBERLAKE RESIGNED WHEN THEY TRIED TO PUSH  
4 HIM IN, AND HE PIGEON-HOLED IT, AND THEY TRIED TO PUSH  
5 HIM INTO THIS RUSTLE RAPE OF WESTCHESTER AND SUBSEQUENT  
6 COUNCILWOMEN RAPES OF WESTCHESTER POSING POLITICALLY AS  
7 ON OUR SIDE AND HELD OUR HANDS WHILE THOSE HOMES WERE  
8 WIPED OUT.

9 AND THE WESTCHESTER ELEMENTARY SCHOOL I TAUGHT  
10 AT, THOSE KIDS AND 10,000 OTHERS WERE WIPED OUT. MY  
11 HOME WAS NEVER AFFECTED, BUT IT AFFECTED ME BECAUSE I AS  
12 A WORLD WAR II VETERAN, BY GOD, WE FOUGHT FOR PROPERTY  
13 RIGHTS, AND POLITICAL CONFISCATION WAS WRONG.

14 SO THE SCIENTIFIC ASPECTS HAVE BEEN MORE THAN  
15 COVERED BY THIS GROUP AND THE FLAWS IN IT.

16 LET ME GET INTO THE RUTHLESS POLITICAL  
17 MISREPRESENTATION THAT HAS DESTROYED A DEMOCRACY OF THE  
18 PEOPLE. THERE COULD BE NO QUESTION THAT THOUSAND -- AND  
19 I WOULD COMPLIMENT YOUR STAFF BUT YOU ARE -- WE'RE  
20 SPEAKING TO YOU, BUT YOU ARE NOT THE ONES BEHIND THE  
21 WALL. SADLY YOU HAVE TO TAKE OUR GUFF BECAUSE YOU'RE  
22 VERY PROFESSIONAL. THERE CAN BE NO QUESTION THAT  
23 THOUSANDS OF PROFESSIONAL HIGHLY QUALIFIED CIVIL SERVICE  
24 PERSONNEL OBEYED THE POLITICIANS' ORDERS TO WORK WITH  
25 OUTSIDE CORPORATE CAMPAIGN CASH CONTRIBUTORS AS

1 CONSULTANTS FOR THE PAST FIVE YEARS TO PRODUCE THIS  
2 20-VOLUME PLAN THAT WILL PRODUCE BILLIONS OF DOLLARS OF  
3 POLITICIANS' AND CORPORATE PERSONAL PROFIT AT THE  
4 TAXPAYERS' EXPENSE.

5 THE REAL QUESTION IS: WHY AREN'T THOSE SAME  
6 POLITICAL SPECIAL INTEREST GROUPS HERE HERDED IN WITH  
7 THESE TAXPAYERS WHO HAVE TO PAY FOR THIS TO ALSO SPEAK  
8 PUBLICLY IN FAVOR OF THEIR OWN POLITICALLY ORDERED  
9 BUREAUCRATIC BILLION-DOLLAR BACK-ROOM PLAN THAT THEY IN  
10 FINAL POLITICAL CLOSURE HAVE NOW SET BEFORE US TO REVIEW  
11 AND PUBLICLY COMMENT BY THE THOUSANDS IN BUT LESS THAN  
12 FIVE HOURS.

13 THIS IS NOT AN ENVIRONMENTAL IMPACT PLAN THAT  
14 WILL BE POLITICALLY IMPLEMENTED AT SOME DATE IN THE  
15 FUTURE. THIS IS A POLITICIAN'S PLAN THAT HAS ALREADY  
16 CONFISCATED AND BULLDOZED CITIZENS' HOMES AND PRIVATE  
17 PROPERTY IN THE WESTCHESTER'S 90045 MANCHESTER SQUARE  
18 FOR THE PAST THREE YEARS WITH GALANTER'S APPROVAL. SHE  
19 DOES ADMIT -- YOU MUST RECOGNIZE, IF YOU'RE GOING TO  
20 SOLVE THE PROBLEM, YOU MUST RECOGNIZE WHAT THE PROBLEM  
21 IS. SHE DOES ADMIT THAT THE MAYOR AND THE CITY COUNCIL  
22 DO POLITICALLY APPOINT AND APPROVE EVERY AIRPORT  
23 COMMISSIONER, EVERY ONE OF THEM. YOU CANNOT SAY THAT  
24 THEY ARE THE ENEMY WHEN YOU HAVE APPOINTED THEM. AND  
25 NOW, WE THOUSANDS OF CITIZENS ARE GIVEN LESS THAN FIVE

1 HOURS TO SPEAK, TO SPEAK ON THIS ALREADY IMPLEMENTED  
2 ENVIRONMENTAL PROPOSAL. IT'S NOT A PROPOSAL. IT'S  
3 SOMETHING IN FACT. FOR YOU IT'S A PROPOSAL.

4 LET ME TAKE A BRIEF MOMENT TO POINT OUT THAT  
5 EVEN THE LITTLE GERMAN PAINTER AND HIS CO-CONSPIRING  
6 KRUPP CANNON-MAKING GERMAN REPUBLIC GAVE THE JEWS, THE  
7 POLES, AND THE CZECHS MORE THAN FIVE HOURS TO PUBLICLY  
8 SPEAK BEFORE THEIR ENVIRONMENTAL PLAN OF CORPORATE AND  
9 POLITICAL PROFITS WERE IMPOSED TO POLITICALLY PLUNDER  
10 THE PEOPLE'S ABSTRACT INALIENABLE HUMAN RIGHTS TO A  
11 DEMOCRACY OF OPEN SOCIETAL SELF-DETERMINATION ON THESE  
12 BASIC ENVIRONMENTAL ISSUES OF MANKIND'S RIGHT TO OWN  
13 PRIVATE PROPERTY VERSUS THE RULING MINORITY REPUBLIC'S  
14 POLICE STATE POWER.

15 THE FACILITATOR: THANK YOU, GUS.

16 MR. GUS SIAMES: TWO PEOPLE SAY TIME. MAY I  
17 CONTINUE WITH THE CONSENT OF THE MAJORITY?

18 THANK YOU.

19 THE FACILITATOR: ONE MORE MINUTE.

20 MR. GUS SIAMES: WELL, THANK YOU VERY MUCH.  
21 THOSE TWO ARE THE TYPE OF MINORITY THAT HAVE OVERRULED  
22 ANY INDIVIDUAL SPEAKING. YOU ASK WHERE THEY ARE FROM  
23 AND WHO THEY SUPPORT.

24 THE ENVIRONMENTAL ISSUES OF MANKIND'S RIGHT TO  
25 OWN PRIVATE PROPERTY VERSUS THE RULING MINORITY

1           REPUBLIC'S POLICE STATE POWER TO COVERTLY CO-CONSPIRE  
2           FOR FIVE YEARS WITH CORPORATE CASH CAMPAIGN CONTRIBUTORS  
3           FOR PERSONAL AND POLITICAL PROFIT. WE STILL  
4           OCCASIONALLY FIND A RARE HONORABLE STATESPERSON OF  
5           CONSCIENCE AMONG THE GANGS OF POLITICIANS WHO RULE AT  
6           THE TOP, BUT WE CAN ONLY HOPE A FEW MORE WILL RISE TO  
7           THE ENVIRONMENTAL CAUSE FOR THE PROTECTION OF CITIZENS'  
8           PROPERTY RIGHTS.

9                         INCIDENTALLY, THE LIST OVER THERE, BRAITHWAITE  
10           AND THE ENTIRE L.A. COUNTY BOARD OF SUPERVISORS BLOCKED  
11           THAT ARBOR VITAE TRANSITION TO THE AIRPORT, AND THIS IS  
12           A THANK YOU NOTE, IF YOU WANT TO SIGN YOUR NAME TO THANK  
13           THEM. THEY DID RISE AND PUT PRINCIPLE OVER POLITICS.  
14           GALANTER AS PRESIDENT OF THE CITY COUNCIL DID NOT FOR  
15           THE TWO WHO WANTED TO SHUT ME UP.

16                         THE FACILITATOR: VERY GOOD. GUS, THANK YOU  
17           FOR YOUR PROFESSIONAL PRESENTATION.

18                         MANDIE SANER. NOW SHE'S READY. SHE'S RIGHT IN  
19           THE FRONT ROW. GOOD DEAL. FOLLOWING HER WILL BE JOEL  
20           SIMON. FOLLOWING HIM WILL BE AVIVA, LINDSAY, CHELSEA  
21           SPANN.

22                         MS. MANDIE SANER-TRASK: WELL, TO SAY SOMETHING  
23           NEW, I WAS LOOKING AT THE CITY OF LOS ANGELES'S BUDGET,  
24           NOT BUDGET, BUT IT'S COMPREHENSIVE ANNUAL REPORT WHICH  
25           SHOWS WHAT THE FINANCES OF THE AIRPORT ARE. I'VE TRIED

1 TO UNDERSTAND WHY IT IS I'M HAVING PROBLEMS, AND IN THIS  
2 REPORT IT SAYS THAT YOU HAVE OVER ONE BILLION DOLLARS IN  
3 YOUR ACCOUNT, AND I DON'T THINK THAT THE PUBLIC KNOWS  
4 THAT THAT MONEY NEVER GOES INTO THE GENERAL FUND TO  
5 OFFSET ANYTHING. IT'S ALWAYS KEPT IN THEIR CONTROL, AND  
6 THAT'S PART OF OUR PROBLEM. WE NEED THE MONEY BACK INTO  
7 THE GENERAL FUND WHERE IT IS NEEDED. YOU WOULDN'T HAVE  
8 \$85 MILLION TO SPEND ON THESE REPORTS. WE DON'T NEED  
9 THESE REPORTS. YOU CAN SEE THE AIR CLEANERS THAT I  
10 BROUGHT YOU ARE THE AIR CLEANERS FROM THE --

11 THE FACILITATOR: LET HER GO AHEAD AND TALK,  
12 AND WE'LL DISPLAY THEM FOR YOU.

13 MS. MANDIE SANER-TRASK: I BOUGHT THE FANCIEST  
14 AIR-CLEANING SYSTEM I COULD GET, AND THEY'RE BLACKENED.  
15 AND SO FOR YOU TO TELL ME THAT I'M NOT -- THERE'S NO  
16 IMPACT IS PRETTY FOOLHARDY. YOU DON'T NEED AN  
17 \$85 MILLION REPORT TO TELL YOU THIS. I LIVE 3,000 FEET  
18 FROM WHERE YOU'RE SUPPOSED TO FLY OUT OF THIS PLACE, AND  
19 THAT'S WHAT I'M FACED WITH.

20 I DON'T APPRECIATE THE LIES IN THE REPORTS THAT  
21 YOU HAVE AND ESPECIALLY IN ALTERNATE C WHERE YOU'RE  
22 TELLING US THAT YOU'RE ADDING NO NEW RUNWAYS, WHEN, IN  
23 FACT, YOU'RE PUTTING IN A 12,000 FOOT RUNWAY, AND IT'S  
24 400 FEET FURTHER NORTH THAN THE ONE WE HAVE. I HAVE A  
25 PROBLEM WITH THAT. I'D LIKE TO KNOW EXACTLY WHERE THESE

1 SURVEYOR MARKS ARE. I'D LIKE FOR THE AIRPORT TO COME  
2 OUT AND SHOW ME WHERE THIS RUNWAY IS GOING TO BE, AND I  
3 WOULD LIKE TO SEE WHERE THE WESTCHESTER FREEWAY IS GOING  
4 TO BE, NOT THE ROAD THAT WE HAVE NOW. WE NEED TO KNOW  
5 WHAT IS BEING BUILT HERE, AND YOUR PLANS AND YOUR  
6 EXPLANATIONS ARE NOT ADEQUATE. WE WILL PROBABLY NEVER  
7 SEE THOSE -- NEVER SEE THOSE PLANS AGAIN THAT THEY HAD  
8 HERE TODAY. I HAVE HAD AN IMPOSSIBLE TIME TRYING TO  
9 FIND THE ONES THAT WE WE'RE SUPPOSED TO BE LOOKING AT TO  
10 COMPARE PLAN C TO WHAT EXISTS SO WE HAVE SOME GREAT IDEA  
11 OF WHAT'S GOING ON IN TOWN, AND I REALLY OBJECT TO  
12 THAT. THANK YOU VERY MUCH.

13 THE FACILITATOR: THANK YOU FOR BEING SO  
14 BRIEF.

15 JOEL SIMON. LINDSAY SPANN IS AFTER JOEL AND  
16 THEN JOE MC FADDEN.

17 MR. JOEL SIMON: HELLO. MY NAME IS JOEL SIMON.  
18 I'M DIRECTOR OF GOVERNMENT AFFAIRS FOR THE UNITED  
19 CHAMBERS OF COMMERCE FOR THE SAN FERNANDO VALLEY, A  
20 CONSORTIUM OF 21 CHAMBERS REPRESENTING OVER 8,000 SMALL  
21 BUSINESSES. THE UNITED CHAMBERS OF COMMERCE STRONGLY  
22 SUPPORTS THE RECOMMENDED LAX MASTER PLAN, AND URGES THE  
23 NEXT MAYOR OF LOS ANGELES, THE LOS ANGELES BOARD OF  
24 AIRPORT COMMISSIONERS, AND THE LOS ANGELES CITY COUNCIL  
25 TO MOVE FORWARD WITH TIMELY APPROVAL OF THIS PLAN.

1 UNITED CHAMBERS OF COMMERCE ALSO STRONGLY  
2 EMPHASIZES THAT THE TRAFFIC MANAGEMENT COMPONENT OF THE  
3 LAX PLAN SHOULD BE DONE FIRST SO THAT SYSTEM CAN HANDLE  
4 THE INCREASED TRAFFIC AND SUPPORTS EFFORTS TO EXPAND THE  
5 OUTLYING AIRPORTS AND ENCOURAGE WORKING WITH AIRLINES TO  
6 DEVELOP PALMDALE AIRPORT. THE LOS ANGELES BASIN'S  
7 ECONOMIC HEALTH IS DEPENDENT ON ITS TRANSPORTATION,  
8 INFRASTRUCTURE, AND AIR TRANSPORTATION IS A MAJOR  
9 COMPONENT OF THAT INFRASTRUCTURE. LAX IS THE REGION'S  
10 LEADING AIRPORT AND THE WEST COAST INTERNATIONAL  
11 GATEWAY. LAX IS A VITAL LINK FOR TRADE, TOURISM, CARGO,  
12 AND BUSINESS TRAVEL. AIR PASSENGER DEMANDS IN SOUTHERN  
13 CALIFORNIA WILL DOUBLE OVER THE NEXT 20 YEARS TO MORE  
14 THAN A 150 MILLION ANNUAL PASSENGERS. AIR CARGO DEMAND  
15 WILL MORE THAN TRIPLE TO NEARLY 9 MILLION TONS ANNUALLY  
16 BY 2020.

17 EVEN WITH THE MAXIMUM EXPANSION AND UTILIZATION  
18 OF OTHER AIRPORT FACILITIES AND SITES IN SOUTHERN  
19 CALIFORNIA, PASSENGER AND CARGO VOLUME AT LAX WILL  
20 CONTINUE TO GROW SIGNIFICANTLY. THE LAST MAJOR  
21 RENOVATION OF LAX WAS COMPLETED IN 1984, AND WITHOUT  
22 MODERNIZATION TO HANDLE PROJECTED PASSENGER, CARGO  
23 VOLUMES THE AIRPORT FACES FUTURE GRIDLOCK AND  
24 INTOLERABLE INCONVENIENCE FOR PASSENGERS, BUSINESSES,  
25 AND NEIGHBORS. FAILURE TO MODERNIZE LAX WILL MEAN A

1 LOSS TO LOS ANGELES BASIN OF 330,000 JOBS AND 33 BILLION  
2 IN INCOME ANNUALLY.

3 AFTER YEARS OF RESEARCH AND PLANNING, A  
4 COMPREHENSIVE RECOMMENDED MASTER PLAN HAS BEEN DEVELOPED  
5 BY LOS ANGELES WORLD AIRPORT STAFF AND CONSULTANTS TO  
6 PREPARE LAX TO FULFILL ITS MISSION THROUGH 2015. THE  
7 RECOMMENDED LAX MASTER PLAN ADDRESSES MAJOR SURFACE  
8 TRANSPORTATION CONCERNS AS WELL AS ACCOMMODATING AIR  
9 PASSENGER AND CARGO NEEDS. THE RECOMMENDED PLAN IS  
10 BASED ON SOUND PRINCIPLES AND CAREFUL REASONING.

11 FOR THESE REASONS, THE UNITED CHAMBERS OF  
12 COMMERCE SUPPORTS THE RECOMMENDED MASTER PLAN AND URGE  
13 YOU VOTE IN FAVOR OF ITS ADOPTION. PERSONALLY I WOULD  
14 LIKE TO URGE YOU TO OVERCOME THE NIMBY-ISM THAT IS  
15 PREVALENT HERE, THE PAROCHIALISM. I HAVE WATCHED IN  
16 SOUTH GATE WELL-INTENTIONED, ILL-INFORMED VOTERS  
17 OVERCOME A PLAN THAT PUT OUT CLEANER AIR THAN IT TOOK  
18 IN, AND AS A RESULT, WE HAVE ISSUES AS THE ENERGY  
19 CRISIS. IT'S A STANDOFF AND DO YOUR DUTY. THANK YOU.

20 THE FACILITATOR: THANK YOU VERY MUCH,  
21 EVERYBODY, FOR HOLDING BACK FOR SO LONG. IT JUST KIND  
22 OF BUILT UP. I SAW THE STEAM COMING OUT. ALWAYS  
23 REMEMBER TO KNOW THY ENEMY. SO LET THEM KEEP TALKING  
24 UNTIL YOU GET ALL THE FACTS, AND THEN YOU CAN START  
25 BOOING THEM.

1                   FOR PEOPLE WHO ARE COMING IN LATE, A LOT OF  
2                   PEOPLE HAVE COME IN LATE, AND I WANT THEM TO KNOW THEY  
3                   HAVE A YELLOW CARD THAT'S BLANK WAITING ON THE TABLE IF  
4                   THEY WANT TO FILL IT OUT. SO DON'T MISS THE OPPORTUNITY  
5                   BECAUSE WE'VE ALREADY HAD ABOUT TEN PEOPLE WHO HAVE NOT  
6                   BEEN ABLE TO COME UP HERE FOR WHATEVER REASON.

7                   JOE MC FADDEN IS NEXT, AND PATRICIA SAENZ IS  
8                   AFTER THAT. NO JOE MC FADDEN?

9                   PATRICIA SAENZ.

10                  MS. PATRICIA SAENZ: HELLO, I'M PATRICIA SAENZ.  
11                  IT'S LIKE "STREET SIGNS." A LOVELY LADY BY THE NAME OF  
12                  MICHELE CAME UP HERE, AND SHE SAID IT'S A SHAME TO PUT  
13                  MONEY OVER QUALITY TO LIFE, AKA, PLAYA VISTA. LAX HAS A  
14                  CHANCE TO DO THINGS BETTER. THAT'S A REGIONAL  
15                  SOLUTION. NOW, I LOVE LOS ANGELES, AND I LOVE LIVING  
16                  NEAR LAX, OR I WOULDN'T LIVE HERE. I LIKE THE BIG  
17                  PLANES. I LIKE BEING ON THEM, AND I LIKE WATCHING THEM  
18                  FLY. I GET POETIC ABOUT THOSE PLANES, BUT LET ME TELL  
19                  YOU SOMETHING. ENOUGH IS ENOUGH. OKAY?

20                  THERE'S ONLY SO MUCH SPACE, THERE'S ONLY SO  
21                  MUCH AIR SPACE, AND THERE'S ONLY SO MUCH GROUND SPACE.  
22                  I WOULD NOT TRY TO GIVE BIRTH TO 25 BABIES AT ONCE. I  
23                  LIVE SO CLOSE TO THE AIRPORT THAT I HAD TO DUCK ONCE.  
24                  THE PLANE WENT OVER MY BUILDING, AND THEY DON'T FLY OVER  
25                  MY BUILDING. OKAY. SO THAT'S WHERE WE'RE AT NOW WITH

1 THE CONGESTION IN THE AIR SPACE. OKAY. YOU HOLD THREE  
2 MEETINGS AT ONE TIME, AND AS WAS STATED EARLIER, SAN  
3 FRANCISCO AIRPORT, NEW YORK CITY, THEY HAVE THREE  
4 AIRPORTS. HOW ABOUT LOS ANGELES AREA HAVING THREE  
5 AIRPORTS? THE SIZE OF LAX ALREADY IS NOTHING TO COMPARE  
6 WITH THE SIZE OF LAX IN THIS AREA.

7 I MEAN LET'S GET REAL. AND NO MORE THREATS.  
8 WHAT IS THIS BUSINESS OF ALL OR NOTHING? WE EITHER GET  
9 THIS HUGE EXPANSION OR WE GET NOTHING. LET'S IMPROVE,  
10 LET'S MODERNIZE, LET'S PUT SOME MORE PALM TREES UP.  
11 LET'S PUT SOME MORE TREES UP TO MITIGATE THE POLLUTION,  
12 AND YOU KNOW, I WANT TO TELL YOU SOMETHING. I'M VERY  
13 CONCERNED BECAUSE I HAD TWO BEAUTIFUL YELLOW LABS. ONE  
14 DIED AT AGE SEVEN. HER LIVER SHRIVELED UP. THE OTHER  
15 DOG DIED AT AGE SIX FROM THYROID CANCER. AND I LOOK AT  
16 THESE DOGS, THEIR FEET WALKED ON THESE STREETS, AND  
17 THEIR NOSES SMELLED GAS, AND THEY'RE DEAD VERY YOUNG,  
18 AND NOBODY COULD UNDERSTAND WHY SUCH HEALTHY DOGS WOULD  
19 DIE SO YOUNG. HOW MANY OTHER ANIMALS HAVE DIED OF  
20 CANCER OR PEOPLE AROUND HERE? ENOUGH IS ENOUGH.

21 WE NEED BETTER PLANNING, WE NEED MODERNIZATION,  
22 YEAH, IMPROVE. BUT WE NEED BRAIN AND HEART EXPANSION.  
23 WE DON'T NEED ANY MORE LAX EXPANSION.

24 THE FACILITATOR: THANK YOU. NEISHA MYERS.  
25 ROY HEFNER TO BE FOLLOWED BY SANDRA BRAY.

1                   MR. ROY HEFNER: MY NAME IS ROY HEFNER. I'M A  
2                   CITIZEN OF WESTCHESTER, LIVING AT 6548 WEST 80TH PLACE.  
3                   I'M ALSO THE CHAIRMAN OF THE LAX AREA ADVISORY  
4                   COMMITTEE, HAVE BEEN ON THAT COMMITTEE FOR 26 YEARS. IT  
5                   IS THRILLING TO ME TO SEE SOMEBODY FINALLY SUPPORTING MY  
6                   STAND.

7                   IN 1978 THE AIRPORT INDICATED THAT THEY WERE  
8                   GOING TO LIMIT THE AIR GROWTH OF THAT AIRPORT TO  
9                   40 MILLION ANNUAL PASSENGERS WITH THE DEVELOPMENT OF  
10                  PALMDALE. IN 1983 OUR COMMITTEE FOUND IT TO BE  
11                  ABSOLUTELY IMPORTANT THAT WE NOTIFY THE BOARD OF AIRPORT  
12                  COMMISSIONERS THAT THEY WERE APPROACHING 40 MILLION  
13                  ANNUAL PASSENGERS. WE WENT AHEAD AND PUT INFORMATION IN  
14                  THE LOCAL NEWSPAPERS. WE COULD NOT GET THE WESTCHESTER  
15                  RESIDENTS TO BE TOO CONCERNED AT THAT TIME. BUT NOW  
16                  IT'S TERRIFIC TO SEE YOU.

17                  THE POINTS THAT I WAS GOING TO MAKE HAVE BEEN  
18                  MADE IN GENERAL, BUT THERE'S A FEW THINGS THAT I THINK  
19                  ARE EXTREMELY IMPORTANT THAT HAVE TO BE RE-EMPHASIZED.  
20                  WHETHER IT'S THE NO ACTION, NO PROJECT PLAN OR WHETHER  
21                  IT'S ALTERNATIVE A, B, OR C, THOSE FIGURES THAT YOU HAVE  
22                  OF 79 MILLION, 98 MILLION, AND 89 MILLION ARE  
23                  MEANINGLESS BECAUSE YOU KNOW AND WE KNOW THAT THERE IS  
24                  NO WAY YOU CAN STOP AT THAT PARTICULAR TIME. YOU COULD  
25                  NOT DO IT AT 40, AND YOU CANNOT DO IT THEN. THIS MASTER

1 PLAN IS REALLY NOT A MASTER PLAN BECAUSE BY THE TIME YOU  
2 GET FINISHED, IT'S GOING TO BE THE YEAR 2004 IF IT EVEN  
3 DIES, AND YOU'RE ONLY TALKING ABOUT DOING GOING 15 YEARS  
4 PREV -- OR AFTER THAT. WE'RE TALKING ABOUT A MASTER  
5 PLAN THAT SHOULD BE LOOKING AT 25, 40, AND 50 YEARS  
6 BECAUSE THEN WE CAN GO AHEAD AND SEE WHAT'S GOING TO  
7 REALLY HAPPEN TO OUR COMMUNITY WHEN THESE AIRPLANES  
8 CONTINUE TO GO.

9 I'M GOING TO ASK YOU TO STOP ME AT THREE  
10 MINUTES BECAUSE I HAVE A LOT OF THINGS THAT I CAN SAY  
11 AND I'LL JUST KEEP GOING.

12 THE FACILITATOR: YOU'VE GOT A MINUTE AND 15  
13 LEFT.

14 MR. ROY HEFNER: FINE.

15 THE EXPRESSION WHEN YOU SAY NO ADDITIONAL  
16 RUNWAY, THIS IS ONE OF THE BIGGEST PHONY DEALS THAT EVER  
17 CAME OUT OF MAYOR RIORDON'S MOUTH BECAUSE, IN ESSENCE,  
18 WE'RE GETTING A NEW RUNWAY, AND IT'S 350 TO 400 FEET  
19 CLOSER TO WESTCHESTER/PLAYA DEL REY. WE'RE GETTING A  
20 RUNWAY EXTENDED 2,900 FEET TO THE EAST, BUT DO YOU KNOW  
21 THEY'RE SUBTRACTING 1195 FEET TO THE WEST, AND THEY'RE  
22 GOING TO GO AHEAD AND MOVE ANOTHER RUNWAY? SO WE HAVE  
23 TWO REMODEL JOBS, AND ONE NEW ONE, AND THEY SAY IT'S NO  
24 ADDITIONAL RUNWAY. THEY ARE RIGHT. THERE ARE STILL  
25 JUST FOUR RUNWAYS.

1                   THEY SPENT A HUNDRED MILLION DOLLARS RECENTLY  
2                   IN ONTARIO TO BUILD A WONDERFUL TERMINAL. SO THEY CAN  
3                   SHOW US THAT THEY ARE REALLY CONCERNED WITH REGIONAL  
4                   ACTIVITY. DOES THAT COMPARE TO THE 11 OR 12 BILLION  
5                   DOLLARS THAT MAY BE SPENT UPON THE MASTER PLAN HERE AT  
6                   LAX? IF THEY WERE TO PUT FORTH THAT TYPE OF MONEY IN  
7                   ONTARIO, THEN MAYBE THAT AIRPORT COULD GO AHEAD AND  
8                   DEVELOP.

9                   I WOULD LIKE TO EMPHASIZE THAT THE WESTCHESTER/  
10                  LAX/MARINA DEL REY CHAMBER OF COMMERCE HAS NOT SUPPORTED  
11                  AND IT DOES NOT SUPPORT THE EXISTING EXPANSION PROGRAM  
12                  OF LAX. WITH THAT LAST GENTLEMAN CAME UP FROM THE  
13                  CHAMBER, I WANT TO EMPHASIZE THAT OUR CHAMBER OF  
14                  COMMERCE HAS NOT TAKEN THAT SAME STAND.

15                 THE FACILITATOR: TAKE 20 MORE SECONDS. GO  
16                 AHEAD.

17                 MR. ROY HEFNER: TODAY IN THE NEWSPAPER THE  
18                 AIRLINES SURPRISINGLY SUPPORTED THIS EXPANSION PROGRAM.  
19                 ONE OF THE THINGS THAT WE HAVE TO RECOGNIZE AND I'VE  
20                 RECOGNIZED THIS THROUGHOUT THE YEARS IS THAT THE  
21                 AIRLINES DETERMINE WHERE THEY WANT TO GO AND WHEN THEY  
22                 WANT TO GO, AND THEN EVERYBODY ELSE IS SUPPOSED TO BOW  
23                 DOWN TO THEM. THE FAA BOWS DOWN TO THEM. THEY GIVE  
24                 THEM MOST EVERYTHING THEY WANT. THE STATE OF CALIFORNIA  
25                 DOESN'T STOP THEM. THE ONLY WAY WE CAN STOP THEM HERE

1 IS ON A LOCAL LEVEL, AND IT MAY BE VERY INCONVENIENT  
2 WHEN THAT COMES ABOUT. BUT IF WE'RE GOING TO HAVE  
3 REGIONAL, WE'RE GOING TO HAVE TO HAVE SITUATIONS SO THAT  
4 THE AIRLINES SAY "IT'S NOT FEASIBLE FOR US TO FLY INTO  
5 LAX. WE MUST FLY INTO SOME OTHER LOCATION."

6 THANK YOU VERY MUCH.

7 (WHEREUPON, AT 6:00 P.M., THERE WAS A CHANGE IN  
8 REPORTERS.)

1 THE FACILITATOR: SANDRA BRAY.

2 MS. SANDRA BRAY: I DON'T LIVE IN MISSION VIEJO.  
3 I LIVE NEAR WILEY POST AND WILSON PARK AND I AM ANGRY.  
4 THREE-FOURTHS OF MY ADULT LIFE HAS BEEN SPENT IN  
5 WESTCHESTER. I KNOW THE HISTORY OF WHAT THIS LAWA HAS DONE  
6 WITH PAST EXPANSIONS. THEY HAVE LIED, BEEN DECEITFUL AND  
7 THEY HAVE BROKEN PROMISES OVER AND OVER AND NOW THEY ARE  
8 READY AGAIN, 25 YEARS LATER, TO RAPE WESTCHESTER OVER  
9 AGAIN. I AM MORE THAN FURIOUS. THEIR WORDS ARE ARROGANT  
10 AND CONTEMPTABLE, IN MY OPINION. YOU HAVE CAUSED ME AND  
11 MY NEIGHBORS UNACCEPTABLE STRESS AND YOU STILL ARE.

12 SINCE YOU HAVE STARTED, 57 HOMES IN YOUR  
13 COMMUNITY, AND MR. RITCHIE'S COMMENTS IN A DAILY BREEZE  
14 LAST NOVEMBER. "DO THEY WANT TO MOVE? PROBABLY NOT, BUT  
15 WE WILL PAY THEM." MONEY IS NOT THE ANSWER TO EVERYTHING.  
16 ABSOLUTELY IS NOT. THAT COMMENT TO ME WAS THE HEIGHT OF  
17 UNCARING ARROGANCE. I AM NOT UP HERE TO PLEAD WITH YOU.

18 I WANT YOU TO LISTEN TO ME VERY CAREFULLY.  
19 YOU WILL NOT DO THIS AGAIN. I AM NOT GOING TO BEG YOU.  
20 NOT NOW. NOT EVER. WE WILL FIGHT UNTIL WE WIN. YOU HAVE  
21 RAPED OUR COMMUNITY FOR THE LAST TIME. THE VERY LAST TIME.  
22 THIS IS WHERE IT STOPS FOREVER.

23 AND REMEMBER, MODERNIZATION ALSO MEANS  
24 EXPANSION. DON'T TAKE UP THEIR TERMS. THEY SAY  
25 MODERNIZATION. THEY STILL MEAN EXPANSION. SAME THING. I

1 AM NOT THANKING ANYONE FOR SPEAKING HERE. I AM FURIOUS.

2 THE FACILITATOR: GARY JOHANSEN TO BE FOLLOWED BY  
3 DANNA COPE TO BE FOLLOWED BY BRAD RAPSELL.

4 MR. GARY JOHANSEN: MY NAME IS GARY JOHANSEN. I  
5 LIVE OVER AT THE AIRPORT AND 74TH STREET. I HAD NO  
6 INTENTION OF SPEAKING HERE TODAY. AS I CAME IN AND AS I  
7 WAS LISTENING TO QUITE A FEW OF THE OTHER FOLKS, I WROTE  
8 DOWN A FEW NOTES AND THREW A YELLOW CARD IN. I HAVE BEEN A  
9 RESIDENT OF WESTCHESTER FOR ABOUT 15 YEARS NOW. A FREQUENT  
10 PASSENGER IN AND OUT OF LAX. I HAVE FLOWN IN AND OUT OF A  
11 LOT OF OTHER AIRPORTS.

12 I THINK THERE'S A REASON WHY KANSAS CITY  
13 AIRPORT IS 35 MILES NORTH OF TOWN. I THINK THERE'S A  
14 REASON WHY THE VFW IS SO FAR FROM FORT WORTH AND DALLAS SO  
15 NOBODY HAS TO DEAL WITH THAT. THERE'S REASON WHY A LOT OF  
16 OLDER INNERCITY AIRPORTS HAVE NOT BEEN EXPANDED AND THEY  
17 THINK THAT LAX IS A PERFECT EXAMPLE OF WHAT HAPPENS WHEN  
18 THIS SORT OF PSYCHOLOGY -- I DON'T KNOW WHAT ELSE TO CALL  
19 IT. SOMEHOW OR OTHER THERE IS THE BELIEF THAT LAX WILL  
20 CONTINUE TO ABSORB THE SURROUNDING COMMUNITIES IN THE  
21 WAY THAT IT IS LIKE A CANCER. I DON'T KNOW HOW ELSE TO  
22 DESCRIBE IT.

23 I WROTE A FEW NOTES. I WANTED TO SAY THIS  
24 CONCEPT PREVIOUSLY EXPRESSED HERE THAT REGENTS AND THEIR  
25 CITIZENS SHOULD IN SOME WAY EQUITABLY SHARE THE BURDENS

1 BROUGHT ABOUT BY NECESSARY EXPANSION OF PUBLIC  
2 INFRASTRUCTURE. I HAVE WORKED WITH NETWORKS AND I CAN  
3 TELL YOU THAT TRAFFIC IS TRAFFIC. DIFFERENT TYPES OF  
4 TRAFFIC. WHEN YOU EXPAND PARTICULAR NETWORK ELEMENTS  
5 YOU HAVE TO EXPAND THE TRIBUTARIES AND FUNCTIONS AND  
6 INFRASTRUCTURE THAT SURROUNDS THAT THING. AND LAX  
7 EXPANSION WILL YIELD FURTHER GRIDLOCK ON 405 REQUIRING  
8 EXPANSION ON 405 AS WELL AS THE REST OF THE INFRASTRUCTURE.  
9 THE CURRENT PLANS ARE JUST THE FIRST STEP CARRIED  
10 BACKWARDS, CARRIED FORWARDS RESULTS IN JUST AN OVERALL  
11 PATTERN WHERE LAX ENDS UP ABSORBING OUR COMMUNITY.

12 WESTCHESTER HAS BEEN AND CONTINUES TO BE  
13 FORCED TO CARRY AN UNFAIR BURDEN WHEN COMPARED TO THE  
14 REST OF THE REGION. PUBLIC INFRASTRUCTURES IMPACTING OUR  
15 COMMUNITY, I WROTE DOWN OFF THE TOP OF MY HEAD, 40 YEARS  
16 OF EXPANSION OF 40 YEARS. SUPERIOR PIPELINE TEN YEARS  
17 AGO BUILT UNDERNEATH OUR COMMUNITY CAUSING SETTLEMENT AND  
18 EXPLOSIONS AND KEEPING US UP AT NIGHT. THE HOWARD HUGHES  
19 CENTER WHICH I CAN TELL YOU KEPT ME PERSONALLY AWAKE AS  
20 THEY CARRIED 24-BY-7 CONSTRUCTION INTO THAT AREA AS WELL AS  
21 PLAYA VISTA.

22 THESE PROJECTS HAVE UNFAIRLY AND NEGATIVELY  
23 IMPACTED OUR QUALITY OF LIFE AND WILL ULTIMATELY DESTROY  
24 OUR NEIGHBORHOOD AND WILL DESTROY OUR WAY OF LIFE. STOP  
25 THE LAX EXPANSION. I CAN TELL YOU IT IS DESTRUCTIVE AND

1 EXPENSIVE. THERE ARE CHEAPER ALTERNATIVES. IT HAS BEEN  
2 PROVEN SO FAR THAT THE REGIONAL EXPANSION APPROACH IS  
3 CHEAPER THAN THE EXPANSION THAT WE ARE LOOKING AT RIGHT  
4 NOW JUST FROM THAT ONE POINT OF VIEW. THANK YOU.

5 THE FACILITATOR: THANK YOU FOR HONORING THE TIME.  
6 DANNA COPE, TO BE FOLLOWED BY BRAD.

7 MR. DANNA COPE: I AM DANNA COPE REPRESENTING  
8 THE LAX AREA ADVISORY COMMITTEE WHICH CONSISTS OF  
9 REPRESENTATIVES FROM THE SEVEN COMMUNITIES ADJACENT TO  
10 LAX. I WANT TO FIRST COMMENT, THERE IS NO VIABLE, NO  
11 ACTION, NO PROJECT ALTERNATIVE INCLUDED IN THE EIS/EIR AND  
12 THERE MUST BE ACCORDING TO THE OUTLINES AND GOALS OF THE  
13 CEQA AND NEPA.

14 AS PROPOSED IN THE ACTION ALTERNATIVES A, B  
15 AND C, THE RING ROAD AND ITS CONNECTIONS WOULD DISSEMINATE  
16 THE WESTCHESTER BUSINESS DISTRICT CAUSING AN UNDUE ECONOMIC  
17 BURDEN ON THE COMMUNITY. THE RING ROAD COULD CAUSE A  
18 SEVERE ENVIRONMENTAL IMPACT BY ROUTING COASTAL TRAFFIC  
19 THROUGH PLAYA DEL REY AND ALONG THE BEACH. THE INGRESS AND  
20 EGRESS POINTS ARE NOT SPELLED OUT. THESE IMPACTS ARE NOT  
21 ADDRESSED, ESPECIALLY DURING AIRFIELD REVERSALS WHEN  
22 AIRCRAFT TAKE OFF TO THE EAST. THE OSAGE AREA ALREADY HAS  
23 LOW-ALTITUDE AIRCRAFT OVERFLYING THE COMMUNITY RIGHT OVER  
24 OUR HOMES. ADDING ANOTHER RUNWAY OR MOVING 24 RIGHT  
25 NORTH AS ALTERNATIVE C WOULD GREATLY ESCALATE OVERFLIGHTS.

1                   INGLEWOOD WOULD ALSO SUFFER NEW NOISE AND AIR  
2 POLLUTION IMPACTS, ESPECIALLY IF RUNWAY 24 LEFT IS EXTENDED  
3 THE EAST AS IN ALTERNATIVE C. A REGIONAL ALTERNATIVE IS  
4 NOT INCLUDED. IT IS A NECESSITY. LAX SHOULD NOT EXPAND AT  
5 ALL UNTIL AND UNLESS OTHER AIRPORTS ARE EXPANDED TO SUPPORT  
6 THE AIR TRAFFIC DEMAND IN THOSE AREAS, ESPECIALLY IN ORANGE  
7 COUNTY TRAFFIC WHICH IS NOW COMING INTO LAX. INCREASED  
8 OPERATIONS OF LAX WOULD CAUSE AN UNDO ENVIRONMENTAL  
9 SOLUTION ON THE ADJACENT COMMUNITIES. THESE WERE NOT  
10 ADEQUATELY ADDRESSED IN THE EIS/EIR. IT'S DIFFICULT TO  
11 DETERMINE WHAT MODELS WERE USED FOR THE ANALYSES IN THE  
12 DOCUMENT. THERE ARE VERY FEW REAL MITIGATION MEASURES  
13 INCLUDED.

14                   WESTCHESTER AND PLAYA DEL REY HAVE ALREADY  
15 ENDURED THE LOSS OF THOUSANDS OF RESIDENTS TO PRIOR  
16 EXPANSIONS WHICH WERE TO BE THE LAST OF SUCH ACQUISITIONS  
17 BY LAX, SO WE WERE PROMISED. THE WESTCHESTER CENTRAL  
18 BUSINESS DISTRICT HAS FINALLY RECOVERED FROM THE LOSS OF  
19 RESIDENCIES IN THE PAST.

20                   THIS EIS/EIR IS FATALLY FLAWED. IT DOES  
21 NOT MEET THE GOALS OF CEQA AND NEPA. ALL THE ALTERNATES  
22 PROPOSED WOULD CLEARLY INFLICT UNDUE ECONOMIC AND  
23 ENVIRONMENTAL BURDENS ON THE SURROUNDINGS COMMUNITIES.  
24 WE STRONGLY URGE THAT YOU DO NOT PROCEED WITH IT.

25                   THE FACILITATOR: THANK YOU FOR WATCHING THE TIME.

1 APPRECIATE IT. I CANNOT PRONOUNCE THIS PERSON'S NAME.

2 OSAGE NEIGHBORHOOD. BRIAN PAPSAL?

3 MR. BRIAN PAPSON: BRIAN PAPSON. I LIVE AT 8337  
4 BELFORD AVENUE IN L.A. I AM NEW HERE TO WESTCHESTER AND I  
5 GREW UP IN NORTH VIRGINIA. NATIONAL AIRPORT GOT TOO BIG.  
6 COULDN'T HANDLE IT. THEY BUILT DULLAS AIRPORT. THEY WENT  
7 OUT IN THE MIDDLE OF VIRGINIA BUILT A BEAUTIFUL AIRPORT.  
8 IT IS NOT PUMPING ALL OF THIS TOXINS ALL OVER OUR YARDS,  
9 ALL OVER OUR CARS, ALL OVER OUR CHILDREN.

10 DULLAS AIRPORT GOT A LITTLE BIT BIGGER THEY  
11 BUILT DWI NEAR BALTIMORE. AND I ALSO WORK FOR AN AIRLINE  
12 HERE. I WORK AT LAX AIRPORT. I WORK OUT ON THE TARMAC AND  
13 WITH THE TRAFFIC THAT WE HAVE IN THERE NOW IT IS INCREDIBLY  
14 DANGEROUS, AS IT IS NOW. WHY DO WE NEED TO THROW A WHOLE  
15 LOT MORE AIRCRAFT INTO THAT AIRPORT WHEN WE CAN'T HANDLE  
16 WHAT WE GOT NOW. THERE'S CONSTANT ACCIDENTS OUT THERE.

17 IF YOU GO TO THE AIRPORT POLICE AND TALK TO  
18 THEM, HOW MANY ACCIDENTS DO WE HAVE IN A YEAR OVER THERE AT  
19 THE AIRPORT. HOW MANY TIMES IS THERE A RUNWAY INFRACTION  
20 WHERE A TRUCK IS TOO CLOSE TO THE RUNWAY OR TOO CLOSE TO  
21 THE TAXI AREA. WE SHOULD BE ABLE TO GO INTO PALMDALE. WE  
22 NEED TO GO DOWN TO ONTARIO, EL TORO AIRPORTS. WE CAN'T  
23 HANDLE WHAT WE HAVE HERE AT LAX NOW.

24 I AM ALL FOR IMPROVING THE AIRPORT, FIX THE  
25 FACILITIES THAT WE HAVE GOT NOW. LET US GET UNDER CONTROL

1 WHAT WE HAVE. IT IS JUST RIDICULOUS TO THROW IN ANOTHER  
2 RUNWAY. ADD 70 MORE GATES TO THIS AIRPORT. IT IS JUST  
3 RIDICULOUS. THANK YOU.

4 THE FACILITATOR: THANK YOU. SOME PEOPLE HAVE COME  
5 IN WHO HAVE NOT BEEN INTRODUCED TO YOU FOLKS. HOW MANY  
6 PEOPLE HAVE COME IN THE LAST 25 OR 30 MINUTES? THE  
7 GENTLEMAN FROM THE FAA IS DICK DYKAS AND HE IS A  
8 REPRESENTATIVE LOCALLY HERE AND HE LIVES IN TORRANCE,  
9 I BELIEVE.

10 MR DYKAS: YES.

11 THE FACILITATOR: AND JIM RITCHIE IS A  
12 REPRESENTATIVE OF THE L. A. WORLD AIRPORTS. THEY ARE HERE  
13 TO LISTEN TO YOUR COMMENTS. THEY ARE NOT GOING -- ANY  
14 COMMENTS YOU WANT TO MAKE RIGHT NOW TO ANYBODY OR DO YOU  
15 WANT ME TO DO THE WHOLE THING? THAT ANSWERS SOME OF YOUR  
16 QUESTIONS. I AM THE FACILITATOR. DO NOT WORK FOR ANYBODY.  
17 I AM BOB DORN.

18 UNIDENTIFIED AUDIENCE MEMBER: WHERE DO YOU LIVE?

19 THE FACILITATOR: YOU WANT TO KNOW? CHRISTMAS  
20 VALLEY, OREGON. I AM AN INNOCENT BYSTANDER EVERYBODY.  
21 THEY WANTED THAT. WHY DON'T YOU ALL MOVE UP TO MY NECK OF  
22 THE WOODS. WE HAVE 300 PEOPLE IN OUR TOWN.

23 OUR NEXT PERSON IS PIERCE HORMANN.

24 MR. PIERCE HORMANN: GOOD AFTERNOON EVERYBODY. I AM  
25 A RESIDENT OF WHAT MIGHT JUST BE LAX'S NEWEST PARKING LOT

1 IF THEY DO SUCCEED IN EXPANDING WESTCHESTER AREA. I AM NOT  
2 ASKING FOR ANY SYMPATHY, I AM ACTUALLY LOOKING FORWARD TO  
3 MOVING A LITTLE BIT TOWARDS MALIBU OR ORANGE COUNTY. DON'T  
4 WORRY ABOUT IT.

5 TO ME I AM ADDRESSING MORE TO PEOPLE AROUND  
6 HERE THAN ANYBODY ELSE BECAUSE I DO BELIEVE THIS IS NOTHING  
7 BUT A SHAM OR PART OF PUBLICITY PROCEDURE. SO FAR  
8 THEY HAVE SUCCEEDED WITH THE MEDIA LEAVING. WHO AM I  
9 ADDRESSING? BASICALLY ONLY A RECORD. THAT'S ABOUT IT.  
10 I DON'T BELIEVE THESE PEOPLE ARE REALLY CONCERNED ABOUT  
11 ANYTHING. I DON'T THINK YOU UNDERSTAND WHAT IS GOING ON  
12 HERE.

13 THEY ARE NOT CONCERNED ABOUT THE ENVIRONMENT.  
14 THEY ARE NOT CONCERNED ABOUT RESPECTING THE NEIGHBORS IN  
15 ONE OF THE THINGS THAT I SAW WHEN I WAS WALKING BY.  
16 THE ONLY AGENDA THEY HAVE IS TO MAKE MONEY. THAT'S IT.  
17 OTHERWISE THEY WOULD MOVE DOWN TO PALMDALE THE CARGO. THEY  
18 WOULD DISTRIBUTE THE ADDITIONAL AIRLINE PASSENGERS IN THE  
19 OTHER AIRPORTS. THEY ARE NOT INTERESTED IN THAT BECAUSE  
20 THEY WANT TO KEEP THE MONEY HERE. THAT'S ABOUT IT REALLY.

21 I ALSO WANT TO CONGRATULATE THE PUBLICITY  
22 DEPARTMENT FOR THIS BROCHURE THAT I PICKED UP ALONG THE  
23 WAY. IT SAYS ENVIRONMENTAL JUSTICE. IT SHOULD BE SPELLED  
24 ENVIRONMENTAL INJUSTICE. I SEE WHAT IS GOING ON. SINCE  
25 THEY CANNOT WIN IN THE ENVIRONMENT ISSUE, THEY ARE GOING

1 INTO JOB ISSUES. LIKE HERE IS FROM THE MAGAZINE, LAX  
2 MAGAZINE. THEY ARE TRYING TO PUSH THE ISSUE OF CREATING  
3 JOBS BECAUSE EVERYTHING ELSE HAS BEEN PICKED APART BY  
4 PEOPLE WHO HAVE SOME INTELLIGENCE AND CAN SEE THAT IT IS  
5 NOTHING BUT A SMOKE SCREEN.

6 I ALSO LISTENED TO ONE OF THE WORKSHOPS OVER  
7 HERE REAL BRIEFLY BY A GENTLEMAN WHO WAS TRYING TO EXPLAIN  
8 TO ME HOW EXPANSION OF LAX IS NOT GOING TO DECREASE  
9 POLLUTION. YEAH, RIGHT. WHAT IDIOT CAN BELIEVE THAT WHEN  
10 YOU ADD MORE VEHICLES AND MORE AIRPLANES YOU ARE GOING TO  
11 DECREASE THE POLLUTION. I WILL TELL YOU EXACTLY WHAT  
12 HE SAID. WE WILL CONCENTRATE IN ONE AREA OVER HERE SO IT  
13 DOESN'T DISTRIBUTE ALL THE WAY DOWN. NEVER MIND THE  
14 WIND FACTOR. I HAD ENOUGH OF THIS NONSENSE, LADIES AND  
15 GENTLEMEN, SO GOOD LUCK AND THANK YOU FOR COMING. THE  
16 REST OF YOU HANG IN THERE.

17 THE FACILITATOR: THANK YOU. ROBERT YOUNG. BEFORE  
18 HE SPEAKS, ONE SECOND. DON'T START HIS TIME YET. I HAVE A  
19 BUNCH OF CARDS HERE THAT I CALLED OUT. IF YOU THINK YOUR  
20 CARD HAS ALREADY BEEN CALLED, PLEASE COME UP AND SEE ME. I  
21 HAVE ABOUT 20 OF THEM HERE.

22 MR. ROBERT YOUNG: MY NAME IS ROBERT YOUNG,  
23 WESCHESTER RESIDENT AND ALSO A MEMBER OF ONA. MY THOUGHTS  
24 SAY HERE "GOOD AFTERNOONN LADIES AND GENTLEMEN." I HAVE TO  
25 CHANGE THAT KNOW TO NOW GOOD EVENING. WHAT I HAVE TO SAY

1 IS I'M APPALLED AT THE STRONG-ARM TACTICS AND FAILURES IN  
2 YOUR RESPONSIBILITIES IN LACK OF INFORMING WE THE PEOPLE  
3 AND THE RESIDENTS OF THIS WONDERFUL CITY WE CALL LOS  
4 ANGELES. YOUR ATTEMPTS TO HAVE YOUR MASTER PLAN CONSIDERED  
5 WITHOUT TAKING INTO CONSIDERATION THE EFFECTS THAT IT WILL  
6 HAVE ON MANKIND AND TO THE POPULATION TO THE ENTIRE CITY OF  
7 LOS ANGELES. I AM ABSOLUTELY APPAULED BY THAT.

8 AT A RECENT SCAG MEETING MAY THE 5TH I WENT  
9 THERE AND YOUR SPOKESMAN, I BELIEVE MR. HASANAGA HARATA,  
10 GAVE A WONDERFUL PRESENTATION IN YOUR FAVOR AND QUITE  
11 HONESTLY ALSO HAD ME BELIEVING THAT THIS WAS A GREAT PLAN  
12 UNTIL I BROUGHT IT TO THEIR ATTENTION SCAG, THAT IS, THE  
13 QUESTION ON AIR POLLUTION. MR. HARATA'S RESPONSE WAS THAT  
14 LAWA DIDN'T HAVE ANY CONCLUSIVE FINDINGS AT THIS TIME. I  
15 FOUND THIS TO BE A TRAVESTY AND I FOUND TO MY HORROR THAT  
16 ACCORDING TO THE AQM DATE AND EPA THAT THE LOS ANGELES  
17 BASIN AND SURROUNDING AREAS ARE CONSIDERED A NONATTAINMENT  
18 AREA AND DO NOT COMPLY WITH THE STANDARD FEDERAL GOVERNMENT  
19 REQUIREMENTS.

20 AND INCIDENTALLY, THAT THESE DISASTROUS  
21 POLLUTION LEVELS HAVE BEEN OFF THE CHART FOR THE PAST 20  
22 YEARS. I BRING THIS BEFORE YOU TODAY -- THIS IS ALSO  
23 UPDATED IN DECEMBER OF '98 -- CARBON MONOXIDE IS SERIOUS,  
24 PARTICULAR PM10 AND 25 IS EXTREME AND OZONE IS EXTREME.  
25 ALSO, LADIES AND GENTLEMEN, PRESENT TO YOU TODAY IN 1988

1 WE ARE THE HIGHEST IN THE NATION FOR OZONE CONCENTRATIONS  
2 BEATING HOUSTON WITH A SCORE OF 62 DAYS TO THEIR SCORE OF  
3 31 DAYS. WHAT A WONDERFUL VICTORY THAT IS. I AM NOT SURE  
4 I WANT TO TELL THAT TO MY GRANDCHILDREN. WHAT KIND OF  
5 LEGACY ARE WE GOING TO LEAVE THEM.

6 READING FURTHER, IN THE AIRCRAFT POLLUTION  
7 PRESENTED BY THE EPA, I HAVE THE DOCUMENTS HERE, BY THE  
8 WAY. IT IS FOR EVERYBODY TO GET. THIS IS ALL THE FACTS  
9 AND FIGURES THAT WERE BEING PRESENTED BY EPA, THAT THE FIVE  
10 MOST VOLATILE COMPONENTS AND POLLUTANTS ARE THE VOCS, COS  
11 NOXS, PM10S AND 25S AND SO2S, SULFUR DIOXIDES. BUT AGAIN  
12 YOU ALREADY KNOW WHAT THEY ARE. THOSE ARE CANCER-CAUSING  
13 CARCINOGENS AND THEY KILL PEOPLE. AND THAT IS WHAT YOU ARE  
14 GOING TO BE DOING.

15 ALSO IN THE EPA REPORT, OUT OF TEN MAJOR  
16 CITIES, THERE IS MORE THAN ONE AIRPORT IN THESE MAJOR  
17 CITIES, THEY CONSIST OF ATLANTA, BOSTON, CHARLOTTE,  
18 HOUSTON, NEW YORK, PHILADELPHIA, PHOENIX, WASHINGTON AND  
19 LOS ANGELES. OUT OF THESE TEN CITIES WE HAVE ONE  
20 ATTAINMENT BUT AT RISK, THREE SEVERE SITUATIONS, FIVE  
21 SERIOUS, AND LASTLY WE HAVE LOS ANGELES LAX IN EXTREME  
22 CONDITIONS. THESE ARE ALL FACTS AND FIGURES THAT YOU  
23 SHOULD GET HERE BECAUSE YOUR FIGURES DO NOT COMPLY, COME  
24 ANYWHERE NEAR CLOSE TO THESE.

25 BY THE YEAR 2010 -- INCIDENTALLY, YOUR MASTER

1 PLAN CONSISTS OF PLAN A, B AND C WHICH IS ONLY FOR THE LAX  
2 AREA. SHOULDN'T THERE BE PLANS D, E AND F. FOR EXAMPLE,  
3 YOU HAVE FORGOTTEN PALMDALE, ONTARIO, AND DON'T LET ME GET  
4 STARTED ON EL TORO. BY THE YEAR 2010, LOS ANGELES AND  
5 SURROUNDING AREAS WILL ENDURE A POPULATION GROWTH OF NEW  
6 RESIDENTS TO THE TUNE OF APPROXIMATELY SIX MILLION PEOPLE.

7 1.75 PERCENT OF THESE PEOPLE WILL BE GOING  
8 TO PALMDALE. 1.75 PERCENT OF THESE PEOPLE WILLING TO  
9 RIVERSIDE COUNTY. TWO MILLION PEOPLE WILL GO TO ORANGE  
10 COUNTY. THESE ARE ALL FACTS. DOESN'T COMMON SENSE TELL  
11 YOU THAT THE JOBS FOR THESE PEOPLE WILL BE IN THE OUTLYING  
12 AREAS. THERE IS SO MUCH THAT I WANT TO GO ON ABOUT. I  
13 URGE YOU TO STOP WASTING OUR MONEY ON A PROJECT THAT REALLY  
14 DOESN'T HAVE A FUTURE. WAKE UP. REVISE YOUR PLANS.

15 THE FACILITATOR: THANK YOU. FROM THE FACILITATOR'S  
16 STANDPOINT I WANT TO THANK EVERYBODY FOR BEING SO  
17 COURTEOUS. I KNOW THIS IS VERY PERSONAL FOR A LOT OF YOU  
18 FOLKS AND IF YOU DO GO OVER A LITTLE BIT IT IS BECAUSE IT  
19 MEANS A LOT TO EVERYBODY. I AM VERY AWARE OF THAT.

20 THE NEXT SPEAKER GARY SCHIVLEY FOLLOWED BY  
21 WENDY APPLE FOLLOWED BY MINA BHARADWA.

22 MR. GARY SCHIVLEY: MY NAME IS GARY SCHIVLEY. I  
23 LIVE OVER IN THE OSAGE NEIGHBORHOOD. I KNOW THAT LAWA  
24 HAS ALREADY SPEND \$85 MILLION AND THE CITY COUNCIL HAS  
25 AUTHORIZED ANOTHER TEN MILLION EXPENDITURES. I FOUND IT

1 VERY INTERESTING THAT THEY COULDN'T BOTHER STAMPING THESE  
2 TO MAKE IT EASIER TO SEND IT OUT. THESE PROPOSED PROJECTS  
3 THAT THEY HAVE, THE RING ROAD, THE PROPOSED RING ROAD WILL  
4 INCREASE TRAFFIC, NOISE POLLUTION AND CONGESTION. PART OF  
5 THE LINE INCREASED WILL MEAN HUNDREDS OF 18 WHEELERS TO  
6 MOVE FREIGHT. THIS IS AN ADDITION TO EXISTING CARBON  
7 LEVELS. INCREASE NOISE LEVELS, CARCINOGENIC LEVELS OF  
8 DIESEL, SOOT AND POLLUTION.

9 ARBOR VITAE 405 RAMP, WE DON'T WANT IT. THIS  
10 PLAN INVOLVES REMOVING SOME 57 PROPERTIES, WASTING \$119  
11 MILLION BETTER SPENT REPAIRING CURRENT ROADS. TRAFFIC  
12 IS DOWN AT HOLLYWOOD PARK AND THE FORUM IS NO LONGER A  
13 HIGH-USAGE ARENA. EXTENDING THE 105 RAMP INTO THE  
14 AIRPORT WOULD HAVE MADE BETTER SENSE. THIS IS A BETTER  
15 ALTERNATIVE.

16 MANCHESTER SQUARE AND AIRPORT/BELFORD AREAS,  
17 WE WANT THIS PROPERTY ZONED FOR OPEN SPACE FOR A PARK OR  
18 OTHER USEFUL BENEFIT. WE DON'T WANT CARGO BUILDINGS OR  
19 RUNWAY EXTENSIONS. FORTY SCHOOLS ARE IMPACTED TODAY BY  
20 THE CURRENT NOISE AND POLLUTION LEVELS. IT WILL ONLY  
21 EXACERBATE THE SERIOUS PROBLEM. NOISE LEVELS ARE EXTREMELY  
22 HIGH, EVEN WITH SOUNDPROOFING.

23 I ATTENDED A MEETING AT WESTCHESTER HIGH  
24 RECENTLY AND THE NOISE WAS SO DEAFENING WE COULD BARELY  
25 HEAR. HOW CAN THE STUDENTS CONCENTRATE AND ACHIEVE

1 SATISFACTORY EDUCATION WITH THIS DISTURBANCE. CARGO AND  
2 PASSENGERS FLIGHTS WILL ONLY ADD MORE NOISE AND TRAFFIC.

3 CURRENTLY I EXPERIENCE RATTILING OF MY WINDOWS  
4 AND EXTREME JET NOISE AT VARIOUS TIMES OF THE DAY,  
5 ESPECIALLY NIGHT, CAUSING SLEEP LOSS. INCREASE OF BLACK  
6 SOOT, WHICH THESE AIR FILTERS DISPLAY, UNBURNED KEROSENE  
7 FUEL ON MY CAR, HOME AND LANDSCAPING. I AM HAVING TO WASH  
8 MY CAR MORE OFTEN AND THE PAINT FINISH IS DAMAGEED FROM  
9 THESE DEPOSITS. THE CHOKING SMELL OF JET FUEL IN THE  
10 MORNING IS BECOMING WORSE. IT IS BECOMING MORE DIFFICULT  
11 TO BREATHE. THESE ARE PROVEN CARCINOGENS.

12 INCREASE OF FLIGHTS OVER MY HOUSE ARE  
13 CONTRIBUTED TO THE EXTREME NOISE LEVELS AND POLLUTIONS.  
14 NOISE LEVELS ARE CONSIDERED 65 CNEL AND ABOVE. WHAT I  
15 WOULD LIKE TO KNOW ARE WHEN AND WHERE THESE MEASUREMENTS  
16 ARE PROVIDED. I AM REQUESTING THAT THEY MEASURE THESE  
17 NOISE LEVELS AT MY HOME DURING THE PEAK HOURS AND CARBON  
18 DEPARTURES. THE NOISE LEVELS HAVE RISEN CONSIDERABLY IN  
19 THE LAST FIVE YEARS IN MY NEIGHBORHOOD AREA.

20 I AM REQUESTING A REGIONAL APPROACH TO  
21 EXPANDING THE PASSENGER AND CARGO CAPACITY. EL TORO,  
22 ONTARIO AND PALMDALE ARE EXCELLENT ALTERNATIVES. YOU  
23 CANNOT EXPECT ONE AIRPORT TO EFFECTIVELY HANDLE ALL OF  
24 THESE AREAS TRAVEL AND CARGO NEEDS AND NOT DESTROY THE  
25 LIVING CONDITIONS OF OUR NEIGHBORHOODS.

1                   THE ONE PRO-REPRESENTATIVE FOR ENLARGING  
2 LAX MENTIONED ABOUT NOT BEING ABLE TO REPLICATE THE  
3 INFRASTRUCTURE OF LAX. I DON'T BELIEVE THAT. DENVER  
4 COMPLETELY ABANDONED THEIR CURRENT AIRPORT AND BUILT A  
5 NEW ONE. SO IT CAN BE DONE. SO, PLEASE, CONSIDER THIS IN  
6 YOUR FUTURE PLANS AND DON'T DESTROY OUR NEIGHBORHOODS.  
7 THANK YOU.

8                   THE FACILITATOR: THANK YOU. SEVERAL PEOPLE HAVE  
9 BEEN TRYING TO FIND VOLUMES ONE, THREE AND SEVEN OF THE  
10 MASTER PLAN. SOMEBODY HAD BEEN USING THEM EITHER IN THE  
11 BACK OF THE ROOM OR ONE OF THE WORKROOMS. AND IF YOU KNOW  
12 ANYBODY WHO HAS THOSE RIGHT NOW THEY WOULD LIKE TO STILL  
13 LOOK AT THEM BECAUSE WE HAVE HALF AN HOUR FOR THE OFFICIAL  
14 CLOSE OF THE COMMENT, BUT IF WE KEEP GOING, WE KEEP GOING  
15 UNTIL WE END.

16                   THE NEXT PERSON IN LINE IS WENDY APPLE. NEXT  
17 PERSON IN LINE IS JUNE SATTON.

18                   MS. JUNE SATTON: MY NAME IS JUNE SATTON AND I AM A  
19 RESIDENT OF WESTCHESTER AND I AM A MEMBER OF ONA, WHICH IS  
20 THE OSAGE ASSOCIATION IN WESCHESTER. FIRST OFF, I WANT  
21 TO ADDRESS OUR TWO GENTLEMAN UP HERE, MR. RITCHIE AND HIS  
22 PARTNER. I WANT TO SAY THAT I HAVE BEEN LISTENING TO A LOT  
23 OF PEOPLE SPEAK. IT KIND OF HURTS ME TO THINK THAT THEY  
24 SPENT BILLIONS AND BILLIONS OF DOLLARS TO COLLECT  
25 INFORMATION WHEN I HAVE HEARD SO MANY INTELLIGENT PEOPLE

1 GIVING THE FACTS AND THE FIGURES HERE TODAY CONCERNING  
2 DEATH, CONCERNING THE POLLUTANTS. THEY HAVE BROUGHT YOU  
3 THE PROOF. YOU DON'T HAVE TO GO TO KANSAS CITY TO GET IT.  
4 YOU DON'T HAVE TO IMPORT PEOPLE FROM OTHER AREAS TO TELL  
5 YOU WHAT WORKS IN THIS AREA.

6 I HAVE BEEN TO NUMEROUS SCAG MEETINGS AND CITY  
7 COUNCIL MEETINGS AND HEARD ALL THESE COMMITTEE REPORTS. I  
8 DON'T THINK THAT LAWA SHOULD BE ALLOWED TO PUSH THROUGH  
9 THIS PLAN AMONGST SMOKE SCREENS WHILE IGNORING CEQA AND  
10 NEPA. THERE'S A REASON THAT WE HAVE THESE. THAT IS TO  
11 PROTECT THE ENVIRONMENT AND THE QUALIFY OF LIFE WE HAVE  
12 HERE.

13 I KNOW THIS HAS ALREADY BEEN BROUGHT UP. ONE  
14 EXAMPLE OF THIS IS PUSHING AHEAD WITHOUT THE APPROVAL OF  
15 THE MASTER PLAN OR ANY ENVIRONMENTAL PROTECTION AGENCY FOR  
16 THE PURCHASE OF MANCHESTER SQUARE. THAT WAS REALLY PUSHED  
17 THROUGH. THOSE PEOPLE WERE RAILROADED OUT OF THERE. THEIR  
18 ENVIRONMENT WAS TORN APART BEFORE THEM. THEY WERE BEGGING  
19 TO LEAVE. WHY? THEY DIDN'T DO IT. THE AIRPORT DID IT.

20 LET'S TAKE A LOOK AT SOMETHING THAT I KNOW  
21 VERY WELL ABOUT. I CAN GIVE YOU STATISTICS. I DO ALMOST  
22 30,000 LAND MILES BT MY CAR A YEAR FOR MY JOB. LET'S TAKE  
23 TRAFFIC, FOR EXAMPLE. I WANT TO BRING UP THE STATISTICS TO  
24 YOU. THE STATISTICS THAT YOU OFFER DURING PEAK TIMES ARE  
25 AS FOLLOWS ON THE 405, THAT BETWEEN 7:00 A.M. AND 9:00

1 A.M., THESE ARE THE PEAK TIMES IN THE MORNING AND BETWEEN  
2 5:00 P.M. AND 7:00 P.M. IN THE EVENING. FIRST OF ALL,  
3 THESE FACTS ARE ABSURDLY FALSE. I DRIVE THESE FREEWAYS AND  
4 ANYONE WHO DRIVES THE 405 ON A CONSISTENT BASIS KNOWS AT  
5 9:00 A.M. GOING SOUTHBOUND YOU ARE GOING NO WHERE. IT IS  
6 NOT CLEARED UP. OR GOING NORTH COMING UP FROM LONG BEACH,  
7 YOU ARE AT A STAND STILL. I AM SORRY, LET ME GIVE YOU THE  
8 REAL FACTS AND FIGURES.

9 FROM ABOUT 6:30 A.M. OR EVEN EARLIER TILL  
10 ABOUT 10:30 OR LATER IN THE MORNING THE 405 SOUTHBOUND FROM  
11 THE VALLEY -- I WISH THAT GENTLEMAN FROM THE VALLEY WAS  
12 HERE BECAUSE I THINK THIS WAS HIS ONLY TRIP DOWN HERE. HE  
13 HAS NO IDEA WHAT HE IS TALKING ABOUT. THE FREEWAY IS AT  
14 A STANDSTILL OR A CRAWL. I GO UP THERE ALL THE TIME.

15 NORTHBOUND LANES COMING UP FROM LONG BEACH  
16 THOSE ARE EXACTLY THE SAME, EVEN BEFORE LONG BEACH IT IS  
17 AT A STAND STILL. REALISTICALLY FROM ABOUT 3:30 IN THE  
18 AFTERNOON, LADIES AND GENTLEMEN, UNTIL ABOUT 7:00 P.M. IN  
19 THE EVENING THAT'S WHEN THE FREEWAYS ONCE AGAIN COME TO A  
20 STANDSTILL. THE AIRPORT SAYS THAT THEIR PEAK TRAVEL TIMES  
21 ARE BETWEEN 11:00 AND 1:00 A.M. THEY WANT THE 405 AT A  
22 STANDSTILL FROM ABOUT 6:00 IN THE MORNING TILL ABOUT 8:00  
23 AT NIGHT. QUALITY OF LIFE. I THINK YOU NEED TO LOOK AT  
24 THESE FACTS. WE ARE THE PEOPLE THAT DRIVE AND KNOW THESE  
25 FACTS AND THESE FIGURES. THERE ARE MANY MORE THINGS TO

1 SAY.

2 THE FACILITATOR: IF I CAN GIVE GUS AN EXTRA 30  
3 SECONDS I CAN GIVE YOU AN EXTRA 30 SECONDS.

4 MS. JUNE SATTON: THANK YOU. THESE ARE PEAK TRAVEL  
5 TIMES, NOT TO MENTION THE FACT THAT WE KNOW WHAT HAPPENS  
6 WITH THE PROJECTED TONS OF CARGO THAT YOU WANT TO BRING  
7 INTO THE AIRPORT AND THE AREA. LET'S JUST SAY WE HAVE ONE  
8 OF THOSE TRUCKS OVERTURNED IN THIS AREA. THAT'S A MAJOR  
9 DISASTER. MAJOR. WE KNOW WHAT HAPPENS TO FREEWAYS IN  
10 SOUTHERN CALIFORNIA WHEN ONE TRUCK TURNS OVER CAUSE SIG  
11 ALERT IS A NAME THAT WE ARE ALL FAMILIAR WITH. I AM IN IT  
12 EVERYDAY. I KNOW. I AM NOT TALKING ABOUT STUFF I DON'T  
13 KNOW ABOUT.

14 GETTING TO AND FROM THE AIRPORT. ALSO,  
15 HOLIDAY TRAVEL, BAD WHETHER TRAVEL. CONGESTION ON  
16 THURSDAYS AND FRIDAYS. I KNOW ABOUT THE PEAK TIMES OF  
17 TRAVEL IN AND OUT OF THE AIRPORT. I KNOW ABOUT FRIDAY  
18 NIGHTS. I KNOW ABOUT THE HORRORS OF THURSDAYS. BRINGING  
19 MORE TRAFFIC. IT IS NOT GOING TO WORK, NOT TO MENTION THE  
20 POLLUTION LEVELS THAT HAVE ALREADY BEEN DISCUSSED. THAT'S  
21 A HUGE FACTOR. THE AIR TRAFFIC CONTROLLER SAID THAT IT IS  
22 NOT SAFE AT LAX, LET'S EXPAND. IT'S LAX'S FAULT. WHY  
23 SHOULD WE SUFFER. WE SHOULD HAVE A REGIONAL PLAN. NOT DO  
24 NOTHING. LET'S HAVE A REGIONAL PLAN.

25 THE FACILITATOR: THANK YOU VERY MUCH. MINA. HARRY

1 ROSE TO FOLLOW, BRIAN WEISS TO FOLLOW.

2 MS. MINA BHARADWA: I AM MINA BHARADWA. I AM A  
3 REALTOR IN THE AREA. I HAVE BEEN WORKING HERE FOR ABOUT  
4 18 YEARS. AND PEOPLE SAY TO ME WHY DO YOU CARE. YOU  
5 HAVE MORE HOUSES TO SELL. I DO CARE. I LIVE IN THE  
6 NEIGHBORHOOD. I CARE ABOUT THE QUALITY OF LIFE. I  
7 BASICALLY CARE THAT OUR COMMUNITY IS NOT BEING KEPT AS A  
8 WHOLE COMMUNITY. IN ORDER TO BUILD THE LAX EXPRESSWAY AND  
9 THE RING ROAD, THE LOS ANGELES WORLD AIRPORTS WILL HAVE  
10 TO ACQUIRE ONE-THIRD OF THE CENTRAL BUSINESS DISTRICT ON  
11 SEPULVEDA BOULEVARD. ALREADY IT IS LIKE A DEAD DISTRICT.  
12 WE HAVE TRIED TO IMPROVE IT BY BUILDING RALPHS AND SAV-ON.  
13 THAT MAY BE ACQUIRED WITH THE LAWA PLAN. THEN WE WOULD  
14 LOSE SOME HOUSES ON NEILSON FIELD AND PART OF THE HISTORIC  
15 CENTINELA ADOBE.

16 IF THE ONE RUNWAY MOVES, THAT'S ANOTHER 350  
17 FEET NORTH AND EXTENDED 3,000 FEET EAST. THEY HAVE NOT  
18 LOOKED AT GROUND MITIGATIONS. THEY ARE SAYING THAT IT  
19 WON'T AFFECT OUR MAJOR ARTERIES. THEY HAVE NOT DONE ENOUGH  
20 RESEARCH INTO IT AND IT WILL DESTROY OUR COMMUNITIES' FEEL,  
21 THE BEAUTY AND THE FEEL OF THE COMMUNITY. ALSO THE FACT  
22 THAT WE WILL LOSE ONE OF OUR GROCERY STORES ON THE EAST  
23 SIDE OF WESTCHESTER.

24 WHAT HAPPENS WHEN THE EXPANSION ISN'T ENOUGH.  
25 WHAT HAPPENS WHEN YOU TRY TO TAKEOVER MORE AND MORE AND

1 MORE HOUSES. THEN THE OTHER CONCERNS I HAVE IS THE CARGO  
2 DEMAND, THE PROJECTED CARGO DEMAND. THE AREAS OF CONCERN  
3 INCLUDE LARGER CARGO AIRCRAFT, MORE FLIGHTS, HEAVY AIRCRAFT  
4 OPERATIONS, DEVELOPMENT OF AREAS SURROUNDING THE AIRPORT  
5 FOR DISTRIBUTIONS, HEAVY SHIPPING, WAREHOUSING, HIGH TRUCK  
6 AND CARGO TRAFFIC. WHAT ABOUT US AS RESIDENTS. WHAT DO WE  
7 DO IN THAT INSTANCE.

8 ALSO THE SAFETY ISSUE OF OUR OVERCROWDING OF  
9 THE AIR CORRIDORS MAY LEAD TO THE LIKELIHOOD OF MORE AIR  
10 DISASTER. THE AIR POLLUTION, THAT'S A BIG, BIG FACTOR.  
11 LAX IS ALREADY ONE OF THE AREAS SINGLE LARGEST SOURCE OF  
12 NOX EMISSIONS, THE PRIMARY PRECURSOR TO OZONE. THE AIR IS  
13 OUT OF COMPLIANCE FOR MANY POLLUTANTS, INCLUDING PM10. AND  
14 THAT IT CAN LEAD TO RESPIRATORY SYSTEMS AND CAN LEAD TO  
15 CANCER. WHAT ABOUT THE HEALTH OF PEOPLE WHO ARE LIVING IN  
16 THE NEIGHBORHOODS. PEOPLE WHO ARE DOING THE REPORTS. THEY  
17 MAY BE LIVING OUTSIDE THE NEIGHBORHOOD. WHAT ABOUT US. WE  
18 LIVE IN THE AREA.

19 THE NOISE, THE CNEL, THAT IS A WEIGHTED DAILY  
20 AVERAGE. IT DOES NOT TAKE INTO ACCOUNT LOUD, SINGLE-EVENT  
21 NOISES. YOU COULD BE LIVING JUST A LITTLE BIT NORTH OF  
22 65 CNEL AND HAVE AIRCRAFT EVERY 45 SECONDS ALL DAY LONG.

23 TWO MORE ISSUES. TRAFFIC, I DON'T THINK  
24 THERE'S A MITIGATION MEASURES BECAUSE YOU ARE NOT CONCERNED  
25 ABOUT HOW THE TRAFFIC IS GOING TO FLOW ONTO THE FREEWAYS.

1 YOU MAY BE ABLE TO DO SOMETHING ABOUT THE RING ROAD AND  
2 ABOUT LAX EXPRESSWAY. WE ARE LOOKING FOR A REGIONAL  
3 SOLUTION. WE DO NOT NEED EL TORO'S. WE DON'T NEED THE  
4 COMMUNITIES AROUND LAX TO BEAR THE BURDEN OF ORANGE  
5 COUNTY'S NEED FOR AIR COMMERCE. THANK YOU.

6 THE FACILITATOR: THANK YOU, MINA. REAL QUICKLY  
7 HERE IS THE ORDER WE ARE SPEAKING IN. ROSE, YOUNGLOVE,  
8 HOSSAN, VELASCO, PENNA, HALPRIN, HOLM, MASUDA, FRYE,  
9 JORGENSON. WE WILL START WITH THERE.

10 MR. HARRY ROSE: HELLO. MY NAME IS HARRY ROSE. I  
11 LIVE AT 7725 HINDRY AVENUE IN OSAGE PARK. FIRST OF ALL, I  
12 WOULD LIKE TO ADDRESS AN ISSUE THAT CAME UP WITH SOME OF MY  
13 NEIGHBORS AS I WAS WALKING THROUGH THE NEIGHBORHOOD  
14 OVER THE LAST COUPLE OF DAYS TALKING ABOUT THIS MEETING.  
15 SEVERAL OF THEM EXPRESSED THE DESIRE TO COME TO ONE OF  
16 THESE MEETINGS, HOWEVER, THEY ALSO TOLD ME THAT THEIR  
17 CHILDREN WERE GRADUATING FROM SCHOOL AND IT WAS TODAY AND  
18 THEY CAN'T COME.

19 I WOULD ALSO LIKE TO KIND OF EXPRESS MY  
20 CONCERN, ESPECIALLY WITH THAT GUY THAT CAME HERE FROM VAN  
21 NUYS. A LOT OF HIS CONCERNS ARE MY CONCERNS. TRAFFIC  
22 NEEDS TO FLOW IN AND OUT OF THE SOUTHERN CALIFORNIA REGION.  
23 HE EXPRESSED A CONCERN WITH AN ABILITY TO MOVE COMMERCE IN  
24 AND OUT OF THE REGION. WHY DON'T WE BUILD HIM AN AIRPORT  
25 IN VAN NUYS OR IN THE VALLEY.

1                   IT SEEMS TO ME TO BE INSANE TO BRING  
2   ADDITIONAL TRAFFIC INTO AN AREA THAT IS ALREADY PROBABLY  
3   THE MOST HEAVILY DEVELOPED AREA OF OUR CITY AND MOVE IT OUT  
4   TO OUTLYING REGIONS. WE NEED AN AIRPORT IN ORANGE COUNTY.  
5   WE NEED AN AIRPORT IN SAN BERNARDINO COUNTY. AND WE ALSO  
6   NEED AN AIRPORT TO SERVICE THE PEOPLE IN THE VALLEY. TO  
7   PUT ALL OF YOUR DUCKS INTO ONE LITTLE POND AND EXPECT IT  
8   TO WORK IS INSANE, FROM AN ECONOMIC STANDPOINT OF VIEW.

9                   IN CONCLUSION, I WOULD LIKE TO URGE LAWA AND  
10  THE CITY OF LOS ANGELES TO CONSIDER A REGIONAL SOLUTION TO  
11  A TRAFFIC PROBLEM. I DON'T BELIEVE THAT YOU HAVE CURRENTLY  
12  DONE THIS ADEQUATELY. THANK YOU.

13                  THE FACILITATOR: THANK YOU, HARRY. CHUCK  
14  YOUNGLOVE.

15                  MR. CHUCK YOUNGLOVE: I AM CHUCK YOUNGLOVE. I LIVE  
16  AT 7713 BOEING AVENUE. I LIVE IN WESTPORT HEIGHTS, WHICH  
17  IS PART OF WESTCHESTER. I WANT TO JUST START AT THE  
18  BEGINNING, AS EVERYBODY ELSE HAS SAID. I, AND I AM  
19  ASSUMING EVERYBODY HERE, EXCEPT FOR THE GENTLEMAN FROM VAN  
20  NUYS, DO NOT WANT THE THREE ALTERNATIVES A, B OR C. WHAT  
21  WE DO WANT IS WE WANT NO ACTION AND NO PROJECT ALTERNATIVE.

22                  THE EIS/EIR, ALL THOSE SEGMENTS DO NOT ADDRESS  
23  OR MITIGATE ALL THE ITEMS THAT HAVE BEEN MENTIONED TODAY.  
24  YOU HAVE 12,000 PAGES, BUT THE REALITY IS TRAFFIC, IT IS AT  
25  A STANDSTILL. THE 405, THE 105, THE 10 FREEWAY, THE 101.

1 THEY DON'T WORK NOW. THEY HAVE NOT BEEN WORKING FOR OVER  
2 15 YEARS. YOU HAVE NOTHING THAT HAS SUGGESTED THAT YOU ARE  
3 GOING TO SOLVE ANY OF THIS.

4 POLLUTION WISE WE ARE NOW AT A POINT WHERE  
5 PEOPLE ARE DEVELOPING CANCER AND THE VOLUME OF RESPIRATORY  
6 PROBLEMS IS INCREASING SO DRAMATICALLY IN THIS AREA AND YOU  
7 HAVE NOT ADDRESSED ANY OF THAT AND YOU HAVE NO SOLUTIONS IN  
8 YOUR REPORT.

9 NOISE. THE VOLUME OF NOISE ON DECIBEL LEVEL  
10 AND THE FREQUENCY HAS INCREASED SO DRAMATICALLY IN THE  
11 LAST TEN YEARS BECAUSE YOU HAVE INCREASED FROM WHAT WAS  
12 ORIGINALLY ANTICIPATED 40 MILLION PASSENGERS AND A MILLION  
13 IN CARGO. YOU HAVE GONE TO 67 MILLION. EVERY NIGHT  
14 EVERYBODY HEARS NOISE AND IT IS A QUESTION OF WHETHER IT  
15 RUMBLES. EVERYBODY HAS TO CLOSE THEIR WINDOWS BECAUSE THEY  
16 CAN'T LISTEN TO THEIR T.V. THEY CAN'T EVEN HEAR BIRDS  
17 OUTSIDE. THAT'S NOT BEING ADDRESSED BY THE FAA. YOU JUST  
18 DON'T CARE AND IT IS OBVIOUS.

19 SAFETY. IT HAS BEEN AN ISSUE REGARDING THE  
20 ISSUES OF CRASHES, LIKE THE ONE DOWN IN TORRANCE -- EXCUSE  
21 ME, CERRITOS. THE ONE THING THAT REALLY BOTHERS ME ON  
22 SAFETY, BESIDE THE IMPLICATIONS THAT THERE IS GOING TO BE A  
23 MAJOR PROBLEM WITH AIR SAFETY BECAUSE I KNOW THERE HAS BEEN  
24 AT LEAST A DOZEN MAJOR ISSUES WHERE PLANES HAVE ALMOST  
25 COLLIDED IN THIS LAST YEAR AND-A-HALF.

1                   THE ONE THING THAT REALLY DOESN'T MAKE ANY  
2       SENSE IS WE LIVE IN EARTHQUAKE COUNTRY AND FROM A SAFETY  
3       ISSUE YOU WANT TO CONCENTRATE ALL OF THE AIRPORT. IT DOES  
4       NOT TAKE A ROCKET SCIENTIST OR COMMON SENSE TO BRING IN  
5       THE ISSUE OF WHAT HAPPENS IF YOU HAVE ONLY ONE AIRPORT.  
6       WHAT HAPPENS IF IT GOES AHEAD AND IS DESTROYED BY A  
7       NORTHRIDGE-TYPE QUAKE. WHAT IS GOING TO HAPPEN TO THIS  
8       ENTIRE COMMUNITY. L. A. IS GOING TO BE DESTROYED  
9       ECONOMICALLY, BUSINESS-WISE, RESIDENTIALLY. YOU PEOPLE ARE  
10      JUST NOT ADDRESSING THAT. THAT'S WHY THERE'S MORE REASONS  
11      WHY THERE SHOULD BE A REGIONAL PLAN.

12                   ALSO ENDANGERED SPECIES. I KNOW THERE IS THE  
13      EL SEGUNDO BUTTERFLY, AND I KNOW THAT IS IMPORTANT, BUT YOU  
14      ARE ALSO ENDANGERING THE PEOPLE THAT LIVE HERE FROM ALL  
15      THOSE OTHER FACTORS. I KNOW THEY ARE TRYING TO PUT THE  
16      RING ROAD/ARBOR VITAE INTERCHANGE AND AIRPORT CONNECTOR  
17      ROAD. ALL THOSE ITEMS ARE GOING TO DO ONE BASIC THING.  
18      THEY ARE GOING TO DESTROY THE RESIDENTS OF ABOUT 100,000  
19      PEOPLE THAT LIVE IN THIS AREA.

20                   AGAIN, YOU ARE NOT ADDRESSING THAT AT ALL AND  
21      THE WHOLE POINT IS THAT YOU ARE NOT ADDRESSING THE REGIONAL  
22      ISSUE. THE WHOLE THING IS GOING TO DESTROY WESTCHESTER AND  
23      EVENTUALLY YOU ARE GOING TO DESTROY L.A., THE WEST SIDE,  
24      BECAUSE THE BOTTOM LINE IS YOU ARE NOT GOING TO GO AHEAD  
25      AND STOP.

1                   ORIGINALLY LAX WAS PLANNED TO HAVE 40 MILLION  
2 PASSENGERS AND ABOUT A MILLION IN CARGO. YOU ALREADY HAVE  
3 BLOWN THAT LIMIT TO 67 MILLION PASSENGERS AND OVER TWO  
4 MILLION TONS OF CARGO. THAT EXPLAINS WHY WE HAVE GOT SO  
5 MUCH POLLUTION AND WHY WE HAVE GOT SO MUCH TRAFFIC PROBLEMS  
6 EVERYWHERE AND YOU CAN'T PUT THE SURROUNDING ROADS --

7                   THE FACILITATOR: CAN YOU WRAP IT UP?

8                   MR. CHUCK YOUNGLOVE: YEAH. THE BOTTOM LINE IS 2015  
9 AND 98 MILLION PASSENGERS, THEY ARE RIGHT, IT IS PROBABLY  
10 GOING TO BE CLOSER TO 200 MILLION PASSENGERS AND MORE LIKE  
11 8 MILLION IN CARGO. THE PROBLEM IS THE REGIONAL SOLUTION  
12 IS THE ANSWER. IF YOU DON'T GO AHEAD AND PUT INTO PLACE  
13 AND USE WHAT LAWA OWNS, WHICH IS PALMDALE AND ONTARIO, AND  
14 IF YOU DON'T PUSH ORANGE COUNTY TO TAKE RESPONSIBILITY FOR  
15 THEIR TRAFFIC, FOR THEIR POLLUTION AND FOR THEIR ECONOMIC  
16 NEEDS TO BUILD EL TORO, JOHN WAYNE, AND FURTHER SOUTH DOWN  
17 IN SAN DIEGO, IT IS NOT GOING TO WORK.

18                   THE NEXT THING IS BASICALLY I HOPE JIM HAHN  
19 ACTUALLY GOES AHEAD AND LIVES UP TO HIS PROMISE. IF HE  
20 DIDN'T HE IS GOING TO HAVE A TOUGHER FOUR YEARS. THE OTHER  
21 ISSUE IS THE OVERDEVELOPMENT. HOWARD HUGHES, MARINA DEL  
22 REY, PLAYA VISTA AND BOLOGNA CREEK AREA, THAT HAS NOT BEEN  
23 BROUGHT INTO YOUR EIR, AND THE BOTTOM LINE IS THAT IS SO  
24 OVERWHELMING THAT YOU HAVE NOT ADDRESSED THE ISSUES AND  
25 THAT IS GOING TO GO AHEAD AND EXPONENTIALLY FIVE TIMES MORE

1 THAN WHAT YOU ARE PLANNING IN YOUR SIMPLE MASTER PLAN AND  
2 YOU HAVE NOT ADDRESSED THAT.

3 THE FACILITATOR: THANK YOU, CHUCK.

4 MR. CHUCK YOUNGLOVE: CAN I SAY ONE LAST SENTENCE.  
5 I WOULD LIKE TO SAY TO ALL THE AUDIENCE THAT WHAT WE REALLY  
6 NEED TO DO IS WHAT THE VALLEY IS TRYING TO DO. WHICH IS  
7 HAVE WESTCHESTER SUCCEED FROM L.A. AND THAT WE NEED TO GO  
8 AHEAD AND FORMALIZE AND GET TOGETHER AND PUT MONEY TOGETHER  
9 SO THAT WE CAN CREATE A PUBLIC LAWSUIT JUST LIKE EL SEGUNDO  
10 HAS BECAUSE WE ARE NOT A CITY AND WE DON'T HAVE SUFFICIENT  
11 REPRESENTATION. THANK YOU.

12 THE FACILITATOR: ALL RIGHT. WE WILL CLOSE ON THAT.  
13 I HAVE TO GO REAL QUICK THROUGH THESE NAMES. LAST CALL.  
14 APPLE, MYERS, MCFADDEN, SPANN, PEARCE, WEINER. FEIST,  
15 FIDADAS, GREEN, THAT'S MURIEL GREEN, CHILTON, OLSEN,  
16 HOLEFIELD, BLAIR, REZNICK AND FISHER. LAST CALL.

17 NEXT SPEAKER, CAROLE HOSSAN. IF YOU HAVE NOT  
18 FILLED OUT A CARD AND YOU PLAN TO, PLEASE DO SO. PUBLIC  
19 COMMENT PERIOD OFFICIALLY ENDS AT 7 O'CLOCK. WE WILL GO  
20 UNTIL WE ARE FINISHED.

21 MS. CAROLE HOSSAN: CAROL HOSSAN. I LIVE ON HINDRY  
22 IN WESTCHESTER. ONE THING I WANTED TO NOTE. I NOTICED  
23 YOU HAVE VERY EXPENSIVE BROCHURES THAT SORT OF EXTOL THE  
24 VIRTUES OF THIS PLAN AND ALL THAT. I AM WONDERING, YOU  
25 HAVE A LOT OF MONEY WHY YOU COULDN'T HAVE SENT FLYERS

1 TO EVERY RESIDENCE IN WESTCHESTER, EL SEGUNDO AND  
2 INGLEWOOD, PEOPLE THAT ARE AFFECTED BY THIS. WHY WASN'T  
3 THAT IN YOUR BUDGET? WHY DIDN'T YOU THINK OF THAT? IT  
4 IS BECAUSE YOU DON'T THINK OF US AS PEOPLE. THAT'S WHY.

5 I WAS BORN AND RAISED IN WESTCHESTER AND I  
6 CAN'T PASS A LUNG FUNCTION TEST, AND LOOKING AT THOSE  
7 SCREENS I CAN SEE WHY. MY JUNIOR HIGH SCHOOL IS NOW A CAR  
8 RENTAL AGENCY. MY JUNIOR HIGH SCHOOL WAS IRONICALLY CALLED  
9 AIRPORT JUNIOR HIGH AND THE AIRPORT ATE IT. I WENT TO  
10 WESTCHESTER HIGH SCHOOL AND MY EARS STILL RING FROM THOSE  
11 PLANES SCREAMING OVERHEAD. IT WAS PAINFUL. I AM NOT  
12 KIDDING YOU.

13 IN ITS HISTORY THE AIRPORT HAS DESTROYED  
14 THOUSANDS OF HOMES AND I DON'T KNOW HOW MANY BUSINESSES.  
15 LAX HAS BEEN EXPANDING ITS BOUNDARIES, NOTE THE MANCHESTER  
16 SQUARE AND BELFORD SQUARE SITUATION. LAX WANTS TO PUT  
17 CARGO TERMINALS THERE. WE WANT A PARK. WE ARE PEOPLE.

18 I LEFT OUT A POINT THAT I WANTED TO MAKE WHEN  
19 I SAW THOSE SCREENS AND THAT I AM FURIOUS THAT THE EIS  
20 DOES NOT HAVE A BASE LINE SETTING FOR TOXIC AIR POLLUTANTS  
21 ASSOCIATED WITH CURRENT AIRPORT OPERATIONS. WE ARE PEOPLE.  
22 WE DESERVE TO HAVE AIR THAT WE CAN BREATHE AND WE NEED TO  
23 KNOW WHAT WE ARE BREATHING.

24 LAX IS NOT CONTENT WITH BEING IN OUR  
25 BACKYARDS. IT WANTS TO BE ON OUR BACKS. IT MAKES ME SO

1 MAD WHEN THESE ORANGE COUNTY PEOPLE THINK WE ARE BEING  
2 NIMBIES. WE HAVE PUT UP WITH THIS AIRPORT FOR YEARS. WE  
3 ARE NOT IN OUR BACKYARDS. IT IS IN OUR BACKYARDS AND WE  
4 ARE TRYING TO DO OUR BEST TO LIVE WITH IT. I HAVE WAKENED  
5 UP IN THE MIDDLE OF THE NIGHT AND IT IS SO LOUD SOMETIMES  
6 IT SOUNDS LIKE THE SKY IS CRACKING OPEN. I AM NOT KIDDING  
7 YOU.

8 HOW CAN YOU MITIGATE THE DEVASTATING EFFECTS  
9 OF THE DESTRUCTION, THE VERY CONCEPT OF COMMUNITY IN OUR  
10 COMMUNITY. DO THIS EIR AGAIN. GO BACK TO THE DRAWING  
11 BOARD. WE MATTER.

12 THE FACILITATOR: THANK YOU. THANK YOU, CAROL.  
13 DR. FRANK VALESCO. CALL AGAIN DR. FRANK VALESCO. BRIAN  
14 PENA TO BE FOLLOWED BY SAM HELPRIN, ELEANOR HOLM, SOMETHING  
15 MASUDA.

16 MR. BRIAN PENA: MY NAME IS BRIAN PENA. I LIVE IN  
17 WESTCHESTER, WESTPORT HEIGHTS AREA. ABOUT SEVEN HOURS OR  
18 SO NOW, I DON'T KNOW WHAT TIME IT IS, BUT IT HAS BEEN A  
19 LONG DAY. I WAS TALKING TO YOUR PEOPLE INSIDE EARLIER  
20 ABOUT THE REPORTS AND A LOT OF THINGS DIDN'T SEEM TO BE  
21 CLEAR TO ME, SUCH AS IF WE ARE INCREASING CARGO CAPACITY.  
22 WHY IS IT THAT THERE ARE NO REPORTS ABOUT THE INCREASED  
23 TRUCKS COMING IN AND THE POLLUTION CAUSED BY THOSE ARE NOT  
24 BEING DEALT WITH.

25 I ALSO TRIED TO WADE THROUGH THE REPORT AND I

1 NOTICED MISSING THERE WAS THE FACT THAT THEY DIDN'T HAVE  
2 ANY KIND OF STATISTICS ON THE HEALTH ISSUES. HOW MANY  
3 PEOPLE ARE GOING TO BE IN HOSPITALS AND DEAD FROM  
4 RESPIRATORY DISEASES BECAUSE OF THE EXPANSION OF LAX.  
5 THOSE THINGS CONCERN ME. I HAVE A LITTLE GIRL AT HOME. I  
6 HAVE NOT SEEN HER ALL DAY. I AM NOT BEING PAID TO BE HERE  
7 ALL DAY. I WOULD LIKE TO SEE HER TONIGHT. I AM HERE FOR  
8 HER HEALTH AND HER FUTURE, NOT MINE. THANKS.

9 THE FACILITATOR: KEEPING WITH THE POLICY THAT  
10 PEOPLE HAVE GONE SOMEWHERE AND COME BACK AND THIS YOUNG  
11 LADY HAS TWO KIDS. LET'S DO THAT RIGHT NOW. THE SPANNS  
12 ARE UP. ARE YOU GOING TO SING FOR US?

13 MS. AVIVA SPANN: MY NAME IS AVIVA SPANN. THIS IS MY  
14 DAUGHTER CHELSEA SPANN AND MY OTHER DAUGHTER LINDSAY SPANN.  
15 I HAVE LIVED IN PLAYA DEL REY SINCE THE '70S AND I FIRST  
16 WANT TO THANK THE AIRPORT. I HAD MY HOUSE SOUNDPROOFED AND  
17 I DIDN'T KNOW HOW BAD IT WAS UNTIL I DON'T HAVE THAT MUCH  
18 NOISE ANY MORE. FOR THAT I AM GRATEFUL. BUT I HAVE A HUGE  
19 CONCERN.

20 TO TAKE MY KIDS TO SCHOOL IN SANTA MONICA, WE  
21 HAVE TO LEAVE AT FIVE TO 7:00 TO GET THEM THERE BY 8:30,  
22 AND THAT'S BECAUSE OF PERSHING AND CULVER BOULEVARD. MY  
23 CONCERN IS IF THERE'S AN OPENING TO THE AIRPORT ON PERSHING  
24 DRIVE, WHICH IS WHAT THE MASTER PLAN SAYS, THAT SEMI-  
25 CIRCULAR OPENING, I WILL FEEL LIKE A TRAPPED ANIMAL WITH

1 MY CHILDREN, ESPECIALLY IF THERE'S AN EARTHQUAKE.

2 AT THIS POINT WE HAVE THE OCEAN ON ONE SIDE,  
3 WE HAVE GOT THE MARINA ON THE OTHER, WE HAVE GOT NOW IF  
4 THIS IS CREATED THE AIRPORT ON THE OTHER SIDE. THERE IS  
5 NO PLACE FOR US TO GO. IT IS A VERY FRUSTRATING, SCARY  
6 FEELING. AS IT IS NOW, I WORRY HOW TO GET OUT IF MY KIDS  
7 ARE IN SCHOOL. HOW DO I GET OUT IN THE MORNING TO GET  
8 THEM. UP ON THE HILL IS WHERE I LIVE, WHICH IS RIGHT THERE  
9 AT THE TOP OF MANCHESTER, AT THE END OF MANCHESTER. THERE  
10 IS NO WHERE FOR US TO GO. YOU ADD THAT INSULT TO INJURY  
11 AND WE ARE STUCK.

12 THE OTHER CONSIDERATION I HAVE IS A LOT OF THE  
13 PEOPLE ON THE HILL HAVE GOTTEN THEIR HOUSES SOUNDPROOFED  
14 AND THEY FEEL THEY DON'T HAVE A VOICE BECAUSE THEY HAVE  
15 GIVEN AWAY THEIR EASEMENT. I THINK THEY OUGHT  
16 TO KNOW THAT THEY NEED TO BE HEARD. THAT THEY NEED TO BE  
17 HEARD. IT JUST DOES NOT MAKE SENSE TO ME EVEN LOGICALLY.  
18 IF YOU ARE CREATING AN OPENING TO THIS AIRPORT INTO A  
19 RESIDENTIAL AREA. THIS IS A COUPLE OF BLOCKS AWAY FROM  
20 HOMES. HOW THIS INCREASES BUSINESS, I HAVE NO CLUE. ALL I  
21 KNOW IS MY KIDS WON'T BE ABLE TO GO BABYSIT A COUPLE BLOCKS  
22 AWAY WITHOUT BEING CONCERNED ABOUT TRAFFIC. I DON'T THINK  
23 AN APPROPRIATE ANSWER IS TO HAVE OPENING TO THE AIRPORT  
24 BEING INTO A RESIDENTIAL AREA.

25 THE OTHER LAST CONCERN I HAVE IS NOT AS

1     IMPORTANT AS THE SAFETY ISSUE, BUT THERE ISN'T A HOUSE  
2     AROUND ME THAT DOESN'T HAVE BLACK ALL OVER IT. WE HAVE TO  
3     PAINT ALL THE TIME BECAUSE OF WHAT IS ON THE EXTERIOR. I  
4     CANNOT IMAGINE WHAT IS ON THE INTERIOR. I GUESS THAT'S  
5     ALL I HAVE TO SAY. PLEASE RECONSIDER THIS. THIS IS NOT  
6     WORKING FOR THE HUMAN BEINGS, FOR THESE KIDS.

7                     ONE LAST THING, AND THAT IS, MY KIDS WERE  
8     SMALL WHEN I APPLIED FOR THE SOUNDPROOFING PROGRAM THE  
9     BEGINNING OF '90. ONE OF THE REASONS I DID THAT IS ONE OF  
10    MY KIDS HAS SPECIAL NEEDS. THE ONLY WAY SHE COULD LEARN  
11    WAS AUDITORIALLY. EVERY SIX MONTHS I WOULD HAVE TO HAVE HER  
12    HEARING CHECKED AND OVER THE TIME PROGRESSIVELY IT GOT  
13    WORSE AND WORSE AND WORSE. IT IS REAL. IT IS MEASURABLE.  
14    I AM NOW GRATEFUL FOR THE SOUNDPROOFING, ALTHOUGH IT IS TEN  
15    YEARS DOWN THE ROAD FROM WHEN I FIRST APPLIED. I AM SURE  
16    FOR THE PEOPLE WHO DON'T HAVE IT IT IS AFFECTING THEM TOO.  
17    PLEASE TAKE NOTE FROM US. THIS IS A PLEA. PLEASE LISTEN  
18    TO US.

19                    THE FACILITATOR: THANK YOU, AVIVA. HALPRIN  
20    FOLLOWED BY ELEANOR HOLM FOLLOWED BY MASUDA, I DON'T KNOW  
21    WHAT THAT IS. IS JUDITH HERE?

22                    MS. CIANCIMINO: YES, I AM HERE.

23                    THE FACILITATOR: SAM IS NOT HERE. ELEANOR?  
24    MASUDA? THOSE ARE ALL FIRST CALLS. JUDITH, YOU ARE UP.  
25    FOLLOWED BY NORA FRYE AND NELS JORGENSEN, SHEILA BERNARD

1 AND INGRID MUELLER.

2 MS. JUDITH CIANCIMINO: MY NAME IS JUDITH  
3 CIANCIMINO. I AM A RESIDENT OF WESTCHESTER AND LIVE WITH  
4 MY FAMILY IN A HOME THAT WE PURCHASED PRIOR TO THE CURRENT  
5 CONFIGURATIONS OF LAX AT A TIME WHEN LAX WAS PROMISING NO  
6 MORE EXPANSION. THERE HAVE BEEN A LOT OF PEOPLE UP HERE  
7 TODAY WHO KNOW A LOT MORE ABOUT THE TECHNICAL ASPECTS OF  
8 THE BANDAID THAT YOU CALL THE MASTER PLAN, SO I WON'T TALK  
9 ABOUT IT. I AM GOING TO SPEAK ABOUT SOMETHING THAT I  
10 ACTUALLY KNOW ABOUT AND THAT IS HOW I COMMUTE.

11 I HAVE READ THAT THE TRAFFIC ON THE 405 AND  
12 SURROUNDING AREA INFRASTRUCTURE IS ONLY SLIGHTLY AFFECTED  
13 BY LAX AND THE LAX EXPANSION. IF YOU CONSIDER PASSENGERS  
14 ONLY, I SUPPOSE THIS MAY NOT BE A LIE. HOWEVER, NEARLY  
15 60,000 PEOPLE WEAR A BADGE AT LAX. PILOTS AND FLIGHT  
16 ATTENDANTS DO NOT. MANY OF THEM EVEN LIVE SOUTH OF  
17 ROSECRANS, A FACT COMPLETELY IGNORED BY THE MASTER PLAN.  
18 IF ALL OF THEM CAME TO WORK ONLY ONE DAY A WEEK THAT WOULD  
19 RESULT IN OVER THREE MILLION VEHICLE TRIPS A YEAR INTO LAX  
20 AND IF THEY GO HOME ADD ANOTHER THREE MILLION. THIS IS  
21 PRIOR TO EXPANSION.

22 APPROXIMATELY 30 PERCENT OF THE PEOPLE WHO  
23 WORK AT LAX LIVE NEAR TO OR IN A COMMUNITY THAT HAS OR  
24 WANTS A VIABLE AIRPORT AND THAT IS WHERE THEY LIKE TO WORK.  
25 CLOSER TO THEIR FAMILIES, NOT A TWO-PLUS HOUR COMMUTE FROM

1 THEIR HOMES. THEY WANT A LIFE WORTH LIVING IN THEIR OWN  
2 COMMUNITY JUST LIKE WE DO.

3 LAX EXPANSION -- I HAVE WRITTEN THIS A  
4 THOUSAND TIMES TODAY. LAX EXPANSION DOES NOT SERVE THE  
5 CITIZENS OF LOS ANGELES, IT SERVES THE NEEDS OF THE  
6 PASSENGER AND CARGO AIRLINES OF THE WORLD. PLEASE REMEMBER  
7 NO MATTER HOW BIG YOU EXPAND ON THE GROUND, YOU CAN'T  
8 EXPAND AIR SPACE. THANK YOU.

9 THE FACILITATOR: THANK YOU. NORA FRYE. I HAVE  
10 GOING TO BE POSTED RIGHT NEXT TO OUR FRIENDLY POLICE  
11 OFFICER BACK THERE THE LIST OF ALL THE REMAINING SPEAKERS.  
12 IT IS NOT THERE YET. IT WILL BE IN A SECOND SO YOU CAN  
13 CHECK WHEN YOU WILL BE GOING UP. DR. JORGENSEN, SHEILA  
14 BERNARD, FOLLOWED BY INGRID MUELLER.

15 MS. SHEILA BERNARD: I AM SHEILA BERNARD, PRESIDENT  
16 OF THE LINCOLN PLACE TENNIS ASSOCIATION IN VENICE WHICH  
17 REPRESENTS THE INTEREST OF 2000 RESIDENTS, 800 HOUSEHOLDS.  
18 THE PROBLEM OF POLLUTION CAUSED BY TRANSPORTATION WILL  
19 HAVE TO BE SOLVED HOLISTICALLY. WE NEED TO MAXIMIZE  
20 NONPOLLUTING TRANSPORTATION TO NEARBY CALIFORNIA CITIES  
21 BECAUSE, AS YOU MIGHT HAVE HEARD FROM KEN STROMPOLE, IF  
22 HE SPOKE EARLIER, NEARBY CALIFORNIA CITIES WHICH COULD  
23 BE REACHED QUICKLY BY HIGH-SPEED TRAINS, COMPRISE A  
24 SIGNIFICANT PERCENTAGE OF DESTINATIONS OUT OF LAX.

25 WHAT THE PEOPLE ARE EXPRESSING TO YOU HERE

1 TODAY IS THAT THEY WOULD RATHER HAVE A SMALLER CHOICE OF  
2 FLIGHTS FOR THEIR OCCASIONAL LONG TRIPS RATHER THAN HAVE  
3 THEIR QUALITY OF LIFE FURTHER ERODED DAY AFTER DAY AFTER  
4 DAY. WHEN SO MANY SECTORS OF OUR SOCIETY WHICH ARE OFTEN  
5 ON OPPOSITE SIDES OF ISSUES ARE VIRTUALLY UNANIMOUSLY  
6 OPPOSED TO THE EXPANSION OF THE AIRPORT, IT IS INCUMBENT  
7 UPON LAWA TO CHANGE ITS FOCUS.

8 LAWA SHOULD FOCUS ON THE NO-PROJECT  
9 ALTERNATIVE. I DON'T MEAN THE NO-PROJECT ALTERNATIVE IN  
10 THE CURRENT EIR WHICH THREATENS UNMITIGATED GROWTH EVEN  
11 WITHOUT EXPANSION. I MEAN A NO-PROJECT ALTERNATIVE WHICH  
12 IS GUIDED BY THE COMMUNITY WHICH LAWA SERVES. GUIDANCE  
13 WHICH COULD HELP LAX BECOME MORE EFFICIENT AND LESS  
14 POLLUTING OVER TIME BY INTEGRATING AIR TRAVEL INTO A RANGE  
15 OF LESS POLLUTING OR NONPOLLUTING OPTIONS. THANK YOU.

16 THE FACILITATOR: THANK YOU. INGRID MUELLER.

17 MS. INGRID MUELLER: GOOD EVENING. I WAS AWAKENED  
18 BY A JET TAKING OFF FROM SANTA MONICA AIRPORT. I LIVE IN  
19 A VENICE COMMUNITY EAST OF LINCOLN BOULEVARD. WHEN I WENT  
20 OUT ON THE BALCONY AT 7:00 IN THE MORNING I DID SEE THE BIG  
21 JUMBOS TAKING OFF FROM LAX. I AM NOT RIGHT UNDERNEATH IT  
22 BUT I AM ONLY A BLOCK AWAY FROM LINCOLN BOULEVARD, AND  
23 BELIEVE ME, WE ALL KNOW WHAT THAT STREET LOOKS LIKE AND  
24 WE DON'T WANT IT TO GET ANY WORSE.

25 I STUMBLED OUT OF BED, HAD ANY COFFEE AND

1 WROTE A LETTER TO MR. KESSLER AND MR. RITCHIE AND A COPY  
2 TO OUR COUNCILWOMAN RUTH GALANTER. AND I ACTUALLY TOOK  
3 DEEP BREATHS AND DID SOME YOGA AND ACTUALLY STARTED THE  
4 LETTER WITH DEAR MR. KESSLER AND DEAR MR. RITCHIE. I AM  
5 TRYING TO BE VERY CIVIL, IN OTHER WORDS. AND I AM READING  
6 IT WORD FOR WORD.

7 FOR YEARS, BUT ESPECIALLY SINCE THIS NEW  
8 MILLENNIUM DAWNS UPON US HAVE WE TRUSTED AND TALKED AND  
9 FOUGHT ABOUT OUR LOS ANGELES WEST SIDE'S IMPACT ON THE  
10 FEDERAL AVIATION ADMINISTRATION LAW AND MAYOR RIORDON'S  
11 PROGRESS AT ANY COST APPOINTEES. YOU BOTH KNOW THAT YOUR  
12 PIECE-MEALING HAS COST MAJOR IMPACTS ON LAX'S SURROUNDING  
13 NEIGHBORHOOD ALREADY.

14 HOW ADDITIONAL SPACE FOR CARGO HANGARS AND  
15 MORE JETS IN THE LANDING PATTERNS THAT IS YOUR MAJOR  
16 EXPANSION PROPOSALS WILL IMPACT OUR NEIGHBORHOODS TODAY AND  
17 TOMMORROW IS INFINITELY MORE REAL THAN A MYTHICAL GROWTH  
18 ANY WAY WITH NO MITIGATION PLAN THAT YOU ARE DESCRIBING IN  
19 THE EIR. THIS IS NOT ABOUT CRUNCHING NUMBERS DOWN. THIS  
20 IS ABOUT RESPECT FOR LOS ANGELES RESIDENTS.

21 THERE ARE OTHER AIR TRAVEL AND TRANSPORT  
22 ALTERNATIVES IN SOUTHERN CALIFORNIA THAT WON'T IMPACT THIS  
23 ECONOMY. I FIND MYSELF REPEATING MYSELF BECAUSE THIS IS  
24 WHAT I WROTE A COUPLE OF YEARS AGO WHEN I CAME TO THE FIRST  
25 PUBLIC HEARINGS HERE. ONCE THE SKYS OF L. A. ARE DARKENED

1 WITH SMOG, ONCE RESIDENTS CAN'T HEAR THEMSELVES SPEAK ANY  
2 MORE, ONCE THE FREQUENCY OF AIR TRAFFIC ACCIDENTS SCARES  
3 THE WORLD AWAY FROM LAX, YOU WILL HAVE TO LEARN ONE  
4 IMPORTANT LIFE LESSON TOO LATE. SINCERELY.

5 THE FACILITATOR: THANK YOU, INGRID. PEGGY MELODY  
6 FOLLOWED BY JEANNIE YOUNG. IS PEGGY HERE? THAT'S FIRST  
7 CALL. JEANNIE YOUNG? CHIP BUSSELL? IF YOU KNOW THEY ARE  
8 OUTSIDE SOMEBODY, MAKE SURE YOU GO GRAB THEM. WE WILL CALL  
9 THEIR NAME AGAIN. BOB MCGINDLEY. DON'T FORGET THERE'S A  
10 LIST UP ON THE BACK WALL. WHO IS SPEAKING NEXT?

11 MR. BOB MCGINDLEY: THANK YOU, BOB MCGINDLEY. I  
12 WOULD LIKE TO RANT AND RAVE, BUT I REALIZE THAT NEITHER THE  
13 AIRPORT NOR FAA GIVE A CRAP ABOUT WHAT I THINK. I HAVE  
14 BEEN A RESIDENT OF PLAYA DEL REY AND WESTCHESTER FOR 34  
15 YEARS. I'VE ALREADY LOST ONE HOUSE TO THE AIRPORT. I DO  
16 NOT INTEND TO LOSE A SECOND HOUSE. I FEEL THE AIRPORT HAS  
17 LIED TO ME THE ENTIRE TIME I HAVE LIVED IN THE AREA. MY  
18 PERCEPTION IS THAT THE ENTIRE PLAN IS FUELED BY GREED WITH  
19 ABSOLUTELY NO REGARD TO PEOPLE IN THE NEIGHBORHOOD OR THE  
20 ENVIRONMENT. IF THE COMMISSION IS SO DAMN SMART, HOW COME  
21 THEY DON'T KNOW YOU CAN'T PUT FIVE POUNDS IN A THREE-POUND  
22 BAG. AND, FINALLY, MY SYMPATHY GOES TO THE FAMILIES OF  
23 THOSE WHO WILL LOSE THEIR LIVES IF THIS INSANE PLAN TAKES  
24 PLACE. THANK YOU.

25 THE FACILITATOR: THANK YOU. YOU CAN KEEP ON

1 APPLAUDING. HE HAS TWO MORE MINUTES. THANK YOU FOR BEING  
2 SO SUCCINCT. MARY JANE LUDWIG, TO BE FOLLOWED BY BASHAR  
3 KOMOC, FOLLOWED BY DANIEL BIANCA. MARY JANE NOT HERE?  
4 BASHAR? NOT RIGHT NOW. DANIEL BIANCA, JR. THIS IS KOMOC.  
5 MR. BASHAR KOMOC: YES, SIR. HI. MY NAME IS BASHAR  
6 KOMOC. I AM A HEALTH-CARE PROVIDER. I LIVE ON 91ST STREET  
7 OVER HERE. I AM HERE TO TALK TO THE AUDIENCE MUCH MORE  
8 THAN THE GENTLEMAN AND LADIES HERE ON THE PANEL. FROM WHAT  
9 HAPPENED BEFORE FROM THE BOLOGNA WETLANDS AND THE LETTERS  
10 I HAVE SEEN TO THE CONGRESS SEEING ALL THE PEOPLE AND IT  
11 DIDN'T WORK OUT, OBVIOUSLY.  
12 I AM HERE JUST TO ATTRACT YOUR ATTENTION OF  
13 PARENTS AND GRANDPARENTS. I KNOW IN THIS SOCIETY WHEN I  
14 MOVED IN IN '97 I WAS THE YOUNGEST ONE ON THE STREET. I  
15 REALIZE YOU HAVE KIDS AND GRANDKIDS. AS A HEALTH-CARE  
16 PROVIDER I WANT TO DRAW YOUR ATTENTION THAT WHAT YOU ARE  
17 BREATHING IS REALLY CARCINOGEN AND CARCINOGENIC MATERIAL.  
18 THAT'S WHAT YOU ARE BREATHING.  
19 THIS RETROFIT MATERIAL, WHATEVER THEY DID  
20 TO YOUR HOUSE IT IS NOT GOING TO EFFECT. YOU ARE GOING  
21 TO OPEN YOUR DOORS AND GET OUT TO THE YARD AND YOUR KIDS  
22 AND GRANDKIDS WILL BREATHE THIS MATERIAL. I USED TO  
23 PRACTICE IN WESTWOOD AND I HARDLY SAW AN ASTHMATIC PATIENT,  
24 HARDLY. NOW I MOVED MY PRACTICE HERE TO SOUTH BAY AND  
25 ALMOST 90 PERCENT OF MY PATIENTS, ESPECIALLY YOUNG KIDS,

1 ARE ASTHMATIC.

2 THIS IS YOUR LEGACY TO YOUR KIDS AND  
3 GRANDKIDS. THOSE KIDS I SEE ARE FOUR YEARS OLD. THEY ARE  
4 ASTHMATIC. THIS IS THE LEGACY THAT YOU ARE LEAVING BEHIND  
5 TO YOUR KIDS AND GRANDKIDS. I WANT TO BRING THIS TO YOUR  
6 ATTENTION. THIS IS YOUR FUTURE. THE KIDS ARE THE FUTURE  
7 AND YOU HAVE TO LEAVE THEM SOMETHING NICE.

8 JUST A FOOTNOTE HERE TO WHAT I WANT TO LEAVE  
9 WITH. I IMMIGRATED HERE FROM A COUNTRY WHERE PEOPLE'S  
10 OPINIONS DON'T MIND AT ALL AND IT DOESN'T MATTER. I CAME  
11 HERE IN A HOPE OF A GOOD LIFE. IF THIS PROJECT GOES  
12 THROUGH, IT IS GOING TO BE A SHAMEFUL REMINDER OF THAT  
13 LAND I LEFT BEHIND. THANK YOU.

14 THE FACILITATOR: THANK YOU. DANIEL BIANCA I  
15 CALLED. JUDITH BOBACK. SHE LEFT. JOHN SEXTON TO BE  
16 FOLLOWED BY JOHN ELLISON, TO BE FOLLOWED BY STACY BROWN,  
17 AND THE LIST IN THE BACK. SCOTT CARNEY AFTER THAT.

18 MR. JOHN SEXTON: MY NAME IS JOHN SEXTON. I LIVE  
19 ABOUT A MILE FROM HERE ON NAYLOR AVENUE. I WOULD LIKE  
20 TO ADD MY NAME TO THE VERY LONG LIST OF PEOPLE WHO ARE  
21 ADAMANTLY OPPOSED TO EXPANSION OF LAX. MY WIFE AND I ARE  
22 LY NEW RESIDENTS. WE HAVE LIVED IN WESTCHESTER FOR ABOUT  
23 FIVE AND-A-HALF YEARS. AND WE CONSISTENTLY CONSIDER  
24 OURSELVES VERY FORTUNATE TO LIVE HERE. WE CONSIDER  
25 OURSELVES FORTUNATE THAT WHEN WE BEGAN TO LOOK FOR A HOUSE

1 IN A NEIGHBORHOOD WHERE WE COULD AFFORD TO LIVE, WE FOUND  
2 AN AREA LIKE THIS. WE HAVE ENJOYED EVERY DAY OF BEING IN  
3 THIS AREA.

4 WE HAVE LEARNED TO LIVE WITH THE NOISE OF THE  
5 JETS COMING IN AND OUT. THE ONES THAT OCCASIONALLY RATTLE  
6 OUR WINDOWS AT TIMES DURING THE NIGHT. WE HAVE LEARNED TO  
7 LIVE WITH THE SOMETIMES SMELL OF JET FUEL THAT I CAN EVEN  
8 TASTE ON MY TONGUE WHEN I STAND IN OUR BACKYARD. BUT WE  
9 HAVE CONSIDERED THOSE THINGS TO BE VERY TOLERABLE TRADEOFF  
10 FOR WHAT WE LIKE ABOUT LIVING IN THE AREA.

11 HOWEVER, THE THOUGHT OF AN INCREASE IN NOISE,  
12 THE THOUGHT OF AN INCREASE IN THAT SMELL -- MY SON HAPPENS  
13 TO BE A STUDENT AT ST. BERNARD'S HIGH SCHOOL, WHICH IS A  
14 BIT WEST OF HERE. I KNOW AT TIMES WHEN I HAVE SAT AT HIS  
15 BALL GAMES, WE ACTUALLY HAD TO STOP SPEAKING BECAUSE WE  
16 CANNOT HEAR A WORD WHEN THE JETS ARE GOING OUT. THAT TO  
17 ME IS SYMBOLIC TO WHAT WILL HAPPEN WHEN THE AIRPORT  
18 EXPANDS.

19 ABOUT AN HOUR AND-A-HALF AGO I WATCHED YOUR  
20 VIDEO OUT IN THE HALLWAY. IT SEEMS TO ME THAT THERE WERE  
21 THREE THINGS THAT WERE MENTIONED AS PRIMARY THINGS FOR  
22 EXPANDING THE AIRPORT. ONE WAS THAT IT WOULD BRING SO MANY  
23 JOBS INTO THE AREA. A SECOND IS THAT IT WOULD BRING A LOT  
24 OF MONEY INTO THE AREA. AND A THIRD IS THAT IT WOULD  
25 ENHANCE THE REPUTATION OF L. A. THROUGHOUT THE WORLD.

1 I WOULD NOT WANT TO TAKE ANYBODY'S JOB AWAY,  
2 BUT IT SEEMS TO ME THAT THE PEOPLE WHO WILL COME TO WORK  
3 HERE ARE LIKE YOURSELF, MR. RITCHIE, THEY ALSO COME A LONG  
4 WAYS FOR A GOOD JOB. IF THE PEOPLE WHO ARE GOING TO  
5 BENEFIT FROM THE JOBS, IF THE MONEY IS GOING TO BE SPREAD  
6 THROUGHOUT THE AREA, IT SEEMS TO ME THAT THE BURDEN SHOULD  
7 BE SPREAD THROUGHOUT THE AREA AS WELL. THANK YOU.

8 THE FACILITATOR: THANK YOU, JOHN. JOHN ELLISON.  
9 STACY BROWN, IS SHE HERE? IF YOU KNOW THESE PEOPLE ARE  
10 HERE, TELL THEM TO COME IN AND WE WILL CALL THEM AGAIN.  
11 SCOTT CARNEY.

12 UNIDENTIFIED AUDIENCE MEMBER: HE LEFT.

13 THE FACILITATOR: I WILL SAVE HIS CARD ANYWAY.  
14 HAROLD BOWEN. YES, OKAY. FOLLOWED BY ALAN CASSMAN,  
15 FOLLOWED BY TOM RUSSELL, FOLLOWED BY LESLIE PURCELL, STAN  
16 ROSEN, DOUG REED, MIKE STEVENS, KATHLEEN.

17 MR. HAROLD BOWEN: MY NAME IS HAROLD BOWEN AND I  
18 LIVE ON 7018 TRASK AVENUE IS PLAYA DEL REY. WE BOUGHT THAT  
19 HOUSE IN THE EARLY '60S, MOVED IN THERE, AND ABOUT THAT  
20 TIME THE AIRPORT ANNOUNCED ITS INTENTIONS TO BUILD A NORTH  
21 RUNWAY. THE EXISTING RUNWAYS WERE SOUTH OF THE TERMINAL  
22 AREA AT THAT TIME. THEY SAID THEY WANTED AN ADDITIONAL  
23 NORTH RUNWAY IN CASE OF EMERGENCY. THEY SAID PERHAPS AN  
24 ACCIDENT OR SOME TRAGIC CIRCUMSTANCE ON THE SOUTH COMPLEX  
25 WOULD RENDER THE EXISTING RUNWAYS UNUSABLE, SO THEY NEEDED

1 ANOTHER RUNWAY.

2 I BELIEVE AT THAT TIME THAT THE POWERS THAT  
3 BE HELD SOME SECRET -- NOT NECESSARILY SECRET -- BUT NOT  
4 WELL-PUBLICIZED HEARINGS OF THE CITY COUNCIL AND THE  
5 AIRPORT COMMISSIONS AND ALL THE REST OF THEM. THEY GAVE  
6 THEMSELVES A CONDITIONAL-USE PERMIT TO BUILD A NORTH  
7 RUNWAY ON RESIDENTIALLY OWNED PROPERTY. THAT PROPERTY WAS  
8 RESIDENCIALY ZONED IN THOSE DAYS. PERHAPS IT STILL IS.  
9 I DON'T KNOW.

10 THEY BUILT A RUNWAY. THE PEOPLE SAID THAT  
11 SOUNDS PRETTY REASONABLE. IN CASE OF EMERGENCY THEY MIGHT  
12 NEED A NORTH RUNWAY, SO THEY STARTED BUILDING IT. AND THEN  
13 SHORTLY AFTER THAT THEY STARTED BUILDING A SECOND NORTH  
14 RUNWAY. AND THE PEOPLE SAID, HEY, JUST A MINUTE HERE.  
15 HOW MANY EMERGENCY ARE YOU GOING TO HAVE? THEN THEY BUILT  
16 THE SECOND NORTH RUNWAY, WHICH IS TWO-FOUR RIGHT AND SIX  
17 LEFT, IF YOU ARE FAMILIAR WITH THE AIRPORT. THEY BUILT  
18 THOSE RUNWAYS WITHIN JUST A FEW HUNDRED FEET OF EXISTING  
19 HOMES. THEY HAD NO INTENTION OF BUYING THOSE HOMES AND  
20 PEOPLE COULDN'T SLEEP IN THEIR HOUSES.

21 AS I RECALL, THERE WERE SEVERAL SCHOOLS THAT  
22 HAD TO BE CLOSED BECAUSE THE TEACHERS COULDN'T BE HEARD  
23 IN THE CLASSROOMS. THE LOCAL COMMUNITIES GOT SOME MONEY  
24 TOGETHER AND HIRED ATTORNEYS AND TOOK THE AIRPORT TO TASK  
25 AND MADE THEM BUY SOME OF THOSE HOMES. THERE WAS ALSO AN

1 ISLAND OF HOMES OFF THE WEST END NEAR THE BEACH AND THEY  
2 HAD NO INTENTION OF BUYING THOSE, THEY WERE GOING TO LET  
3 THOSE PEOPLE LIVE THERE.

4 THROUGH LEGAL ACTION THE AIRPORT WAS FORCED  
5 TO BUY THOSE HOMES. AND THEY SAID, OKAY, WE WILL GIVE YOU  
6 MARKET VALUE FOR THOSE HOUSES. MARKET VALUE WAS ZIP. YOU  
7 COULDN'T GIVE THOSE HOUSES AWAY. PEOPLE COULDN'T SLEEP IN  
8 THEM. COULDN'T HEAR A THING. THROUGH LEGAL ACTION THEY  
9 FORCED THE AIRPORT TO BUY AND GIVE REPLACEMENT VALUE. IF  
10 SOMEBODY LIVED ALONG THE BEACH AND HAD AN OCEAN VIEW AND  
11 WANTED TO GO UP TO MALIBU FOR THE SAME VIEW, THEY HAD TO  
12 GIVE THEM THAT VALUE, AS I REMEMBER. MY TIME IS GETTING  
13 SHORT HERE.

14 THE POINT IS, I THINK THE BOTTOM LINE IS THAT  
15 YOU CAN'T BELIEVE WHAT THE PEOPLE, THE PROPONENTS OF THE  
16 AIRPORT SAY. THEY CAN'T BE TRUSTED. THEY COULDN'T BE  
17 TRUSTED IN THE '60S AND THEY CAN'T BE TRUSTED NOW. I COULD  
18 GO ON AND ON, BUT I GUESS I AM OUT OF TIME HERE. THAT IS  
19 MY FINAL COMMENT.

20 THE FACILITATOR: IS THAT IT? ALL RIGHT. THANK  
21 YOU. ALAN CASSMAN FOLLOWED BY TOM RUSSELL.

22 MS. ALAN CASSMAN: GENTLEMAN, MY WIFE AND I HAVE  
23 LIVED HERE 50 YEARS IN THE COMMUNITY AND OUR KIDS ATTENDED  
24 WESTCHESTER HIGH AND WHEN THEY GRADUATED THEIR GRADUATIONS  
25 EACH OF THEM WERE PUNCTUATED BY THE NOISE OF THE AIRPLANE.

1 SO WE HAVE BEEN HERE AND WE HAVE EXPERIENCED THE AIRPORT.  
2 WHAT TROUBLES ME IS I THINK YOU HAVE BASICALLY  
3 A FLAWED SYSTEM. YOU COME TO US WITH AN EIR AND PLANS  
4 THAT ARE EXTREMELY SPECIFIC AND THEY ARE ALL BASED ON  
5 GUESSTIMATES THAT YOU PROVIDE US AS TO THE NUMBER OF  
6 PASSENGERS YOU INTEND TO PROVIDE IN THE FUTURE. AND THAT  
7 IF THE PAST IS ANY EXPERIENCE, YOU REALLY CAN'T RELY ON THE  
8 FIGURES YOU PRESENT TO US AND YOU MUST KNOW THAT. BECAUSE  
9 IF YOU HAVE AN AIRPORT THAT IS SUITABLE FOR 40 MILLION AND  
10 IT NOW EXCEEDS 67 MILLION, YOU ARE TALKING ABOUT A 75  
11 PERCENT INCREASE. I THINK IF YOU INCLUDE INTO YOUR FUTURE  
12 ESTIMATES A 75 PERCENT INCREASE, WHICH I THINK IN ALL  
13 ANTICIPATION YOU MUST EXPECT, BECAUSE APPARENTLY YOU CANNOT  
14 POSSIBLY CONTROL AT THE LOCAL LEVEL AT THE AIRPORT THE  
15 NUMBER OF LANDINGS THAT YOU ARE GOING TO HAVE AT THIS  
16 AIRPORT. IT IS BEYOND YOUR POWER. IF YOU COULD YOU WOULD  
17 HAVE LIVED UP TO YOUR WORD IN THE PAST AND WE WOULD HAVE  
18 40 MILLION PEOPLE IN THIS AIRPORT TODAY. SO I THINK IT  
19 BECOMES AN ACT OF FAITH.

20 THE GENTLEMAN HERE CAME FROM ANOTHER COUNTRY  
21 AND SAID PEOPLE IN OTHER COUNTRIES GET TREATED WITHOUT ANY  
22 CONCERN OR CONSIDERATION. I'M AFRAID THE AIRPORT IS DOING  
23 JUST THAT BECAUSE YOU ARE BUILDING AN ANTICIPATED GROWTH ON  
24 A HOUSE OF SAND. YOU CANNOT GUARANTEE AND WON'T GUARANTEE  
25 THAT THE FUTURE FIGURES YOU ARE GOING TO PROVIDE FOR US

1 WILL STAND UP. JUST AS YOU HAVE NOT BEEN ABLE TO GUARANTEE  
2 THAT IN THE PAST.

3 THOSE OF US WHO LIVE HERE AND ARE INVOLVED IN  
4 THE QUALITY OF LIFE THINK THAT THE NUMBER OF PEOPLE YOU  
5 HAVE BROUGHT INTO THIS AIRPORT ALREADY IS EXCESSIVE AND  
6 HAS DESTROYED THE QUALITY OF OUR LIFE AND WE BEG YOU TO  
7 CONSIDER THAT AND AT LEAST KEEP THIS AIRPORT AT THE  
8 OVERWHELMING LARGE NUMBERS THAT YOU NOW HAVE. DO NOT  
9 INCREASE IT.

10 THE FACILITATOR: THANK YOU, ALAN. IF YOUR NAME  
11 DOES NOT APPEAR ON THE LIST IN THE BACK, I HAVE A CARD HERE  
12 THAT I CALLED OUT EARLIER AND WE DIDN'T HEAR FROM YOU, SO  
13 MAKE SURE YOU GET A CHANCE TO SPEAK IF YOU PLAN TO SPEAK.  
14 TOM RUSSELL IS RIGHT HERE.

15 MR. TOM RUSSELL: I WAS BORN AND RAISED IN  
16 WESTCHESTER, BAPTIZED AT VISITATION CHURCH, VISITATION  
17 SCHOOL, ORVILLE WRIGHT JUNIOR HIGH SCHOOL, WESTCHESTER HIGH  
18 SCHOOL CLASS OF '68. I WOULD LIKE TO THANK MINA FOR HER  
19 FLYER THAT REMINDED ME ABOUT THIS. I DIDN'T TAKE ANY  
20 NOTES, BUT THE YOUNG LADY THAT CAME UP HERE WITH HER  
21 DAUGHTERS, THAT WAS INTERESTING. SHE SAID, TO MY WEST IS  
22 THE PACIFIC OCEAN, TO THE NORTH IS MARINA DEL REY, THE  
23 LARGEST MAN-MADE BOAT HARBOR IN THE WORLD, I BELIEVE.  
24 PRETTY NICE PLACE. PRETTY NICE PLACE TO SEE.

25 YUCCA FLATS ARIZONA USED TO TEST DRIVE FORDS

1 BACK IN THE '60S. IT WAS OUT OF THE WAY. IT WASN'T A  
2 PLACE TO LIVE, REALLY. IT WAS A PLACE TO TEST MACHINES.  
3 THIS IS NOT YUCCA FLATS, ARIZONA. I KNEW A MAN BY THE NAME  
4 OF BOB SMITH HE WORKED FOR THE TELEPHONE COMPANY BACK IN  
5 THE LATE '40S. HE DROVE ALL OVER LOS ANGELES. HE PICKED  
6 WESTCHESTER. HE KNEW LOS ANGELES. THIS IS A GREAT PLACE  
7 TO LIVE. THE CLIMATE, THE PROXIMITY TO THE OCEAN, THE  
8 CENTRAL LOCATION, AND IT HAD A NICE LITTLE AIRPORT, BY THE  
9 WAY, THAT WASN'T ANYTHING LIKE IT WAS NOW. IF ANYBODY SAYS  
10 THE AIRPORT WAS HERE FIRST, I AM SORRY, BUT IT WASN'T THE  
11 SAME. A LOT DIFFERENT.

12 THAT'S ALL I CAN SAY. YOU KNOW DENVER IS A  
13 LOT BIGGER. THE AIRPORT IS A LOT BIGGER. LAX IS ABOUT  
14 THREE, FOUR POSTAGE STAMPS ON A MANILA ENVELOPE COMPARED  
15 TO THEIR SIZE. THEY MOVED IT OUT OF THE WAY SO PEOPLE  
16 WOULDN'T BE BOTHERED BY IT. WE ARE BOTHERED BY LAX QUITE  
17 A BIT. I THINK IT IS TIME FOR A REGIONAL SOLUTION. THANK  
18 YOU.

19 THE FACILITATOR: THANK YOU, TOM. LESLIE PURCELL.  
20 AND THEN STAN AFTER THAT AND DOUG AFTER THAT.

21 MS. LESLIE PURCELL: I AM LESLIE PURCELL. I LIVE  
22 IN SANTA MONICA NOW. I USED TO LIVE IN VENICE. I WOULD  
23 LIKE TO PROPOSE THAT YOU GUYS REALLY LISTEN TO PEOPLE. I  
24 HAVE BEEN TO A LOT OF HEARINGS LATELY ON VARIOUS ISSUES. I  
25 FEEL LIKE MOST OF THE TIME PEOPLE STAND UP HERE WITH VERY

1 PERSONAL OR EVEN SCIENTIFIC, WELL THOUGHT OUT REASONS THAT  
2 THEY COME BEFORE TO SPEAK, AND OFTEN IT JUST GOES BY. THE  
3 DECISION IS REALLY ALREADY MADE OR IT IS ABOUT TO BE MADE.

4 THIS IS SOMETHING THAT WE THE PEOPLE, THE  
5 PUBLIC, FEEL LIKE WE HAVE BEEN DISENFRANCHIZED. I HOPE  
6 THAT YOU REALLY ARE TAKING INTO ACCOUNT THE FACT THAT I  
7 HAVE HEARD ONE PERSON SO FAR FROM NOT THIS AREA AT ALL SAY  
8 THIS IS A GOOD IDEA. SO, PERSONALLY I WOULD JUST LIKE TO  
9 SAY THERE'S ALREADY WAY TOO MUCH SMOG AND POLLUTION. IF  
10 YOU FLY IN AND OUT OF LAX YOU SEE IT. YOU FLY IN. THERE'S  
11 A BIG YELLOW/BROWN BLANKET OVER THE LOS ANGELES BASIN.  
12 WE DO NOT NEED MORE POLLUTION FROM MORE PLANES COMING IN,  
13 MORE DIESEL TRUCKS, MORE TRAFFIC.

14 THE OUTLYING AREAS COULD CERTAINLY USE MORE  
15 AIRLINE TRAFFIC AND ACCESS FOR THEIR NEEDS. I USED TO FLY  
16 IN AND OUT OF BURBANK AND I THINK IT IS MUCH BETTER TO HAVE  
17 OTHER AIRPORTS THAT ARE FUNCTIONING. THE BAY AREA HAS TWO  
18 MAJOR AIRPORTS AND SAN JOSE A THIRD ONE. IT IS NOT NEARLY  
19 AS BIG AS LOS ANGELES. THE EIR I DON'T BELIEVE TAKES INTO  
20 ACCOUNT THE OTHER DEVELOPMENTS AND THEIR TRAFFIC PROBLEMS  
21 IN THE AREAS.

22 THAT WOULD INCLUDE THIS EXPANSION THAT IS  
23 GOING ON IN THE MARINA DEL REY AREA WHICH IS HUGE. THIS  
24 ALSO INCLUDES THE PLANNED AND ONGOING PLAYA VISTA, WHICH IS  
25 SOMEWHAT HALTED IN ITS TRACKS, BUT IT IS STILL PLANNING TO

1 PROCEED AS FAST AS THEY CAN. THESE KINDS OF THINGS ADD UP  
2 TO A MUCH LARGER TOTAL THAN IS ADDRESSED IN ANY OF THE  
3 INDIVIDUAL PLANNING PROCESSES. I THINK THAT PEOPLE NEED  
4 REALLY LOOK AT THAT.

5 I THINK THAT IT IS ALSO ALREADY WHEN YOU ARE  
6 ON THE GROUND IN LAX IT IS HARD TO BREATHE. IF YOU WALK  
7 OUT OF THE TERMINAL, THERE'S SO MANY VEHICLES THERE WAITING  
8 TO PICK PEOPLE UP AND DROP PEOPLE OFF, IT IS LIKE HORRIBLE.  
9 THAT NEEDS TO BE ADDRESSED RIGHT NOW. THERE NEEDS TO BE  
10 LIKE RAIL OR I PERSONALLY THINK HAVE A MONORAIL LIKE  
11 DISNEYLAND. DO THAT. THAT'S MY IDEA. THAT KIND OF THING  
12 NEEDS TO BE TAKEN UNDER CONTROL AS IT IS WITHOUT EXPANDING.

13 THE FACILITATOR: THANK YOU VERY MUCH. BEFORE  
14 ANYBODY LEAVES, REMEMBER THERE'S WRITTEN COMMENTS TOO. FOR  
15 THOSE PEOPLE WHO I HAVE A WHOLE LIST HERE WHO HAVE NOT HAD  
16 A CHANCE TO SPEAK, THEY CAN STILL DO THE WRITTEN COMMENTS  
17 BEFORE THE 26TH OF JULY. STAN ROSEN.

18 MR. STAN ROSEN: THANK YOU VERY MUCH. I WILL BE  
19 BRIEF. I WANT TO THANK THE PANEL HERE FOR TAKING THE TIME  
20 TO HEAR US. I KNOW I HAVEN'T SPENT THE WHOLE DAY HERE, BUT  
21 YOU HAVE AND PUT UP WITH QUITE A BIT. AND THANKS TO THE  
22 AUDIENCE.

23 THE FIRST THING I WOULD SAY IS THAT SEVERAL OF  
24 THOSE SPEAKERS HAVE SAID THAT WE ARE SPEAKING IN FAVOR OF  
25 NO ACTION AT ALL AND I WON'T TAKE THAT POSITION. I THINK

1 WE HAVE TO DO SOMETHING. YOU HAVE HEARD MANY PEOPLE TALK  
2 ABOUT THE FACT THAT THE AIRPORT AS IT IS TODAY IS BROKEN  
3 AND NEEDS TO BE FIXED. IT NEEDS TO BE FIXED FOR OUR  
4 NEIGHBORHOOD. I AM FROM WESTCHESTER. IT NEEDS TO BE  
5 FIXED FOR ALL OF L.A.

6 I DON'T HAVE THE ANSWER TO WHAT WE HAVE TO  
7 DO BUT I BELIEVE FROM WHAT I HAVE SEEN THE PROCESS YOU ARE  
8 WORKING IS INCOMPLETE. YOU ARE TRYING TO SOLVE A PROBLEM  
9 THAT HAS BEEN GIVEN TO YOU AND WHAT YOU HAVE TO DO IS LOOK  
10 OUTSIDE THE BOX. I AM STANDING HERE NOT TO GIVE YOU ANY  
11 SPECIFIC RECOMMENDATIONS, THEY ARE IN MY WRITTEN COMMENTS  
12 AND I WILL GET TO THAT, BUT TO ENCOURAGE ALL OF US TO FIND  
13 WAYS TO LOOK AT THE BIGGER PROBLEM AND SEE IF THERE IS  
14 SOMETHING THAT WE CAN DO TO SOLVE THE REGIONAL PROBLEM WE  
15 HAVE AND THE LOCAL PROBLEMS THAT WE HAVE.

16 FOR EXAMPLE, IN THE EIR ALL OF THE PROPOSED  
17 SOLUTIONS TALKING ABOUT AIR POLLUTION DO NOT MEET THE  
18 FEDERAL QUALITY STANDARDS. IT WAS OBVIOUSLY NOT A  
19 CONSTRAINT ON THE PROJECTS THAT WERE GIVEN THAT THEY MEET  
20 FEDERAL AIR QUALITY STANDARDS FOR OUR REGION OR FOR THE  
21 L.A. AREA. IF WE SOLVE THE PROBLEM OF TRYING TO MEET AIR  
22 QUALITY STANDARDS YOU OBVIOUSLY CAME UP WITH A DIFFERENT  
23 SOLUTION.

24 ALSO, IT IS OBVIOUS THAT SEVERAL BOUNDS WERE  
25 PUT ON THE PROBLEM YOU ARE TRYING TO SOLVE. THERE IS A

1 QUOTE HERE IN THE MATERIAL THAT WAS HANDED OUT. IT SAYS  
2 NOBODY HAS SUGGESTED THAT THE REGIONS AVIATION DEMAND  
3 SHOULD NOT BE ACCOMODATED. I'LL SUGGEST THAT. I THINK  
4 THERE IS A POSSIBILITY TO LOOK BACK AND SAY, WHAT IS THE  
5 PROBLEM WE ARE TRYING TO SOLVE. IT MAY BE DIFFERENT THAN  
6 WHAT WE THINK IT IS.

7 THERE ARE OTHER WAYS FOR PEOPLE TO MOVE IDEAS  
8 FROM THE POINT A TO POINT B. GROWING TELECOMMUNICATIONS  
9 CAPABILITIES MAKE IT LESS NECESSARY FOR PEOPLE TO TRAVEL  
10 FROM POINT A TO POINT B COMING IN AND OUT OF L.A. THERE  
11 ARE LOTS OF OPPORTUNITIES TO CHANGE THE WAY THAT WE MOVE  
12 PEOPLE AND IDEAS IN AND OUT OF A REGION THAT DON'T INVOLVE  
13 AIR TRANSPORTATION. WE CAN WORK THE BIGGER PROBLEM.

14 ANOTHER ISSUE IS ECONOMICS. SIMPLY BY  
15 INCREASING THE FEE STRUCTURE OF PEOPLE LANDING IN LOS  
16 ANGELES AND INCREASING THE COST OF DOING BUSINESS HERE, YOU  
17 WILL SIGNIFICANTLY IMPACT THE TRAFFIC RATE. YOU WEREN'T  
18 GIVEN THE PROBLEM IN SOLVING THIS PROBLEM OF TRYING TO  
19 CHANGE THE LEVEL OF TRAFFIC INTO AND OUT OF LOS ANGELES.  
20 YOU WERE GIVEN THE PROBLEM OF HOW TO FIX THE AIRPORT.  
21 I THINK YOU SHOULD DO THAT. I AM ASKING THAT YOU LOOK  
22 BEYOND THE PROBLEM THAT WAS GIVEN.

23 WHAT I WOULD LIKE IS TO MEET UP WITH ANYBODY  
24 HERE WHO CAN, IN FACT, HAVE THE IDEAS THAT WE CAN LOOK FOR  
25 AND NEW WAYS TO SOLVE THE LARGER PROBLEM OUTSIDE THE BOX

1 AND I WOULD LIKE TO KNOW WHO IS LOOKING FOR THE PROBLEM TO  
2 OF WHAT WE SHOULD DO OF MAKING THE PROBLEMS THAT THESE  
3 LADIES AND GENTLEMEN ARE TRYING TO SOLVE MORE PRACTICAL.  
4 THE SITUATION AS IT CURRENTLY EXISTS IS BROKEN. THANK YOU.

5 THE FACILITATOR: THANK YOU, STAN. WELL SAID.

6 DOUG REED IS RIGHT HERE. FOLLOWED BY MIKE  
7 STEVENS FOLLOWED BY KATHLEEN HUMMEL.

8 MR. DOUG REED: GOOD EVENING. MY NAME IS DOUG REED.  
9 I LIVE IN VENICE. I AM REALLY STRUCK BY THE INTELLIGENCE  
10 AND THE INQUISITIVITY, IF THAT'S A WORD, AND THE PASSION  
11 THAT I HAVE HEARD SPOKEN BY ALL THESE FOLKS HERE TODAY. I  
12 KNOW VERY LITTLE BIT ABOUT THE MASTER PLAN. I HAVE NOT  
13 READ THE MASTER PLAN. I THOUGHT I WOULD WHEN I ARRIVED  
14 HERE, BUT AS I SAT AND LISTENED I HAVE LEARNED QUITE A BIT  
15 FROM THE PEOPLE WHO ALREADY SPOKE.

16 I WASN'T GOING TO SPEAK EITHER BECAUSE I DON'T  
17 KNOW THAT MUCH ABOUT THINGS, BUT I WAS COMPELED TO BECAUSE  
18 WHAT I HAVE BEEN HEARING IS THAT IT IS A HUGE AMOUNT OF  
19 DISTRUST. I KNOW HOW I FEEL WHEN SOMEBODY DOESN'T TRUST ME  
20 WHEN I THINK I HAVE TOLD THE TRUTH OR WHEN I THINK I HAVE  
21 PRESENTED MYSELF IN A TRUSTWORTHY WAY AND SOMEBODY DOESN'T  
22 TRUST ME, IT IS SOMETHING THAT I CAN'T SLEEP AT NIGHT.

23 I HAVE HEARD A VARIETY OF PEOPLE COME UP AND  
24 LOOK RIGHT AT YOU GUYS AND SAY "WE DON'T TRUST YOU." SO  
25 THAT'S WHY I WAS COMPELLED TO COME UP AND SPEAK AND JUST

1     UNDERScore THE URGENCY THAT YOU GUYS TAKE THIS THING REALLY  
2     SERIOUS.

3                     I HAVE THE OPPORTUNITY TO WORK WITH KIDS. I  
4     AM NOT A TEACHER BUT I DO ART AND I WORK WITH CHILDREN UP  
5     HERE IN WESTCHESTER AND PLAYA DEL REY. AND SOMEBODY CAME  
6     UP AND SPOKE, A COUPLE OF PEOPLE SPOKE ABOUT THE QUALITY OF  
7     LIFE FOR THE CHILDREN. SINCE I WORK WITH KIDS ALMOST ON A  
8     DAILY BASIS, THAT'S SOMETHING THAT I CARE A LOT ABOUT. I  
9     AM NOT A PARENT BUT I CARE A LOT ABOUT THE KIDS. AND IT IS  
10    HORRIFYING AND ESPECIALLY PUT IN THE LIGHT OF DISTRUST. IT  
11    IS HORRIFYING FOR ME TO THINK ABOUT YOU GOING HOME TONIGHT  
12    THINKING ABOUT THE QUALITY OF CHILDREN'S LIVES AND PEOPLE  
13    NOT TRUSTING YOU.

14                    FINALLY, I WORK SOMETIMES IN THE  
15    ENTERTAINMENT INDUSTRY AS WELL AND SOMEBODY CAME UP AND  
16    SAID THEY ACCUSED THIS FORUM OF BEING SOMETHING OTHER THAN  
17    WHAT IT IS. ACCUSED IT OF BEING A SHAM. IF THAT IS THE  
18    CASE, IT IS PRETTY GOOD ENTERTAINMENT. BUT I WOULD HOPE  
19    TO THINK THAT I AM NOT WASTING MY BREATH. THAT OUR FRIEND  
20    FROM CHRISTMAS VALLEY, OREGON ISN'T WASTING HIS AND YOU  
21    FOLKS AREN'T EITHER. THANKS.

22                    (WHEREUPON, AT 7:30 P.M. THERE WAS A CHANGE IN  
23    COURT REPORTERS.)

24                                           \* \* \*  
25

1 THE FACILITATOR: MIKE STEVENS, MAN WITH A  
2 CAMERA.

3 MR. MIKE STEVENS: I'M MIKE STEVENS. I'M  
4 PRESIDENT OF A GROUP CALLED LAX EXPANSION NOW. WE'RE  
5 THE ONES WITH THE SIGNS. I'D JUST LIKE TO SAY TO THE  
6 PEOPLE OF WESTCHESTER YOU'VE DEFINITELY MADE AN IMPACT  
7 TODAY, BUT BY NO MEANS DOES TODAY MEAN THAT THE BATTLE  
8 IS OVER.

9 TO THOSE OF YOU WHO ARE TAKING -- WHO ARE  
10 TAKING NOTES, I'D LIKE TO TELL YOU THAT COMMUNITY  
11 OUTREACH IN INGLEWOOD WAS VERY POOR. I SUGGEST THAT YOU  
12 HAVE ANOTHER MEETING IN INGLEWOOD FOR INGLEWOOD  
13 RESIDENTS AND CONDUCT AN OUTREACH SO THAT THEY CAN BE  
14 NOTIFIED ADEQUATELY THAT A MEETING IS TAKING PLACE IN  
15 THE COMMUNITY. THERE WAS A NOTICE THAT WAS SENT OUT BY  
16 CONGRESSMAN MAXINE WATERS THAT HAS JULY 9 AS THE DATE.  
17 MANY PEOPLE BELIEVE THAT THAT IS THE DATE. THEIR OWN  
18 DOCUMENTATION EVEN HAD THE DATE OF THE 14TH ON IT. SO  
19 WE NEED TO -- WE NEED TO GET SOME TYPE OF -- SOME TYPE  
20 OF OUTREACH GOING THAT IS MORE ACCURATE SO THAT THE  
21 PEOPLE CAN BE PROPERLY NOTIFIED.

22 IN REFERENCE TO YOUR DOCUMENT ITSELF, I'D LIKE  
23 TO STATE THAT YOUR FLEET MIX IS ALSO A WEAK LINK. AS  
24 FAR AS WHAT I'VE BEEN ABLE TO REVIEW, IF YOU TAKE ONE  
25 COMPONENT, SUBSTITUTE A DC-10 FOR A 747, EVERYTHING IS

1 THROWN OUT OF WHACK, BUT MORE THAN THAT THE -- YOUR  
2 ACTUAL FORMULA IS NOT EVEN TRULY PRESENT. IN ORDER TO  
3 FIND OUT WHAT YOUR FORMULA IS THAT WAS USED, YOU HAVE TO  
4 CONTACT MR. KESSLER. SO YOU DON'T EVEN LIST YOUR  
5 FORMULA INSIDE THE DOCUMENT ITSELF THAT YOU ARRIVED AT  
6 YOUR NUMBERS ON.

7 IN CLOSING, I WOULD JUST LIKE TO SAY THIS: I  
8 DON'T BELIEVE THAT AFTER SPENDING THREE YEARS ON THIS  
9 DOCUMENT THAT LAX/LAWA ACTUALLY BELIEVES THAT THIS IS  
10 GOING TO PASS. WHAT THEY'RE LOOKING FOR IS PORTIONS OF  
11 IT TO BE -- TO PASS, AND BY THAT MEANING THAT THE  
12 EXTENSION OF THE RUNWAY. IN ORDER TO EXTEND THAT  
13 RUNWAY, THEY MUST HAVE AN EIR/EIS COMPLETED. UNDER FAA  
14 REGULATIONS THIS IS SOMETHING THEY HAVE TO HAVE. SO  
15 THEY CAN GET A PARTIAL APPROVAL, THOUGH. EVERYTHING  
16 ELSE CAN BE THROWN DOWN THE DRAIN, BUT THAT PORTION THEY  
17 WOULD GO FOR, AND I BELIEVE THAT'S WHAT YOUR GOAL IS,  
18 AND THAT WOULD IMPACT WILEY POST, THE OSAGE  
19 NEIGHBORHOOD, AND WESTCHESTER AND NOW INGLEWOOD BECAUSE  
20 NOW THE TRAJECTORY OF THE PLANES CHANGES ON TAKEOFF, AND  
21 WHEN I'M TALKING ABOUT WHEN YOU TURN THE AIRPORT  
22 AROUND. NOW WE CAN DEBATE WHETHER TOUCHDOWN IS GOING TO  
23 REMAIN WHERE IT PRESENTLY IS, BUT WE ALL KNOW THAT THESE  
24 PLANES ARE NOT ON RAILS.

25 SO BOTTOM LINE IS THAT I THINK YOU'RE SHOOTING

1 FOR INCREMENTAL EXPANSION. I THINK THAT YOUR DOCUMENT  
2 SHOULD INCLUDE SOME COMPONENTS DEALING WITH INCREMENTAL  
3 EXPANSIONS, SPECIFICALLY THE ACQUISITION OF MANCHESTER  
4 SQUARE, EVEN THOUGH YOU DO NOT ADDRESS THAT IN YOUR  
5 DOCUMENT ADEQUATELY, AND THE EXTENSION OF THE RUNWAY  
6 ALONG THOSE LINES.

7 SO WITH THAT, I'D LIKE TO SAY GOOD NIGHT AND  
8 FOR ALL OF YOU, YOU'VE GONE A GREAT JOB. WESTCHESTER,  
9 YOU REALLY WOKE THEM. YOU DID A SUPER JOB. AND THANK  
10 YOU.

11 THE FACILITATOR: KATHLEEN HUMBLE. IS SHE  
12 HERE? OKAY. AND TO BE FOLLOWED BY VILMA. KATHLEEN  
13 FIRST.

14 MS. KATHLEEN HUMBLE: HELLO. I WANT TO THANK  
15 YOU FOR COMING OUT TO LISTEN TO US. YOU'VE HEARD A LOT  
16 OF PEOPLE GIVE A LOT OF TECHNICAL DETAILS ABOUT WHAT IS  
17 GOING ON HERE. SO I'M GOING TO TALK MORE EMOTIONALLY  
18 ABOUT WHAT IT'S LIKE TO LIVE HERE. I'VE LIVED HERE FOR  
19 28 YEARS NEAR THE CORNER OF VENICE AND CENTINELA, AND MY  
20 DAUGHTER HAS ASTHMA, AND SHE HAS SINCE SHE WAS A CHILD.  
21 THIS AREA WHEN WE FIRST MOVED HERE WAS JUST GORGEOUS.  
22 IT WAS ALMOST A PARADISE, AND PROGRESSIVELY IT'S GOTTEN  
23 MORE AND MORE AND MORE CROWDED, MORE BUILT UP. THERE'S  
24 TRAFFIC EVERYWHERE NOW. COMING DOWN THE HILL TO MY  
25 HOUSE FROM THE FREEWAY, THERE'S A LINE OF CARS THAT JUST

1           SNAKES ALL THE WAY DOWN THE HILL. SO WE'RE ALL SITTING  
2           THERE WITH ALL THAT POLLUTION, YOU KNOW, BLOWING,  
3           BLOWING AROUND US, AND GETTING FRUSTRATED TRYING TO GET  
4           HOME. PEOPLE START CUTTING THROUGH THE NEIGHBORHOODS  
5           JUST TO TRY TO GET WHERE THEY'RE GOING. I MEAN THE  
6           TRAFFIC IS ALREADY HORRIBLE. LINCOLN IS HORRIBLE. THE  
7           405 IS HORRIBLE. SO NOTHING HAS REALLY BEEN DONE TO  
8           MITIGATE AGAINST WHAT WE'VE GOT NOW, WHICH IS GRIDLOCK.

9                         AND SO I WORK FOR THE BUREAU OF LABOR  
10           STATISTICS AND AS A VOLUNTEER FOR THE SIERRA CLUB AND  
11           SOME OTHER ORGANIZATIONS. I'VE BEEN STANDING IN PARKING  
12           LOTS, ET CETERA, PASSING OUT LITERATURE, AND IF YOU WANT  
13           TO TAKE THIS AS A STATISTICAL SAMPLE, WHEN I PASS OUT  
14           THESE THINGS, EVERYBODY KNOWS WHAT I'M TALKING ABOUT  
15           WHEN I SAY "ARE YOU AGAINST THE EXPANSION OF PLAYA  
16           VISTA?" EVERYBODY KNOWS IT, AND THEY'RE AGAINST IT.

17                        SO I HOPE YOU'RE LISTENING TO US BECAUSE WE  
18           HAVE SOME ORGANIZATIONS HERE THAT ARE WORKING STEADILY  
19           TO STOP THIS. PEOPLE ARE UP IN ARMS AT THIS POINT.  
20           THEY BELIEVE THAT THEIR GOVERNMENT HAS LIED TO THEM.  
21           RUTH GALANTER HAS MOVED ON A NO-DEVELOPMENT OR  
22           SLOW-GROWTH PLATFORM. THAT'S TWICE THE SIZE OF CENTURY  
23           CITY THEY PROPOSED, TWICE THE SIZE. IT'S JUST  
24           IMPOSSIBLE. SO A REGIONAL APPROACH. WE'VE HAD ENOUGH.  
25           WE'VE HAD ENOUGH. I MEAN JUST ENOUGH IS ENOUGH, AND

1 PEOPLE IN OTHER AREAS NEED TO TAKE RESPONSIBILITY FOR  
2 THEIR SHARE OF THIS GRIDLOCK AND FOR THEIR SHARE OF THE  
3 AIRPORTS ON A REGIONAL APPROACH. THANK YOU.

4 MS. VILMA SLAUGHTER: CAN YOU HEAR ME?  
5 MY NAME IS VILMA SLAUGHTER, S-L-A-U-G-H-T-E-R. ADDRESS  
6 10420 THIRD AVENUE, INGLEWOOD, CALIFORNIA, AND THAT  
7 WOULD BE CENTURY HEIGHTS. I DO NOT LIVE IN THE GHETTO  
8 WHERE THEY TELL ME I DO. I DO NOT GET THE BENEFITS, BUT  
9 SO MUCH FOR THAT. I WOULD LIKE TO SAY I AM OPPOSED OF  
10 LAX -- ANY EXPANSION TO LAX. WE DO NOT NEED THE  
11 TRAFFIC, THE NOISE, THE POLLUTION. WE DO NOT NEED  
12 ANYMORE OF OUR COMMUNITIES DISMANTLED. I HAVE LIVED IN  
13 INGLEWOOD OVER 27 YEARS. I HAD MY SON IN INGLEWOOD. HE  
14 WENT TO SCHOOL IN HAWTHORNE, AND HE'S IN THE NAVY NOW,  
15 AND I DON'T HAVE -- HAVE BUT THE ONE SON, BUT I'M  
16 FIGHTING FOR MY NEIGHBORS' KIDS AND THEIR GRANDKIDS AND  
17 THE ELDERLY BECAUSE WE HAVE A LOT OF SICK PEOPLE, AND  
18 PEOPLE ARE GETTING SICKER AND SICKER, WORSE, MORE AND  
19 MORE EVERY DAY WITH ASTHMA, BRONCHITIS, CANCER, AND WE  
20 CANNOT AFFORD TO HAVE LAX EXPAND.

21 WOULD YOU GUYS PLEASE LISTEN TO US AND THINK OF  
22 AN ORIGINAL PLAN TO HAVE AN INTERNATIONAL AIRPORT PUT IN  
23 ANOTHER COUNTY, SOMEPLACE ELSE? JUST STOP LAX WHERE IT  
24 IS RIGHT NOW. WE CANNOT TAKE ANYMORE. AND I HAVE THIS  
25 OLD SAYING. IT GOES LIKE THIS. YOU CANNOT PUT

1           LOS ANGELES INTO BAKERSFIELD.  SO, PLEASE, I BEG OF YOU  
2           FIND AN ORIGINAL SOLUTION TO LAX.  LOOK AT OTHER  
3           COUNTIES, PLEASE.  WE ARE TOO CONGESTED NOW.  YOU'RE  
4           MESSING WITH PEOPLES' LIVES, HEALTH, FAMILY,  
5           WELL-BEING.  WE NEED THAT TO STOP.  PLEASE STOP AND  
6           LISTEN.  PUT YOURSELF IN OUR PLACE.  THANK YOU VERY  
7           MUCH.

8                         THE FACILITATOR:  THANK YOU, VILMA.  
9                         BRUCE CAMPBELL.

10                        MR. BRUCE CAMPBELL:  GOOD EVENING.  BRUCE  
11           CAMPBELL.  LAX IS CLEARLY THE NUMBER ONE AIRLINE  
12           POLLUTER IN THE L.A. REGION ALREADY.  THE HUGE PLAYA  
13           VISTA PROJECT AND THE CHEVRON REFINERY AND THE NEARBY  
14           405 EXACERBATE THE PROBLEM IN THE AREA.  I HEAR THAT  
15           SANTA FE SPRINGS HAS THE WORST AIR POLLUTION IN THE  
16           COUNTY PROBABLY DUE TO INDUSTRY, BUT ALSO THE EAST-WEST  
17           DRIFT OF THE LAX FUMES AND THE PLANES GOING OVER THERE  
18           PLUS VEHICULAR REASONS.  SO ADDRESS SOME POLLUTION,  
19           SAFETY OBVIOUSLY.

20                        THERE'S LOT OF NEAR MISSES AT THIS POINT, AND A  
21           LARGE EXPANSION OF LAX WILL OBVIOUSLY CAUSE CRASHES.  
22           WHO SHOULD BE HELD LIABLE FOR THE CRASHES IF IT IS  
23           EXPANDED?

24                        SO WHO'S REALLY BEHIND THE EXPANSION?  I  
25           IMAGINE THE MOST POWERFUL PEOPLE ARE THE INVESTORS WHO

1           CLOSED DOWN INDUSTRY IN THE INNER CITY IN THE LAST  
2           COUPLE OF DECADES AND SHIPPED THE JOBS OFF TO CHINA AND  
3           MEXICO AND ELSEWHERE, AND SO THE BIG CARGO INFLUX YOU'RE  
4           PROBABLY GOING TO GET AND PROBABLY MAYOR RIORDON'S  
5           BUDDIES AND OTHERS ON THE TOP WHO INVESTED IN THESE  
6           COMPANIES AND SHIPPED JOBS OVERSEAS.  OBVIOUSLY LOOK AT  
7           WHAT'S HERE, PARTICULARLY GROWTH IN THE L.A. AREA, THE  
8           SANTA CLARITA AREA, THE INLAND EMPIRE, AND ALSO  
9           LANCASTER-PALMDALE.  SO THAT'S -- THE LAST WOMAN SAID  
10          THE REGIONAL SOLUTION IS WHAT WE NEED.

11                         AND THEN AS FAR AS THE L.A. AREA, A LOT OF  
12          INTERNATIONAL TRADE COMES HERE.  SO NOT ONLY IS THERE  
13          THE ALAMEDA CORRIDOR, WHICH GETS THINGS FROM THE  
14          L.A./LONG BEACH HARBOR, BUT IF THE CARGO WENT TO  
15          ONTARIO, SINCE YOU'RE OFTEN SHIPPING FURTHER INLAND  
16          INCLUDING TO THE MIDWEST FROM THE PACIFIC RIM, ONTARIO  
17          MAKES PERFECT SENSE FOR INCREASED CARGO AND INCREASED  
18          PEOPLE.  WE HAVE GRIDLOCK, A COMBINATION OF A NONBOOM  
19          ECONOMY DUE TO THE FEEDING FRENZY OF THE LAST DECADE,  
20          RECOMBINANT GROWTH, MAD COW DISEASE, GENETICALLY  
21          MODIFIED FOOD.  DECLINE IN POPULATION AT LEAST BY THE  
22          NEXT DECADE IF NOT LATER ON IN THIS ONE.

23                         AND LASTLY I THINK WE SHOULD EXPAND THE SEWER  
24          SYSTEM BECAUSE OF THE RESIDUE LEFT OVER FROM THE  
25          DECEPTIVE AND RACIST RECENT MAYORAL CAMPAIGN ON THE PART

1 OF MAYOR-ELECT JIM HAHN. THANK YOU.

2 THE FACILITATOR: THANK YOU. BRUCE, HOW DID  
3 YOU GET THAT WHOLE SPEECH ON THAT ONE LITTLE PIECE OF  
4 PAPER?

5 MR. BRUCE CAMPBELL: SOME IMPROVISATION.

6 THE FACILITATOR: NEXT WOULD BE BOB TERRY.

7 YOU'VE BEEN WAITING A LONG TIME.

8 MR. BOB TERRY: ACTUALLY I HAD TO DRIVE UP FROM  
9 SAN DIEGO. I APOLOGIZE FOR BEING LATE.

10 LAX, I AM YOUR NEIGHBOR. I LIVE A BLOCK FROM  
11 THE AIRPORT, BUT THAT'S NOT WHAT I'M HERE TO TALK  
12 ABOUT. APPARENTLY -- I GUESS A COUPLE OF PEOPLE. NO  
13 ONE HAS SPOKEN OF TERRORISM. NOW YOU GUYS, TERRORISM.  
14 OKAY. WE'VE JUST HAD AN ATTEMPTED ATTACK ON LAX. IT  
15 JUST CAME OUT TWO WEEKS AGO THAT BIN LADEN'S TARGET FOR  
16 THE MILLENIUM WAS LAX. DO WE WANT TO MAKE THIS A BIGGER  
17 TARGET? DO WE WANT TO MAKE THIS THE TARGET IN THE  
18 WESTERN PART OF THE U.S.? THAT'S WHAT WE'RE TALKING  
19 ABOUT. THAT'S ALL.

20 THE FACILITATOR: THANK YOU. BRIAN WEISS WAS  
21 HERE, SEEN EARLIER, BUT I THINK WE'LL GIVE HIM ANOTHER  
22 CHANCE IN A MINUTE.

23 NANCY GENE MORRISON. THERE SHE IS.

24 ANYBODY ELSE THAT HAS A CARD THAT YOU'RE STILL  
25 HOLDING ON TO, LET ME HAVE IT NOW, PLEASE.

1                   MS. NANCY GENE WARNER MORRISON: HELLO, I'M  
2                   NANCY GENE WARNER MORRISON, AND I LIVE ON 81ST STREET  
3                   HERE IN WESTCHESTER. I'VE LIVED HERE 19 YEARS, AND  
4                   SINCE I MOVED HERE, I HAVE GOTTEN ASTHMA, WHICH I DID  
5                   NOT HAVE BEFORE I MOVED TO WESTCHESTER. BUT ONE OF THE  
6                   THINGS I'D LIKE TO DISCUSS IS MY EXPERIENCE THIS LAST  
7                   THURSDAY WHEN I FLEW FROM LAX TO OAKLAND AND BACK THE  
8                   SAME AFTERNOON. I WAS INFORMED AT THE AIRPORT WHEN I  
9                   GOT THERE THAT THE PLANE COMING IN TO GO TO OAKLAND  
10                  COULDN'T COME IN BECAUSE OF THE BAD WEATHER HERE AT  
11                  LAX. THE SUN WAS SHINING. THE SUN HAD BEEN SHINING  
12                  SINCE AT LEAST 10:00 OR 11:00 IN THE MORNING. BUT THEY  
13                  SAID IT WAS FOGGED IN. SO THE PLANE CAME IN AN HOUR  
14                  LATE. WE LEFT AN HOUR LATE, AND ON MY RETURN TRIP IN  
15                  THE EVENING, THE PILOT DECIDED TO GO OUT TO TAXI OUT TO  
16                  BE READY WHEN LAX, THE AIR TRAFFIC GAVE THEM CLEARANCE  
17                  TO LEAVE. WE WERE TOLD THAT IT WAS DUE TO THE BAD  
18                  WEATHER AT LAX. AGAIN, WHEN I LANDED, YOU COULD SEE  
19                  VERY WELL COMING IN. I'M NOT AN AVIATION EXPERT AT ALL,  
20                  BUT WE WERE ABOUT TWO HOURS LATE. WE WERE TOLD INSTEAD  
21                  OF DEPARTING AT 7:35 AS SCHEDULED, IF WE HAD STAYED AT  
22                  THE GATE, WE WOULD NOT HAVE CLEARANCE UNTIL 11:00 P.M.

23                  NOW, THE PLANE -- BOTH PLANES WERE ALMOST  
24                  ENTIRELY FULL. IT GIVES A REALLY BAD REP FOR L.A. AND  
25                  LAX TO BE TOLD THAT THEY CAN'T HANDLE THE TRAFFIC HERE

1 NOW. AND AS A RESIDENT, I AGREE WITH MOST OF THE  
2 SPEAKERS THAT I'VE HEARD THIS EVENING WHO ARE OPPOSED TO  
3 ENLARGING LAX AND HAVING MORE TRAFFIC HERE, ET CETERA.  
4 BUT IT'S ALREADY VERY BAD, AND I THINK YOU NEED TO BE  
5 AWARE HOW BAD IT IS ON A DAY WHEN WE AREN'T SOCKED IN  
6 WITH FOG. YES, THERE WAS SOME DRIZZLE AT 7:00 A.M. ON  
7 THURSDAY. IT WAS A LITTLE CLOUDY. IT WAS NOT  
8 HORRIBLE. THERE WAS VISIBILITY. I WAS OUT DRIVING  
9 ABOUT BEFORE I LEFT, AND WHEN I CAME HOME, YOU COULD SEE  
10 AT LEAST A COUPLE OF MILES FROM THE STREET LEVEL WHEN I  
11 CAME BACK. SO SOMETHING'S GOING ON THAT AIR TRAFFIC  
12 SAYS IT'S TOO FOGGY TO LAND HERE, AND YET THAT'S NOT THE  
13 WAY IT LOOKS. I DON'T SEE HOW YOU CAN HANDLE MORE  
14 FLIGHTS THAN YOU ALREADY HAVE. THANK YOU.

15 THE FACILITATOR: THANK YOU, NANCY.

16 BRIAN WEISS ONCE AGAIN. DO I HAVE SOMEBODY  
17 WITH A CARD? I'M GOING TO READ THESE OFF AGAIN. STACY  
18 BROWN, JOHN ELLISON, DANIEL BIANCHI, MARY JANE LUDWIG,  
19 CHIP PASELL, GENE YOUNG, PEGGY MELODY, NORA FRYE,  
20 DR. JORGENSEN, TONY MASUDA, ELEANOR HOLME, SAM HALPERIN,  
21 DR. FRANK VELASCO.

22 MY CLOSING COMMENTS AS A FACILITATOR, I  
23 APPRECIATE EVERYBODY BEING HOPEFUL THAT THERE'S A  
24 PROCESS GOING ON HERE. I WANT YOU ALL TO REALIZE THAT  
25 ALL WRITTEN COMMENTS CAN STILL BE MADE UNTIL THE 25TH OF

1 JULY. IF SOMEBODY WHO HAS NOT HAD A CHANCE TO BE HERE  
2 AS EVERYBODY HAS SAID THERE'S NOT ENOUGH TIME FOR THE  
3 COMMENT, I THINK YOU SHOULD ENCOURAGE THEM TO BRING THE  
4 COMMENTS TO THE LAWA HEADQUARTERS. I WANT TO THANK  
5 EVERYBODY FOR BEING RESTRAINED AS YOU HAVE BEEN AND  
6 CIVIL TO EVERYBODY, AND I THINK THAT'S IT FOR THE  
7 EVENING. THANK YOU VERY MUCH.

8 MR. JIM RITCHIE: I'D LIKE TO MAKE A COMMENT  
9 FOR THOSE OF YOU WHO SHOWED UP TODAY. I THINK YOU CAN  
10 SEE THAT DICK AND I TOOK YOUR COMMENTS SERIOUS. WE'RE  
11 TAKING NOTES. THIS IS PART OF THE PROCESS. YOU'VE SAID  
12 COLLECTIVELY A LOT OF IMPORTANT THINGS. SO I APPRECIATE  
13 YOUR INTEREST IN YOUR COMMUNITY, YOUR INTEREST IN THE  
14 AIRPORT, AND BELIEVE ME, WE TAKE IT SERIOUSLY. SO THANK  
15 YOU VERY MUCH.

16 (WHEREUPON, AT 7:50 P.M., THE PUBLIC HEARING  
17 WAS CONCLUDED.)

AUDIENCE COMMENTS

10

1 MANHATTAN BEACH, CALIFORNIA; 2:30 P.M.

2

3 THE FACILITATOR: LADIES AND GENTLEMEN,  
4 ON BEHALF OF THE FEDERAL AVIATION ADMINISTRATION AND  
5 LOS ANGELES WORLD AIRPORTS, I'D LIKE TO WELCOME YOU  
6 TO THE PUBLIC HEARING FOR THE MASTER PLAN FOR  
7 LOS ANGELES AIRPORT. THIS IS A FORMAL PROCESS  
8 TODAY, IT IS HOSTED BY THE FEDERAL AVIATION  
9 ADMINISTRATION.

10 I WOULD LIKE TO INTRODUCE THE TWO  
11 GENTLEMEN WHO WILL BE RECEIVING TESTIMONY TODAY.  
12 FIRST, REPRESENTING THE FEDERAL AVIATION  
13 ADMINISTRATION, MR. BRIAN ARMSTRONG TO MY IMMEDIATE  
14 LEFT. REPRESENTING LOS ANGELES WORLD AIRPORTS IS  
15 MR. JACK GRAHAM. HE'S TO MY FAR LEFT.

16 THE PROCESS TODAY WILL BE ONE OF  
17 RECEIVING INFORMATION, AND TO DESCRIBE THE FORMAL  
18 PROCESS TO YOU WHICH WILL TAKE PLACE BETWEEN 2:30  
19 THIS AFTERNOON AND 7:00 P.M., I'D LIKE TO INTRODUCE  
20 A REPRESENTATIVE FROM THE FEDERAL AVIATION  
21 ADMINISTRATION, MR. BRIAN ARMSTRONG.

22 MR. ARMSTRONG: GOOD AFTERNOON, LADIES  
23 AND GENTLEMEN, MY NAME IS BRIAN ARMSTRONG AND I'M AN  
24 AIRPORT PLANNER WITH THE FEDERAL AVIATION  
25 ADMINISTRATION, WESTERN-PACIFIC REGION. I WOULD

1        LIKE TO WELCOME YOU TO ONE OF THREE PUBLIC HEARINGS  
2        THE FAA AND THE CITY OF LOS ANGELES ARE CONDUCTING  
3        TODAY ON THE DRAFT ENVIRONMENTAL IMPACT REPORT/  
4        ENVIRONMENTAL IMPACT STATEMENT, OR EIS/EIR, FOR THE  
5        PROPOSED MASTER PLAN OF LOS ANGELES INTERNATIONAL  
6        AIRPORT.

7                        TWO OTHER PUBLIC HEARINGS ON THIS SAME  
8        TOPIC ARE BEING CONDUCTED AT THIS TIME, ONE IN  
9        INGLEWOOD AND ONE IN WESTCHESTER. THE PURPOSE OF  
10       THESE HEARINGS IS TO COLLECT COMMENTS FROM THE  
11       GENERAL PUBLIC CONCERNING THE ACCURACY OF THE  
12       INFORMATION IN THE DRAFT EIS/EIR. THE FAA AND THE  
13       CITY OF LOS ANGELES, ALONG WITH THE FEDERAL HIGHWAY  
14       ADMINISTRATION AS A COOPERATING AGENCY, HAVE  
15       PREPARED THE DRAFT EIS/EIR.

16                      I WOULD LIKE TO TAKE THIS OPPORTUNITY TO  
17       MAKE SURE THAT EVERYONE UNDERSTANDS THAT NO DECISION  
18       WILL BE MADE TODAY REGARDING THE PROPOSED PROJECT.  
19       TODAY'S HEARING IS NOT A QUESTION AND ANSWER TYPE  
20       FORUM. OUR JOBS -- OUR JOB IS TO LISTEN TO WHAT YOU  
21       HAVE TO SAY ABOUT THE ADEQUACY OF THE INFORMATION IN  
22       THE DRAFT EIS/EIR. IN OTHER WORDS, IT'S YOUR TURN  
23       TO TALK TO US.

24                      SINCE WE ARE HERE TO LISTEN, WE ARE NOT  
25       GOING TO RESPOND TO QUESTIONS ABOUT THE PROS AND

1       CONS OF THE PROPOSED PROJECT.  SINCE 12 NOON TODAY,  
2       THE CITY HAS HELD A PUBLIC WORKSHOP JUST OUTSIDE  
3       THIS ROOM FOR EVERYONE TO ASK QUESTIONS ABOUT THE  
4       MASTER PLAN, THE ENVIRONMENTAL PROCESS AND THE  
5       VARIOUS PROPOSED PROJECTS.

6                       FOLLOWING PUBLICATION OF THE DRAFT  
7       EIS/EIR FOR COMMENT, THE NEXT STEP IN THE JOINT  
8       FEDERAL AND STATE ENVIRONMENTAL DISCLOSURE PROCESS  
9       IS THE HOLDING OF THIS AND THE OTHER TWO PUBLIC  
10      HEARINGS TODAY.  THE PROCESS BEGAN IN 1997 WITH THE  
11      PUBLICATION OF THE NOTICE OF INTENT TO PREPARE THE  
12      JOINT EIS/EIR IN THE FEDERAL REGISTER.  ON JULY --  
13      OR IN JULY OF 1997, WE HELD A SERIES OF MEETINGS  
14      WITH MEMBERS OF THE PUBLIC AND GOVERNMENT AGENCIES  
15      TO RECEIVE COMMENTS ON THE DRAFT EIS/EIR, OR ON THE  
16      SCOPE OF THE DRAFT EIS/EIR.

17                      FOLLOWING THOSE MEETINGS, THE DRAFT  
18      EIS/EIR WAS PREPARED CONSIDERING THE COMMENTS  
19      RECEIVED DURING THE SCOPING MEETINGS AND THOSE  
20      SUBMITTED IN RESPONSE TO THE NOTICE OF INTENT.  THE  
21      DOCUMENT HAS ALSO BEEN PREPARED PURSUANT TO THE  
22      NATIONAL ENVIRONMENTAL POLICY ACT OF 1969, OR NEPA,  
23      THE COUNCIL ON ENVIRONMENTAL QUALITY REGULATIONS  
24      WHICH ARE THE IMPLEMENTING REGULATIONS OF NEPA, THE  
25      CALIFORNIA ENVIRONMENTAL QUALITY ACT OF 1970, OR

1 CEQA, AND THE AIRPORT AND AIRWAY IMPROVEMENT ACT OF  
2 1982, AS AMENDED.

3 FOLLOWING TODAY'S HEARINGS AND THE CLOSE  
4 OF THE COMMENT PERIOD, WE WILL THEN CORRECT AND  
5 REVISE THE EIS/EIR AS NECESSARY BASED ON THE  
6 COMMENTS RECEIVED. WE WILL ALSO PREPARE RESPONSES  
7 TO THE COMMENTS WE RECEIVE AND INCLUDE THOSE  
8 RESPONSES IN THE FINAL EIS/EIR.

9 BEFORE WE BEGIN RECEIVING VERBAL  
10 COMMENTS, WE WOULD LIKE TO LET YOU KNOW THE GROUND  
11 RULES OF THIS HEARING. FIRST, AS I SAID EARLIER, WE  
12 ARE NOT HERE TO RESPOND TO QUESTIONS ABOUT THIS  
13 PROJECT. WE ARE ONLY HERE TO LISTEN AND TAKE  
14 NOTES. WE ALSO HAVE A COURT REPORTER PRESENT TO  
15 ENSURE THAT WE HAVE AN ACCURATE TRANSCRIPT OF THIS  
16 HEARING.

17 FOR ANYONE WHO WOULD LIKE TO SPEAK, WE  
18 ASK THAT YOU FILL OUT A SPEAKER CARD LIKE THIS ONE  
19 AND GIVE IT TO THE PERSON AT THE SIGN-IN DESK. THAT  
20 PERSON WILL BRING THE SPEAKER CARDS UP TO OUR  
21 FACILITATOR WHO WILL CALL THE NAMES OF EACH SPEAKER  
22 SO THAT WE CAN PROCEED IN AN ORDERLY FASHION. SO  
23 THAT EVERYONE GETS AN OPPORTUNITY TO PROVIDE VERBAL  
24 COMMENTS, EVERYONE WILL GET THREE MINUTES TO SPEAK.  
25 TO BE FAIR TO EVERYONE, WE ARE NOT GOING TO ALLOW

1 PEOPLE TO TRANSFER THEIR ALLOTTED TIME TO ANOTHER  
2 PERSON.

3 I ASK THAT WHEN YOU SPEAK, THAT YOU GIVE  
4 US YOUR NAME AND ADDRESS FOR THE RECORD. WE ALSO  
5 HAVE A SPANISH LANGUAGE TRANSLATOR FOR ANYONE WHO  
6 WISHES TO PROVIDE COMMENTS IN SPANISH. IF THERE IS  
7 ANYONE WHO IS UNCOMFORTABLE SPEAKING IN FRONT OF A  
8 GROUP OR IF YOU NEED MORE THAN THREE MINUTES TO  
9 PROVIDE YOUR COMMENTS, WE ASK THAT YOU PROVIDE YOUR  
10 COMMENTS IN WRITING. WE HAVE COMMENT SHEETS LIKE  
11 THIS ONE AVAILABLE AT THE SIGN-IN DESK. YOU CAN  
12 LEAVE YOUR COMMENTS IN THE LARGE BOX ON THE SIGN-IN  
13 DESK OR YOU CAN MAIL YOUR WRITTEN COMMENTS USING THE  
14 COMMENT SHEET OR LETTER TO EITHER ADDRESS, OR AT THE  
15 ADDRESS AT THE TOP OF THE LIST OR AS IT'S SHOWN ON  
16 THE FRONT COVER OF THE EIS/EIR.

17 I WOULD LIKE YOU TO UNDERSTAND THAT A  
18 VERBAL COMMENT PROVIDED TODAY IS JUST AS IMPORTANT  
19 AS A WRITTEN COMMENT PROVIDED BEFORE THE END OF THE  
20 COMMENT PERIOD OR BEFORE THE COMMENT PERIOD CLOSES.  
21 SO PLEASE FEEL FREE TO PROVIDE ANY COMMENTS ON THE  
22 DOCUMENT YOU MAY HAVE TO US EITHER VERBALLY TODAY OR  
23 IN WRITING. COMMENTS ARE DUE BY 5:00 P.M. PACIFIC  
24 DAYLIGHT TIME ON WEDNESDAY, JULY 25TH, 2001.

25 LASTLY, I WOULD LIKE EVERYONE TO KNOW

1        THAT EVEN THOUGH WE HAVE THIS HEARING SCHEDULED  
2        UNTIL 7:00 THIS EVENING, WE WILL STAY AS LONG AS  
3        NECESSARY FOR EVERYONE TO GET A CHANCE TO PROVIDE  
4        VERBAL COMMENTS ON THE DRAFT EIS/EIR. AS I SAID  
5        EARLIER, OUR JOB HERE TODAY IS TO LISTEN TO WHAT YOU  
6        HAVE TO SAY.

7                    NOW, I WILL TURN THE HEARING OVER TO OUR  
8        FACILITATOR, TOM WALL, WHO WILL COLLECT THE SPEAKER  
9        CARDS AND CALL THE NAME OF OUR FIRST SPEAKER. THANK  
10       YOU.

11                   THE FACILITATOR: THANK YOU, BRIAN. HAS  
12       EVERYONE TURNED IN A YELLOW SPEAKER CARD? GOOD. WE  
13       WANT EVERYONE TO FEEL COMFORTABLE TODAY. I WANT TO  
14       MAKE SURE THAT AS YOU APPROACH THE LECTERN, THAT YOU  
15       HAVE YOUR FULL THREE MINUTES, SO I HAVE THIS GIANT  
16       WRISTWATCH IN FRONT OF ME. WHEN YOU START SPEAKING,  
17       I WILL START THE CLOCK, IT WILL COUNT DOWN TO ZERO,  
18       WHEN IT GETS TO ZERO, I WOULD LIKE THE NEXT SPEAKER  
19       TO BE PREPARED.

20                   SO I'M GOING TO CALL OFF A FEW CARDS  
21       FIRST. NOW, THERE ARE -- THE ORDER TODAY WILL BE  
22       THAT ELECTED OFFICIALS FROM THE VARIOUS COMMUNITIES  
23       OF BOTH THE LOCAL, STATE AND FEDERAL AGENCIES THAT  
24       HAVE ASKED TO SPEAK FIRST, SO THOSE ARE THE ONES  
25       I'LL CALL FIRST. WHEN THEY'RE FINISHED, WE'LL START

1       CALLING THE CARDS FOR EVERYONE ELSE WHO SUBMITTED A  
2       CARD.

3                   IF YOU HAVE A PROBLEM OR A QUESTION, YOU  
4       CAN CHECK WITH SHIRLENE SU WHO IS STANDING IN THE  
5       BACK WITH THE RED BLOUSE ON.  RAISE YOUR HAND,  
6       SHIRLENE.  GOOD.

7                   LET'S BEGIN WITH THE FIRST FIVE  
8       SPEAKERS.  THERE ARE TWO MICROPHONES, ONE ON EITHER  
9       SIDE, I'LL READ OFF ABOUT FIVE NAMES, AND IF THOSE  
10      PEOPLE WOULD COME UP AND GET IN LINE, THEN WE CAN  
11      MOVE THE PROCESS ALONG SMOOTHLY.  OUR COURT REPORTER  
12      MARGARET HAS ASKED THAT YOU SPEAK VERY CLEARLY AND  
13      SLOWLY.  WE HAVE PLENTY OF TIME TODAY.  SHE WANTS TO  
14      RECORD THIS FOR THE RECORD AND IT WOULD MAKE HER JOB  
15      MUCH EASIER.  THE FIRST SPEAKER WILL BE DAN  
16      WASSERMAN FOLLOWED BY GEORGE NAKANO.

17                   MR. GEORGE NAKANO:  (UNINTELLIGIBLE).

18                   THE FACILITATOR:  I'M SORRY?

19                   MR. GEORGE NAKANO:  (UNINTELLIGIBLE).

20                   THE FACILITATOR:  I'M SORRY?  THE SECOND  
21      IS GEORGE NAKANO, THE THIRD IS SUPERVISOR DON  
22      KNABE.  ARE YOU READY, SIR?

23                   MR. DAN WASSERMAN:  YES, I AM.  THANK  
24      YOU.  MY NAME IS DAN WASSERMAN, I'M CONGRESSWOMAN  
25      JANE HARMAN'S DEPUTY DISTRICT DIRECTOR.  THE

1 CONGRESSWOMAN SUBMITTED WRITTEN TESTIMONY TO TODAY'S  
2 PROCEEDINGS, COPIES ARE AVAILABLE HERE AND ON OUR  
3 WEB SITE WHICH IS WWW.HOUSE.GOV/HARMAN. WE HAVE  
4 ALSO POSTED A FORM ON OUR SITE WHERE YOU CAN MAKE  
5 COMMENTS ON THE MASTER PLAN WHICH WE WILL SUBMIT TO  
6 LAW AND THE FAA ON JULY 25TH OF THIS YEAR.

7 THE CONGRESSWOMAN REGRETS THAT SHE'S NOT  
8 ABLE TO ATTEND THESE HEARINGS IN PERSON, BUT HAS  
9 ASKED ME TO DELIVER THE FOLLOWING STATEMENT  
10 SUMMARIZING HER TESTIMONY:

11 "DEAR FRIENDS, I APPRECIATE THIS  
12 OPPORTUNITY TO PRESENT MY VIEWS, WHICH REFLECT MANY  
13 E-MAILS, LETTERS, PHONE CALLS AND CONVERSATIONS WITH  
14 DISTRICT RESIDENTS WHO ARE PASSIONATELY CONCERNED  
15 ABOUT WHAT LAX EXPANSION WILL DO TO THEIR  
16 COMMUNITIES.

17 "DECISIONS WE MAKE ABOUT AIRPORTS WILL  
18 COST BILLIONS OF DOLLARS AND AFFECT MILLIONS OF  
19 RESIDENTS, TRAVELERS AND BUSINESSES. IT IS CRITICAL  
20 NOT ONLY THAT WE MAKE THE RIGHT CHOICES, BUT ALSO  
21 THAT THE PROCESS BY WHICH DECISIONS ARE REACHED BE  
22 THOUGHTFUL, INCLUSIVE, FAIR AND COMPREHENSIVE.  
23 HEARINGS LIKE THIS ARE A GOOD START; HOWEVER, THREE  
24 HEARINGS ON ONE DAY DOES NOT REFLECT A REAL  
25 COMMITMENT TO ACTIVE COMMUNITY PARTICIPATION.

1                   "ASSEMBLYMAN NAKANO, STATE SENATOR BOWEN  
2           AND I WROTE A LETTER TO LAWA ASKING THAT MORE  
3           HEARINGS BE HELD. WE DID NOT RECEIVE A RESPONSE. I  
4           AM OPPOSED TO THE MASTER PLAN. I SUPPORT A TRULY  
5           REGIONAL APPROACH TO AIRPORT DEVELOPMENT IN SOUTHERN  
6           CALIFORNIA. I AM FOCUSING ON DEVELOPMENT OF AN  
7           ALTERNATIVE TO EXPANSION AT LAX.

8                   "A STATEMENT OF PRINCIPLES SIGNED BY  
9           MYSELF AND 12 OTHER MEMBERS OF CONGRESS FROM ACROSS  
10          SOUTHERN CALIFORNIA OFFERS OUR SUPPORT FOR A PLAN  
11          THAT IS MADE BY CONSENSUS ACROSS THE REGION, FAIRLY  
12          ALLOCATES BENEFITS AND BURDENS OF AIR  
13          TRANSPORTATION, EXPANDS AIRPORTS WITH UNDERUTILIZED  
14          CAPACITY, DOES NOT FORCE GROWTH AT ALREADY  
15          OVERBURDENED AIRPORTS, AND INCLUDES APPROPRIATE  
16          GROUND TRANSPORTATION.

17                  "THE MASTER PLAN IS NOT CONSISTENT WITH  
18          THESE PRINCIPLES. IT DOES NOT REFLECT A REGIONAL  
19          CONSENSUS, IT MAKES LITTLE OR NO EFFORT TO  
20          DISTRIBUTE AIR TRAFFIC TO UNDERUTILIZED AIRPORTS, IT  
21          MAKES NO EXPLICIT COMPARISONS TO THE REGIONAL  
22          APPROACHES TAKEN BY OTHER U.S. CITIES. THE  
23          PREFERRED ALTERNATIVE PROJECTS 89 MILLION ANNUAL  
24          PASSENGERS AT LAX. IT FAILS TO PROVIDE CONVINCING  
25          EVIDENCE THAT LAX WILL NOT BE FORCED TO HANDLE MUCH

1 MORE CAPACITY.

2 "THE MASTER PLAN DOES NOT TAKE INTO  
3 CONSIDERATION PUBLIC INVESTMENT AT MILITARY BASES IN  
4 PALMDALE AND ELSEWHERE IN THE REGION. IT MAKES  
5 LITTLE OR NO EFFORT TO COMPARE THE COST OF LAX  
6 EXPANSION TO THE COST OF BUILDING NEW FACILITIES AT  
7 AIRPORTS OTHER THAN LAX. IT DOES NOT CONSIDER  
8 SCAG'S RECENT DECISION TO BASE ITS  
9 REGIONAL TRANSPORTATION PLAN ON A SCENARIO WHICH  
10 DOES NOT INCLUDE NEW FACILITIES AT LAX. AND,  
11 FINALLY, IT DOES NOT CONSIDER THE POTENTIAL ROLE OF  
12 THE SOUTHERN CALIFORNIA REGIONAL AIRPORT AUTHORITY  
13 IN DEVELOPING AN ALTERNATIVE TO EXPANSION AT LAX.

14 "I LOOK FORWARD TO HEARING HOW LAWA AND  
15 THE FAA RESPOND TO THESE CONCERNS AND TO OTHER  
16 COMMENTS MADE HERE TODAY. I WILL SHARE THOSE  
17 RESPONSES WITH MY CONSTITUENTS, AND I WILL CONTINUE  
18 TO PLAY AN ACTIVE ROLE IN SUPPORTING A TRULY  
19 REGIONAL APPROACH TO MEETING SOUTHERN CALIFORNIA'S  
20 AIR TRANSPORTATION NEEDS. THANK YOU."

21 THE FACILITATOR: THANK YOU, SIR.

22 OUR NEXT SPEAKER?

23 MR. GEORGE NAKANO: GOOD AFTERNOON, I'M  
24 GEORGE NAKANO AND I REPRESENT THE 53RD ASSEMBLY  
25 DISTRICT IN WHICH LAX IS WHOLLY ENCOMPASSED IN MY

1 DISTRICT. IT IS A PLEASURE TO BE HERE TODAY AND  
2 WELCOME ALL OF YOU TO THE 53RD ASSEMBLY DISTRICT.  
3 WE ALL WISH YOU COULD HAVE COME SOONER AND SPENT A  
4 BIT MORE TIME THIS TRIP, BECAUSE UNFORTUNATELY YOUR  
5 SEVEN OR SO HOURS HERE PROBABLY WILL NOT BE A  
6 TERRIBLY PLEASANT ONE.

7 AS SOMEONE WHO HAS BEEN ACTIVELY INVOLVED  
8 IN REGIONAL TRANSPORTATION ISSUES FOR A NUMBER OF  
9 YEARS, FIRST AS A CITY COUNCIL MEMBER AND NOW AS A  
10 MEMBER OF THE CALIFORNIA STATE ASSEMBLY, THIS EIR  
11 AND THE ENTIRE PROPOSAL TO EXPAND LAX ARE DEEPLY  
12 TROUBLING. FRANKLY, THE CONTENT OF THIS EIR IS  
13 SEVERELY FLAWED, EITHER THROUGH DELIBERATE ACTION OR  
14 INCOMPETENCE. THE BASELINE YEAR USED IN THIS STUDY  
15 IS 1996, PRIOR TO THE YEAR THE NOISIEST PLANES WERE  
16 PHASED OUT, THUS ON PAPER APPEARING TO REDUCE THE  
17 IMPACT OF PROPOSED GROWTH.

18 FURTHER, THE EIR LACKS ANY ASSESSMENT OF  
19 THE IMPACT OF NOISE FROM FLY-OVERS ON THE SOUTHERN  
20 HALF OF THE SOUTH BAY AND THE PALOS VERDES  
21 PENINSULA. THE DOCUMENT PAYS NO ATTENTION TO THE  
22 NEGATIVE IMPACTS OF THE PROPOSED EXPANSION ON THE  
23 SURFACE TRAFFIC CONGESTION SOUTH OF ROSECRANS  
24 BOULEVARD. THE COMMUNITIES OF MANHATTAN BEACH,  
25 HERMOSA BEACH, REDONDO BEACH AND TORRANCE WILL

1        BECOME GRIDLOCKED AND THEIR ALREADY OVERCROWDED  
2        ARTERIALS JAMMED WITH LAX TRAFFIC.

3                MORE IMPORTANTLY, THIS WHOLE PROCESS HAS  
4        OPERATED OFF THE ASSUMPTION THAT LAX IS THE ONLY  
5        OPTION IN MEETING THE GROWING DEMANDS OF SOUTHERN  
6        CALIFORNIA'S AIR TRAFFIC NEEDS.  NOTHING COULD BE  
7        FURTHER FROM THE TRUTH.  TRYING TO CRAM THE ENTIRE  
8        BURDEN OF SOUTHERN CALIFORNIA'S AIR TRANSPORT DEMAND  
9        INTO LAX IS MISGUIDED, SHORTSIGHTED AND ULTIMATELY  
10       INEFFECTIVE, ESPECIALLY GIVEN THE OTHER RESOURCES  
11       AVAILABLE.

12               PALMDALE AIRPORT CAN HANDLE PASSENGER  
13        DEMANDS FROM THE WESTERN SAN FERNANDO VALLEY AND  
14        VENTURA COUNTY, AND THE CITIZENS OF THE ANTELOPE  
15        VALLEY WANT THE AIRPORT TO GROW.  ONTARIO AIRPORT  
16        HAS THE CAPACITY AND THE PRIME LOCATION TO HANDLE AN  
17        INCREASE IN THE PASSENGERS AS WELL.  MARCH AIR FORCE  
18        BASE HAS AN EXISTING RUNWAY WELL SUITED FOR CARGO.

19               ANOTHER KEY POINT TO REMEMBER IS THAT ANY  
20        REGIONAL PLAN MUST ADDRESS THE FACT THAT 20 PERCENT  
21        OF THE PASSENGER TRAFFIC INTO AND OUT OF LAX COMES  
22        FROM ORANGE COUNTY, AND THE CARGO TRAFFIC IS  
23        EXPECTED TO DOUBLE WITHIN THE NEXT 10 TO 15 YEARS.

24               FINALLY, IN THE SAN FRANCISCO BAY AREA,  
25        THERE ARE THREE INTERNATIONAL AIRPORTS --

1 SAN FRANCISCO, OAKLAND AND SAN JOSE. THERE IS ONLY  
2 ONE IN ALL OF SOUTHERN CALIFORNIA AND THE POPULATION  
3 HERE IS MUCH MORE DENSE. THESE ARE THE COMPONENTS  
4 OF A TRULY REGIONAL AIRPORT PLAN, AND A REGIONAL  
5 AIRPORT PLAN THAT DISBURSE -- DISBURSES SOUTHERN  
6 CALIFORNIA'S AIR TRANSIT NEED DEMANDS THROUGHOUT ALL  
7 OF SOUTHERN CALIFORNIA IS THE ONLY VIABLE SOLUTION  
8 TO THIS EQUATION.

9 I LOOK FORWARD TO WORKING WITH MY  
10 COLLEAGUES AT THE STATE, LOCAL AND FEDERAL LEVELS,  
11 OUR NEIGHBORS THROUGHOUT THE SOUTH BAY, AND THE FAA  
12 AND LAWA TOWARD THIS GOAL. THANK YOU.

13 THE FACILITATOR: THANK YOU, SIR. BEFORE  
14 YOU -- BEFORE YOU BEGIN, SIR, LET ME CALL THE NEXT  
15 THREE SPEAKERS. THAT WOULD BE ANDY LAZZARETTO,  
16 BARRY KURTZ AND VINCE MESTRE. AND AGAIN, THERE IS  
17 ANOTHER MICROPHONE OVER HERE IF YOU WOULD PREFER TO  
18 WAIT THERE AS WELL.

19 ARE YOU READY, SIR?

20 MR. DON KNABE: YES, I AM. MY NAME IS  
21 DON KNABE, I'M A COUNTY SUPERVISOR REPRESENTING THE  
22 FOURTH SUPERVISORIAL DISTRICT WHICH ENCOMPASSES LAX  
23 AND BOTH THE PORTS OF LONG BEACH AND LOS ANGELES. I  
24 AM ALSO CURRENTLY THE CHAIR OF THE SOUTHERN  
25 CALIFORNIA REGIONAL AIRPORT AUTHORITY, BUT MORE

1           IMPORTANTLY, I WAS ALSO MAYOR IN THE CITY OF  
2           CERRITOS IN AUGUST 31ST, 1986 WHEN AN AERO MEXICO  
3           DC-9 WENT DOWN IN OUR COMMUNITY.

4                       I'M NOT HERE TO -- I'M HERE TO  
5           ACKNOWLEDGE A NUMBER OF THINGS, BUT TO BRING TO YOUR  
6           ATTENTION A NUMBER OF OTHERS. WE'RE NOT  
7           DE-EMPHASIZING THE IMPORTANCE OF LAX TO THE ECONOMY  
8           OF THE SOUTHERN CALIFORNIA REGION, BUT I THINK THAT  
9           THE LAWA OFFICIALS AS WELL AS THE FAA NEED TO  
10          ACKNOWLEDGE THAT LAX HAS A SERIOUS, IF NOT  
11          DEVASTATING, IMPACT ON THE COMMUNITIES THAT SURROUND  
12          IT AND THE RESIDENTS WHO LIVE WITHIN THOSE  
13          COMMUNITIES.

14                      I PARTICULARLY REPRESENT OVER 2 MILLION  
15          PEOPLE IN MY DISTRICT, FROM MARINA DEL REY TO  
16          DIAMOND BAR TO CATALINA ISLAND, AND OVER HALF OF  
17          THOSE PEOPLE ARE IMPACTED BY WHAT YOU'RE ATTEMPTING  
18          TO DO TO LOS ANGELES INTERNATIONAL AIRPORT. LAWA  
19          NEEDS TO FOCUS ON BEING A GOOD NEIGHBOR AND NOT JUST  
20          ON REVVING ITS ECONOMIC ENGINES.

21                      COULD LAWA AND THE FAA HAVE BEEN A BETTER  
22          NEIGHBOR? YES, THEY COULD. AND DID YOU?  
23          ABSOLUTELY NOT. THE PROCESS YOU HAVE FILED IS A  
24          SUBSTANTIAL FAILURE. IT VIOLATES YOUR OWN STATED  
25          COMMITMENT TO FOSTER THE BROADEST POSSIBLE

1 PARTICIPATION PROCESS TODAY. SCHEDULING A SINGLE  
2 DAY OF PUBLIC HEARINGS AT THREE SEPARATE LOCATIONS  
3 AT EXACTLY THE SAME TIME IS NO MORE THAN AN ATTEMPT  
4 TO FRAGMENT AND LIMIT PUBLIC PARTICIPATION, NOT  
5 FOSTER IT.

6 MOREOVER, ENVIRONMENTAL EXPERTS IN THE  
7 AREA OF TRAFFIC, AIR QUALITY, NOISE, ENVIRONMENTAL  
8 JUSTICE, NEPA AND CEQA PROCESSES HIRED BY THE COUNTY  
9 OF LOS ANGELES HAVE FOUND THE DRAFT EIR/EIS FATALLY  
10 FLAWED AND THAT THE PROBLEMS WITH THE DOCUMENTS ARE  
11 SO PERVASIVE AND SYSTEMIC, THAT THE ONLY PRACTICAL  
12 REMEDY IS TO START OVER.

13 SPECIFICALLY, IN THE SCANT TIME THAT HAS  
14 BEEN ALLOCATED TO ME, I WOULD CALL TO YOUR ATTENTION  
15 THE FOLLOWING DEFICIENCIES:

16 WHY DOES THE DRAFT EIR/EIS DESCRIBE LAX  
17 AS SERVING THE SOUTHERN CALIFORNIA REGION, THE  
18 ENTIRE REGION, BUT THE SCOPING AND OUTREACH DID NOT  
19 INCLUDE A CONTACT WITH A SINGLE AGENCY WITHIN THE  
20 ORANGE, RIVERSIDE, SAN BERNARDINO OR VENTURA  
21 COUNTIES?

22 WHY DOES THE DRAFT EIR CONCLUDE THAT THE  
23 REGIONAL AIRPORT SYSTEM IS NOT FEASIBLE WITH L.A.  
24 WORLD AIRPORTS BUT THE OWNERS OF LAX OWN PALMDALE  
25 AND ONTARIO? AND IF A REGIONAL SYSTEM IS NOT

1 FEASIBLE, HOW CAN THE DRAFT EIR/EIS CONCLUDE THAT  
2 FUTURE DEMAND WILL BE ABSORBED BY OTHER AIRPORTS  
3 OTHER THAN LOS ANGELES? WHAT YOU'RE ATTEMPTING TO  
4 DO ON 3,500 ACRES YOU DID AT DENVER ON 35,000.

5 WE STRONGLY ENCOURAGE LAWA TO START THIS  
6 PROJECT OVER BEGINNING WITH A SCOPING PROCESS THAT  
7 ACKNOWLEDGES THE REGIONAL NATURE OF THIS UNDERTAKING  
8 AND FOLLOWING A FRESH LOOK AT ALTERNATIVES THAT  
9 INCLUDES AT LEAST ONE REGIONAL OPTION AMONG THEM.

10 IF LAWA IS WILLING TO TAKE THE STEP OF  
11 REEVALUATING ITS OPTIONS, THE LAX MASTER PLAN IS AN  
12 IMPORTANT UNDERTAKING AND WE HOPE THAT LAWA WILL  
13 REACH OUT TO THE COUNTY AS WELL AS OTHER  
14 COMMUNITIES --

15 THE FACILITATOR: THANK YOU, SIR.

16 MR. DON KNABE: -- AND OTHER AGENCIES IN  
17 THE REGION TO SUPPORT THIS GOAL. WE THANK YOU AND  
18 WE WILL SUBMIT OUR WRITTEN COMMENTS BY JULY 25TH.

19 THE FACILITATOR: THANK YOU VERY MUCH,  
20 SIR.

21 GO AHEAD, SIR.

22 MR. ANDY LAZZARETTO: GOOD AFTERNOON. MY  
23 NAME IS ANDY LAZZARETTO. I AM ALSO REPRESENTING THE  
24 COUNTY OF LOS ANGELES AT THE REQUEST OF THE BOARD OF  
25 SUPERVISORS. AFTER CAREFUL REVIEW OF THE EIS/EIR,

1 WE HAVE CONCLUDED THAT THE ERRORS AND OMISSIONS AND  
2 INACCURATE ASSUMPTIONS IN THE DOCUMENT ARE SO  
3 PERVASIVE AS TO TOTALLY COMPROMISE THE VALIDITY OF  
4 THE ENTIRE DOCUMENT. AS A RESULT, THE ONLY  
5 APPROPRIATE ACTION, AS MR. KNABE POINTS OUT, IS TO  
6 SUBSTANTIALLY REVISE AND RECIRCULATE THIS DOCUMENT.

7 WE BASE THESE CONCLUSIONS IN PART ON THE  
8 FOLLOWING FACTORS: THAT THE ORIGINAL SCOPING DID  
9 NOT INCLUDE THE PREFERRED ALTERNATIVE THAT IS NOW  
10 BEING RECOMMENDED BY THE STAFF, ALTERNATIVE C. THIS  
11 DENIED THE PUBLIC ACCURATE TIME TO COMMENT ON THIS  
12 AT THE SCOPING LEVELS SO THAT THERE WAS NO  
13 PRE-KNOWLEDGE OF THIS PARTICULAR ALTERNATIVE.

14 CONSIDERING THE SIZE AND THE SCOPE OF  
15 THIS PROJECT, HAVING ONLY THREE ALTERNATIVES SEEMS  
16 TO US TO BE VERY, VERY LIMITED GIVEN THE SIZE AND  
17 MAGNITUDE OF THE PROJECT. THE PREFERRED ALTERNATIVE  
18 CONTAINS THE MOST SIGNIFICANT IMPACT, YET MEETS THE  
19 LEAST NUMBER OF OBJECTIVES AS SET FORTH IN THE  
20 EIR/EIS. THE DOCUMENT REPEATEDLY ACKNOWLEDGES THAT  
21 LAX IS PART OF THE REGIONAL SYSTEM, AND YET, AS  
22 MR. KNABE POINTS OUT, THE REGIONAL AGENCIES SUCH AS  
23 THE COUNTIES OF SAN BERNARDINO, ORANGE AND RIVERSIDE  
24 WERE NOT CONTACTED DURING THE SCOPING PROCESS.

25 FURTHERMORE, DURING THE TIME THAT THIS

1 DOCUMENT HAS BEEN IN CIRCULATION, JUST RECENTLY SCAG  
2 HAS TAKEN AN ALMOST UNANIMOUS DECISION IN TERMS OF A  
3 REGIONAL SOLUTION, AND JUST IN THE PAST WEEK, THE  
4 FAA HAS ANNOUNCED NEW TECHNICAL IMPROVEMENTS TO THE  
5 AIR SIDE SYSTEM OF AIR TRAFFIC CONTROL WHICH SHOULD  
6 SIGNIFICANTLY IMPROVE THE OPERATION OF ALL THE  
7 REGIONAL AIRPORTS, AND ESPECIALLY LAX. AND THIS IS  
8 NEW INFORMATION WHICH ADMITTEDLY LAX DID NOT HAVE  
9 AVAILABLE TO THEM DURING THE SCOPING OR THE  
10 DEVELOPMENT OF THE DOCUMENT, BUT WE POINT THIS OUT  
11 TO SHOW HOW MUCH TIME HAS PASSED AND HOW FLAWED THE  
12 INFORMATION THAT YOU ARE NOW DEALING WITH ACTUALLY  
13 IS. THE PROJECT HORIZON OF THE YEAR 2015 IS NOT  
14 ATTAINABLE AT THIS POINT. IT SKEWS THE POTENTIAL  
15 IMPACTS OF THE PROJECT.

16 IN CLOSING, LET ME POINT OUT THAT AT THE  
17 VERY LEAST, THE BASELINES THAT HAVE BEEN USED ARE  
18 VERY, VERY AGED. 1996 IS USED IN MANY PLACES, BUT  
19 THEN THERE ARE OTHER PLACES WITHIN THE DOCUMENT  
20 WHERE THE YEAR 2000 AND OTHER YEARS ARE USED AS A  
21 BASELINE. WE TAKE ISSUE WITH THE FACT THAT THE  
22 ENVIRONMENTAL JUSTICE SECTION SHOWS ABSOLUTELY NO  
23 MITIGATION MEASURES. THIS IS CONTRARY TO CEQA,  
24 NEPA, AND FEDERAL GUIDELINES PUBLISHED BY THE  
25 PRESIDENT.

1 THE TRAFFIC IS A MAJOR PROBLEM WHICH WILL  
2 BE ADDRESSED BY ONE OF MY COLLEAGUES, AS IS AIR AND  
3 NOISE. ONCE AGAIN, WE FEEL THAT THE REGIONAL  
4 SOLUTION AND A REGIONAL APPROACH NEEDS TO BE TAKEN  
5 WITH THIS DOCUMENT. IT NEEDS TO BE SUBSTANTIALLY  
6 REVISED AND RECIRCULATED FOR COMMENT BY THE PUBLIC.  
7 THANK YOU.

8 THE FACILITATOR: THANK YOU, SIR.

9 MR. BARRY KURTZ: GOOD AFTERNOON. I'M  
10 BARRY KURTZ REPRESENTING THE COUNTY OF LOS ANGELES  
11 DEPARTMENT OF PUBLIC WORKS AND MY COMMENTS ARE GOING  
12 TO BE ADDRESSED ONLY TO TRAFFIC TRANSPORTATION  
13 ISSUES IN THE EIR/EIS.

14 THE LAX EXPANSION PROJECT COMES WITH A  
15 COMPREHENSIVE PACKAGE OF TRANSPORTATION MITIGATION  
16 MEASURES AND WE GENERALLY SUPPORT ANY TRANSPORTATION  
17 SYSTEM THAT PROVIDES DIRECT ACCESS FROM THE FREEWAY  
18 SYSTEM TO THE AIRPORT, SIMILAR TO MANY OTHER CITIES  
19 ACROSS THE NATION. HOWEVER, WE HAVE SEVERAL MAJOR  
20 CONCERNS ABOUT THE TRAFFIC INFORMATION IN THE  
21 EIR/EIS THAT HAVE NOT BEEN ADDRESSED.

22 OUR DEPARTMENT FINDS THE TRAFFIC STUDY IS  
23 INADEQUATE, INCOMPLETE AND FLAWED. A 50-UNIT  
24 HOUSING DEVELOPMENT WILL COME TO THE COUNTY TO SCOPE  
25 OUT THEIR PROJECT, AND A PROJECT THAT'S OF A

1       MAGNITUDE LIKE THE LAX EXPANSION, YOU WOULD EXPECT  
2       THEY WOULD COME TO US TO SCOPE OUT THE PROJECT, YET  
3       THERE WAS NO SCOPING, THEY DIDN'T CONTACT US, AND  
4       CONSEQUENTLY, THE INFORMATION THAT THEY SUBMITTED IS  
5       TOTALLY INCOMPLETE.

6               THE COUNTY'S GUIDELINES WERE NOT USED AT  
7       ROADWAYS AND INTERSECTIONS NEAR THE AIRPORT. THE  
8       COUNTY EXPECTS THAT THE STUDY SHOULD HAVE INCLUDED  
9       ALL THE NEARBY UNINCORPORATED AREAS INCLUDING MARINA  
10      DEL REY, BALDWIN HILLS, ATHENS, DELAMARE, EL CAMINO  
11      VILLAGE, LADERA HEIGHTS AND SO ON. THEY WERE NOT  
12      INCLUDED IN THE TRAFFIC INFORMATION. TRANSPORTATION  
13      STUDIES WERE BASED ON OUTDATED 1996 TRAFFIC DATA AND  
14      WERE NOT VALIDATED.

15              WE'RE VERY CONCERNED ABOUT THE  
16      OVERLOADING OF THE SAN DIEGO FREEWAY NORTH OF THE  
17      LAX EXPRESSWAY BECAUSE OF THE SPILLOVER FACTOR, AND  
18      THE CITIES IN THAT AREA ARE GOING TO BE IMPACTED,  
19      CULVER CITY, AND THE NORTHWEST -- NORTH/SOUTH  
20      ARTERIALS SUCH AS LA CIENEGA, LINCOLN AND SEPULVEDA  
21      ALSO NEED TO BE LOOKED AT. SIMILARLY, SOUTH OF THE  
22      FREEWAY WHERE WE DON'T HAVE AN LAX EXPRESSWAY, THOSE  
23      JURISDICTIONS SOUTH OF THE FREEWAY ARE GOING TO BE  
24      IMPACTED ALSO. WE NEED TO KNOW THE EXACT IMPACT OF  
25      THOSE CITIES.

1                   IN CONCLUSION, WE HAVE NOT RECEIVED ALL  
2                   THE INFORMATION NECESSARY FOR THE COUNTY TO COMPLETE  
3                   ITS REVIEW. THE ADDITIONAL INFORMATION IS NEEDED TO  
4                   ENABLE US TO DETERMINE IF THE AIRPORT EXPANSION AND  
5                   TRANSPORTATION IMPROVEMENTS WILL PROVIDE A BETTER  
6                   SITUATION AND WILL POSE A SERVICE THAN NO AIRPORT  
7                   EXPANSION AND NO MITIGATION MEASURES.

8                   AS OF NOW, WE DON'T HAVE ALL THE  
9                   INFORMATION NECESSARY TO COMPLETE OUR REVIEW. AND  
10                  OUR LAST CONCERN IS BASICALLY THE FACT THAT LAX WAS  
11                  DESIGNED FOR 45 MAP, IT'S NOW AT 68 AND A POTENTIAL  
12                  TO GO TO 79 WITHOUT THE EXPANSION, SO IF THE  
13                  EXPANSION WILL ALLOW 89 MAP, WHAT'S TO ENSURE US  
14                  THAT THE INCREASED TRAFFIC WON'T RESULT IN ABOUT A  
15                  150 PERCENT INCREASE, SIMILAR TO WHAT'S BEEN DONE  
16                  BEFORE?

17                  THE FACILITATOR: THANK YOU, SIR. THE  
18                  NEXT THREE SPEAKERS WILL BE MIKE GORDON, SANDRA  
19                  JACOBS AND NANCY WERNICK.

20                  MR. VINCENT MESTRE: THANK YOU. MY NAME  
21                  IS VINCENT MESTRE, I'M HERE ON THE BEHALF OF THE  
22                  COUNTY OF LOS ANGELES. I'M A CONSULTANT IN THE AREA  
23                  OF ACOUSTICS AND AIR QUALITY AND I HAVE THE  
24                  FOLLOWING COMMENTS ON THE EIR/EIS.

25                  NOISE. SINCE THE 1970'S, CALIFORNIA LAW

1 HAS REQUIRED ALL CALIFORNIA AIRPORTS TO PUBLISH A  
2 QUARTERLY REPORT THAT DESCRIBES NOISE IMPACTS.  
3 UNDER THAT LAW, LAX IS REQUIRED TO OPERATE A  
4 PERMANENT NOISE MONITORING SYSTEM AND ENSURE THAT  
5 NOISE CONTOURS PUBLISHED IN THE QUARTERLY REPORTS  
6 CORRESPOND TO NOISE MONITORING DATA.

7 LAX HAS COMPLIED WITH THIS LAW FOR THE  
8 PAST 30 YEARS BY SUBMITTING QUARTERLY REPORTS TO THE  
9 COUNTY OF LOS ANGELES AND THE STATE DIVISION OF  
10 AERONAUTICS. FOR THE CALENDAR YEAR 1996, LAX  
11 SUBMITTED A QUARTERLY REPORT SHOWING THAT 85,907  
12 PEOPLE WERE LOCATED INSIDE THE CRITERIA NOISE  
13 CONTOUR. THE EIR/EIS FOR THE PROJECT IDENTIFIES  
14 THIS SAME 1996 BASELINE YEAR AND IDENTIFIES 36,907  
15 PEOPLE INSIDE THE SAME CRITERIA CONTOUR.

16 THERE IS A SIGNIFICANT AND UNDISCLOSED  
17 DISCREPANCY IN THE NUMBER OF DWELLING UNITS AND  
18 POPULATION BETWEEN THE EIR/EIS BASELINE YEAR AND THE  
19 DATA PUBLISHED BY LAWA. THE DIFFERENCE BETWEEN THE  
20 IMPACTS IS DRAMATIC. APPROXIMATELY 15,000 HOMES AND  
21 37,000 RESIDENTS APPEAR TO BE UNDERCOUNTED. THE  
22 EIR/EIS STATES THAT THE NOISE CONTOURS ARE ADJUSTED  
23 TO REFLECT NOISE MONITORING DATA. THIS STATEMENT  
24 APPEARS TO BE INACCURATE AND CONFLICTS WITH  
25 STATEMENTS TO THE CONTRARY ELSEWHERE IN THE REPORT.

1                   THE RESULTS OF THE NOISE MONITORING DATA  
2                   SHOW NOISE IN SITES EAST OF THE AIRPORT, PRIMARILY  
3                   IN INGLEWOOD, AT SIGNIFICANTLY HIGHER NOISE LEVELS  
4                   THAN THE MODEL PREDICTS, AND NO ATTEMPT WAS MADE IN  
5                   THE EIR/EIS TO EXPLAIN OR CORRECT THIS DIFFERENCE.  
6                   THIS MAKES IT DIFFICULT TO ESTABLISH A CREDIBLE  
7                   DISCLOSURE STATEMENT TO THE GENERAL PUBLIC WHEN NO  
8                   ATTEMPT IS MADE TO EXAMINE THE REASON FOR THE NOISE  
9                   MODEL UNDERPREDICTION OF AIRCRAFT NOISE.

10                  IN ADDITION, QUESTIONS ON THE BASELINE  
11                  CONTOURS, THERE IS SUBSTANTIAL UNCERTAINTY  
12                  ASSOCIATED WITH THE FUTURE OPERATIONAL ASSUMPTIONS  
13                  WITHIN THE EIS/EIR. THE ASSUMPTIONS FOR OPERATIONS  
14                  FOR THE PROPOSED PROJECT ARE BASED ON NO CHANGE IN  
15                  CURRENT TECHNOLOGY THAT AFFECTS AIRPORT AND AIR  
16                  SPACE CAPACITY. THIS IN SPITE OF NUMEROUS INDUSTRY  
17                  EFFORTS AND PROGRAMS TO UPGRADE AND IMPROVE  
18                  TECHNOLOGY TO ENHANCE AIRPORT CAPACITY. THE NET  
19                  EFFECT IS THAT SUBSTANTIALLY GREATER NUMBERS OF  
20                  AIRCRAFT OPERATIONS ARE LIKELY TO OCCUR FOR THE  
21                  IDENTIFIED PROJECT.

22                  AS AN EXAMPLE OF THE EIR/EIS  
23                  UNDERPREDICTION OF OPERATIONS, THE EIR/EIS PROJECTS  
24                  THAT THE YEAR 2015 BASELINE OPERATIONS WILL GROW  
25                  FROM 1996 BASELINE CONDITIONS TO 2,124 OPERATIONS

1 PER DAY. IN FACT, YEAR 2000 OPERATIONS HAD ALREADY  
2 EXCEEDED THIS PROJECTION AT 2,280 OPERATIONS PER  
3 DAY.

4 THE FACILITATOR: YOUR TIME IS UP, IF  
5 YOU'D LIKE TO RESUBMIT AND CONTINUE THAT TESTIMONY  
6 LATER.

7 MR. VINCENT MESTRE: WE WILL SUBMIT IN  
8 WRITING. THANK YOU.

9 MR. MIKE GORDON: GOOD AFTERNOON. MY  
10 NAME IS MIKE GORDON, I'M THE MAYOR OF THE CITY OF EL  
11 SEGUNDO. AN ENVIRONMENTAL IMPACT REPORT IS SUPPOSED  
12 TO CONSIDER A REASONABLE RANGE OF ALTERNATIVES TO  
13 THE PROPOSED PROJECT, YET THIS EIR/EIS EXAMINES A  
14 VERY LIMITED RANGE OF ALTERNATIVES AND THE ONLY  
15 ALTERNATIVE EXAMINED IS TO MAKE ALTERNATIVE C LOOK  
16 GOOD.

17 THE EIR DOES NOT CONSIDER ALTERNATIVES  
18 THAT RESULT IN IMPACTS LESS SEVERE THAN THE  
19 PREFERRED ALTERNATIVE C, AND MOST NOTABLY, AFTER  
20 THREE-AND-A-HALF YEARS OF WORK BY SCAG AND ALL OF  
21 THE CITIES IN SOUTHERN CALIFORNIA AND COUNTIES  
22 INVOLVED, THIS EIR NEVER SERIOUSLY CONSIDERS A TRULY  
23 REGIONAL AIRPORT SYSTEM SUCH AS THE ONE PROPOSED BY  
24 SCAG. PASSENGER CARGO DEMANDS ARE CLEARLY  
25 UNDERSTATED. THE ASSUMPTIONS AND WORKSHEETS IN THIS

1 PLAN ARE BASED ON PROJECTIONS THAT WE CANNOT FIND  
2 ANY ACCURATE INFORMATION THAT WAS REVIEWED TO DRAW  
3 THESE CONCLUSIONS.

4 WE BELIEVE THAT THE EIR/EIS CONSISTENTLY  
5 AND VERY SIGNIFICANTLY UNDERSTATES THE ENVIRONMENTAL  
6 BURDENS THE PUBLIC WILL EVENTUALLY BEAR AS A  
7 CONSEQUENCE TO THE AIRPORT DEVELOPMENT ENVISIONED  
8 UNDER EACH ALTERNATIVE.

9 LET'S TALK ABOUT TRAFFIC. ONE OF THE  
10 MOST SEVERE IMPACTS LIKELY TO OCCUR AS A RESULT OF  
11 THE EXPANSION OF LAX IS EXCESSIVE TRAFFIC  
12 CONGESTION. THIS BURDEN OF CONGESTION IS NOT  
13 LIMITED TO THE IMMEDIATE AIRPORT AREA, RATHER IT  
14 SPREADS THROUGHOUT THE SUBREGIONAL FREEWAY AND  
15 ARTERIAL SYSTEM. NEVERTHELESS, AND INEXPLICABLY,  
16 THE IMPACTS OF THE LAX EXPANSION ON THE I-405 ARE  
17 HARDLY EXAMINED IN THE EIR WHATSOEVER, DESPITE  
18 CERTAIN AND SEVERE TRAFFIC ROUTES WE FELT UP AND  
19 DOWN SEPULVEDA, LINCOLN, MANCHESTER, AVIATION AND  
20 CENTURY BOULEVARDS, TO NAME JUST A FEW.

21 THERE IS NO MITIGATION PLAN OF ANY KIND  
22 PROPOSED FOR SUBREGIONAL ARTERIALS. IN FACT, THE  
23 ONLY TRAFFIC CONGESTION THE AIRPORT SEEMS CONCERNED  
24 TO MITIGATE IS ITS OWN AIRPORT TRAFFIC.

25 NOISE. THE EIS/EIR INCLUDES COMPLETE

1 MIXED ASSUMPTIONS THAT ARE UNREASONABLE AND  
2 UNSUPPORTED AND FAILS TO ACKNOWLEDGE THE TREMENDOUS  
3 UNCERTAINTIES OF THE MARKETPLACE FOR NEWER, LARGER  
4 AIRCRAFT MODELS. THIS COMPLETE MIXED VOODOO MAKES  
5 THE ANALYSIS OF NOISE IMPACTS ENTIRELY SPECULATIVE  
6 AND DRAMATICALLY LOWER WHAT POTENTIALLY COULD  
7 OCCUR. EVEN SO, THE EIR/EIS CONCLUDES THAT EXPOSURE  
8 TO AIRCRAFT NOISE IN 2015 UNDER ALTERNATIVE C FOR  
9 MANY POPULATION GROUPS WITH NOISE-SENSITIVE USES  
10 WILL BE SIGNIFICANT AND UNAVOIDABLE. IN SHORT, TAKE  
11 IT. YET REMARKABLY, THERE ARE NO NOISE MITIGATION  
12 MEASURES PROPOSED IN THIS DOCUMENT.

13 AIR QUALITY. LAX IS ALREADY THE GREATEST  
14 LARGEST SINGLE SOURCE OF NOX EMISSIONS IN THE  
15 REGIONS. EVEN THOUGH ALTERNATIVE C AS ACCEPTED HAS  
16 ARTIFICIALLY LOW ACTIVITY LEVELS, THE EXPANSION PLAN  
17 WILL AS MUCH AS TRIPLE THE NOX EMISSIONS FROM THE  
18 AIRPORT. ALL THREE EXPANSION SCENARIOS PROPOSED  
19 WILL MORE THAN DOUBLE THE PARTICLE ACTIVITY AT LAX.  
20 THAT WILL DOUBLE THE TRUCK TRAFFIC AND THE DIESEL  
21 EMISSIONS LAX NEIGHBORS WILL HAVE TO BREATHE.

22 DIESEL ENGINE CONSTRUCTION EQUIPMENT WILL  
23 ALSO BE A SIGNIFICANT SOURCE OF NOX EMISSIONS AND  
24 PARTICULATES DURING THE 16-YEAR CONSTRUCTION  
25 PERIOD. IN SHORT, THIS WILL DESTROY THE QUALITY OF

1 LIFE FOR COMMUNITIES AROUND THIS AIRPORT. WHAT WE  
2 NEED IS A TRULY REGIONAL AIRPORT PLAN. THANK YOU.

3 THE FACILITATOR: THANK YOU, MAYOR  
4 GORDON. I WANT TO LET EVERYONE KNOW THAT MARGARET'S  
5 FINGERS WERE GLOWING OVER THERE FROM TAKING THE  
6 TESTIMONY. I WANT TO REMIND EVERYONE THAT WE WANT  
7 TO GET AN ACCURATE RECORD OF YOUR COMMENTS, SO YOU  
8 NEED TO SPEAK SLOWLY AND CLEARLY. WE'RE ALSO TAPE  
9 RECORDING THIS AND I THINK MARGARET WILL BE UP ALL  
10 NIGHT PLAYING THAT TAPE AGAIN. BE SURE TO STATE  
11 YOUR NAME CLEARLY.

12 ARE YOU READY, MA'AM?

13 MS. SANDRA JACOBS: GOOD AFTERNOON. MY  
14 NAME IS SANDRA JACOBS, I AM THE MAYOR PRO TEM OF THE  
15 CITY OF EL SEGUNDO AS WELL AS FIRST VICE PRESIDENT  
16 OF THE SOUTH BAY CITIES COUNCIL OF GOVERNMENT AND  
17 CHAIR THAT BODY'S TRANSPORTATION OVERSIGHT  
18 COMMITTEE. I ALSO SERVE AS A MEMBER OF THE SOUTHERN  
19 CALIFORNIA ASSOCIATION OF GOVERNMENTS'  
20 TRANSPORTATION COMMUNICATION COMMITTEE AND SERVE ON  
21 THE REGIONAL COUNCIL.

22 THERE ARE MANY AREAS OF CONCERN WITH THIS  
23 DRAFT EIS/EIR WHICH WOULD TAKE MUCH LONGER THAN THE  
24 THREE MINUTES, SO I WOULD LIKE TO FOCUS MY COMMENTS  
25 IN REGARDS TO SEVERAL DEFICIENCIES IN THE TRAFFIC

1 ANALYSIS. IN REFERENCE TO PAGE 428485, THE  
2 STATEMENT THAT LITTLE CUT-THROUGH TRAFFIC IS ON  
3 SOUTH BAY ARTERIAL ROUTES IS A HOLLOW AND  
4 UNSUBSTANTIATED STATEMENT. ONCE THE 405 FREEWAY  
5 STOPS MOVING, TRAFFIC WILL SPILL OUT JUST LIKE  
6 FLOODING WATERS TO FIND OTHER TRIBUTARIES, IN THIS  
7 CASE OUR LOCAL STREETS AND NEIGHBORHOODS.

8 THE PLAN APPEARS TO HAVE STUDIED  
9 PRIMARILY LOS ANGELES DEPARTMENT OF TRANSPORTATION  
10 JURISDICTIONS AND PROVIDES MOST OF THE MITIGATION IN  
11 THOSE AREAS. NOWHERE IN THE PLAN DOES IT APPEAR  
12 THAT DATA HAS BEEN COLLECTED REGARDING TRAFFIC FROM  
13 PALOS VERDES PENINSULA OR THE BEACH COMMUNITIES. I  
14 AM ASKING THAT A CLEAR STATEMENT BE MADE AS TO WHY  
15 THE INTERSECTIONS INVOLVED WERE SELECTED AND WHY  
16 AREAS SOUTH OF ROSECRANS BOULEVARD WERE IGNORED.

17 TRAFFIC CONDITIONS IN THE SEPULVEDA  
18 BOULEVARD TUNNEL HAVE NOT BEEN PROPERLY ANALYZED.  
19 SINCE THIS ARTERIAL PROVIDES MAIN ACCESS TO THE  
20 CENTRAL TERMINAL AREA FROM THE SOUTH, IT MUST BE  
21 INCLUDED IN ANY ASSESSMENT OF IMPACTS, AND  
22 MITIGATION MEASURES MUST BE IDENTIFIED. IT IS  
23 UNCLEAR HOW THE RING ROAD RELATES TO IMPERIAL  
24 HIGHWAY. I AM REQUESTING CLARIFICATION OF SPECIFIC  
25 ACCESS TO IMPERIAL HIGHWAY FOR MAIN STREET AND

1 CALIFORNIA STREET.

2 LASTLY, THERE ARE NO COSTS OF FUNDING  
3 SOURCES IDENTIFIED IN THE RECOMMENDED TRAFFIC  
4 MITIGATION MEASURES. PLEASE ANSWER THE ALLEGATION  
5 THAT PREVIOUSLY-APPROVED GROUND TRANSPORTATION  
6 PROJECTS ARE ALSO INCLUDED IN THIS PLAN TO HELP MEET  
7 THE MITIGATION REQUIREMENTS OF NEW BURDENS.

8 PRIOR EXPERIENCE WITH THIS AIRPORT'S  
9 EXPANSION AND ITS FAILURE TO IMPLEMENT MITIGATION  
10 CAUSES ME TO ASK THE FOLLOWING INFORMATION BE  
11 INCLUDED IN THE FINAL REPORT: IDENTIFY SPECIFIC  
12 FUNDING SOURCES FOR ALL MITIGATION PROJECTS.  
13 PRESENT A SCHEDULE OF IMPLEMENTATION OF THESE  
14 PROJECTS. DEVELOP A REMEDY FOR NONPERFORMANCE OF  
15 THE SCHEDULE. WITHOUT THESE ASSURANCES, THE  
16 MITIGATION PROJECTS WILL SIMPLY BE WORDS ON A PAGE  
17 TO BE FOUND YEARS FROM NOW ON A DUSTY VOLUME OF THIS  
18 EIR.

19 THE FACILITATOR: COUNCILMEMBER WERNICK,  
20 YOU SUBMITTED TWO CARDS TO SPEAK FOR TWO DIFFERENT  
21 ORGANIZATIONS, SO I'LL HAVE THREE MINUTES HERE, AND  
22 THEN I HAVE PLACED THE SECOND CARD AT THE END OF THE  
23 ELECTED OFFICIAL TIME SO THAT WE CAN GIVE EVERYBODY  
24 A CHANCE TO SPEAK.

25 MS. NANCY WERNICK: THANK YOU. I'M HERE

1 SPEAKING AT THE PRESENT TIME IN THIS INCARNATION FOR  
2 THE LAX ADVISORY COMMITTEE, SOMETHING THAT THE BOARD  
3 OF AIRPORT COMMISSIONERS HAVE PUT TOGETHER FOR THE  
4 SURROUNDING CITIES THAT WERE IMPACTED BY LOS ANGELES  
5 AIRPORT PRIOR TO ITS EXPANSION.

6 WE HAVE SEVERAL QUESTIONS. HAVE THE  
7 RECENT POPULATION CHANGES REFLECTED IN THE 2000  
8 CENSUS IMPACTED THE MASTER PLAN ASSUMPTIONS?  
9 SPECIFICALLY, HOW HAS THE 6.5 -- 69.5 PERCENT  
10 GROWTH IN PALMDALE AFFECTED THE ASSUMPTIONS ABOUT  
11 THE PALMDALE AIRPORT IN THE MASTER PLAN?

12 WHERE IS THE, QUOTE, "EVIDENCE FROM OTHER  
13 REGIONS AND NATIONS" THAT INDICATES THAT ATTEMPTS TO  
14 RELOCATE ACTIVITY FROM AN ESTABLISHED AIRPORT TO NEW  
15 FACILITIES RESULTS IN A FAILURE AND A LOSS OF  
16 MILLIONS OF DOLLARS? THAT'S ON PAGE 2.2. WE'D LIKE  
17 TO KNOW WHERE THE EVIDENCE IS FOR THAT.

18 HOW MUCH OF THE REDUCTION IN TOTAL  
19 POPULATION EXPOSED TO THE NOISE LEVEL ABOVE 65 CNEL  
20 OF APPROXIMATELY 1,500 TO 1,600 MORE THAN THE NO  
21 ACTION PLAN IS DUE TO THE ACQUISITION OF 84 DWELLING  
22 UNITS ALREADY?

23 WHAT PEOPLE WILL BE EXPOSED TO THE 1.5  
24 DECIBEL OR GREATER INCREASED NOISE LEVELS UNDER  
25 ALTERNATIVE C AND HOW MUCH GREATER? WHY WOULD

1 ALTERNATIVE C HAVE GREATER IMPACTS IN THE SHORT TERM  
2 ON POPULATION EXPOSED TO THE 1.5 CNEL THAN  
3 ALTERNATIVES A OR B AND WHAT WOULD THAT IMPACT BE?  
4 NONE OF THESE QUESTIONS ARE ANSWERED.

5 WHEN YOU LOOK AT THE ON-SITE UTILITIES,  
6 WE HAVE A REAL PROBLEM. YOUR COST ESTIMATES ARE  
7 GROSSLY UNDERSTATED AND YOUR DANGER TO THE  
8 SURROUNDING AREAS IS NOWHERE TO BE FOUND. WE WOULD  
9 LIKE TO SEE AN OFF-SITE CONSEQUENCES REPORT FOR YOUR  
10 FUEL FARM AND FOR THE PIPES THAT WILL LEAD FROM  
11 SCATTERGOOD ACROSS IMPERIAL TO THE NEW LAWA SITE.  
12 WHAT JURISDICTIONS WILL THESE CROSS OVER? HAVE YOU  
13 CHECKED WHAT LANDS YOU'RE GOING TO BE DIGGING UNDER  
14 AND WHAT THEIR LAWS ARE? WHY ARE YOU NOT SUBJECTED  
15 TO AN OFF-SITE CONSEQUENCES REPORT WHEN EVEN THE  
16 HYPERION SEWAGE TREATMENT PLANT IS?

17 YOU CAN PARTIALLY SOUND PROOF YOUR HOME.  
18 YOU CAN FORCE PEOPLE TO LIVE IN A BUNKER. YOU  
19 CANNOT AIR PROOF YOUR HOME, AND THE AIR QUALITY THAT  
20 YOU ARE PRODUCING AT THE PRESENT TIME HAS BEEN SHOWN  
21 TO CAUSE DISEASE. WE'D LIKE TO KNOW WHERE THE  
22 FIGURES ARE ON THAT AND THE STUDIES FROM THE UCLA  
23 STUDY AND WHY WERE THEY NOT INCLUDED.

24 TABLES A5.10, A5.11 AND A5.12 DON'T  
25 APPEAR TO BE EVEN INCLUDED. THAT'S ONLY ONE

1 SECTION --

2 THE FACILITATOR: THANK YOU,  
3 COUNCILWOMAN.

4 MS. NANCY WERNICK: THAT'S ONLY ONE  
5 SECTION THAT'S NOT INCLUDED IN A FLAWED PLAN.

6 THE FACILITATOR: I'LL CALL THE NEXT  
7 THREE SPEAKERS. NEXT WILL BE MR. FRED MACKENBACH,  
8 JIM ALDINGER, AND LINDA WILSON.

9 WHILE THEY'RE COMING UP, FOR THOSE OF YOU  
10 WHO HAVE JUST ARRIVED, I WANT TO REMIND YOU THAT  
11 THIS IS THE FEDERAL AVIATION ADMINISTRATION PUBLIC  
12 HEARING. FOR THOSE OF YOU WHO WOULD LIKE TO SPEAK,  
13 PLEASE FILL OUT A SPEAKER CARD AND TURN IT IN AT THE  
14 INFORMATION TABLE. IF YOU WOULD LIKE TO SPEAK  
15 REPRESENTING MORE THAN ONE ORGANIZATION OR SPEAK FOR  
16 MORE THAN THREE MINUTES, YOU MAY RESUBMIT THE CARD  
17 AND I'LL PUT THAT CARD IN THE BACK OF THE STACK.

18 ARE YOU READY, SIR?

19 MR. FRED MACKENBACH: YES, MY NAME IS  
20 FRED MACKENBACH, I'M A CITY COUNCILMAN FOR THE CITY  
21 OF PALOS VERDES ESTATES, AND ALSO REPRESENT US AT  
22 COG, WHICH IS MADE UP OF 15 CITIES IN THE SOUTH BAY  
23 AS WELL AS THE CITY OF LOS ANGELES HARBOR GATEWAY  
24 AREA.

25 YOU AND YOUR MASTER PLAN HAVE DONE A

1           WONDERFUL JOB OF UNITING THE CITIES THAT MAKE UP  
2           COG. IT'S DONE SO WELL, THAT WE HAVE PUT TOGETHER A  
3           PHENOMENAL TEAM OF PEOPLE WHO WILL BE SUBMITTING AN  
4           ENVIRONMENTAL IMPACT REPORT TO LAWA.

5                         WHY DID WE GO THIS ROUTE? I THINK IT'S  
6           VERY SIMPLE. IN 1984, THE AIRPORT WAS DESIGNED FOR  
7           40 MILLION PEOPLE. LAST YEAR WE PUT 68 MILLION  
8           THROUGH IT, AS BEST I CAN TELL, AND I MADE THE  
9           CALCULATION THAT'S A 70 PERCENT INCREASE, AND NOW WE  
10          WANT TO GO TO 89? IF WE DO THAT, AND WE'VE USED THE  
11          SAME TYPE OF LOGIC OR EXPECT THE SAME FROM LAWA,  
12          WE'LL HAVE 151 MILLION PEOPLE GOING THROUGH THAT  
13          AIRPORT, AND I HOPE THE PEOPLE IN THIS AUDIENCE  
14          REMEMBER THOSE NUMBERS. AND ALSO, WE HAVEN'T EVEN  
15          TALKED ABOUT THE ADDED IMPACT OF THE FREIGHT AND  
16          CARGO.

17                        IN THE SOUTH BAY, WE ARE SICK AND TIRED  
18          OF THE OVERFLIGHTS, BOTH THE TURBO PROPS DURING THE  
19          DAY, AND WE ARE SICK AND TIRED OF THE AIR  
20          FREIGHTERS, CHINA AIRLINES IS ONE OF THEM, THAT ARE  
21          TAKING OFF TO THE EAST, BECAUSE THEY ARE OVERLOADED,  
22          IT'S ADVANTAGEOUS FOR THEM TO DO THAT, AND THEN  
23          CIRCLING BACK OVER THE PENINSULA AND AWAKENING A LOT  
24          OF OUR RESIDENTS AT NIGHT. YOU ARE ATTACKING OUR  
25          ENVIRONMENT AND YOU ARE ATTACKING THE PROPERTY

1 VALUES OF THE AREA WHERE WE HAVE THE OVERFLIGHTS.

2 OUR REPORT, WHICH WILL ADDRESS THE  
3 OVERFLIGHTS, THE POLLUTION, WHICH OTHER PEOPLE HAVE  
4 ADDRESSED, AND THE OTHER MAJOR ISSUES, WILL BE  
5 ADDRESSED BY THIS GROUP THAT WE HAVE HIRED, AND  
6 THEY'RE A DYNAMITE GROUP, IN GREAT DETAIL, AND YOUR  
7 PLAN IS FLAWED. THANK YOU.

8 THE FACILITATOR: THANK YOU, SIR.

9 MS. LINDA WILSON: GOOD AFTERNOON. MY  
10 NAME IS LINDA WILSON, I'M A COUNCILMEMBER HERE IN  
11 MANHATTAN BEACH, I AM ALSO CHAIR OF THE SOUTH BAY  
12 CITIES COUNCIL OF GOVERNMENT WHICH IS A 15-CITY  
13 ORGANIZATION, PLUS PARTS OF LOS ANGELES THAT HAVE  
14 COME TOGETHER TO SOLVE MUTUAL PROBLEMS AND SEEK  
15 COMMON GOALS.

16 WE HAVE SOME REAL CONCERNS ABOUT THIS  
17 DRAFT THAT HAS BEEN PRESENTED TO US. WE'RE  
18 CONCERNED ABOUT THE GROUND TRAFFIC CONGESTION, WE'RE  
19 CONCERNED ABOUT AIR QUALITY ISSUES, NOISE AND  
20 SAFETY. A MORE COMPLETE REPORT WILL FOLLOW MY  
21 PRESENTATION TODAY, BUT JUST BRIEFLY, I WANTED TO  
22 INDICATE SOME OF OUR CONCERNS.

23 WE FEEL THAT THERE IS AN IMPROPER  
24 BASELINE USED IN THE DRAFT. LAWA USES THREE  
25 DIFFERENT BASE LINES TO CONCEAL THE TRUE IMPACTS OF

1 THE PROJECT.

2 NOISE IMPACTS. THE DRAFT DOES NOT  
3 ANALYZE NOR DISCLOSE ANY CUMULATIVE NOISE IMPACTS  
4 THAT THE PROJECT WILL HAVE ON THE SOUTH BAY  
5 COMMUNITIES. AND SURFACE TRAFFIC. THE DRAFT BARELY  
6 CONSIDERS TRAFFIC IN THE SOUTH BAY AT ALL.

7 AIR QUALITY. THE DRAFT RECOGNIZES THE  
8 EXISTENCE OF SPECIFIC UNMITIGATABLE AIR QUALITY  
9 IMPACTS BUT PROPOSES TO DELAY A COMPLETE ANALYSIS OF  
10 THESE IMPACTS UNTIL THE FINAL EIS/EIR, WHICH MAKES  
11 IT IMPOSSIBLE FOR THE PUBLIC TO FREELY ANALYZE THE  
12 PROJECT'S AIR QUALITY IMPACTS AND AIR SPACE.

13 THE DRAFT TREATS AIRCRAFT OVERFLYING THE  
14 SOUTH BAY COMMUNITIES AS IF THE AIRCRAFT IMMEDIATELY  
15 ENTER A BLACK HOLE OR DROP OFF THE RUNWAY AFTER  
16 TAKEOFF. NOT ONLY DOES THE DRAFT IGNORE IMPORTANT  
17 AIR SPACE ISSUES, BUT WHEN IT DOES SUPPLY DATA, IT  
18 USES INACCURATE, OUTDATED SOURCES AND CONSULTANT  
19 OPINION.

20 THE SOUTH BAY CITIES COUNCIL OF  
21 GOVERNMENT HAS PASSED A RESOLUTION SUPPORTING A  
22 REGIONAL SOLUTION TO SOLVING THE AIR TRANSPORTATION  
23 NEEDS OF THE SOUTHERN CALIFORNIA AIR BASIS. WE FEEL  
24 IT'S ONLY EQUITABLE THAT OTHER PARTS OF SOUTHERN  
25 CALIFORNIA ABSORB THEIR TRAFFIC NEEDS INSTEAD OF

1 PUTTING ALL OF THEIR DIRTY LAUNDRY IN OUR AIRPORT.

2 AS I SAID, MORE DETAILED COMMENTS WILL  
3 FOLLOW, BUT THANK YOU FOR YOUR LISTENING TO US  
4 TODAY.

5 MR. JIM ALDINGER: GOOD AFTERNOON. MY  
6 NAME IS JIM ALDINGER, I'M A COUNCILMEMBER WITH THE  
7 CITY OF MANHATTAN BEACH, AND THERE ARE MANY FLAWS IN  
8 THIS EIR. THE FIRST IS THE USE OF A BASELINE YEAR,  
9 MULTIPLE USES OF BASELINE YEARS TO BASICALLY  
10 SELECTIVELY USE THAT TIME OR THAT BASELINE TO  
11 MINIMIZE THE ENVIRONMENTAL IMPACT FOR THE DIFFERENT  
12 BASELINE YEARS. THEY USE IT PRETTY MUCH TO THEIR  
13 ADVANTAGE WHENEVER THEY WANT TO.

14 THE NEXT BIG THING IS THE DRAFT EIR  
15 SHOULD TAKE INTO ACCOUNT THE LATEST SCAG REGIONAL  
16 TRANSPORTATION PLAN. THE REGIONAL PLAN IS REALLY  
17 THE ONLY WAY THAT THIS REGION IS GOING TO BE ABLE TO  
18 TAKE ON THE ADDED TRANSPORTATION NEEDS THAT WE  
19 HAVE. THERE'S NO REASON THAT ORANGE COUNTY SHOULD  
20 NOT PICK UP THEIR USE, AND THE INLAND EMPIRE, WHICH  
21 IS WHERE MOST OF THE POPULATION GROWTH IS HAPPENING,  
22 SHOULD PICK UP THEIR FAIR SHARE.

23 TRAFFIC. THE AREAS TO THE SOUTH TOTALLY  
24 NOT MENTIONED. IN MANHATTAN BEACH HERE ESPECIALLY,  
25 THE HIGHLAND AVENUE, ALL THE IMPACTS DOWN ALONG THE

1 BEACH FOR US WILL BE RATHER SIGNIFICANT. THE 405 IS  
2 ALREADY HEAVILY IMPACTED. THROW IN THE DEVELOPMENT  
3 OF PLAYA VISTA, WHICH IS NOT INCLUDED IN THIS  
4 REPORT, AND THE 405 IS JUST GOING TO BE MUCH WORSE  
5 THAN IT IS RIGHT NOW.

6 NOISE, THE OVERFLIGHTS, ESPECIALLY ALONG  
7 OUR SOUTHERN COAST, THE IMPACTS FROM THAT ARE JUST  
8 TOO GREAT TO NOT MENTION IN THIS REPORT. AND THEN  
9 AS FAR AS AIR POLLUTION, THERE'S JUST SO MANY  
10 DIFFERENT THINGS THAT HAVE NOT BEEN MENTIONED, THAT  
11 HAVE NOT BEEN INCLUDED IN THIS, THERE ARE ALMOST TOO  
12 MANY TO MENTION, BUT THE -- I GUESS THE ONE THING IS  
13 ALL THE TRAFFIC IMPACTS FROM THE GROUND TRAFFIC, NOT  
14 INCLUDING THAT IN THIS REPORT IS, TO ME, A MAJOR  
15 FLAW.

16 SO I WILL DEFINITELY WANT TO INCLUDE MORE  
17 WRITTEN COMMENTS, AND I THINK HOPEFULLY, FOR ME  
18 ANYWAY, WE -- SINCE WE HAVE A NEW MAYOR NOW, THAT  
19 THIS WILL, IN L.A., THAT THAT WILL HAVE A BIG IMPACT  
20 ON US. THANK YOU FOR YOUR TIME.

21 THE FACILITATOR: THANK YOU, SIR. OUR  
22 NEXT SPEAKER WILL BE WALT DOUGHER. I HOPE I DIDN'T  
23 MISPRONOUNCE THAT, BUT I CAN'T READ YOUR WRITING.

24 UNIDENTIFIED AUDIENCE MEMBER: DOUGHER.

25 THE FACILITATOR: SORRY, SIR. FOLLOWED

1 BY JOHN MC TAGGART. WE WANT TO MAKE SURE THAT YOU  
2 WRITE OUT CLEARLY SO I CAN READ YOUR HANDWRITING  
3 HERE. AND FINALLY, DEE HARDISON. THOSE ARE OUR  
4 NEXT THREE SPEAKERS. IS WALT HERE? YES, SIR.

5 MR. JOHN MC TAGGART: I'M JOHN  
6 MC TAGGART, MAYOR PRO TEM OF THE CITY OF RANCHO  
7 PALOS VERDES. A FEW YEARS AGO, THE FAA FORMED A  
8 SOUTHERN CALIFORNIA TASK FORCE TO IDENTIFY PROBLEMS  
9 AND MITIGATION MEASURES FOR THE EXISTING PROBLEMS  
10 WITH LAX. WE WERE LED DOWN THE PRIMROSE PATH TO  
11 THINK THAT THIS WAS GOING TO RESULT IN SOLUTIONS,  
12 THEN THE FAA ABANDONED US.

13 TO THEIR CREDIT, THE LAX PEOPLE HAVE  
14 FORMED A ROUND TABLE FOR THE COMMUNITY TO TRY AND  
15 MITIGATE THESE MEASURES. I PERSONALLY DON'T THINK  
16 THAT EXPANSION OF ANY KIND SHOULD TAKE PLACE IF WE  
17 CAN'T MITIGATE WHAT'S THERE NOW. MY RESIDENTS CAN'T  
18 GET ANY SLEEP, THEY HAVE HEAVY JETS GOING OVER THEIR  
19 HEADS AT NIGHT. WE PUT UP WITH TURBO PROP TRAFFIC  
20 THAT WAS SUPPOSED TO BE MOVED OFFSHORE, BUT THE  
21 AIRLINES DIDN'T WANT TO DO IT, SO IT DIDN'T HAPPEN.  
22 WE'RE NOT TOO HAPPY ABOUT THAT.

23 I ECHO THE COMMENTS OF FRED MACKENBACH  
24 AND OF SUPERVISOR KNABE ON THE FLAWS IN THIS  
25 PARTICULAR DOCUMENT. MY CITY'S COMMENTS THAT WERE

1           MADE SEVERAL YEARS AGO WERE NOT ANSWERED. MY CITY  
2           WILL SUBMIT THEIR COMMENTS, OFFICIAL COMMENTS, BY  
3           THE DEADLINE.

4                        I HAVE ONE FURTHER COMMENT. I DIDN'T  
5           NEED THREE MINUTES AND I KNOW I DIDN'T, BUT I JUST  
6           WANTED TO TELL YOU THAT THE EIS/EIR IS SO BADLY  
7           FLAWED, AS BEEN POINTED OUT BY OTHER SPEAKERS, THAT  
8           YOUR AGENCY SHOULD BE EMBARRASSED TO HAVE PUBLISHED  
9           IT. THANK YOU.

10                      THE FACILITATOR: BEFORE YOU START,  
11           MA'AM, IS MR. DOUGHER HERE? THE NEXT SPEAKER THEN  
12           WILL BE NANCY WERNICK, FOLLOWED AGAIN BY LINDA  
13           WILSON.

14                      MS. DEE HARDISON: I'M DEE HARDISON, I'M  
15           THE MAYOR OF THE CITY OF TORRANCE, BOARD MEMBER OF  
16           THE SOUTH BAY CITIES COUNCIL OF GOVERNMENT, AND ALSO  
17           I'M A REGIONAL COUNCILMEMBER OF THE SOUTHERN  
18           CALIFORNIA ASSOCIATION OF GOVERNMENTS THAT WAS  
19           INVOLVED WITH THAT VOTE SOME FEW WEEKS AGO.

20                      TODAY I'M SPEAKING FOR THE SOUTH BAY  
21           CITIES COUNCIL OF GOVERNMENT, AND YOU KNOW WHO WE  
22           ARE. THE CITY OF TORRANCE WILL BE PRESENTING OUR  
23           COMMENTS IN WRITING BY THE DEADLINE.

24                      A COUPLE OF COMMENTS, THERE ARE A COUPLE  
25           OF AREAS THAT I WANT TO COMMENT ON, AND I GUESS IT'S

1 SOME TRUST. WE, SOUTH BAY CITIES, WE TRUSTED LAX  
2 THAT WHEN THEIR POPULATION GREW BEYOND THE  
3 40 MILLION, THAT THEY WOULD TAKE CARE OF THE  
4 MITIGATIONS THAT WERE HAPPENING TO OUR COMMUNITIES  
5 SOUTH OF THE AIRPORT.

6 WE HAD TRUSTED THAT THOSE NOISE IMPACTS  
7 THAT WE FACE NOW, THE CITY OF TORRANCE FACES THEM  
8 OVER OUR SOUTHERN BORDER, AS WITH THE PALOS VERDES  
9 PENINSULA, YOU'VE HEARD THAT THE CITIES ALONG THE  
10 COAST FACE THOSE, AND THEN A COUPLE OF YEARS AGO,  
11 SURPRISINGLY, SOME WORK HAPPENED AT THE AIRPORT AND  
12 THEY STARTED ALLOWING SOME OF THOSE LATE CARGO  
13 PLANES TO FLY THE OPPOSITE WAY, AND SO NOW REGULARLY  
14 FROM 12:30 TO TWO IN THE MORNING, OUR RESIDENTS ARE  
15 DISTURBED AND WOKE UP BY THOSE PLANES.

16 WE TRUSTED LAX AND FAA THAT THEY WOULD  
17 TAKE CARE OF THOSE. THOSE HAVE NOT HAPPENED. SO I  
18 WOULD TELL YOU THAT AS FAR AS I'M CONCERNED, YOU  
19 HAVE TO COME BACK AND PUT -- SHOW US THAT YOU CAN  
20 TAKE CARE OF THE PROBLEMS YOU HAVE RIGHT NOW BEFORE  
21 YOU LOOK TO DO ANY EXPANSION OF ANY KIND AT THE  
22 AIRPORT. YOU HAVE TO RESOLVE WHAT YOU HAVE. YOU  
23 HAVE NOT ADDRESSED IT, TO MY THINKING, IN THE  
24 EIR/EIS THAT YOU HAVE SUBMITTED.

25 I WOULD ALSO INDICATE THAT WE HAVE A REAL

1 CONCERN ABOUT TRAFFIC SOUTH OF THE AIRPORT. WE ARE  
2 VERY LIMITED IN OUR FREEWAYS DOWN THAT WAY AND ANY  
3 IMPACTS THAT YOU DO NOT ADDRESS WITH FURTHER  
4 EXPANSION OF TRAFFIC AT THE AIRPORT WILL COME ONTO  
5 ALL OF OUR NEIGHBORHOOD STREETS, AND THAT HAS NOT  
6 BEEN ADDRESSED SUFFICIENTLY, VERY FLAWED IN THE  
7 EIR/EIS.

8 AT THIS POINT I WOULD SAY THAT THERE'S NO  
9 WAY THAT THIS REPORT CAN BE ACCEPTED AND THAT AT  
10 THIS POINT YOU SHOULD LOOK AT NO PROJECT TILL YOU  
11 SOLVE THE PROBLEMS YOU HAVE RIGHT NOW. THANK YOU  
12 VERY MUCH.

13 THE FACILITATOR: NEXT SPEAKER WILL BE  
14 LINDA WILSON AFTER MS. WERNICK.

15 MS. DEE HARDISON: I BELIEVE LINDA WILSON  
16 LEFT, BUT YOU CAN CHECK.

17 THE FACILITATOR: IS MR. DOUGHER HERE?  
18 GO AHEAD, MA'AM, WHENEVER YOU'RE READY.

19 MS. NANCY WERNICK: I AM BACK AGAIN, THIS  
20 TIME I GET TO SPEAK FOR PEOPLE IN MY COMMUNITY EL  
21 SEGUNDO WHICH HAS BEEN HEAVILY IMPACTED BY THE  
22 AIRPORT. WE SUPPORT A NO ACTION/NO PROJECT OF ALL  
23 THE PLANS THAT HAVE BEEN PLACED IN FRONT OF US, BUT  
24 WE ACTUALLY SUPPORT A REGIONAL APPROACH WHERE  
25 EVERYONE BEARS A LITTLE BIT OF THE WEALTH AND

1       EVERYONE BEARS A LITTLE BIT OF THE PAIN INSTEAD OF A  
2       FEW SELECT CITIES.

3                   AS I WAS COMING IN HERE TODAY, A  
4       GENTLEMAN SAID TO ME, "WELL, THIS IS THE WAY  
5       GOVERNMENT WORKS, WE'LL ALL BE SHUFFLED IN, WE'LL  
6       ALL SAY A FEW THINGS THAT WE DON'T LIKE, YOU'LL  
7       LISTEN PATIENTLY, NOT SO PATIENTLY AFTER A WHILE,  
8       AND THEN YOU WILL GO OFF AND MAKE THE DECISION YOU  
9       WERE GOING TO MAKE IN THE FIRST PLACE."

10                   I AM HOPING THAT HE IS INCORRECT, BECAUSE  
11       A LIE IS AS POWERFUL AS THE TRUTH IF YOU GET PEOPLE  
12       TO BELIEVE IT, AND IF YOU GET PEOPLE TO BELIEVE THIS  
13       LIE, THAT IT WILL NOT DO MORE DAMAGE, THAT ONE LIFE  
14       OF A CHILD IN EL SEGUNDO OR A CHILD IN WESTCHESTER  
15       OR A CHILD IN INGLEWOOD IS NOT NEARLY AS PRECIOUS AS  
16       ONE LIFE OF A CHILD IN PALMDALE, IF EXPOSING PEOPLE  
17       TO THE POLLUTANTS, THE NOISE AND THE DANGERS THAT  
18       YOU WILL EXPOSE US TO IS YOUR WAY OF SAYING THIS IS  
19       THE TRUTH, THEN YOU HAVE A PRETTY POWERFUL LIE, AND  
20       I'M HOPING THAT MOST PEOPLE DON'T BELIEVE IT.

21                   FOR THE FAA, PLEASE CONSIDER CAPPING THE  
22       NUMBER OF FLIGHTS COMING INTO ANY AIRPORT, NOT JUST  
23       LAX. YOU WILL MEET THIS RESISTANCE NO MATTER WHERE  
24       YOU GO. UNTIL WE LEARN TO LIVE WITHIN OUR MEANS,  
25       WE'RE LIKE A CHILD WITH A CREDIT CARD. YOU NEVER

1 GIVE A 15-YEAR-OLD A CREDIT CARD WITHOUT HAVING ANY  
2 CREDIT AND TELL THEM TO GO GET WHAT THEY WANT.  
3 THAT'S WHAT WE HAVE ALLOWED AIRPORTS TO DO, AND  
4 EVERY TIME THAT WE COME TO YOU TO ASK FOR SOLUTIONS,  
5 WE ARE, "IT'S NOT THE AIRPORT, IT'S THE FAA." "IT'S  
6 NOT THE FAA, IT'S THE AIRLINES."

7 I'VE DECIDED THAT IN ORDER TO RULE THE  
8 WORLD, I AM GETTING TOGETHER A GROUP OF PEOPLE,  
9 WE'RE BUYING AN AIRLINE AND WE WILL BE BACK.

10 THE FACILITATOR: I HAVE CARDS FROM  
11 GOVERNMENT OFFICIALS LINDA WILSON, WALT DOUGHER AND  
12 ANDREW LAZZARRETTO. ANDREW, DID YOU WANT TO SAY  
13 SOMETHING ELSE IN A SECOND SESSION? SEEING NO ONE  
14 COME FORWARD, WE'LL MOVE ON TO THE NEXT THREE,  
15 MR. BARRY KURTZ AND DIANA POSS.

16 UNIDENTIFIED AUDIENCE MEMBER: BARRY  
17 KURTZ ALREADY WENT.

18 THE FACILITATOR: DIANA POSS, FOLLOWED BY  
19 BILL WENGER AND AILEEN MARTIN.

20 MS. DIANA POSS: GOOD AFTERNOON. I  
21 SUSPECT I WON'T BE VERY POPULAR HERE BECAUSE I'M THE  
22 FIRST PERSON WHO'S COMING FORWARD TO ACTUALLY  
23 SUPPORT THE LAWA PROPOSAL, BUT MY NAME IS DIANA POSS  
24 AND I AM A DEPUTY DIRECTOR OF THE LEGISLATIVE  
25 AFFAIRS FOR THE CENTRAL CITY ASSOCIATION.

1 THE CENTRAL CITY ASSOCIATION IS A  
2 300-MEMBER BUSINESS ADVOCACY ASSOCIATION  
3 REPRESENTING OVER 250,000 EMPLOYEES IN DOWNTOWN  
4 LOS ANGELES AND THE REGION. THE CENTRAL CITY  
5 ASSOCIATION STRONGLY BELIEVES THAT THE VITALITY AND  
6 HEALTH OF THE REGION'S ECONOMY IS DIRECTLY LINKED TO  
7 THE MODERNIZATION OF LAX.

8 AS PEOPLE HEAR ME TESTIFY TO THE CAPPING  
9 OF THE AIRPORT'S MILLIONS OF ANNUAL PASSENGERS, OR  
10 MAP, THAT PASS THROUGH LAX, WE BELIEVE THEY IGNORE  
11 THE SIMPLE FACT THAT A CAP WILL SIGNIFICANTLY STUNT  
12 FUTURE GROWTH OF OUR ECONOMY THROUGH THE LOSS OF  
13 POTENTIALLY THOUSANDS OF JOBS DIRECTLY AND  
14 INDIRECTLY RELATED TO THE AIRPORT. PROJECTIONS  
15 STATE THAT BY 2015 A POTENTIAL LOSS OF UP TO  
16 \$22 BILLION CAN BE REALIZED.

17 AS WE PREPARE FOR OUR FUTURE WITH  
18 TECHNICAL INFRASTRUCTURE, AS MEDICAL RESEARCH  
19 CONTINUES TO MAKE TREMENDOUS LEAPS FORWARD IN  
20 DISCOVERING, AS AN ENTREPRENEUR CONTEMPLATES WHETHER  
21 OR NOT TO OPEN A SMALL BUSINESS, WE MUST NOT LOSE  
22 SIGHT OF OUR BASIC ECONOMIC NEED FOR MOBILITY IN  
23 DOWNTOWN LOS ANGELES BASIN AND THE REGION.

24 AND YET, AS IT WAS STATED SO SUCCINCTLY  
25 BY PERSONS REPRESENTING THE AIR TRAFFIC CONTROLLERS

1           AND AIRLINE PILOTS ASSOCIATIONS IN OTHER HEARINGS ON  
2           THIS ISSUE, ECONOMIC VITALITY SHOULD NOT BE OUR ONLY  
3           REASON FOR MODERNIZING LAX, OUR PRIMARY REASON  
4           SHOULD BE SAFETY. AS OUR REGION CONTINUES TO EXPAND  
5           IN POPULATION, A 78 MAP PLAN WILL NOT BE  
6           SATISFACTORY FOR SAFE COMMISSIONS FOR AIRCRAFT  
7           MOVEMENT AT LAX. WE RECOMMEND THAT THE CITY OF  
8           LOS ANGELES ADOPT THE LAWA-RECOMMENDED 89 MAP TO  
9           EXTEND NOT JUST THE LIFE OF OUR VERY STRONG ECONOMY,  
10          BUT THE LIVES OF PASSENGERS AS WELL.

11                         LOS ANGELES IS A WORLD CLASS CITY AND AN  
12           INTERNATIONAL HUB. A WORLD CLASS CITY AND AN  
13           INTERNATIONAL HUB DESERVES A WORLD CLASS AIRPORT  
14           DESIGNED TO HANDLE THE ECONOMIC GROWTH THAT WILL  
15           CONTINUE TO FLOW WEST BY WAY OF LAX.

16                         OF COURSE LAX SHOULD NOT HANDLE THE  
17           ENTIRE BRUNT OF PASSENGERS AND CARGO. WE RECOGNIZE  
18           THAT A REGIONAL PLAN IS NECESSARY TO FACILITATE EASE  
19           OF USE TO AND FROM LAX AND THE SURROUNDING  
20           COMMUNITIES. THE LAX MASTER PLAN IS PART OF THAT  
21           REGIONAL PLAN AND WE SUPPORT LAWA'S STAFF  
22           RECOMMENDATION ALTERNATIVE C. THANK YOU.

23                         THE FACILITATOR: BILL WENGER. BILL, ARE  
24           YOU HERE?

25                         MR. BILL WENGER: I'M RIGHT HERE.

1 THE FACILITATOR: I'M SORRY, GO AHEAD,  
2 SIR.

3 MR. BILL WENGER: GOOD AFTERNOON. MY  
4 NAME IS BILL WENGER, I'M THE DIRECTOR OF ASSET  
5 MANAGEMENT FOR KILROY REALTY AT 2250 IMPERIAL  
6 HIGHWAY IN EL SEGUNDO. I'M ALSO A RESIDENT OF EL  
7 SEGUNDO. KILROY REALTY OWNS AND MANAGES MILLIONS OF  
8 SQUARE FEET OF OFFICE BUILDINGS IN EL SEGUNDO, WEST  
9 LOS ANGELES AND SANTA MONICA AND HAS BEEN A NEIGHBOR  
10 OF LAX FOR OVER 50 YEARS. TWO OF OUR PROPERTIES ARE  
11 LOCATED DIRECTLY ACROSS THE STREET FROM LAX.

12 KILROY IS RECOMMENDING THE STUDY OF AN  
13 ALTERNATIVE PRIOR TO FINALIZING THE EIR/EIS AND WE  
14 OFFER THE FOLLOWING OBSERVATIONS: AS WRITTEN AND AS  
15 NOTED BY MAYOR HARDISON EARLIER, THE EIR DOES NOT  
16 CALL FOR MITIGATION OF EXISTING TRAFFIC CONGESTION  
17 PRIOR TO IMPLEMENTATION OF THE MASTER PLAN. WE ASK  
18 WHY NOT? WE URGE THAT THE TIMING OF THE TRAFFIC  
19 MITIGATIONS BE ADDRESSED AND STUDIED FURTHER IN THE  
20 EIR, BECAUSE THE AIRPORT IS OVERDUE IN MITIGATING  
21 THE CONSEQUENCE OF THE PREVIOUS EXPANSION.

22 KILROY IS INTIMATELY FAMILIAR WITH  
23 TRAFFIC PROBLEMS ASSOCIATED WITH THE UNCONSTRAINED  
24 GROWTH OF LAX, IS RECOMMENDING THAT A SYSTEM OF  
25 REMOTE PASSENGER TERMINALS BE STUDIED AS AN

1       ALTERNATIVE. WE BELIEVE THAT THE DEVELOPMENT OF  
2       OFF-SITE TERMINALS WILL GO A LONG WAY TO MITIGATE  
3       THE EXISTING TRAFFIC CONGESTION IN THE AIRPORT AREA,  
4       ESPECIALLY IN THE CENTRAL TERMINAL AREA. LAWA HAS  
5       PREVIOUSLY CONSIDERED OFF-AIRPORT REMOTE FACILITIES  
6       FOR PARKING AND CHECK-IN BUT NEVER FORMALLY FOLLOWED  
7       THROUGH ON STUDYING A REGIONAL SYSTEM OF SUCH  
8       FACILITIES.

9                 WE BELIEVE THAT LAWA MAY BE MISSING AN  
10       OPPORTUNITY TO STUDY A FEASIBLE ALTERNATIVE AND  
11       SHOULD DO SO AS PART OF THE MASTER PLAN EIR  
12       ANALYSIS. KILROY IS RESEARCHING REMOTE TERMINALS  
13       SERVING OTHER AIRPORTS AND WILL BE HAPPY TO SHARE  
14       ITS WORK AND FINDINGS WITH LAWA. THE REMOTE  
15       TERMINALS WILL BE SIMILAR BUT MUCH MORE  
16       COMPREHENSIVE AND SOPHISTICATED THAN THOSE PROPOSED  
17       TO ENHANCE THE VAN NUYS FLYWAY.

18                THESE REMOTE TERMINALS WILL ALLOW  
19       PASSENGERS ARRIVING BY FLIGHT-ONLY VEHICLES,  
20       RENT-A-CARS AND ENHANCED MASS TRANSPORTATION TO  
21       CHECK IN BAGGAGE, GET BOARDING PASSES AND TAKE  
22       AUTOMATED PEOPLE MOVERS TO THE LAX TO BOARD THE  
23       AIRPLANES. THESE SOPHISTICATED REMOTE TERMINALS  
24       COULD BE PLACED LOCALLY AT THE CONTINENTAL CITIES  
25       SITE AT MANCHESTER SQUARE, AT THE LOT ADJACENT TO

1 THE TERMINAL NUMBER ONE LOCATION NEAR THE PLAYA  
2 VISTA PROJECTS AS WELL AS SPREAD OUT THROUGHOUT THE  
3 REGION SUCH AS PLACES SUCH AS DOWNTOWN L.A.  
4 CONVENTION CENTER AND AT HOTELS.

5 WITH THE AUTOMATED PEOPLE MOVER, REMOTE  
6 TERMINALS WILL GO A LONG WAY TO MITIGATE EXISTING  
7 ROADWAY CONGESTION IN THE LAX AREA ELIMINATING  
8 THOUSANDS OF VEHICULAR TRIPS A DAY NEAR LAX. THIS  
9 ALTERNATIVE WOULD FACILITATE AND AUGMENT THE  
10 REGIONAL AIR PASSENGER HANDLING PLAN AND COULD BE  
11 IMPLEMENTED WITHIN THREE TO FIVE YEARS AT A COST  
12 MUCH LESS THAN THE PROPOSED PLAN. WE BELIEVE THAT  
13 THE REMOTE PASSENGER TERMINAL DEVELOPMENT SPREAD  
14 THROUGHOUT THE REGION IS A VIABLE ALTERNATIVE AND WE  
15 ASK THAT IT BE STUDIED.

16 THE FACILITATOR: THANK YOU, SIR.

17 MR. BILL WENGER: WE ASK AND URGE THE  
18 LEAD AUTHORITIES TO STUDY THIS ALTERNATIVE. THANK  
19 YOU.

20 THE FACILITATOR: OUR NEXT SPEAKER AFTER  
21 MS. MARTIN WILL BE JOSEPH CZYZYK FOLLOWED BY CHARLES  
22 DE DEURWAERDER AND JASON HILKEY.

23 MS. AILEEN MARTIN: GOOD AFTERNOON. MY  
24 NAME IS AILEEN MARTIN. I'M HERE TODAY BECAUSE I'M A  
25 RESIDENT OF HERMOSA BEACH AND I HAVE BEEN FOR 30

1        YEARS. I'M ALSO A TEACHER IN THE LENNOX SCHOOL  
2        DISTRICT AND I'VE BEEN A TEACHER THERE FOR  
3        25 YEARS.

4                        FOR 11 YEARS I TAUGHT AT A SCHOOL CALLED  
5        LARCH WHICH WAS -- WHICH HAD TO BE REBUILT AS AN  
6        UNDERGROUND SCHOOL DUE TO AIRPORT NOISE. I TAUGHT  
7        FOR FIVE YEARS ALSO AT FELTON ELEMENTARY SCHOOL.  
8        THIS IS A SCHOOL THAT THE AQMD LISTED AS THE MOST  
9        CONTAMINATED SCHOOL IN L.A. COUNTY DUE TO ITS  
10       PROXIMITY TO LAX, THE 405 AND THE 105 FREEWAYS. IN  
11       ADDITION, ALL THE SCHOOLS IN LENNOX HAVE WHAT -- I'M  
12       LEARNING THIS NEW TERM "COMMUNITY NOISE EQUIVALENT  
13       LEVELS," OR CNEL'S, OF 65. FELTON'S IS AT 75  
14       DECIBELS AND 90 WHEN THE PLANES ARE LANDING.

15                      NOW, WHAT I JUST TAUGHT MY SEVENTH  
16       GRADERS AT THE MIDDLE SCHOOL A FEW WEEKS AGO WHEN I  
17       WAS TEACHING THEM ABOUT THEIR EARS IS THAT WHEN  
18       YOU'VE GOT TO 115, YOU'VE GOT PERMANENT EAR DAMAGE.  
19       OUR PLANES -- THE PLANES FROM LAX LAND, AS THEY COME  
20       IN, THEY'RE ONLY 200 FEET ABOVE OUR SCHOOLS WHEN  
21       THEY'RE LANDING. TWICE IN MY TIME IN LENNOX --  
22       WELL, I'LL JUST EXPLAIN ONE TIME, THERE WAS A HUGE  
23       CHUNK OF ICE THAT FELL OFF THE BOTTOM OF A PLANE AND  
24       LANDED ON OUR SCHOOLYARD. IF THAT HAD HIT A KID,  
25       THE KID WOULD HAVE DIED. IT'S REALLY SCARY.

1                   YOU KNOW, I HAVE -- I KNOW TWO TEACHERS  
2                   SINCE I'VE BEEN THERE THAT HAVE LEFT WITH PERMANENT  
3                   EAR DAMAGE, DAISY BOOKER AND HAL WAGNER, AND THAT  
4                   MAKES ME WONDER, WHAT ABOUT OUR KIDS? ARE THEY  
5                   SUFFERING THE SAME FATE? EVERY MINUTE AND 16  
6                   SECONDS A PLANE FLIES OVER OUR HEADS IN LENNOX FROM  
7                   SEVEN IN THE MORNING WHEN I GET THERE AT SCHOOL TO  
8                   10:00 AT NIGHT, SO THAT'S 15 HOURS A DAY. WE'RE  
9                   TRYING TO TEACH READING AGAINST HORRENDOUS ODDS.  
10                   BESIDES THE ONE UNDERGROUND SCHOOL I'VE  
11                   TALKED ABOUT, MOFFETT, THAT WE HAVE IN LENNOX, WE'RE  
12                   IN THE PROCESS OF BUILDING TWO MORE UNDERGROUND  
13                   SCHOOLS BECAUSE OF THE PROBLEMS WITH LAX BECAUSE OF  
14                   THE NOISE. SO WE HAVE SIX SCHOOLS, 7,200 KIDS, AND  
15                   NOT ONE WINDOW IN THE ENTIRE SCHOOL DISTRICT.  
16                   THERE'S -- I'M GOING TO PARAPHRASE THIS  
17                   TO SPEED UP, THERE'S A CORNELL UNIVERSITY STUDY BY  
18                   EVANS AND NOXELL IN 1997 THAT FOUND A DISTINCT  
19                   CORRELATION BETWEEN A KID'S ABILITY TO READ AND THE  
20                   NOISE LEVELS THAT THEY CHRONICALLY LIVE WITH, IT'S A  
21                   DEFINITE PREDICTOR OF LACK OF ABILITY TO READ.  
22                   JUST AS A RESIDENT OF HERMOSA, I'VE  
23                   NOTICED HERE IN MY COMMUNITY, MY QUIET LITTLE  
24                   COMMUNITY OF HERMOSA BEACH, I HEAR A LOT MORE  
25                   AIRPLANE NOISE THAN I USED TO IN THE -- MY WORST

1 FEAR IS THAT MY BEAUTIFUL COMMUNITY IS GOING TO END  
2 UP LIKE THE PLAYA DEL REY GHOST TOWN ALONG VISTA  
3 DEL MAR.

4 THE FACILITATOR: THANK YOU, MA'AM.  
5 MR. JOSEPH CZYZYK: GOOD AFTERNOON. MY  
6 NAME IS JOE CZYZYK. FIRST, LET ME TELL YOU WHO I  
7 AM. I AM THE CEO OF A COMPANY CALLED MERCURY AIR  
8 GROUP WHICH OPERATES AT LAX AND NUMEROUS SOUTHLAND  
9 AIRPORTS. I'M ALSO VICE PRESIDENT OF THE CITY OF  
10 LOS ANGELES TAXICAB COMMISSION, AND IN ADDITION TO  
11 THAT, I'M A RESIDENT OF PLAYA DEL REY.

12 THE LAX MASTER PLAN IS THE ONLY SOLUTION  
13 FOR THE RESIDENTS, BUSINESSES AND THEIR COMMUNITIES  
14 SURROUNDING LAX, ESPECIALLY SINCE IT DOES  
15 CONTEMPLATE A REGIONAL AIRPORT SOLUTION. YOU KNOW,  
16 THE BATTLE LINES ARE DRAWN, THE PICTURE IS MURKY.  
17 THE VICTIMIZED COMMUNITY, THE RESIDENTS, THE ELECTED  
18 OFFICIALS IN ONE CAMP, OF COURSE MIGHTY BUSINESS AND  
19 LABOR IN THE OTHER.

20 NOW, THIS IS A DISTORTED PICTURE. THE  
21 REGIONAL AIRPORT SOLUTION WON'T HAPPEN OVERNIGHT,  
22 BUT THE GROWTH OF SOUTHERN CALIFORNIA'S VIBRANT  
23 ECONOMY IS GROWING AS I SPEAK. THE ONLY CURRENT  
24 OUTLET FOR THAT GROWTH IS LAX, AND WHICH PERSON,  
25 POLITICIAN OR GROUP WANTS TO HAMPER OUR ECONOMIC

1 GROWTH WHILE WE WAIT FOR MANY YEARS FOR A FUNCTIONAL  
2 REGIONAL AIRPORT SOLUTION TO BE ACCOMPLISHED?

3 I'VE LIVED IN PLAYA DEL REY FOR 11 YEARS,  
4 WORKED IN WESTCHESTER SINCE 1985, PAY A LOT OF  
5 TAXES. I HEAR THE JETS LOUD AND CLEAR IN MY BEDROOM  
6 AS THEY TAKE OFF FROM THE NORTH RUNWAYS AT LAX. I  
7 EVEN HEAR THEM OCCASIONALLY THROUGH MY  
8 DOUBLY-INSULATED WINDOW IN MY CAR AND IN MY OFFICE.  
9 I WOULD THINK THAT PERHAPS I WOULD HAVE GOTTEN USED  
10 TO IT BY NOW. I HAVEN'T. AND THE LAST THING I WANT  
11 TO SEE IS MORE NOISE AND TRAFFIC IN MY COMMUNITY,  
12 BOTH RESIDENTIAL AND BUSINESS.

13 THEN WHY DIDN'T I BECOME AN ANTI-LAX  
14 GROWTH PROPONENT? SIMPLY BECAUSE I'M A PRAGMATIST,  
15 SIMPLY BECAUSE I CAN'T SNAP MY FINGERS AND PRETEND  
16 LAX IS NOT HERE. CAN WE STOP THE AIRPORTS FROM  
17 GROWING? CAN WE STOP OUR LOCAL ECONOMY FROM  
18 GROWING? THE ANSWER IS NO. LAX WILL CONTINUE TO  
19 EXPAND ORGANICALLY EVEN WITHOUT A MASTER PLAN, MAKE  
20 NO MISTAKE OF IT. YOU CAN'T STOP THE AIRLINES FROM  
21 INCREASING FLIGHTS.

22 WITHOUT OUR MASTER PLAN, COMMUNITIES  
23 SURROUNDING LAX WOULD EXPERIENCE EVER-INCREASING  
24 FREEWAY AND STREET CONGESTION AS WELL AS THE ADDED  
25 POTENTIAL OF AIRCRAFT INVOLVED DISASTERS DUE TO

1 HIGHER AND TIGHTER OPERATING PROXIMITIES. SHOULD WE  
2 COMPROMISE OR SHOULD WE WORK WITH THE MASTER PLAN  
3 PROCESS IN TANDEM WITH THE REGIONAL SOLUTION?

4 THE OBVIOUS SOLUTION TO ME AS A  
5 PRAGMATIST, IF WE WORK WITHIN THE MASTER PLAN  
6 PROCESS, THE CONGESTION ON THE RUNWAYS AND TAXIWAYS  
7 WILL BE IMPROVED BY ADDITIONAL TERMINALS, WE'LL HAVE  
8 HIGHER CAPACITY ACCESS IN AND OUT OF THE AIRPORT  
9 WHICH WILL BE CREATED BY A NEW RING ROAD WHICH WILL  
10 TAKE PRESSURE OFF OF SEPULVEDA BOULEVARD.

11 EVEN WITH ALL THE REGIONAL AIRPORT  
12 EXPANSION PLANS TAKEN INTO ACCOUNT, THE ESTIMATES  
13 FOR GROWTH AT LAX WILL BE 90 MILLION PASSENGERS BY  
14 THE YEAR 2000. IT'S ONLY NINE YEARS FROM NOW.

15 THE FACILITATOR: THANK YOU, SIR.

16 MR. JOSEPH CZYZYK: SORRY, I'M OVER.  
17 THANK YOU VERY MUCH.

18 THE FACILITATOR: ARE YOU CHARLES?

19 MR. CHARLES DE DEURWAERDER: MY NAME IS  
20 CHARLES DE DEURWAERDER, I'M 42 YEARS AN  
21 ENVIRONMENTAL STUDIES EDUCATOR, FIVE YEARS WITH THE  
22 GOVERNMENT PLANNING, AND 17-AND-A-HALF YEARS IN  
23 PROFESSIONAL OFFICE PRACTICE IN SITE PLANNING AND  
24 LAND USE DEVELOPMENT. I'VE BEEN WORKING WITH LAX  
25 AND WITH THE SURROUNDING COMMUNITIES IN IDENTIFYING

1       AND TRYING TO COME TO REASONABLE RESPONSES TO THE  
2       PROBLEMS OF EXPANDING AN AIRPORT HERE.

3               I WOULD FIRST OFF CALL ATTENTION TO THE  
4       FACT THAT OF THE 797 ISSUES RAISED DURING THE  
5       SCOPING PROCESS BY SOUTH BAY COMMUNITIES, I HAVE NOW  
6       READ THE FULL 12,000-PAGE REPORT AND I CAN FIND  
7       RESPONSES TO FEWER THAN 300 OF THOSE ISSUES. I'M  
8       SORRY, I FIND THE REPORT INADEQUATE TO ITS TASK.

9               I BROUGHT WITH ME, AND I'M PLANNING TO  
10      LEAVE A FULL PAPER RESPONSE TO CONCERNS, BUT I ONLY  
11      WANTED TO CALL ATTENTION TODAY TO THE FACT THAT  
12      ANYONE THAT HAS TRAVELED WESTWARD ON ANY OF THE  
13      ARTERIALS TOWARDS THE SOUTH BAY AREA, ANYONE THAT  
14      HAS COME DOWN OVER THE SEPULVEDA PASS IN A  
15      SOUTHBOUND DIRECTION HAS BEEN ABLE TO RECOGNIZE VERY  
16      DISTINCTIVELY HOW PLEASANT THE AREA IS WITHIN FOUR  
17      MILES OF THE COAST FROM SANTA MONICA DOWN TO PALOS  
18      VERDES. IT'S THE BEST LIVING ENVIRONMENT THAT ONE  
19      COULD POSSIBLY HOPE FOR IN THE ENTIRE SOUTHERN  
20      CALIFORNIA AREA. THAT LIVING ENVIRONMENT STANDS TO  
21      BE SPOILED BY EXPANDING ON ANY ADVERSE CONDITIONS  
22      THAT HAPPEN WITHIN THAT AREA.

23              WE'RE IN A PLACE THAT, ACCORDING TO MY  
24      THREE-DIMENSIONAL MAP OF THE LOS ANGELES BASIN, THE  
25      BAND OF PREVAILING AIR MOVEMENT TAKES ALL OF THE

1           GENERATED POLLUTION FROM OUR REGION AND SPREADS IT  
2           RIGHT INTO THE ENTIRE BASIN. WE AFFECT THE REST OF  
3           THE LOS ANGELES BASIN. I WOULD URGE THAT THE  
4           DECISION MAKERS TAKE THAT INTO ACCOUNT AS THEY LOOK  
5           INTO EXPANDING OF ANY OF THE POLLUTANT GENERATORS  
6           AND WEATHER EFFECTORS THAT WE HAVE CURRENTLY LOCATED  
7           WITHIN THIS PRECIOUS, MOST PRECIOUS FOUR-MILE SPAN.  
8           THANK YOU.

9                         THE FACILITATOR: THANK YOU, SIR. THE  
10           NEXT THREE SPEAKERS AFTER MR. HILKEY WILL BE SENATOR  
11           DEBRA BOWEN, MR. JOHN JONES, AND MS. WENDY JONES.  
12           ARE YOU READY, SIR?

13                        MR. JASON HILKEY: GOOD AFTERNOON. MY  
14           NAME IS JASON HILKEY, I LIVE HERE IN MANHATTAN  
15           BEACH, 3525 POINSETTIA, I'M ALSO ON THE EXECUTIVE  
16           COMMITTEE OF SURFRIDER FOUNDATION, THE SOUTH BAY  
17           CHAPTER.

18                        THIS EIR/EIS REMINDS ME OF THE ONE THAT  
19           WAS DONE FOR PLAYA VISTA. IT'S A JOKE, IT'S FLAWED,  
20           IT'S SELF-SERVING, IT DOESN'T LISTEN TO THE  
21           INTERESTS OF OTHER PEOPLE. THESE HEARINGS DON'T  
22           REALLY GO ANYWHERE, YOU JUST GET A CHANCE TO SAY  
23           WHAT YOU WANT TO SAY. IN SPITE OF THAT, I'M STILL  
24           GOING TO SAY WHAT I WANT TO SAY.

25                        WATER QUALITY. WE'RE CONCERNED ABOUT

1       STORMWATER RUNOFF, IT'S THE NUMBER ONE POLLUTANT IN  
2       SANTA MONICA BAY. THE EIR DOES NOT REALLY ADDRESS  
3       THE WATER QUALITY TREATMENT SYSTEMS. IT MENTIONS  
4       THEM, IT DOES NOT SAY WHAT THEY WILL BE. WE WANT TO  
5       SEE A SOURCE POINTED WATER QUALITY TREATMENT SYSTEM  
6       FOR THE WET WEATHER SEASONS. ALSO, THE SERVICE  
7       FACILITIES IN SEVERAL OF THE PLANS HAVE MOVED OFF  
8       SITE. THAT MEANS THEY'RE MOVED OUT OF THE PLAN. WE  
9       WANT TO SEE THE EIR -- WELL, THE EIR DOES NOT  
10      INCLUDE WATER QUALITY TREATMENT SYSTEMS FOR THESE  
11      OFFSITE SERVICE FACILITIES. THOSE ARE THE NUMBER  
12      ONE, PROBABLY THE LARGEST STORMWATER POLLUTANTS IN  
13      THE PLAN.

14                 THE ATMOSPHERIC FALLOUT OF THE JETS. WE  
15      REQUEST THAT THE ATMOSPHERIC FALLOUT STUDY BEING  
16      DONE THAT WAS A RESULT OF THIS EIR/EIS BE INCLUDED  
17      IN IT. THIS STUDY STARTED AFTERWARDS AND WE WANT TO  
18      SEE IT PUT INTO THIS STUDY. THE FALLOUT CAN OVER  
19      TIME AND THROUGH FUEL DUMPING CAN INFECT THE OCEAN  
20      WITH POLLUTANTS THAT WE DO NOT WANT TO SURF OR SWIM  
21      IN.

22                 THE WASTE WATER. THE EIR DOES NOT  
23      ADDRESS SEWAGE LINES IN THE PLAN. THESE NEED TO BE  
24      INSPECTED FOR DAMAGE AND THE OLD ONES NEED TO BE  
25      REPLACED AND UPGRADED TO PREVENT STORMWATER

1           CONTAMINATION DURING WET WEATHER.

2                   AIR QUALITY. LAX BEING THE SECOND  
3           LARGEST SINGLE SOURCE OF POLLUTION IN L.A., THE EIR  
4           DOES NOT ADDRESS THAT MOVING THAT POLLUTION FURTHER  
5           WEST AND THE IMPACT IT'S GOING TO HAVE ON THE OCEAN  
6           AND THE COMMUNITIES NORTH AND SOUTH. IT ONLY LOOKS  
7           AT COMMUNITIES TO THE EAST.

8                   WITH TRAFFIC, ONCE AGAIN, THE EIR JUST  
9           LOOKS AT WHAT'S RIGHT AROUND THE PLAN, IT DOESN'T  
10          LOOK ANYTHING BEYOND ITSELF, BUT EVEN CLOSE TO HOME,  
11          LIKE VISTA DEL MAR, THERE'S ROADS THAT WILL BE  
12          DIVERTED ONTO VISTA DEL MAR. IT SAYS THAT THE  
13          TRAFFIC WILL BE INCREASED, BUT IT DOES NOTHING TO  
14          MITIGATE THAT INCREASE.

15                  WE WANT TO SEE SOMETHING DONE WITH THAT,  
16          WITH VISTA DEL MAR. IT'S ALREADY OVERLOADED AND  
17          DANGEROUS AND WE ALSO WANT TO SEE IT DONE IN A WAY  
18          THAT DOESN'T IMPACT THE COASTAL ZONE. THANK YOU.

19                  THE FACILITATOR: THANK YOU, SIR.

20                  MS. DEBRA BOWEN: GOOD AFTERNOON, SENATOR  
21          DEBRA BOWEN REPRESENTING THE 28TH STATE SENATE  
22          DISTRICT. I WOULD BE REMISS IF I DIDN'T START BY  
23          EXPRESSING MY DISAPPOINTMENT THAT THIS MEETING HAS  
24          BEEN BROKEN UP INTO THREE PIECES SIMULTANEOUSLY, IN  
25          COMMUNITIES THAT ARE CLOSE TO EACH OTHER. IN MY

1 VIEW, THIS JUST MAKES IT HARDER FOR COMMUNITY  
2 MEMBERS TO BELIEVE THAT THE REGIONAL ALTERNATIVE IS  
3 SUPERIOR, TO UNDERSTAND WHAT OTHER COMMUNITY MEMBERS  
4 ARE FEELING. IT MAKES IT HARDER FOR THE PRESS TO  
5 FOCUS ON THE VITAL ISSUES THAT ARE BEING RAISED  
6 HERE.

7 AND LET ME SAY THAT I THINK EVERYONE IN  
8 THIS ROOM IS CONCERNED WITH GROWTH AND CONCERNED  
9 WITH THE HEALTH OF THE ECONOMY IN THE LOS ANGELES  
10 BASIN. WE DIFFER IN THE BEST APPROACH TO GET  
11 THERE. WE WATCH THE SILICON VALLEY CHOKING ON ITS  
12 OWN GROWTH RIGHT NOW, CHOKING ON ITS TRAFFIC, AND WE  
13 READ THE CENSUS DATA THAT TELLS US THAT THE  
14 POPULATION IS GROWING, NOT IN THE AREA UP AROUND  
15 LAX, BUT IN THE INLAND EMPIRE AND IN THE CENTRAL  
16 VALLEY, AND WE QUESTION, WHO IN THEIR RIGHT MIND  
17 WOULD MAKE THE DECISION THAT THOSE PEOPLE IN THE  
18 AREAS THAT ARE GROWING SHOULD DRIVE ACROSS THE  
19 ENTIRE LOS ANGELES BASIN, USING OUR FREEWAYS, TO GET  
20 TO THE ONLY AIRPORT THAT CAN SERVE INTERNATIONAL  
21 DESTINATIONS?

22 MUCH OF THE TRAFFIC INFRASTRUCTURE THAT  
23 WILL BE NEEDED TO DEAL WITH WHATEVER AIRPORT  
24 PATTERNS WILL HAPPEN WILL BE FUNDED BY STATE AND  
25 LOCAL TAXPAYERS, AND NOT BY THE [UNINTELLIGIBLE]

1 FEES OR LEASEHOLD REVENUES. THE PROVISIONS IN THIS  
2 EIR/EIS FAIL ENTIRELY TO DEAL WITH THE REGIONAL  
3 TRAFFIC PATTERNS THAT WILL RESULT FROM MANY MILLION  
4 ADDITIONAL TRAFFIC TRIPS FROM SAN BERNARDINO,  
5 RIVERSIDE, COLTON, BAKERSFIELD, AND THE AREAS OF  
6 THIS REGION THAT ARE GROWING, TO LAX.

7 THIS IS NOT JUST AN ISSUE IN THIS LOCAL  
8 AREA, IT IS A REGIONAL ISSUE, AND IF WE WISH TO  
9 SPEND OUR SCARCE TRANSPORTATION DOLLARS OF THE STATE  
10 OF CALIFORNIA WISELY, WE MUST PLAN OUR AIR  
11 TRANSPORTATION SO THAT WE ARE NOT HAVING TO BUILD  
12 LANE AFTER LANE AFTER LANE OF FREEWAY TO ACCOMMODATE  
13 AIR TRANSPORTATION NEEDS THAT COULD BE MET IF WE  
14 WERE SIMPLY SMART ABOUT SITING AIR TRANSPORTATION  
15 ACTIVITIES.

16 I URGE YOU IN THE STRONGEST TERMS TO GO  
17 BACK TO THE DRAWING BOARD AND DEAL WITH THE REGIONAL  
18 ALTERNATIVE. I REJECT THE ARGUMENT THAT THE  
19 REGIONAL GROWTH NEEDS WILL BE MET ONLY BY FULLY  
20 EXPANDING LAX. THIS PROJECT WILL NOT BE DEPLOYED  
21 ANY FASTER THAN A REGIONAL SOLUTION. IT WILL  
22 GENERATE JOBS ONLY FOR LAWYERS, LEGAL ASSISTANTS AND  
23 COURT REPORTERS IN ITS CURRENT FORM. THANK YOU.

24 THE FACILITATOR: MR. JONES?

25 MR. JOHN JONES: THANK YOU. MY NAME IS

1 JOHN JONES, A RESIDENT OF EL SEGUNDO FOR OVER 30  
2 YEARS. CURRENTLY LAX IS THE LARGEST POLLUTER IN THE  
3 SOUTH BAY. JUDGING BY YOUR PROPOSED PLAN, YOUR  
4 INTENT IS TO MAINTAIN THIS DUBIOUS HONOR FOR YEARS  
5 TO COME.

6 SEVERAL YEARS AGO, THE CITIZENS OF EL  
7 SEGUNDO WERE TOLD WHEN THE THIRD RUNWAY WAS ADDED TO  
8 SUPPORT AIR CARGO THAT RUNWAY WOULD ONLY BE USED FOR  
9 LANDING AND THEN PLANES WOULD BE TOWED TO THE  
10 TERMINAL. WELL, IF YOU WERE PEOPLE OF INTEGRITY,  
11 YOU WOULD LIVE UP TO YOUR WORDS AND PUT THAT INTO  
12 EFFECT IMMEDIATELY.

13 YOUR REPORT DOES NOT TAKE INTO  
14 CONSIDERATION THAT WITH INCREASED AIR CARGO COMES  
15 INCREASED TRAFFIC WITH HEAVY TRUCKS AND LARGE  
16 TRACTOR TRAILERS. NOT ONLY AN INCREASE IN AIR  
17 POLLUTION FROM THE DIESEL ENGINES, BUT A FULLY  
18 LOADED TRACTOR TRAILER CAN WEIGH AS MUCH AS 90,000  
19 POUNDS. THAT HAS A HUGE EFFECT ON OUR  
20 INFRASTRUCTURE. WHEN YOU CONSIDER COMPARED TO A  
21 CADILLAC WEIGHS LESS THAN 5,000 POUNDS, THE CITIZENS  
22 ARE THE ONES THAT HAVE TO MAINTAIN THE HIGHWAYS AND  
23 PAY FOR AND THAT WAS NOT TAKEN INTO CONSIDERATION IN  
24 YOUR REPORT. THANK YOU.

25 THE FACILITATOR: THANK YOU, SIR. THE

1           NEXT THREE SPEAKERS AFTER MS. JONES WILL BE JAMES  
2           PATRICK SMITH, TOM JOHNSTONE, AND TERRY GOLDEN.  
3                         READY, MA'AM?  
4                         MS. WENDY JONES: I'M WENDY JONES, A  
5           20-YEAR RESIDENT OF EL SEGUNDO, AND I ALSO THOUGHT  
6           IT WAS QUITE INTERESTING THAT SUCH AN IMPORTANT  
7           ISSUE WAS SCHEDULED FOR JUST THE ONE DAY. THAT  
8           SHOULDN'T BE. THE RESIDENTS IN EL SEGUNDO LIVE NOT  
9           MILES, BUT BLOCKS AWAY FROM THE AIRPORT, AND I'M  
10          STRESSING THIS POINT SPECIFICALLY FOR ORANGE COUNTY  
11          PEOPLE WHO MAY NOT BE AWARE THAT WE CAN EASILY READ  
12          THE NAME AND THE LOGO ON THE PLANES THAT FLY ALONG  
13          OUR TOWN BORDER, AND IN THE CASE OF THE PEOPLE ON  
14          IMPERIAL HIGHWAY, IT'S RIGHT ACROSS THE STREET.  
15                         THE FOLKS WHO TELL US THAT WE KNEW WHEN  
16          WE MOVED TO EL SEGUNDO THAT LAX WAS NEXT DOOR, THEY  
17          DON'T KNOW WHAT THEY'RE TALKING ABOUT. THE CITY OF  
18          EL SEGUNDO WAS INCORPORATED IN 1917. MANY RESIDENTS  
19          MOVED HERE MANY YEARS BEFORE THE AIRPORT EXPANDED TO  
20          ITS PRESENT LOCATION. ALSO, THE INCREASED NUMBER OF  
21          PLANES THAT TAKE OFF NOW HAVE NOTHING TO DO WITH  
22          WHAT THE SITUATION WAS WHEN WE MOVED IN.  
23                         AS WE WHO ARE OPPOSED TO THE EXPANSION  
24          HAVE REPEATEDLY STATED, YOU CAN'T PUT TEN POUNDS OF  
25          POTATOES IN A FIVE-POUND BAG. THE CAPACITY IS

1       MAXXED OUT. LAX ACREAGE IN COMPARISON TO OTHER  
2       MAJOR AIRPORTS IS VERY SMALL. THE COMPARISON CHART  
3       I HAVE IN 1997 INDICATES THAT LAX IS 3,500 ACRES.  
4       TO GIVE PEOPLE AN IDEA, THIS IS ONE FIFTH THE SIZE  
5       OF DALLAS-FORT WORTH. IT'S A LITTLE OVER ONE HALF  
6       THE SIZE OF CHICAGO O'HARE. DENVER INTERNATIONAL IS  
7       OVER NINE TIMES THE SIZE OF LAX. OUR OWN PALMDALE  
8       AIRPORT IS OVER FIVE TIMES THE SIZE OF LAX.

9               THE DISPLAYS AND FILMS AND DISCUSSIONS  
10       HERE TODAY WERE, TO ME, VERY GENERAL. THIS  
11       ENVIRONMENTAL IMPACT REPORT HAS UNDERSTATED THE  
12       PROBLEMS AND HAS NOT CONSIDERED REASONABLE  
13       ALTERNATIVES. FOR EXAMPLE, THE TRAFFIC IMPACT  
14       STUDIES THAT WERE CONDUCTED ARE TOTALLY INADEQUATE.  
15       TODAY I GOT TWO DIFFERENT ANSWERS REGARDING A  
16       PROPOSED GREEN LINE. IS IT GOING UNDERGROUND, IS IT  
17       GOING ABOVE GROUND? I GOT BOTH ANSWERS. IF IT'S  
18       UNDERGROUND, IS IT GOING BELOW THE FUEL PIPES OR  
19       ABOVE? THEY DON'T KNOW. I GUESS THAT'S A DETAIL.  
20       ALSO, THE EARTHQUAKE ISSUES, IS THAT ANOTHER  
21       DETAIL?

22               WE'RE TALKING COMMON SENSE HERE, WE'RE  
23       TALKING ABOUT QUALITY OF LIFE, AND DOESN'T IT MAKE  
24       SENSE TO SPREAD IT AROUND THE REGION? IT'S NOT --  
25       THE EXPANSION IS NOT A GOOD IDEA SAFETY WISE, GROUND

1 TRAFFIC WISE OR ECONOMIC WISE. THE MAYOR-ELECT IS  
2 OPPOSED TO THE EXPANSION AS ARE ALL THE COUNTY  
3 SUPERVISORS.

4 THE FACILITATOR: THANK YOU, MA'AM.

5 MS. WENDY JONES: WE HAVE TO USE COMMON  
6 SENSE AND FORGET ABOUT THIS GREED AND  
7 SHORT-SIGHTEDNESS.

8 THE FACILITATOR: THANK YOU VERY MUCH.

9 MR. JAMES PATRICK SMITH: MY NAME IS --

10 THE FACILITATOR: SIR, ONE MOMENT,  
11 PLEASE. FOR THE RECORD, WOULD YOU STATE YOUR NAME  
12 AND ADDRESS AS WELL SO WE CAN MAKE SURE WE HAVE AN  
13 ACCURATE RECORDING OF YOUR COMMENTS HERE TODAY, IF  
14 YOU WOULD, PLEASE.

15 MR. JAMES PATRICK SMITH: MY NAME IS  
16 JAMES PATRICK SMITH AND I LIVE AT 947 VIRGINIA, EL  
17 SEGUNDO. I HAPPEN TO BE THE CEO OF 947 VIRGINIA. I  
18 HAVE LIVED THERE ONE HALF BLOCK FROM IMPERIAL FOR  
19 25 YEARS. I CAN HEAR EVERYBODY IN THIS ROOM AND I'M  
20 ALIVE. PRIOR TO THAT, I LIVED SIX BLOCKS SOUTH OF  
21 IMPERIAL AND I MOVED CLOSER TO THE AIRPORT WHEN THE  
22 NOISE LEVEL WENT DOWN. I AM FULLY IN SUPPORT OF  
23 YOUR, I GUESS WE COULD CALL IT PROPOSITION C.

24 YOU'RE NOT CLOCKING ME THERE, I'M GOING  
25 TO SNEAKER ON YOU.

1                   THE FACILITATOR:  SORRY, SIR.

2                   MR. JAMES PATRICK SMITH:  YOU MAY ERASE A  
3                   MINUTE, IF YOU WANT TO.

4                   THE FACILITATOR:  SIR, WE'LL GIVE YOU ONE  
5                   MINUTE NOW.  ONE MINUTE.  GO AHEAD.

6                   MR. JAMES PATRICK SMITH:  OKAY.  ALL  
7                   RIGHT.  I'M IN FAVOR, OR THE CORPORATION AT 947 IS  
8                   IN FAVOR OF THIS PROPOSITION C BECAUSE OF SAFETY.  I  
9                   DON'T CARE ABOUT ANYTHING ELSE.  SAFETY IS WHAT WE  
10                  LOOK AT.

11                  MY DAUGHTER WAS AT WEBB PARK ONE SATURDAY  
12                  MORNING IN LATE -- IN THE LATE 1960'S WHEN AN  
13                  AIRPLANE CRASHED INTO AN APARTMENT HOUSE IN EL  
14                  SEGUNDO.  SHE'S ALIVE, THANK GOODNESS, BUT SOME  
15                  OTHER PEOPLE WEREN'T.  MY TOTAL FOCUS ON THE AIRPORT  
16                  IS SAFETY.  I'M A SPECIAL ED TEACHER, MY DAY JOB IS,  
17                  AND I BECOME VERY SIMPLISTIC WHEN I'M DEALING WITH  
18                  MENTALLY RETARDED PEOPLE, AND MY STUDENTS ARE  
19                  SEVERELY MENTALLY RETARDED, SO THEREFORE --

20                  THE FACILITATOR:  SIR, THANK YOU.  THE  
21                  TIME IS UP AND I APOLOGIZE FOR NOT STARTING THE  
22                  CLOCK.  IF YOU WOULD LIKE TO RESUBMIT A CARD --

23                  MR. JAMES PATRICK SMITH:  THANK YOU VERY  
24                  MUCH.

25                  THE FACILITATOR:  YES, SIR.

1                   MR. TERRY GOLDEN: MY NAME IS TERRY  
2                   GOLDEN, I LIVE AT 730 ESPLANADE, REDONDO BEACH.  
3                   I'VE LIVED IN THE SOUTH BAY FOR ABOUT NINE YEARS,  
4                   AND I WANT TO ADDRESS THE GROSS INADEQUACIES OF THE  
5                   IMPACT OF TRAFFIC IN THE EIR, BOTH IN TERMS OF ON  
6                   THE CARS AND ALSO IN THE AIR SPACE.

7                   AS IT RELATES TO THE CARS, THE TRAFFIC AT  
8                   LAX RIGHT NOW IS THE MAJORITY OF THE TIME  
9                   GRIDLOCKED. THERE ARE TOO MANY PASSENGER CARS GOING  
10                  INTO THE AIRPORT, THEY'RE SPILLING OVER INTO THE  
11                  STREETS, AND THE CONCEPT THAT YOU CAN BY BUILDING A  
12                  \$6 BILLION EXPRESSWAY ON A RING ROAD SOMEHOW WILL  
13                  CURE THE PROBLEMS IS JUST MATHEMATICALLY  
14                  IMPOSSIBLE. YOU'RE TALKING ABOUT ROUGHLY A  
15                  100 PERCENT INCREASE OVER WHERE THE BASELINE WAS,  
16                  AND SOMEHOW THE CARS ON THE EXISTING ROAD, THE 405,  
17                  WHICH AS EVERYONE HAS LOCALLY KNOWN IS CALLED THE  
18                  FOUR OR FIVE HOUR HIGHWAY BECAUSE OF THE TRAFFIC  
19                  CONGESTION AND YOU'RE GOING TO ADD MORE CARS TO IT  
20                  IS JUST RIDICULOUS.

21                  THE CONCEPT THAT THE AIRLINES HAVE THAT  
22                  YOU HAVE TO USE THIS AIRPORT IS ALSO FROM A  
23                  MARKETING STANDPOINT RIDICULOUS. THE LAST TIME I  
24                  NEEDED TO GO TO PHOENIX, I WENT OUT OF BURBANK FOR  
25                  ONE REASON. I DON'T HAVE THE TIME TO BASICALLY WAIT

1 AN HOUR THAT IT TOOK ME THE LAST TIME, LATE AT  
2 NIGHT, TO GET OUT OF FROM TERMINAL ONE JUST TO THE  
3 ROAD THAT TAKES ME BACK HOME, WHEREAS IN BURBANK I  
4 CAN JUST DRIVE OFF FROM WORK AND BASICALLY FLY RIGHT  
5 OUT. I THINK THEY NEED TO HAVE A REGIONAL APPROACH  
6 TO USING THE AIR SPACE AS WELL.

7 AS A PERSON WHO'S A PILOT, I'M SEEING A  
8 PROBLEM WITH THE DESIGN OF THE THING BECAUSE  
9 BASICALLY THE AIR SPACE OUT THERE IS ALSO USED FOR  
10 TRAINING FLIGHTS AND YOU'RE POURING A LOT MORE SPACE  
11 OUT THERE AND IT'S NOT GOING TO HAVE ANY  
12 CONSIDERATION IN THE DOCUMENT FOR GENERAL AVIATION.

13 ALSO, I'M COMPLAINING ABOUT THE FACT THAT  
14 IN THE LAST TWO YEARS I'M SEEING A SIGNIFICANT  
15 INCREASE IN NOISE FROM PLANES. IT'S VERY COMMON  
16 RIGHT NOW, ESPECIALLY DURING THE MIDDLE OF THE WEEK,  
17 TO HEAR PLANES AT 11:00 OR MIDNIGHT AT ALTITUDES  
18 THAT I CAN RECOGNIZE THAT ARE ABOUT LESS THAN 6,000  
19 FEET, AND THESE ARE JETS, YOU KNOW, NOT JUST THE  
20 TURBO PROPS THAT I'VE HEARD AND OTHER PEOPLE HAVE.

21 SO THEREFORE, I THINK IF ANYONE IS  
22 REALISTIC, THAT THIS PLAN IS NOT GOING TO FLY. IF  
23 THEY BUILD IT, IT WILL BE A DISASTER, IT WILL POUR  
24 MORE TRAFFIC OUT THERE, THE AIRPORT WILL BE JUST AS  
25 CONGESTED AND, IN ESSENCE, WILL NOT MEET THE NEEDS.

1 I WOULD ASK THE LAW TO WORK ON EITHER  
2 BANNING PRIVATE CARS OR PUTTING SOME MECHANISM IN,  
3 BASICALLY LIMIT THE TRAFFIC, PUT A PEOPLE MOVER  
4 SYSTEM IN THAT WILL GET RID OF THE CAR SHUTTLES AND  
5 TAKE PEOPLE OUT TO THE HOTELS WITH A MONORAIL OR  
6 SOMETHING EQUIVALENT. MAKE THE EXISTING SYSTEM WORK  
7 AS THE WAY IT SHOULD BEFORE WE LOOK AT EXPANDING IT.

8 THE FACILITATOR: THANK YOU, SIR.

9 THE NEXT THREE SPEAKERS AFTER  
10 MR. JOHNSTONE WILL BE YURY GURVICH, STEVE  
11 BAINBRIDGE, AND BEVERLY ACKERSON.

12 GO AHEAD, SIR.

13 MR. TOM JOHNSTONE: I'M TOM JOHNSTONE,  
14 I'M ASSISTANT SUPERINTENDENT OF PERSONNEL AT THE  
15 LENNOX SCHOOL DISTRICT AND A RESIDENT OF  
16 WESTCHESTER.

17 IT WOULD BE HARD TO IMAGINE ANOTHER  
18 SCHOOL DISTRICT IN THE LOS ANGELES METROPOLITAN AREA  
19 THAT HAS ITS CHILDREN EXPOSED TO GREATER LEVELS OF  
20 NOISE AND POLLUTION THAN THE CHILDREN IN THE LENNOX  
21 SCHOOL DISTRICT. THE IMPACT OF POLLUTION ON THE  
22 HEALTH AND ACADEMIC ACHIEVEMENT OF LENNOX STUDENTS  
23 IS ONLY NOW COMING INTO CLEAR FOCUS.

24 FOR THE PAST EIGHT YEARS, THE UCLA SCHOOL  
25 OF MEDICINE HAS CONDUCTED HEALTH FAIRS AT THE SIX

1        LENNOX SCHOOLS. DURING THIS TIME, MEDICAL  
2        PROFESSIONALS HAVE SCREENED MORE THAN 3,500 STUDENTS  
3        AND ADULTS. ONE CONSISTENT FINDING HAS BEEN A HIGH  
4        INCIDENCE OF CHILDREN DEMONSTRATING ASTHMA AND  
5        ALLERGY SYMPTOMS. THE MEDICAL EVIDENCE CLEARLY  
6        SUGGESTS THE ABERRATIONS IN THE IMMUNE SYSTEM THAT  
7        ARE DIRECTLY LINKED TO INCREASED LEVELS OF AIR  
8        POLLUTION WHICH ARE THE RESULT OF THE DISTRICT'S  
9        LOCATION DIRECTLY ADJACENT TO LAX AND TWO MAJOR  
10        FREEWAYS, THE 105 AND THE 405.

11                THE AQMD HAS ALSO TESTED THE AIR QUALITY  
12        AT ONE OF OUR SCHOOLS, FELTON ELEMENTARY SCHOOL, AND  
13        THE AMOUNT OF THE PARTICULATE MATTER IN THE AIR WAS  
14        HIGHER THAN ANY SCHOOL IN LOS ANGELES COUNTY.

15                THE ISSUE OF NOISE POLLUTION IS OF EQUAL  
16        CONCERN TO US IN THE LENNOX SCHOOL DISTRICT. THE  
17        ENTIRE COMMUNITY FALLS WITHIN THE COMMUNITY NOISE  
18        EQUIVALENT LEVEL, CNEL, OF 65 DECIBELS OR GREATER.  
19        THE 65 CNEL IS CONSIDERED AN UNHEALTHY NOISE LEVEL  
20        FOR MANY USES THAT INCLUDE RESIDENTIAL DWELLINGS,  
21        SCHOOLS AND OUTDOOR RECREATION.

22                THE EXECUTIVE SUMMARY OF THE DRAFT EIR ON  
23        PAGE ES-28 RECOGNIZES THE NECESSITY TO HAVE THE  
24        IMPACT OF ENVIRONMENTAL JUSTICE ADEQUATELY  
25        ADDRESSED. THE REPORT INDICATES THAT THE FAA WILL

1 MAKE THE FINAL DETERMINATION AS TO WHETHER THE  
2 MASTER PLAN HAS A DISPROPORTIONATELY HIGH AND  
3 ADVERSE HUMAN HEALTH OR ENVIRONMENTAL EFFECT ON  
4 MINORITY AND LOW-INCOME POPULATIONS.

5 THIS IS ABUNDANTLY OBVIOUS TO US IN  
6 LENNOX WHERE MOST OF THE COMMUNITY IS AFFECTED DUE  
7 TO OUR LOCATION AND OUR COMMUNITY BEING THE POOREST  
8 IN THE SOUTH BAY. HOWEVER, IN CONTRADICTION ON  
9 PAGE 4-67, THE REPORT INDICATES THAT ONE OF THE  
10 SCHOOLS IN LENNOX, AND THAT WOULD AGAIN BE FELTON,  
11 WOULD BE EXPOSED TO OUTDOOR NOISE LEVELS THAT WOULD  
12 REMAIN SIGNIFICANT AFTER MITIGATION, YET NO  
13 MITIGATIONS ARE REQUIRED SINCE ENROLLMENT IMPACTS  
14 ARE CONSIDERED LESS THAN SIGNIFICANT.

15 THIS ANALYSIS IS LOGICALLY FLAWED AND IS  
16 TOTALLY UNACCEPTABLE. THE EXPANSION ON LAX WILL  
17 HAVE A DISPROPORTIONATE NEGATIVE IMPACT ON THE  
18 LENNOX COMMUNITY WHICH IS NOT ADEQUATELY ADDRESSED  
19 IN THIS DOCUMENT. THE REQUIREMENT TO MITIGATE  
20 AGAINST ENVIRONMENTAL INJUSTICE HAS NOT BEEN MET.  
21 THANK YOU.

22 THE FACILITATOR: THANK YOU, SIR. WE  
23 HAVE NOW BEEN A TOTAL OF 90 MINUTES AND I'M AFRAID  
24 THAT MARGARET IS GOING TO BLOW UP OVER THERE IF WE  
25 DON'T GIVE HER A BREAK. WE WOULD LIKE TO TAKE A

1 TEN-MINUTE BREAK AT THIS POINT AND WE WILL START  
2 WITH THOSE THREE SPEAKERS THAT I ANNOUNCED EARLIER,  
3 THAT WOULD BE YURY GURVICH, STEVE BAINBRIDGE AND  
4 BEVERLY ACKERSON. THANK YOU VERY MUCH FOR YOUR  
5 TESTIMONY.

6 (WHEREUPON, THERE WAS A CHANGE OF  
7 REPORTERS AT 4:00 P.M.)

8  
9  
10  
11  
12  
13  
14  
15  
16  
17  
18  
19  
20  
21  
22  
23  
24  
25

1 (PROCEEDINGS RESUMED AT 4:15 P.M.)  
2 THE FACILITATOR: THE NEXT THREE SPEAKERS ARE

3 MR. GURICH, MR. BAINBRIDGE AND BEVERLY ACKERSON. PLEASE  
4 COME TO THE MICROPHONE.

5 REMINDING EVERYONE THAT THIS IS THE FEDERAL  
6 AVIATION ADMINISTRATION PUBLIC HEARING. IT WILL BE  
7 CONVENED FROM NOW THROUGH 7:00 P.M. THIS EVENING. IF WE  
8 HAVE ADDITIONAL SPEAKERS, WE WILL STAY AND LISTEN TO  
9 THAT TESTIMONY.

10 ARE YOU READY, SIR? PLEASE STATE YOUR NAME AND  
11 ADDRESS. THE ADDRESS IS NOT REQUIRED. WE'D LIKE TO  
12 HAVE THAT INFORMATION IF YOU CARE TO PROVIDE IT. SPEAK  
13 CLEARLY AND SLOWLY BECAUSE THIS IS BEING RECORDED NOT  
14 ONLY ON AUDIO EQUIPMENT BUT ALSO THROUGH THE COURT  
15 REPORTER. AND OUR NEW COURT REPORTER IS RANDY.  
16 WELCOME.

17 MR. GURICH: MY NAME IS YURI GURICH. I AM A  
18 RESIDENT OF MANHATTAN BEACH FOR 16 YEARS.

19 WE IN MANHATTAN BEACH LIVE ON BORROWED TIME.  
20 OF COURSE, THERE ARE NOISE, POLLUTION, TRAFFIC PROBLEMS  
21 ASSOCIATED WITH THE AIRPORT. BUT MOST OF ALL, IT'S  
22 QUITE CLEAR THAT THERE WILL BE A MAJOR AIR DISASTER  
23 SOONER OR LATER, WHATEVER IMPROVEMENTS AT LAX ARE MADE  
24 OR NOT MADE.

25 I AM TALKING ABOUT A CATASTROPHE SIMILAR TO

1       WHAT HAPPENED IN PARIS. LAX IS THE ONLY MAJOR AIRPORT  
2       IN THE WORLD BUILT IN THE CENTER OF SUCH A LARGE CITY AS  
3       LOS ANGELES, EXCEPT PERHAPS FOR HONG KONG, BUT I GUESS,  
4       AND AT LEAST HOPE, WE ARE NOT HONG KONG HERE.

5               LAX CANNOT SERVE GROWING LOS ANGELES ANYMORE.  
6       MORE THAN THAT, IT DESTROYS NORMAL RESIDENTIAL LIFE IN  
7       MANHATTAN BEACH, EL SEGUNDO, INGLEWOOD AND OTHER LOCAL  
8       CITIES. A POSITION ON THE LAX EXPANSION ALREADY COST  
9       THE POLITICAL LIFE OF A LOCAL REPRESENTATIVE OF THE  
10      UNITED STATES CONGRESS. I AM TALKING ABOUT  
11      MR. KUYKENDALL.

12              I AM A REPUBLICAN, HAVE NEVER VOTED FOR A  
13      DEMOCRAT, BUT I DIDN'T VOTE FOR MR. KUYKENDALL ONLY  
14      BECAUSE OF HIS MORE THAN WEAK POSITION ON LAX.

15              ALL THESE SMART WORDS AS MITIGATION OF  
16      EXPANSION SERVE ONLY TO LEGITIMIZE LAX. BUT I DIDN'T  
17      VOTE FOR JANE HARMAN EITHER. SHE SENT ME A LETTER  
18      COMPARING LAX WITH THE DENVER INTERNATIONAL AIRPORT. OF  
19      COURSE, DENVER AIRPORT IS BETTER. NOT NOISE TO  
20      SURROUNDING COMMUNITIES, 34,000 ACRES FOR 1371 FLIGHTS  
21      PER DAY, ABOUT 15 TO 20 TIMES MORE ACRES PER FLIGHT THAN  
22      IN LAX. WHAT DOESN'T SHE KNOW IS THAT DENVER AIRPORT  
23      WAS RELOCATED FROM THE CITY TO OUTSIDE OF DENVER.

24              THERE IS ONLY ONE REASONABLE LONG-TIME  
25      SOLUTION, WHICH SHOULD BE CLEAR TO ANYONE WHO IS NOT

1       SUCH AN INSANE PERSON AS FORMER L.A. MAYOR RIORDAN: TO  
2       REMOVE LAX TO PALMDALE. THIS CITY WANTS AN AIRPORT, HAS  
3       PLENTY OF SPACE FOR AN AIRPORT AND REPRESENTS THE FUTURE  
4       OF LOS ANGELES. THE SOONER WE REMOVE LAX FROM THE  
5       PRESENT LOCATION, THE MORE LIVES AND MONEY WE WILL SAVE  
6       FOR FUTURE GENERATIONS.

7                OF COURSE, WE LIVE IN A GREAT DEMOCRACY. BUT  
8       WHEN I CAME TO THIS MEETING, I NOTICED POLICE IN THE  
9       LOBBY. SO PERHAPS EVEN OFFICIALS REALIZE THAT THE ONLY  
10       ALTERNATIVE LEFT FOR LOCAL RESIDENTS TO THE EIR/EIS  
11       MITIGATION AND EXTENSION PLANS IS A RIOT. IT IS REALLY  
12       SAD THAT THIS IS THE ONLY LANGUAGE BUREAUCRATS  
13       UNDERSTAND THESE DAYS.

14               MR. BAINBRIDGE: MY NAME IS STEVE BAINBRIDGE.  
15       I LIVE IN HAWTHORNE. I HAVE A HOME IN INGLEWOOD IN THE  
16       INCREASING NOISE ZONE. I HAVE THREE DOCUMENTS HERE THAT  
17       I GOT FROM THE LAWA EXPANSION OFFICE. AND THE DOCUMENT  
18       NUMBERS ARE M00004, EFFECTS OF JET AIRCRAFT NOISE ON  
19       HOSPITAL ADMISSIONS. THAT DOCUMENT SAYS THE INCREASE IS  
20       29 PERCENT. THAT STUDY WAS DONE IN 1977.

21               I HAVE DOCUMENT M0005, EFFECTS OF JET NOISE ON  
22       MORTALITY RATES. THAT STUDY WAS DONE IN 1979. 30  
23       PERCENT INCREASE IN MORTALITY RATES IN THE HIGH NOISE  
24       ZONE. I THINK IN ANY EIR OR EIS REPORT YOU SHOULD  
25       EXPLAIN HOW YOU'RE GOING TO SPECIFICALLY MITIGATE FOR

1 THOSE PROBLEMS IN THAT AREA AND PAY FOR IT FROM AIRPORT  
2 FUNDS.

3 THERE'S ANOTHER STUDY, G0013, NOISE-INDUCED  
4 SLEEP DISTURBANCES AND OTHER EFFECTS ON HEALTH, 1978.  
5 THEY DON'T UNDERSTAND ENOUGH ABOUT THAT AND HOW MUCH IT  
6 COSTS PEOPLE IN THEIR LIVES. THAT NEEDS MORE STUDY.

7 ON ANOTHER SUBJECT, THE GREEN AREA IN THE  
8 LITTLE MAP I RECEIVED ON THE NORTH SIDE OF THE AIRPORT  
9 WAS PURCHASED. PEOPLE WERE FORCED TO MOVE TO MITIGATE  
10 NOISE 20 YEARS AGO, MAYBE MORE. ALL THAT AREA IS NOW  
11 DESIGNATED TO BE DEVELOPED FOR COMMERCIAL SITES, NOT  
12 ANYTHING TO DO WITH THE AIRPORT.

13 BUT WE'RE GOING TO INCREASE TRAFFIC THERE SO  
14 THAT THEY CAN COME DO THINGS, LIKE A BUSINESS PARK,  
15 COMMERCIAL RETAIL, AND A RESEARCH AND DEVELOPMENT PARK.  
16 ON YOUR MAP IT LOOKS LIKE THE, SORT OF LIKE IT'S GOING  
17 TO STAY A PARK, BUT IT'S ALL GOING TO BE DEVELOPED,  
18 INCREASING TRAFFIC THERE.

19 IT WAS CALLED THE AIRPORT NORTH. NOW, FOR  
20 PUBLIC RELATIONS, I THINK IT'S CALLED WESTCHESTER SOUTH.  
21 AND I DON'T KNOW IF THAT'S INCLUDED IN YOUR REPORT, THE  
22 EFFECTS OF THAT, BUT IT SHOULD BE.

23 THANK YOU VERY MUCH.

24 THE FACILITATOR: AFTER BEVERLY ACKERSON THE  
25 NEXT THREE SPEAKERS WILL BE LYNN JONES, ROBERT PENTILLE

1 AND PEGGY COLLINS.

2 MS. ACKERSON: I'M BEVERLY ACKERSON OF 27129  
3 SPRING CREEK ROAD, RANCHO PALOS VERDES AND ALSO THE  
4 PENINSULA AIRCRAFT NOISE SAFETY INFORMATIONAL COMMITTEE,  
5 WHICH WAS FORMED AFTER AUGUST '97, WHEN WE HAD THE  
6 INVASION OF TURBOPROPS COMING UP OUR CANYONS AND GOING  
7 OVER OUR HOMES, AND IT WAS SUCH AN IMPACT ON OUR  
8 COMMUNITY.

9 IT WAS SO QUIET THAT YOU COULD HEAR BIRDS. AND  
10 WE HAVE LIVED THERE 42 YEARS AND HAVE NEVER, NEVER HAD  
11 ANY SUCH THING AS THIS IMPACT UPON OUR LIVES. THE  
12 QUALITY OF LIFE HAS BEEN DESTROYED. THE SAFETY OF US  
13 HAS BEEN DESTROYED BECAUSE YOU'RE FLYING TOO CLOSE TO MY  
14 HOME, OVER MY HOME.

15 CHINA AIRLINES, MARCH 11, WAS ONE, JUST ONE.  
16 EARLY IN THE MORNING. AND I DID CALL ALL PLACES:  
17 WASHINGTON, CHINA AIRLINES, EVERYONE. HE IS NOT FLYING  
18 OVER THERE, BUT THERE IS STILL SOME COMING OVER 3:00  
19 O'CLOCK, 4:00 O'CLOCK IN THE MORNING. THE JETS  
20 DEPARTING EAST FROM THE AIRPORT, SWINGING OVER, STILL  
21 THROTTLES GOING, OPEN, GETTING OVER THE PENINSULA. IT'S  
22 1500 FEET.

23 AND WITH THEM, AT THE SAME TIME WE HAVE THEM  
24 COMING FROM THE WEST. I CAN SEE THEM FROM MY HOME.  
25 THEY GO OUT AND TURN IN THE OCEAN AND COME TOWARD MY

1 HOME OVER THE PENINSULA. AGAIN, TOO LOW, FULL THROTTLE  
2 OVER OUR HOMES.

3 THIS IMPACT OF NOISE HAS BEEN TERRIBLE, AS WELL  
4 AS OUR HEALTH. WE HAVE PEOPLE THERE THAT HAS ASTHMA  
5 THAT NEVER HAD IT BEFORE. WE HAVE A DEPOSIT ON OUR  
6 PATIO. SO THIS IS A GREAT IMPACT UPON US FROM THE LAX  
7 AIRPORT, YET THE EIS/EIR HAS NOT ADDRESSED OUR AREA.

8 YOU KNOW ABOUT US. OUR COMMITTEE HAS BEEN VERY  
9 ACTIVE. WE SUBMITTED SCIENTIFIC REPORTS TO THE FAA. WE  
10 HAVE EXPERTS WHO HAVE WORKED WITH NASA AND THE TRWS,  
11 GETTING AEROSPACE CRAFT UP THERE. WE'VE WORKED VERY  
12 CLOSELY. THEY DON'T FIND ANY OF YOUR FIGURES CORRECT.  
13 AND I THINK THAT THIS NEEDS TO BE ADDRESSED.

14 AND WHY AREN'T WE INCLUDED IN THIS EIS/EIR? WE  
15 ARE IMPACTED BY YOU, AND WE NEED TO BE INCLUDED. AND  
16 THIS IS JUST ONE OF THE AREAS.

17 WE DO NEED TO GO TO A REGIONAL APPROACH FOR  
18 AIRPORTS. BUT THIS IS JUST ONE ISSUE, AND I WILL  
19 ADDRESS MORE IN LETTER FORM TO YOU.

20 THANK YOU.

21 MS. JONES: HELLO. MY NAME IS LYNN JONES, 5511  
22 EAU CLAIRE, RANCHO PALOS VERDES. I'M A MEMBER OF PANIC.

23 I'D LIKE TO ADDRESS THE MASTER PLAN ADDRESSES  
24 ECONOMIC INPUT. IT ALSO ADDRESSES POLLUTION, NOISE,  
25 GROUND, ENVIRONMENT, BUT IT DOES NOT INCLUDE AN AIR

1 SPACE DESIGNED FOR ADDITIONAL AIRCRAFT.

2 I HAVE BEEN TOLD BY THE FAA THAT THERE IS NO  
3 CURRENT ROOM OFFSHORE TO PUT MORE AIRPLANES LEAVING LAX.  
4 HOW AND WHERE WILL THE ADDITIONAL PLANES BE ROUTED?  
5 OVER THE BEACH CITIES? OVER PALOS VERDES? OR ALL?  
6 THAT'S MY QUESTION.

7 THANK YOU.

8 MR. PENTILLE: GOOD AFTERNOON. MY NAME IS  
9 ROBERT PENTILLE. MY ADDRESS IS 520 SOUTH GRAND AVENUE  
10 IN LOS ANGELES, 90071. I REPRESENT THE COUNTY OF LOS  
11 ANGELES AND I'D LIKE TO PROVIDE A LEGAL ASPECT TO THE  
12 HEARINGS TODAY.

13 ON BEHALF OF THE COUNTY, WE STRENUOUSLY OBJECT  
14 TO THE DESIGN AND FORMAT OF THE THREE PUBLIC HEARINGS  
15 BEING HELD SIMULTANEOUSLY IN THESE THREE LOCATIONS  
16 TODAY. AS SUCH, WE MAKE THE DEMAND OF FAA AND LAWA TO  
17 SCHEDULE FURTHER PUBLIC HEARINGS TO ACCOMMODATE THE  
18 ADEQUATE REQUISITE PUBLIC INVOLVEMENT FOR THE FOLLOWING  
19 REASONS.

20 FIRST, PART OF THE GOVERNING FAA STATUTE  
21 REGARDING AIRPORT IMPROVEMENTS INCLUDES 49 UNITED STATES  
22 CODE SECTION 47106. THAT SECTION REQUIRES THAT AN  
23 ADEQUATE PUBLIC HEARING BE HELD TO ASSESS THE, QUOTE,  
24 ECONOMIC, SOCIAL AND ENVIRONMENTAL EFFECTS OF THIS  
25 PROJECT. FAA REGULATIONS INTERPRETING THAT STATUTE,

1 INCLUDING 14 CFR SECTION 1355, FURTHER STATES THAT SUCH  
2 AN ADEQUATE PUBLIC HEARING MUST, AT A MINIMUM, BE  
3 SCHEDULED TO ADAPT A REASONABLE DATE, TIME AND PLACE  
4 WITH, QUOTE, DUE REGARD GIVEN TO THE CONVENIENCE TO  
5 THOSE WHO WISH TO BE HEARD.

6 THREE SIMULTANEOUS HEARINGS SCHEDULED FOR TODAY  
7 ARE IN PLAIN CONTRAVENTION OF THESE REQUIREMENTS BECAUSE  
8 IT IS PATENTLY UNREASONABLE TO ASSUME THAT INTERESTED  
9 SPEAKERS FROM OTHER PARTS OF THE SOUTHERN CALIFORNIA  
10 REGION WOULD BE ABLE TO CONVENIENTLY MAKE ANY ONE OF  
11 THESE THREE HEARINGS, ALL OF WHICH ARE BEING HELD WITHIN  
12 FIVE MILES OF LAX ALL AT THE SAME TIME. THIS IS  
13 ESPECIALLY TRUE SINCE PEOPLE NEAR OTHER AIRPORTS WHICH  
14 HAVE BEEN SPECIFICALLY IDENTIFIED IN THE EIR/EIS AS  
15 AFFECTED BY THE PROJECT WOULD NATURALLY WANT TO BE  
16 HEARD.

17 BUT GIVEN THE DISTANCE AND LIMITED TIME  
18 SCHEDULE OF THESE HEARINGS, SUCH PEOPLE ARE BEING  
19 PRECLUDED FROM COMMENTING, IN PLAIN VIOLATION OF THE  
20 FAA'S OWN POLICY INCORPORATING THE PUBLIC AS BROADLY AS  
21 POSSIBLE. REALISTICALLY, THERE IS NO WAY ANYBODY COULD  
22 BE EXPECTED TO DRIVE MANY MILES TO ANY OF THESE  
23 LOCATIONS IF THEY COME FROM THE EAST SIDE OF LOS  
24 ANGELES, ESPECIALLY IF THEY'RE ONLY ENTITLED TO BE HEARD  
25 FOR THREE MINUTES.

1           SECONDLY, FAA AND LAWA HAVE SIMILARLY FAILED TO  
2 LIVE UP TO THE REQUIRED LEVEL OF, QUOTE, PUBLIC  
3 INVOLVEMENT DEMANDED BY NEPA AND CEQA STATUTES GOVERNING  
4 THE ENVIRONMENTAL PROCESS FOR WHICH THIS PROJECT IS  
5 PROPOSED. IN IMPLEMENTING NEPA, THE NATIONAL  
6 ENVIRONMENTAL POLICY ACT, AGENCIES ARE REQUIRED TO HOLD  
7 PUBLIC HEARINGS FOR THE PURPOSE OF SOLICITING  
8 APPROPRIATE INFORMATION FROM THE PUBLIC. AND I WOULD  
9 CITE 40 CFR 1506.6 FOR THAT.

10           THERE ARE COUNTLESS IMPACTS FROM THIS PROJECT  
11 WHICH IMPLICATE NEPA, MANY OF WHICH ARE SPECIFICALLY  
12 IDENTIFIED ITSELF IN THE EIR/EIS AS AFFECTING A BROAD  
13 SOUTHERN CALIFORNIA REGION, MOST, IF NOT ALL, OF  
14 SOUTHERN CALIFORNIA IN FACT. AS SUCH, MORE EXTENSIVE  
15 AND SPREAD-OUT HEARINGS MUST BE SCHEDULED TO INCORPORATE  
16 THE PUBLIC INVOLVEMENT AND VIEWS OF OTHER MEMBERS OF THE  
17 CITY AND COUNTY.

18           FINALLY, WE HAVE SUBMITTED MORE COMMENTS IN  
19 LETTER DETAIL, AND ALTHOUGH WE SUBMIT THESE COMMENTS  
20 NOW, THE COUNTY DOES NOT WAIVE ANY FURTHER CHALLENGES OR  
21 COMMENTS TO EITHER THESE PROCEDURES OR ANYTHING ELSE  
22 RELATED TO THE EIS/EIR.

23           THANK YOU VERY MUCH.

24           THE FACILITATOR: PEGGY COLLINS. FOLLOWING  
25 PEGGY WILL BE DAVID KUNTZ, RUSSELL INGRAM AND JOHN

1 HICKS. PEGGY, ARE YOU HERE? NO. OKAY.

2 MR. KUNTZ: DAVID KUNTZ, RESIDING AT 28409  
3 QUAIL HILL DRIVE IN RANCHO PALOS VERDES.

4 THE EXISTING EIR FOR LAX IS VALID FOR 40  
5 MILLION ANNUAL PASSENGERS, BUT LAX HAS BEEN OPERATING  
6 SIGNIFICANTLY OVER THAT LIMIT FOR MANY YEARS.  
7 OBVIOUSLY, LAX MANAGEMENT HAS NEVER FELT CONSTRAINED TO  
8 ABIDE BY THEIR EXISTING EIR. SO MY FIRST QUESTION IS IF  
9 A PROPOSED EXPANSION IS APPROVED AS RECOMMENDED, HOW DO  
10 WE KNOW YOU WILL STAY WITHIN ITS LIMITS?

11 MY FEAR IS THAT ONCE WE ALLOW ANY EXPANSION OF  
12 THE PHYSICAL CAPACITY OF THE AIRPORT, YOU WILL SIMPLY  
13 INCREASE THE TRAFFIC WITHOUT CONCERN FOR THE LIMITS SET  
14 BY THE NEW EIR. AFTER ALL, THAT'S EXACTLY WHAT YOU HAVE  
15 DONE IN THE PAST.

16 IF LAX WANTS TO HAVE ANY CREDIBILITY WITH THE  
17 PUBLIC, THEN YOU SHOULD SHOW YOU'RE WILLING TO ABIDE BY  
18 THE EXISTING EIR AND LIMIT PRESENT LAX TRAFFIC TO 40  
19 MILLION ANNUAL PASSENGERS. ONCE YOU HAVE PROVEN YOU ARE  
20 WILLING TO ABIDE BY THE EXISTING LAW, THEN WE HAVE A  
21 BASIS OF DISCUSSING THE EXPANSION OF LAX.

22 BOTH LAWA MANAGEMENT AND THE FAA HAVE SET  
23 THEMSELVES IN AN ADVERSARIAL POSITION TO THE PUBLIC THAT  
24 THEY ARE SUPPOSED TO SERVE. THIS HAS LED TO A GENERAL  
25 PERCEPTION THAT THE PRIMARY AIM OF LAWA AND FAA IS TO

1 MAINTAIN AND ENHANCE AIRLINE PROFITABILITY.

2 FOR EXAMPLE, ON JULY 24, 1994, THE L.A. TIMES  
3 RAN AN ARTICLE ON THE PROPOSED EXTENSION OF THE METRO  
4 GREEN RAIL INTO LAX. THAT ARTICLE STATED, QUOTE,  
5 AIRPORT AND FAA OFFICIALS WARNED THAT THE GREEN LINE'S  
6 PATH NEAR RUNWAYS COULD DISTRACT PILOTS WITH ITS LIGHTS,  
7 BEFUDDLE RADAR WITH ELECTROMAGNETIC EMISSIONS, AND STAND  
8 IN THE WAY OF LOW-FLYING AIRCRAFT IN EMERGENCIES.  
9 ANOTHER REPORT, MTA OFFICIALS SAY, FOUND THAT  
10 CONSTRUCTION OF AN AIRPORT METRO STATION WOULD CAUSE  
11 MAJOR UTILITY CONFLICTS, DISRUPT AIR SERVICE DURING  
12 CONSTRUCTION, AND POTENTIALLY DISTURB TWO UNDERGROUND,  
13 QUOTE, CONTAMINATION AREAS. THAT'S THE QUOTE FROM THE  
14 L.A. TIMES.

15 HOWEVER, NOW THAT EXTENDING THE GREEN LINE IS  
16 SEEN AS A POLITICAL EXPEDIENT TO EXPANDING LAX, THIS  
17 SAFETY CONCERN HAS EVAPORATED. THIS DOESN'T SAY MUCH  
18 FOR THE FAA'S CREDIBILITY AS A WATCHDOG OF PUBLIC  
19 SAFETY. IN ANY CASE, I'D LIKE TO KNOW WHY THE FAA'S  
20 CONCERNS ABOUT THE GREEN LINE HAVEN'T BEEN INCLUDED IN  
21 THE EIR.

22 IF YOU TRULY WANT A SOLUTION FOR THE PUBLIC,  
23 THEN GET THE PUBLIC INVOLVED IN THE PROCESS. THIS  
24 PROCESS SHOULD INCLUDE MORE THAN A FEW PUBLIC MEETINGS  
25 LIKE TODAY, WHICH ARE TRANSPARENT, OBVIOUS POLITICAL

1 WINDOW-DRESSING.

2 I PROPOSE LAWA MANAGEMENT URGE L.A.'S  
3 MAYOR-ELECT TO PUT INDIVIDUALS FROM ALL PARTS OF THE  
4 COMMUNITY, INCLUDING VARIOUS CITIZENS GROUPS, ON THE  
5 BOARD OF AIRPORT COMMISSIONERS TO REPLACE THE GROUP OF  
6 YES-MEN STOOGES THAT WAS INSTALLED BY MAYOR RIORDAN.

7 THANK YOU.

8 THE FACILITATOR: MR. RUSSELL INGRAM. ARE YOU  
9 HERE, SIR? MR. JOHN HICKS, ARE YOU HERE, SIR?

10 THE NEXT THREE SPEAKERS WILL BE MELISSA  
11 MCFADDEN, DON MCELROY AND NICKY WISLACKI.

12 MS. MCFADDEN: GOOD AFTERNOON. MY NAME IS  
13 MELISSA. I RESIDE IN EL SEGUNDO ALONG WITH MY SON AND  
14 ELDERLY PARENTS. I AM A CONCERNED CITIZEN. I AM ALSO A  
15 REGISTERED NURSE AND HEALTH CARE ADVOCATE. I NORMALLY  
16 DO NOT SPEAK OUT IN A PUBLIC FORUM BUT THE ADVERSE  
17 HEALTH EFFECTS OF AIRPORT EXPANSION HAS BROUGHT ME HERE  
18 TODAY TO VOICE MY CONCERN.

19 I AM VERY FAMILIAR WITH CHRONIC AND ACUTE  
20 RESPIRATORY AILMENTS, WHICH USUALLY RESULT IN A SLOW AND  
21 UNCOMFORTABLE DEATH FROM SUFFOCATION. THIS IS NOT A  
22 PRETTY SIGHT.

23 AIRPORT OPERATIONS, BOTH GROUND AND AIR, PUMP  
24 THOUSANDS OF TONS OF VOLATILE ORGANIC COMPOUNDS OVER EL  
25 SEGUNDO DAILY, TONS OF THOUSANDS OF HAZARDOUS AND TOXIC

1 EMISSIONS, SUCH AS BENZENE, FORMALDEHYDE, NITROGEN  
2 OXIDE, SOOT, PARTICLES AND OILY RESIDUE.

3 TO ELABORATE FURTHER, BENZENE HAS BEEN LINKED  
4 TO LEUKEMIA AND BIRTH DEFECTS. FORMALDEHYDE CAN  
5 PRECIPITATE LUNG AND EYE IRRITATION. A WORST CASE  
6 SCENARIO CAN RESULT IN BRAIN AND SKIN CANCER. YOU CAN  
7 ONLY IMAGINE LOOKING INTO LUNGS AND AIRWAYS FILLED WITH  
8 SOOT, OIL AND PARTICLES.

9 AS A NURSE I HAVE CARED FOR HUNDREDS OF  
10 PATIENTS SUFFERING FROM EMPHYSEMA, CANCER OF THE LUNG,  
11 AND BRONCHITIS, PULMONARY FLUID AND PNEUMONIA. IMAGINE  
12 THE QUALITY OF LIFE WHEN ONE IS UNABLE TO CATCH THEIR  
13 BREATH, LITERALLY GASPING FOR VITAL AIR. AT TIMES LIKE  
14 THIS, I HAVE STOOD BY HELPLESSLY AS MEDICATION, OXYGEN  
15 AND RESPIRATORY TREATMENTS ARE NOT EFFECTIVE.

16 MEDICAL RESEARCH HAS REVEALED THAT HUMAN  
17 EXPOSURE TO AIR POLLUTANTS CAN RESULT IN ANNUAL HEALTH  
18 CARE COSTS OF FORTY TO FIFTY BILLION DOLLARS ANNUALLY.  
19 AS A NURSE I MUST VOICE MY OPINION AND CONCERN ON THIS  
20 VITAL ISSUE. I'M OPPOSED TO AIRPORT EXPANSION, OR AT  
21 THE VERY LEAST, SIGNIFICANT AIRPORT EXPANSION.

22 AIRPORT EXPANSION, MORE FLIGHTS, MORE  
23 EMISSIONS, MORE AIR POLLUTION WILL LITERALLY  
24 DELIBERATELY AND IRREVERSIBLY AFFECT OUR HEALTH, AND THE  
25 LONG-TERM IMPLICATIONS ARE MIND BOGGLING. IF WE DO NOT

1 HAVE OUR HEALTH, WE HAVE NOTHING.

2 PLEASE, PLEASE ALLOW US TO CONTINUE TO ENJOY  
3 LIVING, WORKING, PLAYING AND BREATHING IN EL SEGUNDO.

4 I THANK YOU FOR LISTENING.

5 MR. MCELROY: DON MCELROY, 623 SHELDON STREET,  
6 EL SEGUNDO.

7 YOU JUST HEARD THE MEDICAL ASPECTS OF THE AIR  
8 POLLUTION QUALITY, THE LACK OF QUALITY. I WOULD GIVE  
9 YOU PHYSICAL EVIDENCE OF THAT BECAUSE I CANNOT HAVE LAWN  
10 FURNITURE IN MY YARD BECAUSE OF THE RESIDUE FROM JET  
11 FUEL. THE AIRPORT HAS DONE NOTHING TO CLEAN UP THE AIR  
12 POLLUTION.

13 ALSO, YOU DUMP HUNDREDS OF THOUSANDS OF GALLONS  
14 OF FUEL IN THE OCEAN EVERY TIME YOU HAVE AN AIR MISHAP  
15 AT LAX. THAT'S NEVER BEEN ADDRESSED. NO ONE BRINGS IT  
16 UP OTHER THAN A LITTLE BIT OF AIR QUALITY. YOU NEED TO  
17 DEAL WITH THE QUALITY OF THE WHOLE ISSUE OF DUMPING THE  
18 FUEL.

19 ALSO, ON TRAFFIC, THE IMPACT FROM LAX WILL BE  
20 HORRENDOUS. IT ALREADY IS ON THE 405 FREEWAY, WHICH IS  
21 KNOWN AS THE PARKING LOT IN THE SKY. THERE'S A GRIDLOCK  
22 CALLED THE SOUTH BAY CURVE THAT GOES FROM THE SANTA  
23 MONICA FREEWAY TO ROSECRANS. YOU DON'T MOVE THROUGH  
24 THAT AREA AT FOUR O'CLOCK IN THE AFTERNOON.

25 ALSO, THE STREETS THROUGH L.A. -- SEPULVEDA

1 IMPERIAL, ROSECRANS AND CENTURY -- THOSE STREETS DON'T  
2 MOVE DURING TRAFFIC OR WHEN, ACTUALLY, WHEN WE LET  
3 FACTORIES OUT NOW. IF YOU MAKE A RING ROAD FROM THE 105  
4 DOWN IMPERIAL AROUND TO WEST IMPERIAL TERMINAL, YOU WILL  
5 LOCK EL SEGUNDO INTO THE CITY. THEY WILL NOT BE ABLE TO  
6 GET OUT.

7 YOU'VE MOVED PERSHING DRIVE THREE TIMES. IT  
8 USED TO BE AT WEST IMPERIAL TERMINAL. THEN IT WAS EVEN  
9 WITH MAIN STREET IN EL SEGUNDO. NOW IT'S DOWN WHERE IT  
10 IS, AND YOU WANT TO BLOCK IMPERIAL TO KEEP US FROM  
11 GETTING AROUND THE AIRPORT. THAT WOULD MOVE US DOWN TO  
12 PERSHING DRIVE, WHICH IS A GRIDLOCK ALREADY IN THE  
13 AFTERNOON. SO THAT'S NOT GOOD.

14 ALSO, TRIPLE A HAS ALREADY DONE RESEARCH THAT  
15 SHOWS IF I HAVE TWO PEOPLE, ONE LEAVING LAX AND ONE WAS  
16 TO DRIVE OUT TO BURBANK, TAKE AN AIRPLANE TO SAN  
17 FRANCISCO, THE GUY THAT WENT TO BURBANK, EVEN THOUGH HE  
18 HAD TO TRAVEL TO BURBANK, WOULD GET TO SAN FRANCISCO  
19 FIRST BECAUSE OF ALL THE DELAYS AT LAX.

20 I THINK YOU NEED TO GO TO A REGIONAL PLAN  
21 BECAUSE WE'RE NOT USING THE EL TORO AIR BASE. THAT HAS  
22 NOT BEEN DEVELOPED. JOHN WAYNE SHUTS DOWN AT TEN  
23 O'CLOCK. RIVERSIDE CAN ALSO BE IMPROVED AND THERE'S  
24 SEVERAL AIRPORTS THAT COULD BE IMPROVED.

25 THE EXPANSION FOR THE NEED IS NOT AT LAX. LIKE

1 IT WAS MENTIONED EARLIER, THAT TRAFFIC FROM THE INLAND  
2 EMPIRE IS DRIVING TO LAX. SO THE TRAFFIC IMPACT IS NOT  
3 ONLY IN THIS AREA. IT'S ALL THE WAY OUT TO THE INLAND  
4 EMPIRE.

5 THANK YOU.

6 THE FACILITATOR: THE NEXT THREE SPEAKERS WILL  
7 BE GAIL GEPHART, JERRY GEPHART AND ERNEST ROSENMORE.

8 GAIL GEPHART? THEY LEFT? JERRY GEPHART LEFT  
9 AS WELL? ERNEST ROSENMORE?

10 NEXT WILL BE MR. OR MRS. SCHROEDER, ERIC BUSCH  
11 AND RANDALL HARTMAN.

12 MR. BUSCH: HELLO. MY NAME IS ERIC BUSCH. I  
13 RESIDE IN THE CITY OF EL SEGUNDO AND I REPRESENT THE LAX  
14 MASTER PLAN ADVISORY COMMISSION AND THE LAX AREA  
15 ADVISORY COMMITTEE.

16 THE FAA SPECIFICALLY PROHIBITS AIRPORTS FROM  
17 PLACING CONSTRAINTS ON ITS OPERATIONS AND THE NUMBER OF  
18 PASSENGERS IT SERVES. LAX, UNDER THE NO-ACTION  
19 NO-PROJECT OPTION, IS PROJECTED TO SERVE 78.7 MILLION  
20 ANNUAL PASSENGERS. WITH 165 GATES, THIS EQUATES TO  
21 477,000 PASSENGERS PER GATE PER YEAR ON AVERAGE.

22 CURRENTLY, SOME GATES AT LAX SERVE OVER 800,000  
23 PASSENGERS PER YEAR. IF ALL CURRENT GATES COULD HANDLE  
24 800,000 PASSENGERS PER YEAR, LAX WOULD BE SERVING 132  
25 MILLION ANNUAL PASSENGERS.

1 GRANTED, THE EXISTING ROADS, RUNWAYS AND  
2 SUPPORT SERVICES MAY NOT BE CAPABLE OF HANDLING THIS  
3 NUMBER OF PASSENGERS PER GATE PER YEAR AND THE TERMINALS  
4 WON'T HAVE THE SPACE TO ACCOMMODATE THEM; HOWEVER, IN  
5 ALL OF THE OPTIONS PRESENTED TO US, A, B AND C, THE  
6 TERMINAL SQUARE FOOTAGE INCREASES BY NEARLY DOUBLE OR UP  
7 TO TWO AND A HALF TIMES THE EXISTING SQUARE FOOTAGE.

8 THEREFORE, WITH THE RING ROAD, REMOTE  
9 TERMINALS, RAIL ACCESS AND NEW GATES IN LARGER  
10 TERMINALS, LAX IS LIKELY TO SERVE 800,000 PASSENGERS PER  
11 GATE PER YEAR. THUS, FOR LAX TO ESTIMATE UNDER OPTION C  
12 THAT ONLY 89.6 MILLION ANNUAL PASSENGERS WOULD OR COULD  
13 USE LAX IS A GROSS UNDERSTATEMENT.

14 WITH NO CONTROLS ON THE NUMBER OF PASSENGERS  
15 SERVED, LAX WOULD SOON EXCEED 89 MILLION ANNUAL  
16 PASSENGERS, JUST AS IT HAS EXCEEDED THE 40 MILLION  
17 ANNUAL PASSENGERS ESTIMATED IN THE PREVIOUS EIR/EIS.

18 LAX IS CURRENTLY ACCOMMODATING 50 PERCENT MORE  
19 PASSENGERS THAN THE PREVIOUS ESTIMATE. IF ALLOWED TO  
20 PROCEED IN CONSTRUCTING OPTION C OR A OR B, LAX WILL  
21 SOON BE OVER 100 MILLION ANNUAL PASSENGERS. THEREFORE,  
22 THE EIR DOES NOT ADEQUATELY ADDRESS THE TRANSPORTATION  
23 LOADS ON OUR STREETS NOR THE POLLUTION LOADS PLACED UPON  
24 OUR LAND, WATER AND AIR.

25 I URGE LAX TO BE MORE REALISTIC IN THEIR

1 ESTIMATES AND REVISE THEIR EIR/EIS ACCORDINGLY.  
2 HOWEVER, THE ONLY WAY TO CONTROL GROWTH AT LAX AND  
3 ENCOURAGE TRAVELERS AND AIRLINES TO UTILIZE OTHER  
4 REGIONAL AIRPORTS IS TO CONSTRAIN THE FACILITY ITSELF SO  
5 THAT IT MAY NOT PHYSICALLY HANDLE AND CANNOT PHYSICALLY  
6 HANDLE ADDITIONAL PASSENGERS.

7 THUS, LIMITING LAX TO ITS CURRENT CONFIGURATION  
8 IS REALLY THE ONLY OPTION WHICH MAKES ANY SENSE.

9 THANK YOU.

10 THE FACILITATOR: FOLLOWING MR. HARTMAN WILL BE  
11 MR. OR MRS. SCHROEDER, SKIP HENKE AND BOB JOHNSON.

12 MR. HARTMAN: MY NAME IS RANDALL HARTMAN. I  
13 LIVE IN TORRANCE.

14 I'VE WORKED AT LAX FOR APPROXIMATELY 17 YEARS  
15 AS AN AIRCRAFT MECHANIC AND INSPECTOR. I'VE SEEN THE  
16 AIRPORT INCREASE IN TRAFFIC AND AIR POLLUTION OVER THE  
17 YEARS. JET FUEL IS VERY TOXIC STUFF. IT'S OILY. IT  
18 DOESN'T COMPLETELY GET BURNED. IT HAS A FUNGICIDE IN  
19 THERE THAT'S EVEN MORE TOXIC AND CANCER CAUSING.

20 I'VE SEEN, I DON'T HAVE HARD EVIDENCE, BUT  
21 PEOPLE WHERE I WORK ARE DYING YOUNGER AND YOUNGER, 40S,  
22 50S, 60S. THEY JUST SEEM TO BE GETTING CANCER AT A HIGH  
23 RATE. I WOULD LIKE TO SEE SOME DAY SOMEONE DO A STUDY  
24 ON THAT COMPARED TO PEOPLE WORKING IN OTHER FIELDS.

25 ONE OF THE PROBLEMS I SEE THAT HAS INCREASED

1 AIR POLLUTION IS THE CHANGES THAT HAVE BEEN DONE OVER  
2 THE YEARS. IT USED TO BE WHEN AIR TRAFFIC WAS TAKEN  
3 FROM THE GATE TO MAINTENANCE, THEY USED TO BE TOWED, BUT  
4 BECAUSE OF THE INCREASE IN TRAFFIC AND TO INCREASE THE  
5 LOAD, THEY HAVE TO NOW TAXI ON THEIR OWN POWER.

6 I WOULD SAY APPROXIMATELY 50 PERCENT OF THE AIR  
7 POLLUTION IS JUST FROM PLANES TAXIING FROM MAINTENANCE  
8 TO THE GATE AND BACK. AND THERE ARE TIMES IN THE  
9 MORNING WHEN YOU HAVE TO WAIT ON THE TAXIWAY AT LEAST AN  
10 HOUR TO GET CLEARANCE. AND THAT WHOLE TIME, THAT PLANE  
11 IS IDLING AND RUNNING WITH ALL ITS ENGINES.

12 IT'S RIDICULOUS. TO INCREASE TRAFFIC AT LAX IS  
13 JUST INSANE. WE SHOULD GO TO A MORE REGIONAL APPROACH.  
14 WE SHOULD -- NO ONE HAS EVEN MENTIONED HIGH SPEED RAIL.  
15 I WORKED FOR AN AIRLINE. YOU'D THINK I WOULD WANT MORE  
16 AIR TRAFFIC, BUT I DON'T JUST THINK OF MYSELF. I THINK  
17 OF THE GENERAL WELFARE OF THE WHOLE REGION. WE SHOULD  
18 HAVE HIGH SPEED RAIL. WE SHOULD HAVE RAIL GOING TO THE  
19 SAN FRANCISCO-SAN JOSE CORRIDOR. WE SHOULD HAVE RAIL TO  
20 LAS VEGAS, RAIL TO SAN DIEGO.

21 SOMEONE MENTIONED THIS AS A WORLD CLASS CITY.  
22 IT'S THE ONLY WORLD CLASS CITY I KNOW THAT DOESN'T HAVE  
23 A SUBSTANTIAL PART OF THEIR TRANSPORTATION NEEDS BY RAIL  
24 AND ALSO THE ONLY CITY THAT HAS AN AIRPORT IN THE CENTER  
25 OF THE CITY. I WAS JUST IN FRANCE AND RUSSIA AND OTHER

1 COUNTRIES OVER IN EUROPE. THEY PUT THEIR AIRPORTS AT  
2 THE OUTSKIRTS OF THE CITY AND USE LIGHT RAIL TO GET THE  
3 PASSENGERS OUT.

4 IT'S WHAT WE SHOULD DO. WE SHOULD USE  
5 PALMDALE. WE SHOULD USE ONTARIO.

6 AND THAT'S ALL I GOT TO SAY. THANK YOU.

7 MS. SCHROEDER: HELLO. I'M RITA SCHROEDER.  
8 I'M A CITIZEN, PRIVATE CITIZEN, AND ALSO RESIDENT OF  
9 PALOS VERDES ESTATES.

10 LOS ANGELES IS SUPPOSED TO BE ONE OF THE  
11 GREATEST CITIES IN THE WORLD, AND WHAT REALLY MAKES THIS  
12 CITY SPECIAL IS THE BEAUTIFUL OCEAN AND THE COASTLINE.  
13 IF WE INCREASE THE AIR TRAFFIC AND CAR TRAFFIC, IT WILL  
14 POLLUTE THE AIR EVEN MORE. AND THE CLEAN SEA BREEZE  
15 THAT WE STILL GET TO SOME EXTENT WE WON'T HAVE ANYMORE.

16 I DON'T SEE WHY LOS ANGELES, LIKE ANY OTHER BIG  
17 CITY, AND I'M BEING REPETITIOUS OF THE GENTLEMAN THAT  
18 JUST LEFT, THAT LIKE OTHER BIG CITIES, NEW YORK, FOR  
19 INSTANCE, OR LONDON, PARIS, MILAN, THEY ALL HAVE SEVERAL  
20 AIRPORTS.

21 AT THE SPEED THAT THIS CITY IS GROWING, AND  
22 EVEN MORE AND MORE PEOPLE WILL COME TO LOS ANGELES BY  
23 THE TIME THIS PROJECT WILL BE FINISHED, I THINK THE  
24 AIRPORT THEN WOULD EVEN BE TOO SMALL. SO LOS ANGELES IS  
25 SO SPREAD OUT THAT IT IS BIGGER THAN SOME COUNTRIES THAT

1 I'VE BEEN TO.

2 AND I THINK MOST PEOPLE TRAVEL SUCH TREMENDOUS  
3 DISTANCE ANYWAY TO THE AIRPORT. SO WHY CAN'T SEVERAL  
4 AIRPORTS IN DIFFERENT LOCATIONS ACCOMMODATE MORE PEOPLE  
5 AND NOT JUST PUT THE WHOLE BURDEN ON THE SURROUNDING  
6 COMMUNITIES AND CITIES OF THE LAX AIRPORT?

7 THANK YOU VERY MUCH.

8 DR. ROSENCRANS: I AM NOT MR. SCHROEDER. I'M  
9 RITA'S HUSBAND. I'M DR. ERNEST ROSENCRANS.

10 OF COURSE, I'M VERY CONCERNED ABOUT POLLUTION  
11 THAT MANY MEMBERS, MANY SPEAKERS HERE HAVE MENTIONED.  
12 THE HEALTH CONSEQUENCES ARE FAMILIAR TO US ALL,  
13 INCLUDING THE RESPIRATORY ILLNESSES AND MIGRAINE  
14 HEADACHES THAT ARE BROUGHT ON BY AIR POLLUTION.

15 I'M CONCERNED ABOUT THE GROWING AIR TRAFFIC AND  
16 THE SPACING OF THE PLANES. AND IT MAKES ME A LITTLE  
17 NERVOUS TO SEE SO MANY PLANES APPROACHING L.A. AIRPORT  
18 ON TWO RUNWAYS AT THE SAME TIME. AND I AGREE WITH THIS  
19 MR. YURI, WHO SPOKE OF AN ACCIDENT WAITING TO HAPPEN AND  
20 WHAT IS GOING TO OCCUR.

21 AND HAVE PLANS BEEN MADE FOR THE NEW AIRBUS  
22 THAT WILL HAVE 600 OR MORE PASSENGERS, MAYBE UP TO 1000?  
23 IT WILL BE A TREMENDOUS NEW LOAD, MEGA-PASSENGER  
24 CAPACITY THERE.

25 AND I CERTAINLY ENDORSE THE IDEA OF LIGHT RAIL

1 TRAVEL. YOU ALREADY HAVE THE GREEN LINE. PERHAPS IT  
2 CAN BE EXPANDED. BUT IN OTHER CITIES YOU ACTUALLY HAVE  
3 THE RAILROADS RIGHT WITHIN THE AIR TERMINAL AND YOU CAN  
4 GO TO VARIOUS CITIES AT A DISTANCE.

5 I THINK IN OUR COUNTRY IN THE 21ST CENTURY WE  
6 SHOULD OVERCOME THE DEPENDENCE ON AUTOMOBILE TRAFFIC AND  
7 RESORT MORE TO RAIL TRAFFIC TO SUPPLEMENT THE FLYING  
8 PUBLIC.

9 THANK YOU.

10 THE FACILITATOR: NEXT IS SKIP HENKE. ARE YOU  
11 HERE, SIR? MR. BOB JOHNSON? MR. GERHARDT VAN DRIE?

12 MR. VAN DRIE: MY NAME IS GERHARDT VAN DRIE.  
13 I'M A RESIDENT OF EL SEGUNDO, 724 WEST PINE. I HAVE  
14 LIVED IN EL SEGUNDO FOR OVER 30 YEARS. I WAS CITY  
15 ENGINEER AND PUBLIC WORKS DIRECTOR AT ONE TIME.

16 ONE OF THE BIG PROBLEMS THAT WE HAVE IN EL  
17 SEGUNDO IS WE HAVE A LOT OF SOOT AND TIRE RUBBER THAT  
18 COMES DOWN OUT OF THE SKY. IT MAKES OUR CARS DIRTY. IT  
19 MAKES OUR SIDEWALKS, OUR DRIVEWAYS, MAKES OUR CLOTHES  
20 DIRTY. IT MAKES OUR DRAPES INSIDE OF OUR HOUSE DIRTY.  
21 IT MAKES OUR CARPETS DIRTY AND IMPACTS OUR HEALTH. IT  
22 IMPACTS THE HEALTH OF OUR STUDENTS AND ALL OF THE  
23 CITIZENS. SO WE HAVE A REAL BIG PROBLEM WITH THAT.

24 AND FROM THE INFORMATION THAT'S BEEN PRESENTED,  
25 I HAVE SEEN VERY LITTLE ACCOUNT SHOWING ANY KIND OF

1 MEASUREMENT OF THE PARTICULATE MATTER THAT'S IN THE AIR.  
2 AND SO I DECIDED TO MAKE A TEST RUN ON MY OWN RELATIVE  
3 TO MEASURING SOME OF THAT. AND I USED MY WIFE'S VACUUM  
4 CLEANER FOR THE SUCTION DEVICE AND I RIGGED UP A UNIT  
5 AND I FILTERED THE AIR THROUGH A PIECE OF TOILET PAPER.

6 AND THIS IS WHAT IT LOOKED LIKE AFTER NINE  
7 HOURS. AND THIS IS THE KIND OF MEASUREMENT THAT SHOULD  
8 BE DONE IN A LOT OF DIFFERENT PLACES, IN EL SEGUNDO AND  
9 THE REST OF THE CITIES AROUND AND RESIDENTIAL AREAS  
10 AROUND THE AIRPORT, TO GET SOME KIND OF A HANDLE ON THE  
11 IMPACT OF THE SOOT FROM THE FUEL FROM THE AIRPLANES AND  
12 THE TIRE RUBBER THAT'S EXPOSED.

13 AND IT SEEMS LIKE THAT PARTICULAR AREA HAS BEEN  
14 COMPLETELY NEGLECTED IN THE EIR AND REPORTING THEREOF.  
15 SO I'D LIKE TO SEE SOMETHING BEING DONE ABOUT THAT SO WE  
16 HAVE SOME ACTUAL GOOD MEASUREMENT OF THE PARTICULATE  
17 MATTER THAT'S IN THE AIR.

18 BUT IT HAS A GREAT IMPACT UPON OUR CHILDREN,  
19 OUR LIFESTYLE, OUR HEALTH. THE AIRPORT HAS TREMENDOUS  
20 IMPACT ON THE HEALTH OF THE PEOPLE IN THE SURROUNDING  
21 AREAS. IT SEEMS LIKE THE CITY OF L.A. AND THEIR THRUST  
22 TO TRY TO SATISFY THE BUSINESS ASPECTS HAVE, TO A LARGE  
23 EXTENT, REALLY NOT COME TO FOCUS FULLY ON THIS  
24 PARTICULAR ASPECT. AND I THINK IT'S SOMETHING THAT HAS  
25 TO BE DONE.

1                   RELATIVE TO THE REGIONAL AIRPORT ASPECTS, I  
2                   THINK THAT WE HAVE TO DO MORE THAN JUST CALL OUT FOR  
3                   REGIONAL AIRPORTS.  AND THE FAA SHOULD ALSO BE INVOLVED  
4                   IN TRYING TO SHOW DIFFERENT SCENARIOS, HOW THE AIRLINES  
5                   COULD FIT IN AT SOME OF THESE REGIONAL AIRPORTS.  MAYBE  
6                   THEY SHOULD BE GIVEN A TEN-YEAR EXEMPTION TO OPERATE AT  
7                   THOSE DIFFERENT LOCATIONS.

8                   THE FACILITATOR:  NEXT SPEAKER WILL BE  
9                   MR. ROBERT OLSEN, FOLLOWED BY MR. STEVE MORRIS AND  
10                  MR. PAUL BOLTATORNI.

11                  MR. OLSEN:  MY NAME IS ROBERT OLSEN.  I RAN FOR  
12                  CITY COUNCIL FOR MANHATTAN BEACH IN 1999.  AND ONE OF MY  
13                  MAIN THRUSTS WAS TO STOP LAX EXPANSION.  I'M SORRY TO  
14                  SAY, IT STILL SEEMS TO BE GOING AHEAD AND IT'S INSANE.  
15                  THAT'S THE WORD I WOULD USE FOR IT.  ONLY ONE WORD,  
16                  INSANE.  PEOPLE HAVE TO HAVE MORE BRAINS THAN WHAT'S  
17                  BEING SHOWN.

18                  AND THE EIR MUST NOT MEAN ANYTHING.  IT'S NOT  
19                  REGARDING PEOPLE, HUMAN BEINGS.  IN PLACE OF MACHINES?  
20                  MACHINES BECOME MORE IMPORTANT THAN THE PEOPLE.  AND  
21                  BUSINESS, OF COURSE, ALWAYS WAS.

22                  ANYWAY, I'M PROUD OF BEING AN AMERICAN BECAUSE  
23                  WE HAVE A CHANCE TO SPEAK, AND I THANK YOU VERY MUCH FOR  
24                  THAT.  AND I HOPE IT JUST KEEPS CONTINUING TO BE A  
25                  PRIVILEGE.

1                   MANY PEOPLE LEFT HERE. I DON'T KNOW WHY.  
2                   MAYBE THEY FELT INTIMIDATED. WE SHOULDN'T HAVE HAD  
3                   POLICE HERE AT ALL.

4                   ANYWAY, I DO TAKE THE BUS. I HAVEN'T HAD A CAR  
5                   FOR 20 YEARS. I PRACTICE WHAT I PREACH. I DON'T  
6                   BELIEVE IN POLLUTION. THE AIRPORT IS INCREASING AND  
7                   INCREASING POLLUTION.

8                   I WANT THIS MIKE TO BE LOUD ENOUGH. THERE'S  
9                   TOO MUCH POLLUTION IN THE BASIN. WE LIVE IN MANHATTAN  
10                  BEACH, USED TO BE PRISTINE. NOW IT ISN'T. MANY OF THE  
11                  BEACH CITIES HAVE OVERFLIGHTS OF TURBOPROPS. I'VE  
12                  COMPLAINED. I'VE GOT EVIDENCE OF OVERFLIGHTS BROUGHT TO  
13                  MY ATTENTION BY EVEN LAX OFFICIALS. THEY SENT THESE TO  
14                  ME. THEY'RE PROUD OF IT.

15                  TURBOPROPS FLYING OVER MANHATTAN, HERMOSA, A  
16                  REGULAR PATTERN SHOWING IT. SKYWEST AIRLINES, AMERICAN  
17                  EAGLE AIRLINES. IS THIS MIKE -- OKAY. MAYBE I'M NOT  
18                  TALKING RIGHT INTO IT.

19                  I HOPE YOU UNDERSTAND THAT THE PEOPLE OF THE  
20                  BEACH CITIES WILL NOT STAND FOR UNLIMITED GROWTH OF LAX.  
21                  TWO-THIRDS OF THE TRAFFIC IS, I'M TOLD BY THE DEPUTY  
22                  DIRECTOR OF THE AIRPORT AT LAX THEMSELVES, SAYING  
23                  TWO-THIRDS OF THE TRAFFIC IS FREIGHT. YOU CERTAINLY CAN  
24                  DO SOMETHING ABOUT THAT. WE CAN HAVE A PALMDALE FREIGHT  
25                  CENTER. THAT'S EASY TO DO IF WE WOULD HAVE STARTED

1 YEARS AGO. HARDER NOW.

2 AND AS FAR AS POLLUTION, EVERYTHING HAS BEEN  
3 MENTIONED BEFORE. THERE'S ALSO ONE THING THAT WASN'T  
4 MENTIONED, AND THAT WAS THOSE BUSES FOR THE CAR RENTALS,  
5 THEY GO ONE AFTER ANOTHER. WE'RE AT THE LAX BUS CENTER  
6 AND WE SEE THEM GO BY. THERE MUST BE HUNDREDS OF THESE  
7 THINGS ALL DAY LONG RUNNING MOSTLY EMPTY BECAUSE THEY  
8 HAVE TO MAKE A QUICK, COMPLETE CIRCLE OF THE AIRPORT FOR  
9 HERTZ AND EVERY KIND OF CAR RENTAL AGENCY THERE IS.

10 ANYWAY, THERE'S NO MORE TIME. I HOPE I'VE MADE  
11 SOME KIND OF IMPACT. I BELIEVE IN THE PEOPLE COMING  
12 FIRST.

13 THANK YOU.

14 MR. MORRIS: GOOD AFTERNOON. MY NAME IS STEVE  
15 MORRIS. I RESIDE AT 95 CREST IN MANHATTAN BEACH.

16 TWO ISSUES. MY UNDERSTANDING IS AIRLINES ARE  
17 GOING TO KEEP COMING. WE CONTINUE TO BUY TICKETS. THE  
18 DEMAND IS THERE. THEY MAKE MONEY. THEY'RE GOING TO  
19 CONTINUE TO GROW. THAT'S A GIVEN.

20 I DO BELIEVE WE NEED A REGIONAL SOLUTION, BUT I  
21 DON'T THINK YOU SHOULD COMPROMISE WHAT WE'RE DOING NOW  
22 TO MODERNIZE LAX.

23 I'M A BUSINESS TRAVELER. I UTILIZE LAX  
24 EXTENSIVELY. I AM CONTINUING TO BE INCONVENIENCED BY  
25 DELAYS, WHETHER SITTING ON THE TAXIWAY WAITING FOR

1 CLEARANCE OR THE AIRLINES HAVE INADEQUATE SPACE TO BE  
2 ABLE TO PROCESS ME FOR TRAVEL, PARKING, ENTERING THE  
3 AIRPORT OR LEAVING TO GET HOME IN TIME TO MY FAMILY.

4 I AM PROGRESSIVELY SPENDING SATURDAYS TRAVELING  
5 AND SUNDAYS TRAVELING AND NOT SPENDING WEEKENDS TO BE  
6 ABLE TO BE HOME WITH MY FAMILY. I WANT TO STOP BEING  
7 INCONVENIENCED. I WANT MODERNIZATION TO GO FORWARD. I  
8 THINK THAT A LOT OF THE ISSUES OF ENVIRONMENTAL JUSTICE  
9 AND MITIGATION MEASURES CAN TAKE PLACE.

10 I THINK THAT SAFETY IS A PRIMARY ISSUE TOO AS  
11 WELL AS JUST THE CONVENIENCE FOR THE GENERAL PUBLIC,  
12 MAKING SURE THAT BUSINESS TRAVELERS CAN HAVE LAX TO  
13 FACILITATE BUSINESS. I JUST DON'T THINK WE SHOULD  
14 PENALIZE PEOPLE THAT USE IT RIGHT NOW WHILE WE WAIT FOR  
15 THE REGION TO CATCH UP.

16 I THINK WE SHOULD MOVE FORWARD WITH ALTERNATIVE  
17 C BUT ALSO PRESSURE THE REGION TO STEP UP AND TAKE THEIR  
18 DEMAND OF THE AIR TRAVEL PUBLIC.

19 THANK YOU.

20 THE FACILITATOR: MR. BOLTATORNI?

21 NEXT SPEAKERS WILL BE MR. BILL EISEN,  
22 MR. AUGUST CAMILLE, AND MS. NANCY STEINMAN. ARE THOSE  
23 INDIVIDUALS HERE?

24 THE NEXT SPEAKER WILL BE NELSON BRESTOFF  
25 FOLLOWED BY ADRIENNE COLLINS AND RAWANDA LAHERD.

1 MR. BRESTOFF?

2 MR. BRESTOFF: THANK YOU. MY NAME IS NELSON  
3 BRESTOFF, 4147 BALCONY DRIVE IN CALABASAS, CALIFORNIA.

4 A NUMBER OF PEOPLE HAVE MENTIONED THE SPACING  
5 OF THE PLANES, AND I WANTED TO BRING UP SOMETHING THAT  
6 WOULD REQUIRE YOU TO DO ONE MORE THING IN THE DRAFT  
7 EIR/EIS, AND THAT IS TO DO A COMPREHENSIVE AIR SPACE  
8 STUDY.

9 I HAVE ATTENDED MEETINGS OF THE SOUTHERN  
10 CALIFORNIA ASSOCIATION OF GOVERNMENTS, AND I'M AWARE  
11 THAT THEY HAD MADE AN INITIAL FIRST STEP WITH RESPECT TO  
12 A COMPREHENSIVE AIR SPACE STUDY. BUT IT DID NOT PRETEND  
13 AT ALL TO BE ANYTHING LIKE A COMPREHENSIVE AIR SPACE  
14 STUDY. AND WE DO NOT HAVE THIS IN SOUTHERN CALIFORNIA.

15 WE TEND TO THINK OF THE AIR AND THE GROUND AND  
16 THE WATER. WE DON'T TYPICALLY THINK IN THE THIRD  
17 DIMENSION. BUT JUST AS OUR FREEWAYS HAVE BECOME  
18 CONGESTED, THE SKIES ABOVE US HAVE BECOME CONGESTED.

19 THIS IS A BASELINE STUDY THAT IS NECESSARY IN  
20 ORDER FOR YOUR ENVIRONMENTAL IMPACT REPORT AND STATEMENT  
21 TO BE CONSIDERED AN ADEQUATE DOCUMENT. WITHOUT THAT  
22 BASELINE STUDY, IT WILL NOT BE ADEQUATE. IT WILL BE  
23 INADEQUATE.

24 SOMETIMES IT'S TOO OFTEN THE CASE THAT A PLANE  
25 HAS TO FALL OUT OF THE SKY FOR US TO REALIZE THAT THE

1 AIR SPACE IS NOW QUITE CONGESTED. I HOPE THAT DOESN'T  
2 HAPPEN. THIS DOCUMENT PRESENTS YOU WITH THE OPPORTUNITY  
3 TO DO A COMPREHENSIVE AIR SPACE STUDY, AND I HOPE THAT  
4 WILL BE DONE IN CONNECTION WITH THE FINAL REPORT.

5 THANK YOU.

6 MR. EISEN: MY NAME IS BILL EISEN SPEAKING ON  
7 BEHALF OF MYSELF AND A GROUP CALLED RESIDENTS FOR A  
8 QUALITY CITY, A GROUP OF ABOUT 650 RESIDENTS OF  
9 MANHATTAN BEACH.

10 ONE NOT NEED TO READ PAST PAGE 1 OF THE  
11 EXECUTIVE SUMMARY OF THE DRAFT EIR/EIS TO REALIZE THAT  
12 IT IS FATALLY FLAWED. IN FACT IT SUFFERS FROM THE VERY  
13 SAME FLAWS AS THE RECENTLY COMPLETED EIR FOR THE  
14 AMERICAN AIRLINES EXPANSION PROJECT AT LAX.

15 ACCORDING TO PAGE 1 OF THE DRAFT EIR/EIS, IT  
16 NEED ONLY COMPARE THE POTENTIAL SIGNIFICANT NEGATIVE  
17 IMPACTS OF LAX'S PROPOSED EXPANSION AGAINST A NO-PROJECT  
18 ALTERNATIVE, QUOTE, AS MODIFIED BY WHAT WOULD REASONABLY  
19 BE EXPECTED TO OCCUR IN THE FORESEEABLE FUTURE IF THE  
20 PROJECT WERE NOT APPROVED BASED ON CURRENT PLANS AND  
21 CONSISTENT WITH AVAILABLE INFRASTRUCTURE AND COMMUNITY  
22 STRUCTURES, END QUOTE.

23 IN OTHER WORDS, THE DRAFT EIR/EIS MEASURES  
24 POTENTIAL SIGNIFICANT IMPACTS AGAINST EXISTING  
25 CONDITIONS AS MODIFIED BY CURRENT PLANS. BUT IF SUCH A

1 COMPARISON WERE PERMITTED BY EIR/EIS GUIDELINES, AN  
2 EIR/EIS WOULD NEVER BE REQUIRED BECAUSE A COMPARISON OF  
3 THE PLANS FOR A PROJECT WITH THOSE VERY SAME PLANS WOULD  
4 ALWAYS NECESSARILY RESULT IN A FINDING OF LESS THAN A  
5 SIGNIFICANT IMPACT.

6 IN JULY 1997, WHEN THE NOTICE OF PREPARATION  
7 WAS PUBLISHED, LAX WAS OPERATING AT A LEVEL, ACCORDING  
8 TO FIGURES PROVIDED BY LOS ANGELES WORLD AIRPORT, OF  
9 APPROXIMATELY 60 MILLION ANNUAL PASSENGERS. ACCORDING  
10 TO LAWA, LAX OPERATIONS HAVE SINCE BEEN EXPANDED TO A  
11 LEVEL OF 68 MILLION ANNUAL PASSENGERS.

12 HOWEVER, AS A PERSON WHO LIVES ABOUT TWO MILES  
13 FROM LAX AND WHO USES THE 405 FREEWAY AND SURFACE  
14 STREETS IN THE VICINITY OF LAX ON A DAILY BASIS, I CAN  
15 ASSURE YOU THAT TRAFFIC CONGESTION IN AND AROUND LAX HAS  
16 INCREASED VERY SUBSTANTIALLY DURING THE PAST THREE  
17 YEARS. THIS INCREASE IN TRAFFIC CONGESTION CAN ONLY BE  
18 EXPLAINED BY LAX'S EXPANSION OF ITS PASSENGER AND CARGO  
19 OPERATIONS.

20 LAX'S PURCHASE OF THE MANCHESTER SQUARE AREA  
21 FOR AIR FREIGHT FORWARDING IS PROCEEDING AND WILL RESULT  
22 IN A VERY SUBSTANTIAL INCREASE IN CARGO OPERATIONS AT  
23 LAX. OBVIOUSLY, EIR OR NO EIR, LAX WILL CONTINUE TO  
24 EXPAND UNLESS THE EXPANSION IS CURTAILED EITHER BY THE  
25 LOS ANGELES CITY COUNCIL, THE FEDERAL AVIATION

1 ADMINISTRATION OR BY THE COURTS.

2 THANK YOU.

3 THE FACILITATOR: ADRIENNE COLLIS FOLLOWED BY  
4 RAWANDA LAHERD AND BRIAN CROWLEY.

5 MS. COLLIS: HI. I'M ADRIENNE COLLIS. I LIVE  
6 AT 1501 EAST MAPLE IN EL SEGUNDO. AND I'M AGAINST THE  
7 EXPANSION BECAUSE ALL ALONG LAX HAS BEEN A REALLY BAD  
8 NEIGHBOR. I LIVE IN THE MOST IMPACTED BUILDING IN EL  
9 SEGUNDO AT THE END OF THE RUNWAY.

10 WE'RE LOOKING FORWARD TO SOUNDPROOFING OUR  
11 ENTIRE BUILDING. IT'S SOMETHING THAT LAX CAUSED. WE  
12 DIDN'T CAUSE IT. THEY HAD THE FUNDING AND THEY YANKED  
13 IT BACK. THEY DIDN'T CARE. IT WAS A MATTER OF RIGHT  
14 AND WRONG, BUT THEN YOU GET INTO ALL THESE LEGALITIES  
15 THAT DON'T REALLY MATTER TO PEOPLE.

16 LAX HAS BEEN NOTHING BUT A BIG BULLY. ON TOP  
17 OF THAT, TO GET THE SOUND MITIGATED, WE HAVE TO WAIVE  
18 ALL OUR RIGHTS. EVEN IF YOU SMASH YOUR PLANE INTO OUR  
19 BUILDING, WE CAN'T SUE YOU. THAT'S BULLYING TACTICS.  
20 IT'S NOT RIGHT. IT'S RIDICULOUS. THERE'S NO  
21 ACCOUNTABILITY.

22 WHEN SOMETHING GOES WRONG, LAX POINTS AT THE  
23 FAA, THE FAA POINTS AT THE AIRLINES. NOTHING EVER GETS  
24 RESOLVED. I CALLED FOR NOISE COMPLAINTS, FOR GROUND  
25 NOISE RUN-UP, AND THEY GIVE ME A FLIGHT PATTERN AND SAY

1 NOBODY FLEW OVER YOU. THAT IS ISN'T EVEN WHY I'M  
2 CALLING. THEY CAN'T GET IT TOGETHER NOW AND THEY WANT  
3 TO EXPAND. IT MAKES ME CRAZY.

4 IN ADDITION, THERE ARE NOT ADEQUATE STUDIES. I  
5 HEARD TODAY A MAN FROM THE LENNOX SCHOOL DISTRICT TALK  
6 ABOUT THE IMPACT ON THE SCHOOL DISTRICT THERE. I HAVE  
7 NEVER SEEN ANY STUDIES ON OUR SCHOOL DISTRICT.

8 BUT I HAVE SEEN ONE ON THEIR SCHOOL DISTRICT IN  
9 1980. IT HAD SIGNIFICANT IMPACT ON THEIR DISTRICT IN  
10 COMPARING IT WITH SAN PEDRO, AND THAT WAS IN 1980. HERE  
11 WE ARE 20 YEARS LATER AND THEY HAVEN'T DONE ANYTHING TO  
12 MITIGATE THAT. ON TOP OF IT, WHEN YOU SOUNDPROOF IT 20  
13 YEARS AGO, NOW IT'S 20 YEARS LATER AND THAT  
14 SOUNDPROOFING MIGHT NOT BE WORKING NOW.

15 SO I'M CALLING FOR MORE STUDIES. I'D LIKE TO  
16 CALL FOR SOME SLEEP STUDIES BECAUSE I CAN SEE MY HUSBAND  
17 SLEEPING AND REACTING TO THE PLANES. HE DOESN'T EVEN  
18 REALIZE THE IMPACT OF THE AIRPORT ON HIM.

19 I WOULD LIKE TO VOLUNTEER MY FAMILY AS THE  
20 FIRST FAMILY IN THAT STUDY TO SEE HOW THAT IS DEALING  
21 WITH THE JET NOISE AND THE ENGINE RUN-UP. AND IT'S JUST  
22 NOT PEOPLE FLYING OVER. IT'S THE OTHER THINGS THAT THE  
23 AIRPORT DOES. AND NOBODY ADDRESSES IT AND NOBODY IS  
24 ACCOUNTABLE. AND WE HAVE LAWS THAT HAVE NO PENALTIES.

25 THANK YOU.

1 THE FACILITATOR: RAWANDA LAHERD? MR. BRIAN  
2 CROWLEY? FOLLOWING MR. CROWLEY WILL BE DORA POCK AND  
3 OLGA BEAL.

4 MR. CROWLEY: GOOD AFTERNOON. I'M BRIAN  
5 CROWLEY, 501 CALIFORNIA STREET, EL SEGUNDO.

6 I'M AN AEROSPACE ENGINEER BY TRADE, BUT I'M  
7 ALSO CHAIRMAN OF THE PLANNING COMMISSION OF THE CITY OF  
8 EL SEGUNDO. BUT I'M HERE IN A PRIVATE CAPACITY.

9 THIS EIR FAILS TO CONSIDER ALTERNATIVES. AND  
10 AS A PLANNER, I LOOK AT IT FOREMOST AS A PLANNER, AND  
11 YOU HAVE TO STEP BACK AND LOOK AT THE FOREST BECAUSE  
12 WE'RE EMBEDDED IN THE TREES HERE WHEN WE'RE LOOKING AT  
13 THE DETAILS. WHAT WE HAVE HERE IS VERY BAD PLANNING.

14 THE PRINCIPLES ON HOW YOU OUGHT TO BUILD CITIES  
15 THE WAY WE USED TO BUILD THEM SAY THAT YOU HAVE TO  
16 DISTRIBUTE THE NEEDED SERVICES AMONG THE USERS WHO NEED  
17 IT. WE DON'T DO THAT WITH THIS IDEA. THE AIRPORT  
18 ITSELF IS LOCATED ON THE EDGE OF THE BASIN; SO IT CAN  
19 ONLY ACCOMMODATE TRAFFIC IN A 180 DEGREE SECTOR.  
20 THEY'RE ONLY ONE-HALF THE WAY OUT THAT THEY ARE AT OTHER  
21 AIRPORTS.

22 ALSO, QUITE SIMPLY, YOU HEARD IT BEFORE, WE  
23 HAVE TOO SMALL A FOOTPRINT FOR A MAJOR AIRPORT AND  
24 THERE'S NO MORE ROOM FOR EXPANSION. AND AS I STOOD  
25 THERE PULLING OUT WEEDS IN MY GARDEN -- AND I LIVE IN

1 THE FAR END OF EL SEGUNDO FROM THE LADY THAT JUST SPOKE,  
2 A QUIET PART -- BUT I LOOKED UP STRAIGHT FROM MY WEEDS  
3 TO THE NOISE OF A 767 ABOUT 400 FEET ABOVE MY HEAD JUST  
4 A COUPLE OF WEEKS AGO BECAUSE THEY'RE LANDING THEM  
5 NOSE-TO-TAIL.

6 AND THERE WAS NO MORE ROOM ON THE RUNWAY FOR  
7 THAT PLANE TO COME DOWN. THEY HAD TO DO A SHARP LEFT  
8 AND THEY FLEW OVER ME. AND I'M VERY FAR FROM WHERE THAT  
9 AIRPORT OUGHT TO HAVE AIRPLANES.

10 WE HAVE A LOT OF FLAWED ASSUMPTIONS THAT THIS  
11 WHOLE CONCEPT IS BASED ON. ONE, IT ASSUMES THE MARKET  
12 CAN'T OR WON'T ADJUST TO CHANGES IN WHERE THE AIRPORT IS  
13 LOCATED. THAT'S A TAUTOLOGICAL ARGUMENT. THEY SAY,  
14 GEE, PEOPLE THAT USE THE AIRPORT ARE LOCATED NEAR THE  
15 AIRPORT. BUT THEY WILL MOVE IF IT PAYS THEM TO DO SO.

16 THIS IS A MARKET-MANIPULATED SITUATION. READ  
17 THE L.A. TIMES TOMORROW. LOOK AT THE TRAVEL SECTION IN  
18 THE TIMES. THE NEXT-TO-LAST PAGE SHOWS YOU THE PRICES  
19 OF FLIGHTS OUT OF THE VARIOUS AIRPORTS TO CITIES IN THE  
20 UNITED STATES. YOU WILL FIND THAT THE OTHER AIRPORTS IN  
21 THE L.A. AREA ARE TWO TO FIVE TIMES AS MUCH TO GO TO  
22 CITIES. WHY WOULD ANYBODY WANT TO GO TO ANOTHER  
23 AIRPORT?

24 IT ASSUMES THERE HAS TO BE ONE AIRPORT. WE'VE  
25 GOT LOTS OF CITIES WITH MULTIPLE AIRPORTS.

1                   ONE THING I WANT TO POINT OUT, IT MENTIONS THE  
2 GREEN LINE EXTENSION IS GOING TO BE CONSIDERED AS A  
3 MITIGATION FOR THIS MASTER PLAN. THEY OWE THAT TO US  
4 ALREADY. THAT PLACE OPERATES UNDER A C.U.P. WITH A  
5 VARIANCE, AND THEY OWE US THAT ALREADY. THIS SHOULD NOT  
6 COUNT AS AN ADDITION TO HELP THEM OUT. THEY OWE US THIS  
7 ALREADY.

8                   AND I HAVE RIDDEN THAT GREEN LINE SINCE IT'S  
9 OPENED. WE'RE NOT HYPOCRITICAL IN EL SEGUNDO. BUT THE  
10 EXPANDED AIRPORT DOESN'T DO ANYTHING FOR US THAT THE  
11 CURRENT AIRPORT DOESN'T DO. WE DON'T DEPEND ON IT THAT  
12 MUCH. AND WE WERE THERE FIRST. THE CITY OF EL SEGUNDO  
13 HAS BEEN THERE BEFORE THE AIRPORT WAS THERE.

14                   SO YOU CANNOT APPROVE THIS KIND OF THING UNLESS  
15 THE IMPACT TO THE NEIGHBORHOOD OF THE HARMS CAN BE  
16 MITIGATED TO A NEGLIGIBLE LEVEL. AND YOU CAN'T DO IT  
17 WITH THIS EIR. YOU CAN'T CERTIFY THIS EIR.

18                   THAT'S ALL I HAVE TO SAY. THANK YOU.

19                   MS. POLK: THE NAME IS DORA POLK. I REFER YOU  
20 TO PRESIDENT JAMES K. POLK, WHO BROUGHT CALIFORNIA INTO  
21 THE UNION.

22                   I HAVE JUST A FEW SCATTERED THOUGHTS. I WANT  
23 TO CONCUR IN ALL THAT BRILLIANT AND SPLENDID ANALYSIS  
24 PUT OUT BY THE SUPPORTERS OF EL SEGUNDO'S POSITION: THE  
25 HEALTH PROBLEMS, THE POLLUTION, THE CIRCULATION OF

1 TRAFFIC PROBLEMS, AND ALL THE REST THAT I DO NOT NEED TO  
2 REPEAT IN THIS SHORT TIME I HAVE AVAILABLE.

3 I CONCUR TOO IN THE CRITICISM OF THE BAD FAITH  
4 GESTURE OF SCHEDULING A NUMBER OF MEETINGS AT THE SAME  
5 TIME AND THE LOGORRHEA WORDS, MILLIONS OF WHICH HAVE  
6 BEEN CHURNED OUT IN THIS PROCESS BY THE LEVIATHAN, AND  
7 MAKES IT EXTREMELY DIFFICULT, IF NOT IMPOSSIBLE, FOR  
8 MOST PEOPLE WITH JOBS AND FAMILY TO GO TO THE LIBRARY  
9 AND READ THAT AMOUNT OF MATERIAL.

10 THOSE ARE ACTS OF BAD FAITH IN MY JUDGMENT.  
11 AND THE LEVIATHAN TOO, THE LARGE NUMBERS OF PEOPLE  
12 EMPLOYED OUTSIDE ON THE DESKS, THE LARGE AMOUNT OF  
13 MATERIALS DISPLAYED, ALL WITH US IN A VERY REDUCED  
14 POSITION.

15 NOW I WANT TO SAY TOO THAT THIS IS NOT NIMBY.  
16 I HAVE BEEN HERE FOR FOUR DECADES. AND WE HAVE WITH  
17 GREAT PATIENCE AND TOLERANCE SEEN THE GROWTH OF THIS  
18 AIRPORT. AND IN EVERYTHING THERE WILL BE A SATURATION  
19 FOR IT THAT IS REACHED. AND THIS IS IT.

20 I CAN ONLY ANALOGIZE TO A NEIGHBOR WHO COMES  
21 IN, BUYS A BUSINESS NEXT DOOR TO YOU, FILLS THE FIRST  
22 TOOL SHED, ADDS THE FIRST ADDITION, THEN THE NEXT STORY,  
23 THEN THE NEXT LEVEL, CUTS OUT MY SUN, MAKES OF MY  
24 TOLERANCE OVER THE YEARS SOMETHING THAT IS UNFORGIVABLE.

25 NOW, THE LAST TUG IS WHAT BREAKS THE CORD,

1 BREAKS THE FRAYED CORD. THE LAST STRAW BREAKS THE  
2 CAMEL'S BACK. AND THIS IS IT. THE LAST GALLON OF RIVER  
3 WATER BREAKS THE LEVY. THIS IS IT.

4 AND I HAVE BROUGHT YOU AS A FEAST IN SUPPORT OF  
5 THAT GENTLEMAN WHO BROUGHT THE PIECE OF PAPER FROM HIS  
6 WIFE'S VACUUM CLEANER. TWO DAYS AGO I CLEANED MY WINDOW  
7 SILL WITH A LITTLE GADGET I HAD TO WORK OUT. I WIPED IT  
8 DOWN TODAY AND THIS IS THE RESULT OF ONE DAY'S  
9 POLLUTION.

10 THANK YOU.

11 THE FACILITATOR: OLGA BEAL OR RITA BEAL, JACK  
12 KENTON AND JESS MONEY.

13 MR. KENTON: I'M JACK KENTON AND I LIVE ON DUNE  
14 STREET IN EL SEGUNDO. I TRIED READING YOUR EIR/EIS.  
15 YOU'VE GOT SEVERAL THOUSAND PAGES THERE, AND I THINK I  
16 GOT THROUGH A COUPLE OF HUNDRED AND GAVE UP. IT'S  
17 INFORMATION OVERLOAD AS THEY SAY IN THIS DAY AND AGE.

18 SOMETHING I COULDN'T FIND OUT IS WHAT IS GOING  
19 TO HAPPEN TO MY ACCESS TO EL SEGUNDO FROM THE NORTH WITH  
20 THE PLANS FOR EXPANDING THE 105 HIGHWAY AND RUNNING INTO  
21 IMPERIAL HIGHWAY. THERE'S DISCUSSION THAT PERSHING WILL  
22 NOT BE AVAILABLE TO GET FROM EL SEGUNDO TO THE PLAYA DEL  
23 REY-WESTCHESTER AREA BECAUSE THAT WILL JUST BE FOR THE  
24 NEW WEST TERMINAL, IF THAT'S BUILT.

25 THE NOISE ISSUE. THEY SAY IT WILL NOT GET

1       WORSE.  WE'RE GOING TO MAKE QUIETER AIRPLANES SO WE  
2       WON'T GET MORE NOISE.  BUT, YOU KNOW, YOU CAN TAKE A LOT  
3       OF NOISE FOR A BRIEF MOMENT IF YOU HAVE AN HOUR BETWEEN  
4       THE NEXT TIME IT HAPPENS.  BUT WHEN IT COMES ONE AFTER  
5       ANOTHER AND THEY SEEM TO NEVER STOP UNTIL YOU GET TO  
6       SOMETIME AFTER MIDNIGHT, AND THEN YOU ONLY HAVE TO WORRY  
7       ABOUT THE CARGO FLIGHTS, IT GETS TO BE A BIT MUCH.

8                 THE BIG ISSUE THAT SEEMS TO KEEP COMING UP WITH  
9       THE AIRPORT IS WHENEVER YOU TALK TO ANYONE ABOUT THE  
10       NUMBER OF FLIGHTS COMING IN, THEY SAY WE'VE DEREGULATED  
11       THE AIRLINES.  WE CANNOT STOP THEM.  CONGRESS MANDATED  
12       THAT THE AIRPLANES CAN GO ANYPLACE THEY WANT TO.

13                WELL, CHICAGO, I THINK WASHINGTON NATIONAL,  
14       REAGAN NATIONAL, NEW YORK AREA STILL HAVE SLOT  
15       REQUIREMENTS BASED ON CONGRESS.  IF WE CAN'T DO ANYTHING  
16       ELSE TO CONTROL THE LARGE VOLUME OF NOSE-TO-TAIL  
17       AIRCRAFT COMING AND GOING FROM THE AIRPORT, I THINK  
18       PERHAPS IT'S TIME TO TALK TO CONGRESS AND REREGULATE THE  
19       ACCESS TO THE AIRPORTS.

20                AS IT NOW STANDS, I DO NOT CARE TO SEE THE  
21       EXPANSION OF THE AIRPORT GO ON.  I THINK SAFETY FACTORS  
22       COULD, WOULD BE BENEFICIAL TO INCREASE SOME OF THE WORK  
23       THERE AT THE AIRPORT.  BUT RATHER THAN HAVE INCREASED  
24       SAFETY BY EXPANSION, I'D RATHER SEE NOTHING HAPPEN TO  
25       TRY TO FORCE THE AIRPORT NOT TO BRING MORE AIRCRAFT IN.

1                   THANK YOU.

2                   THE FACILITATOR:   JESS MONEY?   MAURICE, AND I'M  
3                   GOING TO MISPRONOUNCE THIS BECAUSE I CAN'T READ IT.  IT  
4                   LOOKS LIKE ALCUDO.  AND TERESA HILL.

5                   MR. MONEY:   THIS HEARING IS A CHARADE.  IT'S  
6                   BEING HELD ONLY BECAUSE THE LAW REQUIRES.  YOU KNOW THAT  
7                   LITIGATION IS INEVITABLE AND YOU HAVE NO INTENTION OF  
8                   ADDRESSING ANY OF OUR OBJECTIONS OR DROPPING THIS PLAN  
9                   EXCEPT AS REQUIRED BY THE COURTS.

10                  THIS EIR IS 12,000 PAGES OF DISTORTIONS,  
11                  OMISSIONS, FALLACIOUS ASSUMPTIONS, FICTIONAL CONCLUSIONS  
12                  AND OUTRIGHT LIES.  YOU HAVE LIED TO US FROM THE  
13                  BEGINNING AND YOU ARE LYING TO US NOW.  WE KNOW YOU'RE  
14                  LYING.  YOU KNOW YOU'RE LYING.

15                  HERE'S A FEW THINGS YOU DON'T KNOW.  ONE, YOU  
16                  DON'T KNOW WHAT THE MEANING OF "JIHAD" IS.  YOU DON'T  
17                  LIVE IN THE SOUTH BAY, SO YOU DON'T KNOW WHAT A  
18                  WONDERFUL PLACE IT IS TO LIVE, RAISE CHILDREN AND  
19                  RETIRE.  THERE WILL BE A HOLY WAR BEFORE WE WILL LET YOU  
20                  RUIN WHAT SO MANY OF US AND OUR PARENTS WORKED SO HARD  
21                  FOR SO LONG TO ACHIEVE.

22                  YOU DON'T KNOW WHERE AND HOW THIS BATTLE IS  
23                  GOING TO BE FOUGHT.  THIS IS PAINFUL AND PERSONAL FOR  
24                  US.  SO WE'RE GOING TO MAKE IT EVEN MORE PAINFUL AND  
25                  PERSONAL FOR YOU AND FOR THE PEOPLE YOU ANSWER TO.

1           THE PROTESTS AND DEMONSTRATIONS WON'T JUST BE  
2    AROUND LAX.  THEY'RE GOING TO BE IN YOUR NEIGHBORHOODS,  
3    AROUND YOUR HOUSES, AROUND THE SCHOOLS WHERE YOUR KIDS,  
4    YOUR GRANDKIDS AND YOUR NEIGHBORS' KIDS ATTEND SCHOOL.  
5    WHEN WE'RE DONE, YOU'RE GOING TO BE PERSONA NON GRATA IN  
6    YOUR OWN COMMUNITIES.

7           THIS ISN'T ABOUT SAFETY OR JOBS OR THE REGIONAL  
8    ECONOMY.  IT'S ABOUT KEEP A VICE GRIP ON TAX REVENUES  
9    FOR THE CITY OF L.A.  THAT IS WHY THERE WILL ALSO BE  
10   PLENTY OF CIVIL DISOBEDIENCE AROUND THE HOMES OF CORRUPT  
11   AIRLINE SHILLS ON THE L.A. COUNCIL WHO FAVOR THIS  
12   EXPANSION.  WE'LL GET THE LOBBYISTS AND THEIR FAMILIES  
13   TOO.

14           THIS EXPANSION IS GOING TO VISIT HELL ON OUR  
15   NEIGHBORHOODS.  WE'RE GOING TO VISIT HELL ON YOUR  
16   NEIGHBORHOODS FIRST.  AND THE BIG THING YOU DON'T KNOW  
17   IS WHAT LAX IS GOING TO BE LIKE WHEN THIS IS OVER.

18           YOU'RE ABOUT TO FALL VICTIM TO THE LAW OF  
19   UNINTENDED CONSEQUENCES.  WHEN WE'RE DONE WITH THE  
20   LAWYERS, THE CIVIL, RICO AND CLASS ACTION SUITS, THE  
21   PROTESTS AND SIT-INS, THE DISRUPTIONS, YOU'RE NOT GOING  
22   TO GET TO EXPAND LAX.  YOU'RE GOING TO BEG FOR THE  
23   CHANCE TO CONTRACT IT, REDUCE AND CAP OPERATIONS AT 60  
24   MILLION PASSENGERS A YEAR, AND SCALE BACK CARGO  
25   OPERATIONS COMMENSURATELY.

1           YOU'RE GOING TO BE FORCED TO DIVEST OWNERSHIP  
2           OF PALMDALE AND ONTARIO, AND YOU'RE GOING TO BE FORCED  
3           TO TRANSFER CONTROL OF LAX TO A COUNTY-WIDE BOARD HAVING  
4           REPRESENTATIVES FROM EVERY CITY IN THE COUNTY. WE ARE  
5           GOING TO STOP THIS EXPANSION. WE'RE GOING TO SHOOT IT  
6           WITH A SILVER BULLET AND PUT A STAKE IN ITS HEART.  
7           THERE WILL BE SMOKE ON THE WATER AND BLOOD ON THE MOON,  
8           BUT THERE WILL NOT BE ANY EXPANSION OF LAX.

9           WHEN WE GET DONE, AFTER YOU GUYS HAVE SUFFERED  
10          THE HEART ATTACKS, INSOMNIA, DEPRESSION, DIVORCES AND  
11          NERVOUS BREAKDOWNS, THE CLOSEST ANY OF YOU IS GOING TO  
12          COME TO OPERATING AN AIRPORT IS RUNNING A CROP DUSTING  
13          SERVICE IN MODESTO.

14          THE FACILITATOR: NEXT IS MAURICE ALCUDO  
15          FOLLOWED BY TERESA HILL AND LILLIE LEE.

16          MR. ACEVEDO: I'M MAURICE ACEVEDO. I LIVE IN  
17          EL SEGUNDO, AND I PREFACE MY STATEMENTS WITH THE FACT  
18          THAT I WORK FOR A VERY MAJOR WORLDWIDE CARGO FREIGHT  
19          COMPANY. I'LL LEAVE IT AT THAT. BUT I'VE LIVED IN EL  
20          SEGUNDO FOR OVER 30 YEARS.

21          FIRST QUESTION. HOW ARE YOU GOING TO MITIGATE  
22          MRS. POLK'S SOOT? YOU CAN MITIGATE SOUND BY IMPROVING  
23          THE WINDOW INSULATION. YOU CAN MITIGATE TRAFFIC BY  
24          LIGHT RAIL. HOW ARE YOU GOING TO MITIGATE THE SOOT?  
25          INCREASED AIRLINE ACTIVITY, INCREASED FLIGHT ACTIVITY,

1 YOU DON'T ADDRESS THAT. OKAY.

2 SECOND POINT. HAVE ANY OF YOU BEEN TO EL TORO  
3 DOWN THE 405 WHERE THE 5 INTERSECTS? HAS ANYONE LOOKED  
4 AT THE POPULATION EXPLOSION OF RANCHO SANTA MARGARITA?

5 MY FREIGHT COMPANY BRINGS 30 TRACTOR-TRAILERS  
6 OF FREIGHT FROM ORANGE COUNTY TO LAX EVERY DAY. WE'RE  
7 BEGGING FOR EL TORO TO OPEN UP. WE COULDN'T WAIT. WE  
8 NEEDED IT FIVE YEARS AGO. BUT, NO, NOT IN MY BACKYARD.  
9 L.A.'S BACKYARD. WHY NOT? THEY GOT THE SOOT. THEY GOT  
10 THE TRAFFIC. THEY GOT THE POLLUTION. BESIDES, THEY'RE  
11 GREEDY. THEY LIKE THE REVENUE.

12 AND THAT'S WHAT IT'S ABOUT. IT'S ALL ABOUT  
13 MONEY. L.A. WANTS THE REVENUE.

14 MEANTIME, THOSE TRUCKS THAT COME UP THE 405,  
15 JUST LIKE THOSE TRUCKS THAT GO FROM THE HARBOR TO  
16 DOWNTOWN L.A. DOWN THE 710, BUT GEE, L.A. GOT SMART.  
17 THEY SUNK SOME MONEY IN THE ALAMEDA CORRIDOR. WELL, WHY  
18 DON'T YOU GET SMART? WHY DON'T YOU HOOK UP WITH ORANGE  
19 COUNTY AND SAY, YOU KNOW WHAT, WE'RE GOING TO CAP OUR  
20 CAPACITY AND YOU NEED TO BUILD OUT EL TORO.

21 OR EVEN BETTER YET, WHY DON'T YOU GO TO SAN  
22 BERNARDINO AND SAY WE'RE GOING TO CAP OUR CAPACITY. YOU  
23 NEED TO BUILD OUT MARCH AIR FORCE BASE. THERE'S ALL  
24 KINDS OF ALTERNATIVES. YOU'RE JUST NOT LOOKING AT THEM.

25 LAST AND FINAL POINT. I DON'T KNOW WHAT YOU'RE

1 GOING TO DO WITH THAT GOLF COURSE ON THE NORTH SIDE, BUT  
2 I'D SURE LIKE TO SEE THAT GO THE LIGHT RAIL. PUT ALL  
3 YOUR CAR RENTAL PLACES AND YOUR TERMINALS OVER THERE.  
4 WHY DO YOU NEED A GOLF COURSE? GEE, I FORGOT. IT'S  
5 ABOUT REVENUE, HUH? THANK YOU.

6 MS. LEE: LILLIE LEE, MANHATTAN BEACH,  
7 CALIFORNIA.

8 MY WHOLE POINT WITH ALL OF YOU IS WHY FURTHER  
9 EXPANSION? YOU DON'T KEEP THE COMMITMENT WHEN YOU  
10 EXPANDED LAST TIME. YOU LIE TO US. YOU DON'T TAKE CARE  
11 OF THE PROBLEMS. AND I WANT TO KNOW HOW MUCH MORE OF  
12 THE SOUTH BAY THAT YOU WANT TO CLAIM WITH NOISE AND  
13 POLLUTION SO THAT YOU CAN PUSH UP THE BUCK IN YOUR  
14 POCKETS, BECAUSE THAT'S WHAT THIS IS ALL ABOUT.

15 I MOVED 27 YEARS AGO FROM EL SEGUNDO TO  
16 MANHATTAN TO GET AWAY FROM THE NOISE FROM THE AIRPORT  
17 BECAUSE IT MAKES ME VERY ILL. NOW I HAVE TO LISTEN TO  
18 CARGO BOOMING OFF THE RUNWAY EVERY NIGHT, WARMING UP THE  
19 RUNWAY. AND I GET THESE HORRIBLE THINGS FROM THE  
20 AIRPORT THAT HAS NOTHING TO DO WITH WHAT I HAVE  
21 COMPLAINED ABOUT. AND THE NOISE IS THERE AND THE PLANES  
22 FLYING OVER.

23 LIKE THE LITTLE LADY WITH THE DUST, WE NOW HAVE  
24 DUST ALL OVER OUR PROPERTY. AND I'M APPROXIMATELY FOUR  
25 MILES FROM THE AIRPORT. HOW MUCH OF THE SKIES OVER OUR

1 HOMES AND AROUND OUR PROPERTIES ARE YOU GOING TO CLAIM  
2 TO FLY ONE MORE PLANE IN AND OUT OF THAT AIRPORT? IT'S  
3 RIDICULOUS.

4 THEY HAD THE TRANSPORTATION SECRETARY ON  
5 TELEVISION LAST WEEK. THEY ASKED HER IF THE SKIES ARE  
6 GRIDLOCKED. SHE SAYS, WELL, NOT TOTALLY BUT ALMOST.

7 COME ON. GIVE US A BREAK. WE HAVE A BEAUTIFUL  
8 COMMUNITY. YOU ALREADY, ON JANUARY 1ST OF 2000, STARTED  
9 DESTROYING PALOS VERDES, MANHATTAN, REDONDO AND HERMOSA  
10 WITH FLY-OVERS AND THE NOISE COMING FROM THE GROUND AND  
11 THE AIRPORT FROM THE CARGO. WE GET NO SLEEP THREE OR  
12 FOUR NIGHTS OUT OF THE WEEK BECAUSE OF THIS. AND WE  
13 KNOW THAT NOISE AT TAKE-OFF IS LOUDER THAN LANDING.

14 I'M OPPOSED TO THIS. YOU GUYS LIE. MY GREAT  
15 GRANDFATHER USED TO SAY, A BEAUTIFUL GERMAN MAN, HE  
16 WOULD SAY, "YOU CAN LOCK FROM A THIEF BUT YOU CANNOT  
17 LOCK FROM A LIAR." AND ALL YOU PEOPLE WANT TO DO IS  
18 STEAL THE SKIES OVER OUR PROPERTIES AND AROUND US AND  
19 MAKE OUR LIVES MISERABLE SO YOU CAN MAKE ANOTHER BUCK.

20 COME ON, LAX. YOU ARE NOT THE ONLY PLAYER IN  
21 THIS COMMUNITY AND YOU DO NOT DESERVE OR HAVE NOT  
22 DESERVED TO BE DOING WHAT YOU ARE DOING.

23 MS. HILL: HI. MY NAME IS TERESA HILL AND I  
24 LIVE IN EL SEGUNDO. NOTHING I'M GOING TO SAY HASN'T  
25 BEEN SAID BY SOMEONE BEFORE, BUT THEY SAY REPETITION IS

1 THE BEST WAY TO LEARN.

2 ONE OF THE SPEAKERS HAD SAID A LOT OF LAWSUITS  
3 AND STUFF. I HAVE TO SAY, WHEN I THINK AT NIGHT OF THE  
4 L.A. EXPANSION, I THINK OF PG&E. AND IF I WAS LAX, I  
5 DON'T KNOW IF I WOULD WANT TO BE THE NEXT PG&E. PACIFIC  
6 GAS AND ELECTRIC, WE ALL KNOW THE STORY.

7 I LIVE IN EL SEGUNDO. ONE OF THE THINGS THE  
8 EIR REPORT DOES NOT ADDRESS IS THE DURATION OF THE  
9 NOISE. AGAIN, NONE OF THIS HASN'T ALREADY BEEN SPOKE  
10 ABOUT, BUT TODAY I CAN'T HOLD A CONVERSATION WITH MY  
11 NEIGHBORS WITHOUT PAUSING INTERMITTENTLY FOR PLANES TO  
12 GO BY. AND THEY GO BY EVERY FIVE MINUTES OR LESS.

13 ALSO, I SPEND MANY SLEEPLESS NIGHTS BECAUSE OF  
14 THE AIRPLANE NOISE AND THE DURATION OF THIS NOISE. WE  
15 HAVE AIR CARGO PLANES THAT TAKE OFF ALL NIGHT LONG. I  
16 CALL MANY TIMES AND I GET THE SAME FORM LETTER EVERYBODY  
17 ELSE PROBABLY GETS WHEN THEY CALL.

18 AGAIN, AIR QUALITY WAS ADDRESSED PREVIOUSLY AND  
19 I THINK IT WAS VERY WELL COVERED. BUT WE HAVE TO  
20 UNDERSTAND THAT THE PROXIMITY OF THE AIRPORT TO HEAVILY  
21 POPULATED AREAS DOES NOT PROVIDE FOR RESPONSIBLE  
22 EXPANSION. EAST WINDS DRIVE THE POLLUTANTS THAT COME  
23 OUT OF THOSE PLANES RIGHT BACK INTO OUR COMMUNITIES.

24 ONE OF THE THINGS THE EIR TAKES CREDIT FOR IS  
25 NOISE LEVEL REDUCTION, BUT THIS IS REALLY NOT SOMETHING

1 THAT AIRPORT EXPANSION IS ACCOMMODATING. IT'S REALLY A  
2 SOCIAL AND POLITICAL PRESSURE THAT HAS CAUSED THE  
3 PHASE-OUT OF SOME OF THESE PLANES. IT SHOULD NOT BE PUT  
4 AS PART OF THE BENEFIT TO EXPANSION.

5 WE ALSO TALK ABOUT VEHICLES AND HOW THE  
6 POLLUTANTS WILL BE REDUCED AS A RESULT OF THE EXPANSION.  
7 AGAIN, THIS IS JUST COMMON BUSINESS RESPONSIBILITY AND  
8 SHOULD NOT BE TAKEN AS A BENEFIT.

9 AS HAS ALREADY BEEN STATED, THE LOCATION AND  
10 LAND MASS AT LAX DOES NOT FACILITATE EXPANSION. THERE  
11 WAS ONE INDIVIDUAL WHO TALKED ABOUT MOVING FORWARD AND  
12 HOW WE HAVE TO EXPAND HERE. ALL THAT'S GOING TO DO IS  
13 PROLONG A REGIONAL APPROACH. IF YOU'RE AN AIRLINE AND  
14 YOU CAN PLAN ALL YOUR FLIGHTS OUT OF LAX, WHERE ARE YOU  
15 GOING TO PLAN THEM? WE'RE NOT FACILITATING LONG-RANGE  
16 PLANNING HERE.

17 IT'S PRETTY MUCH ALL I HAVE TO SAY. THANK YOU.

18 THE FACILITATOR: THE NEXT SPEAKER IS RICHARD  
19 MULLIGAN FOLLOWED BY LINDA MEYERS.

20 MR. MULLIGAN: THANK YOU. THE HANDOUTS YOU'VE  
21 GIVEN TO US, ONE ENTITLED LAX AND GROUND TRANSPORTATION,  
22 YOU HAVE A NUMBER OF ITEMS AND I WONDER WHY ONE OF THE  
23 ITEMS YOU DID NOT PUT ON HERE IS THE EXPANSION OF  
24 AVIATION BOULEVARD AND THE NUMBER OF LANES FOR AVIATION  
25 BOULEVARD.

1                   ONE OF THE PRIMARY REASONS FOR THAT IS TO  
2 ACCOMMODATE A LARGER AMOUNT OF TRAFFIC. ANOTHER REASON  
3 FOR IT, ALTHOUGH PROBABLY NOT STATED, IS TO ACCOMMODATE  
4 THE LARGE NUMBER OF TRUCK TRAFFIC THAT IS NOW TRAVELING  
5 ALONG AVIATION BOULEVARD TO REACH THE CARGO TERMINALS AT  
6 THE AIRPORT.

7                   THERE IS A TREMENDOUS NUMBER OF FREIGHT  
8 FORWARDERS LOCATED IN OUR COMMUNITY, AND THEY ARE USING  
9 SURFACE STREETS TO GET ACCESS TO THE AIRPORT. I'M  
10 RAISING A SAFETY ISSUE NOW BECAUSE ON AVIATION BOULEVARD  
11 IS A SCHOOL CALLED DANA MIDDLE SCHOOL, AND A NUMBER OF  
12 THE CHILDREN TRAVEL TO THE MIDDLE SCHOOL BY WALKING  
13 ALONG AVIATION BOULEVARD.

14                   SO NOW WE'RE GOING TO HAVE AN EXPANDED NUMBER  
15 OF LANES. AND WITH AN EXPANDED NUMBER OF LANES WILL BE  
16 AN INCREASED NUMBER OF TRAFFIC AND TRUCKS AND ALSO AN  
17 INCREASED SPEED OF THOSE CARS AND TRUCKS. SO I HAVE NOT  
18 SEEN ANYTHING ANYWHERE IN THIS REPORT THAT ADDRESSES THE  
19 SAFETY ISSUE OF OUR CHILDREN THAT ARE GOING TO BE  
20 TRAVELING DAILY, MORNING AND AFTERNOON, TO THE SCHOOL.

21                   ANOTHER THING IS ON ANOTHER HANDOUT, THE 2-1-A  
22 FOR THE MASTER PLAN, "WHAT WILL BE THE IMPACTS OF  
23 TRAFFIC PROBLEMS IN THE AIRPORT AREA?" QUOTE, THE  
24 MASTER PLAN INCLUDES MASSIVE CONGESTION RELIEF  
25 COMPONENTS AND THE DRAFT EIS/EIR STUDIES SHOW THAT THESE

1 MEASURES CAN ELIMINATE ALL OF THE SURFACE STREET AND  
2 FREEWAY IMPACT OF MEETING LOCAL FUTURE AVIATION SERVICES  
3 DEMAND.

4 DO YOU EXPECT ME TO BELIEVE THAT? THAT IS JUST  
5 BALONEY. AND PLEASE DON'T INSULT OUR INTELLIGENCE BY  
6 WRITING SOMETHING TO THAT EFFECT. TELL THE TRUTH. TELL  
7 US WHAT YOU REALLY MEAN WHEN YOU SAY, "IMPACT TO THE  
8 LOCAL COMMUNITY BY THE EXPANSION OF THE AIRPORT UPON OUR  
9 LOCAL TRANSPORTATION INFRASTRUCTURE," AND DON'T TELL US  
10 THAT YOU CAN MITIGATE ALL OF THE INCREASED TRAFFIC THAT  
11 WE'RE GOING TO EXPECT FROM AN EXPANDED AIRPORT.

12 TELL THE TRUTH, PLEASE, AND DON'T INSULT OUR  
13 INTELLIGENCE. THANK YOU.

14 THE FACILITATOR: LINDA MEYERS WILL BE NEXT.

15 MS. MYERS: I'M LINDA MEYERS AT 815 MAIN STREET  
16 IN EL SEGUNDO. THAT'S LIKE ABOUT THREE BLOCKS FROM THE  
17 RUNWAY. AND I'M NOT USED TO GETTING UP AND SPEAKING  
18 PUBLICLY, BUT THIS BOTHERED ME SO MUCH I HAVE TO SAY  
19 SOMETHING.

20 I'M VERY GLAD EVERYBODY IS TALKING ABOUT THE  
21 POLLUTION. THAT'S THE THING THAT BOTHERS ME THE MOST.  
22 I HAD MY PLACE CARPETED NOT TOO LONG AGO, WHICH MEANS  
23 YOU HAVE TO MOVE ALL YOUR FURNITURE OUTSIDE. IT WAS OUT  
24 THERE ABOUT FOUR HOURS. I WIPED EVERYTHING OFF AND  
25 CLEANED IT UP BECAUSE I WAS LOOKING FORWARD TO GETTING

1 NEW CARPET.

2           WHEN I BROUGHT IT BACK IN, I HAD TO WIPE  
3 EVERYTHING OFF. THE SPONGE WAS BLACK WITH ALL THE BLACK  
4 FUEL THAT WAS ON THE FURNITURE. I HAD TO VACUUM  
5 EVERYTHING. THAT'S WHAT WE'RE BREATHING. THAT'S POISON  
6 THAT WE'RE BREATHING. I HAVE TO WIPE UP MY KITCHEN  
7 FLOOR EVERY DAY WITH THIS BLACK SOOT.

8           I WOULD LIKE TO INVITE YOU SUPPORTERS OF THE  
9 LAX EXPANSION. WE HAVE A GREEN BELT ALONG IMPERIAL  
10 AVENUE. I'D LIKE YOU TO COME, CAMP OUT FOR ABOUT TWO  
11 WEEKS THERE. EAT YOUR FOOD THERE. BRING YOUR ELDERLY  
12 PARENTS. BRING YOUR CHILDREN AND BREATHE DEEPLY THIS  
13 BLACK SOOT THAT COMES OFF THE AIRPORT EVERY DAY,  
14 ESPECIALLY IN SANTA ANA WINDS WOULD BE BETTER FOR YOU TO  
15 COME DOWN BECAUSE THAT BRINGS IT RIGHT THROUGH. YOU CAN  
16 SMELL THE FUEL PERMEATING THROUGH EL SEGUNDO WHEN WE  
17 HAVE SANTA ANA WINDS.

18           I THINK MAYOR GORDON WILL PROBABLY ALLOW YOU TO  
19 COME AND CAMP OUT IN THAT GREEN BELT. I'D LIKE YOU TO  
20 STAY THERE ABOUT TWO WEEKS AND BREATHE DEEPLY. LEAVE  
21 YOUR FOOD OUT AND THEN EAT YOUR FOOD. SEE WHAT IT'S  
22 LIKE LIVING WITH THAT EVERY DAY. TRY TO SLEEP AND  
23 LISTEN TO THE CARGO PLANES GO BY. YOU WILL SEE WHAT  
24 WE'RE GOING THROUGH. MAYBE GET THAT TOUCH OF WHAT IT'S  
25 LIKE.

1                   THANK YOU.

2                   MS. PALMER:   GOOD AFTERNOON.   MY NAME IS STACY  
3 PALMER AND I LIVE AT 808 MARYLAND STREET IN EL SEGUNDO,  
4 WHICH IS PROBABLY ABOUT A BLOCK AWAY FROM IMPERIAL WITH  
5 RESPECT TO ITS NORTHERN BOUNDARY.   AND, YES, THERE IS AN  
6 INCREDIBLE PROBLEM WITH AIRPLANE TRAFFIC ALREADY.

7                   I CAME DOWN HERE TODAY KNOWING THAT IT WAS  
8 IMPORTANT TO SPEAK UP, AND I THOUGHT PROBABLY THE  
9 EASIEST THING TO DO WOULD BE JUST TO WRITE THIS OUT AND  
10 PUT IT IN A BOX.   BUT THE WHOLE THING IS RIDICULOUS.  
11 IT'S CUMBERSOME.   IT'S NOT FAIR.   IT'S INAPPROPRIATE AND  
12 SO FORTH.   SO I BROUGHT MY PUBLIC COMMENTS WITH ME.   I  
13 PLAN TO READ FROM THEM PRETTY MUCH.

14                   MY INITIAL THOUGHT IS YOU HAVE BEEN  
15 NONRESPONSIVE AND NONACCOUNTABLE WITH RESPECT TO CURRENT  
16 OPERATIONS.   I DON'T KNOW HOW MANY TIMES I HAVE SPECIFIC  
17 OVERFLIGHT INCIDENTS.   AND, YES, I TOOK IT SERIOUS  
18 INITIALLY THAT I OUGHT TO RESPOND TO THOSE WHEN THEY  
19 HAPPENED.

20                   AFTER A FEW SITUATIONS WITH PEOPLE EITHER SORT  
21 OF DISCOUNTING TOTALLY WHAT YOU HAD TO SAY, OR WHEN YOU  
22 ASKED FOR A LETTER, YOU CAME BACK WITH SOME STUPID FORM  
23 LETTER RESPONSE THAT HAD NOTHING TO DO WITH ANSWERING  
24 THE ISSUES AND CONCERNS, THAT'S NUMBER ONE UNDER THE  
25 CATEGORY OF YOU BEING NONRESPONSIVE AND NONACCOUNTABLE.

1           A SECOND SITUATION IS THAT I UNDERSTAND THE  
2           CURRENT PASSENGERS SERVED IS SOMEWHERE AROUND 70  
3           MILLION, AND APPARENTLY THE ORIGINAL SENSE WAS THAT THAT  
4           WAS TO HAVE BEEN 40 MILLION. DOESN'T TAKE A ROCKET  
5           SCIENTIST TO UNDERSTAND THAT YOU'VE NOW PROPOSED 98  
6           MILLION. THEREFORE, IT'S PROBABLY CLOSER TO BEING 170  
7           MILLION.

8           AND IF MY VOICE SOUNDS A LITTLE BIT EXERCISED,  
9           IT'S BECAUSE I'M A LITTLE BIT ANGRY ABOUT THIS ISSUE.  
10          AND IF IT WAS TRUE THAT YOU COULD TRUST POLITICIANS,  
11          THEN THE FACT THAT ALL OF THE PREVIOUS LAX MAYORAL  
12          CANDIDATES SAYING WE'RE AGAINST IT WOULD BE ENOUGH FOR  
13          US TO JUST SAY, OH, OKAY, THEY'RE AGAINST IT. WE DON'T  
14          NEED TO COME SPEAK UP. IT'S NOT GOING TO HAPPEN.

15          BUT I DON'T TRUST THE POLITICIANS. I DON'T  
16          TRUST WHAT THEY SAID. AND I THINK IT'S IMPORTANT TO  
17          STAND UP AND SPEAK UP, AND THAT'S WHY I'M HERE.

18          I BELIEVE THAT YOUR EIR IS LIKEWISE IN SERIOUS  
19          RESPECTS NONACCOUNTABLE. IT SEEMS ACCEPTABLE TO YOU  
20          APPARENTLY TO TRIPLE THE NITROUS OXIDE EMISSIONS WHILE  
21          THEN PROPOSING TO MITIGATE ONLY 30 PERCENT OF THE AMOUNT  
22          YOU TRIPLED. AGAIN, IT DOES NOT TAKE A ROCKET SCIENTIST  
23          BASICALLY TO UNDERSTAND YOU'RE TALKING ABOUT DOUBLING  
24          THE EXISTING NITROUS OXIDE EMISSION, THANK YOU VERY  
25          MUCH.

1           THE PLAN NEEDS TO BE REJECTED FOR MANY REASONS.  
2           AND I DIDN'T TRY TO WAX VERBOSE. I PROBABLY COULD HAVE  
3           FILLED OUT SEVERAL MORE SHEETS. BUT I SUSPECT THAT EVEN  
4           THOUGH I'VE BEEN HERE A SHORT AMOUNT OF TIME, THE  
5           COMMENTS I'VE HEARD HAVE BEEN RESPONSIVE TO WHAT YOU  
6           ALREADY HEARD.

7           THE PLAN NEEDS TO BE REJECTED FOR MANY REASONS.  
8           IT'S INAPPROPRIATE TO TAX THIS CITY AND AREA OF THE  
9           POPULATION TO TAKE CARE OF THE TRAVEL NEEDS FOR MULTIPLE  
10          OTHER REGIONS AS IN ORANGE, RIVERSIDE, SAN BERNARDINO.  
11          THIS PLAN IS AN OUTRAGE. IT'S A FRAUD AND YOUR ATTEMPT  
12          TO PERPETUATE IT BOARDS ON FORCED AGGRESSION.

13          THE FACILITATOR: NEXT IS ANDREW DUPREE.

14          MR. DUPREE: HI. THANK YOU. I DID NOT COME  
15          PREPARED WITH A SPEECH LIKE THIS WONDERFUL LADY JUST  
16          PREPARED. BUT THE THOUGHTS THAT GO THROUGH MY MIND  
17          ABOUT WHAT LAX AND THE FAA AND THE ATA IS TRYING TO DO  
18          HERE I FIND OUTRAGEOUS.

19          I WOULD LIKE TO KNOW HOW THE FAA AND THE ATA  
20          HAD HEARINGS DOWN IN SEAL BEACH TO ASK THOSE PEOPLE IF  
21          IT WAS OKAY TO HAVE FLIGHTS FLY OVER THE PALOS VERDES  
22          PENINSULA. WHY WEREN'T THERE HEARINGS IN PALOS VERDES?

23          I'D ALSO LIKE TO EXPRESS THAT, JUST FOR THE  
24          SHORT TIME THAT I'VE BEEN HERE, EVERYONE DOES NOT WANT  
25          THIS EXPANSION. WE DON'T WANT AIRPLANES AND JETS FLYING

1 OVER OUR HOMES AT 2:00 A.M. IN THE MORNING.

2 YOU TRY TO HARVARDIZE THIS THING BY PUBLISHING  
3 BOOKS TWO TO THREE HUNDRED PAGES LONG THAT NO ONE IS  
4 GOING TO READ. WHY CAN'T WE AS CITIZENS SAY, LOOK, WE  
5 JUST DON'T WANT IT? WHATEVER HAPPENED TO CITIZENS  
6 GETTING RESPECT FROM GOVERNMENTS AND AGENCIES? WE JUST  
7 DON'T WANT IT, PLAIN OUT AND SIMPLE.

8 THANK YOU.

9 MS. POLK: DELLA BEAL HAS FILLED IN A FORM.  
10 SHE HAS A CHRONIC CHEST CONDITION. SHE ASKED ME TO READ  
11 THIS.

12 THERE HAS BEEN LITTLE SAID ON THIS POINT AND I  
13 WISH TO BE SURE IT IS EXPRESSED BEFORE WE LEAVE. WHAT  
14 YOU HAVE DONE IS FORCE US INTO BAD-MOUTHING OUR OWN  
15 BEAUTIFUL CITY. YOU HAVE FORCED US IN EFFECT TO  
16 DEPRECIATE OUR OWN PROPERTY BY POINTING OUT ITS DEFECTS.

17 YOU HAVE HEARD AN OUTPOURING OF THESE  
18 NEGATIVES. YOU HAVE HEARD US BAD-MOUTHING OUR OWN  
19 PROPERTY WHEN WE SHOULD BE SINGING ITS PRAISES FOR IT  
20 HAS MANY BEAUTIES TO BE PRAISED. IT IS A DESPERATE  
21 ENDEAVOR WE ARE IN WHEN WE ARE FORCED TO PUT OUR WORST  
22 FOOT FORWARD.

23 THE FACILITATOR: ARE THERE ANY OTHER SPEAKERS  
24 WHO WOULD LIKE TO SPEAK AT THIS TIME? IF NOT, WE'LL  
25 TAKE A TEN-MINUTE BREAK AND RECONVENE THE PUBLIC

1 HEARING.

2 LET'S TAKE OUR BREAK AND WE'LL HAVE YOU AS THE  
3 FIRST SPEAKER IF YOU COMPLETE A CARD AT THE INFORMATION  
4 DESK.

5 (WHEREUPON, THERE WAS A CHANGE OF REPORTERS  
6 AT 5:35 P.M.)

1 (PROCEEDINGS RESUMED AT 4:45 P.M.)

2 THE FACILITATOR: LADIES AND GENTLEMEN,  
3 IT'S 4:45, SO WE WILL NOW RECONVENE OUR TESTIMONY.  
4 OUR FIRST SPEAKER WILL BE EDNA FREEMAN.

5 MS. EDNA FREEMAN: THERE'S NO ONE HERE TO  
6 LISTEN TO ME NOW.

7 THE FACILITATOR: WE'RE HERE TO LISTEN,  
8 MA'AM.

9 MS. EDNA FREEMAN: I'M EDNA FREEMAN AND I  
10 LIVE IN EL SEGUNDO. I'VE LIVED IN EL SEGUNDO EVER  
11 SINCE I MOVED TO AMERICA IN ABOUT SINCE 1957.

12 WHEN WE CAME HERE, FIRST THE AIRPORT WAS  
13 EAST OF SEPULVEDA, IT WAS JUST A LITTLE SHACK, BUT I  
14 WANT TO TALK ABOUT PRIOR TO 1975, MY HUSBAND AND I  
15 HAD APARTMENTS ON ARBOR VITAE. WE HAD TO CHANGE THE  
16 CARPETS CONSTANTLY THERE AND BUY NEW DRAPES BECAUSE  
17 OF THE POLLUTION. IT WAS ON THE WALKWAYS, IT WAS  
18 JUST GREASE AND SOOT. NOW, THAT WAS BEFORE 1975.  
19 YOU KNOW NOW IT'S EVEN WORSE. IF THE AIRPORT  
20 EXPANDS, IT'S GOING TO BE EVEN WORSE. AT THAT TIME  
21 IT WAS DREADFUL. THAT'S ALL I'VE GOT TO SAY.

22 THE FACILITATOR: THANK YOU, MA'AM. DO  
23 WE HAVE ANY OTHER SPEAKER CARDS AT THIS TIME? WE'RE  
24 GOING TO GO OUT TO THE DESK AND SEE IF WE CAN PICK  
25 UP ANY MORE SPEAKER CARDS.

24  
25

( PAUSE IN PROCEEDINGS. )

THE FACILITATOR: GOOD DAY, LADIES.  
THANKS FOR COMING.

THE NEXT SPEAKER WILL BE LINDA MEYERS.

MS. LINDA MEYERS: HI, LINDA MEYERS FROM  
815 MAIN STREET. I JUST WANTED TO MENTION ONE OTHER  
THING THAT IS A BIG CONCERN. OF COURSE, THE  
POLLUTION, AS I MENTIONED, WAS ONE OF MY BIGGEST  
CONCERNS, BUT ANOTHER THING, THE MORE CROWDED THE  
AIRPORT IS, EVEN NOW WHAT WORRIES ME, THE PLANES  
GOING OVER, THEY MAKE THE EARLY TURNS. THEY'RE  
SUPPOSED TO GO STRAIGHT UP, THEY ALL MAKE EARLY  
TURNS. THEY'RE FLYING DIRECTLY OVER THE HYPERION  
PLANT. IF ONE OF THOSE PLANES WAS TO CRASH INTO THE  
HYPERION PLANT, CAN YOU EVEN IMAGINE WHAT WOULD  
HAPPEN TO THE L.A. COUNTY SEWAGE? AND THAT KIND OF  
THING IS WHAT REALLY WORRIES ME.

WE HAVE ELECTRICAL, WE HAVE EDISON, WE  
HAVE ALL KINDS OF MAJOR INDUSTRIAL TYPE THINGS ALONG  
THE SHORE THERE THAT THE AIRPLANES FLY OVER. SO I'M  
WANTING TO KNOW, WHAT TYPE OF THING ARE YOU TAKING  
INTO CONSIDERATION IF YOU EXPAND THE SAFETY OF THAT  
AREA, IF YOU'RE MAKING SURE THAT THERE WOULD BE NO  
EARLY TURNS? THAT NOW SHOULD BE SOMETHING YOU'RE  
CONSIDERING AS IN NO EARLY TURNS. THANKS.

1 THE FACILITATOR: THANK YOU, MA'AM.  
2 MS. EDNA FREEMAN: CAN I SAY SOMETHING  
3 ELSE?  
4 THE FACILITATOR: YES, MA'AM, I'LL ADD  
5 THAT TO THE CARD.  
6 MS. EDNA FREEMAN: THIS HAS JUST BEEN  
7 BROUGHT TO MY ATTENTION, IF SOMEBODY CAN SUE THE  
8 TOBACCO COMPANIES FOR \$3 BILLION, WHY CAN'T WE SUE  
9 THE AIRPORT FOR WHAT THEY'VE DONE TO US WITH OUR  
10 LUNGS AND EVERYTHING AND HEALTH?  
11 THE REPORTER: CAN I GET A NAME? I  
12 DIDN'T GET A NAME.  
13 THE FACILITATOR: THAT'S MRS. BEALE, OLGA  
14 BEALE.  
15 MS. EDNA FREEMAN: NO, EDNA FREEMAN.  
16 THE FACILITATOR: I'M SORRY, EDNA  
17 FREEMAN. DO WE HAVE ANY OTHER PUBLIC TESTIMONY?  
18 ANYONE WHO WOULD LIKE TO SPEAK AT THIS POINT? WE  
19 WILL REMAIN OPEN UNTIL 7:00.  
20 (PAUSE IN PROCEEDINGS.)  
21 THE FACILITATOR: I'D LIKE TO CALL HELEN  
22 SABIN AND FAITH WOMACK, PLEASE. LADIES, JUST FOR  
23 YOUR INFORMATION, WE HAVE THREE MINUTES. THIS IS  
24 THE FEDERAL AVIATION ADMINISTRATION HEARING. YOUR  
25 TESTIMONY WILL BE TAPED. WE ALSO HAVE A COURT

1 REPORTER THAT WILL RECORD THAT, SO IF YOU WOULD  
2 STATE YOUR NAME AND ADDRESS.

3 MS. HELEN SABIN: MY NAME IS HELEN SABIN,  
4 I LIVE AT 28402 QUAIL HILL DRIVE, Q-U-A-I-L H-I-L-L  
5 DRIVE, RANCHO PALOS VERDES. I WANTED TO SHOW UP  
6 TODAY TO STATE THAT I AM AGAINST THE EXPANSION OF  
7 THE AIRPORT. I AM VERY UNHAPPY ABOUT THE FLIGHTS  
8 THAT COME OVER THE PALOS VERDES PENINSULA. I THINK  
9 THAT IT WILL CAUSE A TREMENDOUS DECLINE IN PROPERTY  
10 VALUES IF THE AIRPORT IS ALLOWED TO EXPAND. IF  
11 YOU'RE GOING TO EXPAND AND YOU HAVE TO MEET THE NEED  
12 AND THE DEMAND, THEN I SUPPORT THE REGIONAL PROJECT  
13 AS I SEE IT PROPOSED OUTSIDE AS I HAVE BEEN READING  
14 ABOUT IT. THAT'S MY COMMENTS.

15 THE FACILITATOR: THANK YOU, MA'AM. NEXT  
16 WILL BE FAITH WOMACK.

17 MS. FAITH WOMACK: HELLO, MY NAME IS  
18 FAITH WOMACK AND I'M LIVING AT 935 MAIN STREET IN EL  
19 SEGUNDO. I LIVE VERY CLOSE TO THE AIRPORT, RIGHT  
20 NEAR THE IMPERIAL HIGHWAY, AND I WANT TO SAY THAT  
21 THE VERY FIRST NIGHT I SLEPT IN EL SEGUNDO, I WOKE  
22 UP IN THE MIDDLE OF THE NIGHT AND I ACTUALLY THOUGHT  
23 I WAS SLEEPING ON THE RUNWAY AND THAT A SPACESHIP  
24 WAS TAKING OFF RIGHT OVER ME. THAT'S HOW LOUD IT  
25 WAS, AND OVER TIME, I KNOW MY HEARING MUST BE

1       DEADENING BECAUSE I HARDLY HEAR SOME OF THESE  
2       SOUNDS, BUT I'M NOT SURE WHAT FLIGHT PATTERN IS  
3       GOING ON AT NIGHTTIME.

4                   IT SEEMS LIKE WE'RE NOT HAVING THE VERY  
5       BIGGEST PLANES FLYING ON THE SOUTHERN SIDE OF THE  
6       AIRPORT AT NIGHT, BUT EVERY ONCE IN A WHILE YOU HEAR  
7       A REALLY BIG ONE TAKING OFF, AND I JUST SHUDDER TO  
8       THINK THAT THEY MIGHT INCREASE THAT OR MAYBE HAVE  
9       MORE OF THE BIGGER PLANES TAKING OFF ON OUR SIDE AT  
10      NIGHT, BECAUSE IT'S VERY DISTURBING TO TRY TO SLEEP  
11      WHEN THERE'S A PLANE TAKING OFF EVERY FIVE MINUTES.  
12      IT SEEMS LIKE EVERY THREE TO FIVE MINUTES A PLANE IS  
13      TAKING OFF.

14                   AND ANOTHER THING IS THAT I ALSO WORK IN  
15      EL SEGUNDO AT THE LOS ANGELES AIR FORCE BASE AND MY  
16      CAR IS CONSTANTLY COVERED WITH THIS JUNKY STUFF.  
17      EVERY WEEK THE CAR HAS TO BE WASHED AND WAXED, IT'S  
18      JUST REALLY DISGUSTING, AND I THINK, WHAT CAN MY  
19      LUNGS BE LIKE? I'VE BEEN IN AND OUT OF THIS,  
20      WALKING AROUND BREATHING THAT AIR, AND IT'S  
21      TERRIBLE.

22                   I WOULD SUPPORT THE EXPANSION OF OTHER  
23      AIRPORTS TO SHARE THE LOAD. I UNDERSTAND THAT IT'S  
24      A SERIOUS ISSUE, THAT PEOPLE NEED TO FLY, I KNOW I  
25      FLY. I APPRECIATE BEING ABLE TO GO OVER THERE AND

1 TAKE AN AIRPLANE, BUT I JUST REALLY DON'T LIKE THE  
2 IDEA THAT THE L.A. AIRPORT WILL BE THE ONLY ONE  
3 EXPANDED. THAT'S ALL.

4 THE FACILITATOR: THANK YOU, MA'AM.  
5 THAT'S ALL THE PUBLIC COMMENTS WE HAVE AT THIS  
6 POINT. WE'LL WAIT UNTIL OTHERS ARRIVE.

7 (PAUSE IN PROCEEDINGS.)

8 THE FACILITATOR: WE WILL ADJOURN FOR A  
9 FIVE-MINUTE BREAK.

10 (WHEREUPON, A RECESS WAS TAKEN FROM  
11 5:58 P.M. UNTIL 6:29 P.M.)

12 THE FACILITATOR: WE HAVE A SPEAKER,  
13 MR. DAVID PRICE. AND, SIR, JUST TO REMIND YOU, THIS  
14 IS THE FEDERAL AVIATION ADMINISTRATION PUBLIC  
15 HEARING. YOU'LL HAVE THREE MINUTES FROM THE TIME  
16 THE CLOCK STARTS, AND THE FLOOR IS YOURS.

17 MR. DAVID PRICE: MY NAME IS DAVID PRICE,  
18 I'M A HOMEOWNER, RESIDENT HERE IN MANHATTAN BEACH.  
19 JUST FOR THE RECORD, I HAPPEN TO LIVE JUST SOUTH OF  
20 ROSECRANS AVENUE, JUST WEST OF SEPULVEDA, AND  
21 GENERALLY YOU'RE GOING TO HEAR THAT I'M OPPOSED TO  
22 THE EXPANSION OF THE AIRPORT.

23 I'M NOT AGAINST THE AIRPORT, I DON'T DENY  
24 ITS RIGHT TO EXIST, I THINK IT'S A WONDERFUL THING  
25 TO HAVE IN THE COMMUNITY AND IT SERVES IT WELL, BUT

1 MY PERSONAL EXPERIENCE HAS BEEN THAT THE PLANES DO  
2 FLY OFF PATH, THEY MAKE A LOT OF NOISE. DESPITE THE  
3 FACT THAT I LIVE RIGHT NEXT TO A REFINERY, I STILL  
4 HEAR THE AIRPORT MORE THAN I HEAR THE REFINERY.

5 CERTAIN TIMES OF THE YEAR, THE ODORS THAT  
6 I EXPERIENCE FROM MY FRONT DOOR ARE GENERALLY WHAT I  
7 WOULD CALL KEROSENE TYPE SMELL WHICH I WOULD EQUATE  
8 WITH THE EXHAUST FROM THE JETS, AND I'M JUST  
9 CONCERNED THAT ANY MORE FLIGHTS COMING IN AND OUT OF  
10 THERE IS JUST GOING TO ADD TO WHAT'S ALREADY GOING  
11 ON AND I WOULD LIKE TO SEE THAT THESE BE MAINTAINED,  
12 IF NOT REDUCED.

13 I'VE WRITTEN TO REPRESENTATIVE HARMAN AND  
14 ASKED THAT SHE CONTINUE HER EFFORTS TO PUSH FOR A  
15 MORE REGIONAL APPROACH WHICH WOULD INCLUDE NOT JUST  
16 THE THREE AIRPORTS SUBJECT TO, YOU CALL YOURSELVES  
17 LAWA, BUT ALSO MAYBE TO INCLUDE THE AIRPORTS IN THE  
18 ORANGE COUNTY AREA, SAN BERNARDINO AREA, IF  
19 POSSIBLE, AND JUST TO LOOK AT THIS OVERALL STRUCTURE  
20 HERE, WHAT WE CALL GREATER L.A., WHICH SERVES A  
21 QUAIN T COASTAL COMMUNITY OF ABOUT 13 MILLION PEOPLE  
22 AND THINK OF IT IN THE BIGGER TERMS THAN JUST WHAT  
23 CAN WE DO FOR LAX. AND I KNOW YOU'D LIKE TO MAKE IT  
24 A BIGGER, BETTER PLACE, BUT IT DOESN'T REALLY HELP.

25 SO THERE'S A LOT OF TECHNICAL ISSUES IN

1 THE EIR. I HAVE THE GREAT PLEASURE OF DEVELOPING  
2 EIR'S MYSELF FOR MY COMPANY, I'M NOT USED TO DEALING  
3 WITH THEM ON A BUSINESS END SUCH AS WHAT YOU'RE  
4 DOING HERE. I KNOW A LOT OF PEOPLE SPOKE ABOUT THAT  
5 EIR/EIS, I GUESS IT'S CALLED ALSO, AS BEING  
6 INSUFFICIENT, AND I'M SURE I'LL PROBABLY PERUSE IT  
7 MYSELF, AND I WANT TO SEE WHAT TYPES OF DEFICIENCIES  
8 THEY'RE TALKING ABOUT, SEE IF THERE'S ANY MERIT.

9 I REALLY HOPE THAT THIS WHOLE PROCEEDING  
10 ISN'T A SHAM, THAT YOU'RE SITTING HERE GOING, "YES,  
11 WE HEAR YOUR CONCERNS," AND THEN WALKING OUT OF THE  
12 ROOM AND DOING WHAT YOU ALREADY HAD YOUR MINDS MADE  
13 UP TO DO; THAT THE COMMENTS EXPRESSED HERE AND IN  
14 THE OTHER TWO MEETINGS THAT ARE GOING ON  
15 SIMULTANEOUSLY AREN'T IGNORED AND ARE LISTENED TO  
16 WITH GREAT AND SERIOUS INTEREST. I APPRECIATE THE  
17 TIME TAKEN HERE AND FOR EVERYBODY ELSE LISTENING.  
18 THANK YOU.

19 THE FACILITATOR: THANK YOU, SIR.

20 MR. ARMSTRONG: JUST TO MAKE SURE YOU  
21 UNDERSTAND, THE COMMENT PERIOD CLOSSES JULY 25TH.

22 (PAUSE IN PROCEEDINGS.)

23 THE FACILITATOR: WE WILL RECONVENE THE  
24 FEDERAL AVIATION ADMINISTRATION HEARING. WE HAVE  
25 ONE LADY WHO WOULD LIKE TO MAKE SOME COMMENTS. IF I

1 CAN ASK PAT BEITING TO PLEASE COME TO THE  
2 MICROPHONE. MA'AM, YOU WILL HAVE THREE MINUTES FROM  
3 THE TIME I START THE CLOCK, AND PLEASE STATE YOUR  
4 NAME AND ADDRESS AND SPEAK CLEARLY AND SLOWLY SO  
5 THAT OUR COURT REPORTER WHO IS RECORDING YOUR  
6 TESTIMONY CAN GET IT DOWN ACCURATELY.

7 MS. PAT BEITING: SURE, THANK YOU.

8 THE FACILITATOR: YES, MA'AM.

9 MS. PAT BEITING: MY NAME IS PAT  
10 BEITING. I LIVE IN MANHATTAN VILLAGE, WHICH IS IN  
11 MANHATTAN BEACH, AND I'M ALSO A MEMBER OF THE BOARD  
12 OF DIRECTORS THERE OF THAT HOMEOWNER ASSOCIATION.  
13 AND I DIDN'T REALLY COME PREPARED TO SPEAK, BUT  
14 SINCE YOU ASKED FOR MY OPINION, IT CERTAINLY IS MY  
15 OPINION THAT IN A GREAT METROPOLITAN AREA LIKE  
16 LOS ANGELES, WE NEED AREAS WHICH ARE REALLY  
17 HOMEOWNER FRIENDLY AND WONDERFUL RESIDENCES THAT  
18 PEOPLE CAN LIVE IN AND MAKE THEIR HOMES WHILE THEY  
19 WORK IN L.A. OR OTHER AREAS NEARBY.

20 AND IT'S JUST SO IMPORTANT TO KEEP THE  
21 QUALITY OF LIFE UP; THAT WE DON'T WANT TO JUST HAVE  
22 A SITUATION WHERE ONLY IN THE SUBURBS ARE PEOPLE  
23 ABLE TO FIND GREAT HOUSING AND A WONDERFUL  
24 LIFE-STYLE AND ALL OF THE THINGS THAT WE ALL JUST  
25 YEARN TO HAVE IN OUR DAILY ENVIRONMENT.

1                   SO IT ALSO STRIKES ME THAT IT WOULD BE  
2           ADVANTAGEOUS TO PEOPLE WHO LIVE IN AREAS LIKE POMONA  
3           AND 29 PALMS AND THAT SORT OF THING TO HAVE SERVICE  
4           ENHANCED. SO IT SEEMS TO ME THAT IF WE DON'T  
5           CONGREGATE EVERYTHING IN JUST ONE AREA LIKE THE  
6           LOS ANGELES INTERNATIONAL AIRPORT, IT SERVES A LOT  
7           OF PEOPLE BETTER AND IN DIFFERENT RESPECTS.

8                   I GUESS I -- I HAD ONE MORE IDEA THAT  
9           WAS JUST ON THE TIP OF MY TONGUE, I FORGOT IT JUST  
10          NOW, BUT I THINK WE WILL -- I THINK WE WILL -- I  
11          THINK WE'LL -- I DON'T THINK, YOU KNOW, THAT  
12          THERE'S ANY -- WE'RE ALL SORT OF IN THE SAME BOAT  
13          IN WANTING WONDERFUL RESIDENTIAL AREAS AND ALL OF  
14          THE THINGS THAT WE ALL LOVE AND TAKE FOR GRANTED,  
15          AND WE ARE JUST HERE TO ASK YOU TO CONSIDER THAT.  
16          THANK YOU.

17                   THE FACILITATOR: THANK, YOU MA'AM. ARE  
18          THERE ANY OTHER SPEAKERS TO BE HEARD? SEEING NONE,  
19          IT'S ABOUT -- IT'S EXACTLY 7:00. I'LL TURN THE  
20          PROCEEDING AND THE HEARING OVER TO OUR FEDERAL  
21          AVIATION ADMINISTRATION REPRESENTATIVE, MR. BRIAN  
22          ARMSTRONG.

23                   MR. ARMSTRONG: IS THERE ANYONE ELSE WHO  
24          HAS NOT HAD AN OPPORTUNITY TO SPEAK CONCERNING THE  
25          INFORMATION IN THE DRAFT EIS/EIR? NOT SEEING ANYONE

1        ELSE, I WILL REMIND EVERYONE THAT IF YOU FEEL YOU  
2        ARE UNABLE TO PROVIDE US WITH VERBAL COMMENTS TODAY,  
3        WE WILL BE ACCEPTING WRITTEN COMMENTS UNTIL  
4        JULY 25TH, 2001. YOU CAN MAIL THEM EITHER TO DAVID  
5        KESSLER AT THE FAA OR TO JIM RITCHIE WITH THE CITY  
6        OF LOS ANGELES. THE ADDRESSES ARE LISTED ON THE  
7        COVER OF THE DRAFT EIS/EIR.

8                        I WANT TO THANK EVERYONE FOR YOUR  
9        COMMENTS TODAY. THIS PUBLIC HEARING FOR THE DRAFT  
10       EIS/EIR AT THE LOS ANGELES INTERNATIONAL AIRPORT IS  
11       NOW CONCLUDED. THANK YOU.

12                        (WHEREUPON, THE PROCEEDINGS WERE  
13                        CONCLUDED AT 7:01 P.M.)

SATURDAY, JUNE 9, 2001  
2:30 P.M.

- - - - -

MR. KESSLER: GOOD AFTERNOON, LADIES AND GENTLEMEN. MY NAME IS DAVID KESSLER, AND I AM AN AIRPORT PLANNER FROM THE FEDERAL AVIATION ADMINISTRATION, WESTERN-PACIFIC REGION.

I WOULD LIKE TO WELCOME YOU TO ONE OF THE THREE PUBLIC HEARINGS THAT THE FAA AND THE CITY OF LOS ANGELES ARE CONDUCTING TODAY FOR THE DRAFT ENVIRONMENTAL IMPACT STATEMENT/ENVIRONMENTAL REPORT, OR EIS/EIR, FOR THE PROPOSED MASTER PLAN AT LOS ANGELES INTERNATIONAL AIRPORT. TWO OTHER PUBLIC HEARINGS ON THIS TOPIC ARE BEING CONDUCTED AT THIS TIME, ONE IN MANHATTAN BEACH AND ONE IN WESTCHESTER.

THE PURPOSE OF THESE HEARINGS IS TO COLLECT COMMENTS FROM THE GENERAL PUBLIC CONCERNING THE ADEQUACY OF THE INFORMATION DISCLOSED IN THE DRAFT EIS/EIR. THE FAA AND THE CITY OF LOS ANGELES, ALONG WITH THE FEDERAL HIGHWAY ADMINISTRATION, AS A COOPERATING AGENCY HAVE PREPARED THE DRAFT EIS/EIR.

I WOULD LIKE TO TAKE THIS OPPORTUNITY TO MAKE SURE THAT EVERYONE UNDERSTANDS THAT NO DECISIONS WILL BE MADE TODAY REGARDING THE PROPOSED PROJECT.

1                   TODAY'S HEARING IS NOT A QUESTION AND ANSWER  
2                   TYPE OF FORUM. OUR JOB IS TO LISTEN TO WHAT YOU HAVE TO  
3                   SAY ABOUT THE ADEQUACY OF THE INFORMATION IN THE DRAFT  
4                   EIS/EIR. IN OTHER WORDS, IT'S YOUR TURN TO TALK TO US.  
5                   SINCE WE ARE HERE TO LISTEN, WE ARE NOT GOING TO RESPOND  
6                   TO QUESTIONS REGARDING THE PRO'S AND CON'S OF THE  
7                   PROPOSED PROJECT.

8                   SINCE 12:00 NOON TODAY, THE CITY HAS HELD A  
9                   PUBLIC WORKSHOP JUST OUTSIDE OF THIS ROOM FOR ANYONE TO  
10                  ASK QUESTIONS ABOUT THE MASTER PLAN, THE ENVIRONMENTAL  
11                  PROCESS AND THE VARIOUS PROPOSED PROJECTS.

12                  FOLLOWING PUBLICATION OF THE DRAFT EIS/EIR  
13                  FOR COMMENT, THE NEXT STEP IN THE JOINT FEDERAL AND  
14                  STATE ENVIRONMENTAL DISCLOSURE PROCESS IS HOLDING THIS  
15                  AND THE OTHER TWO PUBLIC HEARINGS TODAY.

16                  THIS PROCESS BEGAN IN 1997 WITH THE  
17                  PUBLICATION OF A NOTICE OF INTENT TO PREPARE THE JOINT  
18                  EIS/EIR IN THE FEDERAL REGISTER. IN JULY OF 1997, WE  
19                  HELD A SERIES OF MEETINGS WITH MEMBERS OF THE PUBLIC AND  
20                  GOVERNMENTAL AGENCIES TO RECEIVE COMMENTS ON THE SCOPE  
21                  OF THE DRAFT EIS/EIR.

22                  FOLLOWING THOSE MEETINGS, THE DRAFT EIS/EIR  
23                  WAS PREPARED CONSIDERING THE COMMENTS RECEIVED DURING  
24                  THE SCOPING MEETINGS AND THOSE SUBMITTED IN RESPONSE TO  
25                  THE NOTICE OF INTENT. THE DOCUMENT HAS ALSO BEEN

1 PREPARED PURSUANT TO THE NATIONAL ENVIRONMENTAL POLICY  
2 ACT OF 1969, OR NEPA, THE COUNCIL ON ENVIRONMENTAL  
3 QUALITY REGULATIONS, WHICH ARE THE IMPLEMENTING  
4 REGULATIONS FOR NEPA, THE CALIFORNIA ENVIRONMENTAL  
5 QUALITY ACT OF 1970, OR CEQA, AND THE AIRPORT AND AIRWAY  
6 IMPROVEMENT ACT OF 1982, AS AMENDED.

7 FOLLOWING TODAY'S HEARINGS AND THE CLOSE OF  
8 THE COMMENT PERIOD, WE WILL THEN CORRECT AND REVISE THE  
9 EIS/EIR AS NECESSARY BASED ON THE COMMENTS RECEIVED. WE  
10 WILL ALSO PREPARE RESPONSES TO THE COMMENTS WE RECEIVE  
11 AND INCLUDE THOSE RESPONSES IN THE FINAL EIS/EIR.

12 BEFORE WE BEGIN RECEIVING VERBAL COMMENTS, WE  
13 WOULD LIKE TO LET YOU KNOW THE GROUND RULES OF THIS  
14 HEARING.

15 FIRST, AS I SAID EARLIER, WE ARE NOT HERE TO  
16 RESPOND TO QUESTIONS ABOUT THIS PROJECT. WE ARE ONLY  
17 HERE TO LISTEN AND TAKE NOTES. WE ALSO HAVE A COURT  
18 REPORTER PRESENT TO INSURE THAT WE HAVE AN ACCURATE  
19 TRANSCRIPT OF THIS HEARING.

20 FOR ANYONE WHO WOULD LIKE TO SPEAK, WE ASK  
21 YOU TO FILL OUT A SPEAKER CARD, LIKE THIS ONE, AND GIVE  
22 IT TO THE PERSON AT THE SIGN-IN DESK. THAT PERSON WILL  
23 BRING THE SPEAKER CARDS UP TO OUR FACILITATOR, WHO WILL  
24 CALL THE NAMES OF EACH SPEAKER SO WE CAN PROCEED IN AN  
25 ORDERLY FASHION. SO THAT EVERYONE GETS AN OPPORTUNITY

1 TO PROVIDE VERBAL COMMENTS, EVERYONE WILL GET THREE  
2 MINUTES TO SPEAK.

3 TO BE FAIR TO EVERYONE, WE ARE NOT GOING TO  
4 ALLOW PEOPLE TO TRANSFER THEIR ALLOTTED TIME TO SOMEONE  
5 ELSE.

6 I ASK THAT WHEN YOU SPEAK, YOU GIVE US YOUR  
7 NAME AND ADDRESS FOR THE RECORD.

8 WE ALSO HAVE A SPANISH LANGUAGE TRANSLATOR  
9 FOR ANYONE WISHING TO PROVIDE COMMENTS IN SPANISH.

10 IF THERE IS ANYONE WHO FEELS UNCOMFORTABLE  
11 SPEAKING IN FRONT OF A GROUP OR IF YOU NEED MORE THAN  
12 THREE MINUTES TO PROVIDE YOUR COMMENTS, WE ASK THAT YOU  
13 PROVIDE YOUR COMMENTS IN WRITING. WE HAVE COMMENT  
14 SHEETS, LIKE THIS ONE, AVAILABLE FOR YOUR USE AT THE  
15 SIGN-IN DESK. YOU CAN LEAVE YOUR COMMENTS IN THE LARGE  
16 BOX IN THE BACK OF THE ROOM, OR YOU CAN MAIL YOUR  
17 WRITTEN COMMENTS USING THE COMMENT SHEET OR A LETTER TO  
18 EITHER ADDRESS LISTED AT THE TOP OF THE SHEET.

19 I WOULD LIKE YOU TO -- THIS IS A COMMENT  
20 SHEET -- EXCUSE ME. I WOULD LIKE YOU TO UNDERSTAND THAT  
21 A VERBAL COMMENT IS JUST AS IMPORTANT AS A WRITTEN  
22 COMMENT SO PLEASE FEEL FREE TO PROVIDE ANY COMMENTS ON  
23 THE DOCUMENT YOU MAY HAVE TO US EITHER VERBALLY TODAY  
24 FOR IN WRITING. COMMENTS ARE DUE BY 5:00 P.M., PACIFIC  
25 DAYLIGHT TIME, ON WEDNESDAY, JULY 25, 2001.

1                   LASTLY, I WOULD LIKE EVERYONE TO KNOW THAT  
2                   EVEN THOUGH WE HAVE THIS HEARING SCHEDULED UNTIL 7:00  
3                   THIS EVENING, WE WILL STAY HERE AS LONG AS NECESSARY TO  
4                   GIVE EVERYONE A CHANCE TO PROVIDE VERBAL COMMENTS ON THE  
5                   DRAFT EIS/EIR. AS I SAID EARLIER, OUR JOB HERE IS TO  
6                   LISTEN TO WHAT YOU HAVE TO SAY.

7                   NOW I WILL TURN THIS HEARING OVER TO YOUR  
8                   FACILITATOR, SHAUNA BAIN, WHO WILL COLLECT THE SPEAKER  
9                   CARDS AND CALL THE NAME OF OUR FIRST SPEAKER.

10                   THANK YOU.

11                   THE FACILITATOR: AS DAVE JUST TOLD YOU, MY  
12                   NAME IS SHAUNA BAIN. I WILL BE YOUR FACILITATOR THIS  
13                   AFTERNOON.

14                   ONE OF THE -- JUST TO REITERATE SOME OF THE  
15                   THINGS THAT DAVE WAS TELLING YOU ABOUT OUR PROCEDURES, I  
16                   HAVE THE COMMENT CARDS GIVEN TO US IN THE ORDER  
17                   RECEIVED, AND I WILL CALL FOUR NAMES AT A TIME. I ASK  
18                   THAT YOU GO TO WHATEVER PODIUM IS CLOSEST TO YOU.

19                   AS DAVE SAID, SPEAK YOUR NAME CLEARLY INTO  
20                   THE MICROPHONE BECAUSE OUR COURT REPORTER NEEDS TO  
21                   REPORT THAT, AND YOUR ADDRESS AS WELL.

22                   YOU WILL HAVE THREE MINUTES TO GIVE YOUR  
23                   COMMENTS. THE REASON WE HAVE A THREE-MINUTE TIME IS  
24                   THAT WE WANT TO ALLOW EVERYONE TO HAVE AN OPPORTUNITY TO  
25                   GET THEIR COMMENTS IN.

1                   ONCE YOU GET DOWN TO ONE MINUTE, THE TIMER  
2                   WILL START BLINKING HERE, AND YOU WILL SEE A YELLOW  
3                   LIGHT. YOU CAN REFER TO THIS CLOCK IN FRONT OF YOU TO  
4                   KNOW HOW MUCH TIME YOU HAVE.

5                   WHEN YOUR THREE MINUTES IS UP, THERE WILL BE  
6                   A TONE LIKE A BEEPING SOUND, AND I MAY WAVE TO LET YOU  
7                   KNOW, AND YOU SHOULD START CONCLUDING AT ABOUT THE  
8                   ONE-MINUTE TIME AND GIVE YOUR CONCLUSION SO YOU DON'T  
9                   RUN OVER.

10                  I WOULD APPRECIATE IF EVERYONE COOPERATES  
11                  WITH THAT. WE WILL BE HERE AS LONG AS NECESSARY TO GET  
12                  EVERYONE'S COMMENTS, BUT KNOW THAT NOBODY WANTS TO BE  
13                  HERE ALL NIGHT -- WHATEVER IT TAKES.

14                  I WILL START BY CALLING MY FIRST SPEAKERS.  
15                  AND IF YOU HAVE ANOTHER QUESTION OR COMMENT  
16                  YOU WOULD LIKE TO REGISTER, YOU CAN FILL OUT ANOTHER  
17                  SPEAKER CARD, TURN IT IN AND DO THAT.

18                  THE FIRST FOUR SPEAKERS I WOULD LIKE TO COME  
19                  TO THE PODIUM ARE COUNTY SUPERVISOR YVONNE BRAITHWAITE  
20                  BURKE, PLEASE, JAMES CHON, DOMINIC LAZZARETTO, FELICIA  
21                  BRADFIELD.

22                  YVONNE BURKE: MY NAME IS YVONNE BRAITHWAITE  
23                  BURKE, AND I AM A MEMBER OF THE BOARD OF SUPERVISORS. I  
24                  LIVE WITHIN THE AREA, WITHIN ABOUT SIX MINUTES OF THE  
25                  AIRPORT.

1 WE ACKNOWLEDGE THAT THE AIRPORT IS VITAL TO  
2 THE ECONOMY OF SOUTHERN CALIFORNIA. HOWEVER, WE BELIEVE  
3 THAT THE AIRPORT NEEDS TO ACKNOWLEDGE THAT THEY HAVE  
4 VERY SERIOUS, IF NOT DEVASTATING, IMPACTS ON THE  
5 COMMUNITIES THAT SURROUND IT, AND WHAT REALLY MUST BE  
6 DONE IS TO CORRECT SOME OF THOSE PROBLEMS THAT HAVE NOT  
7 BEEN ADDRESSED.

8 WE HAVE LAZZARETTO & ASSOCIATES, WHO YOU WILL  
9 HEAR FROM, WHO HAVE BEEN RETAINED TO IDENTIFY THE  
10 CONCERNS AND ALSO POSITIVE ASPECTS OF THIS PLAN, BUT I  
11 WOULD LIKE TO PASS TO -- PASS ON TO YOU SOME OF THOSE  
12 CONCERNS THAT WE HAVE IDENTIFIED.

13 ENVIRONMENTAL EXPERTS IN THE AREA OF TRAFFIC,  
14 AIR QUALITY, NOISE, ENVIRONMENTAL JUSTICE AND THE NEPA  
15 AND CEQA PROCESSES HIRED BY THE COUNTY OF LOS ANGELES  
16 HAVE FOUND THAT THE DRAFT EIS/EIR IS FATALLY FLAWED AND  
17 THAT THE PROBLEMS WITH THE DOCUMENT ARE SO PERVASIVE AND  
18 SYSTEMIC THAT THE ONLY PRACTICAL REMEDY IS TO START THIS  
19 PROCESS OVER AGAIN.

20 SPECIFICALLY, ONE OF OUR CONSULTANTS SAID  
21 THERE WAS REALLY NO ADDRESSING OF THOSE ENVIRONMENTAL  
22 JUSTICE ISSUES THAT ARE NECESSARY AND REQUIRED BY THE  
23 FEDERAL PROCESS; THAT THERE ARE A NUMBER OF VERY  
24 SPECIFIC DEFICIENCIES.

25 HOW CAN AN EIS/EIR FOR A PROJECT OF THIS

1 MAGNITUDE IGNORE THE CUMULATIVE IMPACT OF AIR POLLUTANTS  
2 ON THE HEALTH OF THE RESIDENTS BY SAYING THERE IS NO  
3 DATA AVAILABLE?

4 THIS IS TRUE ALSO IN TERMS OF THOSE ISSUES OF  
5 WHETHER OR NOT IT IMPACTS MINORITY COMMUNITIES. THE  
6 STATEMENT IS SIMPLY MADE: THE DATA AND INFORMATION IS  
7 NOT AVAILABLE. THERE IS A BODY OF INFORMATION THAT IS  
8 AVAILABLE THAT SHOULD HAVE BEEN PART OF THIS ENTIRE  
9 PROCESS.

10 WHY IS IT THAT ONLY A LIMITED NUMBER OF  
11 INTERSECTIONS OF AN UNINCORPORATED AREA OF THE COUNTY OF  
12 LOS ANGELES HAVE BEEN ANALYZED WHEN THERE ARE AT LEAST  
13 SEVEN AREAS WITHIN ONE MILE OF THE AIRPORT, ALL OF WHICH  
14 WILL HAVE AND -- WILL BE IMPACTED BY THIS PROCESS.

15 WHY DID THE SCOPING INFORMATION RELEASED IN  
16 1996 INCLUDE SIX ALTERNATIVES FOR STUDY AND THE DRAFT  
17 EIS/EIR RELEASED IN JANUARY 2001 RECOMMENDED A PREFERRED  
18 ALTERNATIVE THAT WAS NOT EVEN MENTIONED IN THE ORIGINAL  
19 SCOPE OF THE EIR AND EIS?

20 WHY DOES THE PHASING OF THE PROJECT APPEAR TO  
21 MAKE ACCESS CIRCULATION IMPROVEMENTS IN PHASE II AND DO  
22 THE ACTUAL DEVELOPMENT IN PHASE I, WHEN REALLY WHAT  
23 SHOULD HAVE HAPPENED IS SOME OF -- SOME OF THIS SHOULD  
24 HAVE BEEN HAPPENING OVER A PERIOD OF YEARS, AND  
25 CERTAINLY THE ACCESS AREAS SHOULD BE INSTALLED PRIOR TO

1 THE TIME OF ACTUALLY PUTTING THOSE TERMINALS IN AND ALL  
2 OF THOSE REQUIREMENTS WHERE PEOPLE WILL HAVE TO COME IN  
3 AND OUT OF THE AIRPORT.

4 I KNOW THAT MY TIME IS EXPIRING, BUT I WOULD  
5 LIKE TO SAY THIS PROCESS SHOULD START AGAIN. THANK YOU  
6 VERY MUCH.

7 THE FACILITATOR: JAMES CHON.

8 JAMES CHON: MY NAME IS JIM CHON, C-H-O-N.  
9 MAILING ADDRESS: P.O. BOX 1460, ALHAMBRA, CALIFORNIA,  
10 91802-1460.

11 I REPRESENT THE LOS ANGELES COUNTY DEPARTMENT  
12 OF PUBLIC WORKS. I AM A TRANSPORTATION ENGINEER FOR THE  
13 DEPARTMENT AND ADDRESS MY COMMENTS TO THE TRAFFIC  
14 INFORMATION PORTION OF THE EIS AND EIR.

15 THANK YOU FOR THE OPPORTUNITY FOR THIS  
16 HEARING TO EXPRESS OUR COMMENTS.

17 FIRST OF ALL, THE L.A. EXPANSION PROJECT  
18 COMES WITH COMPREHENSIVE TRANSPORTATION IMPROVEMENTS  
19 THAT WILL PROVIDE DIRECT ACCESS TO THE AIRPORT BY  
20 THE PROPOSED LAX EXPRESSWAY. GENERALLY, WE BELIEVE THAT  
21 SUCH SYSTEM WILL PROVIDE DIRECT ACCESS FROM THE FREEWAYS  
22 TO THE AIRPORT AND WILL BE BENEFICIAL IN TERMS OF  
23 TRAFFIC CIRCULATION.

24 HOWEVER, THE PROBLEM IS THAT THIS SYSTEM WAS  
25 NEEDED TEN YEARS AGO AND IS OBVIOUSLY MUCH NEEDED FOR

1 TODAY'S CONDITIONS.

2 AS FAR AS THE DOCUMENT IS CONCERNED, WE FEEL  
3 THAT THE DOCUMENT IS TOTALLY INCOMPLETE AND INADEQUATE.  
4 WE HAVE MAJOR CONCERNS WITH IT, AND I HAVE SOME SPECIFIC  
5 COMMENTS ON IT.

6 FIRST OF ALL, ONLY ONE COUNTY INTERSECTION  
7 THAT IS TOTALLY WITHIN COUNTY JURISDICTION WAS ANALYZED  
8 AND THERE WERE 11 OTHER COUNTY/CITY INTERSECTIONS  
9 ANALYZED. WE FEEL THAT IS NOT SUFFICIENT TO ADDRESS THE  
10 IMPACT OF THE COUNTY ON EQUAL AREAS, AS SUPERVISOR BURKE  
11 ALREADY MENTIONED, OF THOSE EIGHT UNEQUAL AREAS IN THE  
12 AREA.

13 JUST TO GIVE YOU A PERSPECTIVE, PLAYA  
14 VISTA, WHICH IS LESS THAN HALF OF THE PROJECT IN TERMS  
15 OF TRIP GENERATION, COVERED A MUCH BROADER AREA IN  
16 TERMS OF STUDY AND ANALYSIS OF THE PROJECT IMPACT AND  
17 MANY MORE INTERSECTIONS.

18 THEY ANALYZED 220 -- 220 INTERSECTIONS FOR  
19 THEIR IN-DEPTH ANALYSIS, AND THE LAX TRAFFIC STUDY  
20 ANALYZED 75, THAT BEING 12 -- ONE COUNTY INTERSECTION  
21 AND 11 THAT ARE SHARED COUNTY/CITY INTERSECTIONS.  
22 OBVIOUSLY, THAT IS NOT ENOUGH, AND IT IS DEFICIENT.

23 COUNTY GUIDELINES WERE NOT USED TO ANALYZE  
24 COUNTY INTERSECTIONS. DATA USED IN THE TRAFFIC STUDY  
25 WERE OLD, OUTDATED. IT WAS DONE IN 1996. THINGS HAVE

1 SINCE CHANGED. THAT IS FOUR YEARS. WE FEEL THAT NEEDS  
2 TO BE UPDATED.

3 ALSO, THE TRAFFIC MODEL THAT WAS USED TO  
4 ANALYZE THE STUDY IS PARTIALLY VALIDATED, AND WE FEEL  
5 THAT IS NOT GOOD, IT MAY RESULT IN PUBLIC ASSISTANCE,  
6 AND WE FOUND INCONSISTENCY IN THE TRIP GENERATION INSIDE  
7 THE PROJECT AS OPPOSED TO OUTSIDE.

8 MY TIME IS RUNNING OUT, SO I AM GOING TO  
9 COVER THE HIGHLIGHTS. WE ALSO HAVE CONCERNS ABOUT THE  
10 SURFACE STREETS NORTH OF THE EXPRESSWAY, L.A.  
11 EXPRESSWAY, AND ALSO SOUTH OF THE AIRPORT, AND THE  
12 COMMUNITIES AROUND THE AREAS HAVE EXPRESSED THAT. I  
13 WOULD LIKE THAT TO BE ADDRESSED IN THE EIS/EIR.

14 I HAVE OTHER COMMENTS, BUT OBVIOUSLY MY TIME  
15 IS OUT.

16 THANK YOU.

17 THE FACILITATOR: THANK YOU, MR. CHON.  
18 DOMINIC LAZZARETTO, PLEASE.

19 DOMINIC LAZZARETTO: MY NAME IS DOMINIC  
20 LAZZARETTO. I AM A RESIDENT OF BURBANK. MY ADDRESS IS  
21 550 EAST SANTA ANITA AVENUE. I AM HERE TO REPRESENT THE  
22 L.A. COUNTY BOARD OF SUPERVISORS.

23 AFTER CAREFUL REVIEW OF THE DRAFT EIS/EIR WE  
24 HAVE CONCLUDED THAT THE ERRORS, OMISSIONS AND INACCURATE  
25 ASSUMPTIONS IN THE DOCUMENT ARE SO PERVASIVE THAT ITS

1 VALIDITY IS WHOLLY COMPROMISED. AS A RESULT, THE ONLY  
2 APPROPRIATE ACTION IS TO SUBSTANTIALLY REVISE AND  
3 RECIRCULATE THE DOCUMENT.

4 WE BASE THESE CONCLUSIONS ON THE FOLLOWING  
5 FACTORS:

6 CONSIDERING ONLY THREE ALTERNATIVES FOR A  
7 PROJECT OF SUCH MAGNITUDE IS UNUSUALLY LIMITED.

8 THE PREFERRED ALTERNATIVE CONTAINS THE MOST  
9 SIGNIFICANT IMPACTS YET MEETS THE LEAST NUMBER OF  
10 OBJECTIVES SET FORTH IN THE EIS/EIR.

11 THE DOCUMENT REPEATEDLY ACKNOWLEDGES THAT  
12 LAX IS A PART OF A REGIONAL SYSTEM, BUT THE SCOPING  
13 OUTREACH DID NOT REACH A SINGLE AGENCY WITHIN SAN DIEGO,  
14 ORANGE, RIVERSIDE OR VENTURA COUNTY, AND NONE OF THE  
15 ALTERNATIVES CONSIDERED ANY FORM OF A REGIONAL SOLUTION.

16 THE BASELINES THAT WERE USED WERE  
17 INCONSISTENT AND OUTDATED, WHICH SIGNIFICANTLY REDUCES  
18 THE IMPACTS OF THE PROJECT.

19 THE PROJECT HORIZON YEAR IS 2015, YET THE  
20 PROJECT CANNOT BE COMPLETED BEFORE THAT DATE. THIS ALSO  
21 SKEWS THE POTENTIAL IMPACTS OF THE PROJECT.

22 AIR QUALITY IS KNOWN TO BE A SIGNIFICANT  
23 IMPACT BOTH BEFORE AND AFTER MITIGATION; THEREFORE, THE  
24 MITIGATION DOES NOT APPEAR TO BE SUFFICIENT.

25 THE POPULATION THAT IS SHOWN WITHIN THE 65

1 CNEL NOISE CONTOUR IS HALF OF WHAT LAWA REPORTED IN THE  
2 SAME PERIOD, FOURTH QUARTER 1996. THIS UNDERMINES THE  
3 VALIDITY OF THE DOCUMENT AND MISREPRESENTS THE IMPACTS  
4 OF THE PROJECT.

5 THERE ARE NO NOISE MITIGATION MEASURES IN THE  
6 DOCUMENT EVEN THOUGH THE NOISE WAS DETERMINED TO HAVE  
7 SIGNIFICANT IMPACTS. THIS GOES AGAINST CEQA  
8 REQUIREMENTS.

9 THE ENVIRONMENTAL JUSTICE SECTION FAILS TO  
10 MEET NEPA REQUIREMENTS. AS A RESULT, VALID REVIEW IS  
11 NOT POSSIBLE.

12 AND, FINALLY, THE EIS/EIR SOMEHOW CONCLUDED  
13 THAT SHORT DISTANCE FLIGHTS WOULD GO TO OUTLYING  
14 AIRPORTS, BUT THERE IS NO COMMITMENT TO INSURE THAT IT  
15 HAPPENS. THE DOCUMENT EITHER NEEDS TO EXPLORE THE  
16 IMPACTS OF THESE FLIGHTS STAYING AT LAX OR NEEDS TO  
17 INCLUDE AN ALTERNATIVE THAT PROPERLY IDENTIFIES A PLAN  
18 FOR A REGIONAL SOLUTION.

19 WE WOULD LIKE TO SUBMIT OUR PRELIMINARY  
20 COMMENTS AND FINDINGS INTO THE RECORD OF THIS HEARING,  
21 AND WE WILL STATE OUR FINAL WRITTEN COMMENTS PRIOR TO  
22 THE JULY 25TH DEADLINE.

23 THANK YOU.

24 THE FACILITATOR: TIM LETTER, PLEASE,  
25 CHARLES DICKERSON, DONTRE L. CONERLY, AND JERRY JEFFE.

1 WE WILL START WITH MR. LETTER.

2 TIM LESTER: LESTER. TIM LESTER.

3 I AM EXECUTIVE DIRECTOR OF THE  
4 AFRICAN-AMERICAN CHAMBER OF COMMERCE, AND I HAVE A  
5 STATEMENT FROM MY BOARD, WHICH READS: OUR ORGANIZATION,  
6 WITH A MEMBERSHIP OF 500 INDIVIDUALS, WAS ESTABLISHED TO  
7 PROMOTE BUSINESS OPPORTUNITIES BY AFRICAN-AMERICANS AND  
8 TO EXPAND THESE AFRICAN-AMERICAN OWNED BUSINESSES INTO  
9 THE INTERNATIONAL ARENA.

10 OUR BUSINESS PROGRAMS WERE DESIGNED TO HELP  
11 SMALL BUSINESSES TO GROW AND PROSPER. WE SUPPORT THE  
12 RECOMMENDATIONS OF THE PLAN, ALTHOUGH IT IS FLAWED. WE  
13 REALIZE THAT AT SOME POINT EXPANSION WILL HAVE TO TAKE  
14 PLACE IN L.A. IF THE CITY IS GOING TO CONTINUE TO GROW  
15 AND PROSPER AND IF BUSINESS IS GOING TO CONTINUE TO  
16 GROW.

17 AS ANYONE WHO USES LAX KNOWS, THE SITUATION  
18 IS GETTING WORSE EVERY DAY. DELAYS ARE CAUSING  
19 BUSINESSES MILLIONS OF DOLLARS, NOT JUST HERE IN LOS  
20 ANGELES, BUT IN THE OTHER CITIES AS WELL, SINCE DELAYS  
21 CAUSE RIPPLE EFFECTS.

22 THE PLAN IS ABSOLUTELY GREAT, BUT RIGHT AT  
23 THE MOMENT THAT PLAN IS SO FAR AWAY AND, AS WE ALREADY  
24 HEARD, ALL THE PLANS SO FAR HAVE BEEN FLAWED.

25 IN THE MEANTIME THE PROPOSAL TO MODERNIZE LAX

1 WE BELIEVE SHOULD BE SUPPORTED, AND WE ARE IN SUPPORT OF  
2 THAT MODERNIZATION PROGRAM.

3 THE FACILITATOR: THANK YOU, MR. LESTER.  
4 CHARLES DICKERSON.

5 CHARLES DICKERSON: I AM AN ATTORNEY FOR THE  
6 CITY OF INGLEWOOD, CALIFORNIA. I AM HERE TODAY IN MY  
7 OFFICIAL CAPACITY AS ITS COUNSEL AND ON BEHALF OF ONE OF  
8 OUR COUNCILMEMBERS, JUDY DUNLAP. SHE HAD COMMENTS FOR  
9 YOU AS WELL. I HAVE BEEN ASKED TO CONVEY THE COMMENTS  
10 ON BEHALF OF THE CITY, AS WELL AS THOSE OF ASSEMBLYMAN  
11 JEROME HORTON, WHO ALSO REPRESENTS THE CITY OF INGLEWOOD  
12 IN THE STATE ASSEMBLY. THEY ASKED TO BE ASSOCIATED WITH  
13 MY COMMENTS TODAY.

14 INGLEWOOD IS THE JURISDICTION IMMEDIATELY  
15 EAST TO LOS ANGELES AIRPORT. ALL FLIGHTS THAT GO INTO  
16 LAX HAVE TO PASS DIRECTLY OVER AT VARYING HEIGHTS OF  
17 ANYWHERE FROM 3,000 FEET TO 300 FEET. INGLEWOOD IS MOST  
18 SEVERELY IMPACTED -- IT IS THE MOST SEVERELY IMPACTED  
19 JURISDICTION BY OPERATIONS AT LAX, BOTH PRESENTLY AND IN  
20 THE FUTURE, BECAUSE THE FLIGHT PATHS THAT GO INTO LAX  
21 DIRECTLY PASS OVER THE CITY OF INGLEWOOD.

22 AS AN INITIAL POINT, AS CITY RESIDENTS OF THE  
23 CITY AND OFFICIALS OF INGLEWOOD, WE WOULD LIKE TO STATE  
24 WE ALL OPPOSE EXPANSION OF LAX. WE WANT THAT TO BE  
25 UNEQUIVOCAL. WE HAVE INCREASED AIR TRAFFIC OVER

1 INGLEWOOD -- INCREASED GROUND TRAFFIC THROUGH INGLEWOOD  
2 AND INCREASED AIR TRAFFIC AND POLLUTION IN THE CITY OF  
3 INGLEWOOD.

4 INGLEWOOD SEEKS TO BE A RESPONSIBLE NEIGHBOR  
5 WHO RECOGNIZES THAT WE ARE AN INSEPARABLE PART OF THE  
6 FABRIC, THE ECONOMIC FABRIC OF SOUTHERN CALIFORNIA THAT  
7 WILL FLOW INTO THE REGION AS A RESULT OF INCREASED  
8 BUSINESS FLOWING THROUGH OUR LOCAL AIRPORTS.

9 WE ALSO RECOGNIZE THAT THE ECONOMIC BENEFITS  
10 WILL AFFECT AND IMPACT POSITIVELY THE ENTIRE REGION AND,  
11 THEREFORE, WE BELIEVE THAT THE ENTIRE REGION SHOULD BEAR  
12 THE BURDENS THAT WILL BE IMPOSED BY THE INCREASE OF AIR  
13 FLIGHTS.

14 TO THE EXTENT THAT INGLEWOOD WILL RECEIVE  
15 BENEFIT, WE ARE WILLING TO TAKE ON A PORTION OF THE  
16 BURDEN. BUT WE BELIEVE IN VIEW OF THE FACT THAT MOST OF  
17 THE BURDEN WILL-- MOST OF THE BENEFIT WILL BE RECEIVED  
18 BY OTHERS, THOSE OTHER JURISDICTIONS SHOULD ALSO ACCEPT  
19 THE BURDENS OF INCREASED FLIGHTS AT LOS ANGELES -- LAX.

20 MY TIME IS VERY SHORT. I WANT YOU TO KNOW  
21 THE CITY OF INGLEWOOD HAS PREPARED A LONG RESPONSE TO  
22 THE EIS/EIR, AND IT IS ACCOMPANIED BY TWO OR THREE  
23 HUNDRED PAGES OF EXHIBITS.

24 BUT THERE ARE SEVERAL POINTS I WANT TO  
25 GIVE YOU VERY QUICKLY.

1 THE EIS FAILS TO SATISFY ENVIRONMENTAL  
2 JUSTICE REQUIREMENTS.

3 IT FAILS TO ADEQUATELY CONSIDER ALTERNATIVES  
4 TO THE EXPANSION OF LAX.

5 IT FAILS TO MEASURE SOOT IMPACTS.

6 IT FAILS TO CONFORM TO OTHER RELEVANT PLANS.

7 IT FAILS TO ADEQUATELY ADDRESS THE IMPACT OF  
8 AIR POLLUTION, OF TRAFFIC, IMPACTS OF NOISE INCREASES.

9 IT FAILS TO CONFORM TO LOCAL TRAFFIC PLANS.

10 IT FAILS TO PROPERLY ANALYZE THE HEALTH  
11 EFFECT OF AIRCRAFT NOISE TO OUR CHILDREN PARTICULARLY.

12 ALL OF THESE ISSUES WILL BE ADDRESSED IN OUR  
13 WRITTEN COMMENTS, AND WE THANK YOU FOR THE OPPORTUNITY  
14 TO PROVIDE ORAL COMMENTS TO YOU TODAY.

15 THE FACILITATOR: THANK YOU, MR. LESTER.

16 DONTRE CONERLY: DONTRE CONERLY.

17 DONTRE, D-O-N-T-R-E, LAST NAME C-O-N-E-R-L-Y, 4455 WEST  
18 126TH STREET IN THE CITY OF HAWTHORNE, CALIFORNIA.

19 WHILE I THINK THAT MOST UNDERSTAND THAT THERE  
20 IS A NEED FOR EXPANSION OR POSSIBLE MODIFICATION OF THE  
21 LOS ANGELES INTERNATIONAL AIRPORT, IT IS SOMEWHAT  
22 UNCLEAR THAT THERE WERE CERTAIN THINGS OVERLOOKED AND  
23 NOT CLEARLY EXPLAINED IN REVIEWING THE WORKSHOP TODAY.  
24 I NOTICED THAT ALL OF THE PRESENTERS WERE A LITTLE BIT  
25 VAGUE ON THEIR DETAILS.

1                   NO ONE WAS ABLE TO OFFER CERTAIN SPECIFICS AS  
2 TO WHETHER OR NOT TRAFFIC WOULD BE DECREASED AND WHETHER  
3 OR NOT AIR POLLUTION WOULD BE DECREASED BY CERTAIN  
4 PERCENTAGES. THOSE NUMBERS WERE NOT OFFERED BY THOSE  
5 THAT ATTENDED THE WORKSHOPS. THEY WERE BRUSHED OFF, AS  
6 I AM SURE IT WOULD HAPPEN, AS TO A CERTAIN PLAN OR  
7 WHEREAS CERTAIN NUMBERS AND CERTAIN PERCENTAGES WERE NOT  
8 GIVEN.

9                   ADDITIONALLY, ALL OF THESE PRESENT POSED  
10 METHODS THAT WERE THERE TO OFFSET THE INCREASE OF  
11 TRAFFIC THAT WAS OPEN TO THE EXPANSION OF LOS ANGELES  
12 INTERNATIONAL AIRPORT, AND THERE ARE TRAFFIC DECREASES  
13 AND TRAFFIC DELAYS THAT WE ARE CURRENTLY FACING, AND  
14 INSTEAD OF IMPLEMENTING THESE PARTICULAR PLANS AS AN  
15 OFFSET OF INCREASED EXPANSION OF LOS ANGELES, WHY NOT  
16 IMPLEMENT THESE PLANS TO HELP OFFSET THE TRAFFIC  
17 PROBLEMS THAT WE ARE CURRENTLY FACING ON OUR COMMUTE TO  
18 LOS ANGELES INTERNATIONAL AIRPORT?

19                   I THINK THERE IS SOMETHING ELSE OVERLOOKED,  
20 AND IT MAY NOT BE PRIMARILY A MAJORITY RULE. THE BLUE  
21 BUTTERFLY HABITAT THAT LIES DIRECTLY WEST OF THE  
22 INTERNATIONAL AIRPORT, LOS ANGELES INTERNATIONAL  
23 AIRPORT, WAS BARELY MENTIONED. THE EXPANDED LOS ANGELES  
24 AIRPORT WILL BE SHIFTED TO THE WEST. IN SHIFTING THOSE  
25 EMISSIONS TO THE WEST, THAT WOULD BE DIRECTLY OVER THE

1 HABITAT FOR THIS ENDANGERED SPECIES.

2 NOW IT IS CLEARLY KNOWN THAT LOS ANGELES WILL  
3 NOT BE ALLOWED TO BUILD IN THAT PARTICULAR AREA.  
4 HOWEVER, THERE WILL BE SOMEWHAT OF ADVERSE EFFECTS FROM  
5 THE EXPANSION OF LOS ANGELES AIRPORT TO THE HABITAT OF  
6 THE ENDANGERED BUTTERFLY SPECIES THAT PRETTY MUCH KIND  
7 OF THROWS OUT THE FACT THAT WE ARE ENDANGERING AN  
8 ENDANGERED SPECIES; THAT IF WE ARE GOING TO HAVE  
9 EXPANSION, THAT THREATENS THEIR VERY HABITAT.

10 I WOULD LIKE TO SAY AS A REPRESENTATIVE OF  
11 THE CITY OF HAWTHORNE AND AS A RESIDENT OF THE CITY OF  
12 HAWTHORNE, I THINK THIS EXPANSION HAS NOT BEEN  
13 WELL-THOUGHT-OUT AND HAS NOT TAKEN INTO CONSIDERATION  
14 THE NEEDS OF THE COMMUNITY AND HAS NOT BEEN SENSITIVE  
15 TO THE DEMANDS OF THE COMMUNITY, NOR THOSE THAT WERE  
16 PREPARED BY COUNTY SUPERVISORS OR OTHER PERSONS, AND I  
17 THINK IT SHOULD BE REDONE AND REVISED.

18 THANK YOU.

19 THE FACILITATOR: THANK YOU. JERRY JEFFE.

20 JERRY JEFFE: I REPRESENT THE LOS ANGELES  
21 AREA CHAMBER OF COMMERCE, WHICH REPRESENTS FIVE COUNTIES  
22 IN SOUTHERN CALIFORNIA, WITH THE EXCEPTION OF SAN DIEGO  
23 AND IMPERIAL COUNTIES, SO WE ARE THE ONLY CHAMBER OF  
24 COMMERCE IN THE REGION THAT HAS A REGIONAL APPROACH.

25 THE SPELLING IS J-E-F-F-E AND THE ADDRESS IS

1 350 SOUTH BIXEL STREET, LOS ANGELES, 90017.

2 THE LOS ANGELES AREA CHAMBER OF COMMERCE  
3 COMPLIMENTS LOS ANGELES WORLD AIRPORTS ON THEIR  
4 INITIATIVE IN DEVELOPING VARIOUS ENHANCEMENT PLANS FOR  
5 LAX. THIS SHOWS PROGRESSION TOWARD A SOLUTION THAT WILL  
6 KEEP OUR REGION ECONOMICALLY IN THE NEW MILLENIUM.

7 LOS ANGELES IS THE MAIN ENTRYWAY FOR GOODS  
8 SENT FROM THE PACIFIC RIM NATIONS. WITHOUT A STRONG  
9 EPA INFRASTRUCTURE HERE, THE ENTIRE NATION SUFFERS.

10 SOUTHERN CALIFORNIA IS THE HOME TO NEARLY  
11 6,000 EXPORT AND IMPORT BUSINESSES, WHICH EXPORT NEARLY  
12 110 BILLION DOLLARS IN MANUFACTURED GOODS. THE MAJORITY  
13 OF THOSE EXPORTERS AND IMPORTERS ARE SMALL BUSINESSES --  
14 THE HEART BLOOD OF OUR ECONOMY. WITHOUT WORLD-CLASS  
15 AIRPORTS IN THE LOS ANGELES REGION, MANY OF THESE SMALL  
16 BUSINESSES WILL NOT BE ABLE TO COMPETE ON A WORLD-CLASS  
17 LEVEL.

18 THE CHAMBER PIONEERED AVIATION IMPROVEMENT  
19 EFFORTS THROUGHOUT THE 21ST CENTURY. IN FACT, THE  
20 CHAMBER CHAMPIONED PALMDALE AS A SITE FOR AEROSPACE AND  
21 AVIATION IMMEDIATELY AFTER WORLD WAR II. FOX FIELD IN  
22 THE ANTELOPE VALLEY WAS NAMED AFTER THE CHAMBER MEMBER  
23 WHO LEAD THE EFFORT TO OPEN UP PALMDALE TO AVIATION.

24 WE LOOK FORWARD TO LOS ANGELES WORLD  
25 AIRPORT'S FUTURE MASTER PLAN STUDIES FOR ONTARIO AND

1 PALMDALE AIRPORTS TO CREATE A REGIONAL, 21ST CENTURY  
2 SOLUTION TO SOUTHERN CALIFORNIA'S AIR TRANSPORTATION  
3 DEFICIENCIES.

4 WE ALSO RECOGNIZE THAT IF LAX IS THE CROWN  
5 JEWEL OF AIRPORTS IN SOUTHERN CALIFORNIA, IT MUST BE  
6 MODERNIZED WITH REAL GROWTH IN POPULATION AND ECONOMIC  
7 ACTIVITY.

8 THE FACILITATOR: THE NEXT FOUR SPEAKERS ARE  
9 ERIC JACKSON, SWINTON SCOTT, DAWN MILLER, TAMARA HILL.

10 WE WILL START WITH MR. JACKSON. THAT IS  
11 YOU? WHEN HE GETS TO THE PODIUM.

12 ERIC JACKSON: GOOD AFTERNOON. MY NAME IS  
13 ERIC JACKSON. I WOULD LIKE TO READ A LETTER.

14 "WE ARE SENDING THIS LETTER TO  
15 EXPRESS OUR SUPPORT FOR THE PROPOSED  
16 LAX MODERNIZATION. WE HIGHLY ENDORSE  
17 THE RECOMMENDED MASTER PLAN FOR LAX  
18 AIRPORT, INCLUDING ALTERNATIVES A, B,  
19 OR C.

20 "WE ARE A BUILDING TRADES UNION  
21 OF 4,500 MEMBERS FROM THE PLUMBING AND  
22 PIPING INDUSTRY. THIS MEMBERSHIP AND  
23 OUR FAMILIES ARE A PROUD PART OF THIS  
24 COMMUNITY AND ITS ECONOMY. WE ARE NOT  
25 ONLY EXCITED ABOUT THE POSSIBILITY OF

1                   86,000 JOBS, CONSTRUCTION JOBS, BUT  
2                   ALSO THE COMMERCE IT WILL BRING TO OUR  
3                   CITY.  
4                   "AS HIGHLY TRAINED CRAFTSPEOPLE,  
5                   WE ARE LOOKING FORWARD TO A POSITIVE  
6                   AND REWARDING PARTNERSHIP. WE WILL NOW  
7                   HAVE THE OPPORTUNITY TO SHOW YOU WHY WE  
8                   SAY 'WE DO IT RIGHT THE FIRST TIME.'  
9                   WE LOOK FORWARD TO HELPING WITH THE  
10                  MODERNIZATION OF LAX.  
11                  "HOWEVER, IT SHOULD BE NOTED THAT  
12                  WE DO OPPOSE THE 'NO ACTION/NO PROJECT'  
13                  ALTERNATIVE. WE BELIEVE THIS APPROACH  
14                  WOULD TURN LAX AIRPORT INTO AN AIRPORT  
15                  LIKE NEW YORK, BOSTON, SAN FRANCISCO  
16                  AND WASHINGTON, D.C. THESE AIRPORTS  
17                  ARE ALREADY AT THEIR MAXIMUM CAPABILITY  
18                  AND SOME ARE PLAGUED WITH GRIDLOCK IN  
19                  THEIR SURROUNDING COMMUNITIES.  
20                  "IN CLOSING, WE WOULD LIKE YOU TO  
21                  KNOW THAT WE ARE NOT JUST EXCITED FOR  
22                  OURSELVES, BUT FOR ALL OF LOS ANGELES  
23                  AND BEYOND. THE FLYING PUBLIC AS WELL  
24                  THE BUSINESSES OF THE WORLD, SHIPPING  
25                  CARGO THROUGH LAX, WILL ALSO GAIN

1 GREATLY FROM THE PROPOSED  
2 MODERNIZATION."

3 THE FACILITATOR: THANK YOU, MR. JACKSON.  
4 MR. SCOTT.

5 SWINTON SCOTT: MY NAME IS SWINTON SCOTT.  
6 S-W-I-N-T-O-N, AND SCOTT. I LIVE AT 516 EAST ELLIS  
7 AVENUE, NO.3. IN INGLEWOOD.

8 I AM OPPOSED TO THE THREE ALTERNATIVES.

9 THE ARBOR VITAE INTERCHANGE IS A LINKAGE TO  
10 THE AIRPORT FROM THE SAN DIEGO FREEWAY AND RATHER THAN  
11 SOLVE ANY PROBLEMS FOR AIR TRAVELERS, AS THEY SAID, IT  
12 HAS CAUSED ONLY OVERCROWDING AND POLLUTION.

13 AFTER THE OVERCROWDING AND POLLUTION ON THE  
14 FREEWAY AND ON THE SURFACE STREETS, I DO NOT THINK  
15 ALTERNATIVES A, B OR C ARE ACCEPTABLE, AND I FIND IT  
16 UNACCEPTABLE TO SOLVE THE AIR TRAFFIC PROBLEMS IN THE  
17 AREA WITHOUT CAUSING A CLEAR AND PRESENT DANGER TO  
18 OURSELVES AND TO OUR QUALITY OF LIFE.

19 A REGIONAL AIRPORT SYSTEM IN AN OUTLYING AREA  
20 IS TO OUR BEST ADVANTAGE FOR A SAFE AND, IN THE FINAL  
21 ANALYSIS, A MORE BALANCED APPROACH TO AIR TRAVEL  
22 RESOURCES AND THE ENVIRONMENT.

23 THANK YOU.

24 THE FACILITATOR: THANK YOU, MR. SWINTON.

25 I WANT TO LET EVERYONE KNOW THAT WHEN THE

1 COURT REPORTER ASKS YOU TO SPEAK UP, SHE IS ONLY TRYING  
2 TO RECORD EVERYTHING YOU ARE SAYING FOR OUR  
3 PURPOSES. IT IS NOT TO INTERRUPT YOU. SO IF YOU WOULD  
4 SPEAK AS LOUDLY AS POSSIBLE, I WOULD APPRECIATE IT.

5 MS. MILLER: MY NAME IS DAWN MILLER. I LIVE  
6 AT 516 EAST ELLIS AVENUE, NO. 3 IN INGLEWOOD.

7 AFTER READING THE DIFFERENT ANALYSIS  
8 AVAILABLE TO THE PUBLIC OF THE EIR/EIS, LEARNING WHAT I  
9 COULD ABOUT HOW THE ALTERNATIVE PLANS WOULD OPERATE AND  
10 REVIEWING WHAT YOU HAVE UP HERE, I AM OPPOSED TO THE LAX  
11 EXPANSION, FIRSTLY, BECAUSE THE VIABLE ALTERNATIVES OF  
12 EL TORO AND PALMDALE AND OTHER SITES EXIST TO TAKE CARE  
13 OF THE EXPANDING NEED IN THIS REGION AND BECAUSE OF THE  
14 OUTLINED EXPANSION EASTWARD INTO INGLEWOOD.

15 EACH OF THE ALTERNATIVES MAY BE ABOUT  
16 EXPANSION TO YOU, BUT TO THOSE OF US WHO LIVE IN  
17 INGLEWOOD, IT IS ALL ABOUT POLLUTION, POLLUTION IN THE  
18 FORM OF JETS FLYING OVER US FROM ALL DIRECTIONS,  
19 POLLUTION IN THE FORM OF DIESEL TRUCKS TRAVERSING  
20 INGLEWOOD STREETS TO BRING IN CARGO, AND POLLUTION FROM  
21 THE ADDED AUTOMOBILE TRAFFIC BRINGING MANY MORE  
22 PASSENGERS BY WAY OF THE ARBOR VITAE INTERCHANGE AND THE  
23 EXPRESSWAY.

24 OTHER THAN THESE TYPES OF EXTRA POLLUTION, IF  
25 THEY WERE NOT ENOUGH, THESE ALTERNATIVES WILL ALLOW

1 RUNWAYS TO BE ADDED OR LENGTHENED TO SEPULVEDA  
2 BOULEVARD AND THE AIRPORT EXTENDING ALL THE WAY TO THE  
3 405 FREEWAY. THAT MEANS, IN ADDITION TO ALL THE ADDED  
4 POLLUTION FROM JETS, TRUCKS AND CARS THAT WOULD BE  
5 SPEWING POLLUTION INTO INGLEWOOD, JETS WOULD BE TAKING  
6 OFF AND LANDING LOWER AND LOWER TO OUR HOMES AND  
7 CREATING NOISE POLLUTION.

8 IS THIS EXPANSION ALL SO NECESSARY THAT WE  
9 MUST DESTROY A PERFECTLY WONDERFUL CITY, FURTHER  
10 DETERIORATING THE AIR WE BREATHE, ENDANGERING OUR  
11 CHILDREN, QUITE POSSIBLY OUR LIVES?

12 THERE IS AN ALTERNATIVE. I WOULD LIKE TO  
13 SUGGEST ALTERNATIVE D, WHICH IS WHERE LOS ANGELES WORLD  
14 AIRPORTS GOES INTO A JOINT VENTURE WITH THE CONTROLLING  
15 BODIES OF ORANGE COUNTY AND DEVELOPS EL TORO.

16 MS. HILL: GOOD AFTERNOON. MY NAME IS TAMARA  
17 HILL. T-A-M-A-R-A, LAST NAME HILL, H-I-L-L. I AM THE  
18 PRESIDENT OF THE LENNOX SCHOOL DISTRICT BOARD OF  
19 EDUCATION.

20 OUR DISTRICT HAS 7,000 STUDENTS. THE LENNOX  
21 SCHOOL DISTRICT AND THE LENNOX COMMUNITY IS DEFINED BY  
22 CENTURY BOULEVARD TO THE NORTH, IMPERIAL BOULEVARD TO  
23 THE SOUTH AND PRAIRIE AVENUE TO THE EAST AND LA CIENEGA  
24 TO THE WEST. THE TOWN OF LENNOX IS DIRECTLY ADJACENT TO  
25 LAX.

1 WE ARE YOUR IMMEDIATE NEIGHBORS, AND WE ARE  
2 DIRECTLY UNDERNEATH THE FLIGHT PATH OF LANDING PLANES.  
3 WE KNOW THERE ARE MANY SURROUNDING CITIES THAT WILL BE  
4 AFFECTED BY THE LAX EXPANSION, AND NO OTHER SCHOOL  
5 DISTRICT IN THE COUNTY IS TRULY EXPOSED TO A GREATER  
6 LEVEL OF NOISE AND AIR POLLUTION THAN THE CHILDREN OF  
7 LENNOX.

8 NO OTHER SCHOOL DISTRICT IN THE LAX AREA  
9 WOULD BE MORE ADVERSELY AFFECTED BY THE EXPANSION OF LAX  
10 THAN LENNOX SCHOOL DISTRICT.

11 NEEDLESS TO SAY, OUR DISTRICT AND OUR  
12 COMMUNITY AT LARGE CONTINUALLY HEAR THE PLANS AND FEAR  
13 POLLUTING THE MOST DUE TO OUR PROXIMITY TO LAX.

14 THIS HAS AFFECTED THE LENNOX SCHOOL CHILDREN.  
15 THE UCLA SCHOOL OF MEDICINE HAS CONDUCTED HEALTH CARE  
16 SCREENING, SCREENING MORE THAN 3,500 STUDENTS AND  
17 ADULTS. IT SHOULDN'T BE A SURPRISE WHEN I TELL YOU THAT  
18 THE UCLA MEDICAL PROFESSIONALS FOUND A HIGH AMOUNT OF  
19 ASTHMA AND ALLERGY SYMPTOMS IN OUR COMMUNITY.

20 OUR CHILDREN BEING EXPOSED TO THE TERRIBLE  
21 NOISE OF AIR POLLUTION IS UNACCEPTABLE, AND WHAT IS EVEN  
22 MORE UNACCEPTABLE IS HOW THE LOS ANGELES COMMUNITY  
23 OVERLOOKS THE LENNOX COMMUNITY. WE WANT OUR VOICE TO BE  
24 HEARD AT THE HEARINGS, AND THE THREE MINUTES I AM GIVEN  
25 TO SPEAK IS NOT ENOUGH TIME TO COMPARE CONCERNS AND TO

1 TELL YOU HOW PASSIONATE WE FEEL ABOUT THIS ISSUE.

2 ON BEHALF OF THE SCHOOL BOARD AND THE LENNOX  
3 COMMUNITY, I WOULD LIKE TO INVITE YOU TO VISIT LENNOX,  
4 COME AND SEE HOW OUR CHILDREN LIVE AND ARE AFFECTED BY  
5 THE ALREADY WELL OVER 65 DECIBEL CNEL MEASUREMENT OF  
6 NOISE POLLUTION. COME AND SEE. WE WOULD LIKE TO  
7 PROTECT OUR STUDENTS FROM THE NOISE OF THE DESCENDING  
8 PLANES SO THEY CAN LEARN.

9 LENNOX IS EXPOSED TO THE PLANS FOR  
10 EXPANSION. IF YOU INSIST ON DOING SO, COME TO OUR  
11 COMMUNITY AND SIT DOWN WITH US AND ADDRESS OUR CONCERNS  
12 AND OUR NEEDS.

13 LENNOX IS SMALL, BUT MIGHTY, AND WE ARE  
14 PASSIONATE ABOUT PROTECTING OUR CHILDREN FROM THE AIR  
15 AND NOISE POLLUTION. WE WILL NOT BE DISMISSED OR  
16 OVERLOOKED.

17 THANK YOU.

18 THE FACILITATOR: THE NEXT FOUR SPEAKERS ARE  
19 CURREN PRICE, JOEL KIRSCHENSTEIN, CLAUDIA MARSHALL, AND  
20 SALOMON ZAMORA.

21 CURREN PRICE: CURREN PRICE, COUNCILMAN OF  
22 CITY COUNCIL DISTRICT 1. I REPRESENT AN AREA THAT IS  
23 DIRECTLY IMPACTED AND AFFECTED BY THE AIRPORT, ROUGHLY  
24 THE AREA BOUNDED BY VAN NESS ON THE EAST, LA BREA ON THE  
25 WEST, 76TH STREET ON THE NORTH

1 AND IMPERIAL ON THE SOUTH. THOSE AREAS, AS I MENTIONED  
2 BEFORE, ARE AFFECTED BY TRAFFIC AND ACTIVITY ASSOCIATED  
3 WITH LAX.

4 I SHARE THE CONCERNS THAT HAVE BEEN EXPRESSED  
5 REGARDING THE FAILURE OF THE PLAN TO ADDRESS EXPANSION  
6 SCENARIOS IN SOME OF THE OUTLYING AREAS. I CERTAINLY  
7 BELIEVE THAT THE EXPANSION HAS TO BE A REGIONAL  
8 APPROACH, AND THAT IS SORELY MISSING FROM THE EIR.

9 FOR MOST OF THE CITIZENS I REPRESENT, AND I  
10 HEAR COMPLAINTS ON A WEEKLY BASIS, THEY ARE ABOUT  
11 TRAFFIC OR NOISE OR EXPANSION OR SOMETHING NEW WITH THE  
12 PROJECT. FOR MOST, THE CURRENT LEVEL OF TAKEOFFS AND  
13 LANDINGS IS DISRUPTIVE.

14 WE HAVE HAD ISSUES PREVIOUSLY REGARDING THE  
15 HEIGHT, THE NOISE. THEY ARE BURDENSOME TO MANY WHO LIVE  
16 IN THIS IMMEDIATE AREA. THE PROSPECT OF 40 OR 50 MORE  
17 FLIGHTS A DAY, AS PROJECTED IN THE EIR, IS -- I THINK  
18 MOST OF US FIND THIS TOTALLY UNACCEPTABLE.

19 THE MAJOR TRAFFIC ARTERIES OF THE 405 AND  
20 SEPULVEDA ARE ALREADY CLOGGED DURING RUSH HOUR BECAUSE  
21 OF TRAFFIC, AND AGAIN THE PROSPECTS OF ADDING ADDITIONAL  
22 TRAFFIC ON THESE ARTERIES IS GOING TO BE TOTALLY  
23 BURDENSOME.

24 IN ADDITION TO NOISE AND TRAFFIC, OF COURSE,  
25 THERE ARE ISSUES OF POLLUTION, AND THAT HAS BEEN

1 REFERRED TO BY MANY SPEAKERS AND, AGAIN, IS AN  
2 ADDITIONAL CONCERN FOR THOSE WHO LIVE IN OUR COMMUNITY.

3 SO WHILE WE UNDERSTAND EXPANSION IS A  
4 NECESSARY EVIL, WE FEEL THAT THERE SHOULD BE A MORE  
5 BALANCED APPROACH.

6 THE IDEA OF THE THREE SCENARIOS BEING LAID  
7 OUT WITHIN THE EIR, MEMBERS OF MY COMMUNITY FIND IT  
8 UNACCEPTABLE, AND I AM CONFIDENT IF WE WORK TOGETHER, WE  
9 CAN FIND AN ALTERNATIVE PLAN.

10 BUT I THINK WE NEED TO START OVER, GET  
11 EVERYBODY TO THE TABLE AND THEN ROLL UP OUR SLEEVES TO  
12 MAKE THAT HAPPEN.

13 THANK YOU.

14 THE FACILITATOR: THANK YOU, MR. PRICE.

15 JOEL KIRSCHENSTEIN.

16 JOEL KIRSCHENSTEIN: MY NAME IS JOEL  
17 KIRSCHENSTEIN. I AM SPECIAL CONSULTANT TO THE SCHOOL  
18 DISTRICT AND COUNSEL FOR THE DISTRICT.

19 OUR COMMENTS ARE SPECIFICALLY TO ADDRESS THE  
20 EIS AND EIR, AND I THINK IT IS IMPORTANT FOR US TO  
21 KNOW -- BY THE WAY, WE HAVE HAD MEETINGS WITH STAFF, AND  
22 WE APPRECIATE THE MEETINGS WE HAVE HAD WITH THE LAX  
23 STAFF ON SOME OF THESE ISSUES.

24 WE THINK THAT THE SECTION ON SCHOOLS IS MORE  
25 THAN FLAWED, IT IS NONEXISTENT, AS FAR AS AN

1 INTERPRETATION OF IMPACTS AND MITIGATION ON THE  
2 INGLEWOOD SCHOOL DISTRICT.

3 FOR SOME REASON THE REPORT ADDRESSES LA-USC  
4 AND GOES INTO KIND OF A RAMBLING ANALYSIS OF SOME TYPE  
5 OF IMPACTS THAT THE AIRPORT WOULD HAVE ON THE L.A.  
6 UNIFIED SCHOOL DISTRICT, AND IT DOESN'T REALLY ADDRESS  
7 THE IMPACTS AND MITIGATION.

8 WE WILL BE SUBMITTING A WRITTEN RESPONSE.  
9 IT MAKES IT VERY DIFFICULT TO RESPOND, FOR THE DISTRICT  
10 TO RESPOND, WHEN WE DON'T HAVE THE TECHNICAL IMPACT  
11 SECTION IN THE REPORT TO ADDRESS. WE WANT TO MAKE NOTE  
12 OF THAT.

13 WE WOULD HAVE TO NOW RESPOND FROM THE  
14 STANDPOINT OF WHAT THE OMISSIONS ARE IN THE REPORT,  
15 WHAT IS NOT THERE.

16 WHAT WE WILL BE FOCUSING ON, OUR RESPONSE  
17 WILL BE PRIMARILY IN THREE AREAS. WE WILL HAVE TO  
18 DESCRIBE WHAT THE EXISTING FACTS ARE OF LAX, AND WE  
19 REALIZE THAT LAX IS GOING TO BE HERE. IT IS NOT GOING  
20 TO GO AWAY. SO THERE WILL ALWAYS BE IMPACTS.

21 THEN WE WILL DISCUSS THE IMPACTS OF THE  
22 FLIGHT PATHS ON THE EXPANSION AND THE DIFFERENT  
23 EXPANSION SCENARIOS UP TO A CERTAIN DEGREE. AGAIN, WE  
24 DO NOT HAVE A FULL DETAILED TECHNICAL IMPACT ON THE  
25 HEALTH, SAFETY AND WELFARE ISSUES, WHICH SHOULD HAVE

1 BEEN ADDRESSED IN THE REPORT OF THE STUDENT POPULATIONS.

2 THEN THE THIRD PART WILL BE THE GROWTH  
3 INDUCING IMPACTS IN AND AROUND INGLEWOOD SCHOOLS THAT  
4 WILL OCCUR FROM THE LAX EXPANSION THEMSELVES. AGAIN,  
5 THERE IS NO PARTICULAR FOCUS.

6 BY WAY OF EXAMPLE, THERE IS A SCHOOL CALLED  
7 OAK STREET SCHOOL IN WHICH THE ARBOR VITAE OFFRAMP IS  
8 JUST PART OF THE EXPRESSWAY EXPANSION. IT BASICALLY  
9 DOES AWAY WITH -- WE HAVE ALREADY RESPONDED THAT THAT IS  
10 GOING TO HAVE TO BE RELOCATED, AND THAT IS NOT ADDRESSED  
11 IN THE REPORT EITHER.

12 SO THOSE ARE SOME OF THE ISSUES WE WANTED TO  
13 BRING TO YOUR ATTENTION TODAY. WE WANT TO BE ON RECORD  
14 AND LET YOU KNOW THAT WE HAVE SPECIFIC DETAILS ABOUT THE  
15 OMISSIONS IN THE REPORT.

16 THANK YOU.

17 THE FACILITATOR: THANK YOU,  
18 MR. KIRSCHENSTEIN.

19 CLAUDIA MARSHALL.

20 CLAUDIA MARSHALL: MY NAME IS CLAUDIA  
21 MARSHALL, CLAUDIA M-A-R-S-H-A-L-L, 2118 WEST 81ST  
22 STREET, LOS ANGELES, 90047.

23 I AM NOT HERE TO SPEAK ON POLITICAL PURPOSES,  
24 JUST AS A HOUSE OWNER, HOMEOWNER, LIVING IN SOUTH  
25 CENTRAL L.A.

1                   NO ONE SEEMED TO HAVE THOUGHT OF US, HOW THE  
2                   INCREASE OF AIR FLOW WILL AFFECT US. THE PLANES TRAVEL  
3                   DIRECTLY OVER MY HOME NOW: COMING IN, LANDING. THEY  
4                   ARE SO LOW AT THIS POINT THAT YOU CAN READ THE LOGOS ON  
5                   THE AIRPLANES.

6                   I WAS TOLD WITH THE PROPOSALS, THAT AIR  
7                   TRAFFIC IS GOING TO INCREASE, AND IT WILL BE -- AND THE  
8                   PLANES WILL BECOME LARGER. THAT IS NOT ACCEPTABLE  
9                   BECAUSE AT THIS POINT WE ARE HAVING MAJOR PROBLEMS WITH  
10                  HEARING. YOU CANNOT TALK ON THE TELEPHONE IF A PLANE,  
11                  ONE OF THE BIG JUMBO JETS OR CARGO PLANES, ARE PASSING  
12                  OVER. YOU HAVE TO WAIT UNTIL THEY FINISH, AND THEN YOU  
13                  CAN CONTINUE YOUR CONVERSATION.

14                  I WAS BLESSED WITH A GRANDCHILD, AND  
15                  SOMETIMES I JUST GO TO BED, AND THE PLANES COME OVER,  
16                  AND THEY WAKE HER. THIS MIGHT NOT BE SIGNIFICANT TO  
17                  SOME OF YOU, BUT IT IS VERY IMPORTANT TO US.

18                  THEREFORE, I AM HERE TO JUST SPEAK TO YOU  
19                  ABOUT THE COMMON EVERYDAY PROBLEMS THAT WE ENCOUNTER.

20                  I HAVE BEEN LIVING HERE SINCE 1963 SO I HAVE  
21                  BECOME ACCUSTOMED TO THE AIRPLANE NOISE. IF I HAVE  
22                  OUT-OF-TOWN GUESTS HERE, AND THEY ASK ME: HOW CAN YOU  
23                  DEAL WITH IT, YOU SAY YOU JUST BECOME ACCUSTOMED TO IT.

24                  AND ESPECIALLY DURING THE PEAK HOURS, MORNING  
25                  AND EVENING, THIS IS BECOMING UNBEARABLE IF YOU ARE

1 OUTSIDE IN YOUR YARD OR IN THE BACK PORTION OF YOUR  
2 HOUSE.

3 TO BE SPECIFIC, I LIVE, I GUESS YOU WOULD  
4 SAY, ON THE NORTHEAST PART OF SOUTH CENTRAL, JUST AT THE  
5 DIVIDING LINE OF VAN NESS AND INGLEWOOD. EVERYTHING I  
6 HEAR IS INGLEWOOD, INGLEWOOD. WE ARE THE FORGOTTEN  
7 NEIGHBORS. THE PLANES HAVE TO GET TO INGLEWOOD. IN  
8 ORDER TO GET TO INGLEWOOD, THEY HAVE TO FLY OVER SOUTH  
9 CENTRAL L.A.

10 I WOULD LIKE FOR US TO BE CONSIDERED AND  
11 THOUGHT ABOUT, AND WHEN YOU -- OKAY. SOME OF THE HOMES  
12 IN THE AREA, IN THE ADJACENT AREA, DID GET, I THINK,  
13 SOME WINDOWS OR SOMETHING -- WE WASN'T EVEN CONSIDERED  
14 FOR THAT.

15 SO I WOULD APPRECIATE THAT BEFORE YOU PROCEED  
16 ANY FURTHER, THINK ABOUT THE OTHER PEOPLE IN THE  
17 NEIGHBORHOOD, AND I THANK YOU VERY MUCH.

18 THE FACILITATOR: THANK YOU, MS. MARSHALL.

19 IS SALOMON ZAMORA HERE? SALOMON ZAMORA?

20 FOR YOUR INFORMATION, IF I CALL THE NAME AND  
21 THE PERSON DOES NOT COME UP, I PUT IT IN A PILE, AND IT  
22 GOES TO THE BOTTOM, AND I WILL -- I RE-CALL THEM AS WE  
23 GO FORWARD.

24 THE NEXT FOUR NAMES ARE DR. DOUROUX, THEOLA  
25 GARDNER, ALDENE SLIGH, CLARA WARR.

1 ARE ANY OF THOSE INDIVIDUALS HERE? NO.

2 OKAY.

3 CAN YOU COME UP TO THE PODIUM IN THE ORDER

4 NEAR WHERE YOU WERE CALLED, PLEASE.

5 DR. DOUROUX? DR. DOUROUX IS NOT HERE.

6 THEOLA GARDNER, IS THAT YOU, MA'AM?

7 THEOLA GARDNER: THAT IS ME.

8 THE FACILITATOR: THANK YOU.

9 THEOLA GARDNER: GOOD AFTERNOON. I AM THEOLA

10 GARDENER. I AM A LONG-TIME RESIDENT OF INGLEWOOD. I

11 HAVE BEEN IN MY HOME FOR 40 YEARS AT 9426 FOURTH

12 AVENUE. BEING A LONG-TIME RESIDENT OF INGLEWOOD, I HAVE

13 SEEN MANY CHANGES TAKE PLACE.

14 NOW THAT I AM HEARING ABOUT THE BIG CHANGES

15 THAT ARE SUPPOSED TO TAKE PLACE WITH LAX, IT HAS REALLY

16 BEEN TERRIFYING, AND IT HAS CHANGED, SO TO SPEAK, MY

17 LIFESTYLE OF PEACE AND COMFORT IN MY HOME.

18 YOU SPEAK OF L.A. -- LAX SPEAKS OF PURPOSE

19 AND NEED, AND THESE PURPOSES AND NEEDS ARE SATISFYING TO

20 LAX ONLY. THE NEEDS FOR THE RESIDENTS OF INGLEWOOD ARE

21 COMPLETELY IGNORED IN ALL RESPECTS.

22 YOU SPEAK OF ALTERNATIVE CONCEPTS, CONCEPT A,

23 CONCEPT B, CONCEPT C. ALL CONCEPTS WILL ONLY SUPPORT

24 LAX'S NEEDS AND CAUSE FURTHER DETERIORATION OF

25 SURROUNDING COMMUNITIES WITH THE LOUD NOISE, BEING

1 HAZARDOUS TO YOUR HEALTH AND CAUSING STRUCTURAL DAMAGE  
2 TO THE STRUCTURES OF OUR HOMES, NOT TO MENTION THE  
3 CONGESTION OF TRAFFIC.

4 I FEEL THAT LAX NEEDS TO THINK VERY CAREFULLY  
5 AND GIVE SOME CONSIDERATION TO THE RESIDENTS OF  
6 INGLEWOOD AND SURROUNDING AREAS. THESE PLACES ARE OUR  
7 HOMES.

8 THIS IS YOUR BUSINESS, AND THIS BUSINESS  
9 SERVES THE COMMUNITIES OF MANY PERSONS OTHER THAN JUST  
10 INGLEWOOD, AND I FEEL THAT PERSONS THAT ALSO ARE  
11 RECIPIENTS OF THE SERVICES OF LAX SHOULD TAKE A  
12 RESPONSIBLE SHARE.

13 THANK YOU.

14 THE FACILITATOR: THANK YOU, MS. GARDENER.  
15 ALDENE SLIGH.

16 MS. SLIGH: ALDENE SLIGH, A-L-D-E-N-E, S LIKE  
17 SAM, L-I-G-H. I LIVE AT 9500 FOURTH AVENUE IN  
18 INGLEWOOD.

19 AND I WOULD LIKE TO FIRST SPEAK ON  
20 ENVIRONMENTAL JUSTICE, WHICH I CONSIDER LAX'S MASTER  
21 PLAN AS ENVIRONMENTAL INJUSTICE. FROM EVERYTHING I  
22 OBSERVED HERE AND AT ONE OF THE WORKSHOPS, WHICH WAS  
23 POORLY ADVERTISED, BECAUSE VERY FEW CITIZENS SHOWED  
24 UP -- THAT LAX HAS NOT EVEN CONSIDERED THE CITIZENS OF  
25 THE SURROUNDING -- INGLEWOOD OR THE SURROUNDING AREAS.

1 LAX CANNOT HAVE AN EXPANSION BECAUSE THEY  
2 CANNOT MITIGATE THE PROBLEMS THAT ALREADY EXIST WITHOUT  
3 THE EXPANSION.

4 WE ARE VERY IMPACTED. IT IS AFFECTING OUR  
5 HEALTH. IT IS AFFECTING OUR LIFESTYLE. AND WE ARE NOT  
6 IN AN AREA OF LEAST RESISTANCE, AND I WOULD LIKE  
7 MS. KENNARD TO KNOW THAT. SHE WROTE IN AN ARTICLE THAT  
8 THEY WEREN'T GOING TO GO SOUTH BECAUSE THEY WOULD IMPACT  
9 WELL-DEVELOPED COMMUNITIES. I WOULD LIKE HER TO KNOW  
10 THAT INGLEWOOD IS A BEAUTIFUL, WELL-DEVELOPED COMMUNITY,  
11 AND WE TAKE GREAT PRIDE IN WHERE WE LIVE.

12 THE NEXT AREA IS THE AREA OF TRANSPORTATION.  
13 THE PROPOSED RING ROAD WILL MAKE MORE TRAFFIC AND WILL  
14 ONLY SERVE TO MAKE IT MORE CONVENIENT FOR THE 20 PERCENT  
15 COMING FROM ORANGE COUNTY AND OUTLYING AREAS. THIS WILL  
16 INVOLVE THE DESTRUCTION OF AN ELEMENTARY SCHOOL AND MANY  
17 OF THE HOMES. THAT MEANS THAT IT WILL BE THE TOTAL  
18 DESTRUCTION OF A NEIGHBORHOOD AS WE KNOW IT TODAY.

19 RATHER THAN FOLLOWING THE DICTATES OF THE EIR  
20 AND EIS AS IT IS PRESENTED TO US IN THE  
21 SURROUNDING AREAS IN LAX, WE DEMAND THAT THE PRESENT  
22 PROBLEMS BE MITIGATED IN ALL SURROUNDING AREAS,  
23 PRESENTLY, BEFORE YOU EVEN BEGIN TO THINK EXPANSION.

24 THIS PLAN SEEMS TO BE FRAUDULENT TO ME  
25 BECAUSE IT DOES NOT HAVE A SATISFACTORY AIR QUALITY

1 COMPONENT TO IT. I DON'T EVEN THINK YOU CAN CONSIDER IT  
2 A REAL AIR QUALITY COMPONENT.

3 SO I AM NOT IN FAVOR OF THIS EXPANSION.  
4 THANK YOU VERY MUCH.

5 THE FACILITATOR: THANK YOU, MS. SLIGH.  
6 CLARA WARR.

7 CLARA WARR: CLARA WARR. I LIVE AT 9207  
8 SOUTH THIRD AVENUE IN INGLEWOOD.

9 MY NAME IS CLARA WARR.

10 FIRST OF ALL, I WAS SURPRISED THAT LAWA WOULD  
11 EVEN GIVE THIS 12:00 TO 2:30 TIME FOR A WORKSHOP. I  
12 HAVE NEVER EXPERIENCED SUCH A WORKSHOP BEFORE IN MY  
13 LIFE.

14 AS I LOOK THROUGH THE VOLUME ON THE TABLE,  
15 THE EIR/EIS, I CAME TO PAGE 1040, AND ON THAT PAGE IT  
16 STATED THAT THE POLLUTANTS WOULD PRIMARILY GO EASTWARD.  
17 POLLUTANTS FROM THE AIRPORT WILL PRIMARILY GO EASTWARD  
18 TO INGLEWOOD AND TO COMMUNITIES EAST OF INGLEWOOD.

19 AND AN EXCERPT FROM AN ARTICLE THAT I READ IS  
20 CALLED "EXPOSING AIRPORTS POISON CIRCLES," THAT SAYS IF  
21 YOU LIVE WITHIN SIX MILES OF AN AIRPORT, YOU ARE AT  
22 HEIGHTENED RISK OF DYING PREMATURELY FROM  
23 ENVIRONMENTALLY INDUCED CANCER FROM JET AIRCRAFT, GROUND  
24 VEHICLES AND AIRPORT MAINTENANCE OPERATIONS.

25 I TRIED TO RAPIDLY PERUSE THAT EIR/EIS TODAY

1 TO SEE IF I COULD RECOGNIZE OR FIND THE STUDY THAT WAS  
2 DONE AT -- BY THE WASHINGTON HEALTH DEPARTMENT CENSUS  
3 INVOLVING THE SEATTLE/TACOMA AIRPORT. I COULDN'T FIND  
4 IT. BUT THERE WERE A LOT OF OTHERS THAT REALLY  
5 DOWNPLAYED POLLUTION AND NOISE.

6 BUT I WANT TO CITE WHAT IS SAID IN THIS  
7 ARTICLE, AN EXCERPT FROM THAT WASHINGTON HEALTH  
8 DEPARTMENT CENSUS STUDY AT THE SEA-TAC AREA.

9 BY MOUNTING -- A MOUNTING NUMBER OF STUDIES  
10 CLEARLY SUGGEST THAT AIRPORT POLLUTANTS HAVE BECOME  
11 CHEMICAL GRIM REAPERS GRADUALLY SICKENING AND KILLING  
12 NEARBY RESIDENTS.

13 DATA FROM THE WASHINGTON HEALTH DEPARTMENT  
14 CENSUS WHICH COMPARED 1991 TO 1995 ILLNESS AND MORTALITY  
15 RATES FOR RESIDENTS NEAR THE SEATTLE/TACOMA AREA FOUND  
16 INFANT MORTALITY NEAR THE AIRPORT WAS 50 PERCENT  
17 GREATER, HEART DISEASE WAS 50 PERCENT GREATER, CANCER  
18 DEATHS 36 PERCENT GREATER, AND DEATHS FROM ALL CAUSES  
19 WERE 48 PERCENT GREATER.

20 DID ANYONE BOTHER TO FIND THAT PARTICULAR  
21 STUDY? ALL OF OUR LIVES HAVE BECOME DISPENSABLE AND  
22 DISPOSABLE FOR THE BUSINESS AND ECONOMY DRIVEN L.A.  
23 WORLD AIRPORTS.

24 THANK YOU.

25 THE FACILITATOR: THANK YOU, MS. WARR.

1 THE NEXT FOUR NAMES I HAVE ARE MIKE

2 STEVENS.

3 MR. STEVENS, ARE YOU AVAILABLE?

4 WALTER COLE.

5

6 (CHANGE OF REPORTERS.)

42

1 THE FACILITATOR: MR. STEVENS, ARE YOU AVAILABLE?

2 WALTER COLE? IS MR. COLE AVAILABLE? MRS. STEPHEN J.  
3 BERARDI. AND I CAN'T READ YOUR FIRST NAME. THE LAST  
4 NAME IS SLAUGHTER.

5 CAN WE START WITH MIKE STEVENS.

6 MR. MIKE STEVENS: YES. MY NAME IS MIKE STEVENS.  
7 I'M A RESIDENT OF INGLEWOOD, ALSO PRESIDENT OF AN  
8 ORGANIZATION CALLED LAX EXPANSION NO.

9 YOUR COMMUNITY OUTREACH, AS YOU CAN SEE HERE  
10 TODAY, HAS FAILED. I SUGGEST THAT YOU CONDUCT ANOTHER  
11 OUTREACH, A SINCERE ATTEMPT TO GET THE PEOPLE OF  
12 INGLEWOOD, SOUTH CENTRAL LOS ANGELES, PEOPLE WHO ARE  
13 GOING TO CARRY THE BRUNT OF THIS PROPOSED EXPANSION SO  
14 THAT THEY CAN UNDERSTAND WHAT'S ABOUT TO HAPPEN. MANY  
15 PEOPLE DO NOT KNOW.

16 NOW, IF YOU EXPECT LAX EXPANSION NO TO DO YOUR  
17 OUTREACH FOR YOU, THEN MAYBE YOU SHOULD GIVE IT A SYSTEM  
18 TO DO THAT. BUT TO PUT THE BLAME ON US, THAT WELL, YOU  
19 SHOULD HAVE CONTACTED YOUR OVER 3,000 MEMBERS, IS  
20 UNFAIR.

21 NOW, ANOTHER PROBLEM IS THIS, WITH THE DOCUMENT  
22 ITSELF. IT IS NOT YOUR FORMULAS FOR YOUR FLEET MIX.  
23 YOUR FLEET MIX, IF YOU TAKE ONE PLAN AND CHANGE THAT,  
24 LET'S SAY, FROM DC-10 TO A 747, AUTOMATICALLY, ALL YOUR  
25 CALCULATIONS ARE AUTOMATICALLY OFF. SO YOUR DOCUMENT IS

1 BASED UPON A FORMULA, NUMBER ONE, THAT YOU DON'T  
2 DOCUMENT IN THE DOCUMENT.

3 NUMBER TWO, IT'S NOT A PRACTICAL WORKING  
4 DOCUMENT, NOR DID YOU MAKE IT READILY AVAILABLE. THE CD  
5 DISK THAT YOU PROVIDED FOR COMMUNITY OUTREACH IN EXCESS  
6 OF \$60, 65, I BELIEVE IT IS, THAT COULD BE PRODUCED FOR  
7 AS LITTLE AS \$5, MASS-PRODUCED, WITH THE COLOR LOGO AND  
8 EVERYTHING. SO YOU IN EFFECT ARE LIMITING THE PEOPLE  
9 WHO ARE ABLE TO EVEN RESPOND TO THE DOCUMENT, WHICH IS  
10 WHAT THIS IS ALL ABOUT. IT'S NOT COMMUNITY OUTREACH.

11 WHAT THIS IS IS BASICALLY YOU'RE NOT EVEN  
12 LOOKING TO APPROVE, IN MY OPINION, THAT DOCUMENT SO  
13 FAR. THAT'S JUST FROM A LAYMAN'S POINT OF VIEW. YOU'RE  
14 LOOKING TO APPROVE PORTIONS OF IT, AND THEN YOU'LL TAKE  
15 A PORTION OF A, B, AND C, AND THEN YOU'LL BRING TOGETHER  
16 YOUR CONCEPT THAT YOU'RE GOING TO USE.

17 BUT YOU NEED TO HAVE AN EIR IN ORDER TO EXTEND  
18 ANY RUNWAY. AND ALL THREE OF YOUR ALTERNATIVES IDENTIFY  
19 A RUNWAY GOING ACROSS SEPULVEDA BOULEVARD AND COMING  
20 EASTWARD TOWARDS INGLEWOOD. AND THAT'S MY BIGGEST  
21 PROBLEM WITH YOUR DOCUMENT, IS THAT YOU ARE GOING TO BE  
22 BRINGING RUNWAYS CLOSER TO INGLEWOOD, BECAUSE WHEN YOU  
23 TURN THE AIRPORT AROUND BECAUSE OF WEATHER CONDITIONS,  
24 THAT MEANS NOW THE TAKEOFF IS GOING TO BECOME A LOT  
25 LOWER. THAT MEANS TAKEOFF IS GOING TO BECOME A LOT

1 NOISIER. AND THOSE PLANES TAKE OFF OVER INGLEWOOD.

2 SO YOUR WHOLE PROCESS IS FLAWED, YOUR DOCUMENTS  
3 ARE FLAWED, EVERYTHING ABOUT THIS IS FLAWED. THANK YOU  
4 VERY MUCH. AND HAVE A GOOD DAY.

5 AND THE REST OF YOU, I WANT TO LEAVE EARLY,  
6 BECAUSE TODAY IS MY DAUGHTER'S BIRTHDAY, SO I WILL NOT  
7 BE HERE TO CARRY ON WITH YOU. BUT LET'S HOPE THAT THEY  
8 HAVE ANOTHER COMMUNITY OUTREACH MEETING SO THAT OUR  
9 NEIGHBORS AND FRIENDS CAN PARTICIPATE.

10 THE FACILITATOR: MR. COLE.

11 MR. WALTER COLE: HI, MY NAME IS WALTER COLE,  
12 C-O-L-E. I'M REPRESENTING CONGRESSWOMAN MAXINE WATERS.

13 FIRST OF ALL, I HAVE A STATEMENT ACTUALLY FROM  
14 THE CONGRESSWOMAN, WHO UNFORTUNATELY CAN'T BE HERE  
15 TODAY -- SHE IS IN D.C. -- TO TAKE CARE OF MIKE STEVENS  
16 AND THE PITIFUL AMOUNT OF OUTREACH THAT LAWA HAS DONE  
17 TO ADVERTISE THESE EVENTS. THE WORKSHOPS DON'T SEEM TO,  
18 YOU KNOW, COINCIDE WITH OTHER TYPES OF WORKSHOPS I'VE  
19 SEEN BEFORE, AND THE LOW TURN-OUT THAT OBVIOUSLY WE SEE  
20 HERE AND AT OTHER EVENTS. AND THEY ALWAYS SCHEDULE IT  
21 ON THE DAY WHEN ONE OF THE LARGEST SPORTING EVENTS AT  
22 HOLLYWOOD PARK IS ALSO HAPPENING. I THINK IT'S NOT A  
23 COINCIDENCE.

24 FIRST OF ALL -- WELL, I'LL JUST READ THE  
25 CONGRESSWOMAN'S STATEMENT.

1           TODAY THE CITIZENS OF INGLEWOOD, WESTCHESTER,  
2 SOUTH CENTRAL LOS ANGELES, AND OTHER COMMUNITIES  
3 SURROUNDING LOS ANGELES INTERNATIONAL AIRPORT WILL MAKE  
4 THEIR COLLECTIVE VOICES HEARD. THEY WILL SPEAK LOUD AND  
5 CLEAR TO THE OFFICIALS OF LOS ANGELES WORLD AIRPORTS  
6 THAT THE ENVIRONMENTAL IMPACT STATEMENT AND REPORT, THE  
7 EIS/EIR, IS A TERRIBLY FLAWED DOCUMENT.

8           LAWA HAS PUT FORTH SEVERAL ALTERNATIVES THAT  
9 ARE SO HORRIBLE IN THEIR IMPACTS THAT THEY CAN ONLY HELP  
10 MAKE THEIR PREFERRED ALTERNATIVE, ALTERNATIVE C, LOOK  
11 WONDERFUL BY COMPARISON. BUT ALTERNATIVE C IS NOT AN  
12 ANSWER TO THE ALL OF WOES THAT THE NEIGHBORHOODS  
13 SURROUNDING LAX FACE. IT IS NOTHING BUT A NIGHTMARE FOR  
14 THE FUTURE.

15           LAX IS ALREADY AN ENVIRONMENTAL MONSTER. IT IS  
16 THE SINGLE GREATEST PRODUCER OF TOXIC AIR POLLUTANTS AND  
17 SMOG-INDUCING PARTICULATE MATTER IN THE LOS ANGELES  
18 BASIN. IF THIS EXPANSION PLAN IS APPROVED, THE  
19 SITUATION WILL ONLY GET FAR WORSE.

20           NITROUS OXIDE EMISSIONS FROM LAX WILL INCREASE  
21 BY 1,500 TONS ANNUALLY BY 2015. THIS IS ACCORDING TO  
22 YOUR DOCUMENTS. AND 7,000 PEOPLE WILL ALSO BE  
23 EXPOSED -- AN ADDITIONAL 7,000 PEOPLE WILL BE EXPOSED TO  
24 NOISE FROM JET AIRCRAFT OF 65 CNEL OR ABOVE.

25           TO HANDLE THE INCREASED AMOUNT OF CARGO THAT

1 WILL ENTER LAX WILL REQUIRE 156 18-WHEELERS A DAY.  
2 THESE LARGE DIESEL TRUCKS WILL ADD TO THE POLLUTION IN  
3 OUR AIR AND CLOG UP THE STREETS OR OUR NEIGHBORHOODS.

4 THE EIS/EIR STATES AGAIN AND AGAIN THAT THERE  
5 ARE SIGNIFICANT AND UNAVOIDABLE NEGATIVE IMPACTS FROM  
6 NOISE AND AIR POLLUTION AND INCREASED AUTOMOBILE  
7 TRAFFIC, BUT GIVES NO WORKABLE SOLUTIONS TO MITIGATE  
8 THESE IMPACTS. LAWA CLAIMS THAT THESE MITIGATION  
9 PROGRAMS WILL BE DEVELOPED IN TIME AFTER THE PROJECT IS  
10 FINALLY APPROVED.

11 THIS IS A COMPLETELY UNACCEPTABLE APPROACH.  
12 HOW CAN RESIDENTS FULLY ANALYZE A PROJECT THAT WILL HAVE  
13 SUCH AN OVERWHELMING IMPACT ON THEM WHEN THEY ARE NOT  
14 GIVEN THE FULL DETAILS?

15 LAWA OFFICIALS REJECTED THE NEED TO UTILIZE THE  
16 WEALTH OF REGIONAL AIRPORT FACILITIES IN SOUTHERN  
17 CALIFORNIA. THIS IS ESPECIALLY TROUBLING GIVEN THAT  
18 LAWA HAS AT ITS DISPOSAL MULTIPLE FACILITIES THAT ARE,  
19 OR CAN BE, EQUIPPED TO HANDLE THE EXPECTED FUTURE  
20 INCREASES IN AIR TRAVEL DEMAND. NEARLY ONE HUNDRED  
21 CITIES HAVE JOINED A COALITION URGING THE USE OF CURRENT  
22 AIRPORTS AT PALMDALE AND ONTARIO. LAWA MUST REALIZE  
23 THAT THEY CANNOT IGNORE THE WISHES OF THESE CITIES AND  
24 THEIR CITIZENS.

25 ALREADY GOVERNMENTAL AGENCIES SUCH AS THE

1 SOUTHERN CALIFORNIA ASSOCIATION OF GOVERNMENTS, THE LOS  
2 ANGELES COUNTY BOARD OF SUPERVISORS, AND A BI-PARTISAN  
3 COALITION OF SOUTHERN CALIFORNIA'S CONGRESSIONAL  
4 REPRESENTATIVES, MYSELF INCLUDED, HAVE SPOKEN IN SUPPORT  
5 OF A REGIONAL APPROACH. MOST OPERATIONS AT THESE  
6 FACILITIES WILL HAVE NONE OF THE IMPACT ON RESIDENTS,  
7 SCHOOLS, CHURCHES AND BUSINESSES THAT ARE EXPERIENCED BY  
8 THOSE LIVING UNDERNEATH THE FLIGHT PATH OF LAX.

9 MOST DISTURBING OF ALL IS THE LACK OF ANY  
10 ENVIRONMENTAL JUSTICE PLAN. THE MAJORITY OF THOSE WHO  
11 ARE AFFECTED BY LAX EXPANSION ARE AFRICAN AMERICAN AND  
12 LATINO. THOSE COMMUNITIES ALREADY FACE A LACK OF ACCESS  
13 TO HEALTH CARE AND PREVENTION. THEY ALSO ALREADY FACE  
14 HIGH RATES OF ASTHMA AND OTHER RESPIRATORY AILMENTS. TO  
15 ASK THESE RESIDENTS TO EXPOSE THEMSELVES TO EVEN HIGHER  
16 HEALTH RISKS IS UNACCEPTABLE AND IMMORAL.

17 I SEE MY TIME IS UP. I WOULD JUST LIKE TO SAY  
18 THE CONGRESSWOMAN WILL ALSO BE SUBMITTING COMMENTS  
19 BEFORE THE JULY 25 DEADLINE. THANK YOU.

20 THE FACILITATOR: MR. BERARDI.

21 MS. JOSEPHINE BERARDI: MRS. BERARDI.

22 THE FACILITATOR: I'M SORRY. MRS. BERARDI.

23 MS. JOSEPHINE BERARDI: I'M JOSEPHINE BERARDI, 711  
24 SOUTH EUCALYPTUS AVENUE IN INGLEWOOD. I'M A STONE'S  
25 THROW FROM LA CIENEGA AND ARBOR VITAE.

1 I'D LIKE TO BRING OUT FOUR POINTS CONCERNING  
2 MANCHESTER SQUARE AND WHAT LAWA IS DOING THERE. 14  
3 YEARS AGO THE MANIPULATION OF CITIZENS OF MANCHESTER  
4 SQUARE BEGAN. PEOPLE WERE OFFERED 30 PERCENT OVER  
5 MARKET PRICE FOR THEIR HOMES. I KNOW A GENTLEMAN WHO  
6 LIVED THERE, HAD A DUPLEX WITH ANOTHER FAMILY, AND OF  
7 COURSE, IT WAS A GOOD THING FOR HIM, SO HE SOLD HIS  
8 DUPLEX AND MOVED TO NORTH INGLEWOOD.

9 ACCORDING TO YOUR STATISTICS, THERE WILL BE  
10 2,000 FLIGHTS A DAY LANDING AT THE AIRPORT. DIVIDE THAT  
11 BETWEEN FOUR RUNWAYS, THAT WILL BE 500 A DAY GOING OVER  
12 MY HOUSE.

13 I LIVE IN THE PATTERN OF THE NORTH RUNWAY. THE  
14 NORTH RUNWAY IS GOING TO BE COMING CLOSER TO MY HOUSE.  
15 THE PLANES WILL BE LANDING SOONER, AND THE BENZENE HALF  
16 BURNT WILL BE FALLING ON MY HOME AS IT DOES NOW, BUT  
17 EVEN MORE NOW. BENZENE IS A CARCINOGEN.

18 YOU'RE PUSHING THE ENVELOPE OF THE AIRPORT EAST  
19 OF SEPULVEDA BOULEVARD, ENDING UP AT LA CIENEGA, WHERE  
20 YOU'RE BUILDING CARGO AND MAINTENANCE SHACKS. THIS IS  
21 WHY YOU WANTED MANCHESTER SQUARE. THOSE PLANES ARE  
22 GOING TO BE LANDING OR AT LEAST TAXIING.

23 THE CARGO INDUSTRY WORKS MOSTLY AT NIGHT. THAT  
24 NOISE I CAN HEAR NOW WHEN YOU'RE WEST OF SEPULVEDA. CAN  
25 YOU IMAGINE TRYING TO SLEEP AT NIGHT WITH THE ROAR NOT

1 ONLY OF THE 405, BUT ALSO YOUR CARGO TERMINALS?

2 A FEW WEEKS AGO OUR PRESIDENT BUSH HAD A PARTY  
3 ON THE WHITE HOUSE LAWN ENCOURAGING PEEWEE BASEBALL.  
4 WHAT WE WOULD LIKE IS TO MAKE MANCHESTER SQUARE A PARK  
5 FOR PEEWEE BASEBALL, NOT A BIG CARGO. NOT ONLY THAT, I  
6 SUGGEST IT WOULD BE THE LEGACY OF MAYOR RICHARD RIORDAN,  
7 AND WE CAN CALL IT RICHARD RIORDAN PARK.

8 THE FACILITATOR: THANK YOU, MS. BERARDI.

9 MS. VELMA SLAUGHTER: MY NAME IS VELMA SLAUGHTER.  
10 THE LAST NAME IS SPELLED S-L-A-U-G-H-T-E-R. I'M A  
11 LONG-TIME RESIDENT OF INGLEWOOD. I'M AT 10420 SOUTH  
12 THIRD AVENUE, AND THAT'S BETWEEN 108TH ON THE SOUTH AND  
13 104TH ON THE NORTH. THE AIRPLANES COME DIRECTLY OVER MY  
14 HOUSE, AND WHEN THEY COME, LET ME TELL YOU, YOU THINK  
15 IT'S AN EARTHQUAKE.

16 I AM TOTALLY OPPOSED OF ANY EXPANSION OF LAX.  
17 I WOULD LIKE TO SEE IT CAPPED RIGHT NOW WHERE IT'S AT.  
18 I'M 100 PERCENT FOR THE ORIGINAL PLAN.

19 A LOT OF PEOPLE MAY THINK THAT THIS WILL BE  
20 TAKING JOBS FROM LAX. I DON'T THINK SO. WHAT IT WILL  
21 BE DOING IS PUTTING, IF THEY GO WITH THE REGIONAL PLAN  
22 TO PUT AN AIRPORT SOMEPLACE ELSE LIKE IN PALMDALE OR  
23 ORANGE COUNTY OR EL TORO, IS TO ONLY ALLOW THOSE  
24 COUNTIES TO TAKE THEIR SHARE. THAT'S ALL WE ASK.

25 WHERE I LIVE, YOU CANNOT ENJOY YOUR BACK

1 YARDS. WE WOULD LIKE TO HAVE A GARDEN. YOU CAN'T  
2 GARDEN ANYMORE. WE HAVE CRACKED WINDOWS. YOU DON'T  
3 REALLY NEED NO ALARM CLOCK, BECAUSE 4 OR 5 O'CLOCK EVERY  
4 MORNING YOU GOT THESE CARGO PLANES COMING OVER WAKING  
5 YOU UP. YOU GOT CAR ALARMS IN MY AREA GOING OFF, YOUR  
6 HOUSE ALARM. MY ALARM HAS GONE OFF TWICE.

7 AND THE INTERCHANGE AND THE RING ROAD IS JUST  
8 ANOTHER THING FOR LAX TO EXPAND THAT AIRPORT. AND WE  
9 WOULD BE GETTING MORE TRAFFIC, MORE POLLUTION, MORE  
10 NOISE INTO OUR COMMUNITIES.

11 AND I WOULD JUST LIKE TO FINISH BY SAYING THIS  
12 IS THE WORST WORKSHOP THAT I HAVE EVER WENT TO IN MY  
13 ENTIRE GROWN-UP LIFE. I DO NOT CONSIDER THIS BEING A  
14 WORKSHOP, NOR THAT IT IS AN OUTREACH ALLOWED TO INFORM  
15 THE PEOPLE, MEANING L.A., ALL SOUTH BAY CITIES, LENNOX,  
16 WESTCHESTER, AND FOR OUR OWN. BECAUSE IF THERE HAD BEEN  
17 OUTREACH, THIS ROOM SHOULD HAVE PEOPLE STANDING IN IT.

18 SO I SAY ANOTHER MEETING/WORKSHOP SHOULD BE  
19 BROUGHT UP AND GET OUT THERE TO THE PEOPLE, BECAUSE A  
20 LOT OF PEOPLE DON'T KNOW ABOUT THIS. I FOUND OUT, IT  
21 WASN'T BY NO MAIL COMING THROUGH THE MAIL. I FOUND OUT  
22 BY HEARSAY, BEING IN THE RIGHT PLACE AT THE RIGHT TIME.

23 SO ON THAT NOTE, I WOULD LIKE TO SAY NO  
24 EXCHANGE, NO EXPRESSWAY, NO MORE HOMES, NO MORE  
25 DISMANTLING OUR COMMUNITIES. PUT THE OVERFLOW SOMEPLACE

1 ELSE. WE CAN'T CARRY IT ALL. LIKE I MENTIONED IT  
2 BEFORE, IT'S LIKE TRYING TO PUT ALL OF L.A. INTO  
3 BAKERSFIELD. IT WILL NOT WORK. SO YOU GOT TO GO BACK  
4 TO YOUR DRAWING BOARD AND WORK YOUR PLANS OVER AGAIN.  
5 BECAUSE WHAT YOU HAVE IS NOT GOING TO WORK WITH US.  
6 WHEN IT COMES TO, YOU KNOW, TALKING ABOUT MONEY, YOU  
7 BETTER THINK ABOUT PEOPLE'S LIVES FIRST.

8 THE FACILITATOR: THANK YOU, MRS. SLAUGHTER.  
9 KENNETH MABRY, STEPHEN PRICE, ADA CHAN WONG,  
10 PETER WOO.

11 OKAY, WE'RE GOING TO TAKE A BREAK NOW, A  
12 TEN-MINUTE BREAK. IT'S BY MY WATCH 3:45 P.M., AND WE  
13 WILL START AGAIN AT 4 O'CLOCK ON THE DOT, GIVE EVERYONE  
14 TIME TO GET BACK IN THEIR SEATS. BUT WE'RE CALLING IT A  
15 10-MINUTE BREAK, FOLKS, AND I'D LIKE TO GET STARTED  
16 AGAIN AT 4 O'CLOCK, IF IT'S OKAY WITH YOU. THANK YOU  
17 VERY MUCH.

18 (RECESS)

19 THE FACILITATOR: IF WE COULD HAVE EVERYONE'S  
20 ATTENTION. MR. JOHNSON IS GOING TO -- MR. KESSLER IS  
21 GOING TO ADDRESS YOU.

22 MR. KESSLER: GOOD AFTERNOON AGAIN. MY NAME IS  
23 DAVID KESSLER. I'M WITH THE FEDERAL AVIATION  
24 ADMINISTRATION. I'M THE AIRPORT PLANNER.

25 I WANT TO JUST REITERATE OUR RULES HERE FOR

1 THOSE WHO MAY HAVE COME IN AFTER THE HEARING STARTED.  
2 WHAT WE'RE DOING HERE IS WE'RE HAVING A HEARING  
3 REGARDING THE ADEQUACY OF THE INFORMATION ON THE DRAFT  
4 ENVIRONMENTAL IMPACT REPORT/ENVIRONMENTAL IMPACT  
5 STATEMENT, OR EIS/EIR, FOR LOS ANGELES INTERNATIONAL  
6 AIRPORT.

7 OUR JOB HERE TODAY IS TO LISTEN TO WHAT YOU  
8 HAVE TO SAY. WE'RE HERE TO TAKE NOTES. WE'RE NOT HERE  
9 TO RESPOND TO QUESTIONS. WE DO HAVE A WORKSHOP OUTSIDE  
10 THIS ROOM THAT YOU CAN ASK QUESTIONS.

11 COMMENTS ON THE DRAFT EIS/EIR ARE DUE ON JULY  
12 25 AT 5 O'CLOCK P.M. PACIFIC DAYLIGHT TIME, JULY 25,  
13 2001. YOU CAN SUBMIT WRITTEN COMMENTS IN, PROVIDE  
14 VERBAL COMMENTS TODAY.

15 IT IS VERY IMPORTANT YOU UNDERSTAND THAT A  
16 VERBAL COMMENT IS JUST AS IMPORTANT AS A WRITTEN  
17 COMMENT. FOR THOSE OF YOU THAT FEEL UNCOMFORTABLE  
18 SPEAKING IN FRONT OF A GROUP, YOU CAN PROVIDE COMMENTS  
19 ON A COMMENT SHEET. YOU CAN ALSO PROVIDE A LETTER TO  
20 US. EITHER WAY, WHICHEVER YOU PREFER, IS JUST FINE WITH  
21 US. WE'RE GOING TO HAVE -- EVERYONE GETS AN OPPORTUNITY  
22 TO SPEAK FOR THREE MINUTES.

23 WE'RE NOT ALLOWING PEOPLE TO TRANSFER THEIR  
24 TIME FROM ONE PERSON TO ANOTHER, TO BE FAIR TO  
25 EVERYONE. WE ASK FOR THOSE WHO WANT TO SPEAK, WE HAVE

1 SPEAKER CARDS. WE STILL HAVE A GOOD PILE OF SPEAKER  
2 CARDS TO CONTINUE WITH.

3 AND AGAIN, I WANT TO EMPHASIZE THAT WE ARE HERE  
4 TO LISTEN. BOTH ROGER AND I ARE TAKING NOTES. WE ALSO  
5 HAVE A COURT REPORTER. PLEASE SPEAK INTO THE MICROPHONE  
6 SO THE COURT REPORTER CAN HEAR IT.

7 THE FACILITATOR: I'M GOING TO RE-CALL THE NAMES  
8 THAT I CALLED RIGHT BEFORE THE BREAK SO THAT THOSE WHO  
9 COME TO THE PODIUM ARE ALLOWED TO SPEAK. I CALLED PETER  
10 WOO, ADA CHAN WONG, STEPHEN PRICE, AND MARCUS HOUGH.  
11 THOSE INDIVIDUALS PLEASE COME TO THE PODIUM IN THE ORDER  
12 THAT THEIR NAME WAS CALLED. AND I WILL REITERATE HOW I  
13 FACILITATE THE PROGRAM FOR WHOSE OF YOU WHO JUST CAME.

14 AS MR. KESSLER JUST TOLD YOU, EVERYONE WILL  
15 HAVE THREE MINUTES TO MAKE THEIR COMMENTS. PLEASE BE  
16 COGNIZANT OF THE FACT THAT WE HAVE A COURT REPORTER, WE  
17 HAVE TWO COURT REPORTERS OVER HERE THAT ARE RECORDING  
18 YOUR COMMENTS. SO IF YOU COULD SPEAK LOUDLY AND AS  
19 CLEARLY AS POSSIBLE, THEY WOULD APPRECIATE IT.

20 AND I'D ALSO LIKE TO REITERATE THE FACT THAT IF  
21 YOU HAVE WRITTEN DOWN YOUR COMMENTS AND YOU'RE REFERRING  
22 TO THESE ON PAPER, IF YOU DON'T MIND, IF YOU COULD TURN  
23 IN YOUR WRITTEN-DOWN COMMENTS TO ONE OF THE COURT  
24 REPORTERS RIGHT HERE, THEY WOULD APPRECIATE IT, AND THAT  
25 WAY THEY CAN MAKE SURE THAT THEY HAVE EVERYTHING AS

1 EXACT AS POSSIBLE.

2           WHEN YOU HAVE ONE MINUTE LEFT IN YOUR THREE  
3 MINUTES' TIME, A YELLOW LIGHT WILL FLASH ON THIS TIME  
4 BOARD RIGHT HERE. AND YOU CAN REFER TO THIS WHILE  
5 YOU'RE GIVING YOUR COMMENTS, AND WHEN YOUR THREE MINUTES  
6 IS UP, YOU WILL HEAR A BEEPING TONE, AND I WILL THANK  
7 YOU.

8           SO WE WOULD LIKE TO START WITH PETER WOO. IS  
9 PETER WOO AVAILABLE? THANK YOU.

10           ADA CHAN WONG? THANK YOU.

11           MS. ADA CHAN WONG: MY NAME IS ADA CHAN WONG, A-D-A,  
12 C-H-A-N, W-O-N-G, AND I'M THE PRESIDENT OF THE CHINESE  
13 CHAMBER OF COMMERCE.

14           WE ARE ONE OF THE OLDEST CHINESE AMERICAN  
15 BUSINESS ORGANIZATIONS IN LOS ANGELES. WE WERE  
16 ESTABLISHED IN 1955 BY A GROUP OF CHINESE-AMERICAN  
17 BUSINESSMEN IN CHINATOWN. BUT IN 1976, OUR NAME HAS  
18 BEEN CHANGED TO THE CHINESE CHAMBER OF COMMERCE FROM  
19 CHINATOWN CHAMBER OF COMMERCE TO INCORPORATE THE MANY  
20 MEMBERS OF OUR ORGANIZATION THAT LIVE OUTSIDE OF  
21 CHINATOWN.

22           WE HAVE 30 BOARD OF DIRECTORS WHICH CONSISTS OF  
23 MANY PROMINENT BUSINESS PEOPLE IN OUR COMMUNITY, ALL  
24 OVER SOUTHERN CALIFORNIA. WE HAVE ALMOST 500 MEMBERS  
25 AND OVER 3,000 INDIVIDUALS AND CORPORATIONS ON OUR

1 CURRENT MAILING LIST. THEY REPRESENT THE OWNERS OF ALL  
2 DIFFERENT TYPES OF BUSINESSES, WHETHER THEY'RE  
3 RESTAURANT OWNERS OR HIGH-TECH COMPANIES, MANUFACTURING  
4 TO THE SERVICE INDUSTRY.

5 WE OF THE CHINESE CHAMBER OF COMMERCE SUPPORT  
6 THE LAX MASTER PLAN, BECAUSE WE UNDERSTAND THAT  
7 MODERNIZATION OF THIS AIRPORT AND THE AVAILABILITY OF  
8 AVIATION SERVICES ARE A NECESSARY PART OF BEING ABLE TO  
9 CONTINUE TO DO BUSINESS FOR OUR HUNDREDS OF MEMBERS AND  
10 THOUSANDS OF COMPANIES IN THE LOS ANGELES AREA. IF YOU  
11 ARE WEARING A TIE THAT IS MADE IN ITALY OR A T-SHIRT  
12 THAT'S MADE IN TURKEY OR A SHIRT THAT'S MADE IN ITALY OR  
13 SHOES THAT ARE MADE IN CHINA, ANY PIECE OF CLOTHING THAT  
14 YOU'RE WEARING TODAY, IF THEY'RE NOT MADE IN THE USA,  
15 THEY ARE MOST LIKELY IMPORTED.

16 AVIATION IS ONE WAY OF THESE PRODUCTS GETTING  
17 IMPORTED. AND MANY OF OUR MEMBERS DO IMPORT AND EXPORT.  
18 BECAUSE OF OUR MANY BUSINESS PEOPLE WHO DO BUSINESS IN  
19 ASIA OR OTHER PARTS OF THE WORLD, AVIATION TRAVEL IS  
20 VERY, VERY IMPORTANT TO OUR MEMBERS.

21 LAX HAS NOT BEEN MODERNIZED IN NEARLY 20  
22 YEARS. ANYONE WHO USES THE AIRPORT, WHETHER YOU GO TO  
23 SAN FRANCISCO OR TO SAN DIEGO OR TAKE A FLIGHT TO LAS  
24 VEGAS AND YOU USE THE AIRPORT, YOU REALIZE THERE'S A LOT  
25 OF CONGESTION.

1                   AND SO THEREFORE WE KNOW THAT WITH A  
2 MODERNIZATION PLAN WHICH ALLEVIATES SOME OF THE PROBLEMS  
3 AND THE CONGESTION THAT WE SEE TODAY, BECAUSE AFTER  
4 REVIEWING THE PROPOSED MASTER PLAN, WE SEE THAT THERE IS  
5 MITIGATION STEPS LIKE EXTENDING THE GREEN LINE AND THE  
6 EXPRESS LANE FROM THE 405 FREEWAY DIRECTLY INTO THE  
7 AIRPORT, THESE ARE WAYS FOR THEM TO MITIGATE THE TRAFFIC  
8 TO MAKE THE TRAVEL EXPERIENCE FOR THE TRAVELERS TO LAX,  
9 MAKE IT A MORE PLEASANT ONE.

10                   SO THEREFORE WE ARE HAVING TO HEAR THAT THIS  
11 MASTER PLAN DOES NOT INCLUDE ADDING ADDITIONAL RUNWAYS  
12 BUT A MODERNIZATION PLAN THAT IS EFFICIENT AND INCLUDES  
13 A VERY SMALL NUMBER OF INCREASED FLIGHTS TO MAKE IT MORE  
14 EFFICIENT FOR MANY OF OUR BUSINESS PEOPLE AND OUR  
15 MEMBERS OF THE CHINESE CHAMBER OF COMMERCE TO DO  
16 BUSINESS HERE IN THE REGION.

17                   THE FACILITATOR: THANK YOU. I'D LIKE TO HAVE  
18 MR. PRICE SPEAK NOW. ARE YOU MR. PRICE? OKAY. AGAIN,  
19 I ASK THAT YOU SPEAK YOUR NAME LOUDLY AND CLEARLY AT THE  
20 BEGINNING AND PROVIDE YOUR ADDRESS, PLEASE.

21                   MR. STEPHEN PRICE: MY NAME IS STEPHEN PRICE WITH A  
22 P-H. I LIVE AT 920 EAST ALPHA STREET, INGLEWOOD 90302.  
23 IT'S THE VERY NORTHERN BOUNDARY OF INGLEWOOD. I'M  
24 ACTUALLY QUITE A WAYS AWAY FROM THE AIRPORT.

25                   THE DOCUMENTS THAT I SEE POSTED AROUND THE

1 BOARD, THE VIDEO THAT I SAW, MADE A BIG DEAL WITH JOBS,  
2 SAFETY, EFFICIENCY, INCREASES IN EFFICIENCY, BEING A  
3 GOOD NEIGHBOR, BEING GOOD ON THE ENVIRONMENT. AND I  
4 HEAR THE LOCAL CHAMBER OF COMMERCE TYPE PEOPLE, THEY'RE  
5 HAPPY TO GET MORE BUSINESS AND JOBS.

6           HOWEVER, IT'S NOT OBVIOUS TO ME THE AIRPORT  
7 ONLY SERVES PEOPLE IN L.A. CITY. IT SERVES PEOPLE FROM  
8 RIVERSIDE, ORANGE COUNTY. WHAT'S MISSING FROM THIS  
9 WHOLE THING IS IT'S LAX FIRST. LET'S JUST GET THIS  
10 GOING AND THEN WE'LL FIGURE OUT THE MITIGATION, THEN  
11 WE'LL SEE IF WE CAN DO SOMETHING ABOUT EL TORO, MAYBE  
12 WE'LL DO SOMETHING VERY MINIMAL, LOOKS LIKE, IN  
13 PALMDALE. IT'S ALL MAYBE, MAYBE, MAYBE. IT'S ALL BAIT  
14 AND SWITCH.

15           LAX IS SURPRISINGLY ONE OF THE SMALLEST  
16 AIRPORTS. FOR A COMPETITIVE CITY LIKE L.A., IT'S A  
17 SMALL AIRPORT. IT'S PHYSICALLY SMALL FOR AN AIRPORT OF  
18 ITS SIZE THAT HAS THE CLOSEST IMPACT ON THE SURROUNDING  
19 COMMUNITY, HIGHEST NEGATIVE IMPACT ON THE SURROUNDING  
20 COMMUNITIES.

21           ALL ANOTHER AIRPORTS, EXCEPT PROBABLY JOHN  
22 WAYNE, WHICH WAS A LITTLE AIRPORT IN A BAD AREA, ALL THE  
23 OTHER AIRPORTS ARE MUCH, MUCH LARGER IN ACREAGE.  
24 THEY'RE MUCH SAFER. THEY'RE MUCH FURTHER AWAY FROM THE  
25 SURROUNDING COMMUNITIES. THERE ARE MUCH FEWER SCHOOLS,

1 HOSPITALS, OTHER IMPACTS.

2 ALL THE FLOW THAT COMES INTO LAX CAN GO OUT BY  
3 TRAIN, OUT BY TRUCK. NOT EVERYTHING THAT GOES INTO LAX  
4 GOES TO DOWNTOWN L.A. IT'S GOING ON TRUCKS TO  
5 RIVERSIDE, GOING OUT TO ONTARIO, GOING TO ALL THESE  
6 LITTLE PLACES.

7 THIS PLAN DOESN'T SEEM TO CARE THAT YOU COULD  
8 REVERSE THE FLOW AND REVERSE AIRPLANES COMING INTO ALL  
9 THE OTHER REGIONAL AIRPORTS AND COME BACK THE OTHER  
10 WAY. THERE'S NO REASON THAT YOU HAVE TO SQUEEZE TEN  
11 POUNDS INTO THE LITTLE PIECE OF AIRPORT THAT WE CALL  
12 LAX. IT'S A PHYSICALLY SMALL AIRPORT WITH A VERY HIGH  
13 NEGATIVE IMPACT.

14 IF YOU REALLY WANT TO BE A GOOD NEIGHBOR, YOU  
15 CAN CAP THE SIZE OF THE AIRPORT NOW, YOU CAN DO ALL  
16 THESE MITIGATIONS, YOU CAN FIX THE TRAFFIC FLOW, YOU CAN  
17 PUT UP THE BARRIERS FOR SOUND, YOU CAN DO A LOT OF  
18 THINGS TO MAKE YOURSELF A BETTER NEIGHBOR WITHOUT  
19 GROWING THE AIRPORT, IF YOU REALLY WANT TO BE A GOOD  
20 NEIGHBOR.

21 I GUESS ANOTHER STATISTIC THAT I WOULDN'T FIND  
22 IN THE PLAN WOULD BE ACTUAL SIZE, THE RELATIVE SIZE OF  
23 THE AIRPORT. BUT IT'S VERY OBVIOUS IT'S ANOTHER THING  
24 THAT'S MISSING FROM THE AIRPORT STATISTICS. WE DON'T  
25 SEE THE RELATIVE SIZES AND THE RELATIVE POSITIONING OF

1 ALL THE OTHER REASONABLE ALTERNATIVES TO THIS  
2 EXPANSION. SO I THINK IT'S A SOLUTION THAT'S MOVING  
3 MUCH TOO FAST FOR THE WRONG REASONS AND IGNORING THE  
4 OTHER POSSIBILITIES.

5 THE FACILITATOR: THANK YOU, MR. PRICE.

6 MR. HOUGH?

7 MR. MARCUS HOUGH: THANK YOU. MY NAME'S MARCUS  
8 HOUGH, 10820 SOUTH BURL, IN THE COMMUNITY OF LENNOX.  
9 90304 IS OUR ZIP CODE. I WAS RAISED IN LENNOX AND I AM  
10 ALSO NOW A TEACHER IN LENNOX AS WELL AS A RESIDENT.

11 THERE'S THREE POINTS THAT I WANT TO POINT OUT  
12 REALLY QUICK. TWO OF THEM ARE FROM THE EIR. THERE ARE  
13 SOME FLAWS IN THE BASELINES ANALYSIS. A THRESHOLD ISSUE  
14 AND ENVIRONMENTAL ANALYSIS IS THE ESTABLISHMENT OF THE  
15 BASELINE. THE FUNCTION OF A BASELINE IS TO PROVIDE A  
16 BENCHMARK OF EXISTING CONDITIONS AGAINST WHICH THE  
17 ENVIRONMENTAL IMPACT OF A PROJECT MAY BE MEASURED. IF  
18 THE BASELINE IS INCORRECTLY DESIGNATED AT A HIGH LEVEL  
19 OR TOO HIGH OF A LEVEL, THE IMPACT OF THE PROJECT WILL  
20 BE ARTIFICIALLY MINIMIZED.

21 IN THIS CASE, LAX OR LAW A USES A -- WHATEVER  
22 BASELINE THEY CHOOSE. EACH IS EMPLOYED SELECTIVELY  
23 WHERE IT WILL SERVE TO MINIMIZE THE ENVIRONMENTAL IMPACT  
24 AT ISSUE. SPECIFICALLY, THE DRAFT EIR USES SEPARATE AND  
25 DISTINCT BASELINES FOR ANALYZING THE IMPACTS OF THE

1 PROJECT.

2 THE FIRST IS, IN THE ENVIRONMENTAL BASELINE, IS  
3 TO USE THE 1996 AIRPLANES THAT THEY HAD. THOSE  
4 AIRPLANES EVERYBODY KNOWS WERE A LOT LOUDER AND WERE A  
5 LOT MORE ENVIRONMENTALLY POLLUTANT. SO THEY USE THAT TO  
6 GAUGE, WELL, OUR AIRPLANES HAVEN'T GOTTEN THAT MUCH  
7 WORSE. WELL, YOU USED TERRIBLE AIRPLANES BACK IN 1996.  
8 WHY NOT USE THE 2000 JETS AS A BASELINE?

9 SECOND IS THE DRAFT EIR DOES NOT CONSIDER  
10 EMISSIONS FROM THE AIRCRAFT REVERSE THRUST OPERATIONS.  
11 ALL THE DRAFT CLAIMS, THAT BECAUSE OF SHORT REVERSE  
12 THRUST OPERATION TIMES, EMISSIONS FOR THIS MODE IS  
13 ASSUMED TO HAVE MINIMAL IMPACT. THIS IS SIMPLY NOT  
14 TRUE. EVEN OPERATING PERIODS AS SHORT AS 10 TO 15  
15 SECONDS PER LANDING CAN GENERATE SIGNIFICANT NITROUS  
16 OXIDE EMISSIONS RELATIVE TO OTHER AIRPORT OPERATING  
17 MODES. THIS EMISSION WILL IMPACT THE SOUTH BAY  
18 COMMUNITIES, ESPECIALLY LENNOX AND INGLEWOOD, AND SHOULD  
19 BE ADDRESSED.

20 THE THIRD THING THAT I JUST WANT TO BRING UP  
21 IS, I COULD HAVE SWORN THAT LAWA WOULD HAVE SAID TODAY'S  
22 OUR PR DATE, LET'S MAKE SURE WE RUN ON SCHEDULE. I WAS  
23 WOKEN UP IN MY HOME THIS MORNING AT 5:00 FROM A LOUD,  
24 LOUD JET. LET'S PLEASE HAVE LIKE SOME TYPE OF TIMING  
25 WHEN WE CAN SLEEP. THAT'S ANOTHER THING THE EIR DOES

1 NOT TALK ABOUT, IS SLEEPING DISORDERS TO THE RESIDENTS  
2 SURROUNDING THE AIRPORT. SO PLEASE DO THAT. THANK  
3 YOU.

4 THE FACILITATOR: THANK YOU, MR. HOUGH.

5 COUNCILWOMAN JUDY DUNLAP, JOHN GAINES, KENNETH  
6 MABRY, AND CECIL SMITH, PLEASE TO COME FORWARD TO THE  
7 PODIUM. AND WE'LL GO WITH COUNCILWOMAN DUNLAP.

8 MS. JUDY DUNLAP: THANK YOU VERY MUCH. I REPRESENT  
9 THE CITY OF INGLEWOOD, AND I WOULD LIKE TO SPEAK TO THIS  
10 ISSUE BEFORE US TODAY.

11 OBVIOUSLY, I AM OPPOSED TO ANY EXPANSION OF THE  
12 AIRPORT, AND I'D LIKE TO MAKE A COUPLE OF QUICK COMMENTS  
13 WITH REGARD TO EIR/EIS, AND OF COURSE, I'D LIKE TO SHARE  
14 IN ALL THE COMMENTS THAT HAVE BEEN MADE WITH REGARD TO  
15 THE INCOMPLETE AND INADEQUATE. CERTAINLY THE DRAFT DATA  
16 AND THE ENVIRONMENTAL ISSUES ARE NOT ADDRESSED AS IT  
17 AFFECTS MY COMMUNITY, THAT IS, THE CITY OF INGLEWOOD.

18 BUT I'D LIKE TO SPEND A LITTLE MORE TIME, AND  
19 AS ONE WHO HOLDS PUBLIC HEARINGS, I THINK I CAN VERY  
20 EFFECTIVELY ADDRESS THAT. AND THE REASON ONE HAS PUBLIC  
21 HEARINGS IS TO PROVIDE INFORMATION TO THE PUBLIC. AND I  
22 WOULD LIKE TO STATE THAT YOU FAILED IN THIS THIS  
23 AFTERNOON.

24 ONE OF THE REASON ONE HAS MORE THAN ONE PUBLIC  
25 HEARING IS IF SOMEONE IN THE PUBLIC WHO'S INTERESTED

1 CANNOT ATTEND ONE, THEY CAN PLAN TO ATTEND ANOTHER. SO  
2 THEN WHY IS IT THAT YOU HAD ALL THREE OF THEM ON THE  
3 SAME DAY? THIS DOES NOT ACCOMMODATE THE COMMUNITY.

4 IN ADDITION TO THAT, WITH REGARD TO YOUR  
5 FORMAT, THIS WORKSHOP THAT YOU HAVE HERE, THE TITLES, I  
6 WENT BACK AND LOOKED AT THEM WITH REGARD TO ALL OF YOUR  
7 CHARTS AND DIAGRAMS. IT SAYS NOISE, LAND USE, AIR  
8 QUALITY, HUMAN HEALTH, GROUND TRANSPORTATION,  
9 SOCIOECONOMIC ISSUES, AND ENVIRONMENTAL JUSTICE, JOBS,  
10 AND BENEFITS.

11 WELL, PART OF A WORKSHOP IS WHEN ONE ACTUALLY  
12 TALKS ABOUT THESE THINGS. WHEN ONE ACTUALLY HOLDS A  
13 WORKSHOP, ONE TALKS AND INFORMS THE PUBLIC ABOUT EACH OF  
14 THESE ISSUES, INDIVIDUALLY PRESENTS DATA, PRESENTS THE  
15 INFORMATION, AND THEN THE INDIVIDUALS HAVING BEEN  
16 WITNESS TO THIS DISCUSSION CAN THEN ASK INTELLIGENT  
17 QUESTIONS.

18 WHAT I HEARD FROM THE ORGANIZERS WAS THAT YOU  
19 ANSWERED QUESTIONS WHEN ASKED. THIS IS NOT  
20 DISSEMINATING INFORMATION. DIAGRAMS DOES NOT DO IT.

21 BUT I'M ALSO VERY CURIOUS THAT THERE IS NO  
22 VIDEOTAPING OF THIS EVENT. IS THIS SO THERE IS NO PROOF  
23 OF WHAT ACTUALLY WENT ON? THE WRITTEN RECORD DOES NOT  
24 TELL THE WHOLE STORY ABOUT WHAT'S GONE ON HERE TODAY AND  
25 WHAT HAS NOT GONE ON TODAY. I AM OFFENDED AND I WANT

1 THIS AS A PART OF THIS RECORD. I'M HIGHLY OFFENDED AS A  
2 MEMBER OF THE CITY COUNCIL OF THE CITY OF INGLEWOOD WITH  
3 REGARD TO THIS ENTIRE EVENT TODAY. IT HAS NOT BEEN  
4 ADEQUATELY ADVERTISED. THAT'S WHY THERE'S NO ONE HERE.

5 EVERYONE IN THIS COMMUNITY AND THE NEIGHBORING  
6 COMMUNITIES SHOULD HAVE BEEN SENT A PERSONAL INVITATION  
7 WITH REGARD TO HOW THIS IMPACTS THEIR LIFE SO THEY'LL  
8 HAVE A CHANCE TO -- THE PUBLIC HEARINGS SHOULD HAVE BEEN  
9 ON THREE DIFFERENT DATES, AND IN ADDITION TO  
10 ACCOMMODATING INDIVIDUAL SCHEDULES, MAYBE AFTER SOMEONE  
11 ATTENDED THE FIRST ONE, THEN THEY'D WANT TO GO TO THE  
12 SECOND ONE SO THEY'D BECOME EVEN MORE INFORMED. IT'S A  
13 LEARNING PROCESS.

14 I'M HIGHLY DISTURBED THAT THERE'S NO  
15 VIDEOTAPING, THERE IS NO RECORDS OF WHAT'S BEEN  
16 INFORMED, SO ANY MEMBER HERE CANNOT HAVE ANY  
17 DOCUMENTATION AS TO WHAT THEY LEARNED FROM THIS  
18 WORKSHOP. THERE IS NO DOCUMENTATION, NOTHING THAT'S  
19 BEING RECORDED AS TO WHAT KIND OF INFORMATION WAS GIVEN  
20 TO OUR COMMUNITY. AND I WANT THAT DULY NOTED FOR THE  
21 RECORD, THAT WE HAVE NOT BEEN INFORMED, WE ARE ONLY  
22 ALLOWED TO ASK QUESTIONS.

23 THE FACILITATOR: THANK YOU, COUNCILWOMAN.

24 MR. GAINES, IF YOU DON'T MIND.

25 MY NAME IS SHAUNA BAIN AND I AM A FACILITATOR.

1 I SEE THAT SOME PEOPLE JUST WALKED IN. WE'RE GIVING  
2 EVERYONE THREE MINUTES TO SPEAK. WHEN THIS BOARD IS  
3 YELLOW, YOU HAVE A MINUTE LEFT, AND YOU WILL HEAR A TONE  
4 WHEN YOUR TIME IS UP. AND IF YOU COULD JUST COME  
5 FORWARD, STATE YOUR NAME FOR THE RECORD AND YOUR  
6 ADDRESS, WE WOULD APPRECIATE IT.

7 MR. JOHN GAINES: GOOD AFTERNOON. MY NAME IS JOHN  
8 GAINES. I AM A COUNCILMEMBER FROM THE CITY OF EL  
9 SEGUNDO. MY ADDRESS IS 441 KANSAS STREET.

10 THE CITY OF EL SEGUNDO, LIKE MANY COMMUNITIES  
11 REPRESENTED HERE TODAY, WILL SUBMIT DETAILED AND  
12 EXPANSIVE COMMENTS TO THE EIR. I WANT TO TAKE JUST A  
13 FEW MINUTES TO HIGHLIGHT SOME OF OUR OBJECTIONS TO THE  
14 PROPOSED EXPANSION.

15 ONE, THE REPORT HAS NOT CONSIDERED A REASONABLE  
16 RANGE OF ALTERNATIVES TO THE EXPANSION OF LAX.

17 TWO, THE NUMBER OF ALTERNATIVES ANALYZED IS  
18 UNUSUALLY LIMITED.

19 THREE, THIS REPORT NEVER SERIOUSLY CONSIDERS  
20 APPROPRIATE USE OF AVAILABLE AIRPORTS IN THE REGION.

21 FOUR, THIS REPORT DOES NOT CONSIDER  
22 ALTERNATIVES THAT WOULD RESULT IN IMPACTS LESS SEVERE  
23 THAN THE PREFERRED ALTERNATIVE C.

24 FIVE, NO REGIONAL ANALYSIS OF AIR QUALITY  
25 IMPACT IS INVOLVED.

1                   SIX, THERE ARE NO NOISE MITIGATION MEASURES IN  
2 THIS REPORT.

3                   SEVEN, THE REPORT CONCLUDES THAT INCREASED  
4 TRAFFIC AND ACTIVITY LEVELS WILL RESULT IN SIGNIFICANT  
5 INCREASED TOXIC AIR EMISSIONS IN ALL EXPANSION  
6 SCENARIOS. HOWEVER, THE REPORT FAILS TO DESCRIBE HOW  
7 THE HUGE INCREASE IN TOXIC EMISSIONS WILL BE ADEQUATELY  
8 MITIGATED.

9                   EIGHT, THROUGHOUT THIS REPORT, BASELINES HAVE  
10 BEEN INCONSISTENT AND INAPPROPRIATE, SELECTED  
11 ALTERNATIVES HAVE NOT MET CEQA AND/OR NEPA  
12 MITIGATION REQUIREMENTS, AND THE DEPTH OF ANALYSIS HAS  
13 NOT BEEN SUFFICIENT TO SUPPORT THE ANALYSIS OF THE  
14 PROPOSED MASTER PLAN.

15                   NINE, THE PROJECT'S STATED OBJECTIVES HAVE NOT  
16 BEEN MET THROUGH THE PREFERRED ALTERNATIVES, AND THE  
17 BIASES OF THE PROPONENTS OF LAX EXPANSION ARE BLATANTLY  
18 EVIDENT. ONE OF THE FUNDAMENTAL REQUIREMENTS OF THIS  
19 PROCESS IS FOR THE LEAD AGENCY TO PURSUE ALTERNATIVES  
20 THAT WOULD AVOID OR SUBSTANTIALLY LESSEN THE SIGNIFICANT  
21 EFFECTS OF THE PROPOSED PROJECT. THIS REQUIREMENT HAS  
22 NOT BEEN MET IN THIS REPORT.

23                   THE CITY OF EL SEGUNDO EXPECTS YOU TO ISSUE AN  
24 ENTIRELY NEW EIS/EIR THAT PROPERLY AND EFFECTIVELY  
25 EXPLORES VIABLE ALTERNATIVES AND IDENTIFIES APPROPRIATE

1 MITIGATION MEASURES TO LESSEN ENVIRONMENTAL IMPACTS.  
2 BEFORE YIELDING THE PODIUM TO THE OTHER  
3 SPEAKERS, LET ME EXPRESS MY OUTRAGE WITH LAWA AND THE  
4 FAA FOR THE UNDERHANDED, ADVERSARIAL, AND  
5 COUNTERPRODUCTIVE MANNER IN WHICH THESE HEARINGS ARE  
6 BEING CONDUCTED. IT'S LITTLE WONDER THAT THE CITIZENS  
7 OF OUR COMMUNITIES, LIKE CITIZENS ACROSS THIS LAND,  
8 HARBOR SUCH DEEP DISTRUST FOR AND DISLIKE OF THE  
9 BUREAUCRACIES LIKE YOU THAT HIDE BEHIND AND DISTORT  
10 GOVERNMENTAL PROCESS IN ORDER TO ACCOMPLISH SELF-SERVING  
11 OBJECTIVES. BATTALIONS OF PR CONSULTANTS COSTING  
12 TAXPAYERS TENS OF MILLIONS OF DOLLARS, PERSONAL ATTACKS  
13 ON LOCAL OFFICIALS, BUREAUCRATIC OBFUSCATION AND LEGAL  
14 SHENANIGANS WILL NOT MAKE THIS EXPANSION ACCEPTABLE TO  
15 US.

16 REST ASSURED, EL SEGUNDO AND OVER 100 CITIES  
17 AND AGENCIES COVERING FIVE COUNTIES IN SOUTHERN  
18 CALIFORNIA THAT HAVE JOINED IN FIGHTING THIS EXPANSION  
19 WILL USE ALL, AND I WANT TO REPEAT ALL, THE  
20 ADMINISTRATIVE, LEGAL, AND POLITICAL MEANS AT OUR  
21 DISPOSAL TO ENSURE THE PROPOSED EXPANSION DESCRIBED IN  
22 THIS MISERABLE PLAN NEVER TAKES PLACE.

23 THE FACILITATOR. THANK YOU.

24 CECIL SMITH.

25 MR. CECIL SMITH: THANK YOU. I'M CECIL SMITH. I

1 LIVE AT 3513 WEST 83RD STREET HERE IN INGLEWOOD, A  
2 RESIDENT.

3 IN ORDER TO ELIMINATE REPETITION, I SAY DITTO  
4 TO ALL THAT HAVE GONE FORTH TO STOP THE LAX EXPANSION.  
5 I NOTED A FEW ITEMS HERE, AND I'M GOING TO LIST THESE,  
6 RIGHT TO THE POINT.

7 LAX IS ALREADY ON A COURSE WITH DISASTER,  
8 MAJOR, NOT TO MENTION HEALTH QUALITY AND DETERIORATION  
9 OF LIFE AND THINGS OF THAT SORT. AIR AND GROUND FLIGHT  
10 SPACE IS UNSAFE. YOU DON'T HAVE A VALID FACTOR OF  
11 SAFETY. IT SHOULD BE AT LEAST FIVE WITH WHATEVER  
12 FORMULA THAT YOU USE. NO ONE HAS SHOWED US ANY FACTS OR  
13 ANY FIGURES.

14 THE THIRD ITEM IS ALL ALTERNATIVES FOR AIRPORT  
15 EXPANSION IS NOT ACCEPTABLE. SCAG VOTED TO CAP THIS  
16 EXPANSION AND USE ALTERNATIVE METHODS. EL TORO IS THE  
17 MOST LIKELY. IT WOULD BE EASY TO IMPLEMENT, AND IT  
18 WOULD BE QUICKER TO ACTIVATE. AND LET'S CONSIDER HERE,  
19 NOW, MODERNIZATION OF THE AIRPORT AND UPKEEP OF THE  
20 AIRPORT, YES. BUT EXPANSION, NO.

21 ALL RIGHT, LISTEN HERE NOW, THE MOTIVATION FOR  
22 LOS ANGELES, NOT JUST LAX, BUT THE CITY, TO EXPAND THIS  
23 AIRPORT AND DESTROY OUR CITIES IS THE MIGHTY DOLLAR.  
24 LAWA, YOU'RE ONLY DOING YOUR JOB TRYING TO IMPLEMENT  
25 THEIR PROGRAM AND APPROVE THEIR APPROVALS. THE CITY

1 HALL FLIPPED POLITICAL FOOTBALL. IT'S LAX OR LAWA. YOU  
2 SUPPLY US A FINANCIAL PIPELINE FOR THEM TO CAUSE THE  
3 POOR TO GET POORER AND THE RICH TO GET RICHER. SO YOUR  
4 MOTIVATION IS THE MIGHTY DOLLAR.

5 NOW, THESE MEETINGS SHOULD BE HELD AT A TIME  
6 WHEN WE RECEIVE ADEQUATE NOTICE, ESPECIALLY ON SATURDAY,  
7 IN TIME TO GET READY. SO THOSE ARE JUST A FEW OF THE  
8 FACTS. THANK YOU.

9 THE FACILITATOR: THANK YOU, MR. SMITH. MAY I  
10 PLEASE HAVE JOYCE HAYWARD, NANCY JOHNSON, ELIZABETH  
11 KHOURY, AND DAVID HONDA COME FORWARD, PLEASE. AND WE'LL  
12 STARTED WITH MS. HAYWARD, PLEASE.

13 MS. JOYCE HAYWARD: MY NAME IS JOYCE HAYWARD. I'M  
14 A RESIDENT OF INGLEWOOD, 3500-233 WEST MANCHESTER  
15 BOULEVARD, 90305.

16 I HAVEN'T HAD AN OPPORTUNITY TO REVIEW THE  
17 12,000 PAGES OF THE MASTER PLAN. FROM WHAT I HAVE  
18 OBSERVED, HOWEVER, AT VARIOUS MEETINGS, SCAG AND MTA,  
19 AND LOCAL MEETINGS, I AM LEFT WITH AN UNSETTLING FEELING  
20 IN MY GUT.

21 I AM AGAINST ALTERNATIVES A, B, AND C.  
22 RECENTLY ENTERING RETIREMENT, A TIME TO ENJOY FACILITIES  
23 AS OPPOSED TO ZIPPING BY THE SITES TO AND FROM WORK FOR  
24 THE PAST 12 YEARS IN THE INGLEWOOD COMMUNITY, I'M  
25 BECOMING FULLY AWARE THAT THE SITES ARE IN CONTRADICTION

1 JARGON. AS THEY DECREASE ON THE ONE HAND AND ARE  
2 REPLACED INCREMENTALLY HERE AND THERE AND BY LAND  
3 ACQUISITIONS WITH ALL ROADS LEADING TO THE AIRPORT AND  
4 ACQUISITIONS PERHAPS TO BECOME CONVENIENT LOCATIONS FAR  
5 CARGO STORAGE AREAS AND SO ON, THAT SPACE, CONVENIENT  
6 LOCATION FOR RENT-A-CARS, I FORESEE MORE GRIDLOCK IN OUR  
7 ALREADY OVERUSED STREETS.

8 NOW, HOW ELSE CAN YOU EXPECT ME TO VIEW WHAT IS  
9 HAPPENING IN MY NEIGHBORHOOD AS UNHEALTHY, BRINGING MORE  
10 TRAFFIC TO ALREADY GRIDLOCKED FREEWAYS? WILL OPENING  
11 AIRPORT BOULEVARD TO BECOME A THOROUGHFARE WITH THE  
12 POURING IN OF AUTO TRAFFIC HELP OUR COMMUNITY?

13 YOU KNOW THAT THESE PROJECTS POINT TO ALL  
14 ROADS LEADING TO LAX. WHAT WILL BENEFIT US IN THE NAME  
15 OF COMMUNITY IMPROVEMENT? WHAT WILL LESSEN TRAFFIC ON  
16 THE ROADS IN OUR COMMUNITY, WHICH HAVE BECOME LIKE  
17 FREEWAYS WITH ADDED DISCOURTEOUS HONKING-HORN DRIVERS IF  
18 ONE DOESN'T MAKE A DASH AT AN ANTICIPATED TRAFFIC LIGHT  
19 CHANGE?

20 WHAT WILL BENEFIT OUR COMMUNITIES IS AN AREA  
21 PARK DESIGNED TO HELP RECOVER FROM THE DETERIORATING  
22 INFRASTRUCTURE IN OUR COMMUNITY. WE CAN DEVELOP HELPFUL  
23 COMMUNITY ACTIVITIES TO HELP IN THE HEALING OF DEEP  
24 WOUNDS THAT WE REALLY FEEL IN OUR COMMUNITY BY WHAT IS  
25 HAPPENING.

1                   OF THE GREATEST DEVASTATING FINANCIAL RAPES,  
2 ONE OF THE GREATEST FINANCIAL RAPES TO OUR CITY WAS THE  
3 LOSS OF THE GREAT WESTERN FORUM, PRINCIPAL ACTIVITIES TO  
4 STAPLES CENTER, TO THE MORE BEAUTIFUL DEVELOPING  
5 DOWNTOWN LOS ANGELES. ONE HAS TO WONDER WHY IT TOOK  
6 APPROXIMATELY TWO YEARS IN THE DOWNTOWN INGLEWOOD AREA,  
7 WHERE PEDESTRIANS AND BUSINESSES WERE INCONVENIENCED, TO  
8 RECONSTRUCT THAT AREA'S STREETS AND SO FORTH THERE, TWO  
9 YEARS. IN OTHER PROJECTS THAT I'VE BEEN AWARE OF, YOU  
10 HAVE WALKWAYS PUT UP TO CONVENIENCE THE PEOPLE WHO ARE  
11 GOING TO BE SHOPPING IN THAT AREA.

12           THE FACILITATOR: THANK YOU. I'M SORRY, YOUR TIME  
13 IS UP.

14                   NANCY JOHNSON.

15           MS. NANCY JOHNSON: THANK YOU. MR. KESSLER AND  
16 MS. BAIN AND OTHER MEMBERS OF THE COMMITTEE, I'D LIKE TO  
17 EXPRESS MY CONCERNS AS A CITIZEN. MY NAME IS NANCY  
18 JOHNSON. I LIVE UNDER THE FLIGHT PATH, AND I'VE LIVED  
19 HERE FOR 41 YEARS. AND I DISAGREE WITH ONE OF THE  
20 PEOPLE THAT SPOKE WHO SAID TO GET USED TO IT. I STILL  
21 HAVEN'T GOTTEN USED TO THE NOISE.

22                   AS FAR AS THE PLAN IS CONCERNED, I FIND THE  
23 ENTIRE PLAN FLAWED AND UNACCEPTABLE. IN FACT, I THINK  
24 THERE SHOULD BE NO PLAN FOR EXPANSION OF LAX. AND IF  
25 YOU DO PLAN ANY KIND OF PLAN, THERE SHOULD BE ONE MORE:

1 ELIMINATION OF LAX. I THINK IT HAS EXCEEDED ITS  
2 USEFULNESS. AND I'D LIKE TO READ TO YOU JUST A BRIEF  
3 NOTE THAT I INTEND TO SEND TO YOUR MASTER PLAN OFFICE,  
4 AND IT GOES:

5 DEAR SIR: DO YOU KNOW WHAT IT IS LIKE TO HEAR  
6 THE ROARING SOUND OF AN AIRPLANE AWAKEN YOU AT 12:30 OR  
7 1 O'CLOCK IN THE MORNING? AND THEN TO ENDURE 20 YEARS  
8 PLUS OF AIRPLANES FLYING OVER YOUR HOUSE EVERY THREE TO  
9 FIVE SECONDS? NOT MINUTES. SECONDS. ALL DAY LONG. I  
10 DO. I THINK IT IS TIME TO FURTHER DEVELOP AND UTILIZE  
11 THE AIRPORTS IN PALMDALE, ONTARIO, THE INLAND EMPIRE,  
12 AND ANY OTHER NUMBER OF PLACES.

13 APPROXIMATELY 90 PERCENT OF THE PEOPLE WHO USE  
14 THE AIRPORT, LAX, DO NOT LIVE IN THIS AREA. THEY DON'T  
15 REALLY WANT TO COME INTO THIS AREA, BUT ARE WILLING TO  
16 MAKE THE SACRIFICES TO AVOID THE EROSION OF THEIR  
17 ENVIRONMENTS BY THE NOISE, AIR POLLUTION, TRAFFIC  
18 CONGESTION, PROPERTY DEVALUATIONS, DRUG TRAFFICKING,  
19 TRANSIENCE, PROSTITUTION, SMUGGLING, AND ANY NUMBER OF  
20 OTHER NEGATIVES.

21 THE NEIGHBORS IN THE PERIMETERS OF LAX HAVE  
22 SUFFERED LONG ENOUGH. AND NOW YOU WANT TO RUB OUR NOSES  
23 IN IT BY EXPANDING THE PLACE. PLEASE GIVE OTHERS,  
24 INCLUDING YOURSELVES, A TURN. INSTEAD OF EXPANDING,  
25 ESTABLISH AIRPORTS CLOSE TO WHERE YOU LIVE, LIKE THE

1 STAPLES CENTER WAS DEVELOPED, CLOSER TO HOME, INSTEAD OF  
2 GOING AWAY FROM THE L.A. FORUM. THERE ARE PLENTY OF  
3 JOBS AROUND. IF OUR COMMUNITIES NEED AIRPORT  
4 EMPLOYMENT, WE WILL GLADLY GO SOMEWHERE, ANYWHERE, OTHER  
5 THAN LAX.

6 I AM SURPRISED THAT BECAUSE OF THE PRIME  
7 LOCATION OF LAX PROPERTY, IT HASN'T BEEN ABANDONED AS AN  
8 AIRPORT AND TAKEN OVER FOR BUSINESSES, HOUSING, LARGE  
9 APARTMENT DEVELOPMENTS, OR EVEN A WEST COAST WASHINGTON,  
10 D.C. IT WOULD BRING IN FAR MORE REVENUE FOR THE CITY OF  
11 L.A. THAN A BLOATED, RUPTURED, LAX.

12 THE EXPANSION OF LAX WOULD BE AN ENVIRONMENTAL  
13 DISASTER. WITH ANY NEW JOBS THAT MIGHT BE CREATED, THE  
14 EMPLOYMENT WOULD BE OF SHORT DURATION. WITH MORE AIR  
15 TRAFFIC, OUR ALREADY POLLUTED ENVIRONMENT, LUNG CANCER,  
16 STRESS, AND OTHER ILLNESSES WOULD SEVERELY LIMIT THE  
17 CAPACITY OF THE LABOR FORCE.

18 THE FACILITATOR: THANK YOU, MRS. JOHNSON. I  
19 APOLOGIZE. YOUR TIME IS EXPIRED. THANK YOU.

20 ELIZABETH KHOURY? DAVID HONDA?

21 MS. ELIZABETH KHOURY: ELIZABETH KHOURY,  
22 K-H-O-O-U-R-Y, 2402 VAN WICK STREET, INGLEWOOD 90303.  
23 I AM A MEMBER OF LAXEN.

24 THE EIR/EIS HAS TAKEN OVER FIVE YEARS IN THE  
25 MAKING, BUT THE EIR CAME OUT IN JANUARY. WHY DID LAWA

1 AND FAA WAIT UNTIL JUNE TO HAVE A PUBLIC HEARING? THIS  
2 ONE PUBLIC HEARING IS AT THREE DIFFERENT LOCATIONS AND  
3 IS VERY INADEQUATE FOR THE COMMUNITY SURROUNDING LAX.  
4 VERY POOR OUTREACH. AS YOU CAN SEE, LESS THAN ABOUT 50  
5 PEOPLE HERE, MAYBE 50 OR MORE. WE HAVE MORE PEOPLE AT  
6 LAXEN MEETINGS THAN YOU HAD ALL DAY TODAY. IT'S A  
7 TERRIBLE SHAME THAT YOU CAN'T SEEM TO OUTREACH MORE.

8 LAWYER SAYS IT WANTS TO BE A GOOD NEIGHBOR. THEN  
9 BE A GOOD NEIGHBOR AND NOT EXPAND ANY FURTHER. EXPAND  
10 OTHER AIRPORTS SUCH AS EL TORO, PALMDALE, ONTARIO.

11 INGLEWOOD AND SURROUNDING COMMUNITIES ALREADY  
12 ARE SATURATED WITH NOISE, POLLUTANTS, TRAFFIC, AND THE  
13 PLANES. THE LAST EIR WAS DONE IN 1974 WITH 40 MILLION  
14 PASSENGERS. I HAVE A CHART HERE THAT SAYS NOW 2000,  
15 WE'LL SAY 2001, PLUS 68 MILLION PASSENGERS, AIR CARGO  
16 VOLUME 2,249,000, AIRCRAFT OPERATION 783,423.

17 ENOUGH'S ENOUGH. WE NEED RELIEF, AND THAT  
18 MEANS NO MORE EXPANSION, THE END OF IT, FINISHED. WE  
19 WANT LAX TO CAP IT AT ITS PRESENT LEVEL. WE DON'T NEED  
20 MORE CARCINOGENS DUMPING DOWN ON US. THREE NEIGHBORS  
21 ACROSS THE STREET FROM ME DEVELOPED CANCER IN THE LAST  
22 THREE YEARS.

23 IN THE LAST YEARS, THOSE PLANES ARE COMING LOW,  
24 AND MORE, AND NOISIER. DO US ALL A FAVOR. BE A GOOD  
25 NEIGHBOR AND DON'T EXPAND. WE WOULD LOVE TO HAVE YOU AS

1 A GOOD NEIGHBOR. BUT THE WAY YOU'RE DOING IT, YOU WILL  
2 NOT HAVE MANY GOOD FRIENDS.

3 THE FACILITATOR: THANK YOU, MS. KHOURY.

4 MR. HONDA.

5 MR. DAVID HONDA: MY NAME IS DAVID HONDA. I'M THE  
6 PRESIDENT OF THE ASIAN BUSINESS ASSOCIATION OF LOS  
7 ANGELES. I COME BEFORE YOU TODAY ON BEHALF OF OUR 500  
8 MEMBER ORGANIZATION IN LOS ANGELES REPRESENTING SMALL  
9 AND MEDIUM SIZED BUSINESSES.

10 WE HAVE A STATEMENT WITHIN OUR ORGANIZATION  
11 THAT "DIVERSE TALENTS INSPIRE UNLIMITED PROSPERITY."  
12 ALL ASIANS, WHETHER THEY'RE CHINESE, JAPANESE, KOREAN,  
13 FILIPINO, INDONESIAN, VIETNAMESE, OR INDIAN ARE  
14 BOTTOM-LINE ORIENTED. OUR MEMBER PROFILE COVERS OWNERS  
15 OF INTERNATIONAL TRADE, CONSTRUCTION, ARCHITECTURAL,  
16 ENGINEERING, RESTAURANTEURS, AND SERVICES COMPANIES.

17 OUR FOCUS TODAY IS TO SUPPORT THE MODERNIZATION  
18 OF LAX TO ACCOMMODATE INCREASE OF CARGO AND PASSENGERS  
19 ANTICIPATED FOR THE FUTURE GROWTH OF LOS ANGELES.

20 OUR MEMBERS HAVE TWO REASONS FOR THIS  
21 MODERNIZATION. ONE IS THAT OUR MEMBERS WILL BENEFIT  
22 FROM THE INCREASE IN CONSTRUCTION AND ENGINEERING  
23 BUSINESS OPPORTUNITIES AND TWO, THE INCREASE IN  
24 PRODUCTION OF CARGO FACILITIES, I.E., PERISHABLE FOODS,  
25 THAT PASS THROUGH THE TERMINALS FOR FOOD SERVICE.

1 RESTAURANTEURS AND INTERNATIONAL TRADERS. PERISHABLE  
2 ITEMS CANNOT BE BROUGHT IN BY SHIP. AS ONE CAN SEE, WE  
3 ARE BOTTOM-LINE ORIENTED.

4 LOS ANGELES HAS A VAST EXPANDING POPULATION OF  
5 ASIANS AND INCREASING DAILY, NECESSITATING FUTURE  
6 PASSENGERS FROM ASIA. OUR LEADERS AT LAX DEMONSTRATE  
7 WISDOM, WILL, AND VISION AND SHOULD BE ENCOURAGED TO  
8 MOVE FORWARD CAREFULLY AND THOUGHTFULLY BUT NOT TOO  
9 FOR A 21ST CENTURY FACILITY. THANK YOU VERY MUCH.

10 THE FACILITATOR: THANK YOU MR. HONDA. MAY I HAVE  
11 TIM LESTER, TOM MOXLEY, JIM ADAMS, AND RONALD WEINTRAUB,  
12 PLEASE. I'D LIKE TO START WITH MR. LESTER. ARE YOU  
13 MR. LESTER, SIR? TOM MOXLEY? OKAY, MR. MOXLEY.

14 MR. TOM MOXLEY: MY NAME IS TOM MOXLEY. MY MAILING  
15 ADDRESS IS 2057 SOUTH ATLANTIC AVENUE, LOS ANGELES,  
16 CALIFORNIA 90040. I REPRESENT SOME 6,000 INTERNATIONAL  
17 ASSOCIATION OF BRIDGE, STRUCTURAL, AND IRONWORKERS THAT  
18 LIVE IN EVERY COMMUNITY HERE IN SOUTHERN CALIFORNIA.

19 WE ARE IN SUPPORT OF THE ALTERNATIVE PLAN C  
20 MODERNIZATION OF LAX. IT'S TIME THAT LAX INTERNATIONAL  
21 AIRPORT COMES INTO THE YEAR 2001 AND ABOVE. IT'S A  
22 DINOSAUR THAT HAS BEEN NEGLECTED AND NEEDS TO BE  
23 MODERNIZED.

24 WHEN THEY BUILT THE GREEN LINE, THE GREEN LINE  
25 SHOULD HAVE COME INTO LAX TO ALLEVIATE TRAFFIC AND TO

1 IMPROVE THE TRANSPORTATION IN AND OUT OF THE AIRPORT.

2 THIS IS ONE OF THE PARTS OF THE PLAN OF ALTERNATE C.

3           THERE'S AN ECONOMIC ENGINE HERE IN PLACE, I'VE  
4 HEARD THE COMMUNITY SPEAK, THAT PROVIDES JOBS. LAX HAS  
5 TO BE THE HUB OF A REGIONAL PLAN. WE HAVE TO START WITH  
6 LAX.

7           I'M ALSO IN MANY MEETINGS THROUGHOUT THE  
8 COMMUNITIES. ONE OF THEM IS EL TORO, ONE OF THEM IS  
9 MARCH, AND ALSO PALMDALE. THESE ARE BEING LOOKED AT,  
10 STUDIED, REVIEWED. BUT LAX IS THE HUB OF THAT WHEEL.  
11 NOW IS THE TIME TO MODERNIZE, TO BRING IT INTO THE 21ST  
12 CENTURY AND TO GO FORWARD WITH THAT. THANK YOU FOR YOUR  
13 TIME.

14           THE FACILITATOR: THANK YOU, MR. MOXLEY.

15           MR. ADAMS.

16           MR. JIM ADAMS: GOOD AFTERNOON. MY NAME IS JIM  
17 ADAMS. I'M COUNCIL REPRESENTATIVE FOR THE LOS  
18 ANGELES/ORANGE COUNTIES BUILDING CONSTRUCTION TRADE  
19 COUNCIL. OUR ADDRESS IS 1626 BEVERLY BOULEVARD, LOS  
20 ANGELES 90026-5784.

21           I'M HERE TODAY TO PROVIDE A VERY SIMPLE MESSAGE  
22 FOR AN ISSUE THAT I ACKNOWLEDGE IS VERY COMPLEX. IT IS  
23 CLEAR TO ME AND THE TENS OF THOUSANDS OF MEN AND WOMEN  
24 IN THE CONSTRUCTION TRADES THAT LAX NEEDS TO BE  
25 MODERNIZED. IT NEEDS TO BE MODERNIZED FOR A NUMBER OF

1 REASONS. THIS AIRPORT IS THE CRITICAL ECONOMIC ENGINE  
2 FOR OUR CITY, OUR REGION, OUR STATE, AND FOR THE  
3 COUNTRY. OVER 400,000 JOBS IN OUR REGION ARE  
4 ATTRIBUTABLE TO THE ECONOMIC IMPACT OF LAX. LOS ANGELES  
5 COUNTY BENEFITS FROM OVER \$50 BILLION IN ECONOMIC OUTPUT  
6 RELATED TO THE AIRPORT.

7 THE AIRPORT IS A FUNDAMENTAL PART OF OUR PUBLIC  
8 INFRASTRUCTURE THAT HAS BEEN LEFT TO DETERIORATE, HAS  
9 BEEN SURPASSED BY GROWTH IN POPULATION AND IS NO LONGER  
10 CAPABLE OF ADEQUATELY DEALING WITH THE ADVANCES IN  
11 TRANSPORTATION TECHNOLOGY THAT HAVE TAKEN PLACE OVER THE  
12 LAST DECADE.

13 THOUSANDS OF CONSTRUCTIONS WORKERS,  
14 CONSTRUCTION-RELATED JOBS WILL BE CREATED BY THE  
15 MODERNIZATION PROGRAM. THOSE JOBS PROVIDE LIVELIHOOD  
16 FOR FAMILIES, WILL HELP SEND OUR CHILDREN TO COLLEGE AND  
17 WILL BRING CONSUMER DOLLARS INTO EVERY CITY IN THIS  
18 REGION.

19 BUT THE MODERNIZATION OF LAX IS NOT A JOBS  
20 PROGRAM. THE MODERNIZATION OF LAX IS CRITICAL BECAUSE  
21 IT WILL MAKE OUR AIRPORT SAFER. IT WILL PRESERVE ITS  
22 ROLE AS A GATEWAY TO ASIA AND IT WILL MAKE IT A CRITICAL  
23 GATEWAY TO GROWING ECONOMIES IN SOUTH AMERICA, CENTRAL  
24 AMERICA, AND MEXICO. AND IT WILL SERVE AS A TEST CASE  
25 IN HOW A COMPLEX SOCIETY DEALS WITH THE LONG-TERM

1 INFRASTRUCTURE PLANNING THAT IS ESSENTIAL TO PREPARE FOR  
2 THE DEMOGRAPHIC AND SOCIAL CHANGES THAT ARE PART OF THE  
3 FUTURE FOR THIS WHOLE REGION.

4 THE PEOPLE OF LOS ANGELES HAVE A CHOICE TO MAKE  
5 ABOUT LAX. IF WE DO NOTHING, DELAYS WILL INCREASE, THE  
6 RUNWAYS WILL BECOME LESS SAFE, AIRLINE TRAFFIC WILL  
7 CONTINUE TO INCREASE, AND WE WILL LOSE JOBS TO OTHER  
8 REGIONS WHO ARE MORE WILLING AND READY TO ACT. THESE  
9 ARE INDISPUTABLE FACTS OF OUR SITUATION, AND THESE FACTS  
10 WILL NOT BE ALTERED BY FANTASIZING ABOUT QUICK-FIX  
11 SOLUTIONS OR PIE-IN-THE-SKY IDEAS ABOUT HOW WE WILL  
12 UNILATERALLY DEMAND THAT OUR CARRIERS FLY TO OTHER  
13 AIRPORTS.

14 WE CAN'T CONTROL ALL OF THE ECONOMIC DECISIONS  
15 OF OUR AIRLINE INDUSTRY, BUT WE CAN CONTROL OUR  
16 PLANNING, OUR CREATIVITY IN SOLVING PROBLEMS AND OUR  
17 VISION AS TO WHAT LAX CAN BE. IT CAN BECOME A TOP-LEVEL  
18 AIRPORT FOR THIS NEW CENTURY. RIGHT NOW IT'S NOT. WE  
19 CAN HAVE A REGIONAL SOLUTION TO INCREASING DEMANDS FOR  
20 AIR TRAVEL AND CARGO. BUT THAT SOLUTION WILL NOT OCCUR  
21 WITHOUT LAX TAKING ITS FAIR SHARE OF THAT INCREASE.  
22 THANK YOU.

23 THE FACILITATOR: THANK YOU, SIR. IS MR. WEINTRAUB  
24 AVAILABLE? RONALD WEINTRAUB? BETTY THOMPSON? THEODORE  
25 SMITH? EFFIE HETRICK? DORIS BAKER?

1 I'LL START WITH MISS THOMPSON, PLEASE.

2 MS. BETTY PHILLIPS THOMPSON: HELLO. MY NAME IS  
3 BETTY PHILLIPS THOMPSON. MY ADDRESS IS P.O. BOX 90372,  
4 LOS ANGELES, CALIFORNIA 9009. I'M AN INGLEWOOD  
5 RESIDENT, I'VE BEEN AN INGLEWOOD RESIDENT FOR OVER 25  
6 YEARS, AND MY CONCERN IS WITH THE DEVELOPMENT OF LAX.

7 MRS. JOHNSON HAD PUT SOME VERY GOOD POINTS IN  
8 THE AREA, WHERE THE PLANES ARE UNBEARABLE AT NIGHT THAT  
9 YOU CANNOT SLEEP, AND THE CARGO PLANES FLY SO LOW THAT  
10 IT VIBRATES YOUR HOUSE. I CANNOT PUT THINGS UP HIGH OF  
11 VALUE. THEY WILL FALL OFF THE SHELF. SO I HAVE TO PUT  
12 IT LOW ENOUGH SO IT DOESN'T AFFECT IT. AND THEY DON'T  
13 HAVE A TIME FRAME ON FLYING. THE CARGO PLANES FLY ANY  
14 TIME THAT THEY DECIDE THAT THEY WANT TO COME INTO LAX.

15 SO MY CONCERN IS THAT SOME OF THE OTHER PEOPLE  
16 SAY THOSE CARGO FLIGHTS CAN COME IN AT ANOTHER LOCATION  
17 SO THAT WE CAN GET TO SLEEP AT NIGHT. MOST OF THE  
18 PLANES, WHEN I FIRST BOUGHT MY HOUSE, I CAME INTO THE  
19 NEIGHBORHOOD TO RESEARCH THE AREA TO MAKE SURE THAT I  
20 DIDN'T HEAR ALL OF THESE. WHEN I FIRST BOUGHT MY HOUSE,  
21 ALL OF THESE PLANES WERE NOT COMING INTO LAX. IT WAS  
22 MINIMIZED.

23 NOW IT'S LIKE SHE SAID, IT'S EVERY MINUTE OR  
24 LESS THAT ONE IS COMING IN. AND IF YOU WATCH ON TV OR  
25 DO ANYTHING ELSE, YOU GOT TO KEEP THE REMOTE CONTROL IN

1 YOUR HAND AND TURN THE TV UP OR TURN IT DOWN. AND YOU  
2 GO GET YOUR CAR WASHED ONE DAY, YOU GOT TO GO GET IT  
3 WASHED THE NEXT DAY. YOU PAINT YOUR HOUSE, YOU HAVE TO  
4 PAINT YOUR HOUSE EVERY YEAR BECAUSE OF THE POLLUTION IN  
5 THE AIR THAT COMES DOWN ON YOUR PROPERTY AND THINGS LIKE  
6 THIS HERE. SO I'M OPPOSED TO LAX EXPANSION. THANK YOU  
7 VERY MUCH.

8 THE FACILITATOR: THANK YOU. MAY I HAVE THEODORE  
9 SMITH, PLEASE.

10 MR. THEODORE SMITH III: MY NAME IS THEODORE SMITH  
11 III. I REPRESENT THE LAX ADVISORY COMMITTEE. MY  
12 ADDRESS IS 11260 OVERLAND AVENUE, UNIT 11B, CULVER CITY,  
13 CALIFORNIA, FOR A CHANGE OF PACE THERE, 90230.

14 I WANT TO SAY FIRST OF ALL OUR COMMITTEE  
15 REPRESENTS THE SURROUNDING COMMUNITIES WITHIN THE AREA  
16 OF THE AIRPORT. WE WANT TO HAVE YOU UTILIZE PALMDALE  
17 AND ONTARIO MORE. WE'RE ALSO SUPPORTING THE NO-ACTION,  
18 NO-PROJECT SCENARIO IN THE EIR BECAUSE WE, OUR  
19 SURROUNDING COMMUNITIES, AND LOS ANGELES HAVE TAKEN IN  
20 OUR FAIR SHARE, OVER 70 MILLION PASSENGERS AND OVER 2  
21 MILLION TONS OF CARGO.

22 NUMBER THREE, WE ARE AGAINST THE RING ROAD AND  
23 THE EXPANSION OF THE WEST END TERMINAL. WE DO NOT WANT  
24 TO SEE AN INCREASE IN TRAFFIC AND ALSO NOISE AND AIR  
25 QUALITY PROBLEMS.

1 AS TO THE EIR, SOME OF OUR QUESTIONS ARE, WHY  
2 HAVE NO SINGLE EVENT NOISE SCENARIO AND MEASURES.  
3 NUMBER TWO, AIR QUALITY MODELING DATA AND ASSUMPTIONS  
4 ARE MISSING FROM THE EIR. WHEN WILL THEY BE ABLE, HOW  
5 CAN WE ASSESS THE ACCURACY OF ANYTHING WITHOUT THIS, AND  
6 WILL YOU EXTEND THE COMMENT PERIOD TO INCLUDE COMMENTS  
7 REGARDING THIS INFORMATION ONCE IT'S AVAILABLE?

8 WHAT ARE THE SPECIFIC FLIGHT PATHS FOR EASTERLY  
9 AND WESTERLY TAKEOFFS? WITHOUT THAT INFORMATION, NOBODY  
10 CAN ASSESS NOISE OR ENVIRONMENTAL CONCERNS. THIS WAS  
11 ASKED DURING THE SCOPING PROCESS BUT WAS NOT INCLUDED IN  
12 THE EIR. WILL YOU MAKE THIS INFORMATION AVAILABLE AND  
13 WILL YOU EXTEND THE COMMENT PERIOD? AND WHAT MEDIATION  
14 MEASURES WILL YOU DO FOR THE INCREASE IN THIS AREA?

15 AS TO THE ARBOR VITAE OFF-RAMP, THE EIR DOES  
16 NOT STATE CLEARLY WHY OR HOW THIS WILL MITIGATE TRAFFIC  
17 CONGESTION IN AND AROUND THE AIRPORT. THERE IS NO  
18 ANALYSIS OF THE ENVIRONMENTAL EFFECTS NOR THE COMMUNITY  
19 EFFECT ABOUT THIS OFF-RAMP.

20 FURTHER, YOU ARE ASSUMING THAT YOU'RE GOING TO  
21 RECEIVE FEDERAL FUNDS FOR THE ARBOR VITAE OFF-RAMP. IF  
22 YOU DO NOT RECEIVE FEDERAL FUNDS, YOU WILL PAY FOR THIS  
23 OFF-RAMP WHEN AIRPORT OPERATION FUNDS CAN ONLY BE USED  
24 EXCLUSIVELY FOR ON-SITE PROPOSALS THAT YOU HAVE OR  
25 ON-SITE THINGS THAT YOU NEED TO DO.

1           FURTHERMORE, IN ALL OTHER MITIGATION MEASURES  
2 THAT YOU DO, HOW CAN YOU UTILIZE, YOU ASSUME THAT THE  
3 STATE OR THE FEDERAL GOVERNMENT WILL PAY FOR THEM. THE  
4 STATE OR THE FEDERAL GOVERNMENT DOES NOT PAY FOR THEM,  
5 AND AIRPORT OPERATION FUNDS CAN ONLY BE USED ON THE  
6 AIRPORT.

7           HOW WILL YOU MAKE GOOD ON THESE MEASURES? FOR  
8 INSTANCE, ON THE RING ROAD, YOU MAKE AN ASSUMPTION THAT  
9 PEOPLE FOLLOWING ON A NORTH-TO-SOUTH DIRECTION WILL TAKE  
10 THE 405 FREEWAY AS IT EXPANDS AND NOT SEPULVEDA THROUGH  
11 MY COMMUNITY. HOW DO YOU MAKE THIS ASSUMPTION? WHAT  
12 MODELING TECHNIQUES DO YOU USE TO MAKE THAT  
13 DETERMINATION? RIGHT NOW EVERYBODY TAKES SEPULVEDA.  
14 HAVE YOU CONSIDERED WHAT THIS DOES TO THESE  
15 COMMUNITIES? PLEASE, REVAMP YOUR STUDY AND DO IT  
16 AGAIN. THANK YOU.

17           THE FACILITATOR: THANK YOU, MR. SMITH.

18           MISS HETRICK.

19           MS. EFFIE HETRICK: I AM EFFIE HETRICK, E-F-F-I-E,  
20 H-E-T-R-I-C-K. EXCUSE MY THROAT. I WOULD LIKE TO SAY  
21 THAT ON THE L.A. EXPANSION, NO, NO, NO. I HAVE THREE  
22 OBJECTIONS.

23           POLLUTION IS EXTREME. POLLUTION IN THIS CITY,  
24 IN OUR 16 OR 18 AROUND LAX CITIES, HAS GOTTEN SO BAD  
25 THAT MY DRIVEWAY IN MY APARTMENT HAS TO BE HOSED DOWN

1 EVERY DAY BECAUSE PEOPLE CAN'T WALK OUTSIDE IN THE  
2 DRIVEWAY AND COME IN ON THE CARPETS.

3 THE NOISE HAS BECOME SO BAD. ONE OF THE WORST  
4 NOISES WE GET IN THE EVENING IS WHEN THERE'S A FLIGHT  
5 ABORTED, AND YOU HAVE TO POWER UP OUR LARGER PLANES WITH  
6 A TREMENDOUS ROAR. PV TOLD YOU WHAT TO DO. THEY TOLD  
7 YOU, GET THEM OUT OVER THE OCEAN AND DON'T FLY THEM OVER  
8 PV ANYMORE. NOW THE NOISE POLLUTION HAS ONE OF THE MOST  
9 DISASTROUS EFFECTS, AND LAX IS RESPONSIBLE FOR A GOOD 80  
10 OR 90 PERCENT OF IT.

11 THE WAY YOU'RE KILLING OUR CHILDREN, KILLING  
12 OUR OLDER PEOPLE, KILLING OUR MIDDLE CLASS, KILLING  
13 PEOPLE IN THIS CITY IN EVERY AGE WITH CANCER, LEUKEMIA,  
14 ALL KINDS OF LUNG DISEASES. NOBODY CAN PAY TO RESTORE  
15 THESE PEOPLE'S HEALTH, I DON'T CARE HOW MUCH MONEY  
16 YOU'RE MAKING.

17 I KNOW, AS GEORGE PUTNAM USED TO SAY, JUST  
18 FOLLOW THE MONEY TRAIL AND YOU'LL SEE THE REASON. WE  
19 KNOW WHY YOU WANT TO EXPAND. GET UP TO PALMDALE. GET  
20 UP TO VICTORVILLE. YOU'VE GOT GEORGE AIR FORCE BASE.  
21 YOU'VE GOT ALL KINDS OF EL TOROS AND ALL KINDS OF GOOD  
22 AIRCRAFT AROUND THE AREA. JUST START SHARING IT WITH  
23 SOME OTHER PEOPLE AND SAVE THE LIVES OF OUR CHILDREN AND  
24 THE LIVES OF OUR BABIES. BECAUSE WE CANNOT BUY, WE  
25 CANNOT BUY NEW LUNGS.

1                   AND THESE OVERCROWDED SKIES, I CAN LOOK OUT  
2 EAST IN THE EVENING, I CAN COUNT 20 AIRCRAFT FLYING INTO  
3 LAX, 20 AIRCRAFT JUST COMING DOWN IN STEPS. NOW, YOU  
4 TELL ME THAT'S SAFE.

5                   FAA HAS NO SAFETY. FAA DOESN'T HAVE ANY IDEA  
6 THAT IT -- AND IT SHOULD BE STOPPED. AND I SAID, LET'S  
7 CAP THIS RIGHT NOW AND LET 18 OR 20 CITIES IN THIS SOUTH  
8 BAY TELL YOU ALL ON THE MASTER PLAN, LAX, STOP NOW,  
9 BECAUSE WE'RE GOING TO STOP THIS. IT'S NOT GOING TO GO  
10 ON. THANK YOU.

11                  THE FACILITATOR: THANK YOU.

12                  DORIS BAKER.

13                  MS. DORIS BAKER: I'M DORIS BAKER, A CITIZEN OF  
14 INGLEWOOD FOR OVER 40 YEARS, AND TAUGHT IN THE PUBLIC  
15 SCHOOL SYSTEM.

16                  I THINK FIRST WE SHOULD GAVE PRAISE TO GOD TO  
17 LEAD US AND GUIDE US THE CORRECT WAY. MAN DOES NOT  
18 KNOW, BUT GOD KNOWS THE FUTURE. WE DON'T KNOW IT.  
19 THAT'S UP TO SOMEBODY WHO CAN TELL US WHAT TO DO THAT  
20 WILL HELP OUR PEOPLE.

21                  WHEN I SIT IN MY YARD, AND I TOLD AT THE LAST  
22 MEETING, I INVITE YOU, I DON'T LIVE HERE, I CAN'T DO  
23 THAT. I INVITE YOU, I GOT MY FIVE CHAIRS ON THE PATIO.  
24 SIT THERE AND COUNT AIRPLANES. AND BEFORE THIS ONE  
25 LEAVES, THE NEXT ONE IS COMING, AND THEN BY THAT TIME

1 THE THIRD ONE'S COMING, THEN THREE MORE COME IN, FOR  
2 HOURS AT A TIME. AND THEN AT NIGHT, WHERE I LIVE,  
3 YOU'RE TWO BLOCKS TOO FAR FROM THE DEADLINE TO HAVE YOUR  
4 HOUSE REDONE BY THE FEDERAL GOVERNMENT SO IT WILL NOT  
5 SHAKE AND THE NOISE COME THROUGH.

6 WE ARE ALL GOD'S PEOPLE, AND UNLESS WE TRUST  
7 HIM, WE CAN LOOK UP THAT NOTHING GOOD WILL HAPPEN.  
8 BECAUSE THROUGH HIM, ALL THINGS ARE POSSIBLE. AND IF HE  
9 DESIRES AN AIRPORT, HE WILL SHOW YOU THE CORRECT WAY TO  
10 STOP AND DO THE THING RIGHT.

11 AND IF HE LEADS YOU TO MOVE AIRPORTS OUT  
12 SOMEWHERE -- BECAUSE BEFORE MANY PEOPLE STARTED FLYING,  
13 I WAS FLYING. I WAS IN NEW YORK, AND I WENT UP IN THE  
14 COCKPIT, AND THE MAN TOLD US ABOUT THESE PLANES COMING  
15 IN AND EVERYTHING. AND WHEN I CAME TO L.A., "YOU FLEW  
16 OUT HERE ON AN AIRPLANE?" I SAID, "I SURE DID." "OH."  
17 EVERYBODY IN THE DORMITORY BUT TWO PEOPLE CAME OUT BY  
18 TRAIN OR BUS. AND I FLEW OUT BECAUSE AT THAT TIME, THAT  
19 WAS THE SAFEST MODE OF TRANSPORTATION. NOT NOW.

20 SO WE GOT TO THINK ABOUT OUR FUTURE. AND THESE  
21 ARE OUR PEOPLE. IF THE PLANE'S COMING OVER YOUR HOUSE,  
22 YOU'LL SAY SOMETHING. AND IF YOU LIVE OUT IN HOLLYWOOD,  
23 BEVERLY HILLS, AND NO PLANES COMING OVER YOUR HOUSE,  
24 DON'T MAKE PLANS FOR THESE PEOPLE. LET THEM HAVE A  
25 SAY-SO, PLEASE. RESPECT PEOPLE AND GOD WILL RESPECT

1 YOU. LET'S PUT GOD FIRST IN THIS PLAN.

2 THE FACILITATOR: THANK YOU, MS. BAKER.

3 MARIA VERDUZCO, PATT SANDERS, DIANE SAMBRANO,  
4 AND CECIL CARPIO. WE'LL START WITH MS. VERDUZCO.

5 MS. MARIA VERDUZCO: THANK YOU. YOU GOT IT RIGHT.

6 GOOD AFTERNOON. MY NAME IS MARIA VERDUZCO. I  
7 LIVE AT 10927 GREVILLEA AVENUE IN LENNOX. I AM HERE ON  
8 BEHALF OF THE LENNOX COORDINATING COUNCIL, THE INFORMAL  
9 GOVERNING BOARD OF THE UNINCORPORATED AREA OF LENNOX.

10 THE LAX EXPANSION WILL HAVE A SIGNIFICANT  
11 IMPACT ON THE COMMUNITIES LIKE LENNOX SURROUNDING THE  
12 AIRPORT. LOS ANGELES WORLD AIRPORTS, IN AN EFFORT TO  
13 ADDRESS THE CONCERNS OF THE COMMUNITIES ON THE PERIPHERY  
14 OF THE AIRPORT, HAS HIRED A CONSULTING GROUP TO CONVENE  
15 PUBLIC FORUMS TO INFORM RESIDENTS ABOUT THE IMPACT OF  
16 THE AIRPORT EXPANSION PLANS.

17 OUR CONCERN IS THAT THESE PUBLIC FORUMS, WHICH  
18 ARE BEING BILLED AS ENVIRONMENTAL JUSTICE MEETINGS, WILL  
19 NOT PRESENT INFORMATION TO THE COMMUNITY IN AN UNBIASED  
20 AND OBJECTIVE MANNER. AS YOU KNOW, THE PROPOSED  
21 EXPANSION HAS SIGNIFICANT IMPLICATIONS FOR THE PUBLIC  
22 HEALTH AND SAFETY FOR THE SURROUNDING COMMUNITIES SUCH  
23 AS LENNOX. AS A RESULT, THERE IS A GREAT DEAL OF  
24 COMMUNITY CONCERN AND INTEREST IN THESE PROPOSALS.

25 IT IS THEREFORE VITAL THAT EVERY EFFORT BE MADE

1 TO INFORM AND PROVIDE LOCAL RESIDENTS WITH ACCURATE AND  
2 OBJECTIVE INFORMATION SO THAT THEY IN TURN MAY FULLY  
3 PARTICIPATE IN THE DECISION-MAKING PROCESS.

4 WE BELIEVE THAT THE MANNER IN WHICH THE  
5 ENVIRONMENTAL JUSTICE GROUP IS DOING THEIR COMMUNITY  
6 OUTREACH IS INCONSISTENT WITH THE REQUIREMENTS FOR  
7 COMMUNITY OUTREACH SPELLED OUT IN THE LAWA ENVIRONMENTAL  
8 IMPACT REPORT. THE EIR STATES THAT, QUOTE, "THE  
9 ENVIRONMENTAL JUSTICE COMMUNITY OUTREACH PROCESS WILL  
10 INVOLVE AN INTERACTIVE AND ONGOING PROGRAM TO ASSURE AN  
11 EFFECTIVE DIALOG WITH MINORITY AND LOW-INCOME  
12 COMMUNITIES AFFECTED BY LAX. TO INITIATE THIS PROCESS,  
13 MEMBERS OF LAWA'S ENVIRONMENTAL JUSTICE TASK FORCE AND  
14 OTHER LAWA REPRESENTATIVES WILL MEET WITH ELECTED  
15 OFFICIALS AND OTHER COMMUNITY REPRESENTATIVES, AND  
16 COMMUNITY WORKSHOPS WILL BE HELD." END QUOTE.

17 THE ENVIRONMENTAL JUSTICE MEETING ON MAY 19 AT  
18 INGLEWOOD HIGH SCHOOL DID NOT ALLOW RESIDENTS TO SHARE  
19 THEIR CONCERNS AND QUESTIONS PUBLICLY. INSTEAD, THE  
20 FORMAT OF THE MEETING ONLY ALLOWED RESIDENTS TO VOICE  
21 THEIR CONCERNS OR ASK QUESTIONS INDIVIDUALLY TO VARIOUS  
22 CONSULTANTS STAFFING A BOOTH.

23 WE BELIEVE THIS INFORMATION IS NOT CONDUCIVE TO  
24 CREATING AN EFFECTIVE DIALOG WITH THE COMMUNITY.  
25 INSTEAD, IT FOSTERS INDIVIDUAL DIALOG WITHOUT ALLOWING

1 OTHER RESIDENTS A CHANCE TO HEAR COMMENTS OR QUESTIONS  
2 THAT MIGHT BE OF IMPORTANCE TO THEM. WE HAVE MET WITH  
3 THE ENVIRONMENTAL JUSTICE GROUP CONVENED BY LAWA IN A  
4 GOOD-FAITH EFFORT TO REQUEST THAT CERTAIN CONDITIONS BE  
5 MET IN ORDER TO PRESENT THE WORKSHOPS IN AN UNBIASED  
6 MANNER.

7 THE FACILITATOR: I APOLOGIZE, MS. VERDUZCO. THANK  
8 YOU.

9 MS. PATT SAUNDERS: MY NAME IS PATT SANDERS, TWO  
10 BLOCKS WEST OF THE DIVIDER FOR LOS ANGELES CITY. SO I'M  
11 NOT COUNTED IN LAX'S PLAN OR ANYTHING, BUT I STILL HAVE  
12 PLANES FLYING OVER MY HOUSE 24/7, AND I'M DEALING WITH  
13 NOISE AND POLLUTION.

14 I JUST WANT TO SAY, LOOKING AT THE EIR/EIS,  
15 THIS DOCUMENT IS SO FLAWED, IT'S PATHETIC. BUT I'M JUST  
16 GOING TO READ THIS PART OUT FROM YOUR OWN DOCUMENT. YOU  
17 SAID THE PURPOSE OF THE LAX MASTER PLAN IS TO SUPPORT  
18 THE FUTURE ECONOMIC GROWTH AND VITALITY OF THE  
19 FIVE-COUNTY LOS ANGELES REGION.

20 WELL, BUT YOU LEFT OUT THE COUNTIES OF SAN  
21 BERNARDINO, RIVERSIDE, VENTURA, AND ORANGE OUT OF THE  
22 SCOPING PROCESS. THEN YOU GOT ALTERNATIVES -- SOMEBODY  
23 GOT UP AND SAID, OH, ALTERNATIVE C, I'M FOR IT.  
24 ALTERNATIVE C HAS JUST AS MANY SIGNIFICANT ADVERSE  
25 EFFECTS AS ALTERNATIVES A OR B.

1            THEN WE'RE GOING TO JUMP ONTO THIS HEALTH AND  
2 NOISE MITIGATION HERE.    READING YOUR DOCUMENTATION,  
3 LOOKING AND REVIEWING ALL YOUR ALTERNATIVE PROPOSALS, I  
4 COME TO THE CONCLUSION THAT THE RESIDENTS OF INGLEWOOD  
5 AND OTHER COUNTIES ARE GOING TO GET SCREWED.    THAT'S ALL  
6 THERE IS TO IT.

7            YOU KNOW, I'M A 32-YEAR RETIRED EMPLOYEE OF THE  
8 CITY OF LOS ANGELES.    I'VE HEARD UNIONS GET UP AND SAY,  
9 OH, YOU CAN GET MORE JOBS.    I WAS ALSO, WELL, PROBABLY  
10 THE FIRST AND THE ONLY AFRICAN-AMERICAN PRESIDENT OF  
11 ENGINEERS AND ARCHITECTS EMPLOYEES IN EVERY CITY  
12 DEPARTMENT.    SO I UNDERSTAND LABOR ISSUES.

13           THESE PEOPLE GETTING UP HERE AND SAYING, "OH,  
14 YEAH, YOUR PLAN IS ALL GOOD," THEIR CHILDREN ARE NOT  
15 DEALING WITH THE ADVERSE EFFECTS OF THESE PLANES FLYING  
16 OVER HERE.    THEY'RE NOT DEALING WITH RELATIVES.    MY  
17 FATHER HAS LOST HIS HEARING AFTER HE MOVED TO CARLTON  
18 SQUARE, IN THE CITY OF LOS ANGELES, DUE TO THOSE  
19 AIRPLANES.    THE DOCTOR FINDS NO OTHER EXCUSE.    WE HAVE  
20 HEALTH EFFECTS.    YOU ARE KILLING US.    THIS PLAN IS NOT  
21 GOING TO HELP THAT.

22           SO I'M COMING TO THIS CONCLUSION.    I'M EITHER  
23 GOING TO BE DEAF, DUMB, CRAZY, CANCER RIDDEN FROM THE  
24 POLLUTION.    SO I TELL YOU THIS.    LAX, YOU CAN WRITE ME A  
25 CHECK FOR 1.5 MILLION, AND I'LL SIT OUT THERE WITH

1 EARPHONES IN MY EARS. I CAN'T SIT IN MY YARD. I CAN'T  
2 EVEN TALK ON THE PHONE. MY HEAD IS SO HEAVY NOW,  
3 BECAUSE I FEEL LIKE THEY'VE BEEN PISSING IN MY EARS ALL  
4 DAY AND TRYING TO TELL ME IT'S RAINWATER.

5 THIS WAS AN INSULT FOR YOU TO BRING THIS TO  
6 US. AND THE REASON WHY IT'S NOT WELL ATTENDED, I GOT NO  
7 NOTICE. YOU SHOULD HAVE HAD ONE MEETING, NOT A SERIES  
8 OF THREE BEING DONE CONSECUTIVELY, OVER ALL THE OTHER  
9 COUNTIES, IF THAT'S WHAT YOU WANT.

10 BUT OF COURSE, BIG MONEY TALKS. YOU'RE JUST  
11 TRYING TO ROLL OVER THESE CITIZENS HERE. AND TO JUST  
12 PARAPHRASE ONE OF THE CITY COUNCILMEN, IF YOU CAN SEND A  
13 MAN TO THE MOON, WHY CAN'T YOU SEND HIM TO PALMDALE, ET  
14 CETERA? THANK YOU.

15 (CHANGE OF REPORTERS)

22

23

24

25

1 THE FACILITATOR: DIANE SAMBRANO.

2 DIANE SAMBRANO: GOOD AFTERNOON. MY NAME IS  
3 DIANE SAMBRANO. I AM GOING TO START OUT AND SAY WHAT  
4 THE ENVIRONMENTAL IMPACT REPORT SAYS, IT IS  
5 ENVIRONMENTAL INJUSTICE. THIS IS YOUR DOCUMENT YOU  
6 PRODUCED THAT THE AIRPORT IS TO BE MODERNIZED WITH. YOU  
7 ARE GIVING ME THREE MINUTES TO RESPOND. YOU HAD HOW  
8 MANY MONTHS?

9 I HAVE ANOTHER DOCUMENT HERE PRODUCED ALSO BY  
10 LAX NOISE HOTLINE. LAWA HAS A 24-HOUR INCIDENT LINE  
11 STAFFED BY OPERATIONS PERSONNEL TO SEEK SOLUTIONS.  
12 ANOTHER FALSEHOOD. IT IS A RECORDING THAT RINGS, NOT A  
13 HUMAN BEING, AND THEY ARE VERY RARELY RESPONSIVE TO OUR  
14 COMPLAINTS.

15 MOVING ON TO THE EIR/EIS. WE HAVE HEARD A  
16 GREAT MANY PEOPLE TALK ABOUT BURDEN AND BENEFIT, AND  
17 WHAT IT SEEMS IS THIS EIR PRESENTS A BURDEN TO THOSE WHO  
18 LIVE NEAR IT AND A BENEFIT TO THOSE WHO DO NOT. IT IS  
19 FORMULATED AT THE EXPENSE OF THE LIVES OF THOSE WHO  
20 LIVE IN THE COMMUNITY SURROUNDING IT.

21 THERE IS NO PLACE THE SINGLE EVENT NOISE  
22 IN THE MIDDLE OF THE NIGHT IS ADDRESSED. DO YOU  
23 ACTUALLY BELIEVE THERE IS A MEDICAL REPORT THAT SAYS  
24 THAT THE RESIDENTS OF INGLEWOOD AND SURROUNDING  
25 COMMUNITIES NEED LESS SLEEP? I THINK NOT.

1                   MUCH IS MADE OF CARGO TRANSPORT AND THE  
2                   BENEFITS OF THAT INDUSTRY, AND YET NO ONE HAS BOTHERED  
3                   TO THINK ABOUT HOW THE CARGO GETS FROM THE AIRPLANE TO  
4                   ITS FINAL DESTINATION OR FROM ITS PLACE OF ORIGIN TO THE  
5                   AIRPLANE. THAT INVOLVES TRAFFIC, GROUND TRAFFIC, WHICH  
6                   RESULTS IN POLLUTION, WHICH THE EIR/EIS DOES NOT  
7                   ADDRESS.

8                   WE HEAR ABOUT JOBS, AND YET I FIND IT VERY  
9                   INTERESTING THAT JOBS ARE PRESENTED AS THE SAVE-ALL FOR  
10                  OUR COMMUNITY, AND THAT MAY VERY WELL BE BECAUSE THE  
11                  RETIREMENT PLANS WON'T BE. WE WILL BE DEAD AFTER IT  
12                  KICKS IN.

13                  THE ALTERNATIVES A, B AND C STAND FOR  
14                  ALTERNATIVES: A, ASTHMA, B, BLUDGEONING OF OUR EARS, OR  
15                  C, CANCER.

16                  THERE IS NO WAY THAT THE CARGO CULT CAN  
17                  GENUINELY SAY IT IS WILLING TO ACCEPT THE BURDENS AS  
18                  WELL AS THE BENEFITS.

19                  NO. THERE IS NO CREATIVITY IN THIS DOCUMENT.

20                  THE WISDOM, THE WILL AND THE VISION WE HEARD  
21                  OF IS THE WISDOM TO NOT PRESENT ALTERNATIVES, THE WILL  
22                  TO RUN OVER THE TOP OF US, AND THE VISION TO ESSENTIALLY  
23                  ELIMINATE US.

24                  WE CAN LOOK TO MANCHESTER SQUARE AND SEE WHAT  
25                  THE PLANS YOU HAVE FOR US ARE. YES. IT IS BOTTOM-LINE

1       ORIENTED, WHERE PRODUCTS AND INANIMATE OBJECTS ARE MORE  
2       IMPORTANT TO THE LAWYERS PLANNERS THAN ANY HUMAN BEING.  
3       THE HUMAN FACTOR IS SIMPLY NOT ADDRESSED.

4                WE CAN TALK ALL WE WANT ABOUT DOLLARS, BUT  
5       SOMEWHERE A PERSON SHOULD HAVE A COUNTING VOTE.

6                THE FACILITATOR:   THANK YOU.

7                CECIL CARPIO.

8                CECIL CARPIO:   RIGHT HERE.   THANK YOU.   MY  
9       NAME IS CECIL CARPIO.   I LIVE AT 407 EXTON AVENUE,  
10      NO. 4, INGLEWOOD, 90302, AND I AM AN AVIATION  
11      CONVENTIONEER FOR THE CITY OF INGLEWOOD.

12               MANCHESTER SQUARE IS VACANT.   THAT IS  
13      WHAT I SEE ON THE EASELS.   I THOUGHT THERE WERE STILL  
14      PEOPLE LIVING THERE, AND ONCE IT WAS VACATED, IT WOULD  
15      TURN INTO A PARK, ACCORDING TO RUTH GALANTER.

16                AGAIN, I HEAR ABOUT JOBS, AND THERE WILL BE  
17      JOBS NO MATTER WHERE THE EXPANSION OCCURS.

18                JUST FOR THE RECORD, I AM AGAINST THE  
19      EXPANSION OF LAX.   AS A MATTER OF FACT, MY FAVORITE SONG  
20      IS:   WHATEVER HAPPENED TO 40 MILLION ANNUAL PASSENGERS?  
21      WE ARE A LITTLE BIT ABOVE THAT NOW.

22                WHAT IS THE RATIONALE FOR THE MASTER PLAN'S  
23      PROPOSED PROJECT PHASE-IN?   CARGO CAPACITY, PROPERTY  
24      ACQUISITION, THE AIRFIELD EXPANSION, RUNWAY EXTENSION  
25      AND TERMINAL EXPANSION AND IMPROVEMENT TAKE PRECEDENCE

1 OVER THE MITIGATION OF IMPACTS THE SURROUNDING  
2 COMMUNITIES ARE ALREADY EXPERIENCING.

3 THE HISTORIC RELATIONSHIP BETWEEN LAX AND ITS  
4 NEIGHBORS HAS ALREADY PROVEN THAT MITIGATION OF THE  
5 EFFECTS OF LAX'S EXPANDED OPERATIONS TAKES LOW  
6 PRIORITY. LAWA HAS BEEN PROMOTING THE MASTER PLAN AS  
7 THE ONLY VIABLE WAY TO ADDRESS TODAY'S TRAFFIC, NOISE  
8 AND AIR QUALITY IMPACTS. THE PROPOSED PHASE-IN WILL  
9 ONLY EXACERBATE THOSE IMPACTS.

10 WHAT I AM TRYING TO SAY IS PHASE I IS WHERE  
11 ALL THE IMPROVEMENTS ARE DONE. PHASE II IS WHEN THE  
12 MITIGATION MEASURES WILL TAKE PLACE. THE FIRST TEN, SIX  
13 TO TEN YEARS, IS DEVOTED TO IMPROVEMENTS. THE LAST  
14 PHASE ISN'T -- IS DEVOTED TO MITIGATION.

15 WE HAVE ALREADY BEEN THERE. WE HAVE ALREADY  
16 BEEN THERE.

17 GIVEN THE 2015 PLANNING HORIZON, WHY WAS THE  
18 HIGH-END POTENTIAL AT PALMDALE EXTRAPOLATED TO 2010?  
19 WHAT DID THE HAGLER-BAILEY STUDY DETERMINE PALMDALE'S  
20 2015 MILLION ANNUAL PASSENGERS COULD BE?

21 AS STATED IN THE EIR/EIS, AN OVERARCHING  
22 CONSIDERATION DURING THE PLANNING PROCESS HAS BEEN TO  
23 ACHIEVE THE PROJECT OBJECTIVES IN AN  
24 ENVIRONMENTALLY SOUND MANNER. WHY, THEN, WAS  
25 ALTERNATIVE C INTRODUCED AS THE PREFERRED PROJECT?

1 ALTERNATIVE C HAS -- ALTERNATIVE C HAS JUST AS  
2 SIGNIFICANT UNAVOIDABLE ADVERSE EFFECTS AS ALTERNATIVES  
3 A OR B.

4 IN THE SUMMARY COMPARISON OF ENVIRONMENTAL  
5 IMPACTS FROM ALTERNATIVES A, B AND C, WHY WASN'T "NO  
6 ACTION/NO PROJECT" INCLUDED FOR COMPARISON?

7 THANK YOU.

8 THE FACILITATOR: THANK YOU, MS. CARPIO.

9 LAWRENCE KIRKLEY, LARRY SPRINGS, NANCY MOTAN,  
10 VALERIE HASTINGS.

11 MR. KIRKLEY, PLEASE.

12 LAWRENCE KIRKLEY: MY NAME IS COUNCILMAN  
13 LAWRENCE KIRKLEY FROM THE CITY OF INGLEWOOD. I CAME  
14 HERE FROM THE SOUTH BAY CITIES COUNCIL OF GOVERNMENTS,  
15 WHICH IS A JOINT POWERS AUTHORITY OF THE 15 SOUTH BAY  
16 CITIES PLUS THE HARBOR GATEWAY/SAN PEDRO AREA OF THE  
17 CITY OF LOS ANGELES.

18 WHILE WE WILL BE PROVIDING MORE DETAIL AND  
19 COMMENTS, I WOULD LIKE TO HIGHLIGHT A FEW ITEMS.

20 ONE IS CAPACITY. IN THE EIR AND IN THE DRAFT  
21 MASTER PLAN IT TALKS ABOUT 2,000 DAILY OPERATIONS.  
22 WELL, LAX ALREADY ACCOMMODATES OVER 2,000 DAILY  
23 OPERATIONS. THE IMPLICATION HERE IS THAT THERE IS GOING  
24 TO BE EXPANSION, BUT THERE IS GOING TO BE NO MORE  
25 OPERATIONS. SINCE THAT IS THE BASIS FOR THE REST OF THE

1 STUDY, IT BASICALLY INVALIDATES THE STUDY.

2 THE DRAFT VIOLATES BOTH THE NATIONAL  
3 ENVIRONMENTAL POLICY ACT AND THE CALIFORNIA  
4 ENVIRONMENTAL QUALITY ACT BECAUSE IT DOESN'T DISCLOSE TO  
5 THE DECISION MAKERS AND THE PUBLIC THE PROJECT'S  
6 REASONABLY FORESEEABLE SIGNIFICANT ADVERSE IMPACTS, AND  
7 THE PROJECT ISN'T ANALYZED IN ITS ENTIRELY.

8 ALSO, THE BASELINES -- THERE ARE ACTUALLY  
9 THREE DIFFERENT BASELINES. IT APPEARS AS THOUGH IN THE  
10 REPORT THAT THE BASELINES ARE USED TO THE ADVANTAGE OF  
11 THE REPORT IN ORDER TO SHOW THE MITIGATION.

12 I WILL SUBMIT A DOCUMENT THAT GIVES MORE  
13 INFORMATION. IN THREE MINUTES I CAN'T GO INTO ALL THE  
14 DETAILS.

15 NOISE IMPACT. THE DRAFT DOESN'T ANALYZE NOR  
16 DISCLOSE ANY CUMULATIVE NOISE IMPACTS THAT THE PROJECT  
17 WILL HAVE ON THE SOUTH BAY COMMUNITIES OTHER THAN  
18 INGLEWOOD AND EL SEGUNDO. IT LOOKS LIKE THERE IS NO  
19 EFFECTS TO RESIDENTS SOUTH OF THE INGLEWOOD/EL SEGUNDO  
20 AREA.

21 THE DRAFT ONLY FOCUSES ON THE 65 DB CNEL  
22 SIGNIFICANT NOISE AREA AND DOES NOT ADDRESS ANY OF THE  
23 AREAS OF CONCERN IN THE SOUTH BAY AREAS OTHER THAN  
24 INGLEWOOD AND EL SEGUNDO.

25 THE DRAFT BARELY CONSIDERS TRAFFIC IN THE

1 SOUTH BAY COMMUNITIES AT ALL. IN FACT, OUT OF THE 61  
2 EVALUATED INTERSECTIONS AND THE ADDITIONAL 15  
3 INTERSECTIONS SELECTED FOR FOCUSED ANALYSIS, ONLY NINE  
4 OF THE 76 INTERSECTIONS WERE SOUTH OF THE 105.

5 THE DRAFT CLAIMS THAT PEOPLE DRIVING TO LAX  
6 FROM THE SOUTH USE THE FREEWAY MORE THAT THE SURFACE  
7 STREETS. THAT IS NOT TRUE. WE ARE NOT SURE WHERE IT  
8 CAME FROM. WHAT ANALYSIS GAVE YOU THAT INFORMATION?

9 THE DRAFT RECOGNIZES THE EXISTENCE OF  
10 SPECIFIC IMMITIGATABLE AIR QUALITY IMPACTS, BUT PROPOSES  
11 TO DELAY A COMPLETE ANALYSIS OF THESE IMPACTS UNTIL THE  
12 FINAL EIS/EIR, WHICH MAKES IT IMPOSSIBLE FOR THE PUBLIC  
13 TO FULLY ANALYZE THE PROJECT'S AIR QUALITY IMPACTS.

14 THE DRAFT ERRONEOUSLY ASSUMES THE AMOUNT OF  
15 AIRCRAFT ACTIVITY WILL BE VIRTUALLY IDENTICAL WHETHER OR  
16 NOT THE PROJECT IS ELIMINATED OR IMPLEMENTED.

17 THE LAST AREA I WANT TO TALK ABOUT IS  
18 AIRSPACE. THE DRAFT TREATS OVERFLYING THE SOUTH BAY  
19 COMMUNITIES AS IF THE AIRCRAFT IMMEDIATELY ENTER INTO A  
20 BLACK HOLE OR DROP OFF THE RUNWAY AFTER TAKEOFF.

21 NOT ONLY DOES THE DRAFT IGNORE IMPORTANT  
22 AIRSPACE ISSUES, BUT ALSO WHEN IT DOES SUPPLY IT, IT  
23 USES INACCURATE, OUTDATED SOURCES AND CONSULTANT OPINION  
24 RATHER THAN WHAT WE CALL GOOD FACTS.

25 AS MY TIME IS UP, I WILL SUBMIT THIS AND PUT

1 IT INTO THE RECORD.

2 THANK YOU.

3 THE FACILITATOR: THANK YOU, COUNCILMAN  
4 KIRKLEY.

5 MR. SPRINGS.

6 LAWRENCE SPRINGS: MY NAME IS LAWRENCE  
7 SPRINGS. MY ADDRESS IS 501 FIFTH AVENUE, 90305.

8 I HAVE BEEN A RESIDENT OF INGLEWOOD FOR  
9 THE LAST 28 YEARS. IN THAT 28 YEARS LIVING IN INGLEWOOD  
10 I NOTICED AN INCREASE OF AIR TRAFFIC FOR THE CITY WITHIN  
11 THE LAST TEN YEARS.

12 CURRENTLY LAX HAS THE CAPACITY TO SERVE 78.7  
13 MILLION ANNUAL PASSENGERS AND 3,120,000 ANNUAL CARGO  
14 TONS. THE MASTER PLAN FORECASTS INDICATE IT WILL NEED  
15 TO SERVE 97.9 MILLION ANNUAL PASSENGERS AND 4,172,000  
16 TONS, AND LAX IS WILLING TO SPEND \$12 MILLION TO DO THIS  
17 ANNUALLY.

18 MY QUESTION IS: WHY WOULD LAX WANT TO DO  
19 THAT?

20 I WANT THIS TO BE ON RECORD THAT I AM OPPOSED  
21 TO THE ALTERNATIVES A, B AND C, AND THE REASON BEING IS  
22 WHAT THEY ARE DOING IS EXTENDING THE AIRPORT EASTWARD,  
23 EAST OF SEPULVEDA.

24 WHEN YOU START GOING EASTWARD, YOU HAVE THE  
25 TENDENCY TO GET PEOPLE INVOLVED, WHEREAS IF IT WAS A BAD

1 DAY, RAINING OR SO FORTH, NOW THE PLANES ARE GOING TO  
2 TAKE OFF GOING EASTWARD, AND YOU HAVE -- WHEN YOU GO  
3 EAST, YOU HAVE SEPULVEDA -- YOU HAVE PLANES THAT ARE  
4 ONLY PARKED EAST OF SEPULVEDA, WHICH ARE AVAILABLE FOR  
5 MORE POLLUTION EASTWARD AND, IN TURN, FOR THE  
6 COMMUNITIES EAST OF SEPULVEDA AND HARBOR COMMUNITIES.

7 YOU HEARD A LOT OF PEOPLE HERE. ONE OF THE  
8 REASONS I CAME HERE PRIMARILY WAS BECAUSE SOMEONE TOLD  
9 ME ABOUT IT. I DID NOT RECEIVE A LETTER IN THE MAIL  
10 INDICATING THERE WAS GOING TO BE A PUBLIC HEARING. I  
11 JUST HEARD ABOUT IT THROUGH A NEIGHBOR WHO SAID: LARRY,  
12 YOU NEED TO BE THERE. I SAID: GREAT. I WILL BE THERE,  
13 AND I WILL TAKE TALK ABOUT NO ON THIS EXPANSION.

14 I DON'T HAVE A PROBLEM WITH LAX MODERNIZING  
15 THEIR AIRPORT. I HAVE A PROBLEM WITH THEM EXPANDING.  
16 LOS ANGELES INTERNATIONAL AIRPORT IS A SMALL AIRPORT.  
17 THERE IS NO ROOM TO EXPAND UNLESS YOU ARE GOING TO  
18 EXPAND TO THE EAST. IF YOU EXPAND TO THE EAST SIDE,  
19 YOU ARE AFFECTING MORE COMMUNITIES AND MORE FAMILIES.

20 THEY HAVE OTHER ALTERNATIVES, AND THE  
21 ALTERNATIVES ARE OTHER COMMUNITIES, SUCH AS ORANGE  
22 COUNTY, WHICH THEY DON'T WANT IT. IF ORANGE COUNTY  
23 DOESN'T WANT IT, THAT IS TELLING YOU SOMETHING.

24 ORANGE COUNTY DOESN'T WANT IT, SO YOU PUT IT  
25 IN LOS ANGELES, AND YOU AFFECT THE COMMUNITIES OF

1 INGLEWOOD AND ITS SURROUNDING COMMUNITIES. THINK ABOUT  
2 IT.

3 THESE PEOPLE HAVE COME HERE ASKING YOU NOT TO  
4 DO IT. THERE MUST BE A REASON WHY THEY DON'T WANT YOU  
5 TO DO IT. PLEASE, DON'T EXPAND LAX.

6 THE FACILITATOR: THANK YOU.

7 NANCY MOTAN: HOWDY, NANCY MOTAN -- MY NAME  
8 IS NANCY MOTAN. I AM A MEMBER OF THE LAX NO EXPANSION  
9 COMMITTEE. MAX STEVENS IS PRESIDENT. AND I LIVE AT  
10 10503 THIRD AVENUE IN INGLEWOOD, AND I DON'T GO OUTSIDE.  
11 I CAN HARDLY GO OUTSIDE ON ACCOUNT OF LIKE GROWING MY  
12 OWN FOOD AND FRUIT TREES, MY FRUIT TREES BEAR FRUIT, BUT  
13 I CAN'T EAT IT BECAUSE IT IS ALL WHITE ON ONE SIDE.

14 WHEN YOU TALK ABOUT EXPANDING TO EL TORO AND  
15 OTHER PLACES, THEY HAVE PLENTY OF DESERT. WHAT HAPPENED  
16 TO THE PEOPLE THAT BUILD THESE AIRPORTS? ARE THEY DENSE  
17 OR SOMETHING? THEY CAN'T BUILD HERE. FIND A PLACE IN  
18 THE DESERT AND BUILD SOME MORE AIRPORTS SO PEOPLE WON'T  
19 HAVE TO CROWD IN ON US.

20 I HAVE BEEN IN INGLEWOOD FOR 32 YEARS. SO  
21 PLEASE DON'T EXPAND THE AIRPORT.

22 THE FACILITATOR: THANK YOU VERY MUCH.

23 VALERIE HASTINGS. IS VALERIE HASTINGS  
24 AVAILABLE?

25 MRS. STANFORD, JEAN JARVIS, BOBBY WHITE AND

1 MARIO BELLO.

2 PLEASE STATE YOUR NAME AND ADDRESS FOR THE  
3 RECORD. IF YOU ARE UNABLE TO STAND AT THE MIKE, LET ONE  
4 OF US KNOW, AND WE WILL PULL A CHAIR UP TO THE MIKE AND  
5 ADJUST THE MIKE TO YOUR LEVEL.

6 MS. STANFORD.

7 HILDA MAE STANFORD: GOOD AFTERNOON. HILDA  
8 MAE STANFORD. I LIVE IN SOUTHWEST LOS ANGELES. THE  
9 REASON I USE "WEST" IS BECAUSE I AM TWO BLOCKS EAST OF  
10 INGLEWOOD.

11 I WAS INVITED TO THIS MEETING BY MY  
12 CONGRESSWOMAN, MAXINE WATERS; THEREFORE, I AM HERE NOT  
13 ONLY BECAUSE OF THAT, BUT I HAD TWO OTHER INVITATIONS IN  
14 THE MAIL TO BE AT THIS MEETING.

15 I NOTICE IN ALL OF YOUR TALKING YOU DO NOT  
16 TALK ABOUT PEOPLE THAT LIVE IN LOS ANGELES, IN THIS SAME  
17 AREA. HOWEVER, THAT IS SOMETHING THAT YOU SHOULD KNOW  
18 AS PEOPLE ON THIS BOARD THAT IS SUPPOSED TO BE DOING THE  
19 EXPANSION.

20 IF YOU WERE TO WALK 89TH STREET, THAT CURVES  
21 INTO 90TH STREET WHEN IT GETS INTO INGLEWOOD, THAT  
22 CORRIDOR HAS PLANES FLYING ON EACH SIDE OF THAT STREET  
23 BECAUSE EACH MORNING I GET UP AND I WALK ABOUT THREE  
24 MILES AND SOMETIMES IF I AM WALKING BY MYSELF I WILL  
25 LOOK UP IN THE AIR AND I WILL COUNT THE PLANES ON MY

1 WALK. IN 30 MINUTES I CAN COUNT ABOUT 75 PLANS COMING  
2 INTO THE AIRPORT, AND THAT IS BETWEEN 7:00 AND 8:00 A.M.

3 I KNOW SOME YEARS AGO THERE WAS AN ORDINANCE  
4 MADE THAT SAID PLANES WERE NOT SUPPOSED TO FLY IN OVER  
5 THE RESIDENTIAL AREAS BETWEEN 11:00 P.M. AND 7:00 A.M.,  
6 BUT THE PLANES DO NOT PAY ATTENTION TO THAT.

7 THERE IS SOMETHING ELSE THAT BOTHERS ME VERY  
8 MUCH. SINCE YOU ARE DETERMINED, ACCORDING TO ALL OF  
9 YOUR INFORMATION, TO EXPAND, WHY IS IT NECESSARY THAT  
10 THE PEOPLE THAT LIVE IN THESE AREAS HAVE TO MAKE  
11 PETITIONS FOR YOU TO COME OUT AND SOUNDPROOF HOMES? I  
12 KNOW YOU DON'T WANT TO TALK ABOUT THAT IN YOUR  
13 EXPANSION. BUT YOU NEED TO ADJUST THE THINGS THAT ARE  
14 HURTING THE PEOPLE THAT ARE LIVING IN THE AREA, AND THAT  
15 IS SOMETHING THAT HURTS.

16 SEVERAL PEOPLE MENTIONED WE CAN'T HEAR OUR  
17 TELEVISIONS. I LOOK AT THE TELEVISION, BUT THAT IS NOT  
18 THE MOST IMPORTANT THING. BUT IF I AM GETTING A LONG  
19 DISTANCE CALL AND SOMEONE IS SPENDING LOTS OF MONEY TO  
20 TALK TO ME AND A PLANE FLIES OVER, I CAN'T HEAR THEM.  
21 THEY CAN'T HEAR ME. ALL I CAN HEAR IS ALL THIS NOISE.

22 SINCE YOU ARE GOING TO DO SOUNDPROOFING, WHY  
23 DO WE HAVE TO COME TO YOU? YOU SHOULD HAVE PEOPLE GOING  
24 OUT AND INVESTIGATING THESE COMMUNITIES, MAKING  
25 DETERMINATIONS AND TAKING CARE OF BUSINESS AND STOP

1 WASTING TIME. WE NEED YOU TO CONSIDER HUMAN BEINGS AND  
2 NOT GREED, BECAUSE GREED IS WHAT THIS IS ALL ABOUT WHEN  
3 IT COMES TO EXPANSION, WITHOUT CONSIDERING THE PEOPLE.

4 WE WERE LIVING THERE LONG BEFORE MUCH OF THE  
5 EXPANSION THAT IS ALREADY THERE EVER TOOK PLACE. NOW  
6 YOU WANT TO EXPAND MORE BECAUSE WE ARE NOT THE  
7 ELEMENT -- WE ARE MIDDLE CLASS AND LOW INCOME PEOPLE,  
8 BUT WE HAVE AS MUCH RIGHT TO GOD'S GOOD AIR AND GOD'S  
9 GOOD EARTH AS ANYONE ELSE ON THIS EARTH, AND IF YOU DO  
10 NOT BELIEVE IN THAT, YOU WILL PAY THE PENALTY LATER ON.

11 THANK YOU VERY KINDLY -- THANK YOU VERY  
12 MUCH.

13 THE FACILITATOR: THANK YOU VERY MUCH.

14 JEAN JARVIS.

15 JEAN JARVIS: MY NAME IS JEAN JARVIS. I AM A  
16 WESTCHESTER RESIDENT AND A BUSINESS TRAVELER, AND MY  
17 OFFICE ADDRESS IS 8726 SOUTH SEPULVEDA BOULEVARD, LOS  
18 ANGELES, 90045.

19 I BELIEVE LOS ANGELES DOES NOT NEED MORE AIR  
20 TRAFFIC CAPACITY. WE HAVE MORE THAN ENOUGH TO SERVE ALL  
21 OF LOS ANGELES.

22 BUT WE DO NEED TO RECAPTURE THE FULL CAPACITY  
23 OF LAX FOR LOS ANGELES AND WE DO NEED TO ELIMINATE THE  
24 15 MILLION ORANGE COUNTY FREE-LOADERS WHO ARE USING OUR  
25 AIRPORT, YET WHO CONTRIBUTE NOTHING TO OUR CITY OR OUR

1 COUNTY, AND WE DO NEED TO ESTABLISH EFFICIENT FLIGHT  
2 PRIORITIES WHICH WORK FOR LOS ANGELES.

3 EVERY WEEK LAX WASTES 208 TAKEOFF AND LANDING  
4 SLOTS ON TINY PROPELLER PLANES, NOT EVEN JETS, INTO AND  
5 OUT OF ORANGE COUNTY. WE WANT FLIGHTS TO TAIWAN, NOT TO  
6 TUSTIN. WE WANT FLIGHTS TO COSTA RICA, NOT COSTA MESA,  
7 AND WE WANT FLIGHTS TO NEW YORK, NOT NEWPORT BEACH.

8 IT IS RIGHT AND JUST THAT WE WITHHOLD  
9 APPROVAL OF ANY EXPANSION PLAN FOR LAX WHICH MAKES IT  
10 EASIER FOR ORANGE COUNTY TO USE OUR RESOURCE.

11 IS IT RIGHT AND JUST THAT LOS ANGELES WORK TO  
12 TRY TO PENALIZE ORANGE COUNTY FLYERS WHO SEEK TO USE LAX  
13 AS A SUBSTITUTE FOR PROVIDING THEIR OWN AIRPORT  
14 SERVICES. LAX MUST NOT BE A SLAVE TO RICH WHITE  
15 SOUTHERNERS IN SOUTH ORANGE COUNTY WHO ARE NOT WILLING  
16 TO PAY THE FREIGHT.

17 BEFORE THESE REPORTS ARE SUBMITTED TO THE  
18 COMMISSION AND THE CITY COUNCIL, PLEASE ISOLATE FOR US  
19 THE NUMBER OF CURRENT LAX PASSENGERS WHO ARE RESIDENTS  
20 OR VISITORS TO LOS ANGELES COUNTY AND THEN TELL US THE  
21 NUMBER OF LAX PASSENGERS WHO ARE RESIDENTS OR VISITORS  
22 TO ORANGE COUNTY.

23 NEXT, PLEASE QUANTIFY IN SPECIFIC DOLLAR  
24 AMOUNTS THE BENEFITS WHICH ACCRUE TO THE CITY OF LOS  
25 ANGELES FROM THESE ORANGE COUNTY FREE-LOADING FLYERS.

1 WE DO NOT NEED TO EXPAND OUR AIRPORT. WE  
2 NEED TO USE IT MORE EFFICIENTLY. IT IS TIME TO TELL  
3 ORANGE COUNTY TO GET OUT. IT IS TIME TO TELL ORANGE  
4 COUNTY TO GO TO HELL, AND IT IS TIME TO TELL TO TELL  
5 ORANGE COUNTY: GO FLY YOURSELF.

6 THE FACILITATOR: THANK YOU VERY MUCH. BOBBY  
7 WHITE. IS BOBBY WHITE AVAILABLE?

8 BOBBY WHITE: MY NAME IS BOBBY G. WHITE. I  
9 LIVE AT 3926 107TH STREET. I AM ALREADY DEAF, AND WHAT  
10 HAS HAPPENED, I AM DISABLED.

11 THEY SAID THEY COULD -- THEY WERE GOING TO  
12 SOUNDPROOF IT A LONG TIME AGO. BEFORE THAT THEY SAID WE  
13 HAD TO MOVE, SO NOW THEY SAY THEY CAN'T FIX IT BECAUSE  
14 YOU ENTER AN AREA WHERE THEY CAN'T SOUNDPROOF IT, AND  
15 NOW YOU WANT TO MAKE THIS AIRPORT BIGGER.

16 I REALLY SEE A PROBLEM, BUT PROGRESS HAS TO  
17 BE MADE. YOU CAN'T SIT BACK AND THINK THIS POLLUTION IS  
18 GOING TO LEAVE YOUR NEIGHBORHOOD AND YOUR KIDS BECAUSE  
19 YOU DON'T WANT THE AIRPORT THERE.

20 SUPPOSE THEY CLOSE THE AIRPORT? I MEAN,  
21 THINK ABOUT IT -- CLOSE THE AIRPORT. WE HAVE GOT MAYBE  
22 200,000 PEOPLE THAT MOVED INTO INGLEWOOD LATELY, THE  
23 LAST TEN YEARS, ALL KIND OF THUGS. I DON'T CARE. I  
24 CALL THE POLICE ABOUT TEN TIMES A WEEK. LITTLE KIDS  
25 COME HOME FROM SCHOOL AT MORNINGSIDE, WE HAVE TO RUN

1 GUYS AWAY FROM THEM. IT DON'T MAKE SENSE. I REPORTED  
2 IT. THAT IS ALL I COULD DO. I DON'T CARE WHAT YOU DO,  
3 YOU CAN'T CHANGE THAT PART OF INGLEWOOD. YOU TAKE THE  
4 CHANCE TO RAISE YOUR KIDS THERE. THERE IS NO WAY IT IS  
5 GOING TO GO AWAY. IT IS ALREADY THERE.

6 MODERNIZING THE AIRPORT IS NOT GOING TO  
7 HELP. YOU CAN'T CHANGE THE POISON OF WHAT IS COMING  
8 IN. IT COMES OUT OF WHERE I LIVE FOR 20 YEARS. IT  
9 COMES DOWN AND WAKES YOU UP EVERY MORNING. SO I AM  
10 STUCK WITH IT. THAT IS THE BREAKS.

11 THERE IS NO WAY YOU CAN CHANGE IT, AND IF YOU  
12 CLOSE THE AIRPORT, IT WON'T HELP. IF YOU MODERNIZE THE  
13 AIRPORT, THERE IS GOING TO BE MORE POLLUTION ANYWAY, TOO  
14 MANY PEOPLE COMING IN. SO I CAN'T SEE A CHANGE BEING  
15 MADE.

16 NOW JUST LIKE CALLING A CAB. YOU CALL A CAB,  
17 AND YOU ARE HANDICAPPED AND A SENIOR, IT IS KING CAB  
18 FROM INGLEWOOD. THEY TALK TO YOU LIKE YOU ARE CRAZY.

19 I AM TRYING TO SHOW YOU IT IS JUST NOT ONE  
20 THING, POLLUTION NOT GOING AWAY, AND THERE IS MORE  
21 PEOPLE COMING INTO INGLEWOOD, AND IT IS NOT GOING TO  
22 CHANGE AND THE POLICE AND CITY HALL, THEY CAN'T COUNT ON  
23 THESE PROBLEMS. IF YOU DON'T MOVE, YOU ARE ON YOUR OWN.

24 THANK YOU.

25 THE FACILITATOR: THANK YOU, SIR. MARIO

1 BELLO.

2 MARIO BELLO: I HAVE SEVERE EMPHASIS ON EACH  
3 AND EVERY WORD RIGHT HERE THAT MENTIONED EL TORO, AND I  
4 MEAN SEVERE EMPHASIS.

5 I AM A RESIDENT OF INGLEWOOD, AND I STRONGLY  
6 OPPOSE ANY EXPANSION OF LAX. IT IS VERY WONDERFUL FOR  
7 THE PEOPLE WHO DO NOT LIVE NEAR LAX EITHER TO -- OR IN  
8 THE FLIGHT PATHS TO BE IN FAVOR OF EXPANSION.  
9 CERTAINLY, THEY ARE NOT SUFFERING. I AM SUFFERING.

10 IT IS OKAY TO SAY: WELL, CONSTRUCTION THIS,  
11 JOBS THAT, AND BY THE WAY, MICKEY MOUSE JOBS, \$5 AN  
12 HOUR, \$10 AN HOUR. THAT DOESN'T HELP ANYBODY. THAT IS  
13 NOT A JOB.

14 THEY HAVE NO IDEA WHATSOEVER WHAT IT IS LIKE  
15 NOT TO BE ABLE TO SLEEP AT NIGHT, YOU KNOW, WHILE A 747  
16 IS ROARING ABOVE, DIRECTLY ABOVE YOUR HOUSE AT 1:00  
17 A.M., 2:00 A.M., 3:00 A.M., 4:00 A.M. AND THERE IS NO  
18 SUCH THING AS NO FLIGHTS BETWEEN MIDNIGHT AND 6:00 A.M.  
19 NO ONE CAN SLEEP.

20 MANY TIMES WE ARE AWAKE AT 2:00 OR 4:00. IT  
21 IS HARD TO GET A SOLID NIGHT'S SLEEP BECAUSE OF  
22 DEPRESSION.

23 ALL THE PEOPLE IN FAVOR, LET THEM MOVE NEXT  
24 TO ME. OR THEY CAN HAVE MY HOUSE, AS A MATTER OF FACT.

25 THE CITY OF INGLEWOOD AND THE SURROUNDING

1 AREAS CARRY THE SOLE BURDEN OF THOUSAND OF TONS OF CARGO  
2 BEING FLOWN INTO LAX AND/OR FOR THE BENEFIT OF MILLIONS  
3 AND MILLIONS OF PASSENGERS THAT GO TO LAX, ALL OF IT AT  
4 MY EXPENSE -- MIND YOU, MY EXPENSE. NOT LUFTHANSA,  
5 AMERICAN -- IT DOESN'T MATTER.

6 TO ALL THE PEOPLE IN INGLEWOOD, IT IS VERY,  
7 VERY, VERY UPSETTING. IT IS VERY EASY TO MAKE -- THESE  
8 BIG PLANES CAUSE SEVERE DAMAGE TO THE PEOPLE THAT LIVE  
9 IN THESE AREAS OF IMPACT BY THE FLIGHTS COMING IN.

10 THE RESIDENTS SAY BAD THINGS ABOUT DEVELOPING  
11 EL TORO. CERTAINLY. I AM AGAINST DEVELOPING LAX. THEY  
12 ARE AGAINST DEVELOPMENT AT EL TORO. NO ONE LISTENS TO  
13 THEM. NO ONE LISTENS TO US.

14 IS IT POSSIBLE BECAUSE THE PEOPLE IN THE  
15 SURROUNDING COMMUNITIES HERE, A LOT OF THEM ARE  
16 BLACK AND BROWN? COULD THAT HAVE ANYTHING TO DO WITH  
17 IT? YOU KNOW -- AND ALSO I DON'T EVEN KNOW WHO THIS  
18 PERSON IS, LYDIA KENNARD. THERE WAS AN ARTICLE SHE  
19 WROTE IN A PAPER ABOUT EXPANSION WILL MOST LIKELY OCCUR  
20 TO THE EAST OF LAX, BECAUSE SOUTH  
21 AND -- SOUTH AND NORTH ARE WELL DEVELOPED AND THE BLUE  
22 BUTTERFLY LIVES THERE.

23 HOW DARE THAT WOMAN PRESUME THAT I AM LESS  
24 THAN A BUTTERFLY OR THE PEOPLE THAT LIVE TO THE  
25 SOUTH ARE LESS THAN A BUTTERFLY?

1                   YOU HAVE MY NAME AND ADDRESS. I WANT THAT  
2                   WOMAN TO WRITE ME AN APOLOGY.  
3                   THE FACILITATOR: GORDON MICHAEL MEGO.  
4                   GORDON MEGO: HELLO THERE.  
5                   THE FACILITATOR: IS THIS GORDON MICHAEL  
6                   MEGO? COULD YOU GIVE ME ONE SECOND TO CALL THREE MORE  
7                   PEOPLE BEFORE YOU START SPEAKING?  
8                   GORDON MEGO: GO FOR IT.  
9                   THE FACILITATOR: THANK YOU.  
10                  SANDRA DELAHOUSSAYE-BONDS, TYRONE CLAY AND  
11                  DENNY SCHNEIDER.  
12                  THANK YOU.  
13                  WE WILL START WITH MR. GORDON MICHAEL MEGO.  
14                  GORDON MEGO: THANK YOU. OKAY. I THINK WE  
15                  ARE ON HERE.  
16                  MY NAME IS GORDON MICHAEL MEGO. I LIVE AT  
17                  4535 WEST 141ST STREET IN HAWTHORNE, AND I AM A NATIVE  
18                  AND RESIDENT OF HAWTHORNE SINCE 1952, SO I HAVE -- I  
19                  HAVE SEEN -- I SHOULD ALSO SAY I AM A MECHANICAL  
20                  ENGINEER BY TRADE. I WORKED IN THE AEROSPACE INDUSTRY  
21                  IN THE 70'S AND 80'S, AND I HAVE SEEN THE AREA OF THE  
22                  SOUTH BAY, YOU KNOW, GROW UP AROUND ME BY LEAPS AND  
23                  BOUNDS OVER THE DECADES AND, YOU KNOW, A LOT IS GOOD AND  
24                  OTHER IS NOT SO.  
25                  BUT, YOU KNOW, AS THE SAYING GOES: TOO MUCH

1 OF A GOOD THING CAN BE DETRIMENTAL TO THE WELL-BEING OF  
2 WHOMEVER OR WHATEVER, WHICH BRINGS ME TO THE THOUGHTS OF  
3 THE CURRENT POPULATION IN CALIFORNIA, WHICH IS 34  
4 MILLION, AND CALIFORNIA -- AND LOS ANGELES ENCOMPASSES A  
5 THIRD OF THAT AMOUNT.

6 PROJECTIONS HAVE IT THAT WE ARE LOOKING AT  
7 SOMEWHERE IN THE NEIGHBORHOOD OF A 50 PERCENT INCREASE,  
8 ABOUT 16 OR 17 MILLION, OVER THE NEXT 30 YEARS. WE ARE  
9 TALKING ABOUT 50 MILLION POPULATION IN THAT COURSE OF  
10 TIME, AND THE AIRPORT EXPANSION REALLY WILL ONLY  
11 ACCELERATE THAT PROCESS, WHICH I DON'T EXACTLY FEEL  
12 COMFORTABLE WITH, AND I SHOULD SAY ALSO THAT THE CURRENT  
13 LEVEL OF 63 MILLION PEOPLE AT LAX AIRPORT AND 2001 IS  
14 ALREADY OVERTAXING THE SURROUNDING AREAS WITH HEAVY  
15 TRAFFIC, NOISE, LOUD NOISE, AIR POLLUTION, SO ON.

16 AND I BELIEVE THAT WHAT REALLY NEEDS TO GET  
17 APPROACHED IN IMPROVING THE OVERALL AIRPORT IS NOT  
18 EXPANSION. RATHER I BELIEVE THAT WE SHOULD DO EVERY  
19 OTHER MEASURE TO IMPROVE THE EFFICIENCY OF THE CURRENT  
20 LEVEL OF THE AIRPORT, WHICH IS APPROXIMATELY ABOUT 63  
21 MILLION, BALLPARK.

22 ANYWAY, WE NEED TO GET THE ROADWAYS CONNECTED  
23 UP TO THE AIRPORT. WE NEED TO GET THE MASS TRANSIT  
24 CONNECTED, ROLLING THROUGH THE AIRPORT, MUCH LIKE YOU  
25 SEE AT DIFFERENT AIRPORTS ACROSS THE COUNTRY.

1 WE NEED TO REALLY MAKE THE AIRPORT THAT  
2 EXISTS NOW WORK MUCH, MUCH BETTER, AND THAT IS WHY WE  
3 NEED TO TAKE THE LOAD, THE PROJECTED INCREASE -- WE NEED  
4 TO DIVIDE IT UP AMONGST THE OTHER REGIONS OF EITHER  
5 L.A., ORANGE COUNTY, SAN DIEGO AREAS, SO THAT THE BRUNT  
6 OF ALL THESE INCREASES DO NOT BEAR UNREASONABLY SO ON  
7 THE SURROUNDING POPULATIONS, WHICH ARE ALREADY  
8 AFFECTING US -- WELL, TOO MUCH.

9 THE OVERFLIGHTS ARE INCREASING, AS SOME HAVE  
10 ALREADY SPOKEN ABOUT, AND I DO NOT ENJOY IT.

11 THE FACILITATOR: THANK YOU, MR. MEGO.

12 SANDRA DELAHOUSSAYE-BONDS.

13 SANDRA DELAHOUSSAYE-BONDS: I AM SANDRA  
14 DELAHOUSSAYE-BONDS. I RESIDE ON SECOND AVENUE, AND I AM  
15 A RETIRED INTERN CITY COUNCILWOMAN FOR THE CITY OF  
16 INGLEWOOD AS WELL AS FORMERLY ON THE CITY'S AVIATION  
17 COMMISSION.

18 I AM HERE TO SPEAK AGAINST THE EXPANSION. IT  
19 HAS BEEN TALKED ABOUT OVER AND OVER, AND I WAS HOPING  
20 THIS MEETING WOULD HELP. UNFORTUNATELY, IT IS NOT  
21 MEETING THE NEED OR THE TRUE SPIRIT OF WHAT THE EIR/EIS  
22 STATES IT SHOULD BE: A MEETING OF THE COMMUNITIES THAT  
23 ARE IMPACTED BY THE PROPOSED EXPANSION AND THE OFFICIALS  
24 INVOLVED IN LAX.

25 THAT IS NOT HAPPENING, AS YOU CAN SEE FROM

1 THE ATTENDANCE TODAY. MY HOPE IS THAT THE INCOMING  
2 MAYOR, THAT HE WILL STAND UP FOR WHAT HE HAS SAID IN HIS  
3 POLITICAL CAMPAIGNING; THAT HE WAS NOT IN FAVOR OF THE  
4 EXPANSION OF LAX. I THINK TO TEST THE TRUE METTLE OF  
5 WHAT THIS MAN IS ABOUT, MR. HAHN WILL HAVE TO STAND UP  
6 AND BE COUNTED, AND HE HAS SAID HE WAS NOT IN FAVOR OF  
7 THIS EXPANSION; REGIONAL EXPANSION IS THE WAY TO GO.

8 AS WE HAVE HEARD FROM RESIDENT AFTER  
9 RESIDENT, WE ARE IMPACTED NEGATIVELY BY WHAT IS GOING ON  
10 RIGHT NOW AND WE WILL BE IMPACTED TO A GREATER DEGREE IF  
11 THE EXPANSION GOES THROUGH.

12 WE ARE TALKING ABOUT AIR QUALITY. OUR CARS  
13 ARE EATEN -- THE PAINT IS EATEN OFF OUR CARS. TO SAY IT  
14 IS GOING TO BE IMPROVED -- IT CAN IMPROVE. ONE WOMAN IS  
15 TALKING ABOUT HER GARDEN. THESE ARE THE REALITIES. WE  
16 HAVE POCKETS OF OUR CITY HERE IN INGLEWOOD THAT HAVE A  
17 HIGHER CONCENTRATION OF LUNG CANCERS AND DIFFERENT TYPES  
18 OF RESPIRATORY PROBLEMS. OUR CHILDREN AS WELL.

19 THESE NEED TO BE ADDRESSED, AND IT IS TIME  
20 THAT MONEY TAKES A BACK SEAT. IF THE POWERS-THAT-BE  
21 DIRECT THE AIRLINES TO GO WHERE THERE IS A PLACE FOR  
22 THEM TO MAKE MONEY, THEY WILL GO. PALMDALE WILL LOOK  
23 AWFULLY GOOD IF THIS IS WHERE THE AIRPORT IS LOCATED.

24 THANK YOU.

25 THE FACILITATOR: THANK YOU.

1 TYRONE CLAY.

2 TYRONE CLAY: I AM A 32-YEAR INGLEWOOD  
3 RESIDENT. I LIVE AT 10619 SECOND AVENUE.

4 I LOVE MY NEIGHBORHOOD. I HATE THE NOISE.  
5 THE NOISE IS IN THE MORNING, IN THE EVENING AND IN THE  
6 AFTERNOON AND AT NIGHT. WHEN I ARISE IN THE MORNING AT  
7 3:30, THE AIRPLANES ARE STILL FLYING, OR THEY WILL WAKE  
8 ME OUT OF A SLEEP.

9 I AM A BUS OPERATOR. IF I DON'T HAVE ENOUGH  
10 SLEEP, I MIGHT RUN OVER SOMEBODY.

11 THERE ARE A LOT OF PEOPLE HERE IN INGLEWOOD  
12 WHO WORK AT NIGHT OR WORK IN THE MORNING THAT DON'T GET  
13 ENOUGH SLEEP. THAT IS A PROBLEM. I AM TIRED OF THE  
14 NOISE.

15 THANK YOU.

16 THE FACILITATOR: THANK YOU.

17 DENNY SCHNEIDER, PLEASE.

18 DENNY SCHNEIDER: GOOD AFTERNOON. I AM DENNY  
19 SCHNEIDER. I LIVE AT 7929 BREEN IN WESTCHESTER.

20 I HAVE HAD THE OPPORTUNITY TO SPEAK  
21 FREQUENTLY ABOUT THE AIRPORT BECAUSE I AM ON THE LAX  
22 ROUND TABLE, COMMUNITY ROUND TABLE.

23 I WILL GIVE YOU A SUMMARY BECAUSE WE WILL BE  
24 PROVIDING SOME VERY DETAILED COMMENTS. BUT THE  
25 REAL ISSUE IS TWOFOLD. ONE IS THE LOCAL RESIDENTS ARE

1 GETTING INUNDATED AND THE SECOND HAS TO DO WITH MORE OF  
2 THE LARGER REGIONAL IMPACTS.

3 THE EIR ITSELF IS BASED ON A 1996 BASELINE,  
4 AND A LOT OF THINGS HAVE CHANGED SINCE THEN. TRAFFIC IS  
5 HORRENDOUS SINCE THEN. THE ASSUMPTION THAT PEOPLE WILL  
6 DRIVE ONLY ONE HOUR TO THE AIRPORT, OF COURSE, THAT IS  
7 LIKE FROM MY HOUSE IN WESTCHESTER.

8 BUT, SERIOUSLY, EVEN WITHOUT THE EXPANSION,  
9 WE ARE GOING TO HAVE SO MANY CARS ON THE SAN DIEGO  
10 FREEWAY IT IS GOING TO CONSTANTLY COME TO A DEAD STOP AT  
11 MANCHESTER, BETWEEN MANCHESTER AND LA TIJERA, AND THE  
12 ENORMOUS AMOUNT OF TRAFFIC IS A MAJOR ISSUE.

13 I WOULD ENCOURAGE MORE PARTICIPATION --  
14 OBVIOUSLY, I AM PREACHING TO THE CHOIR HERE -- TO  
15 ATTEND, FOR INSTANCE, THE ENVIRONMENTAL JUSTICE MEETING  
16 ON JULY -- ON JUNE 16TH, I BELIEVE, AT LENNOX. ALL OF  
17 THIS WILL BE AVAILABLE AT OUR WEBSITE. BUT WE NEED TO  
18 MAKE PEOPLE AWARE.

19 THE LAST AND MOST IMPORTANT COMMENT I WOULD  
20 LIKE TO MAKE HAS TO DO WITH MODERNIZATION VERSUS  
21 EXPANSION. RIGHT NOW THE SITUATION IS THAT THE FAA AND  
22 DEREGULATION DEFINES FOR US HOW MANY PLANES CAN COME TO  
23 LAX. THERE IS ABSOLUTELY NO DIFFERENCE. EVEN THOUGH A  
24 LOT OF THE MODERNIZATION ACTIVITIES MAKE SENSE, THERE IS  
25 A TREMENDOUS OUTGROWTH OF THE COMMUNITY AGAINST THEM

1 BECAUSE IT, IN FACT, TRANSLATES TO EXPANSION.

2 SO UNTIL WE CAN HOLD THE LINE WITH WHAT WE  
3 HAVE, WE ARE GOING TO KEEP FACING THE SAME THING.

4 OF COURSE, EVERYBODY HAS TALKED ABOUT THE EIR  
5 AND ALL OF THE DEFICIENCIES, BUT THE REAL PROBLEM IS NOT  
6 THE EIR, BUT IT IS HOW ALL OF THESE IMPROVEMENTS AND/OR  
7 EXPANSIONS ARE AFFECTING THE PEOPLE OF THE WHOLE AREA.

8 THANK YOU.

9 THE FACILITATOR: THANK YOU, MR. SCHNEIDER.

10 AT THIS POINT OF THE PROGRAM WE ARE GOING TO  
11 TAKE WHAT WE CALL A TEN-MINUTE BREAK. IT IS 10 TO 5:00  
12 NOW BY MY WATCH, AND WE WILL RECONVENE AT 6:00 P.M.

13 THERE ARE REFRESHMENTS IN THE BACK, COFFEE AND WATER.

14 RESTROOMS ARE TO YOUR RIGHT AT THE BACK OF  
15 THE ROOM. WE WILL ADJOURN AT THIS TIME AND TAKE A  
16 BREAK.

17 (RECESS.)

18 THE FACILITATOR: WE ARE GOING TO GET  
19 STARTED. WE ARE GOING TO GET STARTED. PLEASE FIND YOUR  
20 SEATS. WE WILL BE HAVING COMMENTS.

21 OKAY. I AM GOING TO TURN THIS OVER TO DAVID  
22 KESSLER.

23 PLEASE TAKE YOUR SEATS, AND WE ARE GOING TO  
24 START AGAIN. THANKS.

25 MR. KESSLER: GOOD AFTERNOON AGAIN. MY NAME

1 IS DAVID KESSLER. I AM AN AIRPORT PLANNER FROM THE  
2 FEDERAL AVIATION ADMINISTRATION, WESTERN-PACIFIC  
3 REGION. OUR OFFICE IS LOCATED IN HAWTHORNE.

4 THE PURPOSE OF TODAY'S HEARING, FOR THOSE WHO  
5 MAY HAVE COME LATE, WE BEGAN OUR HEARING AT 2:30 TODAY.  
6 THE PURPOSE OF TODAY'S HEARING IS TO COLLECT VERBAL  
7 COMMENTS FROM THE MEMBERS OF THE GENERAL PUBLIC ON THE  
8 ADEQUACY OF THE INFORMATION DISCLOSED IN THE DRAFT  
9 ENVIRONMENTAL IMPACT STATEMENT/ENVIRONMENTAL IMPACT  
10 REPORT, EIS/EIR, AT LOS ANGELES INTERNATIONAL AIRPORT.

11 OUR ROLE UP HERE TODAY IS, AGAIN, TO LISTEN,  
12 HEAR WHAT YOU HAVE TO SAY. WE ARE NOT HERE TO RESPOND  
13 TO QUESTIONS. TODAY THE CITY HAS HELD A PUBLIC WORKSHOP  
14 JUST OUTSIDE OF THIS ROOM FOR ANYONE TO ASK QUESTIONS  
15 ABOUT THE MASTER PLAN, THE ENVIRONMENTAL PROCESS AND THE  
16 VARIOUS PROPOSED PROJECTS. THEY WILL HAVE OTHER  
17 WORKSHOPS FOR ENVIRONMENTAL JUSTICE LATER ON IN THE  
18 COMING MONTHS.

19 IF YOU HAVE COMMENTS TODAY THAT WOULD TAKE  
20 LONGER THAN THREE MINUTES -- EVERYONE WILL GET THREE  
21 MINUTES. THAT IS TO BE FAIR TO EVERYONE. IF YOU HAVE  
22 COMMENTS THAT ARE GOING TO TAKE LONGER THAN THAT, I  
23 ENCOURAGE YOU TO WRITE THEM DOWN. USE A COMMENT SHEET.  
24 YOU CAN USE A LETTER IF YOU WANT. BY ALL MEANS, PLEASE  
25 MAIL US A COMMENT, YOU KNOW, SO WE HAVE YOUR COMMENTS.

1 I WANT TO ENCOURAGE YOU TO DO SO.

2 I ALSO WANT TO LET YOU KNOW THAT A VERBAL  
3 COMMENT IS JUST AS IMPORTANT AS A WRITTEN COMMENT. SO  
4 PLEASE DON'T GO HOME WITH THE IDEA THAT IF YOU DIDN'T  
5 SAY ANYTHING TODAY THAT WE ARE NOT INTERESTED. YOU TOOK  
6 THE TIME TO WRITE IT DOWN, SEND IT IN, AND WE WILL TAKE  
7 NOTE OF THAT COMMENT. IT WILL BE RESPONDED TO IN THE  
8 FINAL EIS/EIR.

9 AGAIN, AS I WAS SAYING, THE RULE IS YOU WILL  
10 HAVE THREE MINUTES TO SPEAK. WE WILL CALL THREE  
11 SPEAKERS UP TO HAVE THE HEARING MOVE FORWARD IN AN  
12 ORDERLY FASHION. THERE IS NO TRADING OF TIME FROM ONE  
13 SPEAKER TO ANOTHER, TO BE FAIR. THAT WAY EVERYONE GETS  
14 THE OPPORTUNITY TO SPEAK.

15 AND, AGAIN, ROGER AND I ARE HERE TO LISTEN.  
16 WE ARE TAKING NOTES.

17 WE ALSO HAVE A COURT REPORTER HERE. WE ASK  
18 THAT YOU PLEASE SPEAK CLEARLY INTO THE MICROPHONE SO WE  
19 CAN HEAR YOU AND SO WE HAVE AN ACCURATE TRANSCRIPT SO WE  
20 MAKE CERTAIN WE HAVE YOUR COMMENTS CORRECTLY.

21 WE WILL TURN THE HEARING OVER TO SHAUNA BAIN.

22 THE FACILITATOR: THANK YOU, MR. KESSLER.

23 ONE NOTE: MR. KESSLER MENTIONED THERE ARE  
24 NOTES, VERY COPIOUS NOTES, AND I AM PAYING ATTENTION  
25 VERY CAREFULLY SO YOU CAN BE ASSURED OF THAT.

1 JUST TO REITERATE SOME THINGS MR. KESSLER  
2 SAID, WE HAVE THREE MINUTES ALLOTTED FOR EACH ONE OF YOU  
3 TO MAKE YOUR COMMENTS.

4 YOU CAN REFER TO THE TIME BOARD HERE, AND  
5 WHEN IT GETS DOWN TO ONE MINUTE OF TIME, YOU WILL SEE A  
6 BLINKING YELLOW LIGHT.

7 WHEN YOUR TIME HAS EXPIRED, YOU WILL HEAR A  
8 BEEPING TONE. IF YOU STEP TO THE MIKE AND SPEAK YOUR  
9 NAME LOUDLY AND CLEARLY FOR OUR COURT REPORTERS, PLEASE,  
10 AND STATE YOUR ADDRESS, THAT WILL MAKE THEIR JOB A  
11 LITTLE EASIER. I WILL CALL FOUR NAMES AT A TIME TO COME  
12 TO THE PODIUM WHICH IS CLOSER TO YOU AND BEGIN YOUR  
13 COMMENTS.

14 I WILL BEGIN WITH JOYCE SMITH, FELICIA  
15 BRADFIELD -- FELICIA BRADFIELD, SALOMON ZAMORA,  
16 DR. DOUROUX, PETER WOO, TIM LESTER.

17 I KNOW WE WENT OVER THESE BEFORE. I WAS  
18 TRYING TO GET OTHER PEOPLE TO ACTUALLY COME UP. VALERIE  
19 HASTINGS, MR. OR MISS KOZA, EDDIE MAE SIMPSON, JEAN  
20 JARVIS -- SHE JUST SPOKE. THAT WAS AT THE BOTTOM.

21 JOYCE SMITH: MY NAME IS JOYCE SMITH. I AM A  
22 30-YEAR RESIDENT OF THE CITY OF INGLEWOOD. I AM ALSO ON  
23 THE AVIATION COMMISSION FOR THE CITY OF INGLEWOOD.

24 I WAS VERY, VERY CONCERNED WHEN I FIRST HEARD  
25 ABOUT THE LAX EXPANSION A FEW YEARS AGO. I LOVE THE

1 CITY OF INGLEWOOD, BUT THE AIRPORT IS WHAT REALLY SPOILS  
2 IT.

3 WHEN I FIRST MOVED HERE THE -- THERE WERE  
4 SOMETHING LIKE 40 MILLION ANNUAL PASSENGERS, WHICH OF  
5 COURSE IS CLIMBING, CLIMBING, CLIMBING, AND IS EXPECTED  
6 TO REACH MUCH HIGHER.

7 I DID LOOK AT THE EIR/EIS REPORT IN THE  
8 LIBRARY, AND I DID NOTICE THAT IT SAID IN THERE THAT  
9 EVEN WITH THE NOISE MITIGATION MEASURES THE NOISE WILL  
10 STILL BE SIGNIFICANT AND DATA WAS UNAVAILABLE.  
11 HOWEVER, I SEE NOTHING THAT INDICATES THAT LAX PLANS TO  
12 NOT EXPAND THE AIRPORT.

13 I REMEMBER YEARS AGO MY FATHER TOLD ME THAT  
14 SOME PLANNERS BUILT A BRIDGE IN LOUISIANA, AND BY THE  
15 TIME IT WAS BUILT, IT WAS OUT OF DATE BECAUSE THE  
16 PLANNERS HAD NO FORESIGHT INTO THE FUTURE NEEDS.

17 OTHER CITIES HAVE HAD THIS PROBLEM. IN  
18 DENVER THEY HAD -- THEY BUILT UP A GREAT BIG BEAUTIFUL  
19 STATE-OF-THE-ART AIRPORT OUTSIDE OF THE CITY OF DENVER.

20 IN DALLAS THERE IS A GREAT BIG BEAUTIFUL  
21 AIRPORT OUTSIDE OF THE CITY OF DALLAS. THERE IS A  
22 SMALLER AIRPORT THAT IS NO LONGER USED BECAUSE OF THEIR  
23 NEEDS.

24 AND ALSO THE AIRPORT OF CHICAGO IS OUTSIDE  
25 THE CITY OF CHICAGO.

1 I DON'T KNOW WHY YOU WANT TO KEEP JAMMING  
2 MORE PLANES INTO THIS SMALL SPACE. TO ME IF YOU REALLY  
3 WANT TO SOLVE THE PROBLEM OF EXPANSION, BUILD A BIG  
4 BEAUTIFUL STATE-OF-THE-ART AIRPORT OUTSIDE OF THE CITY  
5 OF LOS ANGELES.

6 THERE ARE MANY ALTERNATIVES, AND I DON'T  
7 UNDERSTAND -- PEOPLE COME UP HERE, MANY SAYING: DON'T  
8 DO THIS TO US. I CAN'T SLEEP. THERE IS NOISE  
9 POLLUTION.

10 I LOVE MY YARD. I DO. THE PLANES HAVE  
11 RUINED MY YARD, THE ENJOYMENT OF MY YARD, WITH MY  
12 GRANDCHILDREN.

13 WHY DO YOU KEEP ON PLANNING THIS? TO ME IT  
14 IS AN ARROGANCE I DO NOT UNDERSTAND.

15 PLEASE DO SOME INTELLIGENT PLANNING AND  
16 REALLY PLAN FOR THE FUTURE NEEDS OF L.A. BY BUILDING AN  
17 AIRPORT OUTSIDE OF THE CITY.

18 THANK YOU.

19 THE FACILITATOR: THANK YOU.

20 I AM GOING TO RE-CALL SOME OF THESE NAMES  
21 THAT DID NOT RESPOND.

22 FELICIA BRADFIELD, SALOMON ZAMORA,  
23 DR. DOUROUX, PETER WOO, TIM LESTER, VALERIE HASTINGS,  
24 EDDIE MAE SIMPSON, MR. OR MS. KOZA.

25 AT THIS POINT WE DON'T HAVE ANY MORE SPEAKER

1 CARDS SUBMITTED, BUT WE WILL KEEP IT OPEN UNTIL 7:00  
2 P.M. IF SOMEONE WOULD LIKE TO GET A SPEAKER CARD OR  
3 THERE IS ANOTHER SPEAKER CARD TO --

4 TESSIE CROWDER: I SUBMITTED ONE, TESSIE  
5 CROWDER.

6 THE FACILITATOR: I DO NOT HAVE YOUR SPEAKER  
7 CARD HERE.

8 WHO DID YOU SUBMIT IT TO?

9 TESSIE CROWDER: I DROPPED IT IN ONE OF THE  
10 BOXES.

11 THE FACILITATOR: OKAY. JUST COME ON UP,  
12 MS. CROWDER.

13 STATE YOUR NAME FOR THE RECORD.

14 TESSIE CROWDER: MY NAME IS TESSIE CROWDER.  
15 I LIVE AT 9622 SEVENTH AVENUE.

16 I OPPOSE A, B AND C OF THE EXPANSION PLAN. I  
17 BELIEVE THE PLANES SHOULD BE CONVERTED TO ONE OF THE  
18 OTHER AREAS, ORANGE COUNTY OR PALMDALE. PREFERABLY  
19 ORANGE COUNTY AT EL TORO BECAUSE THEIR RUNWAYS ARE ALL  
20 RIGHT AND THAT WOULD CUT DOWN ON THE EXPANSE OF THE  
21 EXPANSION AND CUT THE POLLUTION, AS 20 PERCENT OF THE  
22 CARGO THAT COMES INTO LAX GOES ON TO ORANGE COUNTY.  
23 THEY COULD JUST DROP IT OFF THERE, AND THAT  
24 WOULD -- SINCE THE ASIAN COMMUNITY IS WORRIED ABOUT THE  
25 INCOMING IMPORTS, IF ORANGE COUNTY TOOK THEIR SHARE,

1 THEN WE WOULD HAVE MORE COMING FROM THE ASIAN  
2 COMMUNITIES.

3 THE FACILITATOR: THANK YOU.

4 AGAIN, WE WILL KEEP -- WE WILL STAY OPEN  
5 UNTIL 7:00 P.M. WE WILL KEEP ACCEPTING SPEAKER CARDS IF  
6 YOU WOULD LIKE TO FILL ONE OUT. FOR NOW WE DON'T HAVE  
7 SPEAKER CARDS AVAILABLE. PICK UP A SPEAKER CARD IF YOU  
8 HAVE COMMENTS YOU WANT TO MAKE.

9 DON'T FORGET TO SUBMIT WRITTEN COMMENTS. WE  
10 CAN GET THOSE FORMS -- AND SIGN THEM AS WELL.

11 AND THE WORKSHOPS ARE STILL OPEN AND  
12 AVAILABLE FOR YOUR INFORMATION -- ARE THE WORKSHOPS  
13 CLOSED? I APOLOGIZE. THE WORKSHOPS ARE CLOSED.

14 WE WILL BE HERE UNTIL 7:00 P.M. WE ACTUALLY  
15 HAVE CARDS IF SOMEONE WOULD LIKE TO MAKE A COMMENT.  
16 JUST RAISE YOUR HAND.

17 WE HAVE A SPEAKER. GO AHEAD.

18 OPAL SMITH: OPAL SMITH. I AM THE BLOCK CLUB  
19 CAPTAIN FOR THE PENNEY AVENUE, CASIMIR AND CULLIVAN  
20 BLOCK CLUB IN INGLEWOOD, AND I'M SORRY I AM LATE, BUT I  
21 JUST CAME FROM SAN DIEGO FROM MY GRANDSON'S GRADUATION.

22 NOW I AM VERY CONCERNED ABOUT THE L.A.  
23 EXPANSION AND NOT BEING ABLE TO PROGRESS BECAUSE OF THE  
24 FACT THAT I HAVE BEEN IN INGLEWOOD FOR 30 -- OCTOBER IT  
25 WILL BE 32 YEARS. AND WITH THE INCREASE OF THE CARGO

1 PLANES, I CAN READ THE FINE PRINT NUMBERS ON THE TAIL  
2 END AS THEY GO OVER MY BEDROOM WINDOW AND THEN WHEN THEY  
3 GO OVER THE -- OVER MY BACK YARD.

4 WHEN THERE IS A WIND SHIFT, THEY TAKE OFF  
5 FROM THE WEST, HEADED SOUTH. AT MIDNIGHT I AM AWAKE THE  
6 REST OF THE MORNING UNTIL AT LEAST 5:00 OR 8:00 IN THE  
7 MORNING.

8 I AM ACCUSTOMED TO PUTTING THE CLOTHES ON THE  
9 LINE TO DRY THEM, ESPECIALLY MY WHITE CLOTHES, SHEETS  
10 AND THINGS LIKE THIS. WHEN I BRING THEM IN, I CAN SHAKE  
11 THE SOOT FROM THEM FROM THE AIRLINES -- FROM THE  
12 AIRPLANES. THIS IS FROM THE SMOKE OR WHATEVER YOU CALL  
13 IT OR THE EXHAUST WHEN THEY CUT THEIR MOTOR OFF AND THEN  
14 THEY PUT THE LANDING GEAR DOWN.

15 THE WHEELS ARE DOWN WHEN THEY COME OVER MY  
16 YARD. THEY ARE ALREADY DOWN, AND IT IS UNCOMFORTABLE.

17 AND WHEN I GO OUT TO TALK TO MY ROSES OR  
18 MY PLANTS IN THE MORNING, I JUST GO OUT WITH WET PAPER  
19 TOWELS TO WIPE THE SOOT FROM THE LEAVES, AND YOU SHOULD  
20 SEE IT. YOU SHOULD REALLY SEE IT.

21 AND I HAVE HAD A VERY SERIOUS ALLERGY PROBLEM  
22 FROM THIS KIND OF INHALING ALL OF THIS FROM THE AIR,  
23 FROM THESE AIRPLANES. MY DOCTOR TOLD ME TWO WEEKS AGO,  
24 HE SAID: PERHAPS YOU ARE GOING TO HAVE TO MOVE OUT OF  
25 INGLEWOOD. AND I SAID: I WOULDN'T WANT TO. AND I

1 SAID: I AM JUST HOPING THAT SOMETHING WILL BE DONE IN  
2 THE NEAR FUTURE; IT WILL BE MOVING TO LANCASTER OR  
3 WHEREVER, SIMI VALLEY OR WHEREVER, EVEN AROUND NEAR  
4 EDWARDS AIR FORCE BASE, ANY PLACE TO GET THEM OUT OF THE  
5 CITY OF INGLEWOOD AND THE NEARBY -- WHERE THEY ARE  
6 PRESENTLY, THE LAX PASSENGER FLIGHTS.

7 I THANK YOU, AND I HOPE SOMETHING WILL BE  
8 DONE SOON. THANK YOU FOR THIS OPPORTUNITY.

9 THE FACILITATOR: THANK YOU.

10 AGAIN, IF YOU NEED A SPEAKER CARD, ROBERT  
11 COLE HAS MORE SPEAKER CARDS. YOU MAY FILL OUT SPEAKER  
12 CARDS DURING THIS TIME.

13 MY NAME IS SHAUNA BAIN. I AM THE  
14 FACILITATOR.

15 MR. KESSLER: I AM DAVID KESSLER WITH THE  
16 FEDERAL AVIATION ADMINISTRATION AND NEXT TO ME IS ROGER  
17 JOHNSON.

18 AS SHAUNA SAID, WE WILL BE HERE UNTIL 7:00.  
19 WE SAID THE HEARING WE WILL GO AS LATE AS NECESSARY TO  
20 GET PEOPLE'S COMMENTS. WE DO HAVE IT SCHEDULED UNTIL  
21 7:00.

22 IF YOU HAVE A VERBAL COMMENT YOU WOULD LIKE  
23 TO PROVIDE TODAY, WE ENCOURAGE YOU TO DO SO. IF YOU  
24 WANT TO PROVIDE COMMENTS IN WRITING, I ENCOURAGE YOU TO  
25 DO SO.

1 THE ADDRESSES TO SEND COMMENTS TO ARE ON THE  
2 COVER OF THE EIS AND EIR. YOU CAN ADDRESS THEM TO ME OR  
3 JIM RITCHIE WITH THE CITY OF LOS ANGELES.

4 AT THIS POINT I WILL ASK IF ANYBODY HAS A  
5 SPEAKER CARD AND WOULD LIKE TO COME UP. NOW IS A GOOD  
6 TIME.

7 WE WILL HAVE SHAUNA BAIN RUN THROUGH THE  
8 NAMES OF PEOPLE WHO SUBMITTED CARDS AND MAY HAVE STEPPED  
9 OUT OF THE ROOM FOR A MOMENT, AND WE WILL GO THROUGH  
10 THAT AGAIN.

11 THE FACILITATOR: FELICIA BRADFIELD, SALOMON  
12 ZAMORA, DR. DOUROUX, PETER WOO, VALERIE HASTINGS, EDDIE  
13 MAE SIMPSON, MR. OR MS. KOZA.

14 (RECESS.)

15 THE FACILITATOR: ONCE OUR COURT REPORTERS  
16 ARE READY.

17 BETTY THOMPSON: BETTY PHILLIPS THOMPSON --

18 THE FACILITATOR: PLEASE STATE YOUR NAME  
19 AGAIN FOR THE RECORD, WITH YOUR ADDRESS, FOR THE COURT  
20 REPORTERS.

21 BETTY THOMPSON: MY NAME IS BETTY PHILLIPS  
22 THOMPSON. MY MAILING ADDRESS IS POST OFFICE BOX 90372,  
23 LOS ANGELES, 90009. MY ADDRESS, IF YOU WANT IT, I CAN  
24 GIVE THAT, ALSO. IT IS 9809 SIXTH AVENUE IN INGLEWOOD.

25 AND AS I STATED BEFORE, I HAVE BEEN AN

1 INGLEWOOD RESIDENT FOR OVER 25 YEARS, AND I WAS A LITTLE  
2 NERVOUS WHEN I WAS UP HERE BEFORE SO I WANT TO ADD  
3 SOMETHING TO A COMMENT I SAID, WHICH I HAVE HEARD A LOT  
4 OF THE THINGS THAT WAS GOING ON, LIKE MONEYS ARE  
5 AVAILABLE FOR INSULATION IN CONNECTION WITH THE  
6 EXPANSION OF LAX AND ALL OF THAT.

7 INGLEWOOD RESIDENTS SHOULDN'T HAVE TO FIGHT  
8 OR FILL OUT FORMS AND THINGS IN ORDER TO GET THE MONEY.  
9 THEY SHOULD TAKE ONE NEIGHBORHOOD AT A TIME AND INSULATE  
10 IT REGARDLESS WHAT THEIR DECISION FOR LAX IS. SO WE  
11 SHOULDN'T HAVE TO FIGHT ABOUT IT AND THINGS RIGHT AT THE  
12 MOMENT WE REPLACE THEM DUE TO THE AIRPLANES FLYING OVER  
13 AND THINGS LIKE THAT. I FEEL LIKE WE SHOULDN'T HAVE TO  
14 FILL OUT FORMS AND THINGS TO GET THE MONEY.

15 THEY JUST SHOULD TAKE ONE NEIGHBORHOOD AT A  
16 TIME AND INSULATE ALL THE HOMES THAT ARE AFFECTED IN THE  
17 AREA OF THE NOISE.

18 THANK YOU.

19 THE FACILITATOR: AGAIN, I AM GOING TO GO  
20 THROUGH SOME OF THESE CARDS THAT WERE CALLED EARLIER AND  
21 WE DID NOT RECEIVE A RESPONSE. I'M SORRY TO KEEP  
22 REPEATING THE NAMES. WE CAN PRETEND THEY ARE A SONG.

23 FELICIA BRADFIELD, SALOMON ZAMORA,  
24 DR. DOUROUX, PETER WOO, VALERIE HASTINGS, EDDIE MAE  
25 SIMPSON, MR. OR MS. KOZA.

1                   AGAIN, WE WILL KEEP ACCEPTING CARDS UNTIL  
2                   7:00 P.M.

3                   MR. KESSLER: WHILE WE ARE WAITING FOR ANYONE  
4                   WHO WOULD LIKE TO SPEAK, I WILL PROVIDE YOU WITH  
5                   ADDRESSES.

6                   MY NAME IS DAVID KESSLER. I AM AN AIRPORT  
7                   PLANNER WITH THE FEDERAL AVIATION ADMINISTRATION. I  
8                   WILL PROVIDE YOU WITH THE ADDRESSES TO FILL IN FOR  
9                   COMMENT ON THE DRAFT EIS/EIR.

10                  YOU CAN MAIL THEM TO ME AT THE U.S.  
11                  DEPARTMENT OF TRANSPORTATION, FEDERAL AVIATION  
12                  ADMINISTRATION, POST OFFICE BOX 92007, LOS ANGELES, ZIP  
13                  CODE 90009-2007. YOU CAN ALSO SUBMIT COMMENTS TO  
14                  MR. JIM RITCHIE, CITY OF LOS ANGELES, LOS ANGELES WORLD  
15                  AIRPORTS, POST OFFICE BOX 92216, LOS ANGELES. THE ZIP  
16                  CODE IS 90009-2216.

17                  AGAIN, WE ENCOURAGE YOU TO SUBMIT COMMENTS TO  
18                  US. WE WILL RESPOND TO THOSE COMMENTS IN THE FINAL  
19                  EIS/EIR.

20                  AND IN RESPONSE TO THE QUESTION SOMEONE HAS  
21                  ASKED AS TO WHETHER THERE ARE OTHER OPPORTUNITIES FOR  
22                  PUBLIC HEARINGS, THE CITY OF LOS ANGELES WILL HOLD OTHER  
23                  PUBLIC HEARINGS THROUGH ITS PROCESS AS FAR AS MOVING THE  
24                  PLANS FORWARD THROUGH THE BOARD OF COMMISSIONERS AND  
25                  THROUGH CITY COUNCIL.

1 I WANT TO GO OFF THE RECORD UNTIL WE GET  
2 ANOTHER SPEAKER CARD. THANK YOU.

3 (OFF THE RECORD.)

4 THE FACILITATOR: LET ME HAVE EVERYONE'S  
5 ATTENTION. WE FOUND ONE OF OUR NONRESPONSIVE PARTIES, A  
6 MISSING MIA, MRS. KOZA.

7 LET ME CORRECT MYSELF: MR. KOZA.

8 AND, MR. KOZA, I KNOW YOU WERE -- WERE YOU IN  
9 THE ROOM WHEN I EXPLAINED THE TIME FRAME?

10 YOU HAVE THREE MINUTES. WHEN YOU GET DOWN TO  
11 ONE MINUTE, THERE WILL BE A YELLOW FLASHING LIGHT HERE,  
12 AND WHEN YOUR TIME IS UP, YOU WILL HEAR A BEEPING TONE,  
13 AND YOU CAN STATE YOUR -- STATE YOUR NAME AND YOUR  
14 ADDRESS FOR THE RECORD FOR THE COURT REPORTERS.

15 NICK KOZA: I AM NICK KOZA, AND I AM A  
16 REPRESENTATIVE OF LENNOX, A SCHOOLTEACHER.

17 I LIVE ON THE BIKE PATH -- CAN YOU HEAR ME?  
18 I LIVE ON THE BIKE PATH. I AM HERE TO MAKE  
19 SEVERAL POINTS.

20 FIRST OF ALL, I FEEL THAT YOU HAVE NOT  
21 PROPERLY MADE AVAILABLE TO ALL CITIZENS OF THE LAX  
22 REGION, PRIMARILY LENNOX, WHICH IS PRIMARILY HISPANIC --  
23 I DON'T SPEAK SPANISH, BUT I KNOW MY FELLOW NEIGHBORS  
24 DO, AND MOST OF THE TIME THERE IS A LANGUAGE -- I DOUBT  
25 MANY OF THEM READ ENGLISH. A SMALL SON OR DAUGHTER

1 PROBABLY WOULD NOT READ THE BILINGUAL IMPACT REPORT,  
2 THAT IS WRITTEN IN ENGLISH AND NOT SPANISH, WHICH MEANS  
3 EQUAL ACCESS IS BEING DENIED TO PEOPLE WHO ARE TRULY  
4 AFFECTED BY THE ENVIRONMENTAL ISSUES AND CONCERNS THAT  
5 YOU TRY TO ADDRESS.

6 SECONDLY, THE WEBSITE YOU HAD POSTED, IT WAS  
7 ALMOST -- IT WAS ALMOST LIKE IT WAS WRITTEN BY A CAR  
8 SALESMAN VERSUS AN ENVIRONMENTALIST, LIKE YOU ARE TRYING  
9 TO SELL A REALLY GOOD DEAL TO THE COMMUNITY BUT ALSO  
10 VERY CONCERNED THAT BASICALLY IT IS A WHITEWASH AND  
11 HASN'T BEEN THOROUGHLY INVESTIGATED.

12 SO MANY PEOPLE POINTED OUT TODAY THAT THIS  
13 ENVIRONMENTAL IMPACT STUDY IS ALREADY OBSOLETE,  
14 ANTIQUATED AND NEEDS TO BE REINVESTIGATED, NOT JUST FOR  
15 MY COMMUNITY, BUT YOUR SAKE AS WELL.

16 I WOULD HATE TO SEE A WHOLE GENERATION OF  
17 PEOPLE GROWING UP WITH RESPIRATORY ILLNESS, LUNG CANCER,  
18 DISABILITIES AND OTHER SORTS OF HEALTH RELATED ISSUES,  
19 AND I HATE TO SEE THESE PEOPLE RUNNING AROUND THE  
20 COMMUNITY NOT ABLE TO FULLY PARTICIPATE BECAUSE YOU FAIL  
21 TO DO A FAIR, ADEQUATE AND UNBIASED ENVIRONMENTAL IMPACT  
22 STUDY.

23 YOU REALLY NEED TO READDRESS -- READDRESS THE  
24 ISSUE, GO BACK AND MAYBE REWRITE THE ENTIRE THING.  
25 MAYBE TAKE -- IF IT TAKES A FEW MORE YEARS, THAT IS FINE

1 BY ME. IT IS A SMALL PRICE TO PAY TO PROTECT OUR  
2 CHILDREN, OUR ELDERLY FOLKS, WHO ARE PROBABLY MORE PRONE  
3 AND SUSCEPTIBLE TO THESE TYPES OF UNNECESSARY EXPOSURES,  
4 WHETHER IT IS THROUGH THE AIR, NOISE, GROUND POLLUTION.

5 EXCUSE ME. IT HAS BEEN A LONG DAY.

6 YOU NEED TO REINVESTIGATE THIS ENVIRONMENTAL  
7 REPORT. THANK YOU.

8 IT HAS BEEN A LONG DAY. I THINK WE GET THE  
9 POINT. I AM DEFINITE: MAKE IT IN SPANISH. I THINK A  
10 LARGE PART OF OUR CONSTITUENTS OR OUR PEOPLE HAVEN'T HAD  
11 A CHANCE TO READ THIS OR BE EXPOSED TO INFORMATION WHERE  
12 THEY ARE TRYING TO ENDORSE THEIR IDEAS OR HAVE A CHANCE  
13 TO SPEAK OUT AGAINST IT.

14 THE FACILITATOR: THANK YOU, MR. KOZA. I  
15 HAVE A BOTTLE OF WATER FOR MR. KOZA.

16 I AM GOING TO CALL THESE NAMES AGAIN.  
17 FELICIA BRADFIELD, SALOMON ZAMORA, DR. DOUROUX, PETER  
18 WOO, VALERIE HASTINGS, EDDIE MAE SIMPSON.

19 AGAIN, IF YOU WOULD LIKE TO SPEAK, IF YOU CAN  
20 PICK UP ONE OF THESE YELLOW COMMENT CARDS, SPEAKER  
21 CARDS, I HAVE THEM HERE.

22 ROBERT ALSO HAD SOME OR DID YOU PUT ALL OF  
23 THEM HERE?

24 I HAVE THEM HERE AND MR. KESSLER ALSO GAVE  
25 YOU AN ADDRESS WHERE YOU CAN FILE YOUR WRITTEN COMMENTS,

1 WHICH ARE JUST AS IMPORTANT AS THE VERBAL COMMENTS, AS  
2 HE MENTIONED, AND WE WILL BE HERE FOR ANOTHER, IT LOOKS  
3 LIKE, SEVEN MINUTES. SO YOU CAN FILL OUT A YELLOW CARD,  
4 AND WE WILL BE HAPPY TO TAKE IT.

5 THANK YOU.

6 (OFF THE RECORD.)

7 THE FACILITATOR: IT IS SEVEN MINUTES AFTER  
8 7:00. WE HAVE NOT RECEIVED ANY MORE SPEAKER CARDS.

9 WE WILL CONCLUDE THE PROGRAM, AND MR. KESSLER  
10 HAS SOME WORDS TO LEAVE YOU WITH, NOW THAT I HAVE  
11 EVERYONE'S ATTENTION PLEASE. HOLD ON.

12 MR. KESSLER: WE ARE HERE, AS I SAID EARLIER,  
13 AND AS I AM SURE YOU ALL HEARD -- I WILL REPEAT IT ONE  
14 LAST TIME. MY NAMED IS DAVID KESSLER. I AM AN AIRPORT  
15 PLANNER WITH THE FEDERAL AVIATION ADMINISTRATION.

16 OUR PURPOSE HERE TODAY IS TO COLLECT COMMENTS  
17 ON THE SCOPE -- EXCUSE ME -- ON THE ADEQUACY OF THE  
18 INFORMATION IN THE DRAFT EIS/EIR FOR THE PROPOSED MASTER  
19 PLAN IMPROVEMENTS AT LOS ANGELES INTERNATIONAL AIRPORT.

20 FOR RIGHT NOW I WANT TO ASK ONE MORE TIME IF  
21 THERE IS ANYONE WHO HAS NOT HAD A OPPORTUNITY TO SPEAK  
22 REGARDING INFORMATION ABOUT THE DRAFT EIS/EIR. YOU ARE  
23 WELCOME TO COME UP NOW, AND WE ARE HERE TO LISTEN AND  
24 TAKE NOTES, AND WE HAVE A COURT REPORTER HERE TO MAKE  
25 SURE WE HAVE AN ACCURATE TRANSCRIPT OF THIS HEARING.

1                   NOT SEEING ANYONE ELSE, I WILL REMIND YOU  
2                   AGAIN IF YOU WERE UNABLE TO PROVIDE COMMENTS EARLIER  
3                   TODAY, WE WILL BE ACCEPTING WRITTEN COMMENTS UNTIL JULY  
4                   25TH, 2001. YOU CAN EITHER MAIL THEM TO ME OR TO JIM  
5                   RITCHIE WITH THE CITY OF LOS ANGELES.

6                   AGAIN, THE ADDRESSES ARE LISTED ON THE COVER  
7                   OF THE DRAFT EIS/EIR. I WANT TO THANK EVERYONE FOR YOUR  
8                   COMMENTS TODAY.

9                   NOT SEEING ANYONE ELSE -- IF ANYONE WANTS TO  
10                  FILL OUT A SPEAKER CARD, WE ARE HERE TO LISTEN.

11                  NOT SEEING ANYONE, I WOULD LIKE TO CONCLUDE.  
12                  THE PUBLIC HEARING HERE AT THE PAVILION IN HOLLYWOOD  
13                  PARK FOR THE DRAFT EIR/EIS IS NOW CONCLUDED.

14                  THANK YOU.

1 MONTEREY PARK, CALIFORNIA, TUESDAY, OCTOBER 30, 2001

2 6:00 O'CLOCK P.M

3 --oOo--

4  
5 MR. WALL: Ladies and gentlemen, good evening. On  
6 the behalf of the Federal Aviation Administration and  
7 Los Angeles World Airports, I would like to welcome you  
8 to one of six rescheduled public hearings. The purpose  
9 of this hearing is to receive testimony concerning the  
10 Los Angeles Airport Master Plan, Environmental Impact  
11 Statement and Environmental Impact Report.

12 The two gentlemen to my left will receive your  
13 testimony this evening. I would like to introduce them  
14 now first starting with Mr. David Kessler, who is an  
15 airport environmental protection specialist with the  
16 Federal Aviation Administration. Mr. Kessler.

17 MR. KESSLER: Thank you, Tom. Good evening ladies  
18 and gentlemen. My name is David Kessler. I'm the  
19 airport planner with Federal Aviation Administration,  
20 Western-Pacific Region. I would like to welcome you to  
21 the sixth of a total of nine public hearings the FAA and  
22 the City of Los Angeles are conducting for the Draft  
23 Environmental Impact Statement, Environmental Impact  
24 Report or EIS/EIR for the proposed Master Plan  
25 improvements of the Los Angeles Airport. The first

1 three public hearings on this topic were held Saturday,  
2 June 9th in Inglewood, Manhattan Beach and Westchester.  
3 This is the first of a second set of hearings being held  
4 this week and next week. These hearings were originally  
5 scheduled for early September, however, they were  
6 postponed due to terrorist attacks in New York and  
7 Washington, D.C. The next hearing will be held on  
8 Thursday, November 1st at Peck Park in San Pedro.

9 The purpose of these hearings is to collect  
10 comments from the general public concerning the adequacy  
11 of the information disclosed in the Draft EIS/EIR. The  
12 FAA and the City of Los Angeles along with the Federal  
13 Highway Administration, as a cooperating agency, have  
14 prepared the Draft EIS/EIR.

15 I would like to take this opportunity to make  
16 sure that everybody understands that no decisions will  
17 be made today regarding the proposed project. Today's  
18 hearing is not a question-and-answer type of forum. Our  
19 job is to listen to what you have to say about the  
20 adequacy of the information in the Draft EIS/EIR. In  
21 other words, it is your turn to talk to us. Since we  
22 are here to listen, we are not going to respond to  
23 questions about the pros and cons of the proposed  
24 project. Since 5:00 o'clock this afternoon, the City  
25 has held a public workshop just outside of this room for

1 anyone to ask questions about the Master Plan, the  
2 environmental process and the various proposed projects.

3           Following publication of the Draft EIS/EIR for  
4 comment, the next step in the joint federal and state  
5 environmental disclosure process is holding this and  
6 other public hearings during this week and next week.  
7 The environmental disclosure process for this project  
8 started in 1997 with the publication of Notice of Intent  
9 to prepare the joint EIS/EIR in the Federal Register.  
10 In July of 1997 we held a series of meetings with  
11 members of the public and governmental agencies to  
12 receive comment on the scope of the Draft EIS/EIR.  
13 Following those meetings, Draft EIS/EIR was prepared  
14 considering the comments received during the scoping  
15 meetings and those submitted in response to the Notice  
16 of Intent. The document has also been prepared pursuant  
17 to the National Environmental Policy Act of 1969 or  
18 NEPA, the Council on Environmental Quality Regulations,  
19 which are the implementing regulations for NEPA, the  
20 California Environmental Quality Act of 1970 or  
21 CEQA and the Airport Airway Improvement Act of 1982, as  
22 amended.

23           Following today's hearings and the close of  
24 the comment period, we will then correct and revise the  
25 EIS/EIR as necessary based upon the comments received.

1 We will also prepare response to the comments we receive  
2 and include those responses in the final EIS/EIR.

3 Before we begin receiving public comments, I  
4 would like to let you know the grounds rules of this  
5 hearing. First, as I said earlier, we are not here to  
6 respond to questions about this project. We are only  
7 here to listen to your comments and take notes as well.  
8 We also have a court reporter here to ensure we have an  
9 accurate transcript of this hearing.

10 For anyone wishing to speak, we will ask you  
11 to fill out a speaker card, like this one and give it to  
12 the person at the sign-in desk. That person will bring  
13 the speaker cards up to our facilitator who will call  
14 the names of each speaker so we can proceed in an  
15 orderly fashion. So that everyone gets an opportunity  
16 to provide verbal comments, everyone will get three  
17 minutes to speak. To be fair to everyone, we are not  
18 going to allow people to transfer their allotted time to  
19 someone else. I ask that when you speak, you give us  
20 your name and address for the record. We also have a  
21 Spanish language translator for anyone wishing to  
22 provide comment in Spanish.

23 If there is anyone uncomfortable about  
24 speaking in front of a group or you need more than three  
25 minutes to provide your comments, we ask you provide

1 your comments in writing. We have comment sheets like  
2 this one, available for your use at the sign-in desk.  
3 You can leave your comments at the sign-in desk or you  
4 can mail your written comments using the comment sheet  
5 or a letter to either address listed at the top of the  
6 sheet. I would like you to understand that a verbal  
7 comment is just as important as a written comment. So  
8 please feel free to provide any comments on the document  
9 you may have either verbally today or in writing.  
10 Comments are due by 5:00 p.m. Pacific Standard Time on  
11 Friday, November 9, 2001.

12 Lastly, I would like everyone to know that  
13 although we have this hearing scheduled until 9:00 this  
14 evening, we will stay here as long as necessary for  
15 everyone to get a chance to provide verbal comments on  
16 the Draft EIS/EIR. As I said, our job today is to  
17 listen to your comments.

18 Now, I will turn the hearing back to our  
19 facilitator, Tom Wall.

20 (The statement submitted for the  
21 record was marked as Statement 1.)

22 MR. WALL: I would next like to introduce Mr. Jim  
23 Ritchie, the Deputy Executive Director for the Los  
24 Angeles World Airports.

25 MR. RITCHIE: Good evening, ladies and gentlemen,

1 and welcome to the Luminarias Restaurant for this public  
2 hearing tonight. We have received guidance from our  
3 mayor to expand opportunities for public input in the  
4 LAX Master Plan project. And tonight we will receive  
5 your comments.

6 More recently the mayor identified a number of  
7 objectives to be incorporated into another alternative  
8 for the future planning of LAX. On November 9th the  
9 public comment period will close. After the close of  
10 the public comment period, we will incorporate the  
11 mayor's guidance along with other comments received  
12 tonight into the development of a new alternative. This  
13 alternative will undergo a rigorous environmental  
14 analysis, as did the another alternatives, and a  
15 Supplemental Environmental Report will be distributed at  
16 a later date for public review and comment. Very likely  
17 the development of this new alternative will necessitate  
18 another public hearing to comment on this new  
19 alternative as we finalize the environmental process.

20 With that, I would like to turn the meeting  
21 over to Tom Wall, and the evening is yours. Thank you.

22 MR. WALL: Thank you, gentlemen. I am going to be  
23 either the most loved or most hated individual here  
24 because my responsibility is to run this three-minute  
25 time clock. So I appreciate your help and cooperation.

1 I will not start the clock until you're ready to begin.  
2 I will call the speakers of elected officials first. We  
3 will have their testimony, and then we'll go in the  
4 order in which the cards were received. Our first  
5 speaker will be Mayor James Hahn. Mayor.

6 MR. HAHN: Thank you, Mr. Kessler, Mr. Ritchie, as  
7 Mayor of the City of Los Angeles I'm appearing before  
8 you this evening to reaffirm my request that you fully  
9 develop a fifth alternative to the LAX Master Plan that  
10 focuses on increased safety and security at LAX.

11 As you know, I've historically supported a  
12 regional approach to accommodating growth in aviation  
13 demand. In order for a regional plan to work, other  
14 airports in the region must also take their fair share  
15 of air traffic. However, the tragic events of September  
16 11th have shown us our nation's aviation system  
17 continues to be a vulnerable target. Those events have  
18 caused me to focus my attention first and foremost on  
19 the issue of security to see if we can change it to make  
20 LAX as safe as we can.

21 As the third busiest airport in the country,  
22 LAX is a unique and vital asset for the Southern  
23 California region. More than 400,000 regional jobs have  
24 been associated with the airport. LAX has generated \$60  
25 billion dollars of economic activity annually. However,

1 since the tragedy of September 11th we have seen  
2 hundreds of Angelenos finding themselves out of work or  
3 in real danger of losing their jobs. Although I'm sure  
4 everyone had some sense of LAX's value to our region,  
5 the events of mid-September made clear that its  
6 contribution to our livelihoods can never be disputed.

7 In the aftermath of those terrorist attacks  
8 and after conferring with federal authorities, we took  
9 some immediate steps to protect the safety of passengers  
10 and employees at LAX. We made the difficult decision to  
11 keep the Central Terminal area, parking structures  
12 closed. That resulted in the loss of jobs. We now,  
13 thankfully, have been able to reopen that after  
14 conferring with federal authorities.

15 As airport employees return to their jobs, I  
16 think we need to continue to protect LAX. That's why I  
17 announced a new alternative a few weeks ago that I would  
18 like the commission to focus on, that would create a  
19 safe and secure terminal as well as a safer airfield  
20 that would accommodate no more than 78 million annual  
21 passengers. I would like to tell you what I would like  
22 to do.

23 First, make our terminals as safe and secure  
24 as we can possibly make them. My vision is to move  
25 traffic -- ticketing and baggage check in to a location

1 away from existing terminals. This would allow people  
2 to park, check their bags, get tickets, check-in in  
3 security checkpoints far away from the terminal areas.  
4 Once they were checked, they would be taken securely to  
5 the terminals and gates themselves.

6 Second, I think the concerns of airport  
7 communities need to be addressed. I would oppose  
8 continuing the idea of a ring road. I don't think we  
9 need that anymore and, that, also, I think will help the  
10 surrounding communities.

11 Third, I think the airfield itself needs to be  
12 reconfigured to increase safety. Airfield safety  
13 problems that existed before September 11th continue to  
14 plague us. I would like to reduce so-called "runway  
15 incursions" and create safer alternatives on the  
16 airfield.

17 I'm hopeful that this new alternative to the  
18 Master Plan would not move any runways closer to the  
19 communities surrounding the airport so we can address  
20 issues of noise surrounding our airport. We need to  
21 restore confidence in our nation's air transportation  
22 system, restore confidence at LAX. And I think we need  
23 to make Los Angeles, again, a destination of choice for  
24 travelers. Thank you.

25 (The statement submitted for the record

1                                was marked as Statement 2.)

2            MR. WALL: Thank you, Mr. Mayor, that was perfect.  
3 Ladies and gentlemen, we have a lot of seats over here  
4 on the other side if you would like to come in and find  
5 a seat.

6                                Our next speaker will be Los Angeles Police  
7 Department Chief, Bernard Parks.

8            MR. PARKS: Good evening. I really appreciate  
9 Mr. Kessler and Mr. Ritchie the opportunity to come and  
10 speak to you on this important issue. As you probably  
11 already know, the Los Angeles Police Department has had  
12 a long-term history of working with the LAX and its  
13 police department in developing strategy and plans that  
14 relate in dealing with security in and around the  
15 airport. Since September 11th those relationships have  
16 been renewed and strengthened as we look forward to  
17 developing continuous evaluations of the current and  
18 future safety plans. The fact that just 11 days ago  
19 that the Central Terminal was opened is an indication of  
20 a consideration that the planning and new security  
21 measures are in place that gave confidence in order to  
22 allow that Central Terminal to reopen to the public.

23                                We also know that in dealing with safety and  
24 security in the airport, it's everyone's responsibility,  
25 including those who come there to travel. They have to

1 be as vigilant as those who are being paid to perform  
2 that security service. We also rely on the different  
3 layers of responsibility. The FAA certainly has a  
4 responsibility of the overall operation of the airfield.  
5 But we have other law enforcement agencies dealing with  
6 DEA or the immigration or U.S. Customs. We also have  
7 the U.S. Marshal involved in a variety of functions and  
8 including, again, LAX and L.A. Police Department.

9           Between the LAPD and LAX Police Department, we  
10 have a very specific responsibility for safety in and  
11 around the terminal and for those who are approaching  
12 the terminal in the area and the facility in and around  
13 the exterior of the terminal. We also know that with  
14 the current L.A. World Airport, they are currently going  
15 through a process of completely re-evaluating the  
16 current safety measures at which this LAPD has been a  
17 partner in.

18           Mayor Hahn has given some very specific  
19 direction as it relates to looking at this fifth  
20 alternative. And we believe that you cannot have an  
21 operating airport without the security and the comfort  
22 that the passengers will feel along with the convenience  
23 that they believe they are also responsible for. We  
24 believe that in looking at the plan, we've offered some  
25 suggestions, some of which dealt with the exterior in

1 the areas of surveillance around the 12-square-mile  
2 plant, but we believe that security, like many other  
3 things, should be an evolving process, things we've  
4 learned from other cities, issues that we've learned  
5 from other countries, should constantly be placed into  
6 security and the safety net so we can come up with the  
7 most secure airport in this region and in this country.

8 I appreciate the opportunity of making these  
9 comments. And I am six seconds short.

10 MR. WALL: Thank you, Chief. If you would like to  
11 come back later and use those six seconds, you're more  
12 than welcome. Our next speaker will be Mike Gordon.

13 MR. GORDON: Thank you very much, Mr. Ritchie,  
14 Mr. Kessler. Let me begin by saying, those of us who  
15 for the last four and a half years have fought against  
16 Mayor Riordan's Master Plan want to applaud Mayor James  
17 Hahn for his commitment to limit growth to 78 million  
18 passengers, eliminating the ring road, a new west  
19 terminal and new cargo facilities. We believe all of  
20 these steps are in the right direction.

21 We support, again, and applaud Mayor Hahn in  
22 his efforts to make this airport more secure and safe,  
23 and we look forward to being his partner as we go  
24 forward.

25 And looking at the issues of security, we

1 think it's critical to understand increasing aviation  
2 demand at LAX is not going to make this airport more  
3 secure. It is only going to make this airport more  
4 inviting for terrorists.

5 In addressing issues of safety, it doesn't  
6 make sense when this airport already leads the nation in  
7 runway incursions to continue to allow airplanes to  
8 cross as taxiways. Instead, we need to bring into this  
9 system the end around taxiway system that will take  
10 planes out of the way and out of the sight of those  
11 crossing that airfield.

12 Let's address the specific concerns we have  
13 with what now is being discussed by Mayor Hahn. First  
14 and foremost, we need a commitment. The communities  
15 around L.A., cities of Southern California, the 78  
16 million passengers is a real figure, a figure that we  
17 will live with, a figure we will not go past and we will  
18 have 78 million as our absolute cap. Unfortunately, the  
19 new plan that is being discussed thus far is short on  
20 specifics. So, therefore, it's difficult for us to  
21 comment on the specifics of the fifth plan. However,  
22 the extension of the runway on the northern side is  
23 about expansion. It is not about making this airport  
24 more secure. Additional steps with respect to runways  
25 and gates and increasing capacity at those runways and

1 gates for larger planes is about expansion. It is not  
2 about making this airport more safe or more secure.

3 Rest assured, the 100 cities who are part of  
4 our coalition will continue to fight the expansion at  
5 every step of the way, and we will not fall for safety  
6 and security being the ruse to bring about airport  
7 expansion.

8 Now, we are in communities today that are  
9 under this flight path and have grave concerns. Over 80  
10 percent of the folks that are under the flight path of  
11 LAX come from minority communities. Many of these folks  
12 are coming from low income communities. The  
13 environmental justice issues continue to be as strong  
14 today as they have been for the last four and a half  
15 years. We can build a regional system, one that is  
16 fair, one that is safe and one that is secure for all of  
17 Southern California. We have 12 airports in this region  
18 that need to handle this demand. And we need to spread  
19 this demand in a way that is fair so that those people  
20 under this flight path, many, again, coming from  
21 minority and low-income communities are not negatively  
22 impacted.

23 We want to thank Mayor Hahn for his leadership  
24 on this issue. We want to say to the City of  
25 Los Angeles that we are ready and prepared to be your

1 partner as you go forward in this endeavor. But the  
2 most important piece of this we want you to understand  
3 is that the public -- we, the public expect and deserve  
4 the opportunity to review the details of this new plan  
5 once it is completed and to have the opportunity to  
6 comment in its entirety on the environmental impact  
7 review. We look forward to testifying on the new plan  
8 and we look forward to testifying when the new EIR is  
9 completed. (The statement submitted for the record  
10 was marked as Statement 3.)

11 MR. WALL: Thank you very much, Mayor Gordon. Our  
12 next speaker will be Los Angeles Airport Chief of  
13 Police, Bernard Wilson.

14 MR. WILSON: Thank you. I'm Bernard Wilson. I'm  
15 the Chief of Airport Police, Los Angeles International  
16 Airport. I've been in law enforcement for 26 years, 22  
17 of those years with LAX. I've also been a member of the  
18 aviation community since I was 16 years old and a  
19 licensed pilot since I was 17. I'm not here to endorse  
20 any particular option of the LAX Master Plan. I'm just  
21 here to talk about -- give an update of major security  
22 issues at LAX and talk about some concerns of the  
23 future.

24 I'm sure you're aware of the stepped-up  
25 security measures that have been implemented since

1 September 11th. I'll go through them very briefly.  
2 There is an increased scrutiny of carry-on baggage. The  
3 ban on curbside check in continues to apply to private  
4 vehicles, although, buses, shuttles, limos and taxis may  
5 unload passengers curbside. After a period of closure,  
6 we have reopened all but one of the parking structures  
7 inside the Central Terminal area while keeping the  
8 open-air parking lots and one other parking structure  
9 closed. Private vehicles may only enter LAX from  
10 Century and Sepulveda Boulevards. Commercial vehicles  
11 must use the 96th Street entrance where there is a  
12 security checkpoint. Random vehicle searches may be  
13 conducted. LAPD police canine patrols capable of  
14 detecting explosives are deployed at LAX with additional  
15 canine units for -- now under review by Airport Police.

16 California National Guard troops are  
17 monitoring baggage check in and have been requested to  
18 be used for patrol and other duties at LAX. There is an  
19 increase in the presence of LAPD officers beyond our  
20 normal complement in and around the airport. These  
21 steps and others have been taken to make LAX safe and  
22 secure for its passengers, employees and visitors. The  
23 leadership at Los Angeles World Airports is determined  
24 to do its part to make this airport the safest in  
25 America so passengers will again feel comfortable flying

1 again. But we fully expect new federal regulations  
2 relating to safety and security to be issued in the  
3 coming weeks and months, and much more needs to be done  
4 looking to the long term.

5 We expect in the coming months to be working  
6 even more closely with Federal agencies including U.S.  
7 Customs, Immigration and Naturalization, U.S. Marshal  
8 Service and the FBI regarding possible new security  
9 procedures.

10 Chief Parks has raised the issue of better  
11 technological surveillance of the perimeter of LAX. We  
12 are engaged in daily dialogue with LAPD about security  
13 measures at our airport.

14 Mayor Hahn has asked LAWA to review all the  
15 parking structures in Central Terminal in the long-term  
16 and new terminal built east of the current facility that  
17 would serve as the check point for all passengers and  
18 luggage. The Airport Police stands ready to work with  
19 all the agencies to make LAX the safest airport in  
20 America. Thank you for this opportunity.

21 (The statement submitted for the record  
22 was marked as Statement 4.)

23 MR. WALL: Thank you, Chief. Our next speaker will  
24 be Councilmember Dick Stanford from Azusa. While  
25 Councilmember Stanford comes up, I would like to remind

1 the speakers that Lisa and Kim are typing furiously over  
2 here. So you want to make sure that you speak slowly  
3 and clearly so they can get your testimony on the  
4 record. Thank you.

5 MR. STANFORD: Thank you. My name is Dick Stanford.  
6 I'm a member of the Azusa City Council. My address is  
7 1023 Lakeview Terrace, Azusa. Hearing Officers, thank  
8 you for the opportunity to testify tonight. I'm a  
9 member of the Southern California Association of  
10 Governments', Regional Council and Transportation  
11 Committee. But my testimony this evening is solely from  
12 my position as Azusa city councilmember.

13 Azusa is one of some 100 cities and other  
14 entities that respectfully request the City of  
15 Los Angeles to terminate plans for LAX expansion and  
16 concentrate instead on developing a truly regional  
17 airport system.

18 I hope I speak with some credibility. I  
19 helped build D/FW. I coordinated friends of Mueller  
20 Airport in Austin, Texas. I was on City of Ontario's  
21 Blue Ribbon Airport Committee, and I am a former Marine  
22 Corps fighter pilot.

23 In 1998 my friend Don Ameche, now deceased,  
24 starred in a movie called "Things Changed." In the  
25 movie his life was changed during the movie. Well,

1 since we have last met things have changed considerably.  
2 Mayor Hahn, whom I believe is no friend of LAX  
3 expansion, has replaced Mayor Riordan who champions LAX  
4 expansion. The events of September 11, by extension,  
5 ended our trust in major airport hubs. We're now well  
6 aware that grouping our air transportation assets makes  
7 it easier for terrorists to impact them than if our air  
8 transportation assets are spread over a regional system.

9 Quite simply, if you put your eggs all in one  
10 basket and drop that basket, you are really out of luck.  
11 The local example is overpowering. LAX is still trying  
12 to deal with security issues. Yet ONT almost overnight  
13 implemented its hard and soft security systems and is  
14 now working well. That is one of the results that  
15 almost all of Southern California air travelers would be  
16 enjoying today had regionalization been enacted sometime  
17 ago.

18 It was specifically because of the exclusion  
19 of the alternative of regionalization that the original  
20 Draft EIR/EIS for the LAX expansion was inadequate. All  
21 alternatives are to be considered and considered  
22 seriously in an EIR. Regionalization was not.

23 Now, as terribly disappointing that even  
24 though LAX expansion has been pronounced DOA, there are  
25 still projects that are part and parcel of expansion

1 that keep popping up. Hydra is alive and well right  
2 here in Los Angeles. You cut off the LAX-expansion head  
3 only to turn around and find another head that is  
4 Sepulveda widening, or another head that is changing  
5 rules to reinstate the Arbor Vitae intersection.

6 We respectfully ask Mayor Hahn to indicate to  
7 his many staffs that no LAX expansion means no LAX  
8 expansion. Remember, the Ontario Airport serves a  
9 population mass that would make that airport much more  
10 profitable for many more airlines that presently operate  
11 there. Many more passengers would spend considerably  
12 less time on the freeway and concurrently less time  
13 fouling the air if their ground travel was to ONT  
14 instead of LAX. But the beautiful terminal there tends  
15 to be a ghost town because the flights are not there  
16 because of preferable and convenient scheduling of LAX  
17 and because relative fare pricing deliberately forces  
18 passengers to use LAX. And that's the end of my  
19 testimony. I appreciate your time.

20 (The statement submitted for the record  
21 was marked as Statement 5.)

22 MR. WALL: Thank you, sir. Our next speaker will be  
23 Councilmember Dick Lau from Monterey Park. He'll be  
24 followed by Mayor Francisco Alonso from the City of  
25 Monterey Park.

1 MR. LAU: Thank you for the opportunity to speak in  
2 front of you. My major concern is, number one, the  
3 proposal on the Master Plan of a piece to be focused  
4 mainly on the areas within the four-mile radius from the  
5 LAX. So the -- and the environmental impacts on the  
6 San Gabriel Valley areas has not been addressed.

7 Number two, the transportation issue for the  
8 San Gabriel Valley cities also has not been, you know,  
9 covered. For instance, the plan appears to be  
10 addressing the, you know, Freeway 405. And I believe  
11 it's critical to also include freeways number 10 and  
12 number 60 in the study.

13 Number three, I think the noise levels caused  
14 by the airplanes, especially for cities like Monterey  
15 Park and Montebello, has not been adequately addressed.

16 Finally, I think in view of the 9/11  
17 incidence, it's critical to include these new security  
18 measures for the airport to ensure LAX is a safer and  
19 more secure airport for all of us. Thank you.

20 MR. WALL: Thank you, sir. Mayor Francisco Alonso.

21 MR. ALONSO: Good evening. I'm Francisco Alonso,  
22 the mayor of Monterey Park. We are all here in Monterey  
23 Park this evening at the Luminarias. The city of  
24 Monterey park has had the misfortune to be in the  
25 pathway of the approaching airplanes when weather

1 conditions exist and the citizens have been tormented  
2 for many, many years with unacceptable noise levels.  
3 The planes come in and approach at a 2,500-foot altitude  
4 from the sea level, but our city, of course, has an  
5 altitude of some of the hills being up to 700 feet high.  
6 So, obviously, they have a greater impact. The  
7 residents are horrified at the idea that the volume of  
8 flights over their city would be increased.

9           Consequently, we on the city council  
10 unanimously recommend that the burden of any increased  
11 air traffic be shared on a regional basis. I thank you  
12 for your attention.

13           MR. WALL: Thank you, Mayor. Our next speaker,  
14 Mr. Chris Jeffers from the City of Monterey Park.

15           MR. JEFFERS: As stated, my name is Chris Jeffers  
16 from the City of Monterey Park. First of all, we  
17 welcome you to our humble city. We hope you enjoy the  
18 time with us.

19           A couple of issues we would like to draw to  
20 the attention of the Board is traffic, as stated in the  
21 EIR, cargo traffic is expected to increase four fold  
22 from 1.9 million tons to 4.2 million tons. Again, we  
23 feel that due to a lack of regionalization study, this  
24 will have a greater impact on the San Gabriel Valley,  
25 particularly Monterey Park, as it borders both the 60

1 Freeway and the 10 Freeway as to traffic congestion.  
2 And the document itself, again, fails to analyze, as  
3 stated earlier, the impacts of that cargo impact on  
4 those freeways and what it will do to the San Gabriel  
5 Valley, in general.

6 In addition, as just stated by the mayor of  
7 the city, emphasizing the average height of the  
8 airplanes reaching over our highest points of our area  
9 in our city means that a 747 is flying about 1,600 feet  
10 above ground. It's not MSL. Again, they are at 2,500  
11 MSL minimum, but due to our topography, it means they  
12 are only 1,600 feet above. And the residents have no  
13 quality of life when it comes to nighttime or weekend  
14 activities as those airplanes are going through.

15 In addition, we have questions as to how the  
16 airport would actually cap passenger traffic at either  
17 the 95 million level or the 78 million that the mayor of  
18 Los Angeles is asking for. As already stated, the  
19 current and past EIR envisioned 40 million. Current  
20 numbers reflect that 67 million people are using LAX.  
21 Clearly there's no attempt to stop or cap or limit the  
22 activity and, thereby, not trying to be a regional  
23 partner in all this.

24 Again, the document fully does not consider  
25 the regionalization of other airports, Ontario,

1 Palmdale, El Toro, John Wayne, and so forth, that need  
2 to be put into this because those would dramatically  
3 affect the consideration and the numbers analyzed in  
4 this. And we would encourage the airport to go back and  
5 FAA to go back and scrap the document that is now before  
6 you, start anew, encourage and include the mayor of  
7 L.A.'s document and request you to start from the  
8 beginning as we go through this. Thank you.

9 MR. WALL: Thank you, sir. Are there any other  
10 elected officials whose names I have not called, whose  
11 cards I do not have? I'll need to ask you, sir, if  
12 you'll fill out a yellow card. You did? Let me call  
13 these names off, Mr. Lee Harrington, Mr. Robert Rodine  
14 and Mr. Mark Benner. And, sir, we will attempt to find  
15 those cards. I just don't have them here. Can I ask  
16 those three gentlemen to come forward, please, and we'll  
17 receive your testimony first. Mr. Lee Harrington.

18 MR. HARRINGTON: Good evening, and thank you. I'm  
19 here tonight on behalf of the Los Angeles County  
20 Economic Development Corporation. The LAEDC has had for  
21 some time an airport task force of business people with  
22 years of experience in the airport industry taking a  
23 look at the solutions for the region. I think I can  
24 agree with a lot of things said here tonight. I want to  
25 make sure we test some of them a little more carefully.

1           First we need the regional plan. There's no  
2 question about it. The air traffic that we expect for  
3 the future cannot be handled at one airport. It needs  
4 to be distributed around Southern California. We need  
5 the Ontarios. We need the El Toros. We need the other  
6 options available in a working part of a regional  
7 system. We need to meet the future growth demands of  
8 this region one way or the other. I think we've learned  
9 on the incident of 9/11 how important visitors and  
10 business visitors, in particular, are to this economy  
11 and the livelihood of the people here.

12           We also need long-term solutions, solutions  
13 that are well thought out that could serve us over the  
14 long term to meet the future growth needs. What we  
15 don't want to do right now is make near-term decisions  
16 in a crisis mode and not thoroughly think about what the  
17 right answers are here. When we did that on the energy  
18 crisis, we paid a dear price. We don't want to pay that  
19 in Southern California.

20           I think we have to recognize that under any  
21 scenario, LAX remains the front door to our community.  
22 It is in fact how the international visitor gets here,  
23 LAX is the busiest airport in the world in terms of  
24 arrivals and departures. It's a very important part of  
25 our economy. So we need to put the best minds together

1 to figure out how we make LAX work while we make the  
2 whole system work.

3 I would like to suggest that the new proposal  
4 by the Mayor deserves a good look, a good level of  
5 support, but good critical analysis. For example, the  
6 78 map limit can work if we have an El Toro Airport.  
7 Without an El Toro Airport we may be constrained.

8 Second, off-site check-in may be a benefit  
9 from the security standpoint. I think that needs to be  
10 looked at closely, but it also does speak to ease or  
11 lack of ease of access to LAX. If airports like  
12 San Francisco continue to allow curbside drop off in  
13 that convenience and also can address the security  
14 issues, then we may be displaced relative to an off-site  
15 alternative for check-in at LAX. We need to look at  
16 that carefully. I think it deserves a close look. The  
17 Airport Taskforce and the LAEDC is ready to take a look  
18 at that and offer the best recommendations we can come  
19 up with. Thank you.

20 MR. WALL: Thank you, sir. Our next speaker will be  
21 Mr. Robert Rodine.

22 MR. RODINE: Thank you. I'm Robert Rodine. I live  
23 at 14649 Tustin Street in Sherman Oaks. I'm speaking  
24 before you tonight as the chairman of the Aviation  
25 Committee of Valley Industry and Commerce Association, a

1 business advocacy organization representing  
2 approximately 325 major and regional companies.

3 In 1999 following numerous analyses, expert  
4 presentations and extensive discussion, VICA adopted a  
5 position supporting a Master Plan for LAX ensuring the  
6 capacity for 92 million annual passengers. With all due  
7 respect, for those who hold visions for the need of less  
8 capacity, we must impose upon you to recognize two  
9 immutable facts.

10 We are a resilient and resourceful society,  
11 and with our economy intact, we have rebounded from far  
12 worse disasters than the Al-Qaeda threat. And the  
13 demographic factors fueling the need for improved  
14 facilities at LAX are ever present and will relentlessly  
15 challenge the capacity of that facility into the future.

16 The only thing that has changed is the need  
17 for significantly heightened focus on safety and  
18 security. Local self-interest driving airport  
19 constraint is choking air commerce and the freedom of  
20 all citizens to travel expeditiously in our once proud  
21 air commerce system. The region suffers not less than  
22 three major regional commercial airports so constrained  
23 and another has yet to be established due to the same  
24 forces. If we fail to modernize LAX, to serve the  
25 ever-growing demand and to compensate for the refusal of

1 regional airports to serve the full demand of their  
2 constituents, then we will all be the losers. And that  
3 loss will be the equivalent of the planned capacity of  
4 LAX today and all the benefits accruing from that  
5 capacity.

6 VICA strongly urges you to accept only a plan  
7 that will fully serve this region's needs and to reject  
8 any plan based on non-existent, unrealistic and phantom  
9 alternatives. Thank you.

10 (The statement submitted for the  
11 record was marked as Statement 6.)

12 MR. WALL: Thank you, sir. The next speaker is  
13 Mr. Mark Benner.

14 MR. BENNER: Good evening. My name is Mark Benner.  
15 I'm an FAA air traffic controller at L.A. Tower. I'm  
16 here on the behalf of the National Traffic Controllers  
17 Association.

18 The controllers at the Los Angeles Tower are  
19 not here to support any plan thus far put forth. We are  
20 here to discuss the safety and delay problems that have  
21 existed for a long time, and it will not go away until  
22 something is done. We clearly understand the context  
23 that surround these remarks, that air traffic has been  
24 dramatically curtailed since September 11th. And we  
25 endorse Mayor Hahn's focus on safety and security at the

1 airport. But the public and elected and appointed  
2 officials have to understand that as air traffic into  
3 and out of Los Angeles returns to normal, as it  
4 undoubtedly will, the problems that existed prior to  
5 September 11th will remain the same.

6 LAX was built to handle aircraft that no  
7 longer utilize the airport. These aircraft were  
8 smaller, slower and there were far fewer of them. The  
9 aircraft today do not fit on the airport. Several types  
10 do not fit on the runways while some are so long that  
11 the tails stick out on the taxiways.

12 Several aircraft that have actually --  
13 correction. Several aircraft could have actually been  
14 hit on the taxiways because of insufficient taxiway  
15 widths. The next generation of aircraft will not be  
16 able to taxi on this airport. This day is coming soon.  
17 Last year 26 aircraft crossed the runways when they were  
18 not supposed to. Only eight were termed "runway  
19 incursions." The fact is that every time an aircraft  
20 crosses when they should not, it is a potential  
21 accident. Luck will determine how many of these  
22 incidents will become runway incursions and inevitably  
23 accidents. Last year we were lucky. So far this year  
24 the incursion rate is much higher. How much longer can  
25 we be at or near the top of runway incursion --

1 incursions and continue to be lucky.

2 There are many problems with the airport  
3 configuration that lead to our safety problems. The  
4 runways and taxiways are too close together. We have  
5 far too few gates to accommodate the traffic. LAX has  
6 added ways that force one aircraft to block several as  
7 they push off the gates and cause traffic jams in the  
8 taxiways and runway-exiting problems. These problems  
9 are too numerous to discuss them all at this time.

10 The controllers at L.A. Tower look forward to  
11 meeting with the FAA, the Airport Commission and Mayor  
12 Hahn to discuss these and other safety issues. Threats  
13 from terrorists are on everyone's mind including  
14 controllers. While I cannot go into details publically,  
15 we have recommendations to make that will reassure the  
16 security of the air traffic security system and the  
17 flying public. We look forward to beginning the  
18 discussion immediately, safety first. Thank you.

19 MR. WALL: Thank you, sir. Our next speaker will be  
20 Councilmember Benjamin Venti from the City of Monterey  
21 Park.

22 MR. VENTI: Good evening. Thank you for being here  
23 in Monterey Park, the great city in Southern California,  
24 but I have to tell you something. "But it's not in my  
25 backyard" is what we're hearing a lot about. We know

1 that safety is very important for all the people who are  
2 going to take those flights and those airplanes that are  
3 coming in and out. What I'm here about tonight is not  
4 just safety at the airport and the traffic on how to get  
5 there and get back. It's the traffic over our heads  
6 that we hear daily from aircraft coming in, the big 747s  
7 lumbering over us, the noise it causes, the vibration it  
8 causes in our community in Monterey Park. It's totally  
9 unacceptable. We're saying, "Not in our backyard," but  
10 we know that we're not going to be able to stop the  
11 airlines from having flight patterns. I'm also a  
12 helicopter pilot. I understand the flight patterns. I  
13 think they can be changed. I would much rather drive  
14 out to Palmdale and catch an airplane than I would to go  
15 into LAX if, in fact, that's going to solve our air  
16 traffic over Monterey Park and our area.

17 The safety issues that we're all talking about  
18 tonight are very important to us, not just on the ground  
19 but in the sky. I know. I live on top of one of the  
20 hills the city manager and the mayor alluded to being  
21 about 700 feet up. I know that I personally have looked  
22 out my window and seen a 747. I could almost wave at  
23 that pilot. I'm not exaggerating. I've seen that. I'm  
24 saying to you tonight, in this EIR you do, take into  
25 consideration our problems, that is, the flights that

1 come over low at 2,500. Sometimes I've seen them. I  
2 know they haven't been any higher than that over this  
3 community, the noise it makes to our community, the  
4 distortion it has on our community and traffic above us.

5 I would ask that you take that into  
6 consideration as you go forward with this EIR. Again,  
7 thank you very much and thank you for visiting our city.  
8 Goodnight.

9 MR. WALL: Thank you, sir. Our next speaker will be  
10 Aaron Gross representing L.A. City Councilmember Ruth  
11 Galanter's office.

12 MR. GROSS: My name is Aaron Gross. And I'm sorry  
13 Councilmember Galanter couldn't be here, but she asked  
14 me to make a statement on her behalf.

15 Thank you very much everyone for being here  
16 tonight. In light of the events of September 11th the  
17 entire Master Plan is most likely obsolete. The  
18 assaults on the World Trade Center and the Pentagon have  
19 demonstrated that airports must operate differently or  
20 they may not be able to operate at all.

21 Even before September 11th trends within the  
22 airline industry were unclear. While the Los Angeles  
23 World Airports' proposed Master Plan includes in all of  
24 its alternatives runways to accommodate planes carrying  
25 600 passengers or more, airlines have, in fact, been

1 flying and buying more 757s and 767s. Certainly since  
2 September 11th, demand has fallen off the charts and the  
3 demand forecasts that the entire Master Plan is based on  
4 are no longer useful. In fact, the EIS/EIR is so flawed  
5 in its conception and current relevance that the  
6 environmental assessment is inherently flawed as well.

7 I'm concerned that we're now being asked to  
8 comment on a Fifth Alternative that is conceptual, at  
9 best, with no opportunities to inspect any analysis on  
10 its impacts on the surrounding communities, businesses  
11 and residents. I'm concerned that as long as the EIR  
12 process is on the table, the door is still open for  
13 incremental expansion later in this decade. I am also  
14 concerned that nowhere on the existing plan document nor  
15 in the proposed fifth alternative is there an  
16 overarching plan to address projected aviation demand in  
17 the Southern California region using LAWA's other  
18 airports, Palmdale and Ontario.

19 I urge you to reject this planning process and  
20 begin anew with a true regional plan assessed with a new  
21 environmental document that adequately addresses impacts  
22 on a regional basis. Thank you very much.

23 MR. WALL: Thank you, sir. Our next speaker will be
