LAX ON THE MOVE

The Airlines relocation (Delta Move) from Terminal 5 to Terminals 2 & 3 is unparalleled in airline history. Not only will Delta Airlines be affected, but the move will impact approximately 29 smaller air carriers and over 100 ground support services. All companies who will be impacted need to be proactive and contact the Security Credential Section (Badge Office), .

If you are an active participant in LAX on the MOVE and your organization has not been in direct communication with the Security Credential Section, please contact your Badge Coordinator immediately. The Badge Office is actively preparing for this unprecedented series of moves and we want to ensure that all participants have their badging and access needs met.

Please keep the following information in mind:

- The move is planned for **May 12th to May 17th.**
- Identify what access will be necessary for the move.
- The Security Credential Section needs to have an updated Enrollment packet for any new terminal access necessary. **Get paper work in promptly.**
- Special access may not be granted in certain circumstances. Ultimately, it is at the discretion of the Vulnerability Assessment and Analysis Unit (VAAU) of the Airport Police.
- Be aware that the project management is conducted by Chrysalis Aviation Solutions.

We can't stress enough the urgency in companies and authorized signers in communicating with each other.

Thank you for your cooperation!
